Candidates for any precinct, county or district office and the office of Congress in counties which have a population of one million (1,000,000) or more, according to the last preceding Federal Census, except candidates for the State Legislature and State Board of Education, shall not be assessed a sum in excess of ten percent (10%) of the aggregate annual salary provided for any office of two-year terms, and fifteen percent (15%) of the aggregate annual salary provided for any office of four-year terms, to have their names placed on the ballot in any primary election. Candidates for the State Board of Education shall not be assessed a sum in excess of the amount stated in Section 186 of this Code.¹

Notwithstanding other provisions of law, the county executive committee in any county which has a population of one million (1,000,000) or more, according to the last preceding Federal Census, may require candidates for State Representative to pay an amount not exceeding Five Hundred Dollars (\$500) to have their names placed upon the ballot in a primary election. A candidate for nomination for State Senator shall pay the full amount of One Thousand Dollars (\$1,000) as filing fee for office of State Senator to have his name placed upon the ballot in a primary election at the time he files his application for a place on the ballot. The payment must accompany the application and must be in the form of cash, money order, cashier's check or certified check. The application and payment must be delivered to the proper party chairman or secretary by the deadline for making application for a place on the ballot, and it shall not be sufficient for the application and payment to have been mailed before the deadline unless they are actually delivered by the deadline. After the county executive committee makes the assessments as provided in Section 186 of this Code, it shall refund to each candidate within thirty (30) days thereafter the amount of the payment in excess of the assessment against the candidate.

Notwithstanding other provisions of law, the county executive committee in any county which has a population of nine hundred thousand (900,000) to one million (1,000,000), according to the last preceding Federal Census, shall require candidates for State Senator or State Representative to pay the amount of Three Hundred Dollars (\$300) to have their names placed upon the ballot in a primary election.

Notwithstanding other provisions of law, the county executive committee in any county which has a population of six hundred fifty thousand (650,000) to nine hundred thousand (900,000), according to the last preceding Federal Census, shall require candidates for State Senator to pay the amount of One Thousand Dollars (\$1,000) and candidates for State Representative to pay the amount of Six Hundred Dollars (\$600) respectively to have their names placed upon the ballot in a primary election; however, if part of such a county is joined to two (2) or more other counties to comprise a senatorial district, the county executive committee shall require candidates for State Senator of that senatorial district to

pay the amount of Two Hundred Fifty Dollars (\$250) to have their names placed upon the ballot in a primary election; and such payment must accompany the application and must be in the form of cash, money order, cashier's check, or certified check and which shall in no event be refunded in whole or in part except in case of the death of the applicant before the primary election. Any person making a refund or participating in making a refund in violation of the provisions of this paragraph is guilty of a misdemeanor and upon conviction is punishable by imprisonment in the county jail for not more than ninety (90) days or by a fine of not more than Five Hundred Dollars (\$500) or by both.

In any State Representative District consisting of eight (8) and not more than nine (9) counties, the chairmen of the county executive committees shall require candidates for State Representative to pay an amount of Twenty-five Dollars (\$25) for each of the counties in said Representative District, to have their names placed upon the ballot in a primary election.

Art. 13.12 Application for place on ballot; filing; deadline; extension; withdrawal; notice

The application to have the name of any person affiliating with any party placed on the official ballot for a general primary as a candidate for the nomination of such party for any office for which a nomination may be made at such primary shall be governed by the following.

* * * * *

2. The application shall be filed with the state chairman in the case of statewide offices, with the county chairman of each county which is included wholly or partially within the district in the case of district offices, and with the county chairman of the particular county in the case of county and precinct offices; provided, however, that applications of candidates for justice of the court of civil appeals shall be filed with the state chairman. Except as provided in Paragraph 2a of this section, the application shall be filed not later than 6 p. m. on the first Monday in February preceding such primary.

Subsec. 2 amended by Acts 1967, 60th Leg., p. 1912, ch. 723, § 45, eff. Aug. 28, 1967; Acts 1969, 61st Leg., p. 2662, ch. 878, § 30, eff. Sept. 1, 1969.

2a. The filing deadline stated in Paragraph 2 of this section shall be extended for the particular party primary and office involved, as provided in this paragraph: (i) if between the fifth day preceding the first Monday in February and the 30th day preceding the general primary, both dates included, any candidate for an office dies, if the candidate had complied with all prerequisites for having his name placed on the ballot which he was required to perform by the date of his death; (ii) if between the first Monday in February and the 30th day preceding the general primary, both dates included, any candidate who is seeking nomination to an office which he then holds withdraws or is declared ineligible for election to that office; or (iii) if between the first Monday in February and the 30th day preceding the general primary, both dates included, the only candidate who has filed for a particular office in the primary of that party withdraws or is declared ineligible. In the enumerated circumstances, the name of the deceased, withdrawn, or ineligible candidate shall not be printed on the ballot, and applications for that party's nomination for that office may be filed not later than 6 p. m. on the 15th day following the death, withdrawal, or declaration of ineligibility of the candidate; provided, however, that where the death, withdrawal, or declaration of ineligibility occurs less than 15 days before the 25th day preceding the primary, the deadline for filing shall be 6

p. m. on the 25th day preceding the primary. Notwithstanding the provisions of Paragraph 2b of this section, an application which is not received by the chairman until after 6 p. m. on the 25th day shall not be timely, and applications mailed but not actually received by that time shall not be accepted for filing. Further, notwithstanding the provisions of Section 186¹ or any other provision of this code, the full amount of the assessment or filing fee must be received by the chairman not later than 6 p. m. on the 25th day.

2b. Except as otherwise provided in Paragraph 2a, an application filed under either Paragraph 2 or Paragraph 2a of this section shall be considered filed if sent to the proper chairman at his post-office address by registered or certified mail from any point in this state not later than the day before the filing deadline, as shown by the postmark. Any application not received by the chairman before the deadline does not comply with this law unless it has been mailed by registered or certified mail as herein provided, and it shall not be sufficient to send the application by any other type of mail unless it is delivered before the deadline.

2c. A candidate may withdraw by filing with the chairman or chairmen with whom his application was filed, a signed request, duly acknowledged by him, that his name not be printed on the primary ballot. Whenever a filing period is extended by the death, withdrawal, or ineligibility of a candidate, each county chairman with whom the candidate's application was filed shall give notice of the opening of the filing and of the deadline to file by mailing or delivering a news release within 48 hours after his first knowledge of the death, withdrawal, or ineligibility, to each newspaper, as defined in Article 28a, Vernon's Texas Civil Statutes, as amended, which is published in the county. Where the application was filed with the state chairman, he shall give notice in like manner by mailing or delivering the release to at least three daily newspapers which maintain news representatives in the State Capitol. The failure of a county chairman or state chairman to comply with this requirement shall be ground for his removal from office by the committee of which he is chairman.

2d. A candidate shall not be permitted to withdraw during the period of 20 days preceding the general primary. If after the 30th day preceding the general primary a candidate dies or an incumbent or an unopposed candidate withdraws or is declared ineligible, the procedure detailed in Section 104 of this code¹ shall be followed. Except as provided in that section, the name of a deceased, withdrawn, or ineligible candidate shall not be printed on the ballot.

candidate. Payment of the fee herein required must be made at the time the candidate files his application for a place on the ballot, and the name of no person who is required to pay a filing fee in any place or to the chairman of the state executive committee shall be placed on the ballot unless he has paid the fee in accordance with these provisions.

Art. 13.16 Payments by candidates for state senator or representative

Subdivision 1. Except as otherwise provided in this code, no candidate for nomination for state senator shall be required to pay to the county executive committee to have his name placed on the primary ballot more than the following amounts:

1. One dollar per county for counties having a population of less than 5,000.

2. Five dollars per county for counties having a population of 5,000 and not more than 10,000.

3. Ten dollars per county for counties having a population of more than 10,000 and less than 40,000.

4. Fifty dollars per county for counties having a population of 40,000 and not more than 125,000.

5. Seventy-five dollars per county for counties having a population of more than 125,000 and not more than 200,000.

6. One hundred dollars per county for counties having a population of more than 200,000.

7. One hundred dollars per county for all senatorial districts composed of no more and no less than two counties, regardless of the population of such counties.

The population in each case is to be determined by the last preceding federal census.

Subdivision 2. Except as otherwise provided in this code, each candidate for nomination for state representative shall pay a filing fee of \$150. In districts containing all or part of more than one county, the filing fee shall be prorated among the counties comprising the district on the basis of the percentage of the population of the district residing in each county, as determined by the last preceding federal census. The chairman of the state executive committee of each political party which is holding a primary election shall compute the prorations and shall forward to the chairman of each county executive committee of that party the pertinent information for his county not later than the first day of December preceding the election year.

Subdivision 3. Where some other section of this code provides for an assessment or filing fee at variance with this section, the special provision of the other section shall control.

Art. 13.18 County executive committees

Subdivision 1. There shall be for each political party required by law to hold primary elections for nomination of its candidates, a county executive committee in each county, to be composed of a county chairman and one member from each election precinct in such county. Each committeeman shall be chairman of his election precinct. The county chairman and the committeeman shall be elected by majority vote at the primary elections every two years, the county chairman by the qualified voters of the whole county, and the precinct chairman by the qualified voters of their respective election precincts. If in any race no candidate receives a majority of the votes at the general primary, a runoff election for the office shall be held at the second primary election. The county chairman and the precinct chairmen shall assume the duties of

their respective offices on Saturday following the runoff primary immediately after the committee has declared the results of the runoff primary election. The list of precinct chairmen and the county chairman so elected shall be certified by the chairman of the county committee to the county clerk, along with the nominees of the party.

Subdivision 2. No person shall be permitted to hold a proxy or vote a proxy at meetings of the county executive committee. Any vacancy in the office of county chairman or precinct chairman shall be filled by the committee. A majority of the total membership of the committee must participate in filling a vacancy, and the person selected must receive a majority vote of those members participating in the selection. Each precinct chairman shall be a resident of the precinct which he represents, and the office shall become vacant if he changes his residence to a place outside the precinct. Where the boundaries of election precincts are changed by the commissioners court, existing precincts altered, new precincts formed, or former precincts abolished, if only one previously elected or appointed precinct chairman resides within a precinct as so changed, he shall continue in office as chairman of that precinct until his successor is elected and assumes office. If more than one precinct chairman resides within a precinct as so changed, or if none resides therein, the office shall become vacant and the vacancy shall be filled as other vacancies. Changes in precinct boundaries made by the commissioners court shall not become effective to alter or affect the membership of the county executive committee until the first day of February following the entry of the order making the change.

Subdivision 3. Whenever a vacancy occurs in the office of county chairman, the secretary of the county executive committee may call a meeting of the committee for the purpose of filling the vacancy at any time after the vacancy occurs, and upon the written request of any member of the committee, the secretary shall call the meeting for a date not more than 20 days after he receives the request, giving notice to each member of the time and place where the meeting will be held and the purpose of the meeting. If the county committee does not have a secretary, or if the secretary fails to call a meeting as herein provided upon being requested to do so, the chairman of the state executive committee shall call the meeting in like manner upon written request of any member of the county committee. The officer who calls the meeting shall designate one member to act as temporary chairman, who shall call the meeting to order and preside until the committee elects its own chairman.

Subdivision 4. The county executive committee may name a secretary, who may be either a member of the committee or such other person as the committee may select, and the secretary is hereby authorized to receive applications for a place on the primary ballot and when so received the application shall be officially filed. The combined compensation allowed the secretary and the chairman for their services shall in no case exceed five percent of the amount actually spent for necessary expenses in holding the primary election for that year, exclusive of the compensation allowed to the chairman and secretary.

Subdivision 5. The funds received by the county executive committee from fees and assessments paid by candidates shall constitute the primary fund, and any surplus remaining in the fund after payment of the necessary expenses for holding the primary elections for that year shall be distributed pro-rata to the candidates not later than the first day of November of the year in which the primaries were held. The county chairman shall make or have made a detailed financial report or audit of all moneys received, expended, and on hand, and such audit or financial statement shall be sworn to by the county chairman as to its

For Annotations and Historical Notes, see V.A.T.S.

accuracy and shall be filed with the county clerk not later than the first day of November of that year. Such audit or financial statement shall be open to public inspection.

Amended by Acts 1969, 61st Leg., p. 2662, ch. 878, § 33, eff. Sept. 1, 1969.

Art. 13.34 Precinct, county, and senatorial district conventions

(a) On the first Saturday after the general primary election day in each election year, there shall be held in each county a county convention of each party holding primary elections; provided, however, that except as provided in the last sentence of this subsection, whenever the territory of a county forms all or part of more than one state senatorial district, in lieu of the county convention in such county there shall be held on the day stated above a convention (hereinafter called senatorial district convention) in each part of the county constituting all or part of each of such senatorial districts. Each county convention or senatorial district convention shall be composed of one delegate from each election precinct in such county or senatorial district or part thereof for each twenty-five votes, or major fraction thereof, cast for the party's candidate for Governor in such precinct at the last preceding general election, which delegate or delegates shall be elected by the qualified members of the party in each precinct at precinct conventions to be held on the general primary election day. In case at the preceding general election there were cast for such candidate for Governor less than twenty-five votes in any precinct, then all such precincts shall elect one delegate. Where the boundaries of an election precinct have been changed or a new precinct formed since the last general election, the county executive committee shall allocate to each such precinct the number of delegates to be elected in that precinct, and may use any fair and reasonable method for making the allocation. However, notwithstanding the provisions of this subsection, in any county which forms all or part of two senatorial districts, the less populous of which has a population of less than 50,000 persons, according to the last preceding federal census, there shall be held one county convention in lieu of the two senatorial district conventions which would otherwise be required by this subsection.

Subsec. (a) amended by Acts 1969, p. 2404, ch. 809, § 1, eff. Sept. 1, 1969.

* * * * *

(c) The qualified members of the party in each election precinct of the county shall assemble on the date named and shall be called to order by the precinct chairman, or in his absence by any qualified member of the party residing within the precinct. Before transacting any business, the precinct chairman shall cause to be made a list of all qualified members of the party present. The name of no person shall be entered upon the list nor shall he be permitted to vote, be present at, or participate in the business of the convention until it is made to appear that he is a qualified voter in the precinct, from a certified list of the qualified voters, the same as is required in conducting a general election, and that he has qualified as a member of the party as provided in Section 179a of this code.¹ The precinct convention shall elect from among those present and qualified a permanent chairman and such other officers as may be necessary to conduct its business. The chairman of the convention shall possess all the power and authority that is given to election judges by the provisions of this code. After the convention is organized it shall elect its delegates to the county convention or senatorial district convention, as the case may be, and transact such other business as may properly come before it. The only qualifications for serving as a delegate to a county or senatorial district convention, or to a state convention, are that the person shall be a qualified voter

residing within the territory which he is selected to represent and shall be affiliated with the party as prescribed in Section 179a of this code. Such of the delegates selected at the precinct convention as may attend the county or senatorial district convention shall cast the number of votes equal to the full delegate strength of the precinct. The officers of the precinct convention shall keep a written record of its proceedings, including the list of persons present and a list of delegates elected to the county or senatorial district convention, with the residence address of each delegate shown thereon, which shall constitute the returns from the convention. The record, and a copy thereof, shall be signed officially, sealed up and safely transmitted in person or by registered mail by the permanent chairman of the precinct convention within three days after the precinct convention to the county clerk of the county, who shall affix his file mark thereto and who shall promptly deliver the original copy of such return to the chairman of the county executive committee, and the return filed with the county clerk shall be open to public inspection during the regular office hours.

Art. 13.45 Nominations by parties under two hundred thousand votes

* * * * *

Subdivision 2. Parties receiving less than two percent of vote for governor. Any political party whose nominee for governor received less than two percent of the total votes cast for governor in the last preceding general election, or any new party, or any previously existing party which did not have a nominee for governor in the last preceding general election, may also nominate candidates by conventions as provided in Sections 224 and 225,¹ but in order to have the names of its nominees printed on the general election ballot there must be filed with the secretary of state, within 20 days after the date for holding the party's state convention, the list of participants in precinct conventions held by the party in accordance with Sections 222a and 224 of this code,² signed and certified by the temporary chairman of each respective precinct convention, listing the names, addresses (including street address or post-office address), and registration certificate numbers of qualified voters attending such precinct conventions in an aggregate number of at least one percent of the total votes cast for governor at the last preceding general election; or if the number of qualified voters attending the precinct conventions is less than that number, there must be filed along with the precinct lists a petition requesting that the names of the party's nominees be printed on the general election ballot, signed by a sufficient number of additional qualified voters to make a combined total of at least one percent of the total votes cast for governor at the last general election. The address and registration certificate number of each signer shall be shown on the petition. No person who, during that voting year, has voted at any primary election or participated in any convention of any other party shall be eligible to sign the petition. To each person who signs the petition there shall be administered the following oath, which shall be reduced to writing and attached to the petition: "I know the contents of the foregoing petition, requesting that the names of the nominees of the _____ Party be printed on the ballot for the next general election. I am a qualified voter at the next general election under the constitution and laws in force, and during the current voting year I have not voted in any primary election or participated in any convention held by any other political party." The petition may be in multiple parts. One certificate of the officer administering the oath may be so made as

to apply to all to whom it was administered. The petition may not be circulated for signatures until after the date set by Section 181 of this code for the general primary election. Any signatures obtained on or before that date are void. Any person who signs a petition after having voted in a primary election or participated in a convention of any other party during the same voting year is guilty of a misdemeanor and upon conviction shall be fined not less than \$100 nor more than \$500.

The chairman of the state executive committee shall be responsible for forwarding the precinct lists and petition to the secretary of state.

At the time the secretary of state makes his certifications to the county clerks as provided in Section 3 of this code,³ he shall also certify to the county clerks the names of parties subject to this subdivision which have complied with its requirements, and the county clerks shall not place on the ballot the names of any nominees of such a party which have been certified directly to them unless the secretary of state certifies that the party has complied with these requirements."

(b) The record of adjudication, judgment or order of voluntary commitment is conclusive evidence of such insanity or mental illness, and upon receipt of a certified copy of any such adjudication, judgment, voluntary commitment, or order by the board, the board shall immediately suspend the license of the person adjudicated or committed.

(c) The board shall not restore such licensee to good standing until it is satisfied that, with due regard for the public interest, said person's right to practice may be safely reinstated, provided, that in the case of a voluntary commitment to a state hospital or other mental hospital, receipt of a certificate of discharge from such hospital and the certificate of the superintendent of the hospital that the licensee is restored to mental competency, shall constitute competent evidence of restoration to sanity. (b) The board may deny the application notwithstanding the applicant's compliance with this section:

Expiration and renewal of license and registration card

Sec. 46. (a) Licenses issued under this Act and the pocket cards issued pursuant thereto, shall expire at 12 p. m. on December 31, 1970, and thereafter at 12 p. m. on December 31 of each succeeding year if not, in each instance, renewed. To renew an unexpired license, the licensee shall, on or before the date on which it would otherwise expire, apply for renewal on a form prescribed by the board, and pay the renewal fee prescribed by this Act. On renewal, a renewal license and renewal pocket cards for persons mentioned in Section 16, shall be issued to the licensee.

(b) Renewal of a license shall not prohibit the bringing of disciplinary proceedings for an act committed before the effective date of the renewal.

Activity during suspension of license

Sec. 47. A suspended license is subject to expiration and shall be renewed as provided in this Act, but such renewal does not entitle the licensee, while the license remains suspended and until it is reinstated, to engage in the licensed activity, or in any other activity or conduct in violation of the order or judgment by which the license was suspended.

Reinstatement of a revoked license

Sec. 48. A revoked license is subject to expiration as provided in this Act, but it may not be renewed. If it is reinstated after its expiration, the licensee, as a condition precedent to its reinstatement, shall pay a reinstatement fee in an amount equal to the renewal fee in effect on the last regular renewal date before the date on which it is reinstated, plus the delinquency fee, if any, accrued at the time of its revocation.

Expiration of licenses and new licenses

Sec. 49. (a) A license which is not renewed within three years after its expiration may not be renewed, restored, reinstated, or reissued thereafter.

(b) The holder of the license may obtain a new license only on compliance with all of the provisions of this Act relating to the issuance of an original license.

Sec. 50. Any person aggrieved by any action of the Board in denying an application for a license, or in revoking a license, or in suspending a license, or in taking any disciplinary action with respect to a license under this Act, shall have the right to appeal such action or such decision to the District Court of the county of his residence, and the filing of such appeal in the District Court shall stay the effect of such action or decision until decided by the court. In all appeals prosecuted in any of the courts of this state pursuant to the provi-

sions of this Act, such trials shall be de novo as that term is used and understood in appeals from Justice of the Peace Courts to County Courts. When such an appeal is filed and the court thereby acquires jurisdiction, all administrative or executive action taken prior thereto shall be null and void and of no force and effect, and the rights of the parties thereto shall be determined by the court upon a trial of the matters in controversy under rules governing the trial of other civil suits in the same manner and to the same extent as though the matter had been committed to the courts in the first instance and there had been no intervening administrative or executive action or decision. Under no circumstances shall the substantial evidence rule as interpreted and applied by the courts of Texas in other cases ever be used or applied to appeals prosecuted under the provisions of this Act. The Legislature hereby specifically declares that the provisions of this section shall not be severable from the balance of this Act, and further specifically declares that this Act would not have been passed without the inclusion of this section. If this section, or any part thereof, is for any reason ever held by any court to be invalid, unconstitutional or inoperative in any way, such holding shall apply to this entire Act, and in such event this entire Act shall be null, void and of no force and effect.

Severability clause

Sec. 51. If any provision of this Act or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions or applications of the Act which can be given effect without the invalid provision or application, and to this end the provisions of this Act are declared to be severable.

Policy

Section 1. The policy of the State of Texas is to encourage and enable persons who are blind or otherwise physically handicapped to achieve maximum personal independence, to become gainfully employed, and to otherwise fully enjoy and use all public facilities available within the state.

Definitions

Sec. 2. (a) In this Act, unless the context requires a different definition,

(1) "White cane" means a cane or walking stick which is metallic or white in color or white tipped with some contrasting color, and which is carried by a blind person in a raised or extended position to assist the blind person in traveling from place to place;

(2) "Dog guide" means a dog which:

(A) is fitted with a special harness so as to be suitable as an aid to the mobility of a blind person,

(B) is used by a blind person who has satisfactorily completed a specific course of training in the use of a dog as an aid to personal travel, and

(C) has been trained by an organization generally recognized by agencies involved in the rehabilitation of the blind as reputable and competent to provide dogs with training of this type;

(3) "Public facilities" include streets, highways, sidewalks, walkways, all common carriers, airplanes, motor vehicles, railroad trains, motor buses, street cars, boats or any other public conveyances or modes of transportation, hotels, motels or other places of lodging, public buildings maintained by any unit or subdivision of government, buildings to which the general public is invited, college dormitories and other educational facilities, restaurants or other places where food is offered for sale to the public, and all other places of public accommodation, amusement, convenience or resort to which the general public or any classification of persons from the general public is regularly, normally or customarily invited.

(b) Terms or phrases not specifically defined in this section shall be given the meaning usually given to such terms or phrases as a matter of common knowledge.

For Annotations and Historical Notes, see V.A.T.S.

Discrimination prohibited

Sec. 3. (a) Subject only to such limitations and conditions as might be established by law and applicable alike to all persons, persons who are blind or otherwise physically handicapped shall have the same right as the able-bodied to the full use and enjoyment of any public facility in the state.

(b) No common carrier, airplane, railroad train, motor bus, street car, boat or other public conveyance or mode of transportation operating within the State of Texas may refuse to accept as a passenger any person who is blind or otherwise physically handicapped solely because of such person's handicap, nor shall any handicapped person be required to pay an additional fare because of his use of a dog guide, wheelchair, crutches or other types of devices used to assist the handicapped person in travel.

(c) No person who is blind or otherwise physically handicapped, regardless of whether or not using a white cane, dog guide, wheelchair, crutches or other devices of assistance in mobility, may be denied admittance to any public facility in the State of Texas because of the handicapped person's use of a white cane, dog guide, wheelchair, crutches or other devices of assistance in mobility, or because such person may be handicapped.

(d) The discrimination prohibited by this section includes discrimination through an open and obvious refusal to allow a handicapped person to use or be admitted to any public facility, as well as discrimination based upon a ruse or subterfuge calculated to prevent or discourage a handicapped person from using or being admitted to a public facility. Regulations relating to the use of public facilities by any designated class of persons from the general public shall in no manner be drafted to prohibit the use of particular public facilities by handicapped persons who, except for their handicaps and use of dog guides or other devices for assistance in travel, would fall within the designated class. Lists containing the names of persons who desire to use particular public facilities shall not be composed or manipulated so as to deny a handicapped person a fair and equal opportunity to use or be admitted to any public facility.

(e) No provision of this Act shall be construed as in any manner limiting the prerogative of the owner or manager of any public facility to refuse to admit, to refuse to serve or to evict from a public facility any person who is so unkempt as to be clearly offensive to others using the public facility, or who is obviously intoxicated, or who conducts himself in a belligerent, boisterous, profane or other offensive manner which unreasonably interferes with the right of other persons to use and enjoy the public facility.

Responsibilities of persons who are blind or otherwise physically handicapped

Sec. 4. (a) A person who is blind and who uses a dog guide to assist him in travel shall be liable for any damages done to the premises of facilities by such dog.

(b) A person who is blind and who uses a dog guide to assist him in travel shall keep such dog guide properly harnessed, and any person who might be injured by such dog guide because of a blind person's failure to properly harness the dog guide shall be entitled to maintain a cause of action for damages in any court of competent jurisdiction within this state, subject to the same rules, principles and doctrines as are applicable under the common law of this state to other causes brought for the redress of injuries caused by animals.

(c) A person who is blind or otherwise physically handicapped and who, after being duly warned of a danger unique to a handicapped person's use of a particular public facility, is injured in using the public facility and is injured because of a danger of the type about which warning was given, shall be deemed to have assumed the risk of using the public facility.

Penalties for improper use of dog guides

Sec. 5. (a) Any person who fits a dog with a harness of the type commonly used by blind persons who use dog guides for purposes of travel, in order to represent that his dog is a specially trained dog guide when training of the type described in Section 2 of this Act has not in fact been provided, shall be guilty of a misdemeanor and upon conviction shall be punished by a fine of not more than Two Hundred Dollars (\$200.00).

(b) Any person who habitually abuses or neglects to feed or otherwise neglects to properly care for his dog guide shall be entitled to none of the benefits of this Act otherwise available to those who use dog guides, but shall instead be required to surrender his dog guide upon demand to the person or organization furnishing the dog or to other competent authorities.

Penalties for and damages resulting from discrimination

Sec. 6. (a) Any person or persons, firm, association, corporation, or other organization, or the agent of any person, firm, association, corporation or other organization who shall violate the provisions of Section 3 of this Act shall be guilty of a misdemeanor and upon conviction shall be punished by a fine of not less than One Hundred Dollars (\$100.00) nor more than Three Hundred Dollars (\$300.00).

(b) In addition to the penalty provided for in Subsection (a) of this Section, any person or persons, firm, association, corporation or other organization, or the agent of any person, firm, association, corporation or other organization who shall violate the provisions of Section 3 of this Act shall be deemed to have deprived a handicapped person of his civil liberties. In such case, the handicapped person who has been deprived of his civil liberties shall be entitled to maintain a cause of action for damages in any court of competent jurisdiction, and there shall be a conclusive presumption of damages in the amount of at least One Hundred Dollars (\$100.00) to the handicapped person.

Dissemination of information on state policy relating to the handicapped

Sec. 7. (a) In order that there might be maximum public awareness of the policies set forth in this Act, the Governor is authorized each year to issue a proclamation taking suitable public notice of October 15 as White Cane Safety Day. Such proclamation shall contain appropriate comment about the significance of various devices used by handicapped persons to assist them in traveling, and shall call to the attention of the public the provisions of this Act and of other Acts relating to the safety and well-being of this state's handicapped citizens.

(b) State agencies regularly mailing forms or information to significant numbers of public facilities operating within the state are authorized and directed to cooperate with state agencies responsible for the rehabilitation of the handicapped, by sending information about this Act to those to whom regular mailings are sent. Such information, which shall be sent only upon the request of state agencies responsible for the rehabilitation of the handicapped and not more than once each year, may be included either in regular mailings or else sent separately. If sent separately, the cost of mailing shall be borne by the state rehabilitation agency or agencies requesting the mailing and, regardless of whether sent separately or as part of a regular mailing, the cost of preparing information about this

Act shall be borne by the state rehabilitation agency or agencies requesting distribution of this information.

Relationship to other laws relating to the handicapped

Sec. 8. The provisions of this Act are in addition to those provisions relating to the use of white canes by the blind set forth in Senate Bill No. 2, Acts of the 52nd Legislature, Regular Session, 1951, as amended by Senate Bill No. 521, Acts of the 60th Legislature, Regular Session, 1967 (Article 6701e, Vernon's Texas Civil Statutes, as amended). A nursing home administrator's license shall not be transferable and shall be valid for the period issued until surrendered for cancellation or suspended or revoked for violation of this Act or rules and regulations issued pursuant hereto.

(2) Every holder of a nursing home administrator's license shall renew it biennially, by making application to the board. Renewals of licenses shall be granted as a matter of course, unless the board finds, after due notice and hearing, that the applicant has acted or failed to act in such a manner or under circumstances, as would constitute grounds for suspension or revocation of a license.

(3) Each person licensed as a nursing home administrator shall pay a license fee to be fixed by the board which shall not exceed \$100.00. Each license shall expire on the 30th day of June of the year issued and shall be renewable biennially at a fee to be set by the board which shall not exceed \$100.00. Reasonable fees shall be set by the board for the issuance of copies of public records in its office as well as for certificates or transcripts and duplicates of lost instruments. Each applicant for examination and license shall accompany the application with an examination fee of \$35.00 which shall not be refundable.

(4) The board may issue a nursing home administrator's license for the regular fee to any person who holds a current license as a nursing home administrator from another jurisdiction, provided that the board finds that the standards for licensure in such other jurisdiction are at least the substantial equivalent of those prevailing in this State; that the applicant is otherwise qualified; and that the other state gives similar recognition and endorsement to nursing home administrators licenses of the State of Texas.

(5) The board shall have authority to receive and disburse funds received pursuant to Section 1908(e) (1) of the Social Security Act¹ or from any other Federal source of funds or grants for the furtherance of board duties and responsibilities hereunder.

(6) All fees or other monies received by said board under this law shall be deposited to the account of the board in federally insured accounts and shall be paid out on vouchers duly issued in a manner directed by the board. All monies so received and placed to the account of the board may be used by the board in defraying its expenses in carrying on the provisions of this law. No expenses incurred by said board shall be paid by the State.

¹ 42 U.S.C.A. § 1396g(e) (1).

Disciplinary Action

Sec. 11. (1) The board shall be authorized to revoke, suspend, or refuse to renew, a nursing home administrator's license after due notice and hearing upon the following grounds or any of them:

(a) upon proof that such licensee has wilfully or repeatedly violated any of the provisions of this Act or the rules adopted in accordance therewith;

(b) upon proof that such licensee has wilfully or repeatedly acted in a manner inconsistent with the health and safety of the patients of the home of which he is administrator;

(c) upon proof that the licensee was guilty of fraud in securing his license;

(d) upon proof of the intemperate use of alcohol or drugs which in the opinion of the board creates a hazard to patients;

(e) upon proof of a judgment of a court of competent jurisdiction finding the licensee insane; and

(f) upon proof that such licensee has been convicted in a court of competent jurisdiction of a misdemeanor or a felony involving moral turpitude.

(2) The board shall have jurisdiction to hear all disciplinary charges brought under the provisions of this Act against persons licensed as nursing home administrators and upon such hearings shall determine such charges upon their merits. Proceedings under this Act shall be begun by filing with the board written charges under oath. Such charges may be preferred by any person and after notice in writing of not less than fifteen (15) full days, stating the place and date of the hearing, accompanied by a copy of the complaint or charges, the board, or a majority thereof, shall hold a hearing on said charges, cause a written record to be made of the evidence given at the hearing, accord the person charged a right to present evidence, be represented by an attorney, and to cross-examine the witnesses. In this connection the board shall be authorized to issue subpoenas for witnesses at the hearing, either at the request of the person cited or on behalf of the board or its representative; to compel the attendance of witnesses, and administer oaths to witnesses. Disobedience of a subpoena duly issued by the board or by its secretary under its direction, shall constitute a contempt of the board which shall be enforceable by any district court sitting in the county in which the hearing is being held upon petition of the board and the presentation to the court of evidence of wilful disobedience and if the district judge is of the opinion and finds that the subpoena was wilfully disobeyed, such judge shall be authorized to punish a subpoenaed witness in like manner and to the extent provided in like cases in civil actions in the district courts of Texas.

(3) Strict rules of evidence shall not apply in a hearing before the board but all decisions of the board shall be supported by sufficient legal and competent evidence.

Restoration of Licenses

Sec. 12. The board may, in its discretion, reissue a license to any person whose license has been revoked under such rules and regulations as the board may prescribe.

Review

Sec. 13. (1) Any person aggrieved by any action of the board, whether it be a failure to license, or the revocation or suspension of a license, shall have a right to a review of the board's action. First, a person feeling aggrieved by action of the board shall, within ten (10) days following the board's decision or action, file a motion for rehearing with the board

which the board shall act on within fifteen (15) days and notify the person affected by such action in writing concerning the decision of the board on the motion for rehearing. If such action of the board is adverse to the person affected, he may, within thirty (30) days after the board's adverse action on his motion, file a written petition in a district court of Travis County, Texas, complaining of the action of the board and seeking to set aside or modify such action. A decision or action of the board shall not be suspended by the filing of a motion for rehearing or by the filing of a petition for review in the district court of Travis County, Texas, but such board action will only be suspended by injunctive order issued by a court of competent jurisdiction. The venue of any action against the board or any of its members concerning official action of the board shall be exclusively in Travis County, Texas.

(2) Any notice required to be given under this section shall be deemed sufficient if sent by registered or certified mail to the person charged at the address shown on his most recent license application or application for renewal of license. When no such address is available the board shall cause to be published once a week for two consecutive weeks a notice of the hearing in a newspaper published in the county where the person charged was last known to practice nursing home administration, and shall mail a copy of such charges and such notice to such person's last known address. When publication of the notice is necessary, the date of the hearing shall be not less than ten days after the date of the last publication of the notice.

Penalties

Sec. 14. On and after July 1, 1970, it shall be unlawful and constitute a misdemeanor for any person to hold himself out as a nursing home administrator or to act or serve in the capacity of a nursing home administrator unless he is the holder of a license as a nursing home administrator issued in accordance with the provisions of this Act and any person who violates this section or any other provision of this Act, shall, upon conviction be punished by imprisonment in the County Jail for not less than one day nor more than thirty days, or by fine of not less than \$100.00 nor more than \$1,000.00, or by both such imprisonment and fine.

Assistance by Attorney General

Sec. 15. The Attorney General is directed to render such legal assistance as may be necessary in enforcing and making effective the provisions of this Act, provided that this requirement shall not relieve the local prosecuting officers of any of their duties under the law as such.

Annual Report

Sec. 16. An annual report shall be made by the board to the Governor on or before March 15th of each year which shall set forth in summary the activities of the board for the preceding calendar year and its fiscal condition.

Sec. 2. Meat and meat food products are an important source of the nation's total supply of food. It is essential in the public interest that the health and welfare of consumers be protected by assuring that meat and meat food products distributed to them are wholesome, not adulterated, and properly marked, labeled, and packaged. Unwholesome, adulterated, or misbranded meat or meat food products are injurious to the public welfare, destroy markets for wholesome, not adulterated, and properly labeled and packaged meat and meat food products, and result in sundry losses to livestock producers and processors of meat and meat food products, as well as injury to consumers. The unwholesome, adulterated, mislabeled, or deceptively packaged articles can be sold at lower prices and compete unfairly with the wholesome, not adulterated, and properly labeled and packaged articles, to the detriment of consumers and the public generally. It is hereby found that regulation by the State Commissioner of Health and cooperation by this state and the United States as contemplated by this Act are appropriate to protect the health and welfare of consumers and otherwise effectuate the purposes of this Act.

Sec. 3. For the purpose of preventing the use in intrastate commerce, as hereinafter provided, of meat and meat food products which are adulterated, the commissioner shall cause to be made, by inspectors appointed for that purpose, an examination and inspection of all cattle, sheep, swine, goats, horses, mules, equines, poultry, domestic rabbits, and domesticated game birds before they shall be allowed to enter into any slaughtering, packing, meat-canning, rendering, or similar establishment in this state in which slaughtering and preparation of meat and meat food products of such animals are conducted solely for intrastate commerce; and all cattle, sheep, swine, goats, horses, mules, equines, poultry, domestic rabbits, and domesticated game birds found on such inspection to show symptoms of disease shall be set apart and slaughtered separately from all other cattle, sheep, swine, goats, horses, mules, equines, poultry, domestic rabbits, and domesticated game birds, and when so slaughtered, the carcasses of said cattle, sheep, swine, goats, horses, mules, equines, poultry, domestic rabbits, and domesticated game birds shall be subject to a careful examination and inspection, all as provided by the rules and regulations to be prescribed by the commissioner as herein provided for.

Sec. 4. For the purposes hereinbefore set forth the commissioner shall cause to be made by inspectors appointed for that purpose, as hereinafter provided, a post-mortem examination and inspection of the carcasses and parts thereof of all cattle, sheep, swine, goats, horses, mules, equines, poultry, domestic rabbits, and domesticated game birds, capable of use as human food, to be prepared at any slaughtering, meat-canning, salting, packing, rendering, or similar establishment in this state in which such articles are prepared solely for intrastate commerce; and the carcasses and parts thereof of all such animals found to be not adulterated shall be marked, stamped, tagged, or labeled, as "Inspected and Passed"; and said inspectors shall label, mark, stamp, or tag as "Inspected and Condemned" all carcasses and parts thereof of animals found to be adulterated; and all carcasses and parts thereof thus inspected and condemned shall be destroyed for food purposes by the said establishment in the presence of an inspector, and the commissioner may remove inspectors from any such establishment which fails to so destroy any such condemned carcass or part thereof, and said inspectors, after said first inspection shall, when they deem it necessary, reinspect said carcasses or parts thereof to determine whether since the first inspection the same have become adulterated and if any carcass or any part thereof shall, upon examination and inspection subsequent to the first examination and inspection, be found to be adulterated, it shall be destroyed for food purposes by the said establishment in the presence of an inspector, and the commissioner may remove inspectors from any establishment which fails to do so destroy any such condemned carcass or part thereof.

Sec. 4a. (1) Whenever, in his judgment, the commissioner determines that it is in the best interest of public health that investigations be made of disease findings by inspectors operating under the provisions of Sections 3 and 4 of this Act, the commissioner shall have the authority to cause such investigations to be made.

(2) Whenever any disease condition is found in the course of inspection provided for in this Act, which is inimical to public health, the commissioner shall have the authority to quarantine any premise or premises determined to be harboring any animal afflicted with any stage of the disease which may be transmitted to man or animals. Quarantined animals may be removed from quarantined areas only upon permission and supervision by the commissioner.

Sec. 5. The foregoing provisions shall apply to all carcasses or parts of carcasses of cattle, sheep, swine, goats, horses, mules, equines, poultry, domestic rabbits, and domesticated game birds or the meat or meat products thereof, capable of use as human food, which may be brought into any slaughtering, meat-canning, salting, packing, rendering, or similar establishment, where inspection under this title is maintained, and such examination and inspection shall be had before the said carcasses or parts thereof shall be allowed to enter into any department wherein the same are to be treated and prepared for meat food products; and the foregoing provisions shall also apply to all such products which, after having been issued from any such slaughtering, meat-canning, salting, packing, rendering, or similar establishment, shall be returned to the same or to any similar establishment where such inspection is maintained. The commissioner may limit the entry of carcasses, parts of carcasses, meat and meat food products, and other materials into any establishment at which inspection under this title is maintained, under such conditions as he may prescribe to assure that allowing the entry of such articles into such inspected establishments will be consistent with the purposes of this Act.

Sec. 6. For the purposes hereinbefore set forth the commissioner shall cause to be made by inspectors appointed for that purpose an

examination and inspection of all meat food products prepared in any slaughtering, meat-canning, salting, packing, rendering, or similar establishment, where such articles are prepared solely for intrastate commerce and for the purposes of any examination and inspection said inspectors shall have access at all times, by day or night, whether the establishment be operated or not, to every part of said establishment; and said inspectors shall cause to be marked, stamped, tagged, or labeled as "Texas inspected and passed" all such products found to be not adulterated; and said inspectors shall cause to be labeled, marked, stamped, or tagged as "Texas inspected and condemned" all such products found adulterated, and all such condemned meat food products shall be destroyed for food purposes, as hereinbefore provided, and the commissioner may remove inspectors from any establishment which fails to so destroy such condemned meat food products.

Sec. 7. (a) When any meat or meat food product prepared for intrastate commerce which has been inspected as hereinbefore provided and marked "Texas inspected and passed" shall be placed or packed in any can, pot, tin, canvas, or other receptacle or covering in any establishment where inspection under the provisions of this Act is maintained, the person, firm, or corporation preparing said product shall cause a label to be attached to said can, pot, tin, canvas, or other receptacle or covering, under supervision of an inspector, which label shall state that the contents thereof have been "Texas inspected and passed" under the provisions of this Act, and no inspection and examination of meat or meat food products deposited or inclosed in cans, tins, pots, canvas, or other receptacle or covering in any establishment where inspection under the provisions of this Act is maintained shall be deemed to be complete until such meat or meat food products have been sealed or inclosed in said can, tin, pot, canvas, or other receptacle or covering under the supervision of an inspector.

(b) All carcasses, parts of carcasses, meat, and meat food products inspected at any establishment under the authority of this Act and found to be not adulterated, shall at the time they leave the establishment bear, in distinctly legible form, directly thereon or on their containers, as the commissioner may require, the information required under paragraph (k) of Section 1 of this Act.

(c) The commissioner, whenever he determines such action is necessary for the protection of the public, may prescribe: (1) the styles and sizes of type to be used with respect to material required to be incorporated in labeling to avoid false or misleading labeling of any articles or animals subject to this title or Title II of this Act; (2) definitions and standards of identity or composition for articles subject to this title and standards of fill of container for such articles not inconsistent with any such standards established under the Federal Food, Drug, and Cosmetic Act¹, or under the Federal Meat Inspection Act², or under the Federal Poultry Products Inspection Act³, and there shall be consultation between the commissioner and the Secretary of Agriculture of the United States prior to the issuance of such standards to avoid inconsistency between such standards and the federal standards.

(d) No article subject to this title shall be sold or offered for sale by any person, firm, or corporation, in intrastate commerce, under any name or other marking or labeling which is false or misleading, or in any container of a misleading form or size, but established trade names and other marking and labeling and containers which are not false or misleading and which are approved by the commissioner are permitted.

(e) If the commissioner has reason to believe that any marking or labeling or the size or form of any container in use or proposed for use with respect to any article subject to this title is false or misleading in

any particular, he may direct that such use be withheld unless the marking, labeling, or container is modified in such manner as it may prescribe so that it will not be false or misleading. If the person, firm, or corporation using or proposing to use the marking, labeling, or container does not accept the determination of the commissioner, such person, firm, or corporation may request a hearing, but the use of the marking, labeling, or container shall, if the commissioner so directs, be withheld pending hearing and final determination by the commissioner. Any such determination by the commissioner shall be conclusive unless, within 30 days after receipt of notice of such final determination, the person, firm, or corporation adversely affected thereby appeals to the district court.

Sec. 9. The commissioner shall cause an examination and inspection of all cattle, sheep, swine, goats, horses, mules, equines, poultry, domestic rabbits, and domesticated game birds, and the food products thereof, slaughtered and prepared in the establishments hereinbefore described for the purposes of intrastate commerce to be made during the nighttime as well as during the daytime when the slaughtering of said cattle, sheep, swine, goats, horses, mules, equines, poultry, domestic rabbits, and domesticated game birds, or the preparation of said food products is conducted during the nighttime. Provided that the commissioner, when he determines that operating hours of any person, firm, or corporation, are set in a capricious or at unnecessarily difficult times, shall have the authority to set the time and duration of operations of the said person, firm, or corporation.

Sec. 10. No person, firm, or corporation shall, with respect to any cattle, sheep, swine, goats, horses, mules, equines, poultry, domestic rabbits, and domesticated game birds, or any carcasses, parts of carcasses, meat, or meat food products of any such animals:

(a) slaughter any such animals or prepare any such articles which are capable of use as human food, at any establishment preparing such articles solely for intrastate commerce, except in compliance with the requirements of this Act;

(b) sell, transport, offer for sale or transportation, or receive for transportation, in intrastate commerce, (1) any such articles which (A) are capable of use as human food, and (B) are adulterated or misbranded at the time of such sale, transportation, offer for sale or transportation, or receipt for transportation; or (2) any articles required to be inspected under this title unless they have been so inspected and passed;

(c) do, with respect to any such articles which are capable of use as human food, any act while they are being transported in intrastate commerce or held for sale after such transportation, which is intended to cause or has the effect of causing such articles to be adulterated or misbranded;

For Annotations and Historical Notes, see V.A.T.S.

(d) sell, transport, offer for sale or transportation, or receive for transportation, in intrastate commerce or from an official establishment, any slaughtered poultry from which the blood, feathers, feet, head, or viscera have not been removed in accordance with regulations promulgated by the commissioner, except as may be authorized by regulations of the commissioner.

Sec. 11. (a) No brand manufacturer, printer, or other person, firm, or corporation shall cast, print, lithograph, or otherwise make any device containing any official mark or simulation thereof, or any label bearing any such mark or simulation, or any form of official certificate or simulation thereof, except as authorized by the commissioner.

(b) No person, firm, or corporation shall:

(1) forge any official device, mark, or certificate;

(2) without authorization from the commissioner use any official device, mark, or certificate, or simulation thereof, or alter, detach, deface, or destroy any official device, mark, or certificate;

(3) contrary to the regulations prescribed by the commissioner, fail to use, or to detach, deface, or destroy any official device, mark, or certificate;

(4) knowingly possess, without promptly notifying the commissioner or his representative, any official device or any counterfeit, simulated, forged, or improperly altered official certificate or any device or label or any carcass of any animal, or part or product thereof, bearing any counterfeit, simulated, forged, or improperly altered official mark;

(5) knowingly make any false statement in any shipper's certificate or other nonofficial or official certificate provided for in the regulations prescribed by the commissioner; or

(6) knowingly represent that any article has been inspected and passed, or exempted, under this Act when, in fact, it has, respectively, not been so inspected and passed, or exempted.

Sec. 12. No person, firm, or corporation shall sell, transport, offer for sale or transportation, or receive for transportation, in intrastate commerce, any carcasses of horses, mules, or other equines or parts of such carcasses, or the meat or meat food products thereof, unless they are plainly and conspicuously marked or labeled or otherwise identified as required by regulations prescribed by the commissioner to show the kinds of animals from which they were derived. When required by the commissioner with respect to establishments at which inspection is maintained under this title, such animals and their carcasses, parts thereof, meat, and meat food products shall be prepared in establishments separate from those in which cattle, sheep, swine, goats, poultry, domestic rabbits, and domesticated game birds are slaughtered or their carcasses, parts thereof, meat, or meat food products are prepared.

Sec. 13. The commissioner shall appoint from time to time inspectors to make examination and inspection of all cattle, sheep, swine, goats, horses, mules, equines, poultry, domestic rabbits, and domesticated game birds, the inspection of which is hereby provided for, and of all carcasses and parts thereof, and of all meats and meat food products thereof, and of the sanitary conditions of all establishments in which such meat and meat food products hereinbefore described are prepared; and said inspectors shall refuse to cause to be stamped, marked, tagged or labeled any carcass or any part thereof, or meat food product therefrom, prepared in any establishment hereinbefore mentioned, until the same shall have actually been inspected and found to be not adulterated; and shall perform such other duties as are provided by this Act and by the rules and regulations to be prescribed by said commissioner; and said commissioner shall, from time to time, make such rules and regulations as are necessary for the efficient execution of the provisions of this Act, and all in-

The commissioner shall adopt and use federal rules and regulations, as amended, and federal procedures, as amended, for meat inspection and/or poultry inspection wherever these said rules, regulations, and procedures are applicable.

Sec. 14. Any person, firm, or corporation, or any agent or employee of any person, firm, or corporation, who shall give, pay, or offer, directly or indirectly, to any inspector, deputy inspector, chief inspector, or any other officer or employee authorized to perform any of the duties prescribed by this Act or by the rules and regulations of the commissioner of health, any money or other thing of value, with intent to influence said inspector, deputy inspector, chief inspector, or other officer or employee in the discharge of any duty herein provided for, shall be deemed guilty of a felony and, upon conviction thereof, shall be punished by a fine not less than \$500 nor more than \$10,000 and/or by imprisonment not less than one year nor more than three years; and any inspector, deputy inspector, chief inspector, or other officer or employee authorized to perform any of the duties prescribed by this Act who shall accept any money, gift, or other thing of value from any person, firm, or corporation, or officers, agents, or employees thereof, given with intent to influence his official action, or who shall receive or accept from any person, firm, or corporation engaged in intrastate commerce any gift, money, or other thing of value given with any purpose or intent whatsoever, shall be deemed guilty of a felony and shall, upon conviction thereof, be summarily discharged from office and shall be punished by a fine not less than \$100 nor more than \$10,000 and/or by imprisonment not less than one year nor more than three years.

Sec. 15. The adulteration and misbranding provisions of this title, other than the requirement of the inspection legend, shall apply to articles which are not required to be inspected under this section.

Sec. 16. The commissioner may by regulations prescribe conditions under which carcasses, parts of carcasses, meat, and meat food products of cattle, sheep, swine, goats, horses, mules, equines, poultry, domestic rabbits, and domesticated game birds, capable of use as human food, shall be stored or otherwise handled by any person, firm, or corporation engaged in the business of buying, selling, freezing, storing, or transporting, in or for intrastate commerce, such articles, whenever the commissioner deems such action necessary to assure that such articles will not be adulterated or misbranded when delivered to the consumer. Violation of any such regulation is prohibited.

prior to their offer for sale or transportation in intrastate commerce, unless naturally inedible by humans, be denatured or otherwise identified as prescribed by regulations of the commissioner to deter their use for human food. No person, firm, or corporation shall buy, sell, transport, or offer for sale or transportation, or receive for transportation, in intrastate commerce, any carcasses, parts thereof, meat, or meat food products of any such animals, which are not intended for use as human food unless they are denatured or otherwise identified as required by the regulations of the commissioner or are naturally inedible by humans.

(2) Any persons, firms, or corporations that engage in the business of buying or selling (as meat brokers, wholesalers or otherwise), or transporting, in intrastate commerce, or storing in or for such commerce, any carcasses, or parts or products of carcasses, of any such animals;

(3) Any persons, firms, or corporations that engage in business, in or for intrastate commerce, as renderers, or engage in the business of buying, selling, or transporting, in such commerce, any dead, dying, disabled, or diseased cattle, sheep, swine, goats, horses, mules, or other equines, poultry, domestic rabbits, and domesticated game birds, or parts of the carcasses of any such animals that died otherwise than by slaughter.

Sec. 204. No person, firm, or corporation engaged in the business of buying, selling, or transporting in intrastate commerce, dead, dying, disabled, or diseased animals, or any parts of the carcasses of any animals that died otherwise than by slaughter, shall buy, sell, transport, offer for sale or transportation, or received for transportation, in such commerce,

any dead, dying, disabled, or diseased cattle, sheep, swine, goats, horses, mules, equines, poultry, domestic rabbits, and domesticated game birds, or parts of the carcasses of any such animals that died otherwise than by slaughter, unless such transaction or transportation is made in accordance with such regulations as the commissioner may prescribe to assure that such animals, or the unwholesome parts or products thereof, will be prevented from being used for human food purposes.

Sec. 205. No person, firm, or corporation that engages in business in or for intrastate commerce or engages in the business of buying, selling, or transporting in such commerce shall offer for sale, except for further sterilization processing, any inedible animal products unless such products have been processed in such manner to prevent the survival of disease-producing organisms or deleterious substances in the material processed.

This section shall not affect in any way other provisions of this Act for withdrawal of inspection services under Title I from establishments failing to maintain sanitary conditions or to destroy condemned carcasses, parts, meat, or meat food products.

(b) For the purpose of this section a person shall be deemed to be responsibly connected with the business if he was a partner, officer, director, holder, or owner of 10 per centum or more of its voting stock or employee in a managerial or executive capacity. The determination and order of the commissioner with respect thereto under this section shall be final and conclusive unless the affected applicant for, or recipient of, inspection service files application for judicial review within 30 days after the effective date of such order in the appropriate court as provided in Section 404. Judicial review of any such order shall be upon the record upon which the determination and order are based.

(a) A member appointed by the governor while the Senate is in session is qualified to serve on the board after his nomination has been confirmed by the Senate and upon taking the Constitutional oath of office. A member appointed by the governor while the Senate is not in session is qualified to serve upon taking the Constitutional oath of office, and serves until the expiration of his term or until his nomination is rejected by the Senate.

(b) If a vacancy occurs in the office of a member of the board, the position shall be filled by a person appointed by the governor in the same manner as for a regular appointment, and the person so appointed shall serve only to the end of the unexpired term and until his successor is appointed and has qualified.

(c) The official records of the board shall reflect the date each member's certificate of appointment was issued by the secretary of state, the date he took the oath of office, the person who administered the oath, the date the appointive term began, and the date the term expires.

Per diem; expenses

Sec. 2.05. A member of the board is not entitled to a salary for duties performed as a member of the board. However, a member is entitled to \$25.00 for each day he is in attendance at meetings or hearings or on authorized business of the board, including time spent in traveling to and from the place of the meeting, hearing or other authorized business, and is entitled to reimbursement for travel and other necessary expenses incurred in performing official duties, as evidenced by vouchers approved by the executive secretary.

Board officers

Sec. 2.06. The board shall elect a chairman and a vice-chairman to serve two-year terms beginning on February 1 of each odd-numbered year.

Board meetings

Sec. 2.07. (a) The chairman, or in his absence the vice-chairman, shall preside at all meetings of the board. In the absence of both the chairman and the vice-chairman from any meeting of the board, the members of the board present may select one of their number to serve as chairman for the meeting.

(b) The board shall have regular meetings at times specified by a majority vote of the board.

(c) The chairman may call special meetings at any time. He shall call a special meeting on written request signed by at least two members of the board.

(d) A majority of the board constitutes a quorum to transact business.

Executive secretary

Sec. 2.08. (a) The executive secretary shall be an employee of the State Department of Health; the state commissioner of health, after consulting with the board, shall designate the employee to serve as executive secretary.

(b) The executive secretary shall be the administrator of air control activities for the board. In addition to his other duties prescribed in this Act and by the board, the executive secretary shall:

(1) keep full and accurate minutes of all transactions and proceedings of the board;

(2) be the custodian of all of the files and records of the board;

(3) prepare and recommend to the board plans and procedures necessary to effectuate the purposes and objectives of this Act, including but not limited to rules and regulations, and proposals on administrative procedures not inconsistent with this Act;

(4) exercise general supervision over all persons employed by the board; and

(2) handle or arrange for the handling of such correspondence, make or arrange for such inspections and investigations, and obtain, assemble or prepare such reports and data as the board may direct or authorize.

Staff services

Sec. 2.09. The basic personnel and necessary laboratory and other facilities as may be required to carry out the provisions of this Act shall be the personnel, laboratory, and other facilities of the State Department of Health. However, the board, through the State Department of Health acting as the agent of the board, may by agreement secure such services as it may deem necessary from any other departments and agencies of the state government and may arrange for compensation for such services, and may employ and compensate, within appropriations available therefor, such professional consultants, technical assistants, and employees on a full or part-time basis as may be necessary to carry out the provisions of this Act and prescribe their powers and duties. The board may request, and upon request shall receive, the assistance of any state educational institution, experimental station, or other state agency.

Funds from other state agencies

Sec. 2.10. Any state agency that has statutory responsibilities for air control and that receives a legislative appropriation for these purposes may transfer to the board any amount mutually agreed on by the board and the agency, subject to the approval of the governor. In the event transfers of money from other state agencies to the board are not sufficient to finance adequately the necessary activities of the board, the governor may transfer to the board from the appropriations made to the governor such amounts as he determines.

Gifts and grants

Sec. 2.11. The board may apply for, request, solicit, contract for, receive, and accept money and other assistance from any source to carry out its duties. The board shall show in its records the source of all moneys or other things of value received by the board under this section from sources other than public sources.

Special fund

Sec. 2.12. Money received by the board under Section 2.10 or Section 2.11 of this code shall be deposited in the state treasury and credited to a special fund. The board may use this fund for salaries, wages, professional and consulting fees, travel expenses, equipment, and other necessary expenses incurred in carrying out its duties under this Act, as provided by legislative appropriation.

Documents, etc., public property

Sec. 2.13. All information, documents and data collected by the board in the performance of its duties are the property of the state. Subject to the limitations of Section 1.07 of this Act, all records of the board are public records open to inspection by any person during regular office hours.

Copies of documents, proceedings, etc.

Sec. 2.14. Subject to the limitations of Section 1.07 of this Act, on the application of any person, the board shall furnish certified or other copies of any proceeding or other official act of record, or of any map, paper, or document filed with the board. A certified copy with the seal of the board and the signature of the chairman of the board or the executive secretary is admissible as evidence in any court or administrative proceeding. The board shall prescribe in its rules the fees which shall be charged for copies and is authorized to furnish copies, certified or otherwise, to a person without charge when the furnishing of the copies serves a public purpose. Any other Acts concerning fees for copies of records do not apply to the board except that the fees set by the board for copies prepared by the board shall not exceed those prescribed in Article 3913, Revised Civil Statutes of Texas, 1925, as last amended by Section 1, Chapter 446, Acts of the 59th Legislature, Regular Session, 1965.

Biennial reports

Sec. 2.15. The board shall make biennial written reports to the governor and to the Legislature and shall include in each report a statement of its activities.

Fees

Sec. 2.16. Except as specifically authorized in this Act, no fees may be charged by the executive secretary or the board for the performance of any of their duties and functions under this Act.

Sec. 2.17. The board shall adopt a seal.

SUBCHAPTER C. POWERS AND DUTIES OF THE BOARD

In general

Section 3.01. The board shall administer the provisions of this Act and shall establish the level of quality to be maintained in, and shall control the quality of, the air resources in this state as provided in this Act. The board shall seek the accomplishment of the purposes of this Act through the control of air contaminants by all practical and economically feasible methods consistent with the powers and duties of the board. The board has the powers and duties specifically prescribed in this Act and all other powers necessary or convenient to carry out its responsibilities.

State air control plan

Sec. 3.02. The board shall prepare and develop a general, comprehensive plan for the proper control of the air resources of the state.

Emission inventory

Sec. 3.03. The board is authorized to require the submission of information by persons whose activities cause emissions of air contaminants to enable the board to develop an inventory of the emissions of air contaminants in the state.

Research, investigations

Sec. 3.04. The board shall conduct, or have conducted, any research and investigations it considers advisable and necessary for the discharge of its duties under this Act.

Power to enter property

Sec. 3.05. The members, employees and agents of the board have the right to enter any public or private property at any reasonable time, other than property designed for and used exclusively as a private residence housing not more than three families, for the purpose of inspecting and investigating conditions relating to emissions of air contaminants to or the concentration of air contaminants in the atmosphere. Any member, employee or agent who, acting under the authority in this section, enters private property which has management in residence shall notify management, or the person then in charge, of his presence and exhibit proper credentials. Members, employees, or agents entering private property shall observe the establishment's rules and regulations concerning safety, internal security, and fire protection. Should any member, employee or agent of the board be refused the right to enter in or upon such public or private property, the board may have the remedies authorized in Section 4.02 of this Act.

Monitoring requirements; power to examine records

Sec. 3.06. The board may prescribe reasonable requirements for the measurement and monitoring of the emissions of air contaminants from any source or from any activity causing or resulting in the emission of air contaminants subject to the jurisdiction of the board under this Act; the board may also prescribe reasonable requirements for the owner or operator of the source to make and maintain records on the measurement and monitoring of emissions. The members, employees and agents of the board may examine during regular business hours any records or memoranda pertaining to the operation of any air pollution or emission control equipment or facility, or pertaining to any emission of air contaminants. This authority does not extend to the records or memoranda pertaining to the operation of such equipment or facility on a property designed for and used exclusively as a private residence housing not more than three families.

Enforcement proceedings

Sec. 3.07. The board, or the executive secretary when authorized by the board, may cause legal proceedings to be instituted in courts of competent jurisdiction to compel compliance with the provisions of this Act or the rules, regulations, orders, variances or other decisions of the board.

Contracts, instruments

Sec. 3.08. The board may make contracts and execute instruments that are necessary or convenient to the exercise of its powers or the performance of its duties.

Rule-making

Sec. 3.09. (a) The board has the power, in accordance with the procedures in this section, to make rules and regulations consistent with the general intent and purposes of this Act and to amend any rule or regulation it makes.

(b) Before adopting any rules and regulations, or any amendment or repeal thereof, the board shall hold a public hearing. If the rule or regulation, or amendment or repeal thereof, will have state-wide effect, notice of the date, time, place, and purpose of the hearing shall be published one time at least 20 days prior to the scheduled date of the hearing in at least three newspapers whose combined circulation will, in the judgment of the board, give reasonable circulation throughout the state; if the rule or regulation, or amendment or repeal thereof, will have effect in only a part of the state, the notice shall be published one time at least 20 days prior to the scheduled date of the hearing in a newspaper or newspapers having general circulation in the area or areas to be affected. The board shall also comply, as appropriate, with the requirements of Chapter 274, Acts of the 57th Legislature, Regular Session, 1961, as amended (Article 6252—13, Vernon's Texas Civil Statutes).

(c) Any person may appear and be heard at the hearing on any rules or regulations. A record of the names and addresses of the persons appearing shall be made by the executive secretary. Any person heard or represented at the hearing, or requesting notice of the action taken by the board, shall be sent written notice by mail of the action taken by the board.

(d) Before it becomes effective, any rule or regulation, or amendment or repeal thereof, shall be approved in writing by at least five members of the board, and a certified copy filed with the secretary of state for the time specified in Article 6252—13, Vernon's Texas Civil Statutes.

Content of rules

Sec. 3.10. (a) A rule or regulation, or any amendment thereof, adopted by the board may differ in its terms and provisions as between particular conditions, particular sources, and particular areas of the state. In adopting rules and regulations, the board shall give due recognition to the fact that the quantity or characteristic of air contaminants or the duration of their presence in the atmosphere, which may cause a need for air control in one area of the state, may not cause need for air control in another area of the state, and the board shall take into consideration, in this connection, all factors found by it to be proper and just including existing physical conditions, topography, population, and prevailing wind directions and velocities, and the fact that a rule or regulation and the degrees of conformance therewith which may be proper as to an essentially residential area of the state may not be proper either as to a highly developed industrial area of the state or as to a relatively unpopulated area of the state.

(b) Except as provided in Subsections (c), (d), (e) and (f) of this section, the rules and regulations may not specify any particular method to be used to control or abate air pollution, nor the type, design or method of installation of any equipment to be used to control or abate air pollution, nor the type, design, or method of installation or type of construction of any manufacturing processes or other kinds of equipment.

(c) The board is authorized to adopt rules and regulations to control and prohibit the outdoor burning of waste and combustible material. The board may include in the rules and regulations requirements as to the particular method to be used to control or abate the emission of air contaminants resulting from the outdoor burning of waste or combustible material.

(d) The board may include in the rules and regulations requirements as to the particular method to be used to control and reduce emissions from motors and engines used in propelling land vehicles. Any rules or regulations pursuant to this paragraph shall be consistent with provisions of federal law, if any, relating to the control of emissions from the vehicles concerned. The board shall not require, as a condition precedent to the initial sale of a vehicle or vehicular equipment the inspection, certification or other approval of any feature or equipment designed for the control of emissions from motor vehicles, if that feature or equipment has been certified, approved or otherwise authorized pursuant to federal law.

(e) The board, when it deems control of air pollution is necessary, shall establish rules and regulations concerning the control of emissions of particulate matter from plants handling, loading and unloading, drying, manufacturing, and processing the following agricultural products: grain, seed, legumes and vegetable fibers, according to a formula derived from the process weight of the materials entering the process. Any person affected by a rule or regulation issued under the authority of this subsection may use the process weight method for controlling and measuring the emissions from the plant, or any other method selected by that person which the board or the executive secretary, when so authorized by the board, finds will provide adequate emission control efficiency and measurement.

(f) The board is authorized to prescribe the sampling methods and procedures which shall be used in determining violations of and compliance with the rules, regulations, variances, and other orders of the board. The board may prescribe ambient air sampling, stack-sampling, visual observation, or any other sampling method or procedure generally recognized in the field of air pollution control. The board may also prescribe new sampling methods and procedures when, in the judgment of the board, existing methods or procedures are not adequate to meet the needs and objectives of the rules, regulations, variances and other orders of the board, and where the scientific applicability of the new methods or procedures can be satisfactorily demonstrated to the board.

Limitations on board actions

Sec. 3.11. (a) The board may not make any rule, regulation, determination or order with respect to air conditions existing solely within buildings and structures used for commercial and industrial plants, works or shops when the source of the offending air contaminants is under the control of the person who owns or operates the plant, works or shops, or which affects the relations between employers and their employees with respect to or arising out of any air condition from such a source. This provision does not and is not intended to limit or restrict in any way the authority or powers granted to the board under the provisions of Subsections (c) and (f) of Section 3.10 of this Act.

(b) Nothing in this Act vests in the board any power with respect to any matter subject to the jurisdiction of the Texas Radiation Control Agency, as provided in Chapter 72, Acts of the 57th Legislature, Regular Session, 1961 (Article 4590f, Vernon's Texas Civil Statutes), or over any source licensed by the atomic energy commission under the Atomic Energy Act of 1954, 42 U.S.C. 2011-2281.¹

¹ 42 U.S.C.A. §§ 2011-2281.

Orders

Sec. 3.12. (a) The board is authorized to enter orders and determinations as may be necessary to effectuate the purposes of this Act. Except where otherwise specifically authorized in this Act, all orders shall be made by the board.

(b) If the board determines that air pollution exists, it may order such action as is indicated by the circumstances to control the condition. The board shall grant such time for the owner or operator of a source to comply with its order as is provided for in the rules and regulations of the board, which shall make provisions for such time gauged to such general situations as the hearings on any proposed rules and regulations may indicate are necessary.

Factors to be considered

Sec. 3.13. In making orders and determinations, the board shall consider all of the facts and circumstances bearing upon the reasonableness of any emissions being made, including:

- (1) the character and degree of injury to, or interference with, the health and physical property of the people;
- (2) the social and economic value of the source;
- (3) the question of priority of location in the area involved; and
- (4) the technical practicability and economic reasonableness of reducing or eliminating the emissions resulting from the source.

Emergency conditions

Sec. 3.14. (a) Whenever it appears to the board or the executive secretary that a generalized condition of air pollution exists and that it creates an emergency requiring immediate action to protect human health or safety, the board or the executive secretary shall, with the concurrence of the governor, order any persons causing or contributing to the air pollution to reduce or discontinue immediately the emission of air contaminants. The order shall fix a time and place for a hearing to be held before the board, which shall be held as soon after the order is issued as is practicable. The requirements of Section 3.17 as to the time for notice, newspaper notice, and method of giving a person notice do not apply to such a hearing, but such general notice of the hearing shall be given as in the judgment of the board or the executive secretary is practicable under the circumstances. Not more than twenty-four hours after the commencement of the hearing, and without adjournment of the hearing, the board shall affirm, modify or set aside the order.

(b) Whenever the board or the executive secretary finds that emissions from one or more air contaminant sources is causing imminent danger to human health or safety, but that there is not a generalized condition of air pollution of the type referred to in Subsection (a) of this section, the board or the executive secretary may order the person or persons responsible for the emissions to reduce or discontinue the emissions immediately. In such event, the provisions in Subsection (a) of this section pertaining to a hearing before the board, notice, and affirmance, modification or setting aside of orders shall apply.

(c) Nothing in this section shall be construed to limit any power which the governor or any other officer may have to declare an emergency and to act on the basis of that declaration, if the power is conferred by statute or constitutional provision, or inheres in the office.

Hearing powers

Sec. 3.15. The board may call and hold hearings, administer oaths, receive evidence at the hearing, issue subpoenas to compel the attendance of witnesses and the production of papers and documents related to the

hearing, and make findings of fact and decisions with respect to administering the provisions of this Act or the rules, regulations, orders or other actions of the board.

Delegation of hearing powers

Sec. 3.16. (a) The board may delegate the authority to hold hearings called by the board to:

- (1) one or more members;
- (2) the executive secretary;
- (3) one or more employees of the board; or
- (4) with the concurrence of the state commissioner of health, one or more employees of the State Department of Health.

(b) Except for those hearings required to be held before the board under Section 3.14 of this Act, the board may authorize the executive secretary to call and hold hearings on any subject on which the board may hold a hearing. The board also may authorize the executive secretary to delegate the authority to hold any hearing called by the executive secretary to one or more employees of the board or, with the concurrence of the state commissioner of health, to one or more employees of the State Department of Health.

(c) The board may establish the qualifications required of the individuals who may be delegated the authority by the board or the executive secretary to hold hearings.

(d) Any individual or individuals holding a hearing under authority of this section are empowered to administer oaths and receive evidence at the hearing and shall report the hearing in the manner prescribed by the board.

Notice of hearings; continuance

Sec. 3.17. (a) Except as otherwise specified in Subsection (b) of Section 3.09 and in Section 3.14 of this Act, the provisions of this section apply to all hearings conducted pursuant to this Act.

(b) Notice of the hearing shall describe briefly and in summary form the purpose of the hearing and the date, time, and place of the hearing.

(c) Notice of the hearing shall be published at least once in a newspaper regularly published or having general circulation in each county where by virtue of the county's geographical relation to the subject matter of the hearing, the board has reason to believe persons reside who may be affected by the action that may be taken as a result of the hearing. The date of the publication shall be not less than 20 days before the date set for the hearing.

(d) If notice of the hearing is required by this Act to be given to a person, the notice shall be served personally or mailed to the person at his last address known to the board, not less than 20 days before the date set for the hearing. If the party is not an individual, the notice may be given to any officer, agent or legal representative of the party.

(e) The individual or individuals holding the hearing (hereafter in this subsection called the hearing body) shall conduct the hearing at the time and place stated in the notice. The hearing body may continue the hearing from time to time and from place to place without the necessity of publishing, serving, mailing or otherwise issuing new notice. If a hearing is continued and a time and place for the hearing to reconvene are not publicly announced by the hearing body at the hearing before it is recessed, a notice of any further setting of the hearing shall be served personally or mailed in the manner prescribed in Subsection (d) of this section at a reasonable time prior to the new setting, but it is not necessary to publish a newspaper notice of the new setting.

For Annotations and Historical Notes, see V.A.T.S.

Air quality control regions

Sec. 3.18. The board is authorized to designate air quality control regions based on jurisdictional boundaries, urban-industrial concentrations, and other factors, including atmospheric areas, necessary to provide adequate implementation of air quality standards.

Cooperation and assistance; compacts

Sec. 3.19. The board shall:

(1) encourage voluntary cooperation by persons, or affected groups in the restoration and preservation of the purity of the air resources within this state;

(2) encourage and conduct studies, investigations and research concerning air control;

(3) collect and disseminate information on air control;

(4) advise, consult and cooperate with other agencies of the state, political subdivisions of the state, industries, other states and the federal government, and with interested persons or groups in regard to matters of common interest in air control; and

(5) represent the State of Texas in any and all matters pertaining to plans, procedures or negotiations for interstate compacts.

Investigations; action on violations

Sec. 3.20. (a) The executive secretary is authorized to make or cause to have made investigations as he may deem advisable in administering the provisions of this Act and the rules, regulations, orders and determinations of the board, including without limitation investigations of violations and general air pollution problems or conditions. The executive secretary shall make or cause to have made such investigations as may be requested or directed by the board.

(b) Whenever it appears that any provision of this Act or any rule, regulation, determination or order of the board is being violated, the board, or the executive secretary when authorized by the board or this Act, may proceed under Section 4.02 of this Act, or hold a public hearing and enter orders on the alleged violation, or take any other action authorized in this Act as the facts may warrant.

(c) If a public hearing is held on an alleged violation, the board or the executive secretary shall give notice of the hearing to the person complained against and to such other interested persons as the board or executive secretary may designate. The executive secretary, on behalf of the board, at the request of the person complained against, shall subpoena and compel the attendance of those witnesses, and shall require the production for examination of any book or paper relating to the matter under investigation at the hearing, as that person may reasonably designate.

Board may grant variances

Sec. 3.21. The board may grant individual variances beyond the limitations prescribed in this Act or in the rules and regulations of the board whenever it is found, upon presentation of adequate proof, that compliance with any provision of this Act, or any rule or regulation of the board, will result in an arbitrary and unreasonable taking of property, or in the practical closing and elimination of any lawful business, occupation or activity, in either case without sufficient corresponding benefit or advantage to the people. Any person seeking a variance or to amend a variance shall submit a petition to the executive secretary containing all information reasonably required by the board or the executive secretary.

Action on petition

Sec. 3.22. (a) The executive secretary shall mail a copy of the variance petition or a summary of its contents to the mayor and health authorities of the city or town, and the county judge and health authorities of the county, in which the source or sources are or will be located, and to the same officials of other counties, cities and towns which, in the judgment of the executive secretary or the board, may be affected. The information shall be sent not less than 20 days before the date on which the petition is to be considered by the board.

(b) The executive secretary shall also proceed promptly to investigate the petition and to make a recommendation to the board on the disposition to be made of it.

(c) Any person may file with the board his comments or recommendations on the requested variance.

(d) Upon receiving the recommendation of the executive secretary, the board may, if the recommendation is for the granting of a variance, do so without hearing. If the executive secretary recommends against the granting of the variance, if a local government requests a hearing, or if the board in its discretion concludes that a hearing would be advisable, then a hearing shall be held before the board acts on the petition for variance.

Conditions of variance

Sec. 3.23. (a) In determining under what conditions and to what extent a variance from this Act or from a rule or regulation of the board may be granted, the board shall give due recognition to the progress which the person requesting the variance has made in controlling or preventing air pollution.

(b) In each variance, the board, in conformity with the intent and purpose of this Act to protect health and property, shall prescribe the conditions with which the holder of the variance shall comply, including:

(1) the duration of the variance;

(2) the extent of the abatement of emissions of air contaminants to be accomplished over a stated period of time, which shall be the time the board considers reasonable under the circumstances;

(3) any requirements as to the submission of periodic reports on the progress which the holder of the variance makes toward compliance with the Act or any rule or regulation as to which the variance has been granted; and

(4) the character and level of the emissions of air contaminants which may be made under the variance.

(c) After a public hearing, notice of which shall be given to the holder of the variance, the board may require the holder of a variance, from time to time, for good cause, to conform to new or additional conditions. The board shall allow the holder a reasonable time to conform to the new or additional conditions and, on application of the holder, the board may grant additional time.

(d) A variance does not become a vested right in the holder; and it may be revoked or suspended for good cause, after a public hearing, notice of which shall be given to the holder of the variance, on any of the following grounds:

(1) the holder has failed or is failing to comply with the conditions of the variance;

(2) the variance or operations under the variance have been abandoned; or

(3) the variance is no longer needed by the holder.

(e) The notice required by Subsections (c) and (d) of this section shall be sent to the holder of the variance at his last known address as shown by the records of the board.

For Annotations and Historical Notes, see V.A.T.S.

Extensions of variances

Sec. 3.24. The holder of a variance may request the board for an extension of the term of the variance. Notice of the request shall be mailed to the public officials as specified in Subsection (a) of Section 3.22 of this Act at least 10 days before the board acts on the request. Except as to the time for notice as specified in this section, the procedure which the board shall follow on a request for an extension of a variance shall be the same as in the case of an original petition for variance.

Failure of board to act on variance

Sec. 3.25. Upon the failure of the board to take action within 120 days after receipt in proper form of a petition for variance or to amend a variance, or of a request to extend a variance, the petitioner shall be entitled to assume that his petition has been denied, and he may perfect an appeal on this basis in the manner provided in Section 6.01 of this Act. However, until such time as the petitioner files his appeal in the manner provided in Section 6.01 of this Act, the board shall continue to have jurisdiction to act on the petition.

Effect of filing a variance petition

Sec. 3.26. The filing of a petition for variance or to amend a variance, or of a request to extend a variance, does not serve to abate any suit, whether by the board or a local government, or any hearing, investigation, or other proceeding which the board or a local government may then have in process or may thereafter initiate. The granting of a variance or amendment to a variance, or of an extension of a variance, shall operate to authorize emissions of air contaminants or other activities beyond the limitations prescribed in this Act or in the rules and regulations of the board from the effective date of the board's action, but only for the period and to the extent specified in the board's order.

SUBCHAPTER D. PROHIBITION AGAINST AIR POLLUTION; ENFORCEMENT

Unauthorized emissions prohibited

Section 4.01. (a) Except as authorized by a rule, regulation, variance or other order of the board, no person may cause, suffer, allow or permit the emission of any air contaminant or the performance of any activity which causes or contributes to, or which will cause or contribute to, a condition of air pollution.

(b) No person may cause, suffer, allow or permit the emission of any air contaminant or the performance of any activity in violation of this Act or of any rule, regulation, variance, or other order of the board.

(c) Any person who violates any provision of this Act or of any rule, regulation, variance, or other order of the board is subject to a civil penalty of not less than \$50 nor more than \$1,000 for each day of violation and for each act of violation, as the court may deem proper, to be recovered in the manner provided in this Subchapter.

Enforcement by board

Sec. 4.02. (a) Whenever it appears that a person has violated or is violating, or is threatening to violate any provision of this Act or of any rule, regulation, variance or other order of the board, then the board, or the executive secretary when authorized by the board, may cause a civil suit to be instituted in a district court for injunctive relief to restrain the person from continuing the violation or threat of violation, or for the assessment and recovery of a civil penalty of not less than \$50 nor more

than \$1,000 for each day of violation and for each act of violation, as the court may deem proper, or for both injunctive relief and civil penalty. Upon application for injunctive relief and a finding that a person is violating or threatening to violate any provision of this Act or of any rule, regulation, variance or other order of the board, the district court shall grant the injunctive relief the facts may warrant.

(b) At the request of the board, or the executive secretary when authorized by the board, the attorney general shall institute and conduct a suit in the name of the State of Texas for injunctive relief or to recover the civil penalty, or for both injunctive relief and penalty, as authorized in Subsection (a) of this section.

Enforcement by local governments

Sec. 4.03. Whenever it appears that a violation or threat of violation of any provision of Section 4.01 of this Act, or of any rule, regulation, variance or other order of the board has occurred or is occurring within the jurisdiction of a local government, exclusive of its extraterritorial jurisdiction, the local government, in the same manner as the board, may cause to be instituted through its own attorney a suit for the injunctive relief or civil penalties, or both, as authorized in Subsection (a) of Section 4.02 of this Act against the person who committed, or is committing or threatening to commit, the violation. This power may not be exercised by a local government unless its governing body adopts a resolution authorizing the exercise of the power. In a suit brought by a local government under this section, the board is a necessary and indispensable party.

Venue and procedure

Sec. 4.04. (a) A suit for injunctive relief or for recovery of a civil penalty, or for both injunctive relief and penalty, may be brought either in the county where the defendant resides or in the county where the violation or threat of violation occurs.

(b) In any suit brought to enjoin a violation or threat of violation of this Act or of any rule, regulation, variance or other order of the board, the court may grant the board or the local government, without bond or other undertaking, any prohibitory or mandatory injunction the facts may warrant including temporary restraining orders after notice and hearing, temporary injunctions, and permanent injunctions.

Dead animal and rendering raw material haulers

Sec. 6. A dead animal and/or rendering raw material hauler, who operates separately and apart from and not as a part or subsidiary of the rendering establishment or establishments and/or the related station or stations served by him and who is not an employee of any such establishment or station, shall nevertheless be subject to the provisions and requirements of Section 4, and shall obtain from the Health Authority a Dead Animal Hauler Operating License and/or Rendering Raw Material Hauler Operating License.

Operating licenses

Sec. 7. (a) Application for an operating license shall be under oath, shall state what type of operations are contemplated (whether rendering establishment, related station, or dead animal and/or rendering raw material hauler), shall give the location from which the business is to be conducted, and shall include such relevant information as the Health Authority may require to determine the applicant's compliance with Section 4 of the Act.

(b) Upon filing of an application and payment of the fee required by this Act, the Health Authority shall investigate the facts, and if it shall find that the applicant's operations or proposed operations are within the requirements of Section 4, it shall grant such application and issue to the applicant an operating license which shall be his license and authority to carry on a rendering business or a related station or to move dead animals or rendering raw materials, as the case may be, under the provisions of this Act.

(c) If the Health Authority shall not so find, it shall deny the application and notify the applicant in writing of the particular or particulars in which he fails to meet the requirements of Section 4. The applicant shall have 90 days in which to correct or remedy such shortcomings, after which the Health Authority shall again investigate the facts. If the Health Authority shall then determine that the applicant's operations do not meet the requirements of Section 4, it shall again deny the application and shall promptly notify the applicant in writing of the particular or particulars in which he fails to meet said requirements.

(d) An application twice denied by the Health Authority under Section 7(c) next above shall be deemed cancelled, and no license shall issue thereon; provided, however, that an applicant shall, upon request within 30 days after the second denial, be entitled to a hearing on such application before the Commissioner of Health within 30 days after the date of such request.

For Annotations and Historical Notes, see V.A.T.S.

(e) The Health Authority shall grant or deny each application within 30 days from its filing with the required fees, or from the expiration of the period in which to correct any shortcomings, if any, or from the hearing thereon, if any, unless the period is extended by written agreement between the applicant and the Health Authority.

Construction and general layout requirements

Sec. 8. (a) All construction of or within rendering establishments which is subject to this Act shall be such as will provide for sanitary operations and environmental conditions, prevent the spread of disease-producing organisms and infectious or noxious materials, and prevent the development of malodorous conditions or a nuisance. Rendering Establishment Construction Permits (when and as required by this Act) shall be granted by the Health Authority only to those persons who demonstrate their compliance with this subsection.

(b) Any new construction of a rendering establishment or involving the addition to or replacement in an existing rendering establishment of one or more of the component parts set forth below, shall be in compliance as to such new construction with the following specific requirements (or so many thereof as may apply), and compliance therewith shall be deemed to be compliance with Subsection (a) above:

(1) Rendering establishments shall provide sufficient space for the conduct in a sanitary manner of rendering operations and processes carried on therein; for the installation of necessary utility equipment; and for the installation of processing equipment in such a manner that such equipment is easily accessible for cleaning.

(2) Rendering establishments shall be constructed so as to be easily maintained in a sanitary condition and to prevent harborage areas for rodents, roaches, and other vermin.

(3) All floors in rendering establishments shall be constructed of good quality concrete, metal, or other equally impervious and easily cleanable material, and shall be smooth, graded to drain, and provided with an adequate number of trapped drains or other waste-disposal facilities approved by the Health Authority. Gutters, if used to conduct such drainage, shall be so constructed and located as to be easily cleaned and maintained in a sanitary condition.

(4) Walls, partitions, and posts in all rooms and areas of rendering establishments shall be finished with smooth, washable surfaces of concrete, metal, or other equally impervious and easily cleanable material.

(5) Ceilings, or the underside of the roof if used as a ceiling, and exposed overhead structures in all rooms or areas of rendering establishments shall have easily cleanable surfaces.

(6) All outer walls and roofs and openings therein shall be protected against the entrance of insects, rodents, and other vermin; and interior walls, partitions, posts, ceilings, and other overhead structures shall contain no crevices or openings which may provide harborage for rodents or insects.

(7) Sufficient ventilation shall be provided in rendering establishments to dispel disagreeable odors, condensate, and vapor. For this purpose, ventilating equipment such as individual fans, vents, and hoods shall be provided where necessary. Any mechanical ventilating equipment shall be so located and controlled as to prevent finished products or processing equipment from being contaminated from nearby or preceding operations or from other sources.

(8) Employee toilet rooms and dressing rooms shall be adequately vented to the outside air; and all space heaters, gas stoves, water heaters, and any other equipment giving off noxious odors, fumes, or vapors shall be vented to the outside air.

(9) All exhaust outlets from mechanical ventilation devices shall be conducted to the outside air and shall be so arranged, placed, and extended as to avoid creating a nuisance to adjacent areas.

(10) The water supply of each rendering establishment shall be from a public water supply acceptable to the Health Authority; or shall be from a private source complying with the requirements of the Health Authority, located, constructed, and, if necessary, treated so as to provide water of a safe, sanitary quality.

(11) There shall be no physical connection between the plant's water supply and any unsafe or questionable supply. The use of water from any such unsafe or questionable supply shall be permitted only for limited purposes such as fire control or ammonia condensers. In all cases supply lines for unsafe or questionable water shall be clearly identified.

(12) Hot and cold water shall be conveniently accessible to all parts of the establishment. Such water shall be under ample pressure and shall be available through such outlets and in such quantities as may be necessary to meet effectively the needs of the establishment at all times. The hot water system shall have sufficient capacity to furnish ample water with a temperature of at least 180 degrees F. during all periods of processing and cleanup operations.

(13) The plumbing system in each rendering establishment shall be installed in compliance with the state law and applicable local plumbing ordinances; and shall be so designed, installed, and maintained as to protect the plant's water supply from contamination through cross-connections, back siphonage, back-flow leakage, or condensation. The plumbing system shall readily carry away all liquid wastes.

(14) Where necessary to prevent discharge into the drainage system of solid wastes likely to clog the drainage system, the liquid wastes containing such solid materials shall be passed through a separator or indirect-waste receptor which shall effectively retain such solids prior to discharge into the drainage system.

(15) Rendering establishments shall provide toilet and dressing room facilities for employees of each sex. The design, construction, and equipment of such rooms shall require approval of the Health Authority. Provided, however, that this requirement shall have no application to toilet and/or dressing facilities contained in the managerial office area of a rendering establishment.

(16) A paved area, adequate in size and provided with adequate drains leading to a sanitary sewer system, shall be provided for the washing and sanitizing of trucks.

(c) The provisions of this section shall not apply to rendering establishments in existence and doing business as of the effective date of this Act; provided, however, that should an existing rendering establishment enter upon a program whereby its existing facilities are improved through new construction by the addition thereto or replacement of one or more of the component parts set forth in Subsection (b) above, then such new construction involving an addition or replacement of a Subsection (b) component (but only such new construction and not any other new construction or any already existing Subsection (b) component) shall be in compliance with this section, and a construction permit shall be obtained from the Health Authority (when and as required by this Act).

(d) Nothing contained herein shall require a construction permit from the Health Authority for construction of a new rendering establishment or new construction involving the addition or replacement in an existing rendering establishment of one or more Section 8(b) components where the cost to the rendering establishment of all Section 8(b) components involved and included in the new rendering establishment or the new construction to an existing rendering establishment is less than \$5,000; provided, however, that any and all such construction, notwithstanding

the fact that no construction permit is required therefor, shall be undertaken and carried out in compliance with the requirements of Section 8

Related station construction

Sec. 9. The construction of a new related station, or any new construction involving the addition to or replacement in an existing related station of one or more of the component parts set forth in Section 8(b) above, not undertaken in connection with and as a part of the construction of or new construction involving an addition of a Section 8(b) component or components to a rendering establishment for which a Rendering Establishment Construction Permit including the related station has been obtained, shall be subject to the provisions and requirements of Section 8, and shall be undertaken and carried out only in compliance with the requirements of Section 8 and after obtaining from the Health Authority (when and as required by this Act) a Related Station Construction Permit.

Construction permits

Sec. 10. (a) Application for a construction permit shall be under oath, shall state what type of construction is contemplated (whether new rendering establishment or new construction involving the addition or replacement of a Section 8(b) component or components; rendering establishment or related station) shall specify when the proposed construction is to take place, and shall include such relevant information as the Health Authority may require to determine the applicant's compliance with Section 8 of this Act.

(b) Upon filing of an application and payment of the fees required by this Act, the Health Authority shall investigate the facts, and if it shall find that the applicant's proposed construction is within the requirements of Section 8, it shall grant such application and issue to the applicant a construction permit which shall be his permit and authority to carry forward with and complete the proposed construction.

(c) If the Health Authority shall not so find, it shall deny the application and notify the applicant in writing of the particular or particulars in which he fails to meet the requirements of Section 8. The applicant shall have 90 days in which to correct or remedy such shortcomings, at the end of which the Health Authority shall again investigate the facts. If the Health Authority shall then determine that the applicant's operations do not meet the requirements of Section 8, it shall again deny the application and shall promptly notify the applicant in writing of the particulars in which he fails to meet said requirements.

(d) An application twice denied by the Health Authority under Section 10(c) next above shall be deemed cancelled, and no license shall issue thereon; provided, however, that an applicant shall, upon request within 30 days after the second denial, be entitled to a hearing on such application before the Commissioner of Health within 30 days after the date of such request.

(e) The Health Authority shall grant or deny each application within 30 days from its filing with the required fees, or from the expiration of the period in which to correct any shortcomings, if any, or from the hearing thereon, if any, unless the period is extended by written agreement between the applicant and the Health Authority.

Each operating license and construction permit shall state the address of the rendering establishment, related station, or in the case of a Dead Animal and/or Rendering Raw Material Hauler Operating License, the dead animal and/or rendering raw material hauler, and the name of the licensee or permittee. The license or permit shall be dis-

played at the place of business named in the license or the place of construction named in the permit. The license or permit shall not be transferable or assignable except upon approval by the Health Authority.

Annual renewal

Sec. 13. Each license and permit shall remain in full force and effect until relinquished, suspended, revoked, or expired. All operating licenses shall be issued and granted for one year only, and shall be renewed annually, if desired, by the licensee. Every licensee desiring to renew his operating license shall, on or before each January 1st, pay the Health Authority the required fee. Upon receipt of said fee, the license shall be automatically renewed for the ensuing calendar year. If the annual renewal fee remains unpaid 15 days after written notice of delinquency has been given to the licensee by the Health Authority, the license shall, unless good cause for such failure to renew is shown, thereupon expire, and thereafter shall be renewed only upon a new application pursuant to the provisions of this Act.

For Annotations and Historical Notes, see V.A.T.S.

Revocation of operating licenses or construction permits

Sec. 14. (a) The Commissioner of Health may, after notice and hearing, suspend or revoke any operating license or construction permit if it finds:

(1) that the licensee, either knowingly or without the exercise of due care to prevent the same, has violated any provision of this Act or any regulation or order lawfully made pursuant to and within the authority of this Act; or

(2) that any fact or condition exists which, had it existed or been known to exist at the time of the original application for such license or permit, would have justified the Health Authority in refusing to issue such license or permit.

Upon observing any such violation of this Act, the Commissioner of Health shall call the violation to the attention of the licensee or permittee and allow him a reasonable time to correct the violation; upon the failure of the licensee or permittee to do so, the Health Authority shall give notice of a hearing to suspend or revoke the license or permit, as hereinafter provided.

(b) The hearing shall be held upon 30 days' notice in writing setting forth the time and place thereof and a concise statement of the facts alleged to sustain the suspension or revocation. The hearing shall be full, fair, and public. Such suspension or revocation and its effective date shall be set forth in a written order accompanied by findings of fact, and a copy thereof shall be forthwith delivered to the licensee, or permittee. Such order, findings, and the evidence considered by the Commissioner of Health shall be filed with the public records of the Health Authority.

(c) The Commissioner of Health may reinstate a suspended license or permit or issue a new license or permit to a person whose license or permit has been revoked if no fact or condition exists which would have justified the Health Authority in refusing originally to issue such license or permit under this Act.

Inspection required

Sec. 15. At least once each year and at such other times as the Health Authority shall deem necessary, the Health Authority shall make an examination of the place of business of each operating licensee and the place of construction, so long as it is continuing, of each construction permittee, and shall inquire into and examine the premises, equipment, and operations of such licensee or permittee insofar as they pertain to the matters regulated by this Act. In the course of such examination, the Health Authority shall have free access to the place of business of each operating licensee and the place of construction of each construction permittee. Any licensee or permittee who shall unreasonably fail or refuse to cooperate with and assist the Health Authority in its examination of the licensee or permittee shall thereby be deemed in violation of this Act, and such failure or refusal shall constitute grounds for the suspension or revocation of such license or permit.

Dead animal records

Sec. 16. (a) Each licensed rendering establishment, related station (under Section 5 above), and dead animal hauler (under Section 6 above) shall provide itself with a Dead Animal Log of a type and size prescribed by the Health Authority. Each such log shall contain in the front thereof the name of the licensed rendering establishment, related station, or dead animal hauler who will use the log. When a licensed rendering establishment, related station, or dead animal hauler receives a dead ani-

mal or animals, it shall for each such animal immediately enter upon the Dead Animal Log the following information:

- (1) date and time of pick-up of animal;
- (2) name of driver of collection vehicle;
- (3) description of the dead animal;
- (4) location of the dead animal, including county; and
- (5) the owner of the dead animal, if known.

A record of the general route followed in making such collection shall likewise be kept, either in the log or in an appendix thereto.

(b) The Dead Animal Log maintained by each licensed rendering establishment, related station, or dead animal hauler shall be open for inspection by the Health Authority, or by persons with written authorization from the Health Authority, at all reasonable times. Repeated or willful failure or refusal to produce such log for, or to permit inspection thereof by, persons properly authorized to inspect such log shall constitute grounds for the revocation of such person's operating license.

Regulations

Sec. 17. (a) The Commissioner of Health may make regulations necessary for the enforcement of this Act and consistent with all its provisions. Each such regulation shall include reference only to the section or subsection to which it applies. Before making a regulation, the Commissioner of Health shall give every licensee and current permittee at least 30 days' written notice of a public hearing, stating the time and place thereof and the terms or substance of the proposed regulation. At the hearing, any licensee or current permittee may be heard and may introduce evidence, data, or arguments or place the same on file. No regulation shall be promulgated except after consideration of all relevant matter presented, and every such regulation shall be in written form, stating its effective date and the date of promulgation. Each regulation shall be entered in a permanent book which shall be a public record and be kept in the office of the Health Authority. A copy of every regulation shall be mailed to each licensee and current permittee and no regulation shall become effective until the expiration of at least 30 days after such mailing.

(b) On application of any person and payment of the cost thereof, the Health Authority shall furnish, under its seal and signed by an authorized representative, a certificate of good standing, and a certified copy of any license, permit, regulation, or order.

(c) Any transcript of any hearing held by the Commissioner of Health or findings by the Commissioner of Health or the Health Authority under this Act shall be a public record and open to inspection at all reasonable times.

Hearings and review

Sec. 18. (a) At all hearings before the Commissioner of Health under the provisions of this Act, parties in interest shall have the right to appear in person and by counsel, and to present oral and written evidence. If requested by a party in interest, a record shall be made of all evidence offered by such party and all other evidence considered by the Commissioner of Health.

(b) Any party in interest aggrieved by any order, ruling, or decision of the Commissioner of Health may, within 30 days after the date of entry, file in the District Court of Travis County, Texas, a petition against the Health Authority officially as defendant, alleging therein in brief detail the order, ruling, or decision complained of and praying for a reversal or modification thereof. The Health Authority shall within 30 days after the service upon it of such petition, certify to said district court the rec-

ord of the proceedings to which the petition refers, or such portion thereof as may be required by the petitioner. The cost of preparing and certifying such record shall be paid to the Health Authority by the petitioner and taxed as a part of the costs of the case. Upon the filing of an answer by the Health Authority, the case before the district court shall be at issue, without further pleadings, and upon application of either party shall be advanced and heard without further delay upon a trial de novo as that term is used in appealing from justice of the peace court to county courts.

(c) Upon a showing of cause therefor by any party in interest, the Commissioner of Health or the court may enter an order staying, pending appeal, the effect of an order of the Commissioner of Health from which the party in interest desires to appeal.

Penalty for violations

Sec. 19. (a) Any person who continues operations or construction which is subject to regulation under this Act without obtaining and keeping in force a valid operating license or construction permit, or who willfully falsifies any of the records required by this Act, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not less than \$50 nor more than \$500, or by imprisonment in the county jail for a period of not more than 30 days, or by both such fine and imprisonment. Each day of such violation shall be a separate offense.

(b) In addition to all actions provided for in this Act and without prejudice thereto, the Health Authority may bring an injunction suit in any district court of this state having jurisdiction and venue to compel compliance with any provision of this Act or restrain any actual or threatened violation thereof. In any such action an order or judgment may be entered awarding such preliminary or final injunction as may be deemed proper.

Powers of municipalities, Texas Commercial Feed Control Act of 1957, pollution control laws and regulations; unaffected

Sec. 20. Nothing in this Act shall be construed as precluding any municipality from passing any ordinance regulating the rendering business within its boundaries, or as affecting or nullifying any existing municipal law or ordinance regulating such; provided, however, that all rendering establishments, related stations, and dead animal and/or rendering raw material haulers subject to regulation under this Act shall at all times comply with and adhere to the provisions of this Act, whether so required by municipal ordinance or not. Likewise, nothing in this Act shall be construed as affecting, amending or repealing the "Texas Commercial Feed Control Act of 1957," Chapter 23, Acts of the 55th Legislature, Regular Session, 1957¹, or as repealing or affecting any law of this state or rule or regulation of any public regulatory body having as its subject the control of water or air pollution.

State solid waste agency; designations; duties

Sec. 3. (a) The department is hereby designated the state solid waste agency with respect to the collection, handling, storage, and disposal of municipal solid waste, and shall be the coordinating agency for all municipal solid waste activities. The department shall be guided by the State Board of Health in its activities relating to municipal solid waste. The department shall seek the accomplishment of the purposes of this Act through the control of all aspects of municipal solid waste collection, handling, storage, and disposal by all practical and economically feasible methods consistent with the powers and duties given the department under this Act and other existing legislation. The department has the powers and duties specifically prescribed in this Act and all other powers necessary or convenient to carry out its responsibilities. The department shall consult with the board with respect to the water pollution control and water quality aspects, and with the Texas Air Control Board with respect to the air pollution control and ambient air quality aspects, of the matters placed under the jurisdiction of the department by this Act.

(b) The board is hereby designated the state solid waste agency with respect to the collection, handling, storage and disposal of industrial solid waste, and shall be the coordinating agency for all industrial solid waste activities. The board shall seek the accomplishment of the purposes of this Act through the control of all aspects of industrial solid waste collection, handling, storage and disposal by all practical and economically feasible methods consistent with the powers and duties given it under this Act and other existing legislation. The board has the powers and duties specifically prescribed in this Act and all other powers necessary or convenient to carry out its responsibilities. The board shall consult with the department with respect to the public health aspects, and with the Texas Air Control Board with respect to the air pollution control and ambient air quality aspects, of the matters placed under the jurisdiction of the board by this Act.

(c) Where both municipal solid waste and industrial solid waste are involved in any activity of collecting, handling, storing or disposing of solid waste, the department is the state agency responsible and has jurisdiction over the activity; and, with respect to that activity, the department may exercise all of the powers, duties and functions vested in the department by this Act.

State agencies; authority and powers; permits

Sec. 4. (a) As used in this section, the term "state agency" refers to either the department or the board, and "state agencies" means both the department and the board.

(b) The department is authorized to develop a state municipal solid waste plan, and the board is authorized to develop a state industrial solid waste plan. The state agencies shall coordinate the solid waste plans developed. Before a state agency adopts its solid waste plan or makes any significant amendments to the plan, the Texas Air Control Board shall have the opportunity to comment and make recommendations on the proposed plan or amendments, and shall be given such reasonable time to do so as the state agency may specify.

(c) Each state agency may adopt and promulgate rules and regulations consistent with the general intent and purposes of this Act, and establish minimum standards of operation for all aspects of the management and control of the solid waste over which it has jurisdiction under this Act, including but not limited to collection, handling, and storage, and disposal by incineration, sanitary landfill, composting, or other method.

(d) Each state agency is authorized to inspect and approve sites used or proposed to be used for the disposal of the solid waste over which it has jurisdiction.

(e) Except as provided in Subsection (f) of this section with respect to certain industrial solid wastes, each state agency has the power to require and issue permits authorizing and governing the operation and maintenance of sites used for the disposal of solid waste. This power may be exercised by a state agency only with respect to the solid waste over which it has jurisdiction under this Act. If this power is exercised by a state agency, that state agency shall prescribe the form of and reasonable requirements for the permit application and the procedures to be followed in processing the application, to the extent not otherwise provided for in this subsection. The following additional provisions apply if a state agency exercises the power authorized in this subsection:

(1) The state agency to whom the permit application is submitted shall mail a copy of the application or a summary of its contents to the Texas Air Control Board, to the other state agency, to the mayor and health authorities of any city or town within whose extraterritorial jurisdiction the solid waste disposal site is located, and to the county judge and health authorities of the county in which the site is located. The governmental entities to whom the information is mailed shall have a reasonable time, as prescribed by the state agency to whom the application was originally submitted, to present comments and recommendations on the permit application before that state agency acts on the application.

(2) A separate permit shall be issued for each site. The permit shall include the names and addresses of the person who owns the land where the waste disposal site is located and the person who is or will be the operator or person in charge of the site; a legal description of the land on which the site is located; and the terms and conditions on which the permit is issued, including the duration of the permit.

(3) The state agency may extend or renew any permit it issues in accordance with reasonable procedures prescribed by the state agency. The procedures prescribed in Paragraph (1) of this Subsection (e) for permit applications apply also to applications to extend or renew a permit.

(4) If a permit is issued, renewed, or extended by a state agency in accordance with this Subsection (e), the owner or operator of the site does not need to obtain a license for the same site from a county, or from a political subdivision exercising the authority granted in Section 6 of this Act.

(5) A permit is issued in personam and does not attach to the realty to which it relates. A permit may not be transferred without prior notice to and prior approval by the state agency which issued it.

(6) The state agency has the authority, for good cause, after hearing with notice to the permittee and to the governmental entities named in Paragraph (1) of this Subsection (e), to revoke or amend any permit it issues for reasons pertaining to public health, air or water pollution, land use, or violation of this Act or of any other applicable laws or regulations controlling the disposal of solid waste.

(f) This subsection applies to the collection, handling, storage, and disposal of industrial solid waste which is disposed of within the property boundaries of a tract of land owned and controlled by the owners or operators of the particular industrial plant, manufacturing plant, mining operation, or agricultural operation from which the waste results or is produced, and which tract of land is within 50 miles from the plant or operation which is the source of the industrial solid waste. This subsection does not apply if the waste is collected, handled, stored, or disposed of with solid waste from any other source or sources. The board may not require a permit under this Act for the disposal of any solid waste to which this subsection applies, but this does not change or limit any authority the board may have with respect to the requirement of permits, the control of water quality, or otherwise, under the Texas Water

For Annotations and Historical Notes, see V.A.T.S.

Quality Act. However, the board may adopt rules and regulations as provided under Subsection (c) of this section to govern and control the collection, handling, storage, and disposal of the industrial solid waste to which this subsection applies so as to protect the property of others, public property and rights-of-way, groundwater, and other rights requiring protection. The board may require a person who disposes or plans to dispose of industrial solid waste under the authority of this subsection to submit to the board such information as may be reasonably required to enable the board, or the executive director of the board when so authorized by the board, to determine whether in the judgment of the board or the executive director the waste disposal activity is one to which this subsection applies.

(g) The state agencies may, either individually or jointly:

(1) provide educational, advisory, and technical services to other agencies of the state, regional planning agencies, local governments, special districts, institutions, and individuals with respect to solid waste management and control, including collection, storage, handling and disposal;

(2) assist other agencies of the state, regional planning agencies, local governments, special districts, and institutions in acquiring federal grants for the development of solid waste facilities and management programs, and for research to improve the state of the art; and

(3) accept funds from the federal government for purposes relating to solid waste management, and to expend money received from the federal government for those purposes in the manner prescribed by law and in accordance with such agreements as may be necessary and appropriate between the federal government and each state agency.

If a state agency engages in any of the programs and activities named in this subsection on an individual basis, it may do so only as the participation by that state agency is related to the management and control of the solid waste over which it has jurisdiction. When the state agencies do not participate jointly, they shall coordinate on any efforts undertaken by either one individually so that similar programs and activities of the state agencies will be compatible.

(h) The state agencies are authorized to administer and expend state funds provided to them by legislative appropriations, or otherwise, for the purpose of making grants to local governments for solid waste planning, the installation of solid waste facilities, and the administration of solid waste programs. The grants made under the terms of this Act shall be distributed in a manner determined by the state agency to whom the appropriation is made. Any financial assistance granted by the state through either of the state agencies to any local government under the terms of this Act must, at a minimum, be equally matched by local government funds.

County powers

Sec. 5. (a) Every county has the solid waste management powers which are enumerated in this Section 5. However, the exercise of the licensing authority and other powers granted to counties by this Act does not preclude the department or the board from exercising any of the powers vested in the department or the board under other provisions of this Act, including specifically the provisions authorizing the department and the board to issue permits for the operation and maintenance of sites for the disposal of solid waste. The powers specified in Subsections (d), (e), and (g) of this section may not be exercised by a county with respect to the industrial solid waste disposal practices and areas to which Subsection (f) of Section 4 of this Act applies. The department or the board, by specific action or directive, may supersede any authority or power granted to or exercised by a county under this Act, but only

with respect to those matters which are, under this Act, within the jurisdiction of the state agency acting.

(b) A county is authorized to appropriate and expend money from its general revenues for the collection, handling, storage and disposal of solid waste and for administering a solid waste program; and to charge reasonable fees for the services.

(c) A county may develop county solid waste plans and coordinate those plans with the plans of local governments, regional planning agencies, other governmental entities, the department, and the board.

(d) Except as provided in Subsection (a) of this section, a county is empowered to require and issue licenses authorizing and governing the operation and maintenance of sites used for the disposal of solid waste in areas not within the territorial limits of incorporated cities and towns. If this power is exercised, the county shall prescribe the form of and reasonable requirements for the license application and the procedures to be followed in processing the application, to the extent not otherwise provided for in this subsection. The following additional provisions apply if a county exercises the power authorized in this Subsection (d):

(1) The county shall mail a copy of the license application or a summary of its contents to the department, the board, and the Texas Air Control Board, and to the mayor and health authorities of any city within whose extraterritorial jurisdiction the solid waste disposal site is located. The governmental entities to whom the information is mailed shall have a reasonable time, as prescribed by the county, to submit comments and recommendations on the license application before the county acts on the application.

(2) A separate license shall be issued for each site. The license shall include the names and addresses of the person who owns the land where the waste disposal site is located and the person who is or will be the operator or person in charge of the site; a legal description of the land on which the site is located; and the terms and conditions on which the license is issued, including the duration of the license. The county is authorized to charge a fee for a license of not to exceed \$100.00, as set by the commissioners court of the county. Receipts from the fees shall be placed in the general revenue fund of the county.

(3) The county may extend or renew any license it issues in accordance with reasonable procedures prescribed by the county. The procedures prescribed in Paragraph (1) of this Subsection (d) apply also to applications to extend or renew a license.

(4) No license for the use of a site for disposal of solid waste may be issued, renewed, or extended without the prior approval, as appropriate, of the department or the board, or the executive director of the board when so authorized by the board. If a license is issued, renewed, or extended by a county in accordance with this Subsection (d), the owner or operator of the site does not need to obtain a permit from the department or the board for the same site.

(5) A license is issued in personam and does not attach to the realty to which it relates. A license may not be transferred without prior notice to and prior approval by the county which issued it.

(6) The county has the authority, for good cause, after hearing with notice to the licensee and to the governmental entities named in Paragraph (1) of this Subsection (d), to revoke or amend any license it issues for reasons pertaining to public health, air or water pollution, land use, or violation of this Act or of any other applicable laws or regulations controlling the disposal of solid waste. For like reasons, the department and the board each may, for good cause, after hearing with notice to the licensee, the county which issued the license, and the other governmental entities named in Paragraph (1) of this Subsection (d), revoke or amend any license issued by a county, but only as to those sites which fall, under the terms of this Act, within the jurisdiction of the state agency acting.

For Annotations and Historical Notes, see V.A.T.S.

(e) Subject to the limitation specified in Subsection (a) of this section, a county may designate land areas not within the territorial limits of incorporated cities and towns as suitable for use as solid waste disposal sites. The county shall base these designations on the principles of public health, safety, and welfare, including proper land use, compliance with state statutes, the reasonable projections of growth and development for any city or town within whose extraterritorial jurisdiction the land area may be located, and any other pertinent considerations.

(f) A county is authorized to enforce the requirements of this Act and the rules and regulations promulgated by the department and the board as related to the handling of solid waste.

(g) Subject to the limitation prescribed in Subsection (a) of this section, a county, acting through its commissioners court, may make regulations for the areas of the county not within the territorial limits of incorporated cities and towns to provide for governing and controlling solid waste collection, handling, storage and disposal. The regulations shall not authorize any activity, method of operation or procedure which is prohibited by this Act or by the rules and regulations of the department or the board. The county shall not, in its regulations, under the licensing power granted in this Act, or otherwise, prohibit the use of a site within the county for the disposal of solid waste on the basis that the solid waste originates outside that county, or impose any unreasonable requirements on the disposal of such solid waste in the county not warranted by the circumstances. The county may institute legal proceedings to enforce its regulations.

(h) A county may enter into cooperative agreements with local governments and other governmental entities for the purpose of the joint operation of solid waste collection, handling, storage and disposal facilities, and to charge reasonable fees for the services.

Political subdivisions with jurisdiction in two or more counties

Sec. 6. This section applies to a political subdivision of the state which has jurisdiction over two or more counties or parts of two or more counties, and which has been granted the power by the Legislature to regulate solid waste handling or disposal practices or activities within its jurisdiction. The governing body of such a political subdivision may, by formal resolution, assume for the political subdivision the exclusive authority to exercise, within the area subject to its jurisdiction, the powers granted in this Act to a county, to the exclusion of the exercise of the same powers by the counties otherwise having jurisdiction over the area. In the exercise of these powers the political subdivision is subject to the same duties, limitations and restrictions applicable to counties under this Act. When a political subdivision assumes this authority, it shall also serve as the coordinator of solid waste handling and disposal practices and activities for all cities, counties and other governmental entities within its jurisdiction which have solid waste disposal regulatory powers or engage in solid waste handling or disposal practices or activities. Once a political subdivision assumes the authority granted in this section, it is empowered to and shall exercise the authority so long as the resolution of the political subdivision remains in effect.

Right of entry; inspections

Sec. 7. The authorized agents or employees of the department, the board, and local governments have the right to enter at all reasonable times in or upon any property, whether public or private, within the governmental entity's jurisdiction, including in the case of an incorporated city or town its extraterritorial jurisdiction, for the purpose of inspecting and investigating conditions relating to solid waste management and control. Agents and employees shall not enter private property having management in residence without notifying the management, or the

person in charge at the time, of their presence and exhibiting proper credentials. The agents and employees shall observe the rules and regulations of the establishment being inspected concerning safety, internal security, and fire protection.

Prohibited acts; violations; penalties; injunction

Sec. 8. (a) No person may cause, suffer, allow or permit the collection, storage, handling or disposal of solid waste, or the use or operation of a site for the disposal of solid waste, in violation of this Act or of the rules, regulations, permits, licenses or other orders of the department or the board, or a county or a political subdivision exercising the authority granted in Section 6 of this Act within whose jurisdiction the violation occurs.

(b) Any person who violates any provision of this Act or of any rule, regulation, permit, license, or other order of the department or the board, or a county or a political subdivision exercising the authority granted in Section 6 of this Act within whose jurisdiction the violation occurs, is subject to a civil penalty of not less than \$50.00 nor more than \$1,000.00 for each act of violation and for each day of violation, as the court may deem proper, to be recovered in the manner provided in this Section 8.

(c) Whenever it appears that a person has violated, or is violating or threatening to violate, any provision of this Act, or of any rule, regulation, permit, or other order of the department or the board, then the department or the board, or the executive director of the board when so authorized by the board, may cause a civil suit to be instituted in a district court for injunctive relief to restrain the person from continuing the violation or threat of violation, or for the assessment and recovery of a civil penalty of not less than \$50.00 nor more than \$1,000.00 for each act of violation and for each day of violation, as the court may deem proper, or for both injunctive relief and civil penalty. Upon application for injunctive relief and a finding that a person is violating or threatening to violate any provision of this Act or any rule, regulation, permit, or other order of the department or the board, the district court shall grant appropriate injunctive relief. At the request of the department or the board, or the executive director of the board when so authorized by the board, the attorney general shall institute and conduct a suit in the name of the State of Texas for injunctive relief or to recover the civil penalty, or for both injunctive relief and penalty, as authorized in this subsection.

(d) Whenever it appears that a violation or threat of violation of any provision of this Act, or of any rule, regulation, permit, license, or other order of the department, the board, a county, or a political subdivision exercising the authority granted in Section 6 of this Act, has occurred or is occurring within the jurisdiction of that county or political subdivision, the county or political subdivision, in the same manner as the board and the department, may cause a civil suit to be instituted in a district court through its own attorney for the injunctive relief or civil penalties, or both, as authorized in Subsection (c) of this section, against the person who committed, is committing, or is threatening to commit, the violation.

(e) Whenever it appears that a violation or threat of violation of any provision of this Act, or of any rule, regulation, permit, license, or other order of the department, the board, a county, or a political subdivision exercising the authority granted in Section 6 of this Act, has occurred or is occurring within the area of the extraterritorial jurisdiction of an incorporated city or town, or is causing or will cause injury to or an adverse effect on the health, welfare or physical property of the city or town or its inhabitants, then the city or town, in the same manner as the board and the department, may cause a civil suit to be instituted in a district court through its own attorney for the injunctive relief or civil penalties, or both, as authorized in Subsection (c) of this section, against the person who committed, is committing, or is threatening to commit, the violation.

For Annotations and Historical Notes, see V.A.T.S.

(f) A suit for injunctive relief or for recovery of a civil penalty, or for both injunctive relief and penalty, may be brought either in the county where the defendant resides or in the county where the violation or threat of violation occurs. In any suit brought to enjoin a violation or threat of violation of this Act or of any rule, regulation, permit, license or other order of the board, the department, a county, or a political subdivision exercising the authority granted in Section 6 of this Act, the court may grant the governmental entity bringing the suit, without bond or other undertaking, any prohibitory or mandatory injunction the facts may warrant, including temporary restraining orders after notice and hearing, temporary injunctions, and permanent injunctions.

(g) In a suit brought by a local government under Subsection (d) or (e) of this section, the board and the department are necessary and indispensable parties.

(h) Any party to a suit may appeal from a final judgment as in other civil cases.

(i) All civil penalties recovered in suits instituted under this Act by the State of Texas through the board or the department shall be paid to the General Revenue Fund of the State of Texas. All civil penalties recovered in suits first instituted by a local government or governments under this Act shall be equally divided between the State of Texas on the one hand and the local government or governments on the other, with 50 per cent of the recovery to be paid to the General Revenue Fund of the State of Texas and the other 50 per cent equally to the local government or governments first instituting the suit.

Appeals

Sec. 9. A person affected by any ruling, order, decision, or other act of the department or the board may appeal by filing a petition in a district court of Travis County. A person affected by any ruling, order, decision, or other act of a county, or of a political subdivision exercising the authority granted in Section 6 of this Act, may appeal by filing a petition in a district court having jurisdiction in the county or political subdivision. The petition must be filed within 30 days after the date of the action, ruling, order, or decision of the governmental entity complained of. Service of citation must be accomplished within 30 days after the date the petition is filed. The plaintiff shall pursue his action with reasonable diligence. If the plaintiff does not prosecute his action within one year after the action is filed, the court shall presume that the action has been abandoned. In an appeal from an action by the department, the board, a county, or a political subdivision exercising the authority granted in Section 6 of this Act, the issue is whether the action is invalid, arbitrary or unreasonable.

Nothing in this Act diminishes or limits, or is intended to diminish or limit, the authority of the department, the board, the Texas Air Control Board, or local governments in performing any of the powers, functions, and duties vested in those governmental entities by other laws.

Title of Act:

An Act relating to the sale and lease back and renting or leasing and purchase of

land, buildings, facilities, or equipment for hospital district purposes in certain counties; and declaring an emergency. Acts 1969, 61st Leg., p. 67, ch. 15.

Art. 4494r—2. Issuance of revenue bonds in counties of 500,000 or more

Section 1. The commissioners court of every county containing a population of 500,000 or more, according to the last preceding federal census, wherein there exists a hospital district which has been created by law pursuant to any Section of Article IX of the Texas Constitution and which has teaching hospital facilities that are affiliated with a state-supported medical school, shall be authorized and have the power to issue revenue bonds for the purpose of providing funds to acquire, purchase, construct, repair, renovate, improve, enlarge, and/or equip any hospital facilities, and to acquire any real or personal property in connection therewith, for and on behalf of said hospital district. Such commissioners court shall be authorized to issue said revenue bonds to be payable from and secured by liens on and pledges of all or any part of the revenues and income of every nature derived by the hospital district from the operation and/or ownership of its hospital facilities (exclusive of ad valorem taxes). Also, the commissioners court shall be authorized to pledge to the payment of said bonds all or any part of any grant, donation, or income received or to be received from the United States government or any other public or private source, whether pursuant to an agreement or otherwise. Said bonds may be additionally secured by mortgages and deeds of trust on any real property on which any hospital facilities of the hospital district are or will be located, and any real or personal property incident or appurtenant to said facilities, and the commissioners court may authorize the execution and delivery of trust indentures, mortgages, deeds of trust, or other forms of encumbrances to evidence same. Said bonds may be issued to mature serially or otherwise not to exceed 40 years from their date. In the authorization of any such bonds, the commissioners court may provide for the subsequent issuance of additional parity bonds, or subordinate lien bonds, or other types of bonds, under such terms or conditions as may be set forth in the order authorizing the issuance of said bonds, all

For Annotations and Historical Notes, see V.A.T.S.

within the discretion of the commissioners court. Said bonds, and any interest coupons appertaining thereto, shall be negotiable instruments (provided that such bonds may be issued registrable as to principal alone or as to both principal and interest), and shall be executed, and may be made redeemable prior to maturity, and may be issued in such form, denominations, and manner, and under such terms, conditions, and details, and may be sold in such manner, at such price, and under such terms, and said bonds shall bear interest at any rate or rates, all as shall be determined and provided by the commissioners court in the order authorizing the issuance of said bonds. If so permitted in the bond order, any required part of the proceeds from the sale of the bonds may be used for paying interest thereon during the period of the construction of any hospital facilities to be provided through the issuance of said bonds, and for the payment of operation and maintenance expenses of said facilities to the extent, and for the period of time, specified in said bond order, and also for the creation of reserves for the payment of the principal of and interest on the bonds; and such moneys may be invested, until needed, to the extent, and in the manner provided, in said bond order. The commissioners court or the board of hospital managers or directors of the hospital district shall be authorized to fix and collect charges for the occupancy or use of any of said hospital facilities, and the services thereof, in such amounts and in such manner as may be determined by such commissioners court or board; and such charges shall be fixed and collected in such amounts as will be at least sufficient, together with any other pledged resources, to provide for all payments of principal, interest, and any other amounts required in connection with said bonds, and, to the extent required by the bond order, to provide for payment of all or any part of the operation, maintenance, and other expenses of the hospital facilities. The commissioners court or the board of hospital managers or directors of the hospital district shall make provision in each annual hospital district budget for the payment of all operation and maintenance expenses of the hospital district. In preparing the budget, the commissioners court or board may take into consideration the estimated excess revenues and income from hospital facilities that will be available for paying operation and maintenance expenses after providing for all principal, interest, and reserve requirements in connection with said bonds. To the extent that such excess revenues and income are not available at any time to make payment of all operation and maintenance expenses of the hospital district, ad valorem taxes of the hospital district shall be used to make such payment, and the proceeds of an annual ad valorem tax may be pledged for such payment in the order authorizing the issuance of said bonds. If such annual ad valorem tax is thus pledged it shall be the duty of the commissioners court, during each year while any of said bonds are outstanding, to compute and ascertain a rate and amount of ad valorem tax which will be sufficient to raise and produce the money required to make the aforesaid payment of operation and maintenance expenses to the extent required; and said tax shall be based on the latest approved tax rolls of the hospital district, with full allowance being made for tax delinquencies and the cost of tax collection. Said rate and amount of ad valorem tax shall be levied, and ordered to be levied, against all taxable property in the hospital district, for each year while any of said bonds are outstanding; and said tax shall be assessed and collected each such year and used for such purpose to the extent so required. Said rate and amount of ad valorem tax shall be levied and ordered to be levied against all taxable property within the hospital district subject to hospital district taxation for each year while any of said bonds are outstanding; and said tax shall be assessed and collected each such year and used for such purposes to the extent so required.

Sec. 2. Any revenue bonds issued by any such commissioners court under this Act, and any revenue bonds issued by any such commissioners court under any other Texas statute and payable from revenues from any hospital facilities, may be refunded or otherwise refinanced by such commissioners court, and in such case all pertinent and appropriate provisions of this Act shall be fully applicable to such refunding bonds. In refunding or otherwise refinancing any such bonds the commissioners court may, in the same authorizing proceedings, refund or refinance bonds issued pursuant to this Act and bonds issued pursuant to any other such Texas statute and combine all said refunding bonds and any other additional new bonds to be issued pursuant thereto into one or more issues or series of bonds, and may provide for the subsequent issuance of additional parity bonds, or subordinate lien bonds, or other type of bonds. All refunding bonds shall be issued and delivered under such terms and conditions as may be set forth in the authorizing proceedings.

Sec. 3. All bonds issued pursuant to this Act, and the appropriate proceedings authorizing their issuance, shall be submitted to the Attorney General of the State of Texas for examination. If he finds that such bonds have been authorized in accordance with law he shall approve them, and thereupon they shall be registered by the Comptroller of Public Accounts of the State of Texas; and after such approval and registration such bonds shall be incontestable in any court, or other forum, for any reason, and shall be valid and binding obligations in accordance with their terms for all purposes.

Sec. 4. All bonds issued pursuant to this Act shall be legal and authorized investments for all banks, trust companies, building and loan associations, savings and loan associations, small business investment corporations, insurance companies of all kinds and types, fiduciaries, trustees, and guardians, and for all interest and sinking funds and other public funds of the State of Texas and all agencies, subdivisions, and instrumentalities thereof, including all counties, cities, towns, villages, school districts, and all other kinds and types of districts, public agencies and bodies politic. Said bonds also shall be eligible and lawful security for all deposits of public funds of the State of Texas and all agencies, subdivisions, and instrumentalities thereof, including all counties, cities, towns, villages, school districts, and all other kinds and types of districts, public agencies, and bodies politic, to the extent of the market value of said bonds, when accompanied by any unmatured interest coupons appurtenant thereto.

Sec. 5. In every case where a hospital district created by law pursuant to Article IX of the Texas Constitution does not have its ad valorem taxes levied for and on its behalf by the commissioners court of the county in which the hospital district is located, then, notwithstanding any provisions of this Act to the contrary, the board of directors or other governing body of the hospital district shall have all of the authority, powers, and duties provided for a commissioners court under this Act.

Sec. 6. This Act shall be cumulative of all other laws on the subject but this Act shall be wholly sufficient authority within itself for the issuance of the bonds and the performance of the other acts and procedures authorized hereby, without reference to any other laws or any restrictions or limitations contained therein, except as herein specifically provided; and when any bonds are being issued under this Act, then to the extent of any conflict or inconsistency between any provisions of this Act and any provision of any other law, the provisions of this Act shall prevail and control; provided, however, that any commissioners court shall have the right to use the provisions of any other laws, not in conflict with the provisions hereof, to the extent convenient or neces-

At said hearing the respondent shall have the right to appear either personally or by counsel, or both, to produce witnesses or evidence in his behalf, to cross-examine witnesses, and to have subpoenas issued by the Board. The Board shall thereupon determine the charges upon their merits. Any person whose license or certification has been cancelled, revoked or suspended by the Board may, within twenty (20) days after the making and entering of such order, take an appeal to any of the district courts in the county of his residence, but the decision of the Board shall not be enjoined or stayed except on application to such district court after notice to the Board. Provided further, that the Board may at any time while the probationer remains on probation hold a hearing, and upon majority vote, rescind the probation and enforce the Board's original action in revoking, cancelling, or suspending the psychologists' license or certification, the said hearing to rescind the probation shall be called by the Chairman of the Texas State Board of Examiners of Psychologists who shall cause to be issued a notice setting a time and place for the hearing and containing the charges or complaints against the probationer, said notice to be served on the probationer or his counsel at least ten (10) days prior to the time set for the hearing. When personal service is impossible, or cannot be effected, the same provisions for service in lieu of personal service as heretofore set out in this Act shall apply. At said hearing the respondent shall have the right to appear either personally or by counsel or both, to produce witnesses or evidence in his behalf, to cross-examine witnesses, and to have subpoenas issued by the Board. The Board shall thereupon determine the charges upon their merits. All charges, complaints, notices, orders, records, and publications authorized or required by the terms of this Act shall be privileged. The order revoking or rescinding the probation shall not be subject to review or appeal.

Injunctions

Sec. 24. The Texas State Board of Examiners of Psychologists shall have the right to institute an action in its own name to enjoin the violation of any provisions of this Act. Nothing herein shall be construed to permit optometrists to treat the eyes for any defect whatsoever in any manner nor to administer nor to prescribe any drug or physical treatment whatsoever, unless such optometrist is a regularly licensed physician or surgeon under the laws of this state. Nothing herein shall be construed to prevent selling ready-to-wear spectacles or eyeglasses as merchandise at retail, nor to prevent simple repair jobs.

(2) "Ascertaining and measuring the powers of vision of the human eye" shall be construed to include:

(A) The examination of the eye to ascertain the presence of defects or abnormal conditions which may be corrected, remedied, or relieved, or the effects of which may be corrected, remedied or relieved by the use of lenses or prisms, or

(B) The employment of any objective or subjective means to determine the accommodative or refractive condition or the range or powers of vision of muscular equilibrium of the human eye, or

(C) The employment of any objective or subjective means for the examination of the human eye for the purpose of ascertaining any departure from the normal, measuring its power of vision or adapting lenses or prisms for the aid or relief thereof, and it shall be construed as a violation of this Act, for any person not a licensed optometrist or a licensed physician to do any one act or thing, or any combination of acts or things, named or described in this subdivision; provided, that nothing herein shall be construed to permit optometrists to treat the eye for any defect whatsoever in any manner, nor to administer any drug or physical treatment whatsoever, unless said optometrist is a duly licensed physician and surgeon, under the laws of this state.

(3) "Fitting lenses or prisms" shall be construed to include:

(A) Prescribing or supplying, directly or indirectly, lenses or prisms, by the employment of objective or subjective means or the making of any measurements whatsoever involving the eyes or the optical requirements thereof; provided, however, that nothing in this Act shall be construed so as to prevent an ophthalmic dispenser, who does not practice optometry, from measuring interpupillary distances or from making facial measurements for the purpose of dispensing, or adapting ophthalmic prescriptions or lenses, products and accessories in accordance with the specific direc-

When an optometrist shall have his license revoked, suspended, or cancelled, said county clerk, upon being notified by the board, shall make a note of the fact beneath the record in the optometry register, which entry shall close the record and be prima facie evidence of the fact that the license has been so cancelled, suspended or revoked. (b) This section shall not operate to prohibit optometrists who also own, operate, or manage a dispensing opticianry from advertising in any manner permitted under any section of this bill so long as such advertising is done in the name of the dispensing opticianry and not in the name of the optometrist in his professional capacity.

Acts 1969, 61st Leg., p. 1298, ch. 401, § 5.09, eff. Sept. 1, 1969.

Art. 4552—5.10 Advertising by dispensing opticians

(a) No person, firm or corporation shall publish or display or cause or permit to be published or displayed in any newspaper or by radio, television, window display, poster, sign, billboard or any other means or media any statement or advertisement concerning ophthalmic lenses, frames, eyeglasses, spectacles or parts thereof which is fraudulent, deceitful or misleading, including statements or advertisements of bait, discount, premiums, price, gifts or any statements or advertisements of a similar nature, import or meaning.

(b) No person, firm or corporation shall publish or display or cause or permit to be published or displayed in any newspaper, or by radio, television, window display, poster, sign, billboard or any other means or media, any statement or advertisement of or reference to the price or prices of any eyeglasses, spectacles, lenses, contact lenses or any other optical device or materials or parts thereof requiring a prescription from a licensed physician or optometrist unless such person, firm or corporation complies with the provisions of Subsections (c)-(j) of this section.

(c) The person, firm or corporation shall obtain from the board an "Advertising Permit," which permit shall be granted to any person, firm or corporation which is engaged in the business of a dispensing optician in Texas.

(d) Such person, firm or corporation shall after receipt of such permit, but before beginning any such advertising, file with the board a list of prices which shall be charged for such eyeglasses, spectacles, lenses, contact lenses or other optical devices or materials or parts thereof in each and all of the following categories:

- (1) single vision lenses;
- (2) kryptok bifocal lenses;
- (3) regular bifocal lenses;
- (4) trifocal lenses;
- (5) aphakic lenses;
- (6) prism lenses;
- (7) double segment bifocal lenses;
- (8) subnormal vision lenses;
- (9) contact lenses.

(e) No change may be made in any such price advertisement until the change has been filed with the board.

(f) Any advertisement or statement published or displayed as above described which contains the price of any of the categories shown above

shall also contain the prices of all other categories and all such items, and the prices thereof, shall be published or displayed with equal prominence. No advertisement which shows the price of items listed in the categories shown above shall contain any language which directly or indirectly compares the prices so quoted with any other prices of similar items. In the event an "Advertising Permit" is issued to a dispensing optician there shall be displayed prominently in each reception room and display room of each office owned or operated by such dispensing optician a complete current list of all prices on file with the board as provided above. In showing the price of "all other categories and all such items" as required by this section, it shall be permissible to combine two or more categories into one general category of "all other lenses" and designate the price thereby of "up to \$_____ " which represents the highest price of any lenses included within this combined general category. Should there be a category in which two or more price differentials exist, it shall be permissible for the category to have a single listing in the advertisement with the lowest and the highest price in the category designated.

(g) In the event the dispensing optician owns more than one office, the prices for all such eyeglasses, spectacles, lenses, contact lenses or other optical devices or materials or parts thereof in the same category shall be the same in all offices located within the geographical limits of a county or a city regardless of the name under which such dispensing optician operates such offices.

(h) All such eyeglasses, spectacles, lenses, contact lenses, or other optical devices or materials or parts thereof must conform to standards of quality as promulgated by the American Standards Association, Inc., and commonly known as Z80.1-1964 standards.

(i) On or before April 1, of each calendar year each person, firm or corporation holding an "Advertising Permit" hereunder shall file with the board a statement sworn to by such person or officer of such firm or corporation specifying separately for each office owned by such person, firm or corporation the percentage of the total unit sales of each such office owned by such person, firm or corporation allocated to sales of single vision lenses, bifocal lenses, trifocal lenses, contact lenses and all other lenses requiring a prescription from a licensed physician or optometrist during the prior calendar year. The person making such sworn statement shall be subject to the obligations and penalties of Article 310 of the Penal Code.

(j) All items advertised by price in accordance with this section shall be available at the advertised price without limit to quantity to all persons including, but not limited to, individuals, physicians, optometrists, dispensing opticians or the employees of any of them.

(k) Willful or repeated violation by any person, firm or corporation holding an "Advertising Permit" hereunder of any provision of Subsections (d)-(j) of this section shall be grounds for suspension of such "Advertising Permit" by the board for a period not to exceed six months. If after the expiration of such suspension, the board, after a hearing, finds that there has been a second or subsequent willful or repeated violation of any provision of Subsections (d)-(j) of this section such "Advertising Permit" shall be permanently cancelled and may not be reissued or renewed.

cases, ophthalmic material of any kind, optometric instruments, or optical tools or machinery, or any merchandise or advertising of a commercial nature in his office windows or reception rooms;

(2) to make use of or permit the continuance of any colored or neon lights, eyeglasses or eye signs, whether painted, neon, decalcomania, or any other either in the form of eyes or structures resembling eyes, eye-glass frames, eyeglasses or spectacles, whether lighted or not, or any other kind of signs or displays of a commercial nature in his optometric office.

(b) Any optometrist practicing optometry on or after April 15, 1969 in a manner, or under conditions, contrary to any of the provisions of this Section 5.11 by virtue of occupying premises under an existing or negotiated lease in effect on April 15, 1969, shall not be subject to the provisions of this Section 5.11 until the expiration of the primary term of the lease, or until January 1, 1979, whichever occurs sooner, but no such lease may be extended beyond the primary term by the exercise of any option. Provided, however, that as to any such lease expiring on or before June 1, 1970, such lease may be continued in effect until June 1, 1970.

Art. 4552—5.12 Basic competence

(a) In order to insure an adequate examination of a patient for whom an optometrist signs or causes to be signed a prescription for an ophthalmic lens, in the initial examination of the patient the optometrist shall make and record, if possible, the following findings of the condition of the patient:

(1) Case History (ocular, physical, occupational and other pertinent information).

(2) Far point acuity, O.D., O.S., O.U., unaided; with old glasses, if available, and with new glasses, if any.

(3) External examination (lids, cornea, sclera, etc.).

(4) Internal ophthalmoscopic examination (media, fundus, etc.).

(5) Static retinoscopy, O.D., O.S.,

(6) Subjective findings, far point and near point.

(7) Phorias or ductions, far and near, lateral and vertical.

(8) Amplitude or range of accommodation.

(9) Amplitude or range of convergence.

(10) Angle of vision, to right and to left.

(b) Every prescription for an ophthalmic lens shall include the following information: interpupillary distance, far and near; lens prescription, right and left; color or tint; segment type, size and position; the optometrist's signature.

(c) The willful or repeated failure or refusal of an optometrist to comply with any of the foregoing requirements shall be considered by the board to constitute prima facie evidence that he is unfit or incompetent by reason of negligence within the meaning of Section 4.04(a) (3) of this Act,¹ and shall be sufficient ground for the filing of charges to cancel, revoke or suspend his license. The charges shall state the specific instances in which it is alleged that the rule was not complied with. At a hearing pursuant to the filing of such charges, the person charged shall have the burden of establishing that compliance with the rule in each instance in which proof is adduced that it was not complied with was not necessary to a proper examination of the patient in that particular case.

¹ Article 4552—4.04(a) (3).

Art. 4552—5.13 Professional responsibility

(a) The provisions of this section are adopted in order to protect the public in the practice of optometry, better enable members of the public to fix professional responsibility, and further safeguard the doctor-patient relationship.

(b) No optometrist shall divide, share, split, or allocate, either directly or indirectly, any fee for optometric services or materials with any lay person, firm or corporation, provided that this rule shall not be interpreted to prevent an optometrist from paying an employee in the regular course of employment, and provided further, that it shall not be construed as a violation of this Act for any optometrist to lease space from an establishment on a percentage or gross receipts basis or to sell, transfer or assign accounts receivable.

(c) No optometrist shall divide, share, split or allocate, either directly or indirectly, any fee for optometric services or materials with another optometrist or with a physician except upon a division of service or responsibility provided that this rule shall not be interpreted to prevent partnerships for the practice of optometry. This Act does not prohibit an optometrist from being employed on a salary, with or without bonus arrangements, by a licensed optometrist or physician, regardless of the amount of supervision exerted by the employing optometrist or physician over the office in which the employed optometrist works, provided such bonus arrangements, if any, shall not be based in whole or in part on the business or income of any optical company.

(d) No optometrist shall practice or continue to practice optometry under, or use in connection with his practice of optometry, any assumed name, corporate name, trade name, or any name other than the name under which he is licensed to practice optometry in Texas; provided, however, that optometrists practicing as partners may practice under the full or last names of the partners. Optometrists who are employed by other optometrists shall practice in their own names, but may practice in an office listed under the name of the individual optometrist or partnership of optometrists by whom they are employed. In event of the death or retirement of a partner, the surviving partner or partners practicing optometry in a partnership name may, with the written permission of the retiring partner or the deceased optometrist's widow or other legal representative, as the case may be, continued to practice with the name of the deceased partner in the partnership name for a period not to exceed one year from the date of his death, or during the period of administration of a deceased partner's estate as provided by Section 4.04 (f) of this Act,¹ whichever period shall be the longer.

(e) No optometrist shall use, cause or allow to be used, his name or professional identification, as authorized by Article 4590e, as amended, Revised Civil Statutes of Texas, on or about the door, window, wall, directory, or any sign or listing whatsoever, of any office, location or place where optometry is practiced, unless said optometrist is actually present and practicing optometry therein during the hours such office, location or place of practice is open to the public for the practice of optometry.

(f) No optometrist shall practice or continue to practice optometry in any office, location or place of practice where any name, names or professional identification on or about the door, window, wall, directory, or any sign or listing whatsoever, or in any manner used in connection therewith, shall indicate or tend to indicate that such office, location or place of practice is owned, operated, supervised, staffed, directed or attended by any person not actually present and practicing optometry therein during the hours such office, location or place of practice is open to the public for the practice of optometry.

For Annotations and Historical Notes, see V.A.T.S.

(g) The requirement of Subsections (e) and (f) of this section that an optometrist be "actually present" in an office, location or place of practice holding his name out to the public shall be deemed satisfied if the optometrist is, as to such office, location or place of practice, either:

(1) physically present therein more than half the total number of hours such office, location, or place of practice is open to the public for the practice of optometry during each calendar month for at least nine months in each calendar year; or

(2) physically present in such office, location, or place of practice for at least one-half of the time such person conducts, directs, or supervises any practice of optometry.

(h) Nothing in this section shall be interpreted as requiring the physical presence of a person who is ill, injured, or otherwise incapacitated temporarily.

(i) The requirement of Subsections (e) and (f) of this section that an optometrist be "practicing optometry" at an office, location, or place of practice holding his name out to the public shall be deemed satisfied if the optometrist regularly makes personal examination at such office, location, or place of practice of the eyes of some of the persons prescribed for therein or regularly supervises or directs in person at such office, location or place of practice such examinations.

(j) The willful or repeated failure or refusal of an optometrist to comply with any of the provisions of this section shall be considered by the board to constitute prima facie evidence that such optometrist is guilty of violation of this Act, and shall be sufficient ground for the filing of charges to cancel, revoke or suspend his license. The charges shall state the specific instance or instances in which it is alleged that the rule was not complied with. Alternatively, or in addition to the above, it shall be the duty of the board to institute and prosecute an action in a court of competent jurisdiction to restrain or enjoin the violation of any of the preceding rules.

(k) Any optometrist practicing optometry on or after April 15, 1969 in a manner, or under conditions, contrary to Subsections (b), (c), (d), and (f) of this Section 5.13 by virtue of occupying premises under an existing or negotiated lease in effect on April 15, 1969, shall not be subject to said Subsections (b), (c), (d) and (f) of this Section 5.13 until the expiration of the primary term of the lease, or until January 1, 1979, whichever occurs sooner, but no such lease may be extended beyond the primary term by the exercise of any option. Provided, however, that as to any such lease expiring on or before June 1, 1970, such lease may be continued in effect until June 1, 1970.

Acts 1969, 61st Leg., p. 1298, ch. 401, § 5.13, eff. Sept. 1, 1969.

¹ Article 4552—4.04(f).

Art. 4552—5.14 Lease of premise from mercantile establishment

(a) In order to safeguard the visual welfare of the public and the optometrist-patient relationship, fix professional responsibility, establish standards of professional surroundings, more nearly secure to the patient the optometrist's undivided loyalty and service, and carry out the prohibitions of this Act against placing an optometric license in the service or at the disposal of unlicensed persons, the provisions of this section are applicable to any optometrist who leases space from and practices optometry on the premises of a mercantile establishment.

(b) The practice must be owned by a Texas-licensed optometrist. Every phase of the practice and the leased premises shall be under the exclusive control of a Texas-licensed optometrist.

(c) The prescription files and all business records of the practice shall be the sole property of the optometrist and free from involvement with the mercantile establishment or any unlicensed person. Except, however, that those business records essential to the successful initiation or continuation of a percentage of gross receipts lease of space may be inspected by the applicable lessor.

(d) The leased space shall be definite and apart from the space occupied by other occupants of the premises. It shall be separated from space used by other occupants of the premises by solid, opaque partitions or walls from floor to ceiling. Railings, curtains, and other similar arrangements are not sufficient to comply with this requirement.

(e) The leased space shall have a patient's entrance opening on a public street, hall, lobby, corridor, or other public thoroughfare. The aisle of a mercantile establishment does not comply with this requirement. An entrance to the leased space is not a patient's entrance within the meaning of this subsection unless actually used as an entrance by the optometrist's patients.

(f) No phase of the optometrist's practice shall be conducted as a department or concession of the mercantile establishment; and there shall be no legends or signs such as "Optical Department," "Optometrical Department," or others of similar import, displayed on any part of the premises or in any advertising.

(g) The optometrist shall not permit his name or his practice to be directly or indirectly used in connection with the mercantile establishment in any advertising, displays, signs, or in any other manner.

(h) All credit accounts for patients shall be established with the optometrist and not the credit department of the mercantile establishment. However, nothing in this subsection prevents the optometrist from thereafter selling, transferring, or assigning any such account.

(i) Any optometrist practicing optometry on or after April 15, 1969, in a manner, or under conditions, contrary to any of the provisions of this Section 5.14 by virtue of occupying premises under an existing or negotiated lease in effect on April 15, 1969, shall not be subject to the provisions of this Section 5.14 until the expiration of the primary term of the lease, or until January 1, 1979, whichever occurs sooner, but no such lease may be extended beyond the primary term by the exercise of any option. Provided, however, that as to any such lease expiring on or before June 1, 1970, such lease may be continued in effect until June 1, 1970.

Acts 1969, 61st Leg., p. 1298, ch. 401, § 5.14, eff. Sept. 1, 1969.

Art. 4552—5.15 Relationships with dispensing opticians

(a) The purpose of this section is to insure that the practice of optometry shall be carried out in such a manner that it is completely and totally separated from the business of any dispensing optician, with no control of one by the other and no solicitation for one by the other, except as hereinafter set forth.

(b) If an optometrist occupies space for the practice of optometry in a building or premises in which any person, firm, or corporation engages in the business of a dispensing optician, the space occupied by the optometrist shall be separated from the space occupied by the dispensing optician by solid partitions or walls from floor to ceiling. The space occupied by the optometrist shall have a patient's entrance opening on a public street, hall, lobby, corridor, or other public thoroughfare. An entrance is not a patient's entrance within the meaning of this subsection unless actually used as an entrance by the optometrist's patients.

(c) An optometrist may engage in the business of a dispensing optician, own stock in a corporation engaged in the business of a dispensing

For Annotations and Historical Notes, see V.A.T.S.

optician, or be a partner in a firm engaged in the business of a dispensing optician, but the books, records, and accounts of the firm or corporation must be kept separate and distinct from the books, records, and accounts of the practice of the optometrist.

(d) No person, firm, or corporation engaged in the business of a dispensing optician, other than a licensed optometrist or physician, shall have, own, or acquire any interest in the practice, books, records, files, equipment, or materials of a licensed optometrist, or have, own, or acquire any interest in the premises or space occupied by a licensed optometrist for the practice of optometry other than a lease for a specific term without retention of the present right of occupancy on the part of the dispensing optician. In the event an optometrist or physician who is also engaged in the business of a dispensing optician (whether as an individual, firm, or corporation) does own an interest in the practice, books, records, files, equipment or materials of another licensed optometrist, he shall maintain a completely separate set of books, records, files, and accounts in connection therewith. Any optometrist practicing optometry on or after April 15, 1969 in a manner, or under conditions, contrary to any of the provisions of this Section 5.15 by virtue of occupying premises under an existing or negotiated lease in effect on April 15, 1969, shall not be subject to the provisions of this Section 5.15 until the expiration of the primary term of the lease, or until January 1, 1979, whichever occurs sooner, but no such lease may be extended beyond the primary term by the exercise of any option. Provided, however, that as to any such lease expiring on or before June 1, 1970, such lease may be continued in effect until June 1, 1970.

(e) If, after examining a patient, an optometrist believes that lenses are required to correct or remedy any defect or abnormal condition of vision, the optometrist shall so inform the patient and shall expressly state that the patient has two alternatives for the preparation of the lenses according to the optometrist's prescription: First, that the optometrist will prepare or have the lenses prepared according to the prescription; and second, that the patient may have the prescription filled by any dispensing optician (not naming or suggesting any particular dispensing optician) but should return for an optometrical examination of the lenses. If the patient chooses the first alternative, the optometrist may refer the patient to a particular dispensing optician for selection of frames and filling the prescription.

(f) If any person, on visiting the premises of any dispensing optician without presenting a prescription written by a licensed physician or optometrist, makes any inquiry or request concerning an examination or the obtaining of any ophthalmic materials or services requiring such a prescription, then the optician or his agent or employee may not respond in any manner except to state in effect that the optician cannot examine the patient or prescribe or fit glasses or lenses, but that the patient seeking such service must go to a licensed physician or optometrist. If there is no further inquiry from the prospective patient, the optician or his agent or employee may not make any further statement of any kind. If, however, the prospective patient makes an inquiry as to where or to whom he may go to obtain such service, the optician or his agent or employee shall give the prospective patient the names and addresses of at least three persons, each of whom is either a licensed ophthalmologist or a licensed optometrist whose practice is located within a radius of five miles from the optician's place of business, or if there are fewer than three of these, the name and address of each licensed ophthalmologist or licensed optometrist whose practice is so located.

Persons who may execute an anatomical gift

Sec. 3. (a) Any individual who has testamentary capacity under the Texas Probate Code may give all or any part of his body for any purpose specified in Section 4, the gift to take effect upon death.

(b) Any of the following persons, in order of priority stated, when persons in prior classes are not available at the time of death, and in the absence of actual notice of contrary indications by the decedent, or actual notice of opposition by a member of the same or a prior class, may give all or any part of the decedent's body for any purposes specified in Section 4:

- (1) the spouse,
- (2) an adult son or daughter,
- (3) either parent,
- (4) an adult brother or sister,
- (5) a guardian of the person of the decedent at the time of his death,
- (6) any other person authorized or under obligation to dispose of the body.

(c) If the donee, or the physician of a donee, has actual notice of contrary indications by the decedent, or that a gift by a member of a class is opposed by a member of the same or a prior class, the donee shall not accept the gift. The persons authorized by subsection (b) may make the gift after death or immediately before death.

(d) A gift of all or part of a body authorizes any examination necessary to assure medical acceptability of the gift for the purposes intended.

(e) The rights of the donee created by the gift are paramount to the rights of others except as provided by Section 8(d).

Persons who may become donees, and purposes for which anatomical gifts may be made

Sec. 4. The following persons may become donees of gifts of bodies or parts thereof for the purposes stated:

(1) any hospital, surgeon, or physician, for medical or dental education, research, advancement of medical or dental science, therapy or transplantation; or

(2) any accredited medical or dental school, college or university for education, research, advancement of medical or dental science or therapy; or

(3) any bank or storage facility, for medical or dental education, research, advancement of medical or dental science, therapy or transplantation; or

(4) any individual specified by a licensed physician for therapy or transplantation needed by him.

Manner of executing anatomical gifts

Sec. 5. (a) A gift of all or part of the body under Section 3(a) may be made by will. The gift becomes effective upon the death of the testator without waiting for probate. If the will is not probated, or if it is declared invalid for testamentary purposes, the gift, to the extent that it has been acted upon in good faith, is nevertheless valid and effective.

(b) A gift of all or part of the body under Section 3(a) may also be made by document other than a will. The gift becomes effective upon the death of the donor. The document, which may be a card designed to be carried on the person, must be signed by the donor, in the presence of 2 witnesses who must sign the document in his presence. If the donor cannot sign, the document may be signed for him at his direction and in his presence, and in the presence of 2 witnesses who must sign the document in his presence. Delivery of the document of gift during the donor's lifetime is not necessary to make the gift valid.

(c) The gift may be made to a specified donee or without specifying a donee. If the latter, the gift may be accepted by the attending physician as donee upon or following death. If the gift is made to a specified donee who is not available at the time and place of death, the attending physician upon or following death, in the absence of any expressed indication that the donor desired otherwise, may accept the gift as donee. The physician who becomes a donee under this subsection shall not participate in the procedures for removing or transplanting a part.

(d) Notwithstanding Section 8(b), the donor may designate in his will, card or other document of gift the surgeon or physician to carry out the appropriate procedures. In the absence of a designation, or if the designee is not available, the donee or other person authorized to accept the gift may employ or authorize any surgeon or physician for the purpose.

(e) Any gift by a person designated in Section 3(b) shall be made by a document signed by him, or made by his telegraphic, recorded telephonic or other recorded message.

Delivery of document of gift

Sec. 6. If the gift is made by the donor to a specified donee, the will, card or other document, or an executed copy thereof, may be delivered to the donee to expedite the appropriate procedures immediately after death, but delivery is not necessary to the validity of the gift. The will, card or other document, or an executed copy thereof, may be deposited in any hospital, bank or storage facility or registry office that accepts them for safekeeping or for facilitation of procedures after death. On request of any interested party upon or after the donor's death, the person in possession shall produce the document for examination.

Amendment or revocation of the gift

Sec. 7. (a) If the will, card or other document or executed copy thereof, has been delivered to a specified donee, the donor may amend or revoke the gift by:

- (1) the execution and delivery to the donee of a signed statement, or
- (2) an oral statement made in the presence of 2 persons and communicated to the donee, or

(3) a statement addressed to an attending physician and communicated to the donee, or

(4) a signed card or document found on his person or in his effects.

(b) Any document of gift which has not been delivered to the donee may be revoked by the donor in the manner set out in subsection (a) or by destruction, cancellation, or mutilation of the document and all executed copies thereof.

(c) Any gift made by a will may also be amended or revoked in the manner provided for amendment or revocation of wills, or as provided in subsection (a).

Rights and duties at death

Sec. 8. (a) The donee may accept or reject the gift. If the donee accepts a gift of the entire body, the surviving spouse or any other person authorized to give all or any part of the decedent's body may authorize embalming and have the use of the body for funeral services, subject to the terms of the gift. If the gift is of a part of the body, the donee, upon the death of the donor and prior to embalming, shall cause the part to be removed without unnecessary mutilation. After removal of the part, custody of the remainder of the body vests in the surviving spouse, next of kin or other persons under obligation to dispose of the body.

(b) The time of death shall be determined by a physician who attends the donor at his death, or, if none, the physician who certifies the death. This physician shall not participate in the procedures for removing or transplanting a part.

(c) A person who acts in good faith in accordance with the terms of this Act, is not liable for damages in any civil action or subject to prosecution in any criminal proceeding for his act, so long as the prerequisites for an anatomical gift have been met under the laws applicable at the time and place of the making of the anatomical gift.

(d) The provisions of this Act are subject to the laws of this state prescribing powers and duties with respect to autopsies.

Art. 3.40 May hold real estate

Every such insurance company may secure, hold and convey real property only for the following purposes and in the following manner:

1(a). One building site and office building for its accommodation in the transaction of its business and for lease and rental; and such office building may be on ground on which the company owns a lease having not less than fifty (50) years to run from the date of its acquisition by the company, provided that the company shall own, or be entitled to the use of, all the improvements thereon, and that the value of such improvements shall at least equal the value of the ground, and shall be not less than twenty (20) times the annual average ground rentals payable under such lease; and provided such office building shall have an annual average net rental of at least twice such annual ground rental; and provided further; that such company shall be liable for and shall pay all State and local taxes levied and assessed against such ground and the improvements thereon, which for the purposes of taxation shall be deemed real estate owned by the company. Provided that an acquisition of such an office building on leased ground shall be approved by the State Board of Insurance before such investment.

Branch office buildings in the State of Texas and elsewhere within the United States wherein such company is authorized to do business as shall be requisite for its convenient accommodation in the transaction of its business and for lease and rental and also parking facilities adjacent to or in the vicinity of each office building owned by such insurance company as shall be reasonably requisite for such insurance company and tenants of the buildings; however, at least fifty per cent (50%) of the space in each such branch office building which is available for occupancy for business purposes shall be used by such insurance company for the transaction of its business and not for lease and rental to others; provided, however, that such investments in the properties described in this paragraph shall only be made in towns or cities having a population of fifteen thousand (15,000) or more according to the last Federal Census.

1(b). No such company shall make any investment in the properties described in Subdivision 1(a) above if, after making such investment, the total investment of the company in such properties is in excess of thirty-three and one-third per cent ($33\frac{1}{3}\%$) of its admitted assets as of December 31st next preceding the date of such investment; provided, however, that such investment may be increased to as much as fifty per cent (50%) of the company's admitted assets upon advance approval by the State Board of Insurance; provided further, that such investment may be further increased if the amount of such additional increase is paid for only from surplus funds and is not included as an admitted asset of the company.

1(c). The value of each such investment in the properties described in Subdivision 1(a) shall be subject to the approval by the State Board of Insurance; and the Board may, in its discretion, at the time such investment is made or any time when an examination of the company is being made, cause any such investment to be appraised by an appraiser appointed or approved by the Board, and the reasonable expense of such appraisal shall be paid by such insurance company and shall be deemed to be a part of the expense of examination of such company. No such insurance company may hereafter make any increase in the valuation of any of the properties described in Subdivision 1(a) unless and until such increased valuation shall be likewise approved by the Board, subject to the limitations and conditions set out in Subdivision 1(b);

4. Such as have been purchased at sales under judgment or decrees of court, or mortgage or other liens held by such companies.

5. All such real property specified in Subdivisions 2, 3, and 4 of this Article which shall not be necessary for its accommodation in the convenient transactions of its business, except interests in minerals and royalties reserved upon the sale of land acquired under such Subdivisions 2, 3, and 4 hereof prior to January 1, 1942, and further excepting interests in producing minerals or producing royalties otherwise acquired prior to April 1, 1959, shall be sold and disposed of within five (5) years after the company shall have acquired title to the same, or within five (5) years after the same shall have ceased to be necessary for the accommodation of its business. It shall not hold such property for a longer period, unless it shall procure a certificate from the Board that its interests will suffer materially by the forced sale thereof; in which event the time for the sale may be extended to such time as the Board shall direct in such certificate.

In addition to, and without limitation on, the purposes for which real property may be acquired, secured, held or retained pursuant to other provisions of this Article, every such insurance company may secure, hold, retain and convey production payments as an investment for the production of income; provided, however, that the total amount of all such investments in production payments plus the total amount of investments in home office and branch office properties under Subdivision 1(a) of this Article shall not exceed the total amount permitted by and shall be subject to all of the limitations and restrictions of Subdivisions 1(b) and 1(c) of this Article and for this purpose all investments in production payments pursuant to the provisions of this paragraph shall be deemed to be "properties described in Subdivision 1(a)" of this Article; and provided further, that in valuing each such production payment for the purposes of Subdivision 1(c) of this Article the State Board of Insurance may establish such value as being the maximum amount which the company purchasing such production payment could loan against a first lien on such production payment under the provisions of Section 2 of Article 3.39 of the Insurance Code; and provided further, no such company shall make any investment in such production payments solely as an investment for the production of income if, after making such investment, the total investment of the company at cost in such production payments is in excess of ten per cent (10%) of its admitted assets as of December 31st next preceding the date of such investment. For the purposes of this paragraph, a production payment is defined to mean a right to oil, gas or other minerals in place or as produced that entitles its owner to a specified fraction of production until a specified sum of money, or a specified number of units of oil, gas or other minerals, has been received, and shall not include fee interests, leasehold interests or working interests, and shall not include royalties, overriding royalties, or other mineral interests which are not limited as set forth in the foregoing definition. (3) A provision that a copy of the application, if any, of the policyholder shall be attached to the policy when issued, that all statements made by the policyholder or by the persons insured shall be deemed representations and not warranties, and that no statement made by any person insured shall be used in any contest unless a copy of the instrument containing the statement is or has been furnished to such person or to his beneficiary.

(4) A provision setting forth the conditions, if any, under which the insurer reserves the right to require a person eligible for insurance to furnish evidence of individual insurability satisfactory to the insurer as a condition to part or all of his coverage.

(a) The individual policy shall, at the option of such person, be on any one of the forms, except term insurance, then customarily issued by the insurer at the age and for the amount applied for;

(b) The individual policy shall be in an amount not in excess of the amount of life insurance which ceases because of such termination, provided that any amount of insurance which shall have matured on or be-

(9) A provision that if the group policy terminates or is amended so as to terminate the insurance of any class of insured persons, every person insured thereunder at the date of such termination whose insurance terminates and who has been so insured for at least five (5) years prior to such termination date shall be entitled to have issued to him by the insurer an individual policy of life insurance, subject to the same conditions and limitations as are provided by (8) above, except that the group policy may provide that the amount of such individual policy shall not exceed the smaller of (a) the amount of the person's life insurance protection ceasing because of the termination or amendment of the group policy, less the amount of any life insurance for which he is or becomes eligible under any group policy issued or reinstated by the same or another insurer within thirty-one (31) days after such termination, and (b) Two Thousand (\$2,000) Dollars.

(10) A provision that if a person insured under the group policy dies during the period within which he would have been entitled to have an individual policy issued to him in accordance with (8) or (9) above and before such an individual policy shall have become effective, the amount of life insurance which he would have been entitled to have issued to him under such individual policy shall be payable as a claim under the group policy, whether or not application for the individual policy or the payment of the first premium therefor has been made.

SUBCHAPTER A. AGENTS AND AGENTS' LICENSES

Art. 21.07. Licensing of Agents

Section 1. Applicability of Act.—No person shall act as an agent of any (i) local mutual aid association, (ii) local mutual burial association, (iii) statewide mutual assessment corporation, (iv) stipulated premium company, (v) county mutual insurance company, (vi) casualty company writing accident and health insurance, or (vii) any other type of insurance carrier licensed to do business in the State of Texas and which insurance carrier's agents are required to be licensed under the provisions of Article 21.07, Texas Insurance Code, 1951, as amended, on the date that this Act shall become effective, unless he shall have first procured a license from the State Board of Insurance as in this Article 21.07,

as amended hereby, is provided, and no such insurance carrier shall appoint any person to act as its agent unless such person shall have obtained a license under the provisions of this Article, and no such person who obtains a license shall engage in business as an agent until he shall have been appointed to act as an agent by some duly authorized insurance carrier designated by the provisions of this Article 21.07 and authorized to do business in the State of Texas. Any person desiring to act as an agent of any insurance carrier licensed to do business in the State of Texas and writing health and accident insurance may obtain a separate license as an agent to write health and accident insurance provided such person complies with the provisions of this Article and has been appointed to act as an agent by some duly authorized insurance carrier authorized to do health and accident insurance business in the State of Texas.

Sec. 2. Application for License.—Hereafter, when any person shall desire to become an agent for a (i) local mutual aid association, (ii) a local mutual burial association, (iii) a state-wide mutual assessment corporation, (iv) a stipulated premium company, (v) a county mutual insurance company, (vi) a casualty company writing accident and health insurance, or (vii) any other type of insurance carrier licensed to do business in the State of Texas and which insurance carrier's agents are required to be licensed under the provisions of Article 21.07, Texas Insurance Code, 1951, as amended, such person shall, in such form and giving such information as may be reasonably required, make application to the State Board of Insurance for a license to act as an agent. The application shall be accompanied by a certificate on forms to be prescribed and furnished by the State Board of Insurance and signed by an officer or properly authorized representative of the insurance carrier the applicant proposes to represent, stating that the insurance carrier has investigated the character and background of the applicant and is satisfied that he is trustworthy and qualified to hold himself out in good faith to the general public as an insurance agent, and that the insurance carrier desires that the applicant act as an insurance agent to represent it in this state.

Sec. 3. Issuance of License Under Certain Circumstances.—After the State Board of Insurance has determined that such applicant is of good character and trustworthy, the State Board of Insurance shall issue a license to such person in such form as it may prepare authorizing such applicant to write the types of insurance authorized by law to be issued by applicant's appointing insurance carrier, except that such applicant shall not be authorized to write health and accident insurance unless: (i) applicant shall have first passed a written examination as provided for in this Article 21.07, as amended, or (ii) applicant will act only as a ticket-selling agent of a public carrier with respect to accident life insurance covering risks of travel or as an agent selling credit life, health and accident insurance issued exclusively in connection with credit transactions, or (iii) applicant will write policies or riders to policies providing only lump sum cash benefits in the event of the accidental death, or death by accidental means, or dismemberment, or providing only ambulance expense benefits in the event of accident or sickness.

Sec. 4. Examination of Applicant for License to Write Health and Accident Insurance.

“(a) Each applicant for a license under the provisions of this Article 21.07, Texas Insurance Code, 1951, as amended, who desires to write health and accident insurance, other than as excepted in Section 3 of this Article 21.07, within this State shall submit to a personal written examination prescribed and administered by the State Board of Insurance to determine his competency with respect to health and accident insurance and his familiarity with the pertinent provisions of the laws of the State of Texas

For Annotations and Historical Notes, see V.A.T.S.

relating to health and accident insurance, and shall pass the same to the satisfaction of the State Board of Insurance; except that no written examination shall be required of:

(i) An applicant for the renewal^{*} of a license issued by the State Board of Insurance pursuant to Article 21.07, Texas Insurance Code, 1951, as amended, which is currently in force at the effective date of this Act; or

(ii) An applicant whose license expired less than one year prior to the date of application may, in the discretion of the State Board of Insurance, be issued a license without written examination, provided such prior license granted such applicant the right to sell health and accident insurance.

(b) (i) The State Board of Insurance shall, within sixty (60) days from the effective date of this Act, establish reasonable rules and regulations with respect to the scope, type and conduct of such written examination and the times and places within this State where such examinations shall be held; applicants, shall, however, be permitted to take such examinations at least once in each week at the office of the State Board of Insurance. The rules and regulations of the State Board of Insurance shall designate text books, manuals and other materials to be studied by applicants in preparation for examination pursuant to this Section. Such text books, manuals and other materials may consist of matter available to applicants by purchase from the publisher or may consist of matter prepared at the direction of the State Board of Insurance and distributed to applicants upon request therefor and payment of the reasonable cost thereof. All examination questions shall be prepared from the contents of the text books, manuals and other materials designated or prepared by the State Board of Insurance pursuant to this Section and such questions shall be limited to and substantially similar to the questions relating to health and accident insurance contained in the written examination prescribed by the State Board of Insurance pursuant to Article 21.07—1 of this Insurance Code. The State Board of Insurance shall charge each applicant a fee of \$10.00 for the privilege of taking such written examination and which fee shall not be returned under any circumstance.

(ii) The State Board of Insurance may also establish reasonable rules and regulations whereby, in the discretion of the State Board of Insurance, any insurance carrier may be permitted to conduct written examinations for its agents who have received temporary licenses by appointment of such carrier, subject to such reasonable conditions, requirements and standards as the State Board of Insurance shall require and establish as a predicate for the granting of such authority and for the reasonable supervision, examination and inspection of each such carrier's procedures in giving examinations to its temporary licensees, but provided further that such authority so granted to any insurance carrier to give such examinations may be terminated by the State Board of Insurance on notice and hearing if it shall find that such authorized insurance carrier shall have violated the conditions, requirements and standards required of such carrier to qualify to conduct written examinations.

(c) After the State Board of Insurance shall determine that such applicant has successfully passed the written examination or it has been waived, and is a person of good character and reputation, the State Board of Insurance shall forthwith issue a license to such applicant which shall also authorize such applicant to write health and accident insurance for the designated insurance carrier.

(d) The State Board of Insurance is hereby authorized in its sole discretion to appoint an Advisory Board to make recommendations to it with respect to the scope, type and conduct of written examinations and

the Advisory Board, if so appointed, shall consist of individuals experienced in the health and accident insurance business, and may include company officers, managers and employees, general managers and licensed agents. The members of the Advisory Board shall serve without pay.

(e) Whenever the State Board of Insurance shall receive any evidence indicating that an agent who obtained his license under the provisions of Section 4(a) (i) of this Article 21.07 is not competent, or not trustworthy or not of good character, the State Board of Insurance may at any time thereafter require such licensee to submit to the taking of such written examination within ninety (90) days after written notice thereof from the State Board of Insurance, and if upon taking such written examination as provided for in this Section 4 of this Article 21.07 such licensee shall fail to pass the said written examination or if such licensee shall fail to take such written examination within such ninety (90) day period, the license of such licensee may thereupon be terminated by the State Board of Insurance and such license shall thereafter be of no further force and effect.

Sec. 5. Failure of applicant to qualify for license.—If the State Board of Insurance is not satisfied that the applicant for a license is trustworthy and of good character, or, if applicable, that the applicant, if required to do so, has not passed the written examination to the satisfaction of the State Board of Insurance, the State Board of Insurance shall forthwith notify the applicant and the insurance carrier in writing that the license will not be issued to the applicant, and return to said agent the \$10.00 fee for application for license and the \$4.00 fee for appointment.

Sec. 6. Agent May Be Licensed to Represent Additional Insurers.—Any agent licensed under this Article may represent and act as an agent for more than one insurance carrier at any time while his license is in force, if he so desires. Any such agent and the insurance carrier involved must give notice to the State Board of Insurance of any additional appointment or appointments authorizing him to act as agent for an additional insurance carrier or carriers. Such notice must set forth the insurance carrier or carriers which the agent is then licensed to represent, and shall be accompanied by a certificate from each insurance carrier to be named in each additional appointment, that said insurance carrier desires to appoint the applicant as its agent. This notice shall also contain such other information as the State Board of Insurance may require. The agent shall be required to pay a fee of \$4.00 for each additional appointment applied for, which fee shall accompany the notice.

Sec. 7. Expiration and Renewal of License.

(a) Each license issued to an agent shall expire one year following the date of issue, unless prior thereto it is suspended or revoked by the State Board of Insurance or the authority of the agent to act for the insurance carrier is terminated.

(b) Licenses which have not expired or which have not been suspended or revoked may be renewed from year to year upon request in writing of the agent.

(c) Upon the filing of a request for renewal of license and payment of a renewal fee of \$10.00 for such license, prior to the date of expiration, the current license shall continue in force until the renewal license is issued by the State Board of Insurance or until the State Board of Insurance has refused, for cause, to issue such renewal license, as provided in this Article, and has given notice of such refusal in writing to the insurance carrier and the agent.

(d) The appointment or appointments given under any Section of this Article authorizing the agents to act as an agent for an insurance carrier shall continue in full force and effect without the necessity

For Annotations and Historical Notes, see V.A.T.S.

of renewal until terminated and withdrawn by the insurance carrier in accordance with Section 9 of this Article 21.07 or otherwise terminated in accordance with this Article 21.07, and each renewal license issued to the agent shall authorize him to represent and act for the insurance carriers for which he holds an appointment until the appointment is so terminated, and the agent shall prima facie be deemed, for the purpose of this Article 21.07, to be the agent of the appointing insurance carriers, provided that on or before April 1st of each and every calendar year, commencing on or before April 1, 1970, each such insurance carrier so appointing such agent shall file with the State Board of Insurance a certificate, upon forms promulgated by the State Board of Insurance, certifying that such insurance carrier desires to continue the appointment of such agent, and if such insurance carrier shall for any reason fail to file such certificate for any year as relates to such agent, it shall be deemed and considered for all purposes that such insurance carrier has terminated the appointment of such agent in like manner as if compliance had been made by such insurance carrier with Section 9 of this Article.

Sec. 8. Temporary License.—The State Board of Insurance, if it is satisfied with the honesty and trustworthiness of any applicant who desires to write health and accident insurance, may issue a temporary agent's license, authorizing the applicant to write health and accident insurance, as well as all other insurance authorized to be written by the appointing insurance carrier, effective for ninety (90) days, without requiring the applicant to pass a written examination, as follows:

To any applicant who has been appointed or who is being considered for appointment as an agent by an insurance carrier authorized to write health and accident insurance immediately upon receipt by the State Board of Insurance of an application executed by such person in the form required by this Article, together with a certificate signed by an officer or properly authorized representative of such insurance carrier certifying:

(a) that such insurance carrier has investigated the character and background of such person and is satisfied that he is trustworthy and of good character;

(b) that such person has been appointed or is being considered for appointment by such insurance carrier as its agent; and

(c) that such insurance carrier desires that such person be issued a temporary license; provided that if such temporary license shall not have been received from the Board within seven days from the date on which the application and certificate were delivered to or mailed to the Board, the insurance carrier may assume that such temporary license will be issued in due course and the applicant may proceed to act as an agent; provided, however, that no temporary license shall be renewable or issued more than once in a consecutive six months period to the same applicant; and provided further, that no temporary license shall be granted to any person who does not intend to actively sell health and accident insurance to the public generally and it is intended to prohibit the use of a temporary license to obtain commissions from sales to persons of family employment or business relationships to the temporary licensee, to accomplish which purposes an insurance carrier is hereby prohibited from knowingly paying directly or indirectly to the holder of a temporary license under this Section any commissions on the sale of a contract of health and accident insurance to any person related to temporary licensee by blood or marriage, and the holder of a temporary license is hereby prohibited from receiving or accepting commissions on the sale of a contract of health and accident insurance to any person included in the foregoing classes of relationship.

Sec. 9. Insurance Carrier to Notify State Board of Insurance of Termination of Contract; Communications Privileged.

(a) Every insurance carrier shall, upon termination of the appointment of any agent, immediately file with the State Board of Insurance

a statement of the facts relative to the termination of the appointment and the date and cause thereof. The Board shall thereupon terminate the license of such agent to represent such insurance carrier in this State.

(b) Any information, document, record or statement required to be made or disclosed to the Board pursuant to this Article shall be deemed a privileged communication and shall not be admissible in evidence in any court action or proceeding except pursuant to subpoena of a court of record.

Sec. 10. Denial, Refusal, Suspension or Revocation of Licenses.

(a) A license may be denied, or a license duly issued may be suspended or revoked or the renewal thereof refused by the State Board of Insurance if, after notice and hearing as hereafter provided, it finds that the applicant for, or holder of, such license:

(1) Has wilfully violated any provision of the insurance laws of this State; or

(2) Has intentionally made a material misstatement in the application for such license; or

(3) Has obtained, or attempted to obtain, such license by fraud or misrepresentation; or

(4) Has misappropriated or converted to his own use or illegally withheld money belonging to an insurance carrier or an insured or beneficiary; or

(5) Has otherwise demonstrated lack of trustworthiness or competence to act as an agent; or

(6) Has been guilty of fraudulent or dishonest practices; or

(7) Has materially misrepresented the terms and conditions of any insurance policy or contract; or

(8) Has made or issued, or caused to be made or issued, any statement misrepresenting or making incomplete comparisons regarding the terms or conditions of any insurance contract legally issued by any insurance carrier, for the purpose of inducing or attempting to induce the owner of such contract to forfeit or surrender such contract or allow it to lapse for the purpose of replacing such contract with another; or

(9) Is not of good character or reputation.

(b) Before any license shall be denied (except for failure to pass a required written examination), or suspended or revoked, or the renewal thereof refused hereunder, the Board shall give notice of its intention so to do, by registered mail, to the applicant for, or holder of, such license and the insurance carrier whom he represents or who desires that he be licensed, and shall set a date not less than twenty days from the date of mailing such notice when the applicant or licensee and a duly authorized representative of the insurance carrier may appear to be heard and produce evidence. In the conduct of such hearing, the Board or any regular salaried employee specially designated by it for such purpose shall have power to administer oaths, to require the appearance of and examine any person under oath, and to require the production of books, records or papers relevant to the inquiry upon its own initiative or upon the request of the applicant or licensee. Upon termination of such hearings, findings shall be reduced to writing and, upon approval by the Board, shall be filed in its office and notice of the findings sent by registered mail to the applicant or licensee and the insurance carrier concerned.

(c) No applicant or licensee whose license has been denied, refused or revoked hereunder (except for failure to pass a required written examination) shall be entitled to file another application for a license as an agent within one year from the effective date of such denial, refusal or revocation, or, if judicial review of such denial, refusal or revocation is sought, within one year from the date of final court order

For Annotations and Historical Notes, see V.A.T.S.

or decree affirming such action. Such application, when filed after one year, may be refused by the Board unless the applicant shows good cause why the denial, refusal or revocation of his license shall not be deemed a bar to the issuance of a new license.

Sec. 11. Judicial Review of Acts of State Board of Insurance.—If the said Board shall refuse an application for any license provided for in this Article, or shall suspend, revoke or refuse to renew any such license or permit at said hearing, then any such applicant or accused may appeal from said order by filing suit against the State Board of Insurance as defendant in any of the District Courts of Travis County, Texas, or in any District Court in the county of the applicant's residence, and not elsewhere, within twenty (20) days from the date of the order of said State Board of Insurance.

Said action shall have precedence over all other causes of a different nature on the docket. The action shall not be limited to questions of law and shall be tried and determined upon a trial de novo to the same extent as now provided for in the case of an appeal from the justice court to the county court. Either party to said action may appeal to the appellate court having jurisdiction of said cause, and said appeal shall be at once returnable to said appellate court having jurisdiction of said cause and said action so appealed shall have precedence in said appellate court over all causes of a different character therein pending. The State Board of Insurance shall not be required to give any appeal bond in any cause arising hereunder.

Sec. 12. Penalty.—Any person who individually, or as an officer or employee of an insurance carrier, or other corporation, wilfully violates any of the provisions of this Article shall, in addition to any other penalty specifically provided, be guilty of a misdemeanor and, upon conviction, shall be fined not more than \$500.00 or imprisoned not more than six (6) months, or both, each such violation being a separate offense hereunder. In addition, if such offender holds a license as an agent, such license shall automatically expire upon such conviction.

Sec. 13. State Board of Insurance May Establish Rules and Regulations.—The State Board of Insurance is hereby authorized to establish, and from time to time to amend, reasonable rules and regulations for the administration of this Article 21.07.

Sec. 14. Fees and Use of Funds.—It shall be the duty of the State Board of Insurance to collect from every agent of any insurance carrier writing insurance in the State of Texas under the provisions of this Article, an annual licensing fee of Ten Dollars (\$10.00) and an initial appointment fee of Four Dollars (\$4.00) for each and every appointment by any insurance carrier, which fees shall constitute a fund to be used by the State Board of Insurance to enforce the provisions of this Article 21.07 and all laws of this State governing and regulating agents for such insurance carriers; and the State Board of Insurance is hereby given full power and authority under the provisions of this Article to use any portion of the funds herein created for the purpose of enforcing the provisions of this Article 21.07; and said State Board of Insurance is authorized to employ such person or persons as it may deem necessary to investigate and make reports upon any and all alleged violations of said laws and misconduct on the part of such agents and to pay the salaries and expenses of such person or persons so designated by it and all office employees and expenses necessary in the enforcement of this Article 21.07 out of the funds created hereunder and such person or persons so appointed by the State Board of Insurance are hereby authorized and empowered to administer the oath and to examine under oath any person deemed necessary in gathering information and evidence and to have the same reduced to writing if deemed necessary and all such expenses shall be paid out of said fund. If any residue for any years shall remain

in said fund over and above the amount necessary to carry on the work and investigation and pay the expenses herein provided for, the same shall be carried over to the following year or years and used in the continuation of the enforcement of this Article 21.07 and the insurance laws of this State and all such funds are hereby appropriated for such purpose. The funds collected under this provision shall be paid into the State Treasury at least once each week and kept in a special fund and shall be paid out for salaries, traveling expenses, office expenses and other incidental expenses incurred by the State Board of Insurance hereunder upon proper account duly approved by the State Board of Insurance.

Provided, however, that at the termination of each biennium after the payment of all expenses of enforcement hereinbefore provided, any surplus of the enforcement fund created by the collection of the fees provided herein shall be transferred by the State Treasurer to the Examination Fund of the State Board of Insurance for such use as the State Board of Insurance may deem necessary in furthering the duties of the Examining Division of the State Board of Insurance.

Sec. 15. Dual licensing.—Any person who holds a license under the provisions of Article 21.07—1, Texas Insurance Code, 1951, as amended, shall be entitled to receive a license under this Article 21.07, and be authorized to write health and accident insurance without being required to pass the examination as required under this Article 21.07. Any person who holds a license under the provisions of Article 21.14, Texas Insurance Code, 1951, as amended, shall be entitled to write health and accident insurance written by those companies for whom he is licensed under Article 21.14 without being required to pass the examination required under this Article 21.07.

Sec. 16. Stamping of license.—When any license shall be issued by the State Board of Insurance to an applicant entitled to write health and accident insurance, the license shall have stamped thereon the words **HEALTH AND ACCIDENT INSURANCE**.

Sec. 17. Expiration of existing licenses.—Each license issued prior to the effective date hereof under the provisions of Art. 21.07 and remaining in force at the effective date of this Act shall continue in full force and effect until such license would otherwise expire, and each such license so expiring shall be subject to renewability in accordance with the provisions of this Act upon each respective license expiration date. Any such license so continuing in force may, however, be revoked by the State Board of Insurance in accordance with the other provisions of this Act.

Amended by Acts 1969, 61st Leg., 2nd C.S., p. —, ch. 25, § 1, emerg. eff. Sept. 19, 1969.

Sections 2 and 3 of Acts 1969, 61st Leg., 2nd C.S., p. —, ch. 25, provided:

“Section 2. This Act shall be cumulative of all other existing laws but in the event of any conflict between the provisions of this Act and the provisions of any existing law, the provisions of this Act shall prevail, and all laws, or parts of laws, in conflict with the provisions of this Act are hereby repealed to the extent of such conflict only.

“Section 3. If any provision of this Act or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions and applications of this Act which can be given effect without the valid provisions and application, and to this end the provisions of this Act are declared to be severable.”

(a) When any person, partnership or corporation shall desire to engage in business as a local recording agent for an insurance company, or insurance carrier, he or it shall make application for a license to the State Board of Insurance, in such form as the Board may require. Such application shall bear a signed endorsement by a general, state or special

agent of a qualified insurance company, or insurance carrier that applicant or each member of the partnership or each stockholder of the corporation is a resident of Texas, trustworthy, of good character and good reputation, and is worthy of a license.

(b) The Board shall issue licenses to individuals or to individuals engaging as partners in the insurance business, provided the names of all persons interested in any such partnership are named in the license, and each named as active in the business of the partnership qualify, and it be established that none not active have interest in the partnership principally to have written and be compensated therefor for insurance on property controlled through ownership, mortgage or sale, family relationship, or employment; and provided further, that all licensed agents must be residents of Texas. Provided, that a person who may reside in a town through which the state line may run and whose residence is in the town in the adjoining state may be licensed, if his business office is being maintained in this state. All persons acting as agent or solicitor for health and accident insurance within the provisions hereof, and who represent only fire and casualty companies, and not life insurance companies, shall be required to procure only one license, and such license as is required under the provisions of this article.

(c) The Board shall issue a license to a corporation if the Board finds:

(1) That the corporation is a Texas corporation organized or existing under the Texas Business Corporation Act having its principal place of business in the State of Texas and having as one of its purposes the authority to act as a local recording agent; and

(2) That every officer, director and shareholder of the corporation is individually licensed as a local recording agent under the provisions of this Insurance Code; and

(3) That such corporation will have the ability to pay any sums up to Twenty-Five Thousand Dollars (\$25,000.00) which it might become legally obligated to pay on account of any claim made against it by any customer and caused by any negligent act, error or omission of the corporation or any person for whose acts the corporation is legally liable in the conduct of its business as a local recording agent. The term "customer" as used herein shall mean any person, firm or corporation to whom such corporation sells or attempts to sell a policy of insurance, or from whom such corporation accepts an application for insurance. Such ability shall be proven in one of the following ways:

(a) An errors and omissions policy issued by an insurance company licensed to do business in the State of Texas insuring such corporation against errors and omissions in at least the sum of Fifty Thousand Dollars (\$50,000.00), with no more than a Two Thousand Five Hundred Dollars (\$2,500.00) deductible feature; or

(b) A bond executed by such corporation as principal and a surety company authorized to do business in this state, as surety, in the principal sum of Twenty-Five Thousand Dollars (\$25,000.00), payable to the State Board of Insurance for the use and benefit of customers of such corporation, conditioned that such corporation shall pay any final judgment recovered against it by any customer; or

(c) A deposit of cash or securities of the class authorized by Articles 2.08 and 2.10 of this Code, having a fair market value of Twenty-Five Thousand Dollars (\$25,000.00) with the State Treasurer. The State Treasurer is hereby authorized and directed to accept and receive such deposit and hold it exclusively for the protection of any customer of such corporation recovering a final judgment against

such corporation. Such deposit may be withdrawn only upon filing with the Board evidence satisfactory to it that the corporation has withdrawn from business, and has no unsecured liabilities outstanding, or that such corporation has provided for the protection of its customers by furnishing an errors and omissions policy or a bond as hereinbefore provided. Securities so deposited may be exchanged from time to time for other qualified securities.

A binding commitment to issue such a policy or bond, or the tender of such securities, shall be sufficient in connection with any application for license.

Nothing contained herein shall be construed to permit any unlicensed employee or agent of any corporation to perform any act of a local recording agent without obtaining a local recording agent's license. The Board shall not require a corporation to take the examination provided in Section 6 of this Article 21.14.

If at any time, any corporation holding a local recording agent's license does not maintain the qualifications necessary to obtain a license, the license of such corporation to act as a local recording agent shall be cancelled or denied in accordance with the provisions of Sections 16, 17 and 18 of this Article 21.14; provided, however, that should any person who is not a licensed local recording agent acquire shares in such a corporation by devise or descent, they shall have a period of ninety (90) days from date of acquisition within which to obtain a license as a local recording agent or to dispose of the shares to a licensed local recording agent.

Should such an unlicensed person acquire shares in such a corporation and not dispose of them within said period of ninety (90) days to a licensed local recording agent, then they must be purchased by the corporation for their book value, that is, the value of said shares of stock as reflected by the regular books and records of said corporation, as of the date of the acquisition of said shares by said unlicensed person. Should the corporation fail or refuse to so purchase such shares, its license shall be cancelled.

Any such corporation shall have the power to redeem the shares of any shareholder, or the shares of a deceased shareholder, upon such terms as may be agreed upon by the Board of Directors and such shareholder or his personal representative, or at such price and upon such terms as may be provided in the Articles of Incorporation, the Bylaws, or an existing contract entered into between the shareholders of the corporation.

Each corporation licensed as a local recording agent shall file, under oath, a list of the names and addresses of all of its officers, directors and shareholders with its yearly application for renewal license.

Each corporation licensed as a local recording agent shall immediately notify the State Board of Insurance upon any change in its officers, directors or shareholders.

The term "firm" as it applies to local recording agents in Sections 2, 12 and 16 of this Article 21.14 shall be construed to include corporations. Sec. 3 amended by Acts 1969, 61st Leg., p. 668, ch. 225, § 1, eff. Sept. 1, 1969.

Sec. 4. Acting Without License Forbidden.

It shall be unlawful for any person, firm, partnership or corporation or any officer, director or shareholder of a corporation to act as a local recording agent or solicitor in procuring business for any insurance company, corporation, interinsurance exchange, mutual, reciprocal, associa-

Sec. 5. Active Agents or Solicitors Only to be Licensed.

No license shall be granted to any person, firm, partnership or corporation, either as a local recording agent or solicitor, for the purpose of writing any form of insurance, unless it is found by the State Board of Insurance that such person, firm, partnership or corporation, is or intends to be, actively engaged in the soliciting or writing of insurance from the public generally; that each person or individual of a firm is a resident of Texas, of good character and good reputation, worthy of a license, and is to be actively engaged in good faith in the business of insurance, and that the application is not being made in order to evade the laws against rebating and discrimination either for the applicant or for some other person, firm, partnership or corporation. Nothing herein contained shall prohibit an applicant insuring property which the applicant owns or in which the applicant has an interest; but it is the intent of this Section to prohibit coercion of insurance and to preserve to each citizen the right to choose his own agent or insurance carrier, and to prohibit the licensing of an individual, firm, partnership or corporation to engage in the insurance business principally to handle business which the applicant controls only through ownership, mortgage or sale, family relationship or employment, which shall be taken to mean that an applicant who is making an original application for license shall show the State Board of Insurance that he or it has a bona fide intention to engage in business in which at least twenty-five per cent (25%) of the total volume of premiums shall be derived from persons or organizations other than applicant and from property other than that on which the applicant shall control the placing of insurance through ownership, mortgage, sale, family relationship or employment; and which shall be taken to mean, in the case of application for renewal of license, that at least twenty-five per cent (25%) of applicant's total volume of premiums, during the year preceding such application for renewal, shall have been derived from persons other than applicant and from property other than that on which the applicant controlled the placing of insurance through ownership, mortgage, sale, family relationship or employment. Nothing herein contained shall be construed to authorize a corporation to receive a license as a solicitor.

TITLE 83—LABOR

CHAPTER THREE—PAYMENT OF WAGES

Art.
5159d. Minimum wages [New].

Art. 5159a. Construction of public works in State and municipal or political subdivisions; prevailing wage rate to be maintained

* * * * *

Sec. 4. Any construction or repair work done under contract, and paid for in whole or in part out of public funds, other than work done directly by any public utility company pursuant to order of the Railroad Commission or other public authority, whether or not done under public supervision or direction, or paid for wholly or in part out of public funds, shall be held to be "public works" within the meaning of this Act. The term "locality in which the work is performed" shall be held to mean the county, city and county, city, town, district or other political subdivision of this state in which the building, highway, road, excavation, or other structure, project development or improvement is situated in all cases in which the contract is awarded by the state, or any public body thereof, and shall be held to mean the limits of the county, city and county, city, town, district or other political subdivisions on whose behalf the contract is awarded in all other cases. The term "general prevailing rate of per diem wages" shall be the rate determined upon as such rate by the public body awarding the contract, or authorizing the work, whose decision in the matter shall be final. Art. 5159d. Minimum wages

Purpose

Section 1. The Legislature hereby finds that a substantial number of the people of this state are working for wages that are not sufficient, in view of the cost of living, to enable them to maintain a standard of living necessary for the health, efficiency, and general well-being of themselves or their families. The Legislature also finds that this condition is a contributing cause of certain social disorders which have an adverse effect upon the economy of the state and the general welfare of its people, among which disorders are school dropouts, the disintegration of family units, and undue dependency upon public and private welfare programs. It is hereby declared to be the policy of this state to alleviate and as rapidly as practicable eliminate these conditions without undue curtailment of employment or earning power.

Minimum wage

Sec. 5. (a) Except as provided in Sections 6 and 7 of this Act, every employer shall pay to each of his employees (1) not less than \$1.25 an hour on and after February 1, 1970; and (2) not less than \$1.40 an hour on and after February 1, 1971.

(d) No employer who has an employee that lives on the premises of a business and is assigned certain working hours plus additional hours when the employee will be subject to call shall be required to pay the employee for more than the number of hours the employee actually worked or was on duty because of assigned working hours.

Minimum wage for agricultural employees

Sec. 6. (a) Except for persons covered by Subsections (b) and (c) of this section and Section 7 of this Act, any person employed in agriculture on and after February 1, 1970, shall be entitled to receive for each hour that he works not less than 20 cents less than the federal hourly minimum wage for agriculture as provided in the Fair Labor Standards Act of 1938, as amended, but in no event shall the minimum hourly wage established in this Act for agriculture exceed the amount specified in Section 5 of this Act.

(b) On and after February 1, 1970, when a person employed in agriculture lives on the premises of the employer in quarters furnished by the employer, the employer, in addition to furnishing living quarters and other benefits, shall pay to the employee in cash a minimum weekly salary of not less than \$30 a week.

(c) When a person is employed as provided in Subsection (b) of this section and the employer, in addition to furnishing on-premises living quarters for the employee also furnishes on-premises living quarters for members of the employee's family, any member of the employee's family living in the quarters may be employed in agriculture by the employer without regard to the minimum wage and salary provisions of this Act.

(d) The provisions of this section take effect on February 1, 1970.

Piece rate workers

Sec. 7. (a) On and after February 1, 1971, any person employed in agriculture as a piece rate worker to harvest a commodity for which

For Annotations and Historical Notes, see V.A.T.S.

a piece rate has been established by the commissioner under the provisions of this section shall be entitled to receive not less than the piece rate established by the commissioner for harvesting the particular commodity involved.

(b) The commissioner shall determine a piece rate for each agricultural commodity commercially produced in substantial quantity in this state in the manner provided in this section. The piece rate in each case shall be equivalent to the minimum hourly wage for other agricultural workers, as provided for in Section 6(a) of this Act, in that when payment by unit of production is applied to a worker of average ability and diligence in harvesting a particular commodity he shall receive an amount equal to the minimum hourly wage for agricultural workers. It is the intent and understanding of the Legislature that if a piece rate worker does not harvest the number of units of a particular commodity that would provide the minimum wage as established for a worker of average ability and diligence, none the less that worker need be paid for only those number of units of production harvested by him.

(c) The commissioner shall accumulate data regarding the actual productivity of hand harvesters of agricultural commodities in this state in sufficient quantity to serve as a reasonable basis for establishing a piece rate for each commodity. On the basis of this data the average hourly productivity of hand harvest laborers with respect to each agricultural commodity commercially produced in substantial quantity in this state shall be calculated in terms of units of each commodity or units of the weight or measure customarily used with respect to each commodity. The minimum wage for agriculture provided for in Section 6(a) of this Act shall then be divided by the average hourly production of hand harvesters of each commodity and in each case the result, rounded to the nearest cent, shall be the piece rate established by the commissioner for that commodity.

(d) When, in the judgment of the commissioner, insufficient data is available for determining the average hourly productivity of hand harvesters of a particular commodity, or when in the judgment of the commissioner a particular commodity is not commercially produced in this state in sufficient quantity or volume to warrant the determination of a piece rate, then no piece rate shall be established for the harvesting of the commodity and the provisions of Section 6(a) of this Act shall be applicable to employers employing hand harvest laborers to harvest any commodity for which piece rate has not been established. The decision of the commissioner not to establish a piece rate for a particular commodity at any given time shall not preclude the establishment of a piece rate for the commodity at any subsequent time when, in the judgment of the commissioner, sufficient data are available and the volume of production of the commodity warrants the establishment of a piece rate.

(e) The commissioner shall retain all data used in determining any piece rate for the period of time that the piece rate based on the data is in effect, and all the data shall be available for public inspection.

(f) Before issuing an order establishing any piece rate or rates the commissioner, or such person as may be designated by the commissioner for such purpose, shall hold a public hearing at which the proposed rate or rates and the data upon which the rate or rates are based shall be presented. A reasonable opportunity shall be afforded to agricultural employers and employees, or their representatives, to be heard and to protest the establishment of any proposed rate, and following the hearing the commissioner may modify any proposed rate before finally establishing it. The judgment of the commissioner in establishing any piece rate shall be final and binding upon all parties subject to this Act

unless set aside by judgment of a court of competent jurisdiction. In the event a piece rate for any commodity is set aside by final judgment of a court of competent jurisdiction, the minimum hourly wage provided in Section 6(a) of this Act shall apply to harvesting the commodity until a valid piece rate is established.

(g) The provisions of this section relating to the duties and authority of the commissioner shall become effective on the effective date of this Act and the commissioner shall proceed forthwith to collect data for the establishment of piece rates to become applicable on February 1, 1971. Initial piece rates shall be established and promulgated by the commissioner not later than December 31, 1970, and thereafter all orders of the commissioner establishing or modifying piece rates shall be issued at least 30 days in advance of the date when the rates become effective.

(h) After the establishment of any piece rate or rates the order establishing same shall be kept on file in the office of the commissioner in Austin, Texas, and shall be available for public inspection. The commissioner shall make copies available to anyone on request and may charge a reasonable amount to cover the cost of making and distributing the copies. A copy of each order establishing a piece rate or rates shall be furnished by the commissioner to the Bureau of Labor Statistics.

(i) At any time the data available to the commissioner indicates a substantial change in condition a new piece rate may be established for any commodity in the manner provided in this Act for the establishment of piece rates in the first instance. The commissioner shall review all piece rates at least once a year and determine whether any new rates are needed.

(j) The provisions of this section apply to contract labor as well as to any person directly employed by any owner, operator, or manager of a farm.

(k) In case of emergency caused by flood, hurricane, or other natural calamity or other disaster or by any occurrence that may result in the excessive loss of agricultural products, piece rates may be suspended by order of the commissioner for not more than 30 days in any area defined in the order of suspension.

(l) The commissioner may make rules and regulations necessary for the proper administration of this Act, including procedures for giving notice of and conducting hearings.

Agricultural exemption

Sec. 8. The provisions of Sections 5, 6 and 7 shall not apply to any agricultural employer who during any calendar quarter during the preceding calendar year did not use more than 300 man-days of agricultural labor, nor to any agricultural employer with respect to employees engaged in the production of livestock and in activities in support thereof.

Special provisions for certain workers

Sec. 9. (a) In order to prevent curtailment of employment opportunities, any person whose earning or productive capacity is impaired by age, physical or mental deficiency, or injury or who is over the age of 65 years may be employed at wages lower than the minimum wage applicable under this Act, but at not less than 60 percent of the minimum wage. Provided, that the provisions of the section shall not be applicable to persons employed in agriculture as piece rate workers.

(b) An employer employing a person mentioned in Subsection (a) of this section at a wage lower than the applicable minimum wage under this Act shall not be relieved of liability under Section 13 of this Act, unless, prior to the employment of the person or within 90 days after the

For Annotations and Historical Notes, see V.A.T.S.

effective date of this Act, the employer secures a medical certificate signed by a physician licensed to practice medicine by the Texas State Board of Medical Examiners, certifying that because of age, physical or mental deficiency, or injury the productive or earning capacity of the person seeking employment is materially impaired.

(c) The medical certificate shall be retained by the employer during the period of employment of the person and for two years after the employment is terminated. The statement of earnings given to the person by the employer, as required by Section 11 of this Act, shall include the words "medical certificate."

Sheltered workshops

Sec. 10. Nonprofit charitable organizations which are engaged in evaluating, training, and employment services for handicapped clients and which comply with federal regulations covering these activities will be considered to have complied with this Act.

Employer's statement

Sec. 11. (a) At the end of each pay period, the employer shall give each employee an earnings statement in writing covering that pay period. The earnings statement shall be signed by the employer or his agent and shall include:

- (1) the name of the employee;
- (2) the rate of pay;
- (3) the total amount of pay earned by the employee during the pay period;
- (4) any deductions made from the employee's pay;
- (5) the amount of pay after all deductions are made; and
- (6) the total number of hours worked by the employee if paid on an hourly basis, or the total amount of work done by the employee during the pay period in units of production if the employee is paid on the piece rate basis.

(b) If the employee is employed in agriculture under the provisions of Section 6(a), 6(b), or 6(c) of this Act, the employer's statement shall include a notation to that effect.

(c) The earnings statement may be in any form determined by the employer and it shall be sufficient if the information required by Subsection (a) of this section is stated on a check voucher or bank draft given to the employee for his wages.

Criminal penalty

Sec. 12. Any employer, who, for the purpose of depriving an employee of any wages to which the employee is entitled, shall furnish to the employee a statement required under the provisions of Section 11 of this Act which the employer knows to be false, shall be guilty of a misdemeanor and upon conviction shall be punished by a fine of not less than \$100 nor more than \$500 or by confinement in the county jail for not less than 5 nor more than 30 days or by both.

Civil penalty

Sec. 13. (a) Any employer who violates the provisions of Section 5, 6, 7, or 9 of this Act is liable to the employee or employees affected in the amount of the unpaid wages plus an additional equal amount as liquidated damages.

(b) An action to recover the liability may be maintained in any court of competent jurisdiction in the county where the cause of action accrued by one or more employees for himself or themselves and other em-

ployees similarly situated. No employee shall be a party plaintiff to any action brought under this section unless he gives his written consent and his written consent is filed in the court in which the action is brought.

(c) At the trial of any cause of action brought under this section, the plaintiff shall recover if the jury or the court finds from a preponderance of the evidence that

(1) the plaintiff or plaintiffs are or have been employed by the defendant at any time during the two years immediately preceding the institution of the suit;

(2) the defendant has failed, up until the time of the filing of the suit, to furnish plaintiff or plaintiffs a statement or statements of earnings as required by Section 11 of this Act;

(3) the original petition filed by or on behalf of plaintiff or plaintiffs is verified and contains a demand for the defendant to furnish the statement or statements of wages paid;

(4) the defendant persisted in failing or refusing to furnish the statement or statements; and

(5) that the defendant had failed to pay to plaintiff or plaintiffs the minimum wage as set forth in Section 5, 6, 7 or 9 of this Act.

(d) In addition to any judgment awarded to the plaintiff or plaintiffs, the court shall allow a reasonable attorney's fee and costs of the action to be paid by the defendant.

(e) An action to recover upon any liability imposed by this section must be commenced within two years after the unpaid wages are due and payable.

Collective bargaining not impaired

Sec. 14. Nothing in this Act shall be considered to interfere with, impede, or in any way diminish the right of employees to bargain collectively with their employers through representatives of their own choosing in order to establish wages in excess of the applicable minimum under the provisions of this Act.

Dissemination of information

Sec. 15. The Bureau of Labor Statistics shall disseminate information to the public regarding the provisions of this Act to the end that both employers and employees in this state will be fully aware of their respective rights and responsibilities, the exemptions specified, and the penalties and liabilities which may be incurred for violations of the provisions of this Act.

Severability

Sec. 16. If any provision of this Act or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions or applications of the Act which can be given effect without the invalid provision or application, and to this end the provisions of this Act are declared to be severable.

B. Every claimant who has furnished labor or material in the prosecution of the work provided for in such contract in which a Payment Bond is furnished as required hereinabove, and who has not been paid in full therefor, shall have the right, if his claim remains unpaid after the expiration of sixty (60) days after the filing of the claim as herein required, to sue the principal and the surety or sureties on the Payment Bond jointly or severally for the amount due on the balance thereof unpaid at the time of filing the claim or of the institution of the suit plus reasonable attorneys' fees; provided:

(a) Notices Required for Unpaid Bills, other than notices solely for Retainages as hereinafter described.

Such claimant shall have given within ninety (90) days after the 10th day of the month next following each month in which the labor was done or performed, in whole or in part, or material was delivered, in whole or in part, for which such claim is made, written notices of the claim by certified or registered mail, addressed to the prime contractor at his last known business address, or at his residence, and to the surety or sureties. Such notices shall be accompanied by a sworn statement of account stating in substance that the amount claimed is just and correct and that all just and lawful offsets, payments, and credits known to the affiant have been allowed. Such statement of account shall include therein the amount of any retainage or retainages applicable to the account that have not become due by virtue of terms of the contract between the claimant and the prime contractor or between the claimant and a subcontractor. When the claim is based on a written agreement, the claimant shall have the option to enclose, with the sworn statement of account, as such notice a true copy of such agreement and advising completion or value of partial completion of same.

(1) When no written contract or written agreement exists between the claimant and the prime contractor or between the claimant and a subcontractor, except as provided in subparagraph B(a) (2) hereof, such notices shall state the name of the party for whom the labor was done or performed or to whom the material was delivered, and the approximate dates of performance and delivery, and describing the labor or materials or both in such a manner so as to reasonably identify the said labor or materials or both and amount due therefor. The claimant shall generally itemize his claim and shall accompany same with true copies of documents, invoices or orders sufficient to reasonably identify the labor performed or material delivered for which claim is being made. Such documents and copies thereof shall have thereon a reasonable identification or description of the job and destination of delivery.

(2) When the claim is for multiple items of labor or material or both to be paid for on a lump sum basis such notice shall state the name of the party for whom the labor was done or performed or to whom the material was delivered, the amount of the contract and whether written or oral, the amount claimed and the approximate date or dates of performance or delivery or both and describing the labor or materials or both in such a manner as to reasonably identify the said labor or materials.

(3) When a claimant who is a subcontractor or materialman to the prime contractor or to a subcontractor has a written unit price agreement, completed or partially completed, such notices shall be sufficient

if such claimant shall attach to his sworn statement of account a list of units and unit prices as fixed by said contract and a statement of such units completed and of such units partially completed.

(b) **Additional Notices Required of Claimants Who Do Not Have a Direct Contractual Relationship With the Prime Contractor.**

Excepting an individual mechanic or laborer who is a claimant for wages, no right of action shall be legally enforceable, nor shall any suit be maintained under any provision of this Act by a claimant not having a direct contractual relationship with any prime contractor for material furnished or labor performed under the provisions of this Act unless such claimant has complied with those of the following additional requirements which are applicable to the claim:

(1) If any agreements exist between the claimant and any subcontractors by which payments are not to be made in full therefor in the month next following each month in which the labor was performed or the materials were delivered or both, such claimant shall have given written notice by certified or registered mail addressed to the prime contractor at his last known business address, or at his residence, within thirty-six (36) days after the 10th day of the month next following the commencement of the delivery of materials or the performance of labor that there has been agreed upon between the claimant and such subcontractors such retention of funds. Such notice shall indicate generally the nature of such retainage.

(2) Such Claimant shall have given written notice by certified or registered mail as described in the preceding subparagraph B(b) (1) to the prime contractor within thirty-six (36) days after the 10th day of the month next following each month in which the labor was done or performed, in whole or in part, or material delivered, in whole or in part, that payment therefor has not been received. A copy of the statement sent to the subcontractor shall suffice as such notice.

(3) If the basis of the claim is an undelivered specially fabricated item or items as described in paragraph C(b) (2), such claimant shall have given written notice by certified or registered mail as described in the preceding subparagraph B(b) (1) to the prime contractor within forty-five (45) days after the receipt and acceptance of an order for hereinafter described specially fabricated material that such an order has been received and accepted.

(c) **Notices of Unpaid Retainages Required. Retainage Defined.**

Retainage as referred to in this Act is defined as any amount representing any part of the contract payments which are not required to be paid to the claimant within the month next following the month in which the labor was done or material furnished or both.

When a contract between the prime contractor and such claimant, or between a subcontractor and such claimant provides for retainage, such claimant shall have given, on or before ninety (90) days after the final completion of the contract between the prime contractor and the awarding authority, written notices of the claim for such retainage by certified or registered mail to the prime contractor at his last known business address, or at his home address, and to the surety or sureties. Such notices shall consist of a statement showing the amount of the contract, the amount paid, if any, and the balance outstanding. No claim for such retainage contained in such notices shall be valid to an extent greater than the amount specified in the contract between the prime contractor or the subcontractor and the claimant to be retained, and in no event greater than ten per cent (10%) of such contract. However, such notices shall not be required if the amount claimed is part of a prior claim which has been made as heretofore described.

All such records shall be the property of the board and shall be subject to inspection by the commissioners court of such county at all reasonable times. The board may contract with the commissioners court of such county to have the county keep and maintain its records. An annual audit by independent auditors selected by the board shall be made of all financial transactions and records of the board.

Jurisdiction and powers of board

Sec. 7. All lands used as parks in connection with public beaches but not located within the boundaries of any incorporated city and not within the area bordering on the Gulf of Mexico from the line of mean low tide to the line of vegetation as that term is defined in Chapter 19,

For Annotations and Historical Notes, see V.A.T.S.

The commissioners court of such county may designate any additional parks and facilities owned by the county, or to be managed by the county under the terms of a written contract, to be under the management and control of the board. In addition to the powers and authority herein granted, the board shall have and exercise the following powers and authority:

(a) To manage, operate, maintain, equip, and finance any and all existing public parks placed under its jurisdiction by the commissioners court;

(b) To improve, manage, operate, maintain, equip, and finance additional parks acquired by gift, but not by the exercise of the power of eminent domain;

(c) To accept, receive, and expend gifts of money or other things of value from any person, group of persons, corporation, or association for the purpose of performing any function, power or authority herein invested in the board;

(d) To advertise the county's recreational advantages for the purposes of attracting tourists, residents, and other users of the public facilities operated by the board;

(e) To accept and receive from the county and to expend such funds as may be appropriated by the county from time to time for the purpose of improving, equipping, maintaining, operating, and promoting recreational facilities under the board's supervision and control;

(g) To have general power to make and enter into all contracts, leases, and agreements with persons, associations, and corporations relating to the management, operation, and maintenance of any concession, facility, improvement, leasehold, lands, or other property of any nature whatsoever over which such board shall have jurisdiction and control; provided that the board shall not enter into any such lease or agreement for a longer term than 40 years;

(i) To employ secretaries, stenographers, bookkeepers, accountants, technical experts, and other such agents and employees, permanent or temporary, as it may require, and shall determine their qualifications, duties, and compensation. In addition, the board may also employ and compensate a manager for any parks or facilities and may give him full authority in the management and operation of the park or parks or facilities subject only to the direction and orders of the board. For such legal services as it may require the board may call upon the county attorney of such county and in lieu thereof or in addition thereto the board may employ and compensate its own counsel and legal staff. The board shall adopt a seal which shall be placed on all leases, deeds, and other instruments which are usually executed under seal, and on other such instruments as may be required by the board;

(j) To sue and be sued in its own name;

(k) To expend any moneys appropriated by the commissioners court for the purpose of cleaning and maintaining lands within its jurisdiction and public beaches including any moneys appropriated to the commissioners court by the State of Texas for such purpose;

(l) To issue revenue bonds in the name of the board which shall be payable solely from the revenues of all or any designated part or parts of the properties or facilities under the jurisdiction and control of the board, for the purpose of improving and enlarging public parks and facilities. Such bonds may be issued in one or more installments or series by resolutions adopted by the board without the necessity of an election, shall bear interest at a rate not to exceed six percent per annum, shall mature serially or otherwise within 40 years from their date or dates, shall be sold by the board on the best terms obtainable but not for less than par and accrued interest, shall be executed by the chairman and secretary of the board, shall be signed by the chairman and the secretary of the board, or shall bear the facsimile signature of either or both, shall display the seal of the board either impressed, printed, or lithographed thereon, shall not be delivered until a transcript of the proceedings authorizing their issuance has been submitted to the Attorney General of Texas and by him approved as to legality and the bonds registered by the Comptroller of Public Accounts of the State of Texas, and shall be issued upon such terms and conditions in regard to the security, manner, place and time of payment, pledge of designated revenue, redemption before maturity, and the issuance of additional parity or junior lien bonds as the board shall specify in the resolution or resolutions authorizing such bonds. All bonds issued under the provisions of this Act are hereby declared to be legal and authorized investments for banks, saving banks, trust companies, building and loan associations, insurance companies, fiduciaries, trustees, guardians, and for the sinking funds of cities, towns, villages, counties, school districts, or other political corporations or subdivisions of the State of Texas. Such bonds shall be eligible to secure the deposit of any and all public funds of the State of Texas, and any and all public funds of cities, towns, villages, or other political corporations or subdivisions of the State of Texas, and such bonds shall be lawful and sufficient security for said deposits to the extent of their face value when accompanied by all unmatured interest coupons appurtenant thereto;

(m) The board shall not have the power or authority to issue any bonds payable in whole or in part from ad valorem taxes but shall be authorized to receive and expend the proceeds of any bonds payable from taxes which may be issued by the governing body of the county for park purposes after the same have been authorized at an election held in the manner required by law;

(n) To issue refunding bonds for the purpose of refunding one or more series or installments of original or refunding revenue bonds of the board outstanding which refunding bonds shall be issued, approved as to legality by the Attorney General of Texas, and registered by the Comptroller of Public Accounts of Texas, in the manner and upon the terms and conditions prescribed for the issuance of original revenue bonds herein, such refunding bonds to bear interest at a rate or rates not exceeding that herein provided for the original bonds;

(o) To enter into contracts with adjacent counties, with Beach Park Boards in adjacent counties, and with Beach Park Boards in any city of the same county as the board, to accomplish any of the purposes authorized by this Act;

(p) To charge and collect a reasonable fee for access or entrance to, or parking upon, any lands under its jurisdiction other than public beaches owned by the county, or for the use of any facility located on land under the jurisdiction of the board.

National or state parks; jurisdiction

Sec. 8. The board shall have no jurisdiction over any public beach situated within the boundaries of such county which has been designated a national park, national seashore, or state park.

Cumulative effect

Sec. 9. This Act shall be cumulative of all other laws relating to county parks but this Act shall take precedence in the event of conflict. Specifically, the powers and authorities of the Beach Park Board of Trustees preempts the right of the county Board of Park Commissioners to act with regard to any beach, park, or facility within the jurisdiction of the Beach Park Board of Trustees.

Home-rule cities; boards

Sec. 10. The provisions of this Act shall not be construed as prohibiting the creation of, or limiting the lawful actions of, any Beach Park Board of Trustees of any home-rule city as provided for in Article 6081g—1, Vernon's Texas Civil Statutes.

Public access to gulf coast areas

Sec. 11. Nothing in this Act shall be construed to permit any interference whatsoever with any right the public might otherwise have under the provisions of Chapter 19, Acts of the 56th Legislature, 2nd Called Session, 1959, as amended (Article 5415d, Vernon's Texas Civil Statutes), to the free and unrestricted use of, and to ingress and egress to, the area bordering on the Gulf of Mexico from mean low tide to the line of vegetation as that term is defined in Chapter 19, Acts of the 56th Legislature, 2nd Called Session, 1959, as amended (Article 5415d, Vernon's Texas Civil Statutes), and such rights in the public shall persist as if this Act had not been passed. No county nor county officials nor anyone acting under authority of this Act shall exercise any authority, contract out any right to exercise authority or otherwise delegate authority beyond that specifically granted to it in Section 8 of Chapter 19, Acts of the 56th Legislature, 2nd Called Session, 1959, as amended (Article 5415d, Vernon's Texas Civil Statutes), over such area notwithstanding any of the specific provisions of this Act. It is the intent of the Legislature in passing this Act that the rights established or recognized in Chapter 19, Acts of the 56th Legislature, 2nd Called Session, 1959, as amended (Article 5415d, Vernon's Texas Civil Statutes), are to be paramount over any rights or interests which might otherwise be deemed created by this Act, and nothing herein shall trench upon those rights nor encroach upon lands, or interests in land, which may ultimately be held subject to those rights.

Section 12 of Acts 1969, 61st Leg., 2nd C.S., p. —, ch. 20, was a severability provision.

Title of Act:

An Act providing for the creation of beach park boards in counties bordering on the Gulf of Mexico; providing certain exceptions; describing the duties and powers of such boards; making this Act cumula-

tive of all other acts relating to county parks; providing for the autonomy of city beach park boards; providing for severability; reiterating rights, authority, and limitations delegated by Chapter 19, Acts of 56th Legislature, 2nd Called Session, 1959, as amended; and declaring an emergency. Acts 1969, 61st Leg., 2nd C.S., p. —, ch. 20.

Art. 5415d—4. State-owned beaches bordering Gulf; business establishments; licenses**Declaration of policy**

Section 1. It is hereby declared and affirmed to be the public policy of this state that the state-owned beaches bordering on the seaward shore of the Gulf of Mexico, and such larger area extending from the line of mean low tide to the line of vegetation bordering on the Gulf of Mexico, in the event the public has acquired a right of use or easement to or over such area by prescription, dedication, or has retained a right by virtue of continuous right in the public, shall be used primarily for recreational purposes; and any use which substantially interferes with the enjoyment of such beach area by the public shall constitute an offense against the public policy of this state. Be it provided, however, that nothing in this Act shall prevent any agency, department, political subdivision, or municipal corporation of this state from exercising its lawful authority under the laws of this state to regulate safety conditions on any beach area subject to public use.

Business establishments at fixed locations; undesirability

Sec. 2. The Legislature finds that the operation and maintenance of business establishments at fixed or permanent locations on the public beaches of this state bordering on the seaward shore of the Gulf of Mexico constitute a potential public health hazard and a substantial interference with the free and unrestricted rights of ingress and egress of the public, individually and collectively, to and from the state-owned beaches bordering on the seaward shore of the Gulf of Mexico, or such larger area extending from the line of mean low tide to the line of vegetation bordering on the Gulf of Mexico, in the event the public has acquired a right of use or easement to or over such area by prescription, dedication, or has retained a right by virtue of continuous right in the public.

Mobile business establishments; desirability; application to department for license

Sec. 3. The Legislature finds that a reasonable number of mobile business establishments which traverse the public beach while doing business are beneficial to the public interest and do not interfere with the free and unrestricted rights of ingress and egress of the public as heretofore described in this Act. Any person desiring to operate a mobile business establishment on any public beach located outside the municipal limits of any incorporated city shall first make written application therefor to the Parks and Wildlife Department.

Contents of application; filing fee; territorial limits

Sec. 4. (1) Such application shall set forth the name and street address of the applicant; the commodity or commodities to be sold or leased; the limits of the territory within which such mobile business establishment shall operate; and shall include payment of a filing fee in an amount to be determined by the Department, but in no event to exceed \$25. Such fee shall be deposited in the State Treasury in the Land and Water Recreation and Safety Fund 63, and the Department is authorized to fund the expenses of carrying out the provisions of this Act out of this fund.

(2) Any applicant seeking to operate more than one mobile business establishment must file a separate application accompanied by a separate filing fee for each mobile business establishment sought to be licensed.

(3) The Department may in its discretion establish maximum territorial limits over which mobile business establishments may operate;

For Annotations and Historical Notes, see V.A.T.S.

provided that such territorial limitations are applied uniformly to all applicants seeking to operate mobile business establishments in such territory; and further provided that a license to sell or lease only surf boards and related equipment shall in no way be limited as to the territory over which such mobile business establishment may operate.

Licenses; issuance

Sec. 5. Upon a finding that the issuance of a license would be consistent with recreational needs and the public welfare, and that the mobile business establishment authorized thereby would not create a traffic or safety hazard, the Department shall grant such license, provided that the applicant has complied with the provisions of this Act, and such license shall be valid for one year from the date of issuance thereof. In the event the Department does not grant the application, it shall return the filing fee to the applicant.

Assignability and revocation of license

Sec. 6. No license shall be assignable, and a failure or refusal of the holder to comply with the terms and conditions of such permit shall operate as an immediate termination and revocation of all rights conferred therein or claimed thereunder, after notice duly delivered by mail to the address of applicant listed on the application for a license.

Definitions

Sec. 7. For the purposes of this Act:

(1) "Department" shall mean the Parks and Wildlife Department.

(2) "Public Beach" shall mean that beach area, whether publicly or privately owned, to which the public has acquired the right of access, either by statute, prescription, dedication, or by retaining a right by virtue of continuous right in the public, including but not limited to that area extending from the line of mean low tide on the Gulf of Mexico to the line of vegetation bordering on the Gulf of Mexico, or to a line 200 feet inland from the line of mean low tide, whichever shall be nearer the line of mean low tide, in the event the public has acquired a right of use or easement to or over such area by prescription, dedication, or has retained a right by virtue of continuous right in the public.

(3) "Business Establishment" shall mean any structure or vehicle where any commodity or commodities, including memberships in any private club or other such organization, are offered to the public for sale or lease, but shall not include any structure or vehicle where only services are offered to the public for sale.

Number of licenses; multiple licensees

Sec. 8. It is the intention of the Legislature that, in addition to the standards already set forth in this Act, the Parks and Wildlife Department shall exercise the authority delegated in this Act according to the following considerations:

(1) That the number of mobile business establishments licensed by the Department not be such as to constitute a substantial interference with the free and unrestricted rights of ingress and egress of the public, as described heretofore in this Act.

(2) That the number of licenses issued by the Department under the provisions of this Act for any public beach in this state be sufficient to insure free and unrestricted competition in the selling or leasing of commodities to the public; and that no person or association of persons, corporate or otherwise, be allowed to operate a mobile business establishment, or mobile business establishments, on any public beach in restraint of trade or competition, whereby such person or association of persons controls all or substantially all of the business establishments licensed by the Department on such public beach.

Applicability of Act

Sec. 9. The provisions of this Act shall not apply to any public beach which is within the boundaries of a state park so designated by the Parks and Wildlife Department, nor shall this Act apply to any remote beach on any island or peninsula not accessible by public road or common carrier ferry facility, for so long as such condition shall exist.

Restrictions

Sec. 10. The Department shall not grant any application for a business establishment to be situated at a fixed or permanent location on a public beach, or for any business establishment which does not traverse the beach while doing business, nor shall it grant any application which otherwise does not meet the terms and provisions of this Act.

Operation without license; penalty

Sec. 11. Whoever shall, for himself or for or on behalf of or under the direction of another person, or association of persons, corporate or otherwise, operate any business establishment, whether mobile or at a fixed or permanent location, on any public beach outside the boundaries of any incorporated city, without first having obtained a license to operate such business establishment from the Parks and Wildlife Department, shall be fined not less than \$10, nor more than \$200.

Title of Act:

An Act declaring the public policy of this state regarding the recreational use of certain beaches; authorizing the licensing of certain business establishments which do

not interfere with such use; providing for certain exemptions; providing a penalty for violations; and declaring an emergency. Acts 1969, 61st Leg., 2nd C.S., p. —, ch. 26.

Art. 5415f. State-owned submerged lands and islands; sale or leasing of surface estate; moratorium

Pending delivery of the final report of the Interagency Natural Resources Council to the Legislature covering its comprehensive study and recommendation concerning the state's submerged lands, beaches, islands, estuaries, and estuarine areas pursuant to S. C. R. No. 38 of this 61st Legislature, or until May 31, 1973, whichever date shall first occur, there is hereby declared a moratorium and suspension of the sale or leasing of, and of the establishment of any bulkhead line on, the surface estate of any state-owned submerged lands, beaches, and islands for any purpose under any existing law of this state.

Be it provided, however, that this moratorium shall not apply to any application for a lease of state-owned submerged lands or islands under the provisions of Chapter 377, Acts of the 57th Legislature, Regular Session, 1961, where the submerged lands or islands sought to be leased are within 2500 feet of submerged lands or islands already under lease to the applicant pursuant to the terms of Chapter 377, Acts of the 57th Legislature, Regular Session, 1961.

It is further provided that this Act shall not be construed to repeal, modify, or suspend the provisions of Chapter 3, Title 67, Revised Civil Statutes of Texas, as amended, as it relates to the powers and duties of the Parks and Wildlife Department with respect to all matters pertaining to the sale, taking, carrying away, or disturbing of marl, sand, gravel, or shell of commercial value, and all gravel, shells, mud shell, and oyster beds and their protection from free use and unlawful disturbing or appropriation as provided in said Chapter 3.

Be it provided, however, that this Act shall not apply to any island or peninsula that is not accessible by a public road or common carrier ferry facility, so long as such condition shall exist.

Section 2 of Acts 1969, 61st Leg., 2nd C.S., p. 85, ch. 21, provided:

"The facts that the state-owned submerged lands, islands, estuaries, and estuarine areas in the Texas Gulf Coast Area, including the submerged lands of the state seaward of the mean of lower low water marks in the Gulf of Mexico, and the natural resources and the environmental natural beauty with which they are so richly endowed, constitute an important and valuable property right belonging to the Public Free School Fund and to all of the people of Texas, and they are of immediate and potential value to the present and future generations of Texans;

"That it is the declared policy of the state that such submerged lands, islands, estuaries, and estuarine areas shall be so managed and used as to insure the conservation, protection, and restoration of such submerged lands, islands, estuaries, and estuarine areas with resources and natural beauty and, consistent with such protection, conservation and restoration, their development and utilization in a manner that adequately and reasonably maintains a balance between the need for such protection in the interest of conserving the natural resources and natural beauty of the state and the need to develop these submerged lands, islands, estuaries, and estuarine areas to further the growth and development of the state;

"That the people of the State of Texas have a primary interest in the correction and prevention of irreparable damage to or unreasonable impairment of the uses of the coastal waters of the state and inland waters of the state in such estuaries and estuarine areas caused by drainage, waste water disposal, industrial waste disposal, and all other activities that may contribute to the contamination and pollution of such waters;

"That the people of the State of Texas also have primary interests in the value of such lands, islands, estuaries, and estuarine areas as public property for production and marketing of oil and gas and other minerals and mineral resources, for the production of living resources, for shell and other fisheries and fishing, hunting, and other recreation, for wildlife conservation, and for health and other uses in which

the public at large may participate and enjoy;

"That it is also the declared policy of this state that the public, individually and collectively, shall have the free and unrestricted right of ingress and egress to and from the state-owned beaches bordering on the seaward shore of the Gulf of Mexico and hence the people of the State of Texas have a further primary interest in conserving the natural beauty of the state's beaches and protecting and conserving them for the use of the public;

"That the Interagency Natural Resources Council has been directed by the Legislature to make a comprehensive study to prepare the way for constructive legislation for the present and future protection of the interest of the people of the State of Texas in such submerged lands, beaches, islands, estuaries, and estuarine areas; and

"That the purpose, intent, and effectiveness of such constructive legislation for the present and future protection of the people of the State of Texas cannot be achieved if the sale and leasing of the state-owned submerged lands, beaches, and islands is continued under the existing laws of this state without regard to detailed modern scientific knowledge of these submerged lands, beaches, and islands which will result from the Council study and before such information can be collected and finally reported to the Legislature,

"All create an emergency and an imperative public necessity that the Constitutional Rule requiring bills to be read on three several days in each House be suspended, and this Rule is hereby suspended; and that this Act shall take effect and be in force from and after its passage, and it is so enacted."

Title of Act:

An Act declaring a moratorium on the sale or leasing of the surface estate in state-owned submerged lands, beaches, and islands under any existing laws of this state, pending receipt of the Interagency Natural Resources Council study of these submerged lands, beaches, and islands or until May 31, 1973, whichever is earlier; providing certain exemptions; and declaring an emergency. Acts 1969, 61st Leg., 2nd C.S., p. —, ch. 21.

Art. 5415g. Gulf coast and public beach areas; excavation of sand, etc.; permits

Policy and purpose

Section 1. The Legislature finds that the unregulated excavation, taking, removing, or carrying away of sand, marl, gravel and shell from islands and peninsulas bordering on the Gulf of Mexico and from the public beaches of this state constitute a substantial interference with public enjoyment of Texas beaches, a hazard to life and property.

Application for permit

Sec. 2. Any person or association of persons, corporate or otherwise, desiring to excavate, take, remove, or carry away sand, marl, gravel, or

shell from any land located on any exposed island or peninsula bordering on the Gulf of Mexico, or from land located within 1500 feet of any public beach of this state, where such land is situated outside the boundaries of any incorporated city, town or village, shall first make written application therefor to the commissioners court of the county in which such excavation, taking, removing, or carrying away shall take place.

Contents of application; filing fee certification

Sec. 3. Such application shall set forth the name of the applicant; the location and dimensions of the proposed excavation; the property interest or contractual right which enables applicant to excavate, take, remove, or carry away sand, marl, gravel, or shell; and shall include certification by the county treasurer, or if there be no county treasurer, other official exercising similar authority, that applicant has deposited a filing fee of \$50.

Permits; issuance

Sec. 4. Upon a finding that the proposed excavation, taking, removing or carrying away would not create hazardous conditions or imperil lives or property by exposing the island or peninsula or public beach to the ravages of storm waters, the commissioners court may issue a permit to such applicant and it shall be valid for six months from the date of issuance thereof. The decision of the commissioners court shall be made with the advice and counsel of the county engineer, in those counties where such official is employed by the commissioners court.

Refusal of permit; recovery of filing fee

Sec. 5. If the commissioners court shall refuse the permit, applicant may recover his filing fee from the county treasurer, or if there be no county treasurer, other official exercising similar authority.

Ownership of land or consent of owner; necessity for permit

Sec. 6. No permit shall be issued by the commissioners court pursuant to the provisions of this Act to excavate, take, remove, or carry away any sand, marl, gravel, or shell from any land owned by the State of Texas, nor from any public beach in the State of Texas; nor shall any permit be issued by the commissioners court to excavate, take, remove, or carry away any sand, marl, gravel, or shell from any privately-owned land subject to the provisions of this Act which is not located on a public beach, unless applicant is the owner of the land where the proposed excavation, taking, removing, or carrying shall take place, or unless applicant is acting with the knowledge and consent of such owner.

Exemptions

Sec. 7. The provisions of this Act shall not apply:

(1) to any taking, removing, carrying away, or excavation of sand, marl, gravel, or shell made for the purpose of constructing improvements upon real property, where such improvements are constructed upon the property where said taking, removing, carrying away, or excavation occurs.

(2) to any landowner desiring to shift sand, marl, gravel, or shell from one location to another on land wholly owned by such landowner.

(3) to any agency of the federal or state government, nor to any agent nor officer thereof acting in his official capacity; nor shall the provisions of this Act apply to any agency of any county, city, or other political subdivision, nor to any agent nor officer thereof acting in his official capacity.

Be it provided, however, that for the purposes of this Act, any person or association of persons, corporate or otherwise, holding a lease from

the State of Texas under the provisions of Chapter 377, Acts of the 57th Legislature, Regular Session, 1961 (Article 5415e, Revised Civil Statutes of Texas), shall be treated as an owner of such land and shall be entitled to excavate, take, remove, and carry away sand, marl, gravel, or shell for the purposes set forth in this Section without first obtaining a permit from the commissioners court.

Saving clause

Sec. 8. Nothing in this Act shall be construed to repeal or modify the provisions of Chapter 3, Title 67, Revised Civil Statutes of Texas, as amended, as it relates to the powers and duties of the Parks and Wildlife Department with respect to all matters pertaining to the sale, taking, carrying away, or disturbing of sand, marl, gravel, or shell of commercial value, and all gravel, shells, mud shell, and oyster beds and their protection from free use and unlawful disturbing or appropriation as provided in said Chapter 3; nor shall anything in this Act be construed to create any additional or supplemental requirements or procedures to those set forth in the said Chapter 3, Title 67, insofar as the matters therein involved are concerned.

Assignability and revocation of permits

Sec. 9. No permit shall be assignable without the approval of the commissioners court, and a failure or refusal of the holder to comply with the terms and the conditions of such permit shall operate as an immediate termination and revocation of all rights conferred therein or claimed thereunder.

Public notices and hearing on applications

Sec. 10. The commissioners court shall give public notice of all applications received for permits to excavate, take, remove, or carry away sand, marl, gravel, or shell. Such notice shall be published once in a newspaper of general circulation in the county, and shall include the name of the applicant and the location and dimensions of the proposed activity. A public hearing shall be held by the commissioners court in any case in which such is requested by any citizen within ten days after such publication. Notice of such public hearing shall be published at least once a week for at least two weeks in a newspaper of general circulation in the county, and such hearing may not be held less than thirty days from the date of the first such publication.

Definition of "public beach"

Sec. 11. For the purposes of this Act, "public beach" shall mean that beach area, whether publicly or privately owned, to which the public has acquired the right of access, either by statute, prescription, dedication, or by retaining a right by virtue of continuous right in the public, including but not limited to that area extending from the line of mean low tide bordering on the Gulf of Mexico to the line of vegetation bordering on the Gulf of Mexico, or to a line 200 feet inland from the line of mean low tide, whichever shall be nearer the line of mean low tide, in the event the public has acquired a right of use or easement to or over such area by prescription, dedication, or has retained a right by virtue of continuous right in the public.

Applicability of Act

Sec. 12. This Act shall not apply to any island or peninsula that is not accessible by a public road or common carrier ferry facility, so long as such condition shall exist.

Injunctive remedies; enforcement

Sec. 13. The Attorney General, any County Attorney, District Attorney, or Criminal District Attorney of the State of Texas is hereby authorized and empowered, and it shall be his, or their duty to file in the District Court of the county where such conduct is taking place, actions seeking either temporary or permanent court orders or injunctions to prohibit any excavation, taking, removing, or carrying away any sand, marl, gravel, or shell from any land located on any exposed island or peninsula bordering on the Gulf of Mexico, or from land located within 1500 feet of any public beach of this state, where such land is situated outside the boundaries of any incorporated city, town, or village, in violation of the provisions of this Act.

Offense; penalty

Sec. 14. Whoever shall, for himself, or for or on behalf of or under the direction of another person, or association of persons, corporate or otherwise, excavate, take, remove, or carry away any sand, marl, gravel, or shell from any land located on any exposed island or peninsula bordering on the Gulf of Mexico, or from land located within 1500 feet of any public beach of this state, where such land is situated outside the boundaries of any incorporated city, town, or village, in violation of the provisions of this Act, shall be fined not less than \$10 nor more than \$200. ARTICLE 4. STATE GRANTS-IN-AID

Art. 5547—204. State grants-in-aid

Rules and regulations of the Department

Sec. 4.01. (a) The Department shall prescribe such rules, regulations and standards, not inconsistent with the Constitution and laws of this State, as it considers necessary and appropriate to insure adequate

provision of mental health and mental retardation services by community centers.

(b) Before any rule, regulation or standard is adopted the Department shall give notice and opportunity to interested persons to participate in the rule making.

(c) The rules, regulations and standards adopted by the Department under this Section shall be filed with the Secretary of State and shall be published and available on request from the Secretary of State.

(d) A copy of these rules shall be sent to each community center established in this State.

Plan

Sec. 4.02. As soon as possible after its establishment the board of trustees shall submit to the Department:

(1) a copy of the contract between the participating local agencies, if applicable;

(2) a plan within the projected financial, physical and personnel resources of the region to be served to develop and make available to the residents of the region an effective mental health or mental retardation services program, or both, through a community center or centers.

Eligibility for grants-in-aid

Sec. 4.03. A community center is eligible to receive State grants-in-aid if it qualifies according to the rules and regulations of the Department. It is specifically provided, however, that the Department may require that such grants of State funds be matched by local support in such proportions and amounts as may be determined by the Department. For the purpose of calculating the local share of the operating costs of a community center, patient fee income, services and facilities contributed by local community centers may be counted as local support. To facilitate the administration of such funds, the Department may make periodic allocations of such grants to community centers on the basis of operating budgets submitted to it by the community centers in such form as the Department may require, but shall, periodically during the fiscal period covered by such operating budgets, make such adjustments, upward or downward, as may be necessary equitably to apportion such operating costs between the State government and the community centers.

Auditing procedures

Sec. 4.04. The board of trustees of a community center, as a condition precedent to its receiving further grants under this Act, shall annually have the accounts of the center audited by a Texas certified or public accountant licensed by the Texas State Board of Public Accountancy. Such audit shall meet at least the minimum requirements as shall be, and in such form as may be, prescribed by the Department and approved by the State Auditor. A copy of each such annual audit, approved by the board of trustees of the community center, shall be filed by the community center with the Department on such date as the Department may specify. Where the board of trustees declines or refuses to approve the audit report, it shall nevertheless file with the said Department a copy of the audit report with its statement detailing its reasons for failure to approve the report. In addition to the copy furnished the Department, copies of each audit report shall be submitted to the Governor, the Legislative Budget Board and the Legislative Audit Committee. The Commissioner and the State Auditor, on behalf of the Department and the Legislative Audit Committee, respectively, shall have access to all vouchers,

The sworn statements shall include the physician's medical opinion as to whether hospitalization of the proposed patient because of addiction or immediate restraint of the proposed patient to prevent injury to himself or others, or both, are necessary.

(c) When a petition and the required statement by a physician are filed, the county judge shall set a date for the hearing to be held within 14 days of the filing of the petition, and shall appoint an attorney ad litem to represent the proposed patient, unless the proposed patient retains an attorney of his own choosing.

New trial

Sec. 8. For good cause shown, the county judge, within two days after entering his order of commitment, may set aside his order and grant a new trial to the person ordered committed. A motion for new trial is not prerequisite to appeal from the order of the county court.

Sec. 9. (a) The person ordered committed may appeal the order of commitment by filing written notice thereof with the county court within 30 days after the order of commitment is entered.

(b) When notice of appeal is filed, the clerk shall immediately send a certified transcript of the proceedings to the district court of the county.

(c) For good cause shown, the county judge may stay the order of commitment pending the appeal upon posting of a bond.

The substantial evidence rule shall not apply. Upon demand by the proposed patient, the trial shall be before a jury, otherwise the trial shall be before the court without a jury. Such cases shall be advanced on the docket and shall be given a preference setting over all other cases.

Authorized places of commitment

Sec. 10. In the order of commitment, the court shall commit the patient to a designated

Sec. 12. (a) Upon receiving written notice from an agency of the United States operating a mental hospital stating that facilities are available and that the patient is eligible for care or treatment therein, the court may order a patient committed to the agency and may place the patient in the custody of the agency for transportation to the mental hospital.

(b) Any patient admitted pursuant to order of a court to any hospital operated by an agency of the United States within or without the state shall be subject to the rules and regulations of the agency.

(c) The head of the hospital operated by such agency shall have the same authority and responsibility with respect to the patient as the head of a state mental hospital.

(d) The appropriate courts of this state retain jurisdiction at any time to inquire into the mental condition of the patient so committed and the necessity of his continued hospitalization.

Transportation of patient

Sec. 13. If the head of the designated hospital advises the court that hospital personnel are available for the purpose, the court may authorize the head of the hospital to transport the patient to the designated mental hospital. Otherwise, the court shall authorize the sheriff to transport the patient to the designated mental hospital.

Duties of clerk

Sec. 14. (a) The court shall direct the clerk of the court to issue a writ of commitment in duplicate directed to the person authorized to transport the patient, commanding him to take charge of the patient and to transport the patient to the designated mental hospital.

(b) The clerk of the county court shall prepare two certified transcripts of the proceedings in the commitment hearing, and shall send one to the Department of Mental Health and Mental Retardation and one to the head of the hospital to which the patient is committed. The clerk shall send with the transcript any available information concerning the medical, social, and economic status and history of the patient and his family.

Attendants; means of transportation

Sec. 15. (a) Every female patient shall be accompanied by a female attendant.

(b) The patient shall not be transported in a marked police or sheriff's car or accompanied by officers in uniform if other means are available.

Receipt for patient

Sec. 16. The head of the mental hospital, upon receiving a copy of the writ of commitment and admitting a patient, shall give the person transporting the patient a written statement acknowledging acceptance of the patient and of any personal property belonging to him and shall file a copy of the statement with the clerk of the committing court.

Protective custody pending hearing

Sec. 17. (a) If in the county court in which a petition for commitment is pending, a certificate is filed showing that the proposed patient has been examined within five days of the filing of the certificate and stating the opinion of the examining physician that the proposed patient is addicted to narcotics and because of his addiction is likely to cause injury to himself or others if not immediately restrained, the judge may order any health or peace officer to take the proposed patient into protective custody and immediately transport him to a designated mental hospital or other suitable place and detain him pending order of the court. Provided, however, the court shall not order the proposed patient into protective custody and transported to a mental hospital until he is advised by the head of the mental hospital that space is available and that the patient will be admitted.

(b) Persons detained in protective custody shall be detained in a mental hospital or other facility deemed suitable by the county health officer.

(c) No person shall be detained in protective custody in a nonmedical facility used for the detention of persons charged with or convicted of a crime except because of and during an extreme emergency and in no case for a period of more than seven days.

Art. 5561f. Interstate compact on mental health

Section 1. The Interstate Compact on Mental Health is hereby enacted into law and entered into by this state with all other states legally joining therein in the form substantially as follows:

“The contracting states solemnly agree that:

ARTICLE I

The party states find that the proper and expeditious treatment of the mentally ill and mentally deficient can be facilitated by cooperative action, to the benefit of the patients, their families, and society as a whole. Further, the party states find that the necessity of and desirability for furnishing such care and treatment bears no primary relation to the residence or citizenship of the patient but that, on the contrary, the controlling factors of community safety and humanitarianism require that facilities and services be made available for all who are in need of them. Consequently, it is the purpose of this compact and of the party states to provide the necessary legal basis for the institutionalization or other appropriate care and treatment of the mentally ill and mentally deficient under a system that recognizes the paramount importance of patient welfare and to establish the responsibilities of the party states in terms of such welfare.

ARTICLE II

As used in this compact:

(a) "Sending state" shall mean a party state from which a patient is transported pursuant to the provisions of the compact or from which it is contemplated that a patient may be so sent.

(b) "Receiving state" shall mean a party state to which a patient is transported pursuant to the provisions of the compact or to which it is contemplated that a patient may be so sent.

(c) "Institution" shall mean any hospital or other facility maintained by a party state or political subdivision thereof for the care and treatment of mental illness or mental deficiency.

(d) "Patient" shall mean any person subject to or eligible as determined by the laws of the sending state, for institutionalization or other care, treatment, or supervision pursuant to the provisions of this compact.

(e) "After-care" shall mean care, treatment and services provided a patient, as defined herein, on convalescent status or conditional release.

(f) "Mental illness" shall mean mental disease to such extent that a person so afflicted requires care and treatment for his own welfare, or the welfare of others, or of the community.

(g) "Mental deficiency" shall mean mental deficiency as defined by appropriate clinical authorities to such extent that a person so afflicted is incapable of managing himself and his affairs, but shall not include mental illness as defined herein.

(h) "State" shall mean any state, territory or possession of the United States, the District of Columbia, and the Commonwealth of Puerto Rico.

ARTICLE III

(a) Whenever a person physically present in any party state shall be in need of institutionalization by reason of mental illness or mental deficiency, he shall be eligible for care and treatment in an institution in that state irrespective of his residence, settlement or citizenship qualifications.

(b) The provisions of paragraph (a) of this article to the contrary notwithstanding, any patient may be transferred to an institution in another state whenever there are factors based upon clinical determinations indicating that the care and treatment of said patient would be facilitated or improved thereby. Any such institutionalization may be for the entire period of care and treatment or for any portion or portions thereof. The factors referred to in this paragraph shall include the patient's full record with due regard for the location of the patient's family, character of the illness and probable duration thereof, and such other factors as shall be considered appropriate.

(c) No state shall be obliged to receive any patient pursuant to the provisions of paragraph (b) of this article unless the sending state has given advance notice of its intention to send the patient; furnished all available medical and other pertinent records concerning the patient; given the qualified medical or other appropriate clinical authorities of the receiving state an opportunity to examine the patient if said authorities so wish; and unless the receiving state shall agree to accept the patient.

(d) In the event that the laws of the receiving state establish a system of priorities for the admission of patients, an interstate patient under this compact shall receive the same priority as a local patient and shall be taken in the same order and at the same time that he would be taken if he were a local patient.

(e) Pursuant to this compact, the determination as to the suitable place of institutionalization for a patient may be reviewed at any time and such further transfer of the patient may be made as seems likely to be in the best interest of the patient.

ARTICLE IV

(a) Whenever, pursuant to the laws of the state in which a patient is physically present, it shall be determined that the patient should receive after-care or supervision, such care or supervision may be provided in a receiving state. If the medical or other appropriate clinical authorities having responsibility for the care and treatment of the patient in the sending state shall have reason to believe that after-care in another state would be in the best interest of the patient and would not jeopardize the public safety, they shall request the appropriate authorities in the receiving state to investigate the desirability of affording the patient such after-care in said receiving state, and such investigation shall be made with all reasonable speed. The request for investigation shall be accompanied by complete information concerning the patient's intended place of residence and the identity of the person in whose charge it is proposed to place the patient, the complete medical history of the patient, and such other documents as may be pertinent.

(b) If the medical or other appropriate clinical authorities having responsibility for the care and treatment of the patient in the sending state and the appropriate authorities in the receiving state find that the best interest of the patient would be served thereby, and if the public safety would not be jeopardized thereby, the patient may receive after-care or supervision in the receiving state.

(c) In supervising, treating, or caring for a patient on after-care pursuant to the terms of this article, a receiving state shall employ the same standards of visitation, examination, care, and treatment that it employs for similar local patients.

ARTICLE V

Whenever a dangerous or potentially dangerous patient escapes from an institution in any party state, that state shall promptly notify all appropriate authorities within and without the jurisdiction of the escape in a manner reasonably calculated to facilitate the speedy apprehension of the escapee. Immediately upon the apprehension and identification of any such dangerous or potentially dangerous patient, he shall be detained in the state where found pending disposition in accordance with law.

ARTICLE VI

The duly accredited officers of any state party to this compact, upon the establishment of their authority and the identity of the patient, shall be permitted to transport any patient being moved pursuant to this compact through any and all states party to this compact, without interference.

ARTICLE VII

(a) No person shall be deemed a patient of more than one institution at any given time. Completion of transfer of any patient to an institution in a receiving state shall have the effect of making the person a patient of the institution in the receiving state.

(b) The sending state shall pay all costs of and incidental to the transportation of any patient pursuant to this compact, but any two or more party states may, by making a specific agreement for that purpose, arrange for a different allocation of costs as among themselves.

(c) No provision of this compact shall be construed to alter or affect any internal relationships among the departments, agencies and officers of and in the government of a party state, or between a party state and its subdivisions, as to the payment of costs, or responsibilities therefor.

(d) Nothing in this compact shall be construed to prevent any party state or subdivision thereof from asserting any right against any person,

For Annotations and Historical Notes, see V.A.T.S.

agency or other entity in regard to costs for which such party state or subdivision thereof may be responsible pursuant to any provision of this compact.

(e) Nothing in this compact shall be construed to invalidate any reciprocal agreement between a party state and a non-party state relating to institutionalization, care or treatment of the mentally ill or mentally deficient, or any statutory authority pursuant to which such agreements may be made.

ARTICLE VIII

(a) Nothing in this compact shall be construed to abridge, diminish, or in any way impair the rights, duties, and responsibilities of any patient's guardian on his own behalf or in respect of any patient for whom he may serve, except that where the transfer of any patient to another jurisdiction makes advisable the appointment of a supplemental or substitute guardian, any court of competent jurisdiction in the receiving state may make such supplemental or substitute appointment and the court which appointed the previous guardian shall upon being duly advised of the new appointment, and upon the satisfactory completion of such accounting and other acts as such court may by law require, relieve the previous guardian of power and responsibility to whatever extent shall be appropriate in the circumstances; provided, however, that in the case of any patient having settlement in the sending state, the court of competent jurisdiction in the sending state shall have the sole discretion to relieve a guardian appointed by it or continue his power and responsibility, whichever it shall deem advisable. The court in the receiving state may, in its discretion, confirm or reappoint the person or persons previously serving as guardian in the sending state in lieu of making a supplemental or substitute appointment.

(b) The term "guardian" as used in paragraph (a) of this article shall include any guardian, trustee, legal committee, conservator, or other person or agency however denominated who is charged by law with power to act for or responsibility for the person or property of a patient.

ARTICLE IX

(a) No provision of this compact except Article V shall apply to any person institutionalized while under sentence in a penal or correctional institution or while subject to trial on a criminal charge, or whose institutionalization is due to the commission of an offense for which, in the absence of mental illness or mental deficiency, said person would be subject to the incarceration in a penal or correctional institution.

(b) To every extent possible, it shall be the policy of states party to this compact that no patient shall be placed or detained in any prison, jail or lockup, but such patient shall, with all expedition, be taken to a suitable institutional facility for mental illness or mental deficiency.

ARTICLE X

(a) Each party state shall appoint a "compact administrator" who, on behalf of his state, shall act as general coordinator of activities under the compact in his state and who shall receive copies of all reports, correspondence, and other documents relating to any patient processed under the compact by his state either in the capacity of sending or receiving state. The compact administrator or his duly designated representative shall be the official with whom other party states shall deal in any matter relating to the compact or any patient processed thereunder.

(b) The compact administrators of the respective party states shall have power to promulgate reasonable rules and regulations to carry out more effectively the terms and provisions of this compact.

ARTICLE XI

The duly constituted administrative authorities of any two or more party states may enter into supplementary agreements for the provision of any service or facility or for the maintenance of any institution on a joint or cooperative basis whenever the states concerned shall find that such agreements will improve services, facilities, or institutional care and treatment in the fields of mental illness or mental deficiency. No such supplementary agreement shall be construed so as to relieve any party state of any obligation which it otherwise would have under other provisions of this compact.

ARTICLE XII

This compact shall enter into full force and effect as to any state when enacted by it into law and such state shall thereafter be a party thereto with any and all states legally joining therein.

ARTICLE XIII

(a) A state party to this compact may withdraw therefrom by enacting a statute repealing the same. Such withdrawal shall take effect one year after notice thereof has been communicated officially and in writing to the governors and compact administrators of all other party states. However, the withdrawal of any state shall not change the status of any patient who has been sent to said state or sent out of said state pursuant to the provisions of the compact.

(b) Withdrawal from any agreement permitted by Article VII(b) as to costs or from any supplementary agreement made pursuant to Article XI shall be in accordance with the terms of such agreement.

ARTICLE XIV

This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any party state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any state party thereto, the compact shall remain in full force and effect as to the remaining states and in full force and effect as to the state affected as to all severable matters.

Sec. 2. Pursuant to said compact, the governor is hereby authorized and empowered to designate an officer who shall be the compact administrator and who, acting jointly with like officers of other party states, shall have power to promulgate rules and regulations to carry out more effectively the terms of the compact. The compact administrator is hereby authorized, empowered and directed to cooperate with all departments, agencies and officers of and in the government of this state and its subdivisions in facilitating the proper administration of the compact or of any supplementary agreement or agreements entered into by this state thereunder.

Sec. 3. The compact administrator is hereby authorized and empowered to enter into supplementary agreements with appropriate officials of other states pursuant to Articles VII and XI of the compact. In the event that such supplementary agreements shall require or contemplate the use of any institution or facility of this state or require or contemplate the provision of any service by this state, no such agreement shall have force or effect until approved by the head of the department or agency under whose jurisdiction said institution or facility is operated or whose department or agency will be charged with the rendering of such service.

For Annotations and Historical Notes, see V.A.T.S.

Sec. 4. The compact administrator, subject to the approval of the Comptroller of Public Accounts, may make or arrange for any payments necessary to discharge any financial obligations imposed upon this state by the compact or by any supplementary agreement entered into thereunder.

Sec. 5. The compact administrator is hereby directed to consult with the immediate family of any proposed transferee and, in the case of a proposed transferee from an institution in this state to an institution in another party state, to take no final action without approval of the district court of the district in which the proposed transferee resides.

Sec. 6. Duly authorized copies of this Act shall, upon its approval be transmitted by the secretary of state to the governor of each state, the attorney general and the Administrator of General Services of the United States, and the Council of State Governments.

However, any part may be reserved and designated "not for public use", upon application to and approval of the commissioner.

Sec. 5. (a) A separate application for each license, renewal or amendment thereof shall be filed with the commissioner at such times, on such forms, and containing such information as shall be prescribed by the commissioner.

(b) Any application for a license, or renewal thereof, shall be accompanied by a license fee of \$10.00 for each license.

(c) No licensed warehouseman shall make use of any increased warehouse capacity without first obtaining approval of the commissioner.

Issuance of license

Sec. 6. The commissioner is authorized to issue and amend a license, or renewal thereof, upon approval of the bond and insurance filed by the applicant, upon determination that the warehouse covered by such application is suitable for the proper storage of grain and upon determination that the applicant has complied with the provision of this Act and regulations promulgated thereunder.

Bond requisites

Sec. 7. (a) Each applicant for a license to conduct a warehouse under this Act shall, as a condition to the granting thereof, file or have on file with the commissioner, a bond, running to the State of Texas, executed by the applicant as principal, and by a corporate surety licensed to do business in the State of Texas, as surety.

(b) Such bond shall: (1) be in such form and contain such terms and conditions as the commissioner shall prescribe; (2) be conditioned upon the faithful performance of all obligations of a licensed warehouseman under the terms of this Act and regulations hereunder from the effective date of the bond until the license is revoked or the bond is cancelled as provided in this Act, whichever occurs first; and (3) be further conditioned upon the faithful performance from the effective date of the bond and thereafter, whether or not said warehouse remains licensed under this Act, of such obligations as a warehouseman under contract with depositors of grain in the warehouse as exists on the effective date of the bond or are thereafter assumed prior to the time the license of the warehouseman is revoked or the bond is cancelled as provided herein, whichever occurs first; and (4) in an amount of bond to be that the net worth of the company shall be the equivalent of 15¢ per bushel of the storage capacity, and the bond shall be not less than 15¢ per bushel on the first million bushels; 10¢ per bushel on the second million bushels; 5¢ per bushel on all capacity above two million bushels, the bond not to be less than \$10,000.00 nor more than \$500,000.00. In the event the net worth of the company is less than 15¢ per bushel based on storage capacity, then a deficiency bond shall be established for the difference in addition to the above mentioned bond. Continuance certificates or renewal certificates shall be acceptable for reissuance of warehouse license.

(c) The applicant may give a single bond meeting the requirements of this Act and all licensed warehouses operating by him shall be deemed as one warehouse for the purpose of this bond.

(d) The total and aggregate liability of the surety on any bond required by this Act shall be limited to the amount specified in the bond.

Action by depositor upon bond

Sec. 8 (a) If no action upon the bond of a licensed warehouseman is commenced within thirty days after written demand to the commissioner any depositor shall have a right of action upon such bond for the

recovery of all damages suffered by such depositor by reason of the failure of the warehouseman to comply with any condition of his bond.

(b) Recovery under such bond shall be prorated when the claims exceed the liability under such bond: Provided, that it shall not be necessary for any depositor suing on such bond to join other depositors in such suit and the burden of establishing proration shall be on the surety as a matter of defense.

Casualty insurance; recovery for loss

Sec. 9. (a) Each applicant for a license to conduct a warehouse under this Act shall, as a condition to the granting thereof, file or have on file with the commissioner a certificate of insurance evidencing an effective policy of insurance issued by an insurance company authorized to do business in the State of Texas insuring in the name of the applicant all grain which is or may be in the warehouse for their full market value against loss by fire, internal explosion, lightning, windstorm, cyclone, or tornado.

(b) In case fire, internal explosion, lightning, windstorm, cyclone or tornado destroys or damages any grain in any licensed warehouse, the warehouseman shall, upon demand by the depositor, and upon being presented with the receipt or other evidence of ownership, make settlement, after deducting the warehouseman's charges and advances, at the market value of the grain based on the value at the average price paid for grain of the same grade and quality on the date of the loss at the location of the warehouse. In event such settlement is not made within 30 days from the date of such demand, the depositor shall have the right to seek recovery from the insurance company.

Additional bond and insurance

Sec. 10. (a) Whenever the commissioner shall determine that a previously approved bond or previously approved insurance is insufficient, he shall require an additional bond or insurance to be given by the warehouseman, conforming with the requirements of this Act.

(b) The commissioner may require a bond from any warehouseman upon suspension, revocation or expiration of his license to protect depositors of grain so long as any receipts remain outstanding or uncanceled.

Cancellation of bond and insurance; suspension of license

Sec. 11. (a) No licensed warehouseman may cancel an approved bond or approved insurance without prior written approval of the commissioner and his approval of a substitute bond or insurance. The surety on a bond may cancel a bond required by this Act only after the expiration of ninety days from the date the surety shall have mailed a notice of intent to cancel, by registered or certified mail, to the commissioner. The surety and the insurance company shall, at the time of giving notice to the commissioner, send a copy of such notice to any other governmental agency requesting it. The commissioner shall promptly, upon receipt of any notice provided for in this section, notify the warehouseman involved.

(b) Notwithstanding any other provisions of this Act, the license of a warehouseman shall automatically be suspended for failure to (1) file a new bond within the ninety day period as provided in this section, or (2) file new evidence of insurance within thirty day period as provided in this section, or (3) maintain at all times a bond and insurance as provided in this Act. Such suspension shall continue as long as any such failure exists.

Warehouse inspections and fees

Sec. 12. (a) Every licensed warehouseman shall, when requested by the commissioner, make a report to the commissioner on the condition, conduct, operation and business of each warehouse he operates and the grain stored therein.

(b) Warehousemen shall permit any representative or agent of the commissioner to enter and inspect each licensed warehouse and its contents and the records related to stored grain thereof, and shall render any assistance necessary in checking any condition or records in connection therewith.

(c) The commissioner shall inspect and collect for one annual examination of each warehouse, unless additional inspections are made at the request of the warehouseman. The inspection fee shall be at the rate of \$1.00 for each ten thousand bushels of licensed storage capacity or fraction thereof of the warehouse inspected. In no case shall such fee be less than \$15.00.

(d) The commissioner may make as many inspections as he deems necessary, provided, that no more than one inspection fee per year is charged the warehouseman.

Suspension, revocation, and denial of license

Sec. 13. The commissioner is authorized to suspend, revoke or deny a license in any case in which he determines, after opportunity for a hearing, that there has been violation of or failure to comply with the requirements of this Act or the regulations promulgated thereunder. The commissioner, whenever he deems necessary, may suspend a license temporarily without hearing, for a period not to exceed thirty (30) days.

Operation after revocation or suspension of license

Sec. 14. Such duplicate or substitute receipt shall be endowed with all rights appertaining to the document for which it was issued, and shall state that it is in lieu of the former receipt giving the number and date thereof. The warehouseman shall require an indemnity bond of double the market value of the grain covered by such missing receipt, in such form and with such surety as may be prescribed by the commissioner, as will fully protect all rights under the missing receipt.

(b) No licensed warehouseman shall become a surety on a bond for a lost, stolen, or destroyed receipt.

(b) All receipts remaining unused shall be recovered by the commissioner if the license required by this Act is terminated or suspended.

Remedies of the commissioner on discovery of shortage or refusal to submit to inspection

Sec. 23. (a) Whenever it appears to the satisfaction of the commissioner that a licensed warehouseman has not in his possession sufficient commodities to cover the outstanding receipts and outstanding tickets issued or assumed by him, or when such warehouseman refuses to submit his records or property for lawful inspection, the commissioner may give notice to the warehouseman to comply with all or any of the following requirements:

- (1) Cover such shortage;
- (2) Give additional bond as requested by the commissioner;
- (3) Submit to such inspection as the commissioner may deem necessary.

(b) If such warehouseman fails to comply with the terms of such notice within twenty-four hours from the date of its issuance, or within such further time as the commissioner may allow, the commissioner may petition the district court for the county where the licensed warehouseman's principal place of business is located (as shown by the license application) for an order: Authorizing the commissioner to seize and take possession of all or a portion of any and all grains located in the licensed warehouse or warehouses of such warehouseman, and of all pertinent records and property.

(c) Upon taking possession the commissioner shall give written notice of its action to the surety on the bond of the warehouseman and may notify the holders of records, as shown by the warehouseman's records, of all receipts and tickets issued for grains, to present their receipts or tickets for inspection, or to account for the same. The commissioner may thereupon cause an audit and other investigation to be made of the affairs of such warehouse, especially with respect to the grains in which there is an apparent shortage, to determine the amount of such shortage and compute the shortage as to each depositor as shown by the warehouseman's records, if practicable. The commissioner shall notify the warehouseman and the surety on his bond for the approximate amount of such shortage and notify each depositor thereby affected by sending notice to the depositor's last known address as shown by the records of the warehouseman.

(d) The commissioner shall retain possession obtained under this section until such time as the warehouseman or the surety on the bond shall have satisfied the claims of all depositors, or until such time as the commissioner is ordered by the court to surrender possession.

(e) If during or after the audit or other investigation provided for in this section, or at any other time, the commissioner has evidence that the warehouseman is insolvent or is unable to satisfy the claims of all depositors, the commissioner may petition the district court for the appointment of a receiver to operate or liquidate the business of the warehouseman in accordance with law.

(f) At any time within ten days after the commissioner takes possession, the warehouseman may serve notice upon the commissioner to appear in the district court of the county in which such warehouse is located at a time to be fixed by such court, which shall not be less than

five, nor more than 15 days from the date of the service of such notice, and show cause why such possession should not be restored to the warehouseman.

**Injunction against operating without a license or interfering
with the commissioner**

Sec. 24. If after 15 days notice, the warehouseman refuses to comply with this Act, the commissioner shall apply for, and the courts of this state are vested with jurisdiction to issue, a temporary or permanent injunction against the operation of a warehouse, or the issuance of receipts or tickets, without a license, and against interference by any person with the carrying out by the commissioner, or by any receiver appointed under Section 23 or this Act, of its duties and powers under this Act.

B. Allowance for Service Retirement.

1. The allowance for service retirement shall be computed on the basis of the average monthly compensation of the member for the sixty

For Annotations and Historical Notes, see V.A.T.S.

(60) highest consecutive months of compensation during the last one hundred and twenty (120) months of creditable service. The rate of benefits shall be based upon the following schedule:

First ten (10) years of service	1.25% per year
Next twenty (20) years of service	1.50% per year
All subsequent years	1.75% per year

It is provided, however, that if the service retirement annuity calculated on the basis of the Rate of Benefits set forth herein is less than Fifty Dollars (\$50.00) per month, then the benefits shall be increased to equal the sum of Fifty Dollars (\$50.00) per month.

It is expressly provided that any annuity or allowance payable under the provisions of this Act shall begin with the last day of the month following the effective date of retirement and shall be paid in monthly installments and shall cease with the last day of the month preceding the month in which the beneficiary or person dies who is receiving such an annuity or allowance as provided in this Act.

It is further provided that the rate of benefits scheduled as provided for by this Act shall be applied to all service retirement annuities payable on the effective date of this Act and previously awarded under the laws governing the Employees Retirement System as effective September 1, 1968.

2. It is expressly provided that no annuity being paid to a beneficiary of the Retirement System who retired prior to September 1, 1958, shall be decreased by the provisions of this Act.

3. Optional Allowances for Service Retirement.

With the provision that no selection shall be effective in case a beneficiary dies during the month after retirement, and that such a beneficiary shall be considered as an active member at the time of death, until the first payment on account of any service benefit becomes normally due, any member may elect to receive his annuity in an annuity payable throughout life, or he may elect to receive the actuarial equivalent at that time, or his annuity in a reduced annuity payable throughout life with the provisions that:

Option (1) Upon his death, his reduced annuity shall be continued throughout the life of, and paid to, such person as he shall nominate by written designation duly acknowledged and filed with the State Board of Trustees at the time of his retirement; or

Option (2) Upon his death, one half ($\frac{1}{2}$) of his reduced annuity shall be continued through the life of, and paid to, such person as he shall nominate by written designation duly acknowledged and filed with the State Board of Trustees at the time of his retirement; or

Option (3) In the event of his death before sixty (60) monthly payments of such annuity have been made, such payments shall be continued to such person as he may nominate in writing, or to the administrator of his estate, until the remainder of the sixty (60) payments have been made; or

Option (4) In the event of his death before one hundred and twenty (120) monthly payments of such annuity have been made, such payments shall be continued to such person as he may nominate in writing, or to the administrator of his estate, until the remainder of the one hundred and twenty (120) payments have been made; or

Option (5) Such other benefit arrangement as may be approved by the Board of Trustees and the whole of which benefit is certified by the Actuary to constitute the reduced actuarial equivalent of the retirement benefit to which the member is entitled.

4. Re-employment of Retired Appointive Officers or Employees.

Any retired appointive officer or employee may return to state employment as an appointive officer or employee, on a temporary basis, provided, however, that such reemployment shall not be for a longer period than six (6) months within any one (1) year. Any retired appointive officer or employee reemployed by the state on a part-time or consulting basis may work without loss of benefits under the Employees Retirement System. It is provided that in the event a retired state appointive officer or employee resumes temporary employment with a state department, commission, institution or agency, he shall notify the Retirement System in writing prior to resuming actual employment, and the head of any state department, commission, institution or agency of the state shall notify the Retirement System in writing before employment of a retired state appointive officer or employee and furnish the Retirement System the name of said retired appointive officer or employee and the dates of employment. After a reemployed, retired appointive officer or employee has worked six (6) months in any one (1) year, retirement benefit payments that would otherwise have been paid to said member shall be suspended and shall be resumed when said member leaves said employment, provided that the annuity payments as suspended shall be paid into the State Accumulation Fund. For the purposes of the six (6) months per year limitation on reemployment, employment for any part of a month shall constitute a full month. It is provided further, that if the retired member had elected to receive an annuity in a guaranteed payment for a certain number of years or months after retirement, that the time so spent in state employment over six (6) months within any one (1) year by such retired member after the initial or original retirement shall count as time within said certain number of years or months, the same as if said retired member had not returned to state employment, provided that said retired member temporarily employed shall not contribute to the Retirement System during such reemployment, and the Retirement Plan in effect at the time of his original retirement shall remain unchanged.

Amended by Acts 1965, 59th Leg., p. 1532, ch. 670, § 1, eff. Aug. 30, 1965; Acts 1969, 61st Leg. p. 3, ch. 2, § 1, emerg. eff. Feb. 18, 1969.

C. Disability Retirement Benefits for Appointive Officers or Employees.

1. Upon the application of a member or his employer or his legal representative acting in his behalf, any member, under age sixty (60), who has had ten (10) or more years of creditable service may be retired by the State Board of Trustees, not less than thirty (30) and not more than ninety (90) days next following the date of filing such application, on a nonoccupational disability retirement allowance, provided that the Medical Board, after a medical examination of such member, shall certify that such member is mentally or physically incapacitated for the further performance of duty, that such incapacity is likely to be permanent, and that such member should be retired.

Upon the application of a member or his employer or his legal representative acting in his behalf, any member regardless of age and regardless of creditable service may be retired by the State Board of Trustees, not less than thirty (30) and not more than ninety (90) days next following the date of filing such application on an Occupational Disability Retirement Allowance, provided that the Medical Board, after a medical examination of such member, shall certify that such member is mentally or physically incapacitated for the further performance of duty, as such incapacity is likely to be permanent, and such person should be retired.

2. Allowance on Disability Retirement—Nonoccupational, for Appointive Officers or Employees.

For Annotations and Historical Notes, see V.A.T.S.

Upon retirement for disability (nonoccupational) a member shall receive a service retirement allowance if he has attained the age of sixty (60) years, otherwise, he shall receive a disability retirement allowance computed at one and one-half (1-½%) per cent per year of service, multiplied by the average monthly compensation for the sixty (60) highest consecutive months during his last preceding one hundred and twenty (120) months of creditable service, provided, however, that in no event will his disability retirement allowance be less than thirty (30%) per cent of his average compensation so computed, nor his maximum benefit exceed sixty (60%) per cent of his average compensation so computed.

It is provided, however, that if the disability retirement annuity calculated on the basis of the Rate of Benefits set forth herein is less than Seventy-Five Dollars (\$75.00) per month then the benefits shall be increased to equal the sum of Seventy-Five Dollars (\$75.00) per month.

It is further provided, however, that any member who retired on disability prior to September 1, 1958, will receive an increase of fifteen (15%) per cent or if less than Seventy-Five Dollars (\$75.00) per month then the benefits shall be increased to equal the sum of Seventy-Five Dollars (\$75.00) per month.

It is expressly provided that all nonoccupational disability retirements previously awarded and in effect at the time this Act becomes effective, shall be reviewed, and the benefits of this Act shall be applied to each retirement; provided, however, that no person shall receive an annuity less than that being paid at the effective date of this Act.

3. Allowance on Occupational Disability Retirement for Appointive Officers or Employees.

Upon retirement for occupational disability a member shall receive a disability retirement allowance computed at one and one-half (1-½%) per cent per year of creditable service multiplied by the monthly rate of compensation being paid to the member at the time of the disabling injury or disease; provided, however, that in no event shall the disability retirement allowance be less than thirty (30%) per cent nor more than sixty (60%) per cent of the monthly rate of compensation.

It is provided, however, that if the occupational disability retirement annuity calculated on the basis of the Rate of Benefits set forth herein is less than Seventy-Five Dollars (\$75.00) per month then the benefits shall be increased to equal the sum of Seventy-Five Dollars (\$75.00) per month.

It is expressly provided that all occupational disability retirements previously awarded and in effect at the time this Act becomes effective, shall be reviewed, and the benefits of this Act shall be applied to each retirement; provided, however, that no person shall receive an annuity less than that being paid at the effective date of this Act.

4. Once each year during the first five (5) years following retirement of a member on a disability retirement allowance, and once in every three-year period thereafter, the State Board of Trustees may, and upon his application shall, require any disability beneficiary who has not yet attained the age of sixty (60) to undergo a medical examination, such examination to be made at the place of residence of said beneficiary or any other place mutually agreed upon, by a physician or physicians designated by the State Board of Trustees. Should any disability beneficiary who has not yet attained the age of sixty (60) years refuse to submit to at least one (1) medical examination in any such periods by a physician or physicians designated by the State Board of Trustees, his allowance shall be discontinued until his withdrawal of such refusal, and should his refusal continue for one (1) year, all his rights in and to his allowance shall be revoked by the State Board of Trustees.

5. Should the Medical Board report and certify to the State Board of Trustees that such disability beneficiary is no longer physically or mentally incapacitated for the performance of duty, or that such disa-

bility beneficiary is engaged in or is able to engage in gainful occupation, and should the State Board of Trustees by a majority vote concur in such report, then the amount of his allowance shall be discontinued or reduced to an amount by which the amount of the last year's salary of the beneficiary, as a member, exceeds his present earning capacity. Should his earning capacity be later changed, the amount of his allowance may be further modified; provided that the revised allowance shall not exceed the amount of the allowance originally granted, nor shall it exceed an amount which, when added to the amount earnable by the beneficiary, equals the amount of his compensation for the last year prior to retirement.

6. Should a disability beneficiary under the age of sixty (60) years be restored to active service, his retirement allowance shall cease, he shall again become a member of the Retirement System, and the balance of his retirement reserve shall be transferred to the Employees Saving Fund and to the State Accumulation Fund, respectively, in proportion to the original sum transferred to the Retirement Annuity Reserve Fund at retirement. Upon restoration to membership, any prior service certificate on the basis of which his service was computed at the time of his retirement shall be restored to full force and effect, and in addition, upon his subsequent retirement he shall be credited with all his membership service. Should a disability beneficiary die or be removed from the disability list for any cause other than restoration to active service, an amount equal to the amount by which such beneficiary's accumulated contributions at the time of disability retirement exceed the annuity payments received by such beneficiary under his disability allowance, if any such excess exists, shall be paid from the Retirement Annuity Reserve Fund to such beneficiary if living; otherwise, such amount shall be paid as provided by the laws of descent and distribution of Texas unless the beneficiary has directed such amount to be paid otherwise. If the member is granted a nonoccupational disability allowance while employed by the state or on compensation insurance or temporary sick leave and dies while receiving this nonoccupational disability allowance and is survived by a spouse at the date of his death, and if there is no surviving spouse, then only to the guardian of the dependent minor children will be granted a death benefit as set forth under Section 5, Subsection E, Paragraph 2, a, b, c, or d, whichever is applicable. Such benefit granted would be paid from the State Accumulation Fund.

It is provided, however, that if the disability beneficiary has been retired for occupational disability and should such beneficiary die while receiving such occupational disability benefits, an amount equal to the amount by which such beneficiary's accumulated contributions at the time of occupational disability retirement exceeds the annuity payments received by such beneficiary under his occupational disability allowance, if any such exists, shall be paid as provided by the laws of descent and distribution of Texas, unless the beneficiary has directed such amount to be paid otherwise, and provided further, that this refund as set forth herein shall be made only if the cause of the death of the beneficiary is from or connected with the occupational injury or disability resulting in the occupational disability retirement; otherwise, the provisions above set forth in this paragraph shall apply.

It is further provided, that if the beneficiary dies while receiving an occupational disability allowance and he is survived by a spouse and if there is no surviving spouse then only to the guardian of the dependent minor children, then an additional death benefit will be paid an amount equal to the full annual salary before the deceased appointive officer or employee at the rate of pay he was receiving at the date he was granted occupational disability. This additional benefit payment would be paid from the State Accumulation Fund. The Board of Trustees shall determine if the death is an occupational death and its decision shall be final.

For Annotations and Historical Notes, see V.A.T.S.

7. It is expressly provided herein that an appointive officer or employee who applies for Occupational Disability Retirement benefits shall be required to furnish the Board of Trustees all information and data requested by the Board of Trustees and provided further that the head and all employees of the department in which the member applying for Occupational Disability Retirement is employed shall be required to furnish all information and data concerning the application for Occupational Disability Retirement of the member and further, the Board of Trustees shall have the right to inquire and require any additional data concerning the application for occupational disability in order that the Board may have all information necessary to act upon said application for occupational disability. In the event that such information is withheld or denied, then the Board of Trustees may refuse to accept the application for Occupational Disability Retirement and shall consider the application only for Nonoccupational Disability Retirement benefits. It is expressly provided herein that the Board of Trustees shall act upon the facts and its decision regarding Occupational Disability Retirement herein applied for, shall be final.

Amended by Acts 1963, 58th Leg., p. 1194, ch. 477, § 1; Acts 1963, 58th Leg., p. 1372, ch. 524, § 1, eff. Aug. 23, 1963; Acts 1969, 61st Leg., p. 3, ch. 2, § 2, emerg. eff. Feb. 18, 1969.

D. Service Retirement Benefits for Elective State Officials.

1. Any member may retire upon written application to the State Board of Trustees, setting forth at what time, not less than thirty (30) days nor more than ninety (90) days subsequent to the execution of and filing thereof, he desires to be retired, provided that retirement will be effective only as of the last day of the calendar month, and provided that the said member at the time so specified for his retirement shall have attained the age of sixty (60) years and shall have completed eight (8) or more years of creditable service.

The Regular Maximum Service Retirement allowance with not less than eight (8) years of service and with an attained age of sixty (60) years or over shall be One Hundred and Fifty Dollars (\$150) per month. Each additional year of service in excess of eight (8) years shall increase the Regular Maximum Service Retirement allowance by an amount per month equal to five per cent (5%) of the total monthly salary paid to duly elected members of the Legislature of the State of Texas on date of retirement and as may be adjusted from time to time thereafter.

It is expressly provided that any annuity or allowance payable under the provisions of this Act shall begin with the last day of the month following the effective date of retirement and shall be paid in monthly installments and shall cease with the last day of the month preceding the month in which the beneficiary or person dies who is receiving such an annuity or allowance as provided in this Act.

It is further provided that the Rate of Benefits scheduled as provided for by this Act shall be applied to all service retirement annuities payable on the effective date of this Act and previously awarded under the laws governing the Employees Retirement System as effective September 1, 1963.

2. Any member who has accumulated a minimum of eight (8) years of service as provided herein and who does not withdraw his account from the Retirement System prior to the attainment of age sixty (60) shall remain an active member and shall be entitled to a service retirement allowance upon attaining age sixty (60).

3. It is provided herein that for service retirement Elective State Officials shall be eligible to select any of the optional allowance plans as provided for appointive officers and employee members, as set forth in Section 5, Subsection B, Paragraph 3, of this Act.

4. Disability Retirement Benefits for Elective State Officials.

Upon the application of a member or his employer or his legal representative acting in his behalf, any member under age sixty (60), who has eight (8) or more years of creditable service may be retired by the State Board of Trustees, not less than thirty (30) and not more than ninety (90) days next following the date of filing such application, provided the Medical Board, after a medical examination of such member, shall certify that such member is mentally or physically incapacitated for the further performance of duty, that such incapacity is likely to be permanent, and that such member should be retired. The benefit to be paid by the Retirement System shall be the same as that set forth for service retirement without reduction for reason of age, provided, however, that no optional plan may be selected, and further provided that should the disabled retired member die before the full amount of contributions standing to his credit shall have been paid, then the remainder of his account shall be paid to the beneficiary of such disabled retired member. It is provided herein that additional provisions after disability retirement applicable for appointive officers and employee members as set forth in Section 5, Subsection C, Paragraphs 4, 5, and 6, will be applicable also to disability retirement for Elective State Officials. Upon the death of any member, with not less than eight (8) years of service under the provisions of this Act, one-half ($\frac{1}{2}$) of the total service retirement allowance provided herein to which such member is entitled or would have been entitled at age sixty (60), or at the time of his death, whichever is later, shall be paid to the surviving spouse at the time of the death of such member. Provided, however, that this section shall not be applicable in the event a greater payment is provided by a Death Benefit Plan as authorized by Chapter 352, Acts of the 50th Legislature, Regular Session, 1947, as amended (Article 6228a, Vernon's Civil Statutes of Texas) Paragraphs 5 and 6, Subsection E, Section 5.

Amended by Acts 1963, 58th Leg., p. 1194, ch. 477, § 3; Acts 1963, 58th Leg., p. 1372, ch. 524, § 1; Acts 1969, 61st Leg., p. 287, ch. 114, § 1, eff. Sept. 1, 1969.

E. Return of Accumulated Contributions.

1. Should a member with less than fifteen (15) years of creditable service cease to be employed, except by death or retirement, under the provisions of this Act he shall be paid in full the amount of accumulated contributions standing to the credit of his individual account in the Employees Saving Fund.

2. Should a member die before retirement the amount of his accumulated contributions standing to the credit of his individual account shall be paid as provided by the laws of descent and distribution of Texas unless he has directed the account to be paid otherwise.

If such a member dies before retirement, an additional death benefit will be paid only to the surviving spouse and if there is no surviving spouse, then only to the guardian of the dependent minor children. It is expressly provided that such additional death benefit herein will be paid only if the member dies and is actively employed by the state or on compensation insurance or on temporary sick leave on the date of his death and, if the member is not employed by the state at the date of his death, then the additional death benefit will be void and only the refund of the contributions will be paid. Such payments of the additional death benefit will be made from the State Accumulation Fund as follows:

(a.) At the date of the death of the member, an amount equal to twenty-five (25%) per cent of his total accumulated contributions will be paid to the surviving spouse, and if there is no surviving spouse, then only to the guardian of the dependent minor children, if such member before his death had been credited with five (5) years of service and less than ten (10) years.

For Annotations and Historical Notes, see V.A.T.S.

(b.) At the date of the death of the member, an amount equal to fifty (50%) per cent of his total accumulated contributions will be paid to the surviving spouse and if there is no surviving spouse, then only to the guardian of the dependent minor children, if such member before his death had been credited with ten (10) years of service and less than fifteen (15) years.

(c.) At the date of the death of the member, an amount equal to seventy-five (75%) per cent of his total accumulated contributions will be paid to the surviving spouse and if there is no surviving spouse, then only to the guardian of the dependent minor children, if such member before his death had been credited with fifteen (15) years of service and less than twenty (20) years.

(d.) At the date of the death of the member who had not chosen an optional death benefit plan as provided in Subsection E, Paragraph 6, an amount equal to one hundred (100%) per cent of his total accumulated contributions will be paid to the surviving spouse if such member before his death had been credited with twenty (20) years of service or more. It is provided, however, in lieu of this benefit the surviving spouse may choose the option plan in the same manner as if the member had completed the selection and, further provided, that only the spouse may make such a selection and if there is no surviving spouse, then only by the guardian of the dependent surviving minor children and if no dependent minor children, then the provisions of the preceding Subsection E, Paragraph 2, pertaining to death benefits shall apply upon death of the member.

3. Provided, however, in the event that the death of the appointive officer or employee member is an occupational death, there shall be refunded, in addition to any other benefit or payment authorized by this Act, an amount equal to the full annual salary of the deceased appointive officer or employee member based upon his rate of pay at the time of death, but such additional refund shall be paid only to the surviving spouse, and if no surviving spouse, then payment shall be made to the guardian of the dependent minor children, if any, and provided that such additional death benefit shall be paid from the State Accumulation Fund. The Board of Trustees shall determine if the death is an occupational death, and its decision shall be final.

4. After such cessation of service if no previous demand has been made, any accumulated contributions of a contributor shall be returned to him or to his heirs. If the contributor or his heirs cannot be found after seven (7) years, his accumulated contributions shall be forfeited to the Retirement System and credited to the State Accumulation Fund.

5. Allowance or benefits payable to any minor child shall cease when such child becomes eighteen (18) years of age or marries.

(1) the increase is first approved by an actuary qualified by training and experience in the field of retirement programming and who is selected by a four-fifths vote of the Board of Trustees of the Firemen's Relief and Retirement Fund;

such average monthly salary. The average monthly salary shall be based on the monthly average of such fireman's salary for the highest thirty-six (36) months during his service, or so much thereof as he may have served preceding the date of such retirement.

Provided further, that the benefits as provided for in Subdivision (1) of this Subsection shall be increased as follows on January 1, 1970:

"If such fireman shall become disabled, he shall be paid a monthly pension allowance equal to twenty-five percent (25%) of the average monthly salary of such fireman, plus two and one-half percent (2- $\frac{1}{2}$ %) of such average monthly salary for each full year of service and participation in a fund, provided, however, that such monthly pension allowance shall not exceed fifty percent (50%) of such average monthly salary. The average monthly salary shall be based on the monthly average of such fireman's salary for the highest thirty-six (36) months during his service, or so much thereof as he may have served preceding the date of such retirement.

If such fireman shall leave no child under the age of eighteen (18) years surviving him or if at any time after the death of such fireman no child is entitled to allowance, then the monthly pension allowance to be paid such widow, shall equal to the full amount such fireman would have been entitled to receive, if disabled under Subdivision (1) of this Subsection; provided, however, that such allowance to a widow, as herein provided if no child is entitled to allowance, shall not exceed one-half ($\frac{1}{2}$) of the maximum base salary for the position of pipeman at the time of the death of such fireman.

(4) If such fireman shall die and if his widow dies after being entitled to her allowance as herein provided, or in the event that there be no widow to receive an allowance, then the amount of the monthly pension allowance to be paid, for use and benefit of the child or children under the age of eighteen (18) years, to the person having the care and custody of such child or children shall be computed as follows: an amount equal to one-half ($\frac{1}{2}$) of the amount such fireman would have been entitled to receive, if disabled, under the provisions of Subdivision (1) of this Subsection shall be paid for each of such fireman's children under the age of eighteen (18) years, provided that the total monthly pension allowance provided thereby for children shall not exceed the amount to which such fireman would have been entitled under Subdivision (1) of this Subsection, nor shall such allowance for such children exceed one-half ($\frac{1}{2}$) of the maximum base salary provided for the position of pipeman at the time of the death of such fireman.

Provided further, however, that the governing body shall deduct monthly a sum equal to nine per centum (9%) from the salary or compensation of each fireman participating in such fund beginning January 1, 1970.

(b) Any such city having a population of nine hundred thousand (900,000) or more according to the last preceding Federal Census shall contribute and appropriate monthly to such fund an amount equal to one and one-half (1-1/2) the total sum paid to such fund by salary deductions of the members, and each such city shall also contribute and appropriate monthly to such fund, for each person who holds a 20-year pension certificate and who is not engaged in active service as a fireman and who has not retired, an amount equal to one and one-half (1-1/2) the total sum paid into such fund by such member. The applicant shall pay the cost of any physical examination required in such instance by the Board of Trustees.

(e) Each person who is an active member of such Firemen's Relief and Retirement Fund previously organized and existing under the laws of this state at the effective date of this amendment shall continue as a member of such Fund and he shall retain and be allowed credit for all service to which he was entitled in the Fund of which he was a member immediately prior to the effective date of this amendment.

Allowances to beneficiaries of deceased members; cities of 900,000 or more population

Sec. 12A. (a) If a member of any fire department in any city having a population of nine hundred thousand (900,000) or more according to the last preceding Federal Census, which city is now within or may hereafter come within the provisions of this Act, who has been retired on allowances because of length of service or disability, shall thereafter die from any cause whatsoever or if while in service, any member shall die from any cause growing out of and/or in consequence of the performance of his duty and such member is participating in a fund, or shall die from any cause whatsoever after he has become entitled to an allowance or pension certificate, and if such fireman shall leave surviving a widow, a child or children under the age of eighteen (18) years or a dependent parent or parents, said Board of Trustees shall order paid a monthly allowance which shall be based, as hereinafter provided, upon the amount which such fireman would have been entitled to receive had he continued to live and be retired on allowance at the date of his death. The allowance or allowances provided hereby shall be paid as follows:

(1) If such member shall die and shall leave surviving him both a widow who married such member prior to his retirement and a child or children of such member under the age of eighteen (18) years, said Board of Trustees shall order paid to the widow of such member, a monthly pension allowance equal to one-half ($\frac{1}{2}$) of said amount such member would have been entitled to receive; and in addition thereto the Board of Trustees shall order paid to such widow or other person having the care and custody of such child or children under the age of eighteen (18) years a monthly pension allowance, for the use and benefit of such child or children, equal to the amount hereinabove provided for the widow. If such member shall leave no child under the age of eighteen (18) years surviving him or if at any time after the death of such member no child is entitled to allowance, then the monthly pension allowance to be paid such widow, shall equal the full amount such member would have been entitled to receive, provided, however, that such allowance to a widow, as herein provided if no child is entitled to allowance, shall not exceed one-half ($\frac{1}{2}$) of the maximum base salary provided for the position of pipeman at the time of the death of such member.

(2) If such member shall die and if his widow dies after being entitled to her allowance as herein provided, or in the event there be no widow to receive an allowance, then the amount of the monthly pension allowance to be paid, for the use and benefit of the child or children under the age of eighteen (18) years, to the person having the care and custody of such child or children shall be computed as follows: an amount equal to one-half ($\frac{1}{2}$) of said amount such member would have been entitled to receive shall be paid for each of such member's children under the age of eighteen (18) years, provided that the total monthly pension allowance provided hereby for children shall not exceed said amount which such member would have been entitled to receive, nor shall such allowance for such children exceed one-half ($\frac{1}{2}$) of the maximum base salary provided for the position of pipeman at the time of the death of such member.

(3) If such member shall die and only if no widow or child is entitled to an allowance under the provisions of this Section, a monthly pension allowance equal to one-half ($\frac{1}{2}$) of said amount such member would have been entitled to receive shall be paid to each parent of such deceased member upon proof to the Board of Trustees that such parent was dependent upon such member immediately prior to the death of such member, provided that the total monthly pension allowance provided hereby for parents shall not exceed one-half ($\frac{1}{2}$) of the maximum base

If the child is not entitled to a pension allowance under this Act solely because he or she is over the maximum age at the time of the death of his or her parent and the child is totally disabled as a result of a physical or mental illness, injury or retardation, the child is entitled to receive as an allowance that to which he or she would have been entitled had he or she been under the maximum age at the time of the death of his parent.

(c) The wife of a deceased fireman who has been retired on allowances because of length of service or has been retired for disability after having served actively for a period of twenty (20) years or more in a regularly active fire department in a city of nine hundred thousand (900,000) or more according to the last preceding Federal Census shall in so far as the provisions of this Section are concerned, be considered the fireman's widow as long as she is not married, notwithstanding that she may have married and divorced or married and became a widow after such fireman died. All moneys of every kind and character collected or to be collected for the Fund shall be paid over to the treasurer and shall be administered and paid out only in accordance with the provisions of this Act.

Contributions by members

Sec. 6. (a) Commencing with the first day of the month following the expiration of thirty (30) days after the passage of this Act or after the date of publication of the final census report which shows that the city has attained a population of nine hundred thousand (900,000) or more inhabitants, each member of the Pension Fund shall pay into such Fund each month, the sum of five percent (5%) of the base salary provided for the classified position in the police department held by the member. Such payments shall be deducted by the city from the salary of each member monthly and paid to the treasurer of the Pension Fund. Should an emergency arise and the Pension Board deem it necessary for the welfare of the Pension System, the Board may raise the monthly payments of each member of the Pension System to an amount not to exceed ten percent (10%) of the base salary provided for the classified position in the police department held by the member.

(b) The maximum employee contribution which may be made to the fund by a member, other than a member holding a position above the third highest classification on the effective date of this Act, shall be limited to a contribution based on the salary of the third highest classification within the salary schedule of the police department. It is the intent of this section to limit both the contribution and retirement benefits of any member, other than a member holding a position above the third highest classification on the effective date of this Act, to the salary level of the third highest rank of the police department personnel classification schedule.

Monthly payment by city

Sec. 7. In addition to the payments in the next preceding Section, the city shall pay monthly into the Pension Fund, from the general or other appropriate fund of the city, an amount equal to seven and one-half percent (7½%) of the payroll of the police department. However, should the Police Pension Board deem it necessary for the welfare of the Pension System to increase the contribution of each member of the Police Pension System within the statutory limits of Section 6 of this Act, then the contribution made to the Police Pension System by the city may, with the approval of the City Council, be increased by not less than one and one-half (1½) times the percentage increase in contribution of the members. As an example: If contributing members are assessed at a six percent (6%) contribution rate, then the city may, by appropriate Council action, raise its contribution to not more than nine percent (9%) of the payroll of the police department.

Reduction of benefits

Sec. 8. In the event that the Pension Fund becomes seriously depleted in the opinion of the Pension Board, the Pension Board may temporarily reduce the benefits of pensioners and beneficiaries, but such benefits may be restored to such pensioners and beneficiaries when the fund is, in the opinion of the Pension Board, sufficiently reestablished to do so. However, no pensioner or beneficiary shall be entitled to any benefits lost to him as a result of the temporary reduction in benefits.

Investment of surplus

Sec. 9. (a) Whenever in the opinion of the said Pension Board, there is on hand in said Pension Fund a surplus over and above a reasonably safe amount to take care of current demands upon such funds, such surplus, or so much thereof as in the judgment of the said Pension Board is deemed proper, may be invested in bonds or other interest-bearing obligations and securities of the United States, the State of Texas, or any county, city or other political subdivision of the State of Texas, or in first lien real estate mortgage securities insured by the Federal Housing Administration under the National Housing Act of the United States, as amended from time to time, and in such corporation bonds, preferred stocks and common stocks as the Pension Board may deem to be proper investments for said funds. The funds may also be invested in a sum not to exceed ten percent (10%) with a Federal Credit Union restricted to employees of the city. In making each and all investments, such Pension Board shall exercise the judgment and care under the circumstances then prevailing which men of ordinary prudence, discretion, and intelligence exercise in the management of their own affairs, not in regard to speculation but in regard to the permanent disposition of their funds, considering the probable income therefrom as well as the probable safety of their capital; provided, however, that not more than fifty percent (50%) of said funds shall be invested at any given time in corporate stocks, nor shall more than five percent (5%) of said funds be invested in securities issued by any one (1) corporation, nor more than five percent (5%) of the voting stock of any one (1) corporation be owned; and provided further, that stocks eligible for purchase shall be restricted to stocks of companies incorporated within the United States which have paid dividends for ten (10) consecutive years or longer immediately prior to the date of purchase, and which, except for bank stocks and insurance stocks, are listed upon an exchange registered with the Security and Exchange Commission or its successors.

(b) The mayor may appoint an Investment Review Committee, consisting of three (3) qualified persons to be selected from the Trust Departments of the banks of the cities to which this law applies. Such persons shall be experienced in securities and investment matters. The Investment Review Committee shall be appointed for a two year term. Such Committee shall (a) review the investments of the Fund to determine their suitability and desirability for the Funds; (b) review the investment procedures and policies pursued by the Board in the administration of the Fund; and (c) submit an annual report of its findings and recommendations to the Pension Board of the Police Officer's Pension System and the Mayor of the city within ninety (90) days after the end of each calendar year.

Transfer of existing pension fund

Sec. 10. Immediately upon passage of this Act, the city pension officer or anyone discharging the duties of the pension officer shall transfer the pro rata share of any existing Police Officer's Pension Fund to the Police Officer's Pension Fund established by this Act.

Retirement: amount of pension

Sec. 11. (a) From and after passage of this Act, any member of such Pension System who has been in the service of the city police department for the period of twenty (20) years shall be entitled to a retirement pension of an amount equal to thirty percent (30%) of the base salary provided for the classified position in the police department held by the member, provided that if the member has not held the same classified position for five (5) years prior to the date of retirement, the retirement pension shall be based on the average monthly base salary of the member for five (5) years preceding retirement.

(b) From and after the passage of this Act, if a member of the Police Pension System is promoted or appointed to any classified position above the third highest in the personnel classification schedule, that member's contribution and retirement benefits will be computed on the base salary of the third highest classified positions in the police department.

(c) From and after the passage of this Act any member of such Pension System who has been in the service of the city police department for a period of years in excess of twenty (20) years, and who retires from the service of the police department, shall, in addition to the thirty percent (30%) of his base salary be paid an additional sum equal to two percent (2%) of his base salary per month for each year of service in the police department in excess of twenty (20) years. For example, a member with twenty-five (25) years' service would be entitled to forty percent (40%); a member with thirty (30) years, fifty percent (50%); etc.

(d) It shall be compulsory for any member to retire from the service of the police department upon attaining the age of sixty-five (65) years. Failure of any member of the Pension System to comply with this provision shall deprive the member and his dependents of any of the benefits provided for herein. If at the time of retirement because of maximum age requirements, the member has completed less than twenty (20) years of service, his monthly retirement pension shall be prorated on the basis of one and one-half percent (1½%) of the base salary of the position of the member per month for each year of service completed.

(e) Upon a member's completion of twenty (20) years of service in the police department and thereafter, when such member retires, whether such retirement be voluntary or involuntary, such monthly pay-

For Annotations and Historical Notes, see V.A.T.S.

ment shall begin forthwith and continue for the remainder of the member's life. However, when such member has completed twenty (20) years' service in the police department and if the physicians of Pension Board agree that the member is physically fit to continue his active duties in the police department, they may so certify, and the member may continue in the service of the city police department until the member attains the age of sixty-five (65) years, at which time his retirement pension shall be computed as hereinbefore stated.

(f) No member shall be required to make any payments into the Pension Fund after the member has retired from the service of the police department.

Disability benefits

Sec. 12. Any member of the police department who becomes incapacitated for the performance of his duty by reasons of any bodily injury received in, or illness caused by, the performance of his duty shall, upon presentation to the Pension Board of proof of permanent disability, be retired and shall receive a retirement allowance equal to the percentage of his disability. Such allowance shall be computed on the same basis as a service retirement with regard to length of service; for example, if the member is fifty percent (50%) disabled he shall receive one-half ($\frac{1}{2}$) the retirement allowance granted a member as a service retirement for the period of service he has completed, provided that in case of a disability retirement before the member has completed twenty (20) years of service, he shall receive an allowance based on the minimum allowed for twenty (20) years service. Such allowance as is granted by the Pension Board shall be paid the member for the remainder of his life or so long as he remains incapacitated. When any member has been retired for permanent, total or partial disability, he shall be subject at all times to re-examination by the Pension Board and shall submit himself to such further examination as the Pension Board may require. If any member refuses to submit himself to any such examination, the Pension Board may, within its discretion, order the payments stopped. If a member who has been retired under the provisions of this Section should thereafter recover, so that in the opinion of the Pension Board he is able to perform the usual and customary duties formerly handled by him for the city in the police department, and such member is reinstated or tendered reinstatement to the position he held at the time of his retirement, then the Pension Board shall order such payment stopped. No person shall be retired either for total or partial disability unless he files with the Pension Board an application for allowance, at which time the Pension Board shall have him examined by no fewer than three (3) physicians, to be chosen by the Pension Board and who are to make their report to the Pension Board.

Rights of survivors

Sec. 13. (a) If any member of the police department who has been retired on allowance because of length of service or disability thereafter dies from any cause whatsoever, or dies from any cause whatsoever after he has become entitled to an allowance or pension, or if while in service any member dies from any cause growing out of or in consequence of the performance of his duty, and leaves surviving a spouse to whom the member was married prior to his death or retirement, a child or children under the age of eighteen (18) years or a dependent parent, the Board shall order paid a monthly allowance as follows: (a) to the spouse, so long as he or she remains a widow or widower, a sum equal to the allowance which was granted to the member at the time of retirement or which would have been granted to the member upon service or disability pension based on his length of service in the police

department; (b) to the guardian of each child, the sum of twenty-five (\$25) Dollars a month until the child reaches the age of eighteen (18) years or marries; (c) to the dependent parent, only in case no spouse is entitled to an allowance, the sum the spouse would have received, to be paid to but one (1) parent and such parent to be determined by the Pension Board.

(b) If any member of the Pension System has not completed ten (10) years or more of service in the police department and is killed or dies from any cause growing out of or in consequence of any act which is clearly not in the actual performance of his official duty, his surviving spouse and/or dependent child or children shall be refunded any contributions which the member made to the Pension System, provided that only contributions made by the member himself shall be refunded.

(c) If any member who has completed ten (10) years or more of service in the police department is killed or dies from any cause growing out of or in consequence of any act which is clearly not in the actual performance of his official duty, his surviving spouse and/or dependent child or children shall receive the same benefits as under Section 13(a) of this Act.

Computation of length of service

Sec. 14. In computing the length of service required for retirement pension, continuous service shall be required; provided, however, that in case of interruption of less than two (2) years, credit shall be given for previous service. If out of service more than two (2) years, no service prior to the interruption shall be counted, other than provided in Section 22.

Termination of employment: reemployment

Sec. 15. When any member of the Pension System leaves the employment of the police department other than as provided for in Section 12 or Section 22, either voluntarily or involuntarily, before becoming eligible for a retirement or disability pension, he shall cease to be a member of the Pension System. No member leaving the employment of the police department and the membership in the Pension System shall be refunded any money paid by the member into the System as contribution or any of the moneys paid into the System by any source except as stated in Section 13(b) and in Section 22. If such person is thereafter reemployed by the city police department, he shall thereupon be reinstated as a member of such Pension System provided he is in good physical and mental condition as evidenced by a written certificate executed under oath by a duly licensed and practicing physician or physicians in the city, satisfactory to the Pension Board. Prior service of such member with the city police department shall not be counted toward his retirement pension unless such member returns to the service within two (2) years from his separation therefrom and makes within six (6) months after his reemployment by the city in the police department written application to the Pension Board for reinstatement in the Pension System.

Transfer from another department

Sec. 16. No prior credit shall be allowed for service to any person who transfers from some other department in the city to the police department. For example, if one is transferred from some other department of the city to the city police department, such person's service will be computed from the day he enters the city police department.

For Annotations and Historical Notes, see V.A.T.S.

Donations

Sec. 17. The Police Officer's Pension System may accept gifts and donations, and such gifts and donations shall be added to the Pension Fund for the use of such system.

Sec. 18. Whenever any person who has been granted an allowance hereunder is convicted of a felony, then the Board shall order the allowance so granted or allowed such person discontinued, and in lieu thereof shall order to be paid to his spouse or dependent child, children, or dependent parent the amount herein provided to be paid such dependent or dependents in case of death of the person so originally granted or entitled to allowance.

Legal advice

Sec. 19. The City Attorney of the city shall handle all legal matters for the Pension System which are referred to him by the Pension Board or city without additional compensation therefor. "Current Interest" shall mean interest at a rate per centum per annum ascertained each year by dividing (1) the amount in the Interest Fund on December 31 of such year before the transfer of interest to other funds, less an amount equal to regular interest for said year upon the sum of the mean amount in the Current Service Annuity Reserve Fund during such year and the mean amount in the Municipality Prior Service Accumulation Fund during such year and the mean amount in the Prior Service Annuity Reserve Fund during such year by (2) an amount equal to the amount in the Municipality Current Service Accumulation Fund at the beginning of such year plus the amount in the Endowment Fund at the beginning of such year and plus the sum of the accumulated deposits in the Employees Saving Fund at the beginning of such year to the credit of all members included in the membership of the Retirement System on December 31 of such year before any transfers for retirements effective December 31 of such year are made, it being provided that the above division shall be carried to only three (3) decimal places and shall never be taken as greater than the rate of regular interest applicable for the same year.

2. (a) Each participating municipality shall make normal contributions to the System of a percentage (determined as hereinafter provided) of each payment of earnings made to each member by such municipality and shall make Prior Service contributions to the System of a percentage (determined as hereinafter provided) of each payment of earnings made to each member by such municipality, subject to the limitation that the total of such percentages shall not exceed nine and one-half per centum (9-1/2%) of earnings in the event the rate of current service deposits required of employees of its participating departments is seven per centum (7%) of earnings; and that the total of such percentages shall not exceed seven and one-half per centum (7-1/2%), in the event the rate of current service deposits required of employees of its participating departments is five per centum (5%) of earnings; and that the total of such percentages shall not exceed five and one-half per centum (5-1/2%) in the event the current service deposit rate prescribed for members of participating departments is three per centum (3%) of earnings. The above percentages for each participating municipality shall be determined annually from the most recent data available at the time of such determination, and shall be certified by the Board to each participating municipality prior to the beginning of each calendar year. Where the municipality has different rates of contribution for employees of different departments, the maximum rate of contribution required of the participating municipality shall be determined

For Annotations and Historical Notes, see V.A.T.S.

by calculations made by the actuary of the average rate (taking into account the number of employees in each bracket) of contribution prescribed for current service deposits of employees of its participating departments. No reduction in contribution rate required of its employees shall reduce the maximum rate of contribution required of a participating municipality. Any participating municipality which has one or more of its departments with a different date of participation from others of its departments, by action of its council may elect to have all of its participating departments considered and treated, for the purpose of determining normal and prior service contribution rates, and for the purpose of determining any period within which the municipality must fund the obligations mentioned in paragraphs (a), (b) and (c) of this subsection, as having a single composite participation date, which composite date shall be determined by the actuary as an average weighted according to the number of members entering the System on the actual dates of participation of the several departments involved.

(b) Each participating municipality shall make payment of normal contributions to the Municipality Current Service Accumulation Fund of the System each month of an amount equal to the per cent of the earnings during such month of the members of the System employed by such participating municipality, which per cent shall be calculated annually by the actuary and approved by the Board as being the necessary and required per cent: (1) to maintain a reserve in such municipality's account in the Municipality Current Service Accumulation Fund equal to the present and prospective liabilities of such municipality's account in the Municipality Current Service Accumulation Fund, and (2) to amortize over a period of five (5) years the amount by which the present and prospective liabilities of such municipality's account in the Municipality Current Service Accumulation Fund was greater or less than the amount in such account on January 1st of the year preceding the then current year.

"Present and prospective liabilities" as used in this subsection shall mean, at any time, an amount equal to that amount in the Employees Saving Fund standing to the credit of a participating municipality's members at that time which according to calculations made by the actuary and approved by the Board on the basis of mortality and other tables adopted by the Board will eventually be transferred to the Current Service Annuity Reserve Fund, plus such additional sum as shall be determined to be a proportional adjustment for all such amounts in the Employees Saving Fund for which the participating municipality is obligated to provide (out of its Municipality Current Service Accumulation Fund Account) reserves at retirement in a ratio other than one to one.

(c) Each participating municipality shall make payment of Prior Service Contributions to the Municipality Prior Service Accumulation Fund of the System each month of an amount equal to a per cent of the earnings during such month of the members of the System employed by such participating municipality which per cent shall be calculated annually by the actuary and approved by the Board as being the necessary and required per cent, on the basis of regular interest:

(i) to accumulate in such municipality's account in the Prior Service Accumulation Fund by or before the end of the twenty-fifth year of participation of such participating municipality or by or before the end of the twentieth year from date of allowance by such municipality of any special prior service credits or antecedent service credits pursuant to Articles XV or XVI hereof, whichever date is the later, a sum equal to the reserve required (according to calculations made by the actuary and approved by the Board, on the basis of mortality and other tables adopted by the Board) to meet in full all payments which may become due after the end of such period under existing and anticipated prior

service annuities arising from prior service credits, special prior service credits, and antecedent service credits, granted by such participating municipality; and

(ii) to provide the amount required according to this Act to be paid during such period under prior service annuities arising from prior service credits, special prior service credits, and antecedent service credits granted by such participating municipality.

If the per cent of earnings calculated as above for Prior Service Contributions when added to the per cent of earnings calculated according to the preceding paragraph for normal contributions shall together exceed the maximum contributions prescribed in paragraph (a) of this subdivision, then in such event, the per cent of earnings for Prior Service Contributions shall be reduced a per cent which together with the percentage for normal contributions will equal the maximum contributions prescribed by paragraph (a) of this subsection.

2. Municipality Current Service Accumulation Fund:

The Municipality Current Service Accumulation Fund shall be the Fund in which shall be accumulated all normal contributions made to the Texas Municipal Retirement System by the participating municipalities for the purpose of providing upon the retirement of each member an amount at least equal to such member's accumulated deposits as the municipality's contribution to the reserves for the member's current service annuity.

Contributions to and payments from this Fund shall be made as follows:

(a) All normal contributions payable by participating municipalities shall be paid into the Municipality Current Service Accumulation Fund and shall be credited to the accounts of the respective participating municipalities in such Fund.

(b) Upon the retirement of a member, an amount equal to his accumulated deposits in the Employees Saving Fund, or such greater amount as the participating municipality has undertaken (pursuant to Article XIV) to provide, shall be transferred from the Municipality Current Service Accumulation Fund into the Current Service Annuity Reserve Fund. If the accumulated deposits of such retiring members have accumulated from deposits made while an employee of a single participating municipality, such municipality's account in the Municipality Current Service Accumulation Fund shall be reduced by the amount so transferred. If such accumulated deposits arose from service in more than one participating municipality, the accounts of the involved participating municipalities in the Municipality Current Service Accumulation Fund shall be reduced by the respective amounts chargeable to such participating municipalities.

Sec. V, subsec. 2 amended by Acts 1969, 61st Leg. p. 1146, ch. 371, § 3, emerg. eff. May 29, 1969.

3. Municipality Prior Service Accumulation Fund:

The Municipality Prior Service Accumulation Fund shall be the Fund in which shall be accumulated all prior service contributions made to the Retirement System by the participating municipalities for the purpose of providing the amounts required for payment of prior service

For Annotations and Historical Notes, see V.A.T.S.

annuities; and from which prior service annuities shall be paid to the extent herein provided.

Contributions to and payments from this Fund shall be made as follows:

(a) All prior service contributions payable by participating municipalities shall be paid into the Municipality Prior Service Accumulation Fund and shall be credited to the accounts of the respective participating municipalities in such Fund.

(b) All payments under prior service annuities arising from prior service credits, special prior service credits, and antecedent service credits granted by a participating municipality shall be paid from this Fund and charged to such participating municipality's account in this Fund subject to the following: the Board shall have the power to reduce proportionately all payments under prior service annuities arising from prior service credits, special prior service credits, and antecedent service credits granted by any participating municipality, at any time and for such period of time as is necessary so that the payments under such prior service annuities in any year shall not exceed the amounts available in such participating municipality's account in the Municipality Prior Service Accumulation Fund for payment of prior service annuities in such year.

(c) Whenever, at the end of any year, the amount accumulated in any municipality's account in the Municipality Prior Service Accumulation Fund shall equal or exceed the reserve required, as of the end of such year, according to calculations made by the actuary and approved by the Board on the basis of mortality and other tables adopted by the Board, to meet all future payments in full under prior service annuities, arising from prior service credits, special prior service credits, and antecedent service credits granted by such participating municipality, then in effect or to become effective thereafter, then

(1) the amount of the reserve required at the end of such year under such prior service annuities as are then in effect shall be transferred from the Municipality Prior Service Accumulation Fund to the Prior Service Annuity Reserve Fund and such municipality's account in the Municipality Prior Service Accumulation Fund shall be reduced by such amount so transferred; and

(2) future payments under such prior service annuities so transferred shall thereafter be paid by the System from the Prior Service Annuity Reserve Fund; and

(3) the payment of prior service contributions to the System by such participating municipality shall be discontinued.

Thereafter, upon retirement of a member with prior service credits, special prior service credits or antecedent service credits granted by such participating municipality the amount of the reserve required as of the effective date of such retirement to meet all future payments in full under such member's prior service annuity shall be transferred from the Municipality Prior Service Accumulation Fund to the Prior Service Annuity Reserve Fund and such municipality's account in the Municipality Prior Service Accumulation Fund shall be reduced by such amount so transferred.

Thereafter, should it be determined, according to calculations made by the actuary and approved by the Board on the basis of mortality and other tables adopted by the Board, that the amount to the credit of such participating municipality's account in the Municipality Prior Service Accumulation Fund at the end of any year is less than the reserve required as of the end of such year to meet all future payments in full under prior service annuities, arising from prior service credits, special prior service credits, or antecedent service credits granted by such par-

ticipating municipality, to become effective after the end of such year, such municipality shall resume payment of Prior Service Contributions, subject to the limitations of Section IV of this Act, of such percentage as is required to amortize such deficiency over a period of one (1) year.

Whenever all prior service annuities, arising from prior service credits, special prior service credits, or antecedent service credits granted by a participating municipality have become effective and the reserves therefor transferred to the Prior Service Annuity Reserve Fund as provided above, any then remaining balance to the credit of such municipality's account in the Municipality Prior Service Accumulation Fund shall be paid to such municipality, and such municipality's account in the Municipality Prior Service Accumulation Fund shall be closed.

Sec. V, subsec. 3 amended by Acts 1969, 61st Leg., p. 1146, ch. 371, § 3, emerg. eff. May 29, 1969.

4. Current Service Annuity Reserve Fund:

The Current Service Annuity Reserve Fund shall be the Fund in which shall be held all reserves for current service annuities granted and in force and from which shall be paid all current service annuities and all benefits in lieu of current service annuities, payable as provided in this Act. This Fund shall be made up of transfers as follows:

(a) At the time of service or disability retirement, the accumulated deposits of a retiring member shall be transferred from the Employees Saving Fund to the Current Service Annuity Reserve Fund as reserves for the current service annuity purchased by said member's deposits.

(b) An amount equal to the accumulated deposits of each retiring member or such greater sum as the participating municipality has undertaken to provide shall be transferred, upon such member's retirement, from the Municipality Current Service Accumulation Fund as reserves for an additional current service annuity over and above the current service annuity purchased by such member's deposits.

Transfers and payments from the Current Service Annuity Reserve Fund shall be made as provided in Section VII of this Act, upon the death, restoration to active service or removal from the disability list, of an annuitant retired on account of disability.

(d) With the provision that no retirement shall be effective within one (1) year after the effective date of his membership, each member shall be retired from employment by all municipalities on the last day of the calendar year in which the age of sixty-five (65) is attained, or upon the last day of the calendar year in which he completes fifteen (15) years of creditable service, whichever shall last occur; provided, however, that in exceptional cases and for substantial cause such retirement may be deferred by mutual consent of the member and the employing municipality from year to year for a period of not to exceed one (1) year at any time, but in the case of any member who was under the age of fifty (50) years on the effective date of last becoming a member, such member's retirement shall not be so deferred beyond the last day of the calendar year in which he attains the age of seventy (70) or the last day of the calendar year in which he completes fifteen (15) years of creditable service, whichever shall last occur.

(2) An additional sum, from the Municipality Current Service Accumulation Fund, equal to the accumulated deposits provided by the

member, or such greater sum as the participating municipality has undertaken to provide.

(c) If he has a Prior Service Certificate, Special Prior Service Certificate, or Antecedent Service Certificate in full force and effect, the prior service benefit shall be the actuarial equivalent of his Accumulated Prior Service Credit, Accumulated Special Prior Service Credit, and Accumulated Antecedent Service Credit at the time of retirement; subject, however, to the power of the Board, upon recommendation of the actuary, to reduce payments for prior service annuities as provided in Section V of this Act.

6. Standard Disability Retirement Benefits;

Upon retirement for disability a member shall receive a disability retirement benefit consisting of a current service annuity, which shall be the actuarial equivalent of his current service annuity reserve, and a prior service annuity to which his Accumulated Prior Service Credit, Accumulated Special Prior Service Credit and Accumulated Antecedent Service Credit, if any, entitles him under the provisions of this Act.

(1) His accumulated deposits credited to his account in the Employees Saving Fund at the time of retirement; and

(2) An additional sum from the Municipality Current Service Accumulation Fund equal to the accumulated deposits provided by the member, or such greater sum as the participating municipality has undertaken to provide.

(b) If he has a Prior Service Certificate, Special Prior Service Certificate, or Antecedent Service Certificate in full force and effect, the prior service annuity shall be the actuarial equivalent of his Accumulated Prior Service Credit, Accumulated Special Prior Service Credit and Accumulated Antecedent Service Credit at time of retirement. Upon the recommendation of the actuary, the Board shall have the power to reduce payments for prior service annuities as provided in Section V of this Act. Sec. VII, subsec. 6 amended by Acts 1969, 61st Leg., p. 1146, ch. 371, § 4, emerg. eff. May 29, 1969.

7. Requirements and Conditions Applicable To Disability Benefits;

Once each year during the first five (5) years following retirement of a member on a disability retirement allowance, and once in every three-year period thereafter, the Board may, and upon his application shall, require any disability annuitant who has not yet attained the age of sixty (60) years to undergo a medical examination, such examination to be made at the place of residence of said annuitant or any other place mutually agreed upon, by a physician or physicians designated by the Board. Should any disability annuitant who has not yet attained the age of sixty (60) years refuse to submit to at least one (1) medical examination in any such periods by a physician or physicians designated by the Board, his allowance shall be discontinued until his withdrawal of such refusal, and should his refusal continue for one (1) year, all his rights in and to his allowance shall be revoked by the Board.

(a) Should the Medical Board report and certify to the Board that such disability annuitant is no longer physically or mentally incapacitated for the performance of duty, or that such disability annuitant is engaged in or is able to engage in a gainful occupation, and should the Board by a majority vote concur in such report, then his allowance shall be discontinued.

(b) Should a disability annuitant under the age of sixty (60) years be restored to active service in a participating department of a participating

Upon restoration to membership, any Prior Service Certificate, Special Prior Service Certificate or Antecedent Service Certificate, on the basis of which his service was computed at the time of his retirement shall be restored to full force and effect, and in addition, upon his subsequent retirement, he shall be credited with all his membership service. Should a disability annuitant die or be removed from the disability list for any cause other than restoration to active service, an amount equal to the amount by which such annuitant's accumulated deposits at the time of disability retirement exceed the current service annuity payments received by such annuitant under his disability allowance, if any such excess exists, shall be paid from the Current Service Annuity Reserve Fund to such annuitant if living; otherwise, such amount shall be paid to his estate unless he has directed such amount to be paid otherwise.

Optional Provision for Special Prior Service Credits

Sec. XV. Any participating municipality electing to do so may provide for "special prior service credits" to be allowed as to employees of such municipality retiring subsequent to the effective date of the undertaking of the municipality to provide such increased credits, upon the following terms and conditions:

(1) The Council by ordinance may provide that in addition to the "prior service credit" to be allowed each of its employees holding a prior service certificate which is in effect on the last day of the calendar year in which such proposed change is authorized by the Council, a "Special Prior Service Credit" shall be granted which shall be an amount equivalent to the accumulation at interest of a series of equal monthly payments of:

(a) Two and one-half per cent (2½%) of the member's "average prior service compensation" for the number of months of prior service certified to in such member's prior service certificate; or

(b) Five per cent (5%) of the member's "average prior service compensation" for the number of months of prior service certified to in such member's prior service certificate.

The accumulation above provided for shall be at regular interest and on the basis that interest is allowed at the end of each twelve (12) months period and is allowable on the accumulation at the beginning of each such twelve (12) months period and is not to be allowed for parts of a year.

(2) No municipality shall undertake to allow the special prior service credits authorized by the preceding paragraph until it shall have been a participating municipality of the System for at least three (3) calendar years; and no such undertaking shall be permitted, and shall not become effective, until it shall have been determined and certified by the actuary of the System that all obligations arising from the "prior service credits" and special prior service credits previously allowed by the municipality plus the "special prior service credits" proposed to be granted can be funded along with other obligations undertaken by the municipality under this Act, within the applicable maximum total contribution rate by or before the end of the twenty-fifth year from date of participation, or by or before the end of the twentieth year from and after the effective date of the special prior service credits proposed to be granted, whichever date is later.

(3) No "special prior service credits" shall be permitted to be granted under this Section if the result thereof would be to produce greater benefits for completed service than would be provided for current and future service rendered by an employee of the participating municipality for an equivalent period of time and upon the same earnings.

(4) No special prior service credits shall be permitted unless and until the proposal is approved by the Board as conforming to the requirements stated in this Act.

(5) Each employee member entitled to special prior service credit shall be given a "Special Prior Service Certificate" stating the amount of any special prior service credit allowed him pursuant to this Section. In

For Annotations and Historical Notes, see V.A.T.S.

event membership of such employee is terminated such special prior service certificate shall become void.

(6) "Accumulated Special Prior Service Credit," as used in this Act, shall mean the "special prior service credit" allowed a member as above provided, accumulated at regular interest from the effective date of becoming a member until the effective date of such member's retirement.

Sec. XV added by Acts 1969, 61st Leg., p. 1146, ch. 371, § 6, emerg. eff. May 29, 1969.

Optional Provision for Antecedent Service Credits

Sec. XVI. Subject to the terms and conditions hereinafter stated, any participating municipality electing to do so may undertake to grant antecedent service credit to those persons in its employment at the effective date of the municipality's election to provide such credit.

(1) The term "antecedent service" within the contemplation of this Section shall mean the period of current service theretofore rendered by a member to the participating municipality and for which concluded service the municipality has undertaken to provide reserves at retirement matching the members' accumulated deposits at the ratio of one to one, or at a greater ratio which is less than that at which the participating municipality is then undertaking to match current service deposits as to service then being rendered.

(2) The Council by ordinance may provide that the municipality will grant antecedent service credit to those persons who are employees of the municipality at the date such undertaking is designated to become effective, which shall be a charge against the prior service accumulation account of the municipality.

(3) "Antecedent Service Credit" shall mean an amount equivalent to the accumulation at interest of a series of monthly payments equal to fifty per cent (50%), or at the election of the participating municipality, one hundred per cent (100%) of the deposits actually made by the member during each month of his antecedent service to the municipality, such accumulation to be at regular interest and on the basis that interest is allowed at the end of each twelve (12) months period, and is allowed on the accumulation at the beginning of each twelve months period, and is not allowed for parts of a year.

(4) "Accumulated Antecedent Service Credit" shall mean the "Antecedent Service Credit" above defined, determined at the date such credit is directed to become effective in accordance with this Section, and accumulated at regular interest from such date until the effective date of such member's retirement.

(5) The Council by ordinance shall determine whether antecedent service credit shall be allowed, and shall designate the date at which such credit shall be allowed, provided that the date selected shall be the end of any calendar year after three (3) full years of participation by the municipality, and provided that at least ninety (90) days prior notice shall have been given to the Board of the Council's action.

(6) Each employee member entitled to antecedent service credit shall be given an "antecedent service certificate" stating the amount of his accumulated antecedent service credit at the effective date such credit is allowed pursuant to the ordinance adopted by the municipality, and such certificate shall state that in the event membership in the System ceases, such certificate shall become void, and that if the member thereafter returns to employment of any participating municipality, he shall not be entitled to such antecedent service credit.

(7) No antecedent service credit shall be permitted, and no provision therefor shall become effective, unless and until the proposal is approved by the Board as conforming to requirements of this Act. And the Board shall not approve the allowance of antecedent service credit by any

participating municipality until it shall have been determined and certified by the actuary of the System that all obligations arising from the antecedent service credits proposed, together with all prior service credits and special prior service credits, if any, granted by the municipality can be funded by the municipality within its maximum total contribution rate by or before the end of the twenty-fifth year from date of participation, or by or before the end of the twentieth year from and after the effective date for allowance of the proposed antecedent service credit, whichever date is later. No antecedent service credit shall be permitted to be granted under this Section if the result thereof would be to produce greater benefits for completed service than would be provided for current and future service rendered by an employee of the participating municipality for an equivalent period of time and upon the same earnings.

(8) Upon retirement of a member holding an antecedent service certificate which is in force and effect, he shall be entitled to a prior service annuity which his accumulated antecedent service credit will provide, which annuity will be paid him as part of his standard service retirement benefit, or as part of an optional benefit in lieu of a standard service retirement benefit, or if his retirement is for disability, as part of his disability retirement benefit. If the member holds a prior service certificate, the aggregate amount of his accumulated prior service credit, together with his accumulated special service credit, and his accumulated antecedent service credit shall constitute the sum from which his prior service annuity shall be calculated; and payment of such annuity may be reduced by the Board for the reasons and in the manner provided in Section V of this Act.

Art. 6252—19. Tort claims

Short title

Section 1. This Act shall be known and cited as the Texas Tort Claims Act.

Definitions

Sec. 2. The following words and phrases as used in this Act unless a different meaning is plainly required by the context shall have the following meanings:

(1) "Unit of government" or "units of government" shall mean the State of Texas and all of the several agencies of government which collectively constitute the government of the State of Texas, specifically including, but not to the exclusion of, other agencies bearing different designations, all departments, bureaus, boards, commissions, offices, agencies, councils and courts; all political subdivisions, all cities, counties, school districts, levee improvement districts, drainage districts, irrigation districts, water improvement districts, water control and improvement districts, water control and preservation districts, fresh water supply districts, navigation districts, conservation and reclamation districts, soil conservation districts, river authorities, and junior college districts; and all institutions, agencies and organs of government whose status and authority is derived either from the Constitution of the State of Texas or from laws passed by the Legislature pursuant to such Constitution. Provided, however, no new unit or units of government are hereby created.

(2) "Scope of employment" or "scope of office" shall mean that the officer, agent or employee was acting on behalf of a governmental unit

For Annotations and Historical Notes, see V.A.T.S.

in the performance of the duties of his office or employment or was in or about the performance of tasks lawfully assigned to him by competent authority.

(3) "Officer, agent or employee" shall mean every person who is in the paid service of any unit of government by competent authority, whether full or part-time, whether elective or appointive, and whether supervisory or nonsupervisory, it being the intent of the Legislature that this Act should apply to every person in such service of a unit of government, save and except as herein provided. Such definition, however, shall not include an independent contractor or an agent or employee of an independent contractor, or any person performing tasks the details of which the unit of government does not have the legal right to control.

Liability of governmental units

Sec. 3. Each unit of government in the state shall be liable for money damages for personal injuries or death when proximately caused by the negligence or wrongful act or omission of any officer or employee acting within the scope of his employment or office arising from the operation or use of a motor-driven vehicle and motor-driven equipment, other than motor-driven equipment used in connection with the operation of floodgates or water release equipment by river authorities created under the laws of this state, under circumstances where such officer or employee would be personally liable to the claimant in accordance with the law of this state, or death or personal injuries so caused from some condition or some use of tangible property, real or personal, under circumstances where such unit of government, if a private person, would be liable to the claimant in accordance with the law of this state. Such liability is subject to the exceptions contained herein, and it shall not extend to punitive or exemplary damages. Liability hereunder shall be limited to \$100,000 per person and \$300,000 for any single occurrence for bodily injury or death.

Waiver of sovereign immunity

Sec. 4. To the extent of such liability created by Section 3, immunity of the sovereign to suit, as heretofore recognized and practiced in the State of Texas with reference to units of government, is hereby expressly waived and abolished, and permission is hereby granted by the Legislature to all claimants to bring suit against the State of Texas, or any and all other units of government covered by this Act, for all claims arising hereunder.

Venue

Sec. 5. All cases arising under the provisions of this Act shall be instituted in the county in which the cause of action or a part thereof arises.

Cumulative remedy

Sec. 6. This Act shall be cumulative in its legal effect and not in lieu of any and all other legal remedies which the injured person may pursue.

Laws and rules applicable

Sec. 7. The laws and statutes of the State of Texas and the Rules of Civil Procedure, as promulgated and adopted by the Supreme Court of Texas, insofar as applicable and to the extent that such rules are not inconsistent with the provisions of this Act, shall apply to and govern all actions brought under the provisions of this Act.

Unit of government as defendant; service of citation

Sec. 8. Suits instituted pursuant to the provisions of this Act shall name as defendant the unit of government against which liability is sought to be established. In suits against the state citation shall be

served on the Secretary of State. In suits against other units of government citation shall be served in the manner prescribed by law for other civil cases. If no method is prescribed by law, then service may be had on the administrative head of the unit of government being sued, if available, and if not, the court in which the suit is pending may authorize service in such manner as may be calculated to afford the unit of government a fair opportunity to answer and defend the suit.

Counsel; insurance

Sec. 9. The Attorney General of Texas shall defend all actions brought under the provisions of this Act against any unit of government whose authority and jurisdiction is coextensive with the geographical limits of the State of Texas. All units of government whose area of jurisdiction is less than the entire State of Texas shall employ their own counsel in accordance with the organic act under which such unit of government is operating; provided, however, that all units of government are hereby expressly authorized to purchase policies of insurance providing protection for such units of government, their officers, agents and employees against claims brought under the provisions of this Act, and when they have acquired such insurance, they are further authorized to relinquish to the company providing such insurance coverage the right to investigate, defend, compromise and settle any such claim. In the case of suits defended by the Attorney General, he may be fully assisted by counsel provided by insurance carrier. Neither the existence or amount of insurance shall ever be admissible in evidence in the trial of any case hereunder, nor shall the same be subject to discovery.

Compromise and settlement

Sec. 10. Any and all causes of action brought under the provisions of this Act may be settled and compromised by the unit of government involved when, in the judgment of the Governor, in the case of the state, and in the judgment of the governing body of the unit of government in other cases, such compromise would be to the best interests of such government. It is specifically provided, however, that such approval shall not be required in those instances where insurance has been procured under the provisions of Section 9 hereof.

Collection of judgments

Sec. 11. Judgments recovered against units of government pursuant to the provisions of this Act shall be enforced in the same manner and to the same extent as judgments are now enforced against such units of government under the statutes and law of Texas; and no additional methods of collecting judgments are granted by this Act. Provided, however, if the judgment is obtained against a unit of government that has procured a contract or policy of liability or indemnity insurance protection, the holder of the judgment may use such methods of collecting said judgment as are provided by the policy or contract and statutes and laws of Texas to the extent of the limits of coverage provided therein. It is expressly provided, however, that judgments under this Act becoming final during any fiscal year need not be paid by such unit of government until the following fiscal year except to the extent that they may be payable by an insurance carrier. For the payment of any final judgment obtained under the provisions of this Act, a unit of government not fully covered by liability insurance is hereby authorized to levy an ad valorem tax, the rate of which, if found by the unit of government to be necessary, may exceed any legal limit otherwise applicable except as may be imposed by the Constitution of the State of Texas. In the event that judgments arising under the provisions of this Act become final against a unit of government in any one fiscal year in an aggregate amount, exclusive of insurance coverage, if any, in excess of one percent of the budgeted tax funds, exclusive of general obligation

For Annotations and Historical Notes, see V.A.T.S.

debt service requirements, of such unit of government for such fiscal year, then such unit of government may pay such judgments over a period of not more than five years in equal annual installments and shall pay interest on the unpaid balance at the rate provided by law.

Effect of judgment or settlement

Sec. 12. (a) The judgment or settlement in an action or claim under this Act shall constitute a complete bar to any action by the claimant, by reason of the same subject matter, against the employee of a unit of government whose act or omission gave rise to the claim.

(b) The State or a political subdivision may not require any employee to purchase liability insurance as a condition of his employment where the State or political subdivision is insured by a policy of liability insurance.

Liberal construction

Sec. 13. The provisions of this Act shall be liberally construed to achieve the purposes hereof.

Exemptions

Sec. 14. The provisions of this Act shall not apply to:

(1) Any claim based upon an act or omission which occurred prior to the effective date of this Act.

(2) Any claim based upon an act or omission of the Legislature, or any member thereof acting in his official capacity, or to the legislative functions of any unit of government subject to the provisions hereof.

(3) Any claim based upon an act or omission of any of the courts of the State of Texas, or any member thereof acting in his official capacity, or to the judicial functions of any unit of government subject to the provisions hereof.

(4) Any claim based upon an act or omission of an officer, agent or employee of any unit of government in the execution of the lawful orders of any court.

(5) Any claim arising in connection with the assessment or collection of taxes by any unit of government.

(6) Any claim arising out of the activities of the National Guard, the State Militia, or the Texas State Guard, when on active duty pursuant to lawful orders of competent authority.

(7) Any claim based upon the failure of a unit of government to perform any act which said unit of government is not required by law to perform. If the law leaves the performance or nonperformance of an act to the discretion of the unit of government, its decision not to do the act, or its failure to make a decision thereon, shall not form the basis for a claim under this Act.

(8) Any claim arising out of the action of an officer, agent or employee while responding to emergency calls or reacting to emergency situations when such action is in compliance with the laws and ordinances applicable to emergency action.

(9) Any claim based on an injury or death connected with any act or omission arising out of civil disobedience, riot, insurrection or rebellion or arising out of the failure to provide, or the method of providing, police or fire protection.

(10) Any claim arising out of assault, battery, false imprisonment, or any other intentional tort including, but not limited to, disciplinary action by school authorities.

(11) Any claim based upon the theory of attractive nuisance.

(12) Any claim arising from the absence, condition, or malfunction of any traffic or road sign, signal, or warning device unless such absence, condition, or malfunction shall not be corrected by the governmental unit responsible within a reasonable time after notice, or any claim arising

from the removal or destruction of such signs, signals or devices by third parties except on failure of the unit of government to correct the same within such reasonable time, after actual notice. Nothing herein shall give rise to liability arising from the failure of any unit of government to initially place any of the above signs, signals, or devices when such failure is the result of discretionary actions of said governmental unit. The signs, signals and warning devices enumerated above are those used in connection with hazards normally connected with the use of the roadway, and this section shall not apply to the duty to warn of special defects such as excavations or roadway obstructions.

Individual immunity

Sec. 15. Notwithstanding any provision hereof, the individual immunity of public officers, agents or employees of government from tort claims for damages is hereby preserved to the extent and degree that such persons presently are immunized.

Notice of death or injury

Sec. 16. Except where there is actual notice on the part of the governmental unit that death has occurred or that the claimant has received some injury, any person making a claim hereunder shall give notice of the same to the governmental unit against which such claim is made, reasonably describing the injury claimed and the time, manner and place of the incident from which it arose, within six months from the date of the incident. Provided, however, except where there is such actual notice, charter and ordinance provisions of cities requiring notice within a charter period permitted by law are hereby expressly ratified and approved.

Payment of claim against state supported college or university

Sec. 17. No claim or judgment against a state-supported senior college or university, under this Act, shall be payable except by a direct appropriation made by the Legislature for the purpose of satisfying claims and/or judgments, except in the event insurance has been acquired as provided in Section 9, in which case the claimant is entitled to payment to the extent of such coverage as in other cases.

Exclusions

Sec. 18. (a) This Act shall not apply to any proprietary function of a municipality. The term "motor-driven equipment" as used herein shall not be construed so as to include medical equipment, such as, but not limited to iron lungs, located in hospitals.

(b) As to premise defects, the unit of government shall owe to any claimant only the duty owed by private persons to a licensee on private property, unless payment has been made by the claimant for the use of the premises. Provided, however, that the limitation of duty contained in this subsection shall not apply to the duty to warn of special defects such as excavations or obstructions on highways, roads or streets, nor shall it apply to any such duty to warn of the absence, condition or malfunction of traffic signs, signals or warning devices as is required in Section 14(12) hereof.

Workmen's compensation

Sec. 19. Any governmental unit carrying Workmen's Compensation Insurance or accepting the provisions of the Workmen's Compensation Act of the State of Texas shall be entitled to all of the privileges and immunities granted by the Workmen's Compensation Act of the State of Texas to private persons and corporations.

Partial school district exemption

Sec. 19A. The provisions of this Act shall not apply to school districts except as to motor vehicles.

Repealer

Sec. 20. All laws or parts of law, and all enactments, rules and regulations or any and all units of government, and all organic laws of such units of government, in conflict herewith are hereby repealed, annulled and voided, to the extent of such conflict.

Severability

Sec. 21. In the event any section, subsection, paragraph, sentence or clause of this Act shall be declared unconstitutional or void, the validity of the remainder of this Act shall not be affected or impaired thereby; and it is hereby declared to be the policy and intent of the Legislature to enact the valid portions of this Act, notwithstanding the invalid portions, if any.

Effective date

Sec. 22. This Act shall be effective from and after January 1, 1970. Acts 1969, 61st Leg., p. 874, ch. 292, eff. Jan. 1, 1970.

The state departments who now own and operate motor vehicles shall have the power and authority to insure the officers and employees from liability arising out of the use, operation and maintenance of automobiles, trucks, tractors and other power equipment used or which may be used in the operation of such department. Such insurance shall be provided by the purchase of a policy or policies for that purpose from some liability insurance company or companies authorized to transact business in the State of Texas. All liability insurance so purchased shall be provided on a policy form or forms approved by the State Board of Insurance as to form and by the Attorney General as to liability.

Sec. 2. In case said department elects not to so insure its employees against liability as above mentioned:

Sec. 4. Such payments are to be charged against the maintenance fund of the department for which such employee is employed.

Sec. 5. Nothing herein shall be construed as a waiver of the immunity of the state from liability for the torts of negligence of the officers or employees of the state.

§ 97. Proof Required for Recording in Deed Records

A copy of such foreign will or testamentary instrument, and of its probate attested as provided above, together with the certificate that said attestation is in due form, shall be prima facie evidence that said will or testamentary instrument has been duly admitted to probate, according to the laws of the state, territory, district, or country wherein it has allegedly been admitted to probate, and shall be sufficient to authorize the same to

Upon such filing and recording, the force and effect of the probate or recording of the will shall cease until verified proof is filed and recorded that the foreign proceedings have been terminated in favor of the will, or that such proceedings were never actually instituted.

No fees or commissions shall be allowed to such custodian for taking care of, handling or expending such money so withdrawn by him.

In either case, such payment to the clerk shall be for the use and benefit and for the account of such non-resident creditor, and the receipt for such payment signed by the clerk, reciting the name of such creditor and his post-office address, if known, shall be forever binding against such creditor as of the date and to the extent of such payment. (c) **Order of Removal.** The order of removal shall state the cause thereof. It shall require that any letters issued to the one removed shall, if he has been personally served with citation, be surrendered, and that all such letters be cancelled of record, whether delivered or not. It shall further require, as to all the estate remaining in the hands of a removed person, delivery thereof to the person or persons entitled thereto, or to one who has been appointed and has qualified as successor representative, and as to the person of a ward, that control be relinquished as required in the order.

Whenever any estate is unrepresented by reason of the death, removal, or resignation of the personal representative of such estate, the court shall grant further administration of the estate when necessary, and with the will annexed where there is a will, upon application therefor by a qualified person interested in the estate. Such appointments shall be made on notice and after hearing, as in case of original appointments, except that when the court finds that there is a necessity for the immediate appoint-

Distinctive emblem required on slow-moving vehicles

Sec. 139b.

Subdivision 1. As used in this Section, the term "slow-moving vehicle" means any motor vehicle designed to operate at a maximum speed of twenty-five miles per hour or less; and the term also means and includes all other vehicles, implements of husbandry and other machinery, including all road construction machinery, while being drawn by animals or by a motor vehicle designed to operate at a maximum speed of twenty-five miles per hour or less.

The term "slow-moving-vehicle emblem", as used in this Section, means a triangular emblem, conforming to the size, colors and other standards and specifications as are adopted by the Director of the Department of Public Safety in accordance with this Section.

Subd. 2. The Director of the Department of Public Safety shall adopt standards and specifications as to colors, size and position of mounting for a distinctive triangular emblem having a reflecting surface and designed to be clearly visible, in daylight or at night by reflection from the light of standard automobile headlamps, at a distance of not less than five hundred (500) feet; the standards and specifications for such emblems shall correlate with and, insofar as the Director determines to be practicable, shall conform to the then current standards and specifications adopted or approved by the American Society of Agricultural Engineers for a uniform emblem to identify slow-moving vehicles.

Subd. 3. From and after January 1, 1970, no "slow-moving vehicle," shall be operated or drawn upon any public street or highway in this state unless the same shall be equipped with and unless there shall be displayed at the rear thereof a "slow-moving-vehicle emblem" conforming to the standards and specifications adopted by the Director of the Department of Public Safety as above directed; provided that this requirement shall not apply to any such vehicle when being used in actual construction or maintenance work and while traveling within the limits of a construction area which is marked as such in accordance with requirements of the State Highway Commission. Such emblem shall be mounted base down on the rear of the vehicle, not less than three (3) feet nor more than five (5) feet above the road surface, and shall be maintained in a clean, reflective condition. The requirement of such emblem shall be in addition to any other lighting or reflective devices required by law.

When a motor vehicle displaying a slow-moving-vehicle emblem is drawing or towing an implement of husbandry or other machinery, and the visibility of the emblem on the pulling unit is not obstructed by the implement or machinery being towed, it shall not be necessary to display a similar emblem on the towed unit.

Subd. 4. The use of the "slow-moving-vehicle emblem" shall be restricted to the slow-moving vehicles specified in Subdivision 1, and its use on any other type of vehicle or stationary object on the highway is prohibited.

Compulsory inspection

Sec. 140.

(a) It shall be the duty of the Texas Department of Public Safety to require every owner of a motor vehicle, trailer, semitrailer, pole trailer or mobile home, registered in this state and operated on the highways of this state, to have the brakes, lighting equipment, horns and warning devices, mirrors, windshield wipers, front seat belts in vehicles where seat belt anchorages were part of the manufacturer's original equipment on the vehicle, steering (including power steering), wheels and rims (not to involve removal of wheel from vehicle), exhaust system, and exhaust emission system inspected at state-appointed inspection stations or by State Inspectors as hereinafter provided. Provisions relating to the inspection of trailers, semitrailers, pole trailers, or mobile homes shall not apply when the gross weight of such vehicles and the load carried thereon is four thousand (4,000) pounds or less. Only the brakes, lighting equipment, horns and warning devices, mirrors, windshield wipers, front seat belts in vehicles where seat belt anchorages were part of the manufacturer's original equipment on the vehicle, steering (including power steering), wheels and rims (not to involve removal of wheel from vehicle), exhaust system, and exhaust emission system may be inspected, and the owner shall not be required to have any other equipment or part of his motor vehicle inspected as a prerequisite for the issuance of an inspection certificate.

For Annotations and Historical Notes, see V.A.T.S.

(b) If such inspection discloses the necessity for adjustments, corrections, or repairs, only the brakes, lighting equipment, horns and warning devices, mirrors, windshield wipers, front seat belts in vehicles where seat belt anchorages were part of the manufacturer's original equipment on the vehicle, steering (including power steering), wheels and rims (not to involve removal of wheel from vehicle), exhaust system, and exhaust emission system shall be adjusted, corrected, or repaired before a certificate is issued as hereinafter provided. The owner may have such adjustments, corrections, or repairs made by such qualified person or persons as he may choose, subject to reinspection as hereinafter provided. Sec. 140(a), (b) amended by Acts 1969, 61st Leg., p. 811, ch. 271, § 3, eff. Sept. 1, 1969.

See, also, historical note at end of this article.

State appointed inspection stations

Sec. 141.

(a) The Department may establish state-appointed inspection stations to carry out the provisions of this Section. Such stations may be located anywhere in the state, and should any be established or appointed, there shall be at least one (1) for each county. The Department is authorized to furnish instructions to, and to supervise official inspection stations and mechanics for inspection of motor vehicles, trailers, semitrailers, pole trailers and mobile homes for the proper and safe performance of brakes, lighting equipment, horns and warning devices, mirrors, windshield wipers, front seat belts in vehicles where seat belt anchorages were part of the manufacturer's original equipment on the vehicle, steering (including power steering), wheels and rims (not to involve removal of wheel from vehicle), exhaust systems, and exhaust emission systems. The authorization of persons to inspect vehicles shall be in accordance with the rules and regulations promulgated by the Department. Every person desiring to operate as an official inspection station shall file an application for a certificate of appointment with the Department.

The application shall be made upon a form prescribed and furnished by the Department, and shall set forth the name under which the applicant transacts or intends to transact business, the location of his place of business within the state, and such other information as the Department may require. If the applicant has or intends to have more than one place of business within the state, a separate application shall be made for each place of business.

If the applicant is an association, the application shall set forth the names and the addresses of the persons constituting the association, and if a corporation, the names and addresses of the principal officers thereof, and any other information prescribed by the Department for purposes of identification. The application shall be signed and verified by oath or affirmation by the owner, if a natural person; in the case of a corporation, by an executive officer thereof or some person specifically authorized by the corporation to sign the application, to which shall be attached written evidence of his authority.

Only such locations which fulfill the Department's requirements and whose owners or proprietors comply with Department regulations shall qualify and be appointed and issued a certificate. Upon approval of an application, the Department shall issue to the owner a certificate of appointment as an official inspection station for the place of business within the state set forth in the application.

Certificates of appointment shall not be assignable, and shall be valid for the owners in whose names issued and for the transaction of business at the place designated therein, and shall at all times be conspicuously displayed at the place for which issued.

Upon being advised that an application will be approved, the applicant shall provide the bond hereinafter required and a fee of Ten Dollars (\$10) which shall constitute the certificate fee until August thirty-first of the odd-numbered year following the date of appointment. Thereafter, appointments shall be made for two-year periods and the certificate fee for each such period shall be Ten Dollars (\$10). All certificate fees shall be placed in a fund in the State Treasury to be known as the Motor Vehicle Inspection Fund and shall be used by the Department in the administration of this Act.

(b) Every owner of an official inspection station shall be required to furnish a bond payable to the State of Texas in the amount of One Thousand Dollars (\$1,000), to be approved by the Director of the Department, with two or more good and solvent sureties, or one corporate surety qualified by law to make such bond, to indemnify the state against the violation of any of the terms and conditions of this Act. Except where the surety is a corporate surety as herein provided, the bond shall first be submitted to the county judge of the county in which the inspection station is located, who shall make his recommendation to the Director whether the bond be approved or disapproved. Any inspector or any official or employee of any inspection station who shall issue an official certificate of inspection without having made an inspection of the vehicle for which it is issued or who shall knowingly or willfully issue an official inspection certificate for a motor vehicle or vehicles, the brakes, lighting equipment, horns and warning devices, mirrors, windshield wipers, front seat belts in vehicles where seat belt anchorages were part of the manufacturer's original equipment on the vehicle, steering (including power steering), wheels and rims (not to involve removal of wheel from vehicle), exhaust system, and exhaust emission system of which are not at the time of such issuance in a good condition and in conformity with the laws of this state shall forfeit said bond to the State of Texas.

* * * * *

(d) The fee for compulsory inspection to be made under this Section shall be Two Dollars (\$2.00). Fifty cents (50¢) of each fee shall be paid to the Department and shall be placed in the Motor Vehicle Inspection Fund for the purpose of paying the expense of the administration of this law. The Department may require each official inspection station to make an advance payment of fifty cents (50¢) for each inspection certificate furnished to it, and the money so received shall be placed in the Motor Vehicle Inspection Fund, and no further payment to the Department shall be required upon issuance of the certificate. If such advance payment has been made, the Department shall refund to the inspection station the amount of fifty cents (50¢) for each unissued certificate which the inspection station returns to the Department in accordance with rules and regulations promulgated by the Department.

If an inspection disclosed the necessity for adjustments, corrections, or repairs to brakes, lighting equipment, horns and warning devices, mirrors, windshield wipers, front seat belts in vehicles where seat belt anchorages were part of the manufacturer's original equipment on the vehicle, steering (including power steering), wheels and rims (not to involve removal of wheel from vehicle), exhaust system, and exhaust emission system, such motor vehicle shall be reinspected free of charge after the adjustments, corrections, or repairs have been made. Any such motor vehicle under the terms of this Act, if involved in an accident subsequent to the required inspection, shall return to an inspection station after adequate repairs are made for a second and reinspection procedure.

(e) No certificate of inspection shall be issued by any inspector or inspection station until the brakes, lighting equipment, horns and warning devices, mirrors, windshield wipers, front seat belts in vehicles where seat belt anchorages were part of the manufacturer's original equipment on the vehicle, steering (including power steering), wheels and rims (not to involve removal of wheel from vehicle), exhaust system, and exhaust emission system have been inspected and found to be in proper and safe condition and to comply with the laws of this state. No person shall make, issue, or knowingly use an imitation or counterfeit of an official inspection certificate.

No person shall display or cause or permit to be displayed any inspection certificate knowing the same to be fictitious or issued for another vehicle or issued without the required inspection having been made.

No person shall perform an inspection or issue an inspection certificate without such person first having been authorized to do so by the Department.

No person shall drive or move on any highway any motor vehicle, trailer, semitrailer, pole trailer, mobile home, or combination thereof unless the equipment upon any and every said vehicle is in good working order and adjustment as required in this Act and said vehicle is in such safe mechanical condition as not to endanger the driver or other occupant or any person upon the highway."

Sec. 141(a), (b), (d), (e) amended by Acts 1969, 61st Leg., p. 811, ch. 271, § 4, eff. Sept. 1, 1969.

Sec. 142.

(a) The Department may establish uniform standards of safety as prescribed in Article XIV of this Act wherever applicable with respect to brakes, lighting equipment, horns and warning devices, mirrors, windshield wipers, front seat belts in vehicles where seat belt anchorages were part of the manufacturer's original equipment on the vehicle, steering (including power steering), wheels and rims (not to involve removal of wheel from vehicle), exhaust systems, and exhaust emission systems. Such standards of safety shall be posted in every official inspection station. Every motor vehicle inspected shall be required to conform in all respects to the standards of safety established pursuant to this Section.

(b) The Department shall furnish to inspection stations certificates of inspection, serially numbered, each of which shall, when issued, bear the serial number or the identification number of the vehicle for which issued and shall be countersigned by the inspector who made the inspection, and shall bear the true date of issuance, and such certificates of inspection shall be invalid after the end of the twelfth month following the month in which the vehicle was last inspected, approved and certificate of inspection issued. A certificate of inspection and approval for any motor vehicle shall be pasted in the lower left-hand corner of the windshield of such motor vehicle. A certificate of inspection and approval issued on a vehicle other than a motor vehicle shall be attached to or produced for such vehicle as the Department may require.

Application to non-residents, unlicensed drivers; unregistered motor vehicles and accidents in other states

Sec. 8.

* * * * *

(c) Upon receipt of certification by the Department that the operating privilege of a Texas resident has been suspended or revoked in another state pursuant to a law providing for its suspension or revocation for failure to deposit security for the payment of judgments arising out of a motor vehicle accident or for failure to file proof of financial responsibility, the Department shall contact the official who issued the certification and request information pertaining to the specific nature of the Texas resident's noncompliance. If the alleged noncompliance is based on the failure of the Texas resident's insurance company or surety company to obtain authorization to write motor vehicle liability insurance in the other state and for failure of the insurance or surety company to execute a power of attorney directing the appropriate official in the other state to accept service on its behalf of notice or process in any action upon the policy arising out of the accident, then the Department shall not suspend the Texas resident's license and other registrations. If the evidence shows that the Texas resident's operating privilege was suspended in the other state for any other violation of another state's laws providing for suspension or revocation for failure to deposit security for the payment of judgments arising out of motor vehicle accidents or for failure to file proof of financial responsibility, under circumstances that would require the Department to suspend a nonresident's operating privilege had the accident occurred in this state, then the Department shall suspend the Texas resident's license and registrations. The suspension shall continue until the resident furnishes evidence of his compliance with the law of the other state relating to the deposit of security and proof of financial responsibility.

See, now, art. 7258b.

Art. 7258b. Tax certificate; cancellation certificate; evidence

Section 1. The tax collector or his deputy of any county in this state, or of any city or political subdivision or tax assessing district within any such county shall, upon request, issue a certificate showing the amount of taxes, interest, penalty and costs due, if any, on the property described in said certificate. This certificate shall contain a certification by the tax collector that he has checked each delinquent tax report, supplemental delinquent tax record and recompiled delinquent tax report from the last tax cancellation date, or to the extent of his records, up to and including the records in present use. A charge of not to exceed \$2 may be made for each such certificate issued.

Sec. 2. (a) When any such certificate so issued shows all taxes, interest, penalty and costs on the property therein described to be paid in full to and including the year therein stated, the said certificate shall be conclusive evidence of the full payment of all taxes, interest, penalty, and costs due on the property described in said certificate for all years to and including the year stated therein. Said certificate showing all taxes paid shall be admissible in evidence on the trial of any case involving taxes for any year or years covered by such certificate, and the introduction of the same shall be conclusive proof of the payment in full of all taxes, interest, penalty, and costs covered by the same.

This cancellation certificate plus a copy of the tax certificate and an affidavit stating that an error was made and that no fraud or collusion existed shall be submitted to the commissioners court. Thereafter, this cancellation certificate shall be conclusive proof for all purposes that neither the land nor the present owner is liable for the delinquent taxes, interest, penalty, and costs.

Sec. 4. If either a tax certificate or a cancellation certificate is issued or secured through fraud or collusion, the same shall be void and of no force and effect, and any such tax collector or his deputy shall be liable on his official bond for any loss resulting to any such county or city or political subdivision or tax assessing district or the State of Texas, through the fraudulent or collusive or negligent issuance of any such certificate.

Sec. 5. If any provision of this Act or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions or applications of the Act which can be given effect without the invalid provision or application, and to this end the provisions of this Act are declared to be severable.

Sec. 6. This Act does not apply to litigation pending as of the effective date of this Act.

Proration of taxes on the current year shall be based on the tax for the preceding year, unless the tax for the current year shall have been by then determined and set, in which event the proration shall be based on the new assessment and rate, and such proration made to the date on which judgment is given.

The Comptroller shall not make public or use said information derived in the course of said examination of said books, records and papers and/or officers or employees except for the purpose of a judicial proceeding for the collection of delinquent taxes in which the State of Texas is a party. "Section 1. (a) Article 7 of this Act takes effect for the franchise tax year beginning May 1, 1970.

"(b) All other Articles of this Act take effect October 1, 1969.

"Sec. 2. If any provision of this Act or the application thereof to any person or circumstances is held invalid, such invalidity shall not affect other provisions or applications of the Act which can be given

Art. 1.07 Lien and Recording; Failure to Withhold Taxes; Penalties; Fines, etc., Cumulative

(1) (a) In Articles 1.07 and 1.07A, "person" means any individual, firm, copartnership, agency, joint venture, associations, social club, fraternal organization, corporation, estate, trust, business trust, receiver, assignee for the benefit of creditors, trustee, trustee in bankruptcy, syndicate, cooperative, assignee, any entity, or any other group or combination acting as a unit, and their successors, assigns, administrators, executors, and representatives.

(b) All taxes, fines, penalties and interest due by any person to the State of Texas by virtue of this Title shall be secured by a lien upon all property of the person owing the taxes subject to execution, owned at the time the lien attaches. As to the person liable for such taxes the lien shall attach to all of his property as of the date the tax is due and payable.

(c) No lien provided for by Title 122A shall be effective as against any bona fide mortgagee, holder of a deed of trust, purchaser or judgment creditor or any other person who for a bona fide consideration has acquired a lien, title or other right or interest in any real estate or personal property of the taxpayer prior to the filing, recording and indexing of such lien in the county where real estate is situated, and for personal property, in the county of the residence of the taxpayer at the time that said tax became due and payable or in the county in which said taxpayer filed his report.

(d) The liens provided for in Articles 1.07, 1.07A and 1.07B are cumulative and in addition to all other liens for taxes, fines, penalties and interests now provided by law.

(e) (i) The Comptroller shall prepare, issue and cause to be filed the notices herein provided for. The notice shall state the name and address of the taxpayer, the taxable periods of time for which the tax or taxes are claimed to be delinquent and the amount of tax only, exclusive of penalty, interest and any other charge, due for each period, and the nature of the tax or taxes, and such other relevant statements as the Comptroller may deem proper.

One notice shall be sufficient to cover all taxes of the same nature which may accrue subsequently to the filing of the notice.

(ii) The Comptroller or his authorized representative may execute, authenticate, certify or sign or cause to be executed, authenticated, certified or signed any notice of lien, release, and all other instruments authorized by this Act to be executed by him or under his direction with his facsimile signature and seal in lieu of his manual signature and his seal and acknowledgment.

(f) (i) The lien shall not be valid or effective as against a bona fide purchaser for value of goods, wares or merchandise daily exposed for sale in the regular course of business and which have been purchased and taken into possession, actual or constructive, prior to the time the goods, wares or merchandise have been taken into legal custody by virtue of a valid legal writ or other lawful process.

(ii) No bank or savings and loan institution shall be required to recognize the claim of the State to any deposit or withhold payment of any deposit to the depositor or to his order unless and until it is served by the Comptroller with notice of the State's claim. Notice shall be served by certified mail to the bank or institution or by written notice served personally upon its president, any vice-president, cashier or any assistant cashier.

(g) (i) Any transfer of property or an interest in property within six (6) months immediately preceding the filing of the notice of liens provided for by this Article (a) by any person who is delinquent in the payment of any tax provided for by this Title; or (b) by any person who is insolvent at the time of such transfer and has received, collected

or withheld money as a tax under the provisions of this Title; shall be deemed a preferential transfer and voidable by the Comptroller if such transfer (1) is with intent to defraud the State and (2) is without adequate and sufficient consideration. The Comptroller shall have the right to recover by suit brought by the Attorney General in Travis County, Texas, the property so transferred or the value of such property. This section is cumulative and in addition to any rights accruing to the Comptroller as a creditor under the general laws of this State.

(ii) All property of such preferential transferee subject to execution shall be subject to a prior lien in favor of the State to secure recovery of the amount of the preferential transfer.

(h) (i) Any person may voluntarily pay to the Comptroller the tax, fines, penalties and interest due under any provision of this Title by any other person for any one or more periods of time for which they may be due, and any judgment for such taxes, and may receive from the Comptroller of Public Accounts an assignment of all of the rights, liens, judgments, and remedies of the State to secure and enforce payment thereof, and shall be fully subrogated to and succeed to all such rights, liens, judgments, and remedies of the State. At least 30 days before such assignment can be made, the delinquent taxpayer must be notified by certified mail addressed to the taxpayer at his last known address of the pending assignment as it appears in the Comptroller's records.

(ii) Venue for enforcement by any person other than the State of such an assigned claim and judgment shall be governed by the general law of venue rather than by the special venue provisions of this Title.

(iii) The rights, liens, remedies, and judgments originally assigned by the Comptroller may be reassigned by any subsequent holder thereof, and each subsequent assignment, unless expressly limited in writing, shall pass to the assignee all of the original rights, liens, remedies, and judgments of the State to secure and enforce payment of such claim, if notice required above in (i) has been given or complied with.

(iv) All transfers and assignments heretofore made by the Comptroller of rights, liens, judgments, and remedies of the State to any person who may have paid any tax due by another under this Title are hereby fully validated and confirmed, and such transferees and their assignees are fully subrogated to and succeed to all rights of the State to enforce collection of the taxes paid, subject to the provisions of this Subdivision.

(v) Any person to whom an assignment of state tax lien has been made may have his assignment recorded in the State Tax Lien Record Book as above provided in paragraph (e), Section 1 in the Office of the County Clerk and indexed to show the name of the assignor and assignee and the date of such assignment.

(i) All sums due by any employing unit to the Texas Employment Commission under the Texas Unemployment Compensation Act shall become a lien on all the property both real and personal belonging to such employing unit or to any individual so indebted. The lien shall attach at the time any contributions, penalties, interest, or other charges become delinquent. The provisions of Articles 1.07, 1.07A, and 1.07B of this Chapter govern the enforcement of this lien. The Texas Employment Commission has all the duties imposed, and the power and authority in administering and enforcing the lien created by this Subdivision (i) that is conferred on the Comptroller for the enforcement of other liens under Articles 1.07, 1.07A, and 1.07B of this Chapter. This lien is cumulative of the lien provided in the Texas Unemployment Compensation Act and that lien is effective according to its terms.

Subd. 1 amended by Acts 1969, 61st Leg., p. 2337, ch. 792, § 1, eff. Jan. 1, 1970.

For Annotations and Historical Notes, see V.A.T.S.

(2) Any person purchasing any natural resources upon which a tax is levied by this Title who fails to deduct and withhold the proper amount of taxes which are due and unpaid under any provision of this Title, and any person who has received or collected any tax or any money represented to be a tax from another shall be liable to the State for the full amount of such taxes plus any accrued penalties and interest thereon.

Subd. 2 amended by Acts 1969, 61st Leg., p. 2337, ch. 792, § 2, eff. Jan. 1, 1970.

"Sec. 6. All taxes, fines, penalties and interest which may have become delinquent and due under the provisions of Article XXI, Chapter 184, Acts of the 47th Legislature, Regular Session, 1941 (Article 7083b, Vernon's Texas Civil Statutes), at the effective date of this Act shall be secured by and collected under its terms and all liens, rights, and remedies granted by Article

XXI are hereby preserved as to such delinquent claims only.

"Sec. 7. This Act takes effect on January 1, 1970.

"Sec. 8. All laws or parts of laws in conflict with the provisions of this Act are hereby repealed; and, in case of such conflict, the provisions of this Act shall control and be effective. Art. 1.07A Recording State Tax Liens

(1) (a) Each county clerk shall, at the expense of the county, provide a suitable well-bound book, to be called "State Tax Liens" in which he shall record the notices of state tax liens filed with him by the Comptroller.

(b) Upon receipt of the notices he shall promptly note on each the date and hour of the filing thereof.

(c) He shall promptly index each notice in an alphabetical index provided for that purpose which shall show the name of each person liable for the tax and the book and page number of the notice.

(d) The notice filed by the Comptroller with the clerk shall be recorded in the "State Tax Liens" book, and constitutes the record thereof.

(e) The clerk shall furnish to the Comptroller on a form as prescribed by the Comptroller notice that such lien has been received noting that tax lien was filed and recorded, the time and the date thereof, the volume and page number of the record of each notice.

(2) (a) (i) Payment in whole or in part of any tax secured by a state tax lien may be evidenced by a receipt, acknowledgment, or release signed by an authorized representative of the state agency that filed the lien.

(ii) The release shall be filed in the Office of the County Clerk in the manner as other releases and the County Clerk shall receive the customary fee therefor, at no expense to the State of Texas. Whereupon the clerk shall release the lien filed with him in accordance with the rules and regulations of his office.

(iii) This payment to the clerk constitutes his full fee for the filing and indexing the release of the lien notice.

(iv) The Comptroller shall furnish to the State Highway Department release of any tax liens filed by him with that department.

(3) Release in whole or in part by any assignee of the State's claim for taxes and of its tax lien and of any judgment for such taxes secured by such lien may be filed and recorded with the county clerk for the same fee and in the same manner as releases by the Comptroller or other state agency which may file notice of its lien in the state tax liens records.

(4) The Comptroller upon approval of the Attorney General may release the state's tax lien upon any specific property upon payment to

him of the reasonable cash market value of the property, whether real or personal. The value shall be ascertained in the manner prescribed by the Comptroller.

Sections 1 and 2 of the act of 1969 amended Art. 1.07. Section 4 amended Art. 1.07B. See, also, Historical Notes under Art. 1.07.

Art. 1.07B Status of Tax Liens

(1) The lien on both personal property and real estate shall continue until the taxes secured by it are paid.

(2) The lien shall be either perpetuated and foreclosed or nullified in the judgment in any action to determine its validity. If the lien is perpetuated and foreclosed no further action or notice relevant to the judgment is necessary and the notice or notices of state tax lien already on record continue. If the lien is nullified to any extent by the judgment, then a certified copy of the judgment may be filed with the recorder where the notice of lien is filed and be recorded in the same manner as a release by the Comptroller. Nothing herein shall be construed to require that the liens provided for by this Title must be foreclosed by a judgment of a court, but any authority for collection of any taxes due under this Title which may be provided by law is expressly recognized as a cumulative remedy.

(3) Execution, order of sale and other process for its enforcement may be issued on the judgment at any time.

(4) Judgments perpetuating and foreclosing tax liens may be transferred and assigned for the amount of the taxes covered. They may also be reassigned by any subsequent holder. The transfer shall be filed, recorded, and the judgment released in the same manner as liens before judgment. The assignee shall be fully subrogated to and succeed to all rights, liens, and remedies of the State, providing proper notice as above required in Section 1(1) (h) (i).

(c) In all cases in which the Comptroller determines that any tax due under this Title is insecure he shall require of any taxpayer that is delinquent in one or more tax remittances a cash deposit, a good and sufficient surety bond or other security as a condition for said taxpayer to continue in business and/or obtain or retain any permit issued pursuant to any provisions of this Title. The existence, nonexistence, availability or unavailability of the original shall not affect the admissibility of the reproduction; provided that the original or other competent evidence is admissible in evidence to show the incorrectness of the reproduction or any information reflected thereon.

Amended by Acts 1969, 61st Leg., p. 1407, ch. 427, § 1, eff. Sept. 1, 1969.

Art. 10.03 Levy of Tax

(1) There shall be and is hereby levied and imposed (except as hereinafter provided) upon the first sale, distribution, or use of diesel fuel in this State an excise tax of Six and Five-Tenths Cents (6.5¢) per gallon, or fractional part thereof so sold, distributed or used in this State. Upon each subsequent sale or distribution of diesel fuel for the propulsion of motor vehicles upon the public highways, on which the tax has been collected, the said tax shall be added to the selling price so that such tax is paid ultimately by the person using or consuming said diesel fuel for the propulsion of motor vehicles upon the public highways of this State.

(2) Provided, however, that in lieu of the tax rate specified and levied hereinabove an excise tax shall be and is hereby levied and imposed at six cents (6¢) per gallon of diesel fuel used for the propulsion of buses owned by a transit company (a) the greater portion of whose business is the transportation of persons within the limits of an incorporated city or town in conveyances designed to transport twelve (12) or more passengers; (b) which holds a franchise from such city or town; (c) whose rates are regulated by such city or town; and (d) which pays to such city or town a tax on its gross receipts, or which is a municipally owned and/or operated transit company.

(3) Every supplier shall collect and remit the tax, except as hereinafter provided to the contrary, upon each gallon of diesel fuel sold or distributed by him to dealers, users and unlicensed suppliers, and upon each gallon of diesel fuel delivered into the fuel supply tanks of motor vehicles not operated by him, and shall pay the tax upon each gallon of diesel fuel delivered into the fuel supply tanks of motor vehicles owned or operated by him. Upon each first sale or distribution of diesel fuel to a dealer for resale and delivery into motor vehicles, the tax shall be collected and remitted to this State on the gross or volumetric gallons of diesel fuel delivered to said dealer as shown by the Comptroller's measure-

ment certificate issued for the vehicle tank making such delivery, or as shown by any other measuring device approved by the Comptroller for measuring bulk deliveries of diesel fuel to the storage facilities of dealers or service stations. It is further provided that when diesel fuel is delivered into the storage facilities of dealers or service stations by consignment or otherwise, the tax on the first sale or distribution of said diesel fuel shall be computed and paid to this State by the supplier upon the gross gallons delivered to such storage facilities as shown by the Comptroller's measurement certificate or other measuring device described above.

It is expressly provided, however, that distributions of diesel fuel may be made without collecting the tax otherwise imposed, (a) when such distributions are made by a licensed supplier to other suppliers holding valid permits, or to bonded users who have secured from the Comptroller and then and there hold valid permits authorizing them to purchase tax free diesel fuel which is predominantly for use off the public highways of this State, or (b) when deliveries are made by a licensed supplier into a storage facility of a service station from which diesel fuel will be resold and delivered to purchasers for exclusive non-highway use and not otherwise, providing such storage facility is maintained separate and apart from facilities servicing fuel supply tanks of motor vehicles and is prominently labeled "NOT FOR HIGHWAY USE" in a manner to be prescribed by the Comptroller, and in plain view of the public to indicate that non-tax paid products are contained therein, or (c) when deliveries are made into fuel supply tanks of railway engines, aircraft, boats, or vehicle refrigeration units powered by separate motors from separate fuel tanks, on invoices showing the vehicle unit or highway license number and other information required by Article 10.12 of this Subchapter, or (d) when deliveries of kerosene having a flash point of not lower than 115 degrees Fahrenheit, are made by a licensed supplier into a storage facility maintained by a store or mercantile establishment, or a gasoline retail station which does not sell or handle other diesel fuel, for the storage of said kerosene for resale at retail to purchasers for illuminating, heating, cooking, and similar non-highway consumption and not otherwise, and providing such storage facility is prominently labeled as kerosene, or (e) when the purchaser furnishes the seller a signed statement that none of the diesel fuel purchased in this State will be delivered by him or permitted by him to be delivered into fuel supply tanks of motor vehicles.

Except as otherwise prescribed by rule and regulation of the Comptroller, such statement when furnished to a licensed supplier shall remain in effect as long as said licensed supplier continues to sell and distribute diesel fuel to said purchaser, unless the statement is revoked in writing by the purchaser or supplier, or unless notification of a change in the status of the purchaser has been furnished the supplier by the Comptroller.

A taxable use of any part of the diesel fuel purchased pursuant to the above statement shall, in addition to the penal provisions otherwise provided by law, forfeit the right of said person to purchase diesel fuel tax free for a period of one (1) year from the date of the offense. Such person, may, however, file claim for refund of the tax paid on any diesel fuel used for non-highway purposes under the refund provisions of Article 10.14 of this Subchapter.

(4) Every dealer shall collect the tax, at the rate imposed, on each gallon of diesel fuel delivered by him into the fuel supply tanks of motor vehicles and shall report and pay to this State any tax so collected, which has not been paid to a licensed supplier.

(5) Every user shall report and pay to this State the tax at the rate imposed, on each gallon of diesel fuel delivered by him into the fuel supply tanks of motor vehicles, unless said tax has been paid to a licensed supplier. Every user shall also report and pay the tax, at the rate imposed,

For Annotations and Historical Notes, see V.A.T.S.

on each gallon of diesel fuel imported into this State in the fuel supply tanks of motor vehicles owned or operated by him and consumed in the operation of such motor vehicles upon the public highways of this State. No permits shall be required and no tax shall be paid on diesel fuel imported in the fuel supply tanks of a motor vehicle when the fuel supply tanks, and any additional containers, have an aggregate capacity of not more than thirty (30) gallons, and if said motor vehicle is not operated by said user for hire, or compensation, or for commercial purposes.

(6) The tax on one and one-half percent ($1\frac{1}{2}\%$) of the taxable gallons of diesel fuel sold or distributed in this State shall be allocated to the persons selling, distributing or handling diesel fuel in this State which allocation or allowance shall be deducted by the supplier in the payment to the State of Texas of the taxes herein levied and shall be apportioned among all persons selling, distributing and handling diesel fuel in this State as follows:

I. One percent (1%) to the supplier making the first taxable sale or delivery of such diesel fuel to dealers and users and paying the tax levied hereunder to the State of Texas for the expense of collecting, accounting for, reporting and remitting the taxes collected and keeping records.

II. One-half of one percent ($\frac{1}{2}$ of 1%) of the taxable gallons to dealers, service station operators or consignors to cover evaporation and handling losses sustained by such dealers, service station operators or consignors from the time the diesel fuel is delivered to their storage facilities until it is sold and delivered into fuel supply tanks of motor vehicles.

Any user who holds a valid bonded user's permit to report and pay taxes directly to this State on diesel fuel used in the propulsion of motor vehicles upon the public highways of this State shall be entitled to deduct one-half of one percent ($\frac{1}{2}$ of 1%) of the taxable gallons upon payment of the taxes to this State by him.

Any person who performs more than one (1) of the functions or activities referred to above (supplier or dealer), shall be entitled to the apportionment or allowance for each such function or activity, subject to the limitations prescribed for each such function or activity, and provided that the aggregate allowance shall never exceed one and one-half percent ($1\frac{1}{2}\%$).

(7) No city, town, county, or other political subdivision of this State shall levy or collect any excise tax on the sale or use of diesel fuel.

Amended by Acts 1969, 61st Leg., p. 1407, ch. 427, § 1, eff. Sept. 1, 1969.

Art. 10.04 Dual Carburetion—Presumption of Use

Any person who operates a motor vehicle that is equipped to use diesel fuel and motor fuel or liquefied gas interchangeably in the propulsion of said motor vehicle shall be prima facie presumed to have used taxable diesel fuel exclusively in the operation of said motor vehicle, unless proof of the amount of motor fuel or liquefied gas used is maintained.

Amended by Acts 1969, 61st Leg., p. 1407, ch. 427, § 1, eff. Sept. 1, 1969.

Art. 10.05 Unlawful Operations of Motor Vehicles

(1) It is unlawful to transport diesel fuel in any cargo tank from which diesel fuel is sold or delivered which has a connection by pipe, tube, valve, or otherwise with the fuel injector or with the fuel supply tank feeding the fuel injector of the motor vehicle transporting said products.

(2) It is unlawful to operate with diesel fuel any motor vehicle licensed for operation upon the public highway on which a speedometer is not kept at all times in good operating condition to measure and regis-

ter correctly the miles traveled by such motor vehicle; it is provided, however, that any device other than a speedometer which measures and registers correctly the miles traveled may be used on motor vehicles of motor carriers operating under the provisions of the Motor Carrier Act¹ provided the mileage recorded on such device is inserted in lieu of the speedometer reading on each invoice covering diesel fuel delivered into the fuel supply tanks of such motor vehicles.

Art. 10.06 Unlawful Sales

Except in the case of tax free sales or distributions of diesel fuel authorized by subdivisions (b), (c) and (d) of Article 10.03(3) of this Subchapter, it is unlawful to make bulk sales of diesel fuel tax free to any person who (1) is not licensed as a supplier, or (2) is not licensed as a user of diesel fuel, or (3) does not furnish to the seller the signed statement prescribed in subdivision (e) of said Article 10.03(3).

As a means of determining the validity of a supplier's or user's permit to purchase diesel fuel tax free, the selling supplier, or an employee or representative thereof, shall examine the permit or photocopy thereof, showing the name of the permit holder, the kind of permit, the permit number, and the period it covers.

Amended by Acts 1969, 61st Leg., p. 1407, ch. 427, § 1, eff. Sept. 1, 1969.

Art. 10.07 Tax Liability on Leased Motor Vehicles

(1) Except as otherwise provided in this Article, every user or import-user shall be liable for the tax on diesel fuel imported into this State in fuel supply tanks of motor vehicles leased to him and used on the Texas highways to the same extent and in the same manner as diesel fuel imported in his own motor vehicles and used on the public highways of Texas.

(2) Provided, however, a lessor who is engaged regularly in the business of leasing for compensation motor vehicles and equipment he owns without drivers to carriers or other lessees for interstate operation, may be deemed to be the user or import-user when he supplies or pays for the diesel fuel consumed in such vehicles, and such lessor may be issued a permit as an import-user when application and bond have been properly filed with and approved by the Comptroller for such permit.

Any lessee may exclude motor vehicles of which he is lessee from his reports and liabilities pursuant to this Subchapter, but only if the motor vehicles in question have been leased from a lessor holding a valid permit as a bonded import-user for the calendar year.

(3) Every such lessor shall file with his application for a bonded import-user's permit one copy of the form lease or service contract he enters into with the various lessees of his motor vehicles. When the import-user permit has been secured, such lessor shall make and assign to each motor vehicle he leases for interstate operation a photocopy of such permit to be carried in the cab compartment of said motor vehicle, and on which shall be typed or printed on the back the unit or motor number of the motor vehicle to which it is assigned, and the name of the lessee. Such lessor shall be responsible for the proper use of such photocopy of said permit issued and its return to him with the motor vehicle to which it is assigned.

Amended by Acts 1969, 61st Leg., p. 1407, ch. 427, § 1, eff. Sept. 1, 1969.

Art. 10.08 Tax Computation on Mileage Basis

(1) In the event the tax on diesel fuel imported into this State in the fuel supply tanks of motor vehicles for taxable use on the Texas public highways can be more accurately determined on a mileage basis the Comptroller is authorized to approve and adopt such basis. When an import-

For Annotations and Historical Notes, see V.A.T.S.

user imports diesel fuel into or exports diesel fuel from the State of Texas in the fuel supply tanks of motor vehicles, the amount of diesel fuel consumed in such vehicles on the Texas public highways shall be deemed to be such proportion of the total amount of such diesel fuel consumed in his entire operations within and without this State as the total number of miles traveled on the public highways within this State bears to the total number of miles traveled within and without the State. The Comptroller may also adopt such mileage basis for determining the taxable use of diesel fuel used in motor vehicles which travel regularly over prescribed courses on and off the public highways within the State of Texas.

(2) In the absence of records showing the number of miles actually operated per gallon of diesel fuel consumed, it shall be prima facie presumed that not less than one (1) gallon of diesel fuel was consumed for every four (4) miles traveled.

Amended by Acts 1969, 61st Leg., p. 1407, ch. 427, § 1, eff. Sept. 1, 1969.

Art. 10.09 Application for Permits

Every person defined herein as a supplier or import-user, or as a user whose purchases of special fuels are predominantly for non-highway consumption, shall secure from the Comptroller the kind and class of permit required herein to act in such capacities or to perform such functions. Application shall be filed with the Comptroller for any such permit on a form prescribed by the Comptroller, showing the kind and class of permit desired, and such information as the Comptroller may require.

(2) Any carrier operating motor vehicles into this State for commercial purposes may make application for a trip permit which shall be good for a period of not more than twenty (20) consecutive days beginning and ending on the dates specified on the face of the permit issued. A fee for such trip permits shall be required which shall be in an amount equivalent to the tax payable on the quantity of diesel fuel that could be imported in the fuel supply tanks of such motor vehicles, but never less than Five Dollars (\$5). Such fees shall be in lieu of the use tax otherwise assessable against the permit holder for importing and using diesel fuel in motor vehicles on the public highways of this State, and no reports of mileage shall be required with respect to such vehicles. All such fees collected by the Comptroller shall be allocated to the same funds to which the diesel fuel taxes collected hereunder are allocated.

The above trip-permits may be issued in lieu of annual import-user permits if the applicant therefor does not operate motor vehicles into or from the State of Texas more than three (3) times during any calendar year.

Amended by Acts 1969, 61st Leg., p. 1407, ch. 427, § 1, eff. Sept. 1, 1969.

Art. 10.10 Bonds

(1) Every person who is authorized by permit or required by law to make remittances or payments directly to this State of taxes collected upon the sale, distribution or use of diesel fuel shall file with his application for permit a bond in an amount to be set by the Comptroller at not less than two (2) times the amount of taxes that will accrue or may be expected to accrue during any month of the calendar year, but which bond shall never be less than One Thousand Dollars (\$1,000) if filed by a supplier nor less than Five Hundred Dollars (\$500) if filed by a user.

Every such bond shall be executed by a surety company authorized to do business in this State, payable to the State of Texas, and shall remain in force from the date it is made effective to the end of the calendar year, unless released by the Comptroller as herein provided. Such

bond shall be conditioned upon the full, complete, and faithful performance by the person for whom it is issued of all of the conditions and requirements imposed on said person by this Subchapter, or by rules and regulations promulgated by the Comptroller, and shall expressly guarantee the remittance or payment to the State of Texas within the time prescribed by law of all taxes, penalties, interest, and costs required herein to be remitted or paid to this State by said person. Any such bond which is continuous in form may be continued in effect for a succeeding calendar year by a renewal certificate, which certificate shall have all the force and effect of an original bond.

(2) If the amount of any existing bond becomes insufficient, or any surety on a bond becomes unsatisfactory or unacceptable, the Comptroller may require the filing of a new or an additional bond. The Comptroller shall also have authority to require the filing of reports and tax remittances at shorter intervals than one month if, in his opinion, an existing bond has become insufficient. If any supplier or user licensed hereunder shall fail or refuse to file a new or an additional bond within ten (10) days after demand or shall fail or refuse to file reports and remit or pay taxes at the intervals fixed by the Comptroller his permit shall be revoked or suspended in the manner herein provided. The filing of a new bond, or the cancellation or suspension of a permit, or recoveries on any bond, shall not invalidate an existing bond, but any surety on a bond shall be released and discharged from any and all liability accruing under such bond after the expiration of thirty (30) days from the date such surety has filed with the Comptroller at his Office in Austin, Travis County, Texas, written request to be released and discharged. Such request shall not operate to release or discharge such surety from liabilities incurred prior to the expiration of said thirty-day period. The Comptroller shall, upon receipt of any such request, promptly notify the person in whose behalf such bond was filed, and unless said person shall file with the Comptroller a new bond in the amount and form herein provided within fifteen (15) days from the date of such notice, the Comptroller shall proceed to cancel the permit of such person.

(3) Any person who has filed with the Comptroller a bond as a motor fuel distributor under the terms and conditions provided in the Motor Fuel Tax Law, Chapter 9, Article 9.07 of this Title, may extend the terms and conditions of said distributor's bond, by rider or bond form approved by the Comptroller, to include coverage of all liabilities and conditions imposed by this Subchapter upon the supplier or to the user to whom said extension is made applicable. The amount of any new bond that may be required of a supplier or user shall not exceed the maximum amount provided by said motor fuel tax law for a motor fuel distributor's permit.

(4) Any applicant for a permit may, in lieu of filing a surety bond, deposit cash in the amount of bond required in the Suspense Account of the State Treasury, or may deposit securities of a par value equal to the amount of bond required and of a class in which funds of the University of Texas may be legally invested.

Such cash or securities shall be released within sixty (60) days after cancellation or surrender of any permit held by the person in whose behalf they were deposited when said permit holder has been cleared of all tax liability by the Comptroller.

The Comptroller is hereby authorized and empowered to withdraw and use any such cash and to sell any such securities and use the proceeds therefrom to pay off and satisfy any judgment secured in any action by this State to recover diesel fuel taxes, costs, penalties, and interest found to be due this State by any person in whose behalf such cash or such securities were deposited. Any such person may acknowledge in writing the correctness of the State's claim against him for taxes,

For Annotations and Historical Notes, see V.A.T.S.

costs, penalties and interest and may authorize the use of said cash or the proceeds from the sale of such securities to pay on or pay off the claim without having suit filed.

Amended by Acts 1969, 61st Leg., p. 1407, ch. 427, § 1, eff. Sept. 1, 1969.

Art. 10.11 Permits

(1) Upon approval of an application and approval of the bond required, the Comptroller shall issue to the applicant a permit authorizing him to engage in the kind of business or other operations or to perform the functions set out in and authorized by the class of permit so issued. The permits shall be issued for each calendar year, or any unexpired part of a year, and shall be effective from the date of issue to the end of such calendar year, unless revoked or suspended for cause, as hereinafter provided. Such permits shall be of the kinds and classifications as set out hereinbelow:

A. BONDED SUPPLIER PERMITS.

Authorizing persons to engage in business as suppliers of diesel fuel to dealers, users, and to other authorized purchasers of diesel fuel.

B. BONDED USER PERMITS.

Authorizing users whose purchases of diesel fuel are predominantly for non-highway use by them to purchase diesel fuel tax free from their suppliers and to report and pay taxes to this State on the part of such diesel fuel which is delivered into the fuel supply tanks of motor vehicles by them.

C. BONDED IMPORT USER PERMITS.

Authorizing users to import or bring diesel fuel into this State in the fuel supply tanks of motor vehicles owned or operated by them, and to report and pay the tax due thereon to this State, and to claim credit or a refund of the tax paid on diesel fuel which is thereafter used in other States.

Nothing herein shall be construed as permitting any tax free sale or delivery of diesel fuel to an import-user, or of permitting any sale and delivery of diesel fuel directly into the fuel supply tanks of a motor vehicle without collecting the tax thereon from the purchaser of such diesel fuel.

The Comptroller shall determine from the information shown in the application or other investigation the kind and class of permit to be issued.

A supplier may operate under his supplier's permit as a user without securing a separate permit but he shall be subject to all other conditions, requirements, and liabilities imposed by Subchapter A upon a user. A dealer may use diesel fuel in motor vehicles owned or operated by him without securing a permit as a user, subject to all other conditions, requirements, and liabilities imposed herein upon a user.

All permits shall be posted in a conspicuous place or kept available for inspection at the principal place of business of the owner thereof. Permit holders shall reproduce the permit by photostat or other method and keep a copy on display for ready inspection at each additional place of business or other place of storage from which diesel fuel is sold, distributed or used and in each motor vehicle used by the permit holder to transport diesel fuel purchased by him for resale, distribution or use. Persons holding import-user permits shall reproduce the permit and carry a photocopy thereof with each motor vehicle being operated into or from the State of Texas.

(2) The Comptroller or any authorized representative of the Comptroller, is hereby authorized to cancel or to suspend any permit issued under the terms of this Subchapter or to refuse the issuance, extension, or reinstatement of any permit to any person who has violated, or has failed to comply with, any rule and regulation of the Comptroller or any provision of this Chapter. Before any such permit may be cancelled or

suspended, or the issuance, or extension, or reinstatement of any such permit may be refused, the Comptroller shall give the owner of such permit, or applicant therefor, not less than five (5) days notice of a hearing at the Office of the Comptroller in Austin, Travis County, Texas, or at any district office maintained by the Comptroller's Department, granting said owner or applicant an opportunity to show cause before the Comptroller, or his authorized representative, why such action should not be taken. Such notice shall be in writing and may be mailed by certified or registered mail to said owner or applicant at his last known address or may be delivered by a representative of the Comptroller to the owner or applicant, and no other notice shall be required. The Comptroller may prescribe his own rules of procedure and evidence for such hearings.

If, after said hearing or opportunity to be heard, the permit is cancelled, as above provided, all taxes which have been collected or required to be collected upon the sale, distribution or use of diesel fuel shall ipso facto become delinquent, and the permit holder shall forthwith file a report for any period not covered by preceding reports filed by him to the date of cancellation and shall remit and pay to the State of Texas all taxes which have been collected or required to be collected and which have accrued from the sale, distribution or use of diesel fuel up to and including the date of cancellation. A new permit shall not be issued to any person who is delinquent in the payment of taxes, penalties or interest.

After being given notice of any such order of cancellation, it shall be unlawful for any person to continue to operate his business under a cancelled permit.

An appeal from any order of the Comptroller, or his authorized representative, cancelling, suspending or refusing the issuance, extension or reinstatement of any permit may be taken to the District Court of Travis County, Texas, by the aggrieved permit holder or applicant. The trial shall be de novo under the same rules as ordinary civil suits with the following exceptions, which shall be considered literally, viz: (1) all appeals shall be perfected and filed within thirty (30) days after the effective date of the order, decision or ruling of the Comptroller, or his authorized representative; (2) such proceedings shall have precedence over all other causes of a different nature; (3) trial of all such cases shall commence within ten (10) days from the filing thereof; (4) the order, decision, or ruling of the Comptroller or his authorized representative, may be suspended or modified by the Court pending a trial on the merits.

Amended by Acts 1969, 61st Leg., p. 1407, ch. 427, § 1, eff. Sept. 1, 1969.

Art. 10.12 Records Required

(1) Every supplier, dealer, or user, whether or not required by the provisions of this Subchapter to secure a permit to sell, deliver, or use diesel fuel shall keep for a period of two (2) years open to inspection at all times by the Comptroller or Attorney General, or their authorized representatives, a complete record of all diesel fuel purchased or received and all of such products sold, distributed, or used by them showing the date of each receipt, the name and address of the person from whom purchased or received, the number of gallons received at each place of business or place of storage in Texas, and showing the date of each sale or distribution, the number of gallons sold, or distributed, for taxable purposes, and the number of gallons sold or distributed for any purpose not subject to the tax imposed herein, and if sold in bulk quantities the name and address of the purchaser, and showing inventories of diesel fuel on hand at each place of business at the end of each month.

(2) Each bulk sale and delivery of diesel fuel shall be covered by an invoice with the name and address of the supplier or dealer and a serial

For Annotations and Historical Notes, see V.A.T.S.

number printed thereon, showing the complete information set out hereinabove for each such sale, one counterpart of which shall be delivered to the purchaser and another counterpart kept by the supplier or dealer for the period of time and purposes above provided. Every delivery of diesel fuel into the fuel supply tank of a motor vehicle shall be recorded upon a serially numbered invoice issued in not less than duplicate on which shall be printed, or stamped with a rubber stamp, the name and address of the supplier, dealer, or user making such delivery and on which shall be shown the name and address or credit card identification of the purchaser, the date of delivery, the number of gallons of diesel fuel so delivered, the total mileage recorded on the speedometer of the motor vehicle into which delivered, and the State highway license or unit number of said motor vehicle. The invoice shall be signed by the driver.

The invoice required above must be demanded by every person purchasing and receiving a delivery of diesel fuel into the fuel supply tank of a motor vehicle in Texas at the time of such delivery and such person shall carry the invoice with the vehicle until the fuel covered by same is consumed. The invoice shall show the tax rate or amount of tax paid or accounted for.

Every supplier, dealer or user making such sales or distribution of diesel fuel and every person so receiving and purchasing diesel fuel must each retain one copy of each such invoice as part of his permanent records for the time and purposes above provided.

(3) Every user shall keep, in addition to his record of deliveries into motor vehicles a complete record of the total gallons of diesel fuel used for other purposes during each month and the purposes for which said diesel fuel was used.

Amended by Acts 1969, 61st Leg., p. 1407, ch. 427, § 1, eff. Sept. 1, 1969.

Art. 10.13 Tax Payments—Reports

(1) Every supplier who is required herein to collect taxes on the sale or distribution of diesel fuel and every user who is required to pay taxes on the delivery of diesel fuel into the fuel supply tanks of motor vehicles or on the use of imported diesel fuel shall, on or before the 25th day of each calendar month, pay to the State of Texas at the Office of the Comptroller in Austin, Travis County, Texas, the amount of such taxes required to be collected and the amount required to be paid during the month next preceding, unless said taxes have been paid by a user to a licensed supplier as provided in this Subchapter. At the time of making such tax payments every supplier or user who is required to pay any taxes directly to this State, shall file with the Comptroller a report of diesel fuel handled, in the form and manner as hereinafter provided.

(2) Every supplier shall, on or before the 25th day of each calendar month, file with the Comptroller upon a form prescribed by the Comptroller an itemized report made subject to the penalties of Article 1.12, Chapter 1 of this Title, accounting for the diesel fuel handled during the preceding month which report shall show the quantities of diesel fuel purchased or received from sources within this State and the quantities received from sources outside of this State, the quantities sold or delivered to dealers and users upon which taxes were required to be collected, the quantities sold and delivered to dealers and users without collecting said taxes, the quantities sold and delivered into the fuel supply tanks of motor vehicles, the quantities delivered into the fuel supply tanks of motor vehicles owned or operated by such supplier and the quantities used by him for other purposes, the total quantities sold or delivered to persons other than dealers, users, or operators of motor vehicles, the quantities lost by fire or other accident, the quantities lost by shrinkage or evaporation, and the total quantities on hand at the beginning and at the end of the month covered by such report. The report

shall include a schedule of the total quantities of diesel fuel sold or delivered to dealers and users without collecting taxes thereon, and the names and addresses of such dealers or users. The Comptroller may in his discretion require selective schedules from any supplier with respect to any purchases, sales or deliveries of diesel fuel. Every supplier shall attach legal tender to said report or make proper form of money order or exchange payable to the State Treasurer in the amount of taxes due for the period covered by the report.

(3) Every user who purchases or acquires diesel fuel tax-free for taxable use of any part of said products shall, on or before the 25th day of each calendar month, file with the Comptroller upon forms prescribed by the Comptroller an itemized report, made subject to the penalties of Article 1.12, Chapter 1 of this Title, accounting for the diesel fuel handled during the preceding month which report shall show the quantities of diesel fuel purchased or received and the suppliers from whom received, the quantities delivered into the fuel supply tanks of motor vehicles owned or operated by such user, the quantities used off the public highways of this State and the purposes for which used, the quantities lost by fire or other accident or disposed of in any other manner, and the total quantities on hand at the beginning and at the end of the month covered by such report. The Comptroller may in his discretion require schedules from any such user with respect to any purchases, deliveries or uses of diesel fuel. Every such user shall attach legal tender to said report or make proper form of money order or exchange payable to the State Treasurer in the amount of taxes due for the period covered by the report.

(4) Every user who imports diesel fuel in the fuel supply tanks of motor vehicles operated by him on the public highways of Texas for hire or compensation or for commercial purposes shall, on or before the 25th day of each calendar month, file with the Comptroller on forms prescribed by the Comptroller an itemized report, made subject to the penalties of Article 1.12, Chapter 1 of this Title, accounting for all diesel fuel imported and all diesel fuel used in such motor vehicles during the preceding calendar month, which report shall show for each motor vehicle operated by said user into or from the State of Texas for such purposes, the total miles traveled in Texas and elsewhere, the total quantities of diesel fuel consumed by each motor vehicle in such travel and the average miles traveled per gallon of fuel consumed, the total miles traveled in the State of Texas and the quantities of diesel fuel purchased in Texas and delivered into the fuel supply tanks of each such motor vehicle, and such other information pertinent to the use of diesel fuel in such motor vehicles and the taxes paid or accrued thereon, as the Comptroller may require. The Comptroller may in his discretion permit the filing of such reports on a fleet basis and may require schedules to be submitted as a part of such report with respect to any diesel fuel purchased or used in connection with such operations. Every such user shall attach legal tender or make proper form of money order or exchange payable to the State Treasurer in the amount of taxes due for the period covered in the report.

(5) When it shall appear to the Comptroller from evidence submitted by an import-user that records of diesel fuel used by him for taxable purposes on the public highways of this State in motor vehicles operated in interstate travel cannot be secured from all drivers of such vehicles in time to file accurate reports and tax remittances within the time prescribed by law, the Comptroller may agree to accept monthly reports and tax remittances computed on a fixed mileage basis by which the miles traveled in Texas by said vehicles will be divided by a fixed mileage factor to determine the taxable gallons of diesel fuel used in such vehicles upon the public highways of this State. It is expressly provided, however, that whenever an audit made by the Comptroller from

the records of the import-user shows that more diesel fuel was consumed on the Texas highways on a basis of the average miles traveled per gallon of fuel consumed than was reported for tax purposes, the import-user shall be liable for the tax on the additional gallons shown as used, and any penalties and interest due thereon.

(6) When it shall appear that a supplier or user, to whom the provisions of this Chapter shall apply, has erroneously reported and remitted or paid more taxes than were due the State of Texas upon any diesel fuel during any taxpaying period, either on account of a mistake of fact or law, it shall be the duty of the Comptroller to credit the total amount of taxes due by such supplier or user for the current period, if any, with the total amount of taxes so erroneously paid, or said supplier or user may file claim for refund of the taxes erroneously paid. Such credit shall be allowed or the tax refund claim paid before any penalties and interest shall be applicable.

Art. 10.14 Refunds

(1) Except as otherwise provided by Article 10.15 of this Subchapter, any dealer who shall have paid the tax at the rate imposed by this Subchapter upon any diesel fuel which has been used or sold for use by such dealer for any purpose other than propelling a motor vehicle upon the public highways of this State, or which have been sold to the United States Government for the exclusive use of said government, and any user who shall have paid said tax at the rate imposed upon any diesel fuel which has been used by such user for any purpose other than propelling a motor vehicle upon said public highways, may file claim for a refund of the tax or taxes so paid, less one and one-half percent (1-½%) allowed vendors for the expense of collecting and reporting such taxes to this State. Such claims shall be filed with the Comptroller on forms prescribed by the Comptroller and shall show the date of filing and the period covered in the claim, the number of gallons of diesel fuel sold or used for purposes subject to tax refund, and shall show such other facts and information as the Comptroller may by rule and regulation require. Every such claim shall be supported by an invoice or invoices issued to or by the claimant, as hereinafter provided, or such other information as the Comptroller may require, and shall be filed in the Office of the Comptroller within one (1) year from the first day of the calendar month in which the diesel fuel was invoiced or required to be invoiced for sale or use, and no claim shall be made by the claimant or approved by the Comptroller after the expiration of one (1) year from the first day of the calendar month in which said diesel fuels were invoiced or required to be invoiced for sale or use.

Every bonded import-user shall be entitled to a credit equivalent to the tax rate per gallon paid on all diesel fuel upon which the Texas diesel fuel tax has been paid and which has thereafter been consumed in motor vehicles outside of the State of Texas. When the amount of credit herein provided to which the import-user is entitled for any calendar month exceeds the amount of tax for which such import-user is liable for diesel fuel consumed in such vehicles during the same month, such excess shall under regulations of the Comptroller, be allowed as a credit against the tax for which such import-user would be otherwise liable for a period of one (1) year from the first day of the calendar month in which the diesel fuel was used; or upon claim filed with the Comptroller within one (1) year from the first day of any calendar month in which said diesel fuel was used, such excess may be refunded as hereinabove provided. Evidence of the mileage traveled and the gallonage consumed and the payment of the diesel fuel tax, on such form as may be required by or is satisfactory to the Comptroller, shall be furnished by such import-user claiming the credit or tax refund herein allowed.

(2) When diesel fuel is sold by a dealer or supplier, or is appropriated for use by a user for any purposes for which a refund of the tax paid on said products may be claimed as provided herein, such dealer, supplier or user shall, at the time of each sale or appropriation for use and not thereafter, make out a serially numbered invoice in not less than duplicate counterparts with the name and address of the dealer, supplier or user printed thereon which shall show the date of the sale or appropriation for use, the quantities of diesel fuel sold or appropriated for use, the purposes for which used, as declared by the purchaser or user, and such other information as the Comptroller may require. The invoice shall be signed by the recipient of any such diesel fuel purchased from a dealer or supplier. One counterpart of each invoice shall be kept by the dealer, supplier or user for a period of two (2) years open to the inspection of the Comptroller or his authorized representatives, and the other counterpart shall be filed as a part of the claim for tax refund as above provided. The Comptroller may authorize the filing of other information in lieu of the invoice counterpart.

(3) In the event the quantity of diesel fuel consumed by power pumping units or other power-take-off equipment of any motor vehicle can be accurately measured while the vehicle is stationary by any metering or other measuring device designed to measure such fuel separately from fuel used to propel the motor vehicle, the Comptroller is hereby authorized to approve and adopt the use of such device as a basis for determining the quantity of diesel fuel consumed in such operations for tax credit or tax refund.

(4) If upon examination or investigation the Comptroller finds that the claim is just and that the taxes claimed have been paid by the claimant, he shall issue warrant to the claimant in the amount due but no greater amount shall be refunded than has been paid into the State Treasury on any such diesel fuel.

(5) All the moneys paid into the Treasury under the provisions of this Subchapter, except the filing fees provided herein, shall be set aside in the special fund known as the Highway Motor Fuel Tax Fund and no part of said fund shall be credited to the Available School Fund until a report is made by the Comptroller to the Treasurer, showing the total maximum amount of refunds that may be required to be paid by the State out of said funds. The Comptroller shall on the 20th day of each month, or as soon thereafter as is possible, compute and ascertain the maximum amount of funds that may be due by the State on the sale of diesel fuel during the preceding month, upon which a refund may be due, and shall certify to the State Treasurer the maximum amount, and the Treasurer shall reserve said amount each month out of which to pay refunds and shall not distribute that part of said fund until the expiration of the time in which a refund can be made out of said fund, but as soon as said report has been made by the Comptroller and the maximum amount of refunds determined, he shall deduct said maximum amount from the total taxes paid for such month, and apply the remainder of such as provided by law. If the claimant loses, or for any reason fails to receive warrant after it has been issued by the Comptroller, and upon satisfactory proof of such, the Comptroller may issue claimant duplicate warrant as provided in Article 4365, Revised Civil Statutes of Texas.

So much of said fund is hereby appropriated and set aside as may be necessary to pay the refunds provided herein. In no event shall any refund be made to any person in excess of the actual amount paid by such person, and the one and one-half percent (1-1/2%) deducted originally by the supplier upon the sale or delivery of the diesel fuel shall be deducted in computing the refund. The Comptroller shall deduct fifty cents (50¢) from all such refunds as a filing fee, which fee shall be deducted from the warrant issued in payment of such refund which said filing fee shall be set aside for the use and benefit of the Comptroller

For Annotations and Historical Notes, see V.A.T.S.

in the administration and enforcement of the provisions of this Subchapter, and for the payment of expenses in furnishing the claim forms and other forms provided for herein, and the same is hereby appropriated for such purpose. All such filing fees shall be paid out on vouchers and warrants in such manner as may be prescribed by law.

Amended by Acts 1969, 61st Leg., p. 1407, ch. 427, § 1, eff. Sept. 1, 1969.

Art. 10.15 Exceptions to Tax Refunds

(1) No tax refunds shall be paid to any person on diesel fuel used in any construction, maintenance or repair work on the public highways of this State when and if such work is paid for from any State funds to which diesel fuel tax collections are allocated or is paid jointly from any such State funds and Federal funds.

(2) The delivery of diesel fuel into the fuel supply tanks of any tractor, truck tractor, vehicle, or machine of any kind or description for use in hauling materials, supplies or products over the public highways to or from any highway construction, maintenance or repair work, shall constitute and be deemed to mean the delivery of diesel fuel into the fuel supply tanks of motor vehicles for taxable use.

Amended by Acts 1969, 61st Leg., p. 1407, ch. 427, § 1, eff. Sept. 1, 1969.

Art. 10.16 Prima Facie Presumptions

(1) Any supplier, dealer or user who shall fail to keep the records, issue the invoices or file the reports required by this Subchapter, shall be prima facie presumed to have sold, distributed or used for taxable purposes all diesel fuel shown by a duly verified audit by the Comptroller, or any authorized representative thereof, to have been sold or distributed to such supplier, dealer or user, and the Comptroller is hereby authorized to fix or establish the amount of taxes, penalties and interest due the State of Texas from such records of deliveries or from any records or information available to him and if the tax claim as developed from such procedure is not paid, such claim and any audit made by the Comptroller, or an authorized representative thereof, or any report filed by such supplier or user, shall be admissible in evidence in any suit or judicial proceedings filed by the Attorney General, and shall be prima facie evidence of the correctness of said claim or audit; provided that prima facie presumption of the correctness of the claim may be overcome upon the trial by evidence adduced by said supplier, dealer or user.

(2) A certificate under the seal of the Comptroller executed by said Comptroller or his Chief Clerk, setting forth the terms of any order, rule, regulation, report, bond or other instrument referred to in this Subchapter, and that the same had been adopted, promulgated, or executed and filed with the Comptroller, and was in force and effect at any date or during any period specified in such certificate, shall be prima facie evidence of all such facts, and such certificate shall be admitted in evidence in any action, civil or criminal, involving such order, rule, regulation, report, bond, or other instrument without further proof of such adoption, promulgation, execution or filing, and without further proof of its contents.

Amended by Acts 1969, 61st Leg., p. 1407, ch. 427, § 1, eff. Sept. 1, 1969.

Art. 10.17 Liens

All taxes, penalties, interest and costs due by any supplier, dealer or user under the provisions of this Subchapter and all taxes collected by a supplier or dealer and required to be paid to this State, shall be secured by a preferred lien, first and prior to any and all other existing liens, contract or statutory, legal or equitable, and regardless of the time such liens originated, upon all of the property of any supplier, dealer

or user, devoted to or used in his business or other operations as a supplier, dealer or user, which property shall include all plants, storage tanks, warehouses, office buildings, pumps, and equipment, vehicle tanks, trucks, trailers, or other vehicles, stocks on hand of every kind and character whatsoever used or usable in such business or other operations including diesel fuel and the proceeds from the sale or delivery of diesel fuel and including cash on hand and in banks, accounts and notes receivable, and any and all other property of every kind and character whatsoever and wherever situated, which is devoted to such use, and each tract of land on which such plants, storage tanks and other property is located, or which is used in carrying on such business or other operations.

This lien shall not be valid against any "mortgagee" of a "motor vehicle" as those terms are defined in the Certificate of Title Act, provided such mortgagee does not have actual notice of the State's lien and has complied with the provisions of the Certificate of Title Act¹ prior to the filing by the Comptroller of Public Accounts with the State Highway Department a certificate showing the make, body type and motor number of the motor vehicle upon which a tax lien exists and the amount of taxes, penalties, interest, and costs due the State. The Comptroller of Public Accounts' certificate is to be filed with the State Highway Department and the State's lien need not be placed of record upon the motor vehicle's certificate of title.

The Comptroller of Public Accounts shall file with the State Highway Department a certificate containing the information above provided in this Section as to any motor vehicle upon which a tax lien exists to secure the payment of the taxes owing by any supplier, dealer or user, and the filing of such certificate by the Comptroller of Public Accounts shall constitute sufficient notice of the existence and the assertion by the State of the statutory lien to secure the payment of the taxes owing to the State by such supplier, dealer or user, and any mortgagee of any mortgage, made after the filing of such certificate with the State Highway Department, shall be deemed to have notice of such lien, and the State's lien upon such motor vehicle shall continue to be a valid and prior lien as to any mortgagee. But such lien shall not be valid as to any mortgagee of a motor vehicle if the lien of such mortgagee was created and recorded prior to the filing of such certificate by the Comptroller of Public Accounts with the State Highway Commission.

Amended by Acts 1969, 61st Leg., p. 1407, ch. 427, § 1, eff. Sept. 1, 1969.

Art. 10.18 Civil and Statutory Penalties

(1) If any person affected by this Subchapter shall fail or refuse to comply with any provision of this Subchapter or shall violate the same, or shall fail or refuse to comply with any rule and regulation promulgated hereunder by the Comptroller or shall violate the same, he shall forfeit to the State of Texas as a penalty the sum of Twenty-five Dollars (\$25). Such penalty, if not paid, shall be recovered in a suit by the Attorney General in a court of competent jurisdiction in Travis County, Texas, or any other court of competent jurisdiction having venue under existing venue Statutes. Provided that in addition to such penalty, if any supplier, dealer or user does not make remittance for any taxes collected, or pay any taxes due the State of Texas by said supplier, dealer or user, within the time prescribed by law said supplier, dealer or user shall forfeit two percent (2%) of the amount due; and if said taxes are not remitted or paid within ten (10) days from the date the Comptroller gives such supplier, dealer or user notice in writing directed to his last known address that all taxes which appear to be due have not been paid,

For Annotations and Historical Notes, see V.A.T.S.

an additional eight percent (8%) shall be forfeited. All past due taxes and penalties shall draw interest at the rate of six percent (6%) per annum.

(2) The venue of any suit, injunction or other proceedings at law or in equity available for the establishment or collection of any claim for delinquent taxes, penalties, or interest accruing hereunder, and the enforcement of the terms and provisions of this Subchapter, shall be in a court of competent jurisdiction of Travis County, Texas, or in any other court of competent jurisdiction having venue under existing venue Statutes.

Art. 10.19 Impounding Vehicles

In order to enforce the provisions of this Subchapter, the Comptroller or his authorized representatives, or any Highway Patrolman of the Department of Public Safety, any sheriff, constable and their deputies, or any other peace officer, is empowered to stop any motor vehicle which appears to be operating with diesel fuel for the purpose of examining the invoice required to be carried, and examining any permit or copy thereof that may be required to be carried, to take samples from the fuel supply tanks, and for such other investigations as could reasonably be made to determine whether the taxes have been paid or accounted for by a licensed user upon the diesel fuel being used to propel the motor vehicle upon the public highways of Texas. If after said examination or other investigation it is found the owner or operator of said motor vehicle has not paid said taxes, or does not possess a valid permit as a user to use such diesel fuel in motor vehicles operating on said public highways, such authorized officers shall impound the motor vehicle, and unless proof is produced within seventy-two (72) hours from the beginning of impoundment that the owner or operator has paid said taxes, and has paid all other taxes established by audit or investigation by the Comptroller, or his authorized representatives, to be due upon the use of diesel fuel for the propulsion of motor vehicles upon the public highways of Texas, or that said owner or operator holds a valid user's permit to use diesel fuel for such purposes, the motor vehicle shall be held until all taxes, penalties and interest found to be due this state and all costs of impoundment have been paid, or until said owner or operator has filed bond with the Comptroller payable to the State Treasurer in an amount equal to twice the amount of taxes, penalties, interest and costs found to be due, to guarantee the payment of such liabilities to the State of Texas.

If the taxes, penalties, interest and costs found to be due are not paid, the Comptroller shall certify the claim to the Attorney General who shall file proceedings to foreclose the State's tax lien upon such motor vehicle, or take such other action to recover the amount due the State as provided by law.

Art. 10.20 Subpoenas

The Comptroller, or any duly authorized representative under the direction of the Comptroller, shall, for the purposes contemplated by this Subchapter, have power to issue subpoenas, compel the attendance of witnesses, administer oaths, certify to official acts, take depositions within or without the State of Texas, as now provided by law, and compel the production of pertinent books, accounts, records, and documents.

If any witness refuses to obey such subpoena or refuses to produce any pertinent books, accounts, records, or documents, named in such subpoena and in the possession or control of said witness, or if any witness in attendance before the Comptroller or one of his authorized

representatives refuses without reasonable cause to be examined or to answer any legal or pertinent question, or to produce any books, record, paper, or document when ordered to do so by the Comptroller or his authorized representative, the Comptroller or representative shall certify the facts and the names of the witnesses so failing and refusing to appear and testify, or refusing access to the books, records, papers, and documents, to the district court having jurisdiction of the witness; said court shall thereupon issue proper summons to said witness to appear before the said Comptroller, or his authorized representatives, at a place designated within the jurisdiction of said court, on a day to be fixed, to be continued as occasion may require, and give such evidence and open for inspection such books, records, papers, and documents as may be required for the purpose of enforcing the provisions of this Subchapter. Upon failure to obey such summons the Judge before whom the matter shall come for hearing shall examine under oath such witness or person, and such person shall be given an opportunity to be heard; and if the Judge shall determine that such person has refused, without reasonable cause or legal excuse, to be examined or answer a legal or pertinent question, or to produce a book, record, paper or document, which he was ordered to bring or produce, he shall forthwith punish the offender as for contempt of court.

Subpoenas shall be served and witness fees and mileage paid as in civil cases in the district court in the county to which such witness shall be called. Witnesses subpoenaed at the instance of the Comptroller, or his authorized representatives, shall be paid their fees and mileage by the Comptroller out of any funds appropriated to said Comptroller.

The Comptroller may, if necessary to enforce the provisions of this Article, require such number of his representatives as he deems necessary to enforce the provisions hereof to subscribe to the constitutional oath of office, a record of which shall be filed in the Office of the Comptroller.

Amended by Acts 1969, 61st Leg., p. 1407, ch. 427, § 1, eff. Sept. 1, 1969.

Art. 10.21 Rules and Regulations

(1) It is hereby made the duty of the Comptroller to collect, supervise, and enforce the collection of all taxes, penalties, interest and costs, due or that may become due under the provisions of this Subchapter, and to that end the Comptroller is hereby vested with all the power and authority conferred by this Subchapter. The Comptroller shall also have the power and authority to promulgate rules and regulations, not inconsistent with this Subchapter or the Constitution of this State or the United States, for the enforcement of the provisions of this Subchapter and the collection of all taxes, penalties, interest and costs levied hereunder.

(2) Upon final adoption of any rule and regulation, the Comptroller shall file a copy thereof with the Secretary of State, State of Texas, and the same shall have the force and effect of law as of the date of such filing unless a subsequent date is specified therein. Any person who violates or fails to comply with any valid rule and regulation which has been duly promulgated by the Comptroller and filed with said Secretary of State, or violates or fails to comply with any provision thereof, shall be subject to the penalties prescribed by Articles 10.18 and 10.25 of this Subchapter.

Amended by Acts 1969, 61st Leg., p. 1407, ch. 427, § 1, eff. Sept. 1, 1969.

administration and enforcement of the provisions of this Subchapter and so much of said amount as may be needed is hereby appropriated for said purpose. Any unexpended portion of such fund shall at the end of each fiscal year revert to the respective funds in the proper proportions to which the diesel fuel taxes are allocated.

Each month the Comptroller shall, after making deductions for refund purposes as provided in Article 10.14 of this Subchapter, and for the administration and enforcement of the provisions of this Subchapter allocate and deposit the remainder of the taxes collected under the provisions of this Subchapter, in the proportions as follows: One-fourth ($\frac{1}{4}$) of such taxes shall go to and be placed to the credit of the Available Free School Fund and three-fourths ($\frac{3}{4}$) of such taxes shall go to and be placed to the credit of the State Highway Fund.

Art. 10.23 Penalty, Failure to Pay or Conversion of Taxes

(1) All taxes collected under the provisions of this Subchapter shall be for the use and benefit of the State of Texas and shall not be appropriated or diverted to any other use. Said taxes shall be paid over to the State of Texas at the time and in the manner provided in this Subchapter.

(2) If any supplier or dealer, or any director, officer, agent, employee, trustee, or receiver of such supplier or dealer, or any person, shall willfully fail or refuse to pay over to the State of Texas any such tax fund collected by him under the provisions of this Subchapter on or before the date such payment is required to be paid under the provisions of this Subchapter, such supplier or dealer, or such director, officer, agent, employee, trustee, or receiver of such supplier or dealer, or such person, shall be guilty of a felony and upon conviction shall be punished by confinement in the State penitentiary for not more than ten (10) years, or by confinement in the county jail for not less than one (1) month nor more than one (1) year, or by a fine of not less than Five Hundred Dollars (\$500) nor more than Ten Thousand Dollars (\$10,000), or by both such fine and jail imprisonment.

(3) If any director, officer, agent, employee, trustee, receiver of any supplier or dealer, or any person, shall fraudulently misapply or convert to his own use any tax fund collected for the State of Texas under the provisions of this Subchapter by such supplier or dealer, or any director, officer, agent, employee, trustee, receiver of such supplier or dealer, or by such person, which said money has come into the possession of or that is in the care of or under the control of such director, officer, agent, employee, trustee, receiver of such supplier or dealer, or of such person, and which said money is required to be paid to the State of Texas under the provisions of this Subchapter, such director, officer, agent, employee, trustee, receiver of such supplier or dealer, or such person shall be guilty of a felony and upon conviction, shall be punished by confinement in the State penitentiary for not more than ten (10) years, or by confinement in the county jail for not less than one (1) month nor more than one (1) year, or by a fine of not less than Five Hundred Dollars (\$500), nor more than Ten Thousand Dollars (\$10,000), or by both such fine and jail imprisonment.

(4) If the penalties prescribed elsewhere in this Subchapter overlap as to the offenses punishable under Article 10.23 of this Subchapter, then the penalties prescribed in Article 10.23 shall apply and control over all such penalties. Venue of a prosecution under Article 10.23 shall be in Travis County, Texas, or in the county where the offense occurred.

Art. 10.24 Felony Penalties

If any supplier or user, or any director, officer, agent, employee, or receiver of such supplier or user (a) shall sell, distribute, deliver or use diesel fuel for any purpose for which a permit is required under the provisions of this Subchapter without a valid permit being then and there held by such supplier or user, or (b) shall fail or refuse to make and deliver to the Comptroller within the time prescribed by law any report required to be made and delivered to the Comptroller by such supplier or user, or (c) shall knowingly make and deliver to the Comptroller any report required by law to be made and delivered which is false or incomplete, or (d) if any supplier, dealer or user shall fail or refuse to keep in Texas for the period of time prescribed by law any records required to be kept in Texas by such supplier, dealer or user, or (e) shall knowingly falsify or make false entry in any records required by law to be kept by such supplier, dealer or user, or (f) shall refuse to permit the Comptroller or any authorized representative of the Comptroller to examine or audit any books or records of such supplier, dealer or user which the Comptroller is authorized by law to examine or audit, or (g) shall refuse to permit the Comptroller to inspect or examine any plant, equipment, motor vehicle, material or premises where diesel fuel is processed, stored, sold, delivered, transported, or used by such supplier, dealer or user, or (h) shall refuse to surrender any motor vehicle for impoundment when such surrender is ordered by a representative of the Comptroller, or any officer authorized by law to impound such motor vehicle, or (i) shall knowingly make any false statement in any claim for a tax refund delivered to or filed with the Comptroller, such supplier, dealer or user, or such director, officer, agent, employee, or receiver of such supplier, dealer or user, shall be guilty of a felony and upon conviction, shall be punished by confinement in the State penitentiary for not more than five (5) years or by confinement in the county jail for not less than one (1) month nor more than six (6) months, or by a fine of not less than One Hundred Dollars (\$100), nor more than Five Thousand Dollars (\$5,000), or by both such fine and imprisonment.

In addition to the foregoing penalties, a felony conviction for any of the above-named offenses shall automatically forfeit the right of said convicted person to obtain a permit as a supplier or user for a period of two (2) years from the date final judgment is entered.

If the penalties prescribed elsewhere in this Subchapter overlap as to offenses punishable under Article 10.24 of this Subchapter, then the penalties prescribed by said Article 10.24 shall control over all such penalties, except the penalties prescribed in Article 10.23 of this Subchapter. Venue of prosecution under Article 10.24 shall be in Travis County, Texas, or in the county in which the offense occurred.

(9) "Lessor" means any person (a) whose principal business is the bona fide leasing or renting of motor vehicles without drivers for compensation to the general public, and (b) who maintains established places of business and whose lease or rental contracts require such motor vehicles to be returned to the established places of business.

(10) "Consumer" means any person not a supplier, dealer or user who makes purchases of liquefied gas.

(11) "Person" means natural persons, partnerships, firms, associations, corporations (public, private or municipal), trustees, and receivers.

Art. 10.53 Levy of Tax

(1) An excise tax is hereby levied and imposed upon the use of liquefied gas for the propulsion of motor vehicles upon the public highways of this State at the rate of five cents (5¢) per gallon, which said tax shall be collected, reported and paid to the State of Texas as hereinafter provided.

(2) Provided, however, that in lieu of the tax rate specified and levied hereinabove an excise tax shall be and is hereby levied and imposed at four cents (4¢) per gallon of liquefied gas used for the propulsion of buses owned by a transit company (a) the greater portion of whose business is the transportation of persons within the limits of an incorporated city or town in conveyances designed to transport twelve (12) or more passengers; (b) which holds a franchise from such city or town; (c) whose rates are regulated by such city or town; and (d) which pays to such city or town a tax on its gross receipts, or which is a municipally owned and/or operated transit company.

(3) Every supplier shall collect and remit the tax, except as hereinafter provided to the contrary, upon each gallon of liquefied gas sold or delivered by him and shall pay the tax upon each gallon of liquefied gas delivered by him into the fuel supply tanks of motor vehicles owned or operated by him. Upon each taxable sale or delivery of liquefied gas to a user or to a dealer or service station for resale and delivery into motor vehicles, the tax shall be collected and remitted to this State on the gross or volumetric gallonage of liquefied gas so sold or delivered without temperature adjustment of the volume so delivered.

It is expressly provided, however, that deliveries of liquefied gas may be made without collecting the tax otherwise imposed under the following circumstances: (a) when bulk deliveries are made by a bonded supplier to other suppliers holding valid permits, or to bonded dealers or bonded users who have secured from the Comptroller and then and there hold valid permits authorizing them to purchase liquefied gas tax free, or (b) when such deliveries are made by a bonded supplier into a stationary storage facility of a service station from which liquefied gas will be resold and delivered to purchasers for non-highway use and not otherwise, providing such storage facility is maintained separate and apart from facilities servicing fuel supply tanks of motor vehicles and is prominently labeled "NOT FOR HIGHWAY USE" in a manner prescribed by the Comptroller and in plain view of the public to indicate that non-tax paid products are contained therein, or (c) when such deliveries are made into separate fuel tanks not connected, or fitted for connection, to the propulsion system of the motor vehicle, on invoices showing the vehicle unit or highway license number and other information required by Article 10.62 of this Subchapter, or (d) when such deliveries are made into the fuel supply tanks of farm tractors, or other farm or ranch vehicles designed primarily for non-highway use, owned or operated by farmers and ranchers when said liquefied gas is used upon the public highway only to propel or move such tractors or vehicles to or from lands owned or operated by or under the control of such farmers or ranchers and located within a ten (10) mile radius of the point which is the customary base of operations of said farmers or ranchers, or (e) when such deliveries are made to a purchaser for exclusive non-highway use who furnishes the seller a signed statement that none of the liquefied gas so purchased or acquired in bulk quantities in Texas by him will be delivered by him or permitted by

For Annotations and Historical Notes, see V.A.T.S.

him to be delivered into the fuel supply tanks of motor vehicles; except as otherwise prescribed by Rule and Regulation of the Comptroller such statement, when furnished to a licensed supplier, shall be effective as long as said licensed supplier continues to sell and deliver liquefied gas to said purchaser, unless the statement is revoked in writing by the purchaser or supplier, or unless notice in writing of a change in the status of the purchaser is given the supplier by the Comptroller.

A taxable use of any part of the liquefied gas purchased pursuant to the above statement shall, in addition to the penal provisions otherwise provided by law, forfeit the right of the user thereof to purchase liquefied gas tax free for a period of one (1) year from the date of the offense. The Comptroller may, however, issue said person a special user's permit, to be effective for the period of the forfeiture authorizing such person to file claim for refund of the tax paid on any liquefied gas used for non-highway purposes under the refund provisions of Article 10.64 of this Subchapter.

(4) Every dealer shall collect the tax on each gallon of liquefied gas delivered by him into the fuel supply tanks of motor vehicles and shall report and pay to this State any tax so collected which has not been paid to a bonded supplier.

(5) Every user shall report and pay to this State the tax, at the rate imposed, on each gallon of liquefied gas delivered by him into the fuel supply tanks of motor vehicles, unless said tax has been paid to a bonded supplier. Every import-user shall also report and pay the tax, at the rate imposed, on each gallon of liquefied gas imported into this State in the fuel supply tanks of motor vehicles owned or operated by him and used in the operation of such motor vehicles upon the public highways of this State. No permit shall be required and no tax shall be paid on liquefied gas imported in the fuel supply tanks of any motor vehicle when said fuel supply tanks, and any additional containers, have an aggregate capacity of not more than thirty (30) gallons, and if said motor vehicle is not operated by said user for hire, or compensation, or for commercial purposes.

(6) The tax on one and one-half percent (1-½%) of the taxable gallons of liquefied gas sold or distributed in this State shall be allocated to the persons selling, distributing or handling liquefied gas in said State which allocation or allowance shall be deducted by the supplier in the payment to the State of Texas of the taxes herein levied and shall be apportioned among all persons selling, distributing and handling liquefied gas in this State as follows:

I. One percent (1%) to the supplier making the first taxable sale or delivery of such liquefied gas to dealers and users and paying the tax levied hereunder to the State of Texas for the expense of collecting, accounting for, reporting and remitting the taxes collected and keeping records.

II. One-half of one percent (½ of 1%) of the taxable gallons to dealers to cover evaporation and handling losses from the time the liquefied gas is delivered to their storage facilities until it is sold and delivered by them into fuel supply tanks of motor vehicles.

Any user who holds a valid bonded user's permit to report and pay taxes directly to this State on liquefied gas used in the propulsion of motor vehicles upon the public highways of this State shall be entitled to deduct one-half of one percent (½ of 1%) of the taxable gallons upon payment of the taxes to this State by him.

Any person who performs more than one (1) of the functions or activities referred to above (supplier or dealer), shall be entitled to the apportionment or allowance for each such function or activity, subject to the limitations prescribed for each such function or activity, and provided that the aggregate allowance shall never exceed one and one-half percent (1-½%).

It is also provided that every supplier who delivers the liquefied gas he sells in vehicle tanks which is unloaded by means of motor-powered pumping units operated by the same motor with liquefied gas fuel supplied from the same fuel tank which is used to propel the vehicle over the public highways shall, when he has issued or secured an invoice upon each delivery of liquefied gas into the fuel supply tanks of such motor vehicles, containing all the information required to be shown thereon, and has kept the other records required of a supplier, be allowed a deduction from the taxable gallons delivered into the fuel supply tanks of each motor vehicle during the month reported at the rate of one (1) gallon per 1,000 gallons of liquefied gas unloaded by such pumping operation.

In the event the quantity of liquefied gas consumed by power pumping units or other power-take-off equipment of any motor vehicle regardless of the cargo carried can be accurately measured while the vehicle is stationary by any metering or other measuring device designed to measure such fuel separately from fuel used to propel the motor vehicle, the Comptroller is hereby authorized to approve and adopt the use of such measuring device or devices as a basis of determining the quantity of liquefied gas consumed off the highway in such operations.

(7) No city, town, county, or other political subdivision of this State shall levy or collect any excise tax on the sale or use of liquefied gas.

(8) No part of this Act shall prevent sale and delivery by licensed supplier to farm or other users of liquefied gas for highway use when such fuel is delivered into tanks marked "FOR HIGHWAY USE" and such user shall pay the tax prescribed for such Highway Use to the supplier.

Acts 1969, 61st Leg., p. 1407, ch. 427, § 1, eff. Sept. 1, 1969.

Art. 10.54 Dual Carburetion—Presumption of Use

Any person who operates a motor vehicle that is equipped to use liquefied gas and motor fuel interchangeably in the propulsion of said motor vehicle shall be prima facie presumed to have used taxable liquefied gas exclusively in the operation of said motor vehicle, and such person shall be liable for the payment of the tax imposed by this Subchapter on the liquefied gas presumed to have been so used, unless proof of the amount of motor fuel used is maintained.

Acts 1969, 61st Leg., p. 1407, ch. 427, § 1, eff. Sept. 1, 1969.

Art. 10.55 Unlawful Operations of Motor Vehicles

(1) It is unlawful to transport liquefied gas in any cargo tank from which liquefied gas is sold or delivered which has a connection by pipe, tube, valve, or otherwise with the carburetor or with the fuel supply tank feeding the carburetor of the motor vehicle transporting said products.

(2) It is unlawful to operate with liquefied gas any motor vehicle licensed for operation upon the public highway on which a speedometer is not kept at all times in good operating condition to measure and register correctly the miles traveled by such motor vehicle; it is provided, however, any device other than a speedometer which measures and registers correctly the miles traveled may be used on motor vehicles of motor carriers operating under the provisions of the Motor Carrier Act, provided the mileage recorded on such device is inserted in lieu of the speedometer reading on each invoice covering liquefied gas delivered into the fuel supply tanks of such motor vehicles.

Acts 1969, 61st Leg., p. 1407, ch. 427, § 1, eff. Sept. 1, 1969.

For Annotations and Historical Notes, see V.A.T.S.

Art. 10.56 Unlawful Sales

Except in the case of tax free deliveries of liquefied gas authorized by Article 10.53(3) of this Subchapter, it is unlawful to make bulk sales of liquefied gas tax free to any person who (1) is not licensed as a supplier, or (2) is not licensed as a dealer or user of liquefied gas, or (3) does not furnish to the seller the signed statement prescribed in Subsection (e) of said Article 10.53(3).

As a means of determining the validity of a supplier, dealer, or user's permit to purchase liquefied gas tax free, the selling supplier or dealer, or employee or representative thereof, shall examine the permit or photocopy thereof, showing the name of the permit holder, the kind of permit, the permit number, and the period it covers.

In any case where the permit is not made available for such examination by a person desiring to purchase liquefied gas for resale or distribution for taxable purposes, or for predominant use off the public highway, the selling supplier or other vendor shall make inquiry of the Comptroller as to whether such person holds a proper permit before making such sale or delivery without collecting the tax imposed herein.

Acts 1969, 61st Leg., p. 1407, ch. 427, § 1, eff. Sept. 1, 1969.

Art. 10.57 Tax Liability on Leased Motor Vehicles

(1) Except as otherwise provided in this Article, every user or import-user shall be liable for the tax on liquefied gas imported into this State in fuel supply tanks of motor vehicles leased to him and used on the Texas highways to the same extent and in the same manner as liquefied gas imported in his own motor vehicles and used on the public highways of Texas.

(2) Provided, however, a lessor who is engaged regularly in the business of leasing for compensation motor vehicles and equipment he owns without drivers to carriers or other lessees for interstate operation, may be deemed to be the user or import-user when he supplies or pays for the liquefied gas consumed in such vehicles, and such lessor may be issued a permit as an import-user when application and bond have been properly filed with the Comptroller for such permit.

Any lessee may exclude motor vehicles of which he is lessee from his reports and liabilities pursuant to this Subchapter, but only if the motor vehicles in question have been leased from a lessor holding a valid permit as a bonded import-user for the calendar year.

(3) Every such lessor shall file with his application for a bonded import-user's permit one copy of the form lease or service contract he enters into with the various lessees of his motor vehicles. When the import-user permit has been secured such lessor shall make and assign to each motor vehicle he leases for interstate operation a photocopy of such permit to be carried in the cab compartment of said motor vehicle, and on which shall be typed or printed on the back the unit or motor number of the motor vehicle to which it is assigned, and the name of the lessee. Such lessor shall be responsible for the proper use of such photocopy of said permit issued and its return to him with the motor vehicle to which it is assigned.

Acts 1969, 61st Leg., p. 1407, ch. 427, § 1, eff. Sept. 1, 1969.

Art. 10.58 Tax Computation on Mileage Basis

(1) In the event the tax on liquefied gas imported into this State in the fuel supply tanks of motor vehicles for taxable use on the Texas public highways can be more accurately determined on a mileage basis the Comptroller is authorized to approve and adopt such basis. When an import-user imports liquefied gas into or exports liquefied gas from the State of Texas in the fuel supply tanks of motor vehicles, the amount of

liquefied gas consumed in such vehicles on the Texas public highways shall be deemed to be such proportion of the total amount of such liquefied gas consumed in his entire operations within and without this State as the total number of miles traveled on the public highways within this State bears to the total number of miles traveled within and without this State. The Comptroller may also adopt such mileage basis for determining the taxable highway use of liquefied gas used in motor vehicles which travel regularly over prescribed courses on and off the public highways within the State of Texas.

(2) In the absence of records showing the number of miles actually operated per gallon of liquefied gas consumed, it shall be prima facie presumed that not less than one (1) gallon of liquefied gas was consumed for every four (4) miles traveled.

Acts 1969, 61st Leg., p. 1407, ch. 427, § 1, eff. Sept. 1, 1969.

Art. 10.59 Application for Permits

(1) Every person defined herein as a supplier, dealer, import-user, or user shall secure from the Comptroller the kind and class of permit required herein to act in such capacities or to perform such functions. Application shall be filed with the Comptroller for any such permit on a form prescribed by the Comptroller, showing the kind and class of permit desired, and such information as the Comptroller may require.

(2) Any carrier operating motor vehicles into this State for commercial purposes may make application for a trip permit which shall be good for a period of not more than twenty (20) consecutive days beginning and ending on the dates specified on the face of the permit issued. A fee for such trip permits shall be required which shall be in an amount equivalent to the tax payable on the quantity of liquefied gas that could be imported in the fuel supply tanks of such motor vehicles, but never less than Five Dollars (\$5). Such fees shall be in lieu of the use tax otherwise assessable against the permit holder for importing and using liquefied gas in motor vehicles on the public highways of this State, and no reports of mileage shall be required with respect to such vehicles. All such fees collected by the Comptroller shall be allocated to the same funds to which the liquefied gas taxes collected hereunder are allocated.

Acts 1969, 61st Leg., p. 1407, ch. 427, § 1, eff. Sept. 1, 1969.

Art. 10.60 Bonds

(1) Every person who is authorized by permit or required by law to make remittances or payments directly to this State of taxes collected upon the sale or delivery of liquefied gas or of taxes incurred upon the use of said products shall file with his application for permit a bond in an amount to be set by the Comptroller at not less than two (2) times the amount of taxes that will accrue or may be expected to accrue during any month of the calendar year, but which bond shall never be less than One Thousand Dollars (\$1,000) if filed by a supplier nor less than Five Hundred Dollars (\$500) if filed by a dealer or user.

Every such bond shall be executed by a surety company authorized to do business in this State, payable to the State of Texas, and shall remain in force from the date it is made effective to the end of the calendar year, unless released by the Comptroller as herein provided. Such bond shall be conditioned upon the full, complete, and faithful performance by the person for whom it is issued of all of the conditions and requirements imposed on said person by this Subchapter, or by rules and regulations promulgated by the Comptroller, and shall expressly guarantee the remittance or payment to the State of Texas within the time prescribed by law of all taxes, penalties, interest, and costs required herein to be remitted or paid to this State by said person. Any such bond which is continuous in form may be continued in effect for a succeeding calendar year by a re-

For Annotations and Historical Notes, see V.A.T.S.

newal certificate, which certificate shall have all the force and effect of an original bond.

(2) If the amount of any existing bond becomes insufficient, or any surety on a bond becomes unsatisfactory or unacceptable, the Comptroller may require the filing of a new or an additional bond. The Comptroller shall also have authority to require the filing of reports and tax remittances at shorter intervals than one month if, in his opinion, an existing bond has become insufficient. If any supplier or any user licensed hereunder shall fail or refuse to file a new or an additional bond within ten (10) days after demand or shall fail or refuse to file reports and remit or pay taxes at the intervals fixed by the Comptroller, his permit shall be revoked or suspended in the manner herein provided. The filing of a new bond, or the cancellation or suspension of a permit, or recoveries on any bond, shall not invalidate an existing bond, but any surety on a bond shall be released and discharged from any and all liability accruing under such bond after the expiration of thirty (30) days from the date such surety has filed with the Comptroller at his Office in Austin, Travis County, Texas, written request to be released and discharged. Such request shall not operate to release or discharge such surety from liabilities incurred prior to the expiration of said thirty-day period. The Comptroller shall, upon receipt of any such request, promptly notify the person in whose behalf such bond was filed, and unless said person shall file with the Comptroller a new bond in the amount and form herein provided within fifteen (15) days from the date of such notice, the Comptroller shall proceed to cancel the permit of such person.

(3) Any person who has filed with the Comptroller a bond as a motor fuel distributor under the terms and conditions provided in the Motor Fuel Tax Law, Chapter 9, Article 9.07 of this Act, may extend the terms and conditions of said distributor's bond, by rider or bond form approved by the Comptroller, to include coverage of all liabilities and conditions imposed by this Subchapter upon the supplier, dealer or user to whom said extension is made applicable. The amount of bond that may be required of a supplier, dealer or user shall not exceed the maximum amount provided by said Motor Fuel Tax Law for a motor fuel distributor's permit.

(4) Any applicant for a permit may, in lieu of filing a surety bond, deposit cash in the amount of bond required in the Suspense Account of the State Treasury, or may deposit securities of a par value equal to the amount of bond required and a class in which funds of the University of Texas may be legally invested.

Such cash or securities shall be released within sixty (60) days after cancellation or surrender of any permit held by the person in whose behalf they were deposited when said permit holder has been cleared of all tax liability by the Comptroller.

The Comptroller is hereby authorized and empowered to withdraw and use any such cash and to sell any such securities and use the proceeds therefrom to pay off and satisfy any judgment secured in any action by this State to recover liquefied gas taxes, costs, penalties, and interest found to be due this State by any person in whose behalf such cash or such securities were deposited. Any such person may acknowledge in writing the correctness of the State's claim against him for taxes, costs, penalties and interest and may authorize the use of said cash or the proceeds from the sale of such securities to pay on or pay off the claim without having suit filed.

Acts 1969, 61st Leg., p. 1407, ch. 427, § 1, eff. Sept. 1, 1969.

Art. 10.61 Permits

(1) Upon approval of an application and approval of the bond required, the Comptroller shall issue to the applicant a permit authorizing him to engage in the kind of business or other operations or to perform the functions set out in and authorized by the class of permit so issued. The permits shall be issued for each calendar year, or any unexpired part of a year, and shall be effective from the date of issue to the end of such calendar year, unless revoked or suspended for cause, as hereinafter provided. Such permits shall be of the kinds and classifications as set out hereinbelow:

BONDED SUPPLIER PERMITS.

Authorizing persons to engage in business as suppliers of liquefied gas to licensed dealers, users, other suppliers, and to other authorized purchasers of liquefied gas.

NON-BONDED DEALER PERMITS.

Authorizing dealers whose purchases of liquefied gas are predominantly for sale and delivery into the fuel supply tanks of motor vehicles to operate as dealers who pay the tax imposed herein to the supplier of such fuel and claim refund of the tax paid on any liquefied gas thereafter sold for non-highway use.

BONDED DEALER PERMITS.

Authorizing dealers whose purchases of liquefied gas are predominantly for resale for non-highway use to purchase liquefied gas tax free from their supplier and to report and pay taxes to this State on the part of such liquefied gas which is delivered into the fuel supply tanks of motor vehicles.

NON-BONDED USER PERMITS.

Authorizing users whose purchases of liquefied gas are predominantly for delivery by them into the fuel supply tanks of motor vehicles owned or operated by them, or users whose right to purchase liquefied gas tax free has been forfeited, to pay the tax imposed herein to the supplier and claim refund of the tax paid on any liquefied gas thereafter used by them off the public highways.

BONDED USER PERMITS.

Authorizing users whose purchases of liquefied gas are predominantly for non-highway use by them to purchase liquefied gas tax free from their suppliers and to report and pay taxes to this State on the part of such liquefied gas which is delivered into the fuel supply tanks of motor vehicles owned or operated by them.

BONDED IMPORT-USER PERMITS.

Authorizing users to import or bring liquefied gas into this State in the fuel supply tanks of motor vehicles owned or operated by them, and to report and pay the tax due thereon to this State, and to claim credit or a refund of the tax paid on liquefied gas which is thereafter used in other States.

Nothing herein shall be construed as permitting any tax free sale or delivery of liquefied gas to an import-user, or of permitting any sale and delivery of liquefied gas directly into the fuel supply tanks of a motor vehicle without collecting the tax thereon from the purchaser of such liquefied gas.

The Comptroller shall determine from the information shown in the application or other investigation the kind and class of permit to be issued.

A supplier may operate under his supplier's permit as a dealer, an import-user, or as a user without securing a separate permit, but he shall be subject to all other conditions, requirements, and liabilities imposed by this Subchapter upon a dealer, an import-user, or a user. A licensed dealer may use liquefied gas in motor vehicles owned or operated by him without securing a separate permit as a user, subject to all conditions, requirements, and liabilities imposed herein upon a user.

For Annotations and Historical Notes, see V.A.T.S.

All permits shall be posted in a conspicuous place or kept available for inspection at the principal place of business of the owner thereof. Permit holders shall reproduce the permit by photostat or other method and keep a copy on display at each additional place of business or other place of storage from which liquefied gas is sold, delivered or used and in each motor vehicle used by the permit holder to transport liquefied gas purchased by him for resale, distribution or use. Persons holding import-user permits shall reproduce the permit and carry a photocopy thereof with each motor vehicle being operated into or from the State of Texas.

(2) The Comptroller or any authorized representative of the Comptroller, is hereby authorized to cancel or to suspend any permit issued under the terms of this Subchapter or to refuse the issuance, extension, or reinstatement of any permit to any person who has violated, or has failed to comply with, any rule and regulation of the Comptroller or any provision of this Subchapter. Before any such permit may be cancelled or suspended, or the issuance, or extension, or reinstatement of any such permit may be refused, the Comptroller shall give the owner of such permit, or applicant therefor, not less than five (5) days notice of a hearing at the Office of the Comptroller in Austin, Travis County, Texas, or at any district office maintained by the Comptroller's Department, granting said owner or applicant an opportunity to show cause before the Comptroller, or his authorized representative, why such action should not be taken. Such notice shall be in writing and may be mailed by certified or registered mail to said owner or applicant at his last known address or may be delivered by a representative of the Comptroller to the owner or applicant, and no other notice shall be required. The Comptroller may prescribe his own rules of procedure and evidence for such hearings.

If, after said hearing or opportunity to be heard, the permit is cancelled, as above provided, all taxes which have been collected or required to be collected upon the sale or delivery of liquefied gas and all taxes which have accrued upon the use of said product shall ipso facto become delinquent, and the permittee shall forthwith file a report for any period not covered by preceding reports filed by him to the date of cancellation and shall remit and pay to the State of Texas all taxes which have been collected or required to be collected and which have accrued from the sale or delivery or use of liquefied gas up to and including the date of cancellation. A new permit shall not be issued to any person who is delinquent in the payment of taxes, penalties or interest.

After being given notice of any such order of cancellation, it shall be unlawful for any person to continue to operate his business under a cancelled permit.

An appeal from any order of the Comptroller, or his authorized representative, cancelling or refusing the issuance, extension or reinstatement of any permit may be taken to the District Court of Travis County, Texas, by the aggrieved permittee or applicant. The trial shall be de novo under the same rules as ordinary civil suits with the following exceptions, which shall be considered literally, viz.: (1) all appeals shall be perfected and filed within thirty (30) days after the effective date of the order, decision, or ruling of the Comptroller, or his authorized representative; (2) such proceedings shall have precedence over all other causes of a different nature; (3) trial of all such cases shall commence within ten (10) days from the filing thereof; (4) the order, decision, or ruling of the Comptroller, or his authorized representative, may be suspended or modified by the Court pending a trial on the merits.

Acts 1969, 61st Leg., p. 1407, ch. 427, § 1, eff. Sept. 1, 1969.

Art. 10.62 Records Required

(1) Every supplier, dealer, import-user or user, whether or not required by the provisions of this Subchapter to secure a permit to sell, deliver, or use liquefied gas shall keep for a period of two (2) years open to inspection at all times by the Comptroller or Attorney General, or their authorized representatives, a complete record of all liquefied gas purchased or received and all of such products sold, delivered, or used by them showing the date of each receipt, the name and address of the person from whom purchased or received, the number of gallons received at each place of business or place of storage in Texas, and showing the date of each sale or delivery, the number of gallons sold or delivered for taxable purposes, and the number of gallons sold or delivered for any purpose not subject to the tax imposed herein, and if sold in bulk quantities the name and address of the purchaser, and showing inventories of liquefied gas on hand at each place of business at the end of each month.

(2) Each bulk sale and delivery of liquefied gas shall be covered by an invoice with the name and address of the supplier or dealer and a serial number printed thereon, showing the complete information set out hereinabove for each such sale, one counterpart of which shall be delivered to the purchaser and another counterpart kept by the supplier or dealer for the period of time and purposes above provided. Every delivery of liquefied gas into the fuel supply tank of a motor vehicle shall be recorded upon a serially numbered invoice issued in not less than duplicate on which shall be printed, or stamped with a rubber stamp, the name and address of the supplier, dealer, or user making such delivery and on which shall be shown the name and address or credit card identification of the purchaser, the date of delivery, the number of gallons of liquefied gas so delivered, the total mileage recorded on the speedometer of the motor vehicle into which delivered, and the State highway license or unit number of said motor vehicle. The invoice shall be signed by the driver.

The invoice required above must be demanded by every person purchasing and receiving a delivery of liquefied gas into the fuel supply tank of a motor vehicle in Texas at the time of such delivery and such person shall carry the invoice with the vehicle until the fuel covered by same is consumed. The invoice shall show the tax rate or amount of tax paid or accounted for.

Every supplier, dealer or user making such sales or distribution of liquefied gas and every person so receiving and purchasing liquefied gas must each retain one copy of each such invoice as part of his permanent records for the time and purposes above provided.

(3) Every user shall keep, in addition to his record of deliveries into motor vehicles a complete record of the total gallons of liquefied gas used for other purposes during each month and the purposes for which said liquefied gas was used.

Acts 1969, 61st Leg., p. 1407, ch. 427, § 1, eff. Sept. 1, 1969.

Art. 10.63 Tax Payments—Reports

(1) Every supplier and dealer who is licensed herein to collect taxes for the sale or delivery of liquefied gas and every user who is required to pay taxes on the delivery of liquefied gas into the fuel supply tanks of motor vehicles or on the use of imported liquefied gas shall, on or before the 25th day of each calendar month, pay to the State of Texas at the Office of the Comptroller in Austin, Travis County, Texas, the amount of such taxes required to be collected and the amount required to be paid during the month next preceding, unless said taxes have been paid by a user to a licensed supplier as provided in this Subchapter. At the time of making such tax payments, every supplier, dealer, or user who is re-

For Annotations and Historical Notes, see V.A.T.S.

quired to pay any taxes directly to this State, shall file with the Comptroller a report of liquefied gas handled in the form and manner as herein-after provided.

(2) Every supplier shall, on or before the 25th day of each calendar month, file with the Comptroller upon a form prescribed by the Comptroller an itemized report made subject to the penalties of Article 1.12, Chapter 1 of this Title, accounting for the liquefied gas handled during the preceding month which report shall show the quantities of liquefied gas purchased or received from sources within this State and the quantities received from sources outside of this State, the quantities sold or delivered to dealers and users upon which taxes were required to be collected, the quantities sold and delivered to users without collecting said taxes, the quantities sold and delivered into the fuel supply tanks of motor vehicles, the quantities delivered into the fuel supply tanks of motor vehicles owned or operated by such supplier and the quantities used by him for other purposes, the total quantities sold or delivered to persons other than dealers, users, or operators of motor vehicles, the quantities lost by fire or other accident, the quantities lost by shrinkage or evaporation, and the total quantities on hand at the beginning and at the end of the month covered by such report. The report shall include a schedule of the total quantities of liquefied gas sold or delivered to users without collecting taxes thereon, and the names and addresses of such users. The Comptroller may in his discretion require selective schedules from any supplier with respect to any purchases, sales or deliveries of liquefied gas. Every supplier shall attach legal tender to said report or make proper form of money order or exchange payable to the State Treasurer in the amount of taxes due for the period covered by the report.

(3) Every dealer who purchases or acquires liquefied gas tax-free for taxable resale or delivery of any part of said products shall, on or before the 25th day of each calendar month, make and file with the Comptroller on forms prescribed by the Comptroller an itemized report, made subject to the penalties of Article 1.12, Chapter 1 of this Title, accounting for the liquefied gas handled during the preceding month which report shall show, the quantities of liquefied gas purchased or received and the suppliers from whom received, the quantities of liquefied gas sold and delivered into the fuel supply tanks of motor vehicles, the quantities of liquefied gas sold and delivered for use off the public highways and the purposes for which purchased, the quantities of liquefied gas delivered into the fuel tanks of motor vehicles owned or operated by such dealer and the quantities of liquefied gas used by him for other purposes, the quantities of liquefied gas lost by fire or other accident, and the total gallons of liquefied gas on hand at the beginning and at the end of the month covered by such report. The Comptroller may in his discretion require schedules from any such dealer with respect to any purchases, sales or deliveries of liquefied gas. Every such dealer shall attach legal tender to said report or make proper form of money order or exchange payable to the State Treasurer in the amount of taxes due for the period covered by the report.

(4) Every user who purchases or acquires liquefied gas tax-free for taxable use of any part of said products shall, on or before the 25th day of each calendar month, file with the Comptroller upon forms prescribed by the Comptroller an itemized report, made subject to the penalties of Article 1.12, Chapter 1 of this Title, accounting for the liquefied gas handled during the preceding month which report shall show the quantities of liquefied gas purchased or received and the suppliers from whom received, the quantities delivered into the fuel supply tanks of motor vehicles owned or operated by such user, the quantities used off the public highways of this State and the purposes for which used, the quantities lost by fire or other accident or disposed of in any other manner, and the total

quantities on hand at the beginning and at the end of the month covered by such report. The Comptroller may in his discretion require schedules from any such user with respect to any purchases, deliveries or uses of liquefied gas. Every such user shall attach legal tender to said report or make proper form of money order or exchange payable to the State Treasurer in the amount of taxes due for the period covered by the report.

(5) Every import-user who imports liquefied gas in the fuel supply tanks of motor vehicles operated by him on the public highways of Texas for hire or compensation or for commercial purposes shall, on or before the 25th day of each calendar month, file with the Comptroller on forms prescribed by the Comptroller an itemized report, made subject to the penalties of Article 1.12, Chapter 1 of this Title, accounting for all liquefied gas imported and all liquefied gas used in such motor vehicles during the preceding calendar month, which report shall show for each motor vehicle operated by said user into or from the State of Texas for such purposes, the total miles traveled in Texas and elsewhere, the total quantities of liquefied gas consumed by each motor vehicle in such travel and the average miles traveled per gallon of fuel consumed, the total miles traveled in the State of Texas and the quantities of liquefied gas purchased in Texas and delivered into the fuel supply tanks of each such motor vehicle, and such other information pertinent to the use of liquefied gas in such motor vehicles and the taxes paid or accrued thereon, as the Comptroller may require. The Comptroller may in his discretion permit the filing of such reports on a fleet mileage basis and may require schedules to be submitted as a part of such report with respect to any liquefied gas purchased or used in connection with such operations. Every such user shall attach legal tender or make proper form of money order or exchange payable to the State Treasurer in the amount of taxes due for the period covered in the report.

(6) When it shall appear to the Comptroller from evidence submitted by an import-user that records of liquefied gas used by him for taxable purposes on the public highways of this State in motor vehicles operated in interstate travel cannot be secured from all drivers of such vehicles in time to file accurate reports and tax remittances within the time prescribed by law, the Comptroller may agree to accept monthly reports and tax remittances computed on a fixed mileage basis by which the miles traveled in Texas by said vehicles will be divided by a fixed mileage factor to determine the taxable gallons of liquefied gas used in such vehicles upon the public highways of this State. It is expressly provided, however, that whenever an audit made by the Comptroller from the records required to be kept by the user shows that more liquefied gas was consumed on the Texas highways on a basis of the average miles traveled per gallon of fuel consumed than was reported for tax purposes, the import-user shall be liable for the tax on the additional gallons shown as used, and any penalties and interest accrued thereon.

(7) When it shall appear that a supplier, dealer, or user, to whom the provisions of this Subchapter shall apply, has erroneously reported and remitted or paid more taxes than were due the State of Texas upon any liquefied gas during any taxpaying period, either on account of a mistake of fact or law, it shall be the duty of the Comptroller to credit the total amount of taxes due by such supplier, dealer, or user for the current period, if any, with the total amount of taxes so erroneously paid, or said supplier, dealer, or user may file claim for refund of the taxes erroneously paid. Such credit shall be allowed or the tax refund claim paid before any penalties and interest shall be applicable.

Acts 1969, 61st Leg., p. 1407, ch. 427, § 1, eff. Sept. 1, 1969.

Art. 10.64 Refunds

(1) Except as otherwise provided by Article 10.65 of this Subchapter, any dealer who shall have paid the tax at the rate imposed upon any liquefied gas which has been used or sold for use by such dealer for any purpose other than propelling a motor vehicle upon the public highways of this State, or which has been sold to the United States Government for the exclusive use of said government, and any user who shall have paid said tax at the rate imposed upon any liquefied gas which has been used by such user for any purpose other than propelling a motor vehicle upon said public highways, may file claim for a refund of the tax or taxes so paid, less one and one-half percent (1½%) allowed vendors for the expense of collecting and reporting such taxes to this State. Such claims shall be filed with the Comptroller on forms prescribed by the Comptroller and shall show the date of filing and the period covered in the claim, the number of gallons of liquefied gas sold or used for purposes subject to tax refund, and shall show such other facts and information as the Comptroller may require. Every such claim shall be supported by an invoice or invoices issued to or by the claimant, as hereinafter provided, or such other information as the Comptroller may require, and shall be filed in the Office of the Comptroller within one (1) year from the first day of the calendar month in which the liquefied gas was invoiced or required to be invoiced for sale or use, and no claim shall be made by the claimant or approved by the Comptroller after the expiration of one (1) year from the first day of the calendar month in which said liquefied gas was invoiced or required to be invoiced for sale or use.

Every bonded import-user shall be entitled to a credit equivalent to the tax rate per gallon paid on all liquefied gas upon which the Texas tax has been paid and which has thereafter been consumed in motor vehicles outside of the State of Texas. When the amount of credit herein provided to which the import-user is entitled for any calendar month exceeds the amount of tax for which such import-user is liable for liquefied gas consumed in such vehicles during the same month, such excess shall under regulations of the Comptroller, be allowed as a credit against the tax for which such import-user would be otherwise liable for a period of one (1) year from the first day of the calendar month in which the liquefied gas was used; or upon claim filed with the Comptroller within one (1) year from the first day of any calendar month in which said liquefied gas was used, such excess may be refunded as hereinabove provided. Evidence of the mileage traveled and the gallonage consumed and the payment of the liquefied gas tax, on such form as may be required by or is satisfactory to the Comptroller, shall be furnished by such import-user claiming the credit or tax refund herein allowed.

(2) When liquefied gas is sold by a dealer or is appropriated for use by a user for any purposes for which a refund of the tax paid on said products may be claimed as provided herein, such dealer or user shall, at the time of each sale or appropriation for use and not thereafter, make out a serially numbered invoice in not less than duplicate counterparts with the name and address of the dealer or user printed thereon which shall show the date of the sale or appropriation for use, the quantities of liquefied gas sold or appropriated for use, the purposes for which used, as declared by the purchaser or user, and such other information as the Comptroller may require. The invoice shall be signed by the recipient of any such liquefied gas purchased from a dealer. One counterpart of each invoice shall be kept by the dealer or user for a period of two (2) years open to the inspection of the Comptroller or his authorized representatives, and the other counterpart shall be filed as a part of the claim for tax refund as above provided. The Comptroller may authorize the filing of other information in lieu of the invoice counterpart.

(3) Any dealer or user who shall file claim for refund of the tax on any liquefied gas which has been used to propel a motor vehicle, or other conveyance upon the public highways of Texas for any purpose for which a tax refund is not authorized herein, or who shall file any invoice in a claim for tax refund upon which any date, figure, signature, or other material information is false or incorrect, shall forfeit his right to the entire amount of the refund claim filed.

(4) If upon examination or investigation the Comptroller finds that the claim is just and that the taxes claimed have been paid by the claimant, he shall issue warrant to the claimant in the amount due but no greater amount shall be refunded than has been paid into the State Treasury on any such liquefied gas.

(5) All the moneys paid into the Treasury under the provisions of this Subchapter, except the filing fees provided herein, shall be set aside in the special fund known as the Highway Motor Fuel Tax Fund and no part of said fund shall be credited to the Available School Fund until a report is made by the Comptroller to the Treasurer, showing the total maximum amount of refunds that may be required to be paid by the State out of said funds. The Comptroller shall on the 20th day of each month, or as soon thereafter as is possible, compute and ascertain the maximum amount of funds that may be due by the State on the sale of liquefied gas during the preceding month, upon which a refund may be due, and shall certify to the State Treasurer the maximum amount, and the Treasurer shall reserve said amount each month out of which to pay refunds and shall not distribute that part of said fund until the expiration of the time in which a refund can be made out of said fund, but as soon as said report has been made by the Comptroller and the maximum amount of refunds determined, he shall deduct said maximum amount from the total taxes paid for such month, and apply the remainder of such as provided by law. If the claimant loses, or for any reason fails to receive warrant after it has been issued by the Comptroller, and upon satisfactory proof of such, the Comptroller may issue claimant duplicate warrant as provided in Article 4365, Revised Civil Statutes of Texas.

So much of said fund is hereby appropriated and set aside as may be necessary to pay the refunds provided herein. In no event shall any refund be made to any person in excess of the actual amount paid by such person, and the one and one-half percent (1½%) deducted originally by the supplier upon the sale or delivery of the liquefied gas shall be deducted in computing the refund. The Comptroller shall deduct fifty cents (50¢) from all such refunds as a filing fee, which fee shall be deducted from the warrant issued in payment of such refund which said filing fee shall be set aside for the use and benefit of the Comptroller in the administration and enforcement of the provisions of this Subchapter, and for the payment of expenses in furnishing the claim forms and other forms provided for herein, and the same is hereby appropriated for such purposes. All such filing fees shall be paid out on vouchers and warrants in such manner as may be prescribed by law.

Acts 1969, 61st Leg., p. 1407, ch. 427, § 1, eff. Sept. 1, 1969.

Art. 10.65 Exceptions to Tax Refunds

(1) No tax refunds shall be paid to any person on liquefied gas used in any construction, maintenance or repair work on the public highways of this State when and if such work is paid for from any State funds to which liquefied gas tax collections are allocated or is paid jointly from any such State funds and Federal funds.

(2) The delivery of liquefied gas into the fuel supply tanks of any tractor, truck tractor, vehicle, or machine of any kind or description for use in hauling materials, supplies or products over the public highways to or from any highway construction, maintenance or repair work, shall

For Annotations and Historical Notes, see V.A.T.S.

constitute and be deemed to mean the delivery of liquefied gas into the fuel supply tanks of motor vehicles for taxable use.

Acts 1969, 61st Leg., p. 1407, ch. 427, § 1, eff. Sept. 1, 1969.

Art. 10.66 Prima Facie Presumptions

(1) Any supplier, dealer, or user who shall fail to keep the records, issue the invoices or file any reports required by this Subchapter, shall be prima facie presumed to have sold, delivered or used for taxable purposes all liquefied gas shown by a duly verified audit by the Comptroller, or any authorized representative thereof, to have been sold or delivered to such supplier, dealer or user, and the Comptroller is hereby authorized to fix or establish the amount of taxes, penalties and interest due the State of Texas from such records of deliveries or from any records or information available to him and if the tax claim as developed from such procedure is not paid, such claim and any audit made by the Comptroller, or an authorized representative thereof, or any report filed by such supplier or user, shall be admissible in evidence in any suit or judicial proceedings filed by the Attorney General, and shall be prima facie evidence of the correctness of said claim or audit; provided that the prima facie presumption of the correctness of the claim may be overcome upon the trial by evidence adduced or by an audit submitted by said supplier, dealer or user.

(2) A certificate under the seal of the Comptroller executed by said Comptroller or his Chief Clerk, setting forth the terms of any order, rule, regulation, report, bond or other instrument referred to in this Subchapter, and that the same had been adopted, promulgated, or executed and filed with the Comptroller, and was in force and effect at any date or during any period specified in such certificate, shall be prima facie evidence of all such facts, and such certificate, shall be admitted in evidence in any action, civil or criminal, involving such order, rule, regulation, report, bond, or other instrument without further proof of such adoption, promulgation, execution or filing, and without further proof of its contents.

Acts 1969, 61st Leg., p. 1407, ch. 427, § 1, eff. Sept. 1, 1969.

Art. 10.67 Liens

All taxes, penalties, interest and costs due by any supplier, dealer, user or import-user under the provisions of this Subchapter and all taxes collected by a supplier or dealer and required to be paid to this State, shall be secured by a preferred lien, first and prior to any and all other existing liens, contract or statutory, legal or equitable, and regardless of the time such liens originated, upon all of the property of any supplier, dealer, user or import-user devoted to or used in his business or other operations as a supplier, dealer, user, or import-user, which property shall include all plants, storage tanks, warehouses, office buildings, pumps, and equipment, vehicle tanks, trucks, trailers, or other vehicles, stocks on hand of every kind and character whatsoever used or usable in such business or other operations including liquefied gas and the proceeds from the sale or delivery of liquefied gas and including cash on hand and in banks, accounts and notes receivable and any and all other property of every kind and character whatsoever and wherever situated, which is devoted to such use, and each tract of land on which such plants, storage tanks and other property is located, or which is used in carrying on such business or other operations.

This lien shall not be valid against any "mortgagee" of a "motor vehicle" as those terms are defined in the Certificate of Title Act, provided such mortgagee does not have actual notice of the State's lien and has complied with the provisions of the Certificate of Title Act prior to the filing by the Comptroller of Public Accounts with the State Highway

Department a certificate showing the make, body type and motor number of the motor vehicle upon which a tax lien exists and the amount of taxes, penalties, interest, and costs due the State. The Comptroller of Public Accounts' certificate is to be filed with the State Highway Department and the State's lien need not be placed of record upon the motor vehicle's certificate of title.

The Comptroller of Public Accounts shall file with the State Highway Department a certificate containing the information above provided in this Section as to any motor vehicle upon which a tax lien exists to secure the payment of the taxes owing by any supplier, dealer, user, or import-user and the filing of such certificate by the Comptroller of Public Accounts shall constitute sufficient notice of the existence and the assertion by the State of the statutory lien to secure the payment of the taxes owing to the State by such supplier, dealer, user, or import-user and any mortgagee of any mortgage, made after the filing of such certificate with the State Highway Department, shall be deemed to have notice of such lien, and the State's lien upon such motor vehicle shall continue to be a valid and prior lien as to any mortgagee. But such lien shall not be valid as to any mortgagee of a motor vehicle if the lien of such mortgagee was created and recorded prior to the filing of such certificate by the Comptroller of Public Accounts with the State Highway Commission.

Acts 1969, 61st Leg., p. 1407, ch. 427, § 1, eff. Sept. 1, 1969.

Art. 10.68 Civil and Statutory Penalties

(1) If any person affected by this Subchapter shall fail or refuse to comply with any provision thereof or shall violate the same, or shall fail or refuse to comply with any rule and regulation promulgated hereunder by the Comptroller or shall violate the same, he shall forfeit to the State of Texas as a penalty the sum of Twenty-five Dollars (\$25). Such penalty, if not paid, shall be recovered in a suit by the Attorney General in a court of competent jurisdiction in Travis County, Texas, or any other court of competent jurisdiction having venue under existing venue Statutes. Provided that in addition to such penalty, if any supplier, dealer, user or import-user does not make remittance for any taxes collected, or pay any taxes due the State of Texas by said supplier, dealer, user or import-user, within the time prescribed by law said supplier, dealer, user or import-user shall forfeit two percent (2%) of the amount due; and if said taxes are not remitted or paid within ten (10) days from the date the Comptroller gives such supplier, dealer, user or import-user notice in writing directed to his last known address that all taxes which appear to be due have not been paid, an additional eight percent (8%) shall be forfeited. All past due taxes and penalties shall draw interest at the rate of six percent (6%) per annum.

(2) The venue of any suit, injunction or other proceedings at law or in equity available for the establishment or collection of any claim for delinquent taxes, penalties, or interest accruing hereunder, and the enforcement of the terms and provisions of this Subchapter, shall be in a court of competent jurisdiction of Travis County, Texas, or in any other court of competent jurisdiction having venue under existing venue Statutes.

Acts 1969, 61st Leg., p. 1407, ch. 427, § 1, eff. Sept. 1, 1969.

Art. 10.69 Impounding Vehicles

In order to enforce the provision of this Subchapter, the Comptroller or his authorized representatives, or any Highway Patrolman of the Department of Public Safety, any sheriff, constable and their deputies, or any other peace officer, is empowered to stop any motor vehicle which appears to be operating with liquefied gas for the purpose of examining

For Annotations and Historical Notes, see V.A.T.S.

the invoice required to be carried, and examining any permit or copy thereof that may be required to be carried, to take samples from the fuel supply tanks, and for such other investigations as could reasonably be made to determine whether the taxes have been paid or accounted for by a licensed user upon the liquefied gas being used to propel the motor vehicle upon the public highways of Texas. If after said examination or other investigation it is found the owner or operator of said motor vehicle has not been paid said taxes, or does not possess a valid permit as a user or import-user to use such liquefied gas in motor vehicles operating on said public highways, such authorized officers shall impound the motor vehicle, and unless proof is produced within seventy-two (72) hours from the beginning of impoundment that the owner or operator has paid said taxes, and has paid all other taxes established by audit or investigation by the Comptroller, or his authorized representatives, to be due upon the use of liquefied gas for the propulsion of motor vehicles upon the public highways of Texas, or that said owner or operator holds a valid user's or import-user's permit to use liquefied gas for such purposes, the motor vehicle shall be held until all taxes, penalties and interest found to be due this state and all costs of impoundment have been paid, or until said owner or operator has filed bond with the Comptroller payable to the State Treasurer, in an amount equal to twice the amount of taxes, penalties, interest and costs found to be due, to guarantee the payment of such liabilities to the State of Texas.

If the taxes, penalties, interest and costs found to be due are not paid, the Comptroller shall certify the claim to the Attorney General who shall file proceedings to foreclose the State's tax lien upon such motor vehicle, or take such other action to recover the amount due the State as provided by law.

Acts 1969, 61st Leg., p. 1407, ch. 427, § 1, eff. Sept. 1, 1969.

Art. 10.70 Subpoenas

The Comptroller, or any duly authorized representative under the direction of the Comptroller, shall, for the purposes contemplated by this Subchapter, have power to issue subpoenas, compel the attendance of witnesses, administer oaths, certify to official acts, take depositions within or without the State of Texas, as now provided by law, and compel the production of pertinent books, accounts, records, and documents.

If any witness refuses to obey such subpoena or refuses to produce any pertinent books, accounts, records, or documents, named in such subpoena and in the possession or control of said witness, or if any witness in attendance before the Comptroller or one of his authorized representatives refuses without reasonable cause to be examined or to answer any legal or pertinent question, or to produce any books, record, paper, or document when ordered to do so by the Comptroller or his authorized representative, the Comptroller or his representative shall certify the facts and the names of the witnesses so failing and refusing to appear and testify, or refusing access to the books, records, papers, and documents, to the district court having jurisdiction of the witness; said court shall thereupon issue proper summons to said witness to appear before the said Comptroller, or his authorized representatives, at a place designated within the jurisdiction of said court, on a day to be fixed, to be continued as occasion may require, and give such evidence and open for inspection such books, records, papers, and documents as may be required for the purpose of enforcing the provisions of this Subchapter. Upon failure to obey such summons the Judge before whom the matter shall come for hearing shall examine under oath such witness or person, and such person shall be given an opportunity to be heard; and if the Judge shall determine that such person has refused, without reasonable cause or legal excuse, to be examined or answer a legal or pertinent question, or to produce a book, record, paper, or document,

which he was ordered to bring or produce, he shall forthwith punish the offender as for contempt of court.

Subpoena shall be served and witness fees and mileage paid as in civil cases in the district court in the county to which such witness shall be called. Witnesses subpoenaed at the instance of the Comptroller, or his authorized representatives, shall be paid their fees and mileage by the Comptroller out of any funds appropriated to said Comptroller.

The Comptroller may, if necessary to enforce the provisions of this Article, require such number of his representatives as he deems necessary to enforce the provisions hereof to subscribe to the constitutional oath of office, a record of which shall be filed in the Office of the Comptroller. Acts 1969, 61st Leg., p. 1407, ch. 427, § 1, eff. Sept. 1, 1969.

Art. 10.71 Rules and Regulations

(1) It is hereby made the duty of the Comptroller to collect, supervise, and enforce the collection of all taxes, penalties, interest and costs, due or that may become due under the provisions of this Subchapter, and to that end the Comptroller is hereby vested with all the power and authority conferred by this Subchapter. The Comptroller shall also have the power and authority to promulgate rules and regulations, not inconsistent with this Chapter or the Constitution of this State or the United States, for the enforcement of the provisions of this Subchapter and the collection of all taxes, penalties, interest and costs levied hereunder.

(2) Upon final adoption of any rule and regulation, the Comptroller shall file a copy thereof with the Secretary of State, State of Texas, and the same shall have the force and effect of law as of the date of such filing unless a subsequent date is specified therein. Any person who violates or fails to comply with any valid rule and regulation which has been duly promulgated by the Comptroller and filed with said Secretary of State, or violates or fails to comply with any provision thereof, shall be subject to the penalties prescribed by Articles 10.68 and 10.75 of this Subchapter.

Acts 1969, 61st Leg., p. 1407, ch. 427, § 1, eff. Sept. 1, 1969.

Art. 10.72 Allocation of Funds

Before allocation of the funds collected hereunder is made, one percent (1%) of the gross amount of said fund shall be set aside in the State Treasury in a special fund for the use of the Comptroller in the administration and enforcement of the provisions of this Subchapter and so much of said amount as may be needed is hereby appropriated for said purpose. Any unexpended portion of such fund shall at the end of each fiscal year revert to the respective funds in the proper proportions to which the liquefied gas taxes are allocated.

Each month the Comptroller shall, after making deductions for refund purposes as provided in Article 10.64 of this Subchapter, and for the administration and enforcement of the provisions of this Subchapter allocate and deposit the remainder of the taxes collected under the provisions thereof, in the proportions as follows: One-fourth ($\frac{1}{4}$) of such taxes shall go to and be placed to the credit of the Available Free School Fund and three-fourths ($\frac{3}{4}$) of such taxes shall go to and be placed to the credit of the State Highway Fund.

(2) If any supplier or dealer, or any director, officer, agent, employee, trustee, or receiver of such supplier or dealer, or any person shall willfully fail or refuse to pay over to the State of Texas any such tax fund collected by him under the provisions of this Subchapter on or before the date such payment is required to be paid under the provisions of this Subchapter, such supplier or dealer, or such director, officer, agent, employee, trustee, or receiver of such supplier or dealer, or such person, shall be guilty of a felony and upon conviction shall be punished by confinement in the State penitentiary for not more than ten (10) years, or by confinement in the county jail for not less than one (1) month nor more than one (1) year, or by a fine of not less than Five Hundred Dollars (\$500) nor more than Ten Thousand Dollars (\$10,000), or by both such fine and jail imprisonment.

(3) If any director, officer, agent, employee, trustee, receiver of any supplier or dealer, or any person, shall fraudulently misapply or convert to his own use any tax fund collected for the State of Texas under the provisions of this Subchapter by such supplier or dealer, or any director, officer, agent, employee, trustee, receiver of such supplier or dealer, or by such person, which said money has come into the possession of or that is in the care of or under the control of such director, officer, agent, employee, trustee, receiver of such supplier or dealer, or of such person, and which said money is required to be paid to the State of Texas under the provisions of Subchapter B of this Chapter, such director, officer, agent, employee, trustee, receiver of such supplier or dealer, or such person shall be guilty of a felony and upon conviction, shall be punished by confinement in the State penitentiary for not more than ten (10) years, or by confinement in the county jail for not less than one (1) month nor more than one (1) year, or by a fine of not less than Five Hundred Dollars (\$500), nor more than Ten Thousand Dollars (\$10,000), or by both such fine and jail imprisonment.

In addition to the foregoing penalties, a felony conviction for any of the above-named offenses shall automatically forfeit the right of said convicted person to obtain a permit as a supplier, dealer, user or import-user for a period of two (2) years from the date final judgment is entered.

If the penalties prescribed elsewhere in this Subchapter overlap as to offenses punishable under Article 10.74 of this Subchapter, then the penalties prescribed by said Article 10.74 shall control over all such penalties, except the penalties prescribed in Article 10.73 of this Subchapter. It shall be the duty of the Comptroller of Public Accounts, after such one hundred and twenty (120) days next following such forfeiture, to certify to the Attorney General the names of all corporations whose right to do business within the State has been forfeited as hereinbefore provided. When final disposition of such appeal shall be made, the clerk of the court making such disposition thereof shall forthwith certify such disposition and the date thereof to the Secretary of State, who shall briefly note same upon the record of such corporation in his office and the date of such final disposition.

(2) Upon determination by the Secretary of State that any domestic corporation or foreign corporation whose right to do business has been previously forfeited by the Comptroller of Public Accounts, and which corporation has failed and refused to have its right to do business revived pursuant to the provisions of this Chapter, prior to the first day of January next succeeding the date of forfeiture of its right to do business, and which corporation has no assets from which a judgment for franchise tax, penalties, and court costs may be satisfied, the charter or certificate of authority of any such corporation may be forfeited, which shall be consummated without judicial ascertainment by the Secretary of State entering upon the records of such domestic corporation or upon the certificate of authority to do business of a foreign corporation filed in his office, the words, "Charter Forfeited" or "Certificate Forfeited," giving the date thereof and citing this Act as the authority therefor.

(3) In the event of the forfeiture of the charter or certificate of a domestic or foreign corporation, either by the Secretary of State or by judicial ascertainment, as provided by this Title, the right to do business and the charter or certificate may be revived by the following procedure:

(a). The corporation shall first file all delinquent franchise tax returns as required by law and also pay all franchise taxes, penalties and interest due by said corporation at the time of filing the suit hereinafter mentioned. In the case of forfeiture of a charter or certificate of authority by judicial ascertainment, any stockholder or director or officer of the corporation at the time of forfeiture of the right to do business, or the charter or certificate, may, in the name of the corporation, bring suit in the District Court of Travis County, Texas, in the nature of a bill of review to set aside such forfeiture. The Secretary of State and Attorney General shall be made defendants in said suit. In the event judgment is rendered setting aside the forfeiture of the charter or the revocation of the certificate of authority, the Secretary of State shall endorse on the records of said corporation the words "Charter Reinstated by Court Order" or "Certificate Reinstated by Court Order" as the case may be, and state the cause and date on which such judgment was entered, and the Comptroller of Public Accounts shall administratively revive the corporation's right to do business in accordance with the provisions of Article 12.15 of this Title, by making the proper notations upon his record of said corporation.

(b). Any corporation, domestic or foreign, whose charter or certificate has been forfeited without judicial ascertainment by the Secretary of State may revive said charter or certificate, by first filing all delinquent franchise tax reports as required by law and by filing all franchise taxes, penalties, and interest due by said corporation at the time of the request for reinstating the charter or certificate hereinafter mentioned. Any stockholder or director or officer of the corporation at the time of the forfeiture of the right to do business, or the charter, or the certificate may, in the name of the corporation, initiate the above proceedings to set aside the forfeiture. Upon such request, and upon the determination that all delinquent franchise tax reports have been filed and all fran-

chise taxes, penalties and interest due by said corporation at the time of the request for reinstatement have been paid, the Secretary of State shall administratively set aside the forfeiture and the Comptroller of Public Accounts shall administratively revive the corporation's right to do business in accordance with the provisions of Article 12.15 of this Title.

If any forfeited corporation's charter or certificate of authority is reinstated, it shall at the time of its request for reinstatement ascertain from the Secretary of State whether the name of the forfeited corporation is available, and if not available, file an amendment to its charter or its certificate of authority changing the name of the corporation. It is further provided that nothing in this Act shall affect the liability of the officers and directors of such corporation for any debts, obligations or liabilities incurred between the date of the forfeiture of the right to do business and the revival as herein provided.

(2) Nothing in this Article shall be construed to prohibit a person who has a financial interest in a business required to be licensed by this Article from having any interest in real property on which is located a business engaged in selling or serving alcoholic beverages for on-premises consumption.

(3) It shall be unlawful for a person who has a financial interest in a business required to be licensed by this Article or for any agent on behalf of such person to contract either orally or in writing to convey an interest in real property whether by lease, sub-lease or otherwise if such contract contains a provision or provisions in any way limiting the other party's right to secure music or skill or pleasure coin-operated machines from any source.

(4) It shall be unlawful for a person to secure or attempt to secure a contract of lease or bailment of a music or skill or pleasure coin-operated machine by coercion, threats or intimidation, through the commission of, or threat to commit, any act prohibited by the penal laws of this State or the Consumer Credit Code of this State.

(5) A person who violates Subsection (1), (3), or (4) of this Section shall be guilty of a felony and upon conviction is punishable by imprisonment in the penitentiary for not less than two (2) years nor more than five (5) years or by a fine of not more than \$10,000.00 or by both.

(6) Any person required to be licensed by this Article may make an extension of credit to a lessee or a bailee of a music or skill or pleasure coin-operated machine for business or commercial purposes when the following terms and conditions have been met and the following duties and obligations satisfactorily assumed and discharged.

(a) Before making the first such extension of credit, the licensee under this Article shall first notify the Comptroller and the Consumer Credit Commissioner of the State of Texas of the intent of such licensee to make extensions of credit in the conduct of the licensee's business.

(b) The consideration for such extensions of credit shall not exceed interest or its equivalent at the rate of one and one-half percent (1½%) per month, computed according to the United States Rule. Consideration excludes court costs and attorney's fees as determined by the court, but includes the aggregate interest, fees, bonuses, commissions, brokerage, discounts, expenses, and other forms of costs charged, contracted for, or received by a licensee or any other person in connection with investigat-

ing, arranging, negotiating, procuring, guaranteeing, making, servicing, collecting, and enforcing an extension of credit or forbearance of money, credit, goods, or things in action, or any other service rendered. If in any transaction any consideration in excess of that provided above is charged or received by the licensee directly, or indirectly, except as the result of an accidental and bona fide error corrected upon discovery, the unpaid balance of the indebtedness created by such transaction shall be void, and that portion of any indebtedness so created which has been paid to the licensee, either the principal or its equivalent or interest or its equivalent, or both, shall be repaid by the licensee to the person.

(c) No extension of credit may be made by any person required to be licensed by this Article unless it is evidenced by a written agreement signed by the parties thereto specifying both the amount of credit extended, the consideration for such extension of credit, and the terms according to which such extension of credit is to be repaid.

(d) Each licensee making extensions of credit authorized by this Section shall keep in this State books and records, which shall be consistent with accepted accounting practices, relating to all such extensions of credit authorized by this Section sufficient to enable any competent person to determine whether or not such licensee is complying with this Section. Such records shall be preserved for four (4) years from the date of the transaction to which they relate, or two (2) years from the date of the final entry made with regard to such transaction, whichever is later.

(e) At such times as the Consumer Credit Commissioner may deem necessary, or at the request of the Comptroller or the Attorney General, the Consumer Credit Commissioner, or his duly authorized representative, may make an examination of the place of business of each licensee hereunder, and may inquire into and examine the transactions, books, accounts, papers, correspondence, or records of such licensee insofar as they pertain to the extensions of credit regulated by this Section. In the course of such examinations, the Consumer Credit Commissioner or his duly authorized representative shall have free access to the office, place of business, files, safes and vaults of such licensee, and shall have the right to make copies of such books, accounts, papers, correspondence and records. The Consumer Credit Commissioner or his duly authorized representative may, during the course of such examination, administer oaths and examine any person under oath upon any subject pertinent to any matter about which the Commissioner is authorized or required by this Section to consider, investigate or secure information. Any licensee who shall fail or refuse to let the Consumer Credit Commissioner or his duly authorized representative examine or make copies of such books or other relative documents shall thereby be deemed in violation of this Section. The information obtained in the course of such examination shall be confidential. Each licensee shall pay to the Commissioner an amount assessed by the Commissioner to cover the direct and indirect costs of such examination, including a proportionate share of general administrative expenses, which amount shall be retained and held by the Consumer Credit Commissioner, and no part of such fee shall ever be paid into the General Revenue Fund of this State. All expenses incurred by the Consumer Credit Commissioner in conducting such examinations shall be paid only from such fees, and no such expense shall ever be charged against the funds of this State.

(f) The Consumer Credit Commissioner may make regulations necessary for the enforcement of this Section and consistent with all its provisions. Before making a regulation the Consumer Credit Commissioner shall give each licensee at least thirty (30) days' written notice of a public hearing, stating the time and place thereof and the terms or substance of the proposed regulation. At the hearing, any licensee or

For Annotations and Historical Notes, see V.A.T.S.

other person may be heard and may introduce evidence, data, or arguments or place the same on file. The Consumer Credit Commissioner, after consideration of all relevant matters presented, shall adopt and promulgate every regulation in written form, stating the date of adoption and date of promulgation. Each regulation shall be entered in a permanent record book which shall be a public record and be kept in the Consumer Credit Commissioner's office. A copy of every regulation shall be mailed to each licensee, and no regulation shall become effective until the expiration of at least twenty (20) days after such mailing. On the application of any person and payment of the cost thereof, the Consumer Credit Commissioner shall furnish such person a certified copy of any such regulation.

(7) Any person required to be licensed by this Article who co-signs, guarantees, or becomes surety for an extension of credit or loan of anything of value to any person engaged in selling or serving alcoholic beverages for on-premises consumption, or to any person who he has reason to believe is about to be engaged in selling or serving alcoholic beverages for on-premises consumption, shall file with the Comptroller and the Consumer Credit Commissioner, a copy of all documents related to the transaction.

(8) Any person who violates Subsection (5), (6), or (7) of this Section is guilty of a misdemeanor and upon conviction is punishable by a fine of not less than \$200.00 nor more than \$1,000.00.

Any fraction of one cent (\$.01) of tax equal to one half of one cent (\$.005) or more shall be collected as a whole cent (\$.01) of tax.

(F) Presumption of Taxability: Resale Certificate. For the purpose of the proper administration of this Chapter and to prevent evasion of the limited sales tax it shall be presumed that all gross receipts are subject to the tax until the contrary is established.

The burden of proving that a sale of tangible personal property is not a sale at retail is upon the person who makes the sale unless he takes from the purchaser a certificate to the effect that the tangible personal property is purchased for the purpose of reselling, leasing or renting it in the regular course of business or for the purpose of subsequently transferring it as an integral part of a taxable service rendered in the regular course of business.

Sec. (F) amended by Acts 1969, 61st Leg., 2nd C.S., p. 61, ch. 1, art. 1, § 17, eff. Oct. 1, 1969.

A resale certificate may be given by a purchaser, who at the time of purchasing the tangible personal property, intends to sell, lease or rent it in the regular course of business, transfer it as an integral part of a taxable service in the regular course of business or is unable to ascertain at the time of purchase whether the tangible personal property will be resold, leased, rented, or transferred in the regular course of business or will be used for some other purpose.

If a purchaser who gives a resale certificate makes any use of the tangible personal property other than retention, demonstration or display while holding it for sale, lease or rental in the regular course of business or for transfer as an integral part of a taxable service in the regular course of business, the use shall be taxable to the purchaser as of the time when the tangible personal property is first so used, and the sales price of the tangible personal property to him shall be deemed the measure of the tax.

Sec. (I) amended by Acts 1969, 61st Leg., 2nd C.S., p. 61, ch. 1, art. 1, § 20, eff. Oct. 1, 1969.

(J) Improper Use of Resale Certificates. Any person who gives a resale certificate to the seller for tangible personal property which he knows, at the time of purchase, is purchased for the purpose of use rather than for the purpose of resale, lease or rental by him in the regular course of business or for transfer by him as an integral part of a taxable service rendered in the regular course of business is guilty of a misdemeanor and shall upon conviction suffer the penalties set forth in Article 20.12(B) of this Chapter.

Credit shall be allowed to the retailer for taxes paid on the amount of any refunds or credits allowed to a purchaser as a result of a bona fide renegotiation of a sales price. Such renegotiation shall include agreements by which the seller refunds or allows credit for any amount in satisfaction for an alleged breach of warranty with respect to taxable items previously sold by him to the person with whom said agreement is made.

Sec. (M) amended by Acts 1969, 61st Leg., 2nd C.S., p. 61, ch. 1, art. 1, § 22, eff. Oct. 1, 1969.

Art. 20.05 Return and Payments

* * * * *

(B) Method Retailer Is To Use in Computing Tax. The limited sales tax levied under Article 20.02 shall be computed and paid to the Comptroller on the basis of the same percentage rate as is provided in Article 20.02 of this Title, applied to all receipts from the total sales of taxable tangible personal property and taxable services sold by the retailer; provided any retailer who can establish to the satisfaction of the Comptroller that fifty percent (50%) or more of his receipts from the sale of tangible personal property and taxable services arise from individual transactions where the total sales price is fifteen cents (15¢) or less may exclude the receipts from such sales when reporting and paying the tax imposed by Article 20.02 of this Chapter. No retailer shall avail himself of this provision without prior written approval of the Comptroller. The Comptroller shall grant such approval when he is satisfied that the retailer qualifies on the basis set forth in this Section and when the retailer has submitted satisfactory evidence that he can and will maintain records adequate to substantiate the exclusion herein authorized. Any attempt on the part of any retailer to exercise this provision without prior written approval of the Comptroller shall be deemed to be a failure and refusal to pay the Limited Sales, Excise and Use Tax and the retailer shall be subject to assessment for back taxes, penalties and interest as provided for in this Chapter.

Sec. (B) amended by Acts 1968, 60th Leg., 1st C.S., p. 7, ch. 2, § 7, eff. Oct. 1, 1968; Acts 1969, 61st Leg., 2nd C.S., p. 61, ch. 1, art. 1, § 26, eff. Oct. 1, 1969.

(C) Return; Time for Filing; Persons Required to File; Signatures; Accounting Basis.

* * * * *

(2) For purposes of the limited sales tax a return shall be filed by every person subject to the tax. For purposes of the use tax a return shall be filed by every retailer engaged in business in the State and by every person who has purchased taxable items, the storage, use or other consumption of which is subject to the use tax, but who has not paid the use tax due to a retailer required to collect the tax.

Sec. (C) (2) amended by Acts 1969, 61st Leg., 2nd C.S., p. 61, ch. 1, art. 1, § 27, eff. Oct. 1, 1969.

* * * * *

(D) Contents of Return.

(1) For the purposes of the limited sales tax, the return shall show the sale or receipts of the retailer or seller during the preceding reporting period. For purposes of the use tax, in case of a return filed by a retailer, the return shall show the total receipts from sales of taxable items sold by him during the preceding reporting period which was purchased for the purpose of storage, use or consumption in this State.

(2) Gross proceeds from taxable rentals or leases of tangible personal property shall be reported and the tax shall be paid with respect thereto in accordance with such rules and regulations as the Comptroller may prescribe.

(3) In case of a return filed by the purchaser, the return shall show the total sales price of the taxable items purchased by him, the storage,

use or consumption of which became subject to the use tax during the preceding reporting period.

(4) The return shall also show the amount of the taxes for the period covered by the return and such other information as the Comptroller deems necessary for the proper administration of this Chapter. Sec. (D) amended by Acts 1969, 61st Leg., 2nd C.S., p. 61, ch. 1, art. 1, § 28, eff. Oct. 1, 1969.

* * * * *

(I) Optional Reporting Methods for Certain Vendors.

* * * * *

(2) Notwithstanding any other provision of this Chapter, any vendor whose taxable receipts from the sale of taxable items are less than ten per cent (10%) of his total receipts may elect to report his taxable receipts from the sale of taxable items by the method set forth by paragraph (a) of subsection (1) of this Section (I) irrespective of the fact that such vendor may not fall within the definition of the term 'retail grocer' as that term is defined by paragraph (c) of subsection (1) of this Section (I).

Sec. (I) (2) amended by Acts 1969, 61st Leg., 2nd C.S., p. 61, ch. 1, art. 1, § 29, eff. Oct. 1, 1969.

(J) Commingled Tax and Receipts. Any retailer who establishes an accounting system under which the amount of tax collected pursuant to this Chapter is commingled with the receipts from the sale of taxable items may determine taxable receipts in the following manner:

(1) He shall subtract from his total receipts the receipts from any sales which are specifically exempt from or otherwise excluded from the tax imposed by this Chapter. The remainder shall consist of the receipts from the sale of taxable items plus the tax collected pursuant to the provisions of this Chapter.

(2) This remainder shall then be divided by 1.0325. The answer resulting shall be the taxable gross receipts of the retailer for reporting purposes as prescribed by Section (B) of this Article.

The sole purpose of this Section is to permit the widest possible latitude in the internal accounting system of retailers and to avoid requiring certain retailers to remit to the State a tax computed upon a base which already includes the tax imposed by this Chapter. Nothing herein shall be construed to relieve the retailer of the obligation and duty of collecting the tax in the specific manner prescribed by Article 20.021 of this Chapter.

Sec. (J) amended by Acts 1968, 60th Leg., 1st C.S., p. 9, ch. 2, § 11, eff. Oct. 1, 1968; Acts 1969, 61st Leg., p. 61, ch. 1, § 30, eff. Oct. 1, 1969.

(K) Direct Payment Procedure Authorized. The Comptroller shall establish a system of direct payment which shall be applicable to those consumers who meet the qualifications set forth in this Section and who, after approval by the Comptroller, are issued a direct payment permit. The holder of a direct payment permit may issue to all of the vendors or sellers from whom purchases of taxable items are made a blanket exemption certificate covering all future purchases made by the direct payment permit holder and such certificate shall show the number of the direct payment permit and shall specify that the direct payment permit holder agrees to accrue and pay to the State of Texas all taxes which are or may in the future be due on taxable items purchased pursuant to exemption certificate.

(1) Direct payment permits may be issued by the Comptroller after receipt of a written application for such a permit. The application shall be accompanied by:

(a) Records establishing the fact that the applicant is a responsible person annually purchasing taxable items having a value when pur-

chased equal to or in excess of Two Hundred Thousand Dollars (\$200,000) exclusive of any purchase for which a resale certificate authorized by Article 20.021(F) of this Chapter can be or could have been issued.

(b) A description, in such detail as the Comptroller may require, of the accounting methods by which the applicant proposes to differentiate between taxable and exempt purchases.

(c) An agreement, in a form prescribed by the Comptroller and signed by the applicant or, if a corporation, by a responsible officer thereof, under which the applicant agrees to accrue and pay all taxes imposed by Article 20.03 of this Chapter on all purchases not specifically exempted by Article 20.04 of this Chapter. The agreement shall stipulate that the applicant agrees to remit the taxes due quarterly on or before the last day of the month next succeeding each quarterly period. Such agreement shall also stipulate that the applicant agrees to waive any claim for the discount authorized by Article 20.05(E) of this Chapter on any tax paid by him pursuant to a direct payment permit, provided, however, that if the applicant holds a valid seller's permit issued under the provisions of Article 20.021(C) of this Chapter he shall continue to be entitled to claim the discounts authorized on sales made pursuant to such seller's permit.

(2) A direct payment permit shall be issued to any applicant who meets, to the satisfaction of the Comptroller, the qualifications set forth in subsection (1) of this Section. The Comptroller shall be the sole judge of whether such qualifications have been met and refusal by the Comptroller to issue a direct payment permit shall not be appealable. Any applicant may, however, request an opportunity to submit an amended application or if denied a direct payment permit, after a reasonable length of time, he may submit a new application.

(3) Persons holding direct payment permits hold them as a matter of revocable privilege and not as a matter of right and the Comptroller may, upon his own initiative and with reasonable notice, cancel any direct payment permit. A cancellation shall not be appealable. The Comptroller shall notify a direct payment permit holder that his permit has been cancelled by registered mail and, immediately upon receipt of such notification, the direct payment permit holder shall contact all of the vendors or sellers from whom purchases of taxable items are made and notify them that the exemption certificates issued to them pursuant to the direct payment permit are no longer valid. Failure of a person to so notify the vendors or sellers from whom purchases of taxable items are made of the cancellation of a direct payment permit shall be considered as a failure and refusal to pay the Limited Sales, Excise and Use Tax by the person required to issue such notices.

(4) Any direct payment permit holder may voluntarily relinquish such permit by notifying the Comptroller of his desire to relinquish such permit. Such voluntary relinquishment of a direct payment permit shall not be effective until a termination notice is issued by the Comptroller. Immediately upon receipt of the Comptroller's termination notice, the direct payment permit holder shall contact all of the vendors or sellers from whom purchases of taxable items are made and notify them that the exemption certificates issued to them pursuant to the direct payment permit are no longer valid. Failure of a person to so notify the vendors or sellers from whom purchases of taxable items are made of the voluntary relinquishment of a direct payment permit shall be considered as a failure and refusal to pay the Limited Sales, Excise and Use Tax by the person required to issue such notice.

(E) Determination if No Return Made; Estimate and Computation; Discontinuance of Business.

The estimate shall be made for the period or periods in respect to which the person failed to make a return and shall be based upon any information which is in the Comptroller's possession or may come into his possession. Upon the basis of this estimate, the Comptroller shall compute and determine the amount required to be paid to the State, adding to the sum thus arrived at a penalty equal to ten per cent (10%) thereof. 4. POLLUTION

Art. 7621b. Injection Well Act

Short title

Section 1. This Act may be cited as the Injection Well Act.

Definitions

Sec. 2. As used in this Act, unless the context requires a different definition:

- (a) "board" means the Texas Water Quality Board;
- (b) "commission" means the Texas Railroad Commission;
- (c) "person" means individual, corporation, organization, government or governmental subdivision or agency, business trust, partnership, association, or any other legal entity;

(d) "pollution" means the alteration of the physical, chemical, or biological quality of, or the contamination of, water that renders the water harmful, detrimental, or injurious to humans, animal life, vegetation or property, or to public health, safety, or welfare, or impairs the usefulness or the public enjoyment of the water for any lawful or reasonable purpose;

(e) "industrial and municipal waste" is any liquid, gaseous, solid or other waste substance or a combination thereof resulting from any process of industry, manufacturing, trade, or business or from the development or recovery of any natural resources, or resulting from the disposal of sewage, or other wastes of cities, towns, villages, communities, water districts and other municipal corporations, which may cause or might reasonably be expected to cause pollution of fresh water;

(f) "fresh waters" means waters whose bacteriological, physical and chemical properties are such that they are suitable and feasible for beneficial use for the purposes permitted by law;

(g) "casing" means any material utilized to seal off strata at and below the earth's surface;

(h) "injection well" means an artificial excavation or opening into the ground, made by means of digging, boring, drilling, jetting, driving or otherwise, and made for the purpose of injecting, transmitting, or disposing of industrial and municipal waste into a subsurface stratum; also a well initially drilled for the purpose of producing oil and gas when used for the purpose of transmitting, injecting, or disposing of industrial and municipal waste into a subsurface stratum; but "injection well" does not include any surface pit, excavation or natural depression used to dispose of industrial and municipal waste.

(i) Notwithstanding any provisions of Subsection (e) of this section, 'waste arising out of or incidental to the drilling for or the producing of oil or gas' includes, but is not limited to, the following items when they result from such drilling or producing activities: salt water, brine, sludge, drilling mud, and other liquid or semi-liquid waste materials.

Industrial and municipal wastes; applications to board

Sec. 3. (a) Before any person commences the drilling of an injection well, or before any person converts any existing well into an injection well, for the purpose of disposing of industrial and municipal waste, other than waste arising out of or incidental to the drilling for or the producing of oil or gas, a permit therefor shall be obtained from the board. The board shall prepare suitable forms for making application which shall be available upon request without cost. The board shall require the furnishing of such information by an applicant as the board may deem necessary to discharge properly the duties imposed by this Act. An application for a permit to drill an injection well, or to convert any existing well to an injection well, shall be accompanied by a fee of \$25.00 which shall be collected by the board for the benefit of the state.

(b) Upon receipt by the board of an application in proper form and accompanied by the necessary fee for a permit to drill an injection well, or to convert an existing well to an injection well, the board shall cause an inspection to be made of the location of the proposed injection well to determine local conditions and the probable effect of the injection well, and shall cause an evaluation to be made to determine the requirements for the setting of casing, as provided in Section 5 of this Act.

(c) The board shall also send copies of every application received in proper form to the Texas Water Development Board, the Texas State Department of Health, the Texas Water Well Drillers Board, and to such other persons as the board may designate. The agencies and other persons to whom a copy of the application is sent may make recommendations to the board concerning any aspect of the application, and shall have such reasonable time to do so as the board may prescribe.

For Annotations and Historical Notes, see V.A.T.S.

(d) The board may hold a public hearing upon an application if it is deemed necessary and in the public interest, but otherwise, a public hearing is not required. Notice of any public hearing and its procedure shall be under such terms and conditions as the board may prescribe.

(e) Any person applying to the board for a permit to inject industrial and municipal waste, other than waste arising out of or incidental to the drilling for or the producing of oil or gas, into a subsurface stratum shall submit with the application a letter from the commission stating that the drilling of the injection well and the injection of industrial and municipal waste into the subsurface stratum will not endanger or injure any oil or gas formation.

Wastes from oil drilling; applications to railroad commission

Sec. 4. (a) Before any person may commence the drilling of an injection well, or before any person may convert any existing well into an injection well, for the purpose of disposing of waste arising out of or incidental to the drilling for or the producing of oil or gas, a permit therefor shall be obtained from the commission. The commission shall require the furnishing of such information by an applicant as the commission may deem necessary to discharge properly the duties imposed by this Act and shall promulgate such regulations or orders as to notice and hearing as may be deemed proper and necessary.

(b) Any person applying to the commission for a permit to inject waste arising out of or incidental to the drilling for or the producing of oil or gas into a subsurface stratum shall submit with the application a letter from the board stating that the drilling of the injection well and the injection of such waste into the subsurface stratum will not endanger the fresh water strata in that area and that the formation or strata to be used for such waste disposal are not fresh water sands.

Issuance of permit; casing of well; rules and regulations

Sec. 5. If the board or commission, as the case may be, finds that the installation of the injection well is in the public interest, will not impair any existing rights, and that by requiring proper safeguards both ground and surface fresh waters can be protected adequately from pollution, the board or commission, as appropriate, may grant the application in whole or in part and issue a permit with such terms, provisions, conditions and requirements as are reasonably necessary to protect fresh waters from pollution by industrial and municipal waste. Specifically, the board or commission shall require that the injection well shall be so cased as to protect all fresh waters from pollution by the intrusion of industrial and municipal waste. The casing shall be set at such depth, with such materials, and in such manner as the board or the commission may require. The board or the commission, in establishing the depth to which casing shall be installed, shall consider known geological and hydrological conditions and relationships, the foreseeable future economic development in the area, and the foreseeable future demand for the use of the fresh waters in the locality. The board or commission may also require the permittee to keep and furnish a complete and accurate record of the depth, thickness and character of the different strata penetrated in the drilling of the well. In the event an existing well is to be converted to an injection well, the board or commission may require that the applicant furnish an electric log or a drilling log of the existing well. A copy of every permit issued by the board shall be furnished by the board to the commission, the Texas Water Development Board, the Texas State Department of Health, and the Texas Water Well Drillers Board. A copy of every permit issued by the commission shall be furnished by the commission to the board, which shall in turn forward copies to the other agencies named in

the preceding sentence. The board and the commission each shall adopt rules, regulations and procedures reasonably required for the performance of the duties, powers and functions prescribed for each by this Act. Copies of any rules or regulations under this Act proposed by the board or the commission shall, before their adoption, be sent by each of these agencies to the other agency, and also to the Texas Water Development Board, the State Department of Health, the Texas Water Well Drillers Board, and such other persons as the originating agency may designate. Any agency or person to whom the copies of proposed rules and regulations are sent may submit comments and recommendations to the agency proposing the rules and regulations, and shall have such reasonable time to do so as the originating agency may prescribe.

Filing copy of permit

Sec. 6. Any person receiving a permit to inject industrial and municipal waste, shall, before injection operations are begun, file a copy of the permit with the health authorities of the county, city and town where the well is located.

Enforcement

Sec. 7. Any person who fails to comply with the provisions of this Act, or with any rule or regulation promulgated by the board or the commission under this Act, or with any term, condition or provision in his permit issued pursuant to this Act, shall be subject to a civil penalty in any sum not exceeding One Thousand Dollars (\$1,000.00) for each day of non-compliance and for each act of non-compliance, as the court may deem proper. The action may be brought by the board or the commission, as appropriate, in any court of competent jurisdiction in the county where the offending activity is occurring or where the defendant resides. Full authority is also given the board or commission, as appropriate, to enforce by injunction, mandatory injunction or other appropriate remedy, in courts having jurisdiction in the county where the offending activity is occurring, any and all reasonable rules and regulations promulgated by it which do not conflict with any law, and all of the terms, conditions and provisions of permits issued by the board or commission pursuant to the provisions of this Act. At the request of the board or the commission, the attorney general shall institute and conduct a suit in the name of the State of Texas for injunctive relief or to recover the civil penalty, or for both the injunctive relief and civil penalty, authorized in this section. Any party to a suit may appeal from a final judgment as in other civil cases. The obtaining of a permit under the provisions of this Act by a person shall not act to relieve that person from liability under any statutory law or the Common Law.

In the absence of both the chairman and the vice-chairman from any meeting of the board, the members of the board present may select one of their number to serve as chairman for the meeting.

(b) The board shall have regular meetings at times specified by a majority vote of the board.

(c) The chairman may call special meetings at any time. He shall call a special meeting on written request signed by at least two members of the board.

(d) A majority of the board constitutes a quorum to transact business.

Executive director

Sec. 2.09. The board shall employ an executive director. The executive director is the chief administrative officer of the board. In addition to his other duties, he shall keep full and accurate minutes of all transactions and proceedings of the board; he is the custodian of all of the files and records of the board.

Deputy director; staff

Sec. 2.10. (a) The executive director shall employ a deputy director, subject to the approval of the board. In the absence of the executive director, the deputy director shall assume his duties and functions.

(b) The executive director shall employ the staff authorized by the board. In addition to its own staff, the board may by interagency contract utilize, and upon request of the board shall receive, the assistance of any state-supported educational institution, experimental station, or other agency.

(c) When provided by legislative appropriation, the board is authorized to pay the costs of transporting and delivering the household goods and effects of employees transferred by the board from one permanent station to another when, in the judgment of the board, the transfer will serve the best interest of the state.

Funds from other state agencies

Sec. 2.11. Any state agency that has statutory responsibilities for water pollution or water quality control and that receives a legislative appropriation for these purposes may transfer to the board any amount mutually agreed on by the board and the agency, subject to the approval of the governor.

Gifts and grants

Sec. 2.12. The board may apply for, request, solicit, contract for, receive, and accept money and other assistance from any source to carry out its duties.

Special fund

Sec. 2.13. Money received by the board under Section 2.11 or 2.12 of this code shall be deposited in the state treasury and credited to a special fund. The board may use this fund for salaries, wages, professional and consulting fees, planning and construction grants, loans and contracts, travel expenses, equipment, and other necessary expenses incurred in carrying out its duties under this Act, as provided by legislative appropriation.

Documents, etc., public property

Sec. 2.14. All information, documents, and data collected by the board in the performance of its duties are the property of the state. Subject to the limitations of Section 1.12 of this Act, all records of the board are public records open to inspection by any person during regular office hours.

Copies of documents, proceedings, etc.

Sec. 2.15. Subject to the limitations of Section 1.12 of this Act, on the application of any person, the board shall furnish certified or other copies of any proceedings or other official act of record, or of any map, paper, or document filed with the board. A certified copy with the seal

For Annotations and Historical Notes, see V.A.T.S.

of the board and the signature of the chairman of the board or the executive director is admissible as evidence in any court or administrative proceeding. The board shall prescribe in its rules the fees which shall be charged for copies and is authorized to furnish copies, certified or otherwise, to a person without charge when the furnishing of the copies serves a public purpose. Any other Acts concerning fees for copies of records do not apply to the board, except that the fees set by the board for copies prepared by the board shall not exceed those prescribed in Article 3913, Revised Civil Statutes of Texas, 1925, as last amended by Section 1, Chapter 446, Acts of the 59th Legislature, Regular Session, 1965.

Biennial reports

Sec. 2.16. The board shall make biennial written reports to the governor and to the Legislature and shall include in each report a statement of its activities.

Seal

Sec. 2.17. The board shall adopt a seal.

SUBCHAPTER C. POWERS AND DUTIES

In general

Section 3.01. The board shall administer the provisions of this Act and shall establish the level of quality to be maintained in, and shall control the quality of, the water in this state as provided by this Act. Waste discharges or impending waste discharges, under the purview of this Act, are, at all times, subject to such reasonable rules, regulations, or orders as the board, in the public interest, may adopt or issue. The board has the powers and duties specifically prescribed by this Act and all other powers necessary or convenient to carry out its responsibilities.

State water quality plan

Sec. 3.02. The board shall prepare and develop a general, comprehensive plan for the control of water quality in the state.

Research, investigations

Sec. 3.03. The board shall conduct, or have conducted, any research and investigations it considers advisable and necessary for the discharge of its duties under this Act.

Power to enter property

Sec. 3.04. The members, employees, and agents of the board have the right to enter any public or private property at any reasonable time for the purpose of inspecting and investigating conditions relating to the quality of any water in the state. Any member, employee, or agent who, acting under the authority in this section, enters private property which has management in residence shall notify management, or the person then in charge, of his presence and exhibit proper credentials. Members, employees or agents entering private property shall observe the establishment's rules and regulations concerning safety, internal security, and fire protection. Should any member, employee or agent of the board be refused the right to enter in or upon such public or private property, the board may have the remedies authorized in Section 4.02 of this Act.

Power to examine records

Sec. 3.05. The members, employees and agents of the board may examine during regular business hours any records or memoranda pertaining to the operation of any sewer system, treatment facility, or disposal system, or pertaining to any discharge of waste.

Enforcement proceedings

Sec. 3.06. The board, or the executive director when authorized by the board, may cause legal proceedings to be instituted in courts of competent jurisdiction to compel compliance with the provisions of this Act or the rules, orders, permits, or other decisions of the board.

Cooperation

Sec. 3.07. The board shall:

(1) encourage voluntary cooperation by the people, cities, industries, associations, agricultural interests, and representatives of other interests in preserving the greatest possible utility of the water in the state;

(2) encourage the formation and organization of cooperative groups, associations, cities, industries, and other water users for the purpose of providing a medium to discuss and formulate plans for attainment of water quality control;

(3) establish policies and procedures for securing close cooperation among state agencies that have water quality control functions; and

(4) cooperate with the governments of the United States and other states, and with official or unofficial agencies and organizations, with respect to water quality control matters and with respect to formulation of interstate water quality control compacts or agreements; when representation of state interests on a basin planning agency for water quality purposes is required under Section 3(c) of the Federal Water Pollution Control Act (33 U.S.C. Sec. 466 et seq.), or other federal legislation having a similar purpose, the representation shall include an officer or employee of the board.

Contracts, instruments

Sec. 3.08. The board may make contracts and execute instruments that are necessary or convenient to the exercise of its power or the performance of its duties.

Rule-making

Sec. 3.09. The board shall make and enforce rules reasonably required to effectuate the provisions of this Act, including rules governing procedure and practice before the board. The board may amend any rule it makes. In making and amending rules, the board shall comply, as appropriate, with the requirements of Chapter 274, Acts of the 57th Legislature, Regular Session, 1961, as amended (Article 6252—13, Vernon's Texas Civil Statutes).

Orders

Sec. 3.10. The board is authorized to issue orders and make determinations as may be necessary to effectuate the purposes of this Act. The board shall set forth the findings on which it bases any order granting or denying any special relief requested of the board, or involving a determination following a hearing on an alleged violation of Section 4.01 of this Act, or directing a person to perform or refrain from performing a certain act or activity. The executive director shall attest the orders

For Annotations and Historical Notes, see V.A.T.S.

of the board. The board, or the executive director when authorized by the board, may issue temporary orders relating to the discharge of waste without notice and hearing, or with such notice and hearing as the board or the executive director, in its or his judgment, deems practicable under the circumstances when this is necessary to enable action to be taken more expeditiously than is otherwise provided by this Act so as to effectuate the policy and purposes of this Act. If the board or the executive director issues a temporary order under authority of this section without a hearing before the board, the order shall fix a time and place for a hearing to be held before the board, which shall be held as soon after the temporary order is issued as is practicable. The requirements of Section 3.13 of this Act as to the time for notice, newspaper notice and method of giving a person notice do not apply to such a hearing, but such general notice of the hearing shall be given as in the judgment of the board or the executive director is practicable under the circumstances. At the hearing, the board shall affirm, modify or set aside the temporary order. If the nature of the board's action requires, further proceedings shall be conducted as appropriate under other applicable provisions of this Act.

Hearing powers

Sec. 3.11. The board may call and hold hearings, administer oaths, receive evidence at the hearing, issue subpoenas to compel the attendance of witnesses, and the production of papers and documents related to the hearing, and make findings of fact and decisions with respect to administering the provisions of this Act or the rules, orders or other actions of the board.

Delegation of hearing powers

Sec. 3.12. (a) Except for those hearings required to be held before the board under Section 3.10 of this Act, the board may authorize the executive director to call and hold hearings on any subject on which the board may hold a hearing. The board may also authorize the executive director to delegate to one or more employees of the board, or to professional or technical personnel under contract to the board, the authority to hold any hearing called by the executive director. The board may establish the qualifications required of the persons who may be delegated the authority by the executive director to hold hearings. At any hearing called by the executive director, he or the person delegated the authority by him to hold the hearing is empowered to administer oaths and receive evidence.

(b) The individual or individuals holding a hearing under the authority of this section shall report the hearing in the manner prescribed by the board.

Notice of hearings; continuance

Sec. 3.13. (a) Except as otherwise specified in Section 3.10 of this Act, the provisions of this section apply to all hearings conducted pursuant to this Act.

(b) Notice of the hearing shall describe briefly and in summary form the purpose of the hearing and the date, time, and place of the hearing.

(c) Notice of the hearing shall be published at least once in a newspaper regularly published or circulated in each county where, by virtue of the county's geographical relation to the subject matter of the hearing, the board has reason to believe persons reside who may be affected by the action that may be taken as a result of the hearing. The

date of the publication shall be not less than 20 days before the date set for the hearing.

(d) If notice of the hearing is required by this Act to be given to a person, the notice shall be served personally or mailed to the person at his last address known to the board, not less than 20 days before the date set for the hearing. If the party is not an individual, the notice may be given to any officer, agent, or legal representative of the party.

(e) The individual or individuals holding the hearing (hereafter in this subsection called the hearing body) shall conduct the hearing at the time and place stated in the notice. The hearing body may continue the hearing from time to time and from place to place without the necessity of publishing, serving, mailing or otherwise issuing a new notice. If a hearing is continued and a time and place for the hearing to reconvene are not publicly announced by the hearing body at the hearing before it is recessed, a notice of any further setting of the hearing shall be served personally or mailed in the manner prescribed in Subsection (d) of this section at a reasonable time prior to the new setting, but it is not necessary to publish a newspaper notice of the new setting.

Water quality standards

Sec. 3.14. The board, by order, shall set water quality standards for the water in the state, and may amend the standards from time to time. The board has the sole and exclusive authority to set water quality standards for all water in the state.

Hearings on standards; consultation

Sec. 3.15. Before setting or amending water quality standards, the board shall:

- (1) hold public hearings at which any person may appear and present evidence, under oath, pertinent for consideration by the board; and
- (2) consult with the Texas Water Development Board and the Texas Water Rights Commission to insure that the proposed standards are not inconsistent with the objectives of the state water plan.

Hearings on standards; notice

Sec. 3.16. Notice of a hearing under Section 3.15 of this Act shall be given to each of the following that the board believes may be affected:

- (1) each local government whose boundary is contiguous to the water in question, or whose boundaries contain all or part of the water, or through whose boundaries the water flows;
- (2) the holders of rights to appropriate water from the water in question, as shown by the records of the Texas Water Rights Commission; and
- (3) the holders of permits from the board to discharge waste into or adjacent to the water in question.

Standards to be published

Sec. 3.17. The board shall publish its water quality standards and amendments and shall make copies available to the public on written request.

Board may issue permits

Sec. 3.18. The board may issue permits and amendments to permits for the discharge of waste into or adjacent to water in the state. A person desiring a permit or to amend a permit shall submit an applica-

For Annotations and Historical Notes, see V.A.T.S.

tion to the board containing all information reasonably required by the board or the executive director.

Action on application

Sec. 3.19. (a) Except as provided in Subsection (b) of this section, a public hearing shall be held on an application for a permit or to amend a permit. Notice of the hearing shall be given to the persons who in the judgment of the board may be affected.

(b) An application to amend a permit to improve the quality of waste authorized to be discharged may be set for consideration and may be acted on by the board at a regular meeting, without the necessity of holding a public hearing, if the applicant does not seek to increase significantly the quantity of waste authorized to be discharged or change materially the pattern or place of discharge. Notice of the application shall be mailed to the mayor and health authorities for the city or town, and the county judge and health authorities for the county, in which the waste is or will be discharged, at least 10 days before the board meeting, and they may present information to the board on the application.

Conditions of permit; amendment; revocation and suspension

Sec. 3.20. (a) In each permit the board shall prescribe the conditions on which it is issued, including:

- (1) the duration of the permit;
- (2) the location of the point of discharge of the waste;
- (3) the maximum quantity of waste that may be discharged under the permit at any time and from time to time;
- (4) the character and quality of waste that may be discharged under the permit; and
- (5) any monitoring and reporting requirements prescribed by the board for the permittee.

(b) After a public hearing, notice of which shall be given to the permittee, the board may require the permittee, from time to time, for good cause, to conform to new or additional conditions. The board shall allow the permittee a reasonable time to conform to the new or additional conditions, and on application of the permittee, the board may grant additional time.

(c) A permit does not become a vested right in the permittee; it may be revoked or suspended for good cause, after a public hearing, notice of which shall be given to the permittee, on any of the following grounds:

- (1) the permittee has failed or is failing to comply with the conditions of the permit;
- (2) the permit is subject to cancellation or suspension under Subsection (d) of Section 3.29 of this Act;
- (3) the permit or operations under the permit have been abandoned;

or

- (4) the permit is no longer needed by the permittee.

(d) The notice required by Subsections (b) and (c) of this section shall be sent to the permittee at his last known address as shown by the records of the board.

Permit: effect on recreational water

Sec. 3.21. In considering the issuance of a permit to discharge effluent into any body of water having an established recreational standard, the board shall consider any unpleasant odor quality of the effluent and the possible adverse effect that it might have on the receiving body of water; and the board may consider the odor as one of the elements of the water quality of the effluent.

Septic tanks

Sec. 3.22. (a) Whenever it appears that, because of the nature of the soil or drainage in an area, the use of septic tanks in the area should be controlled or prohibited to prevent pollution, the board may hold a public hearing in or near the area to determine whether an order should be entered controlling or prohibiting the installation or use of septic tanks in the area. Before entering such an order, the board shall consult with the state commissioner of health for recommendations concerning the impact of the use of septic tanks in the area on public health. If the board finds after the hearing and after consulting with the state commissioner of health that an order controlling or prohibiting the use of septic tanks in the area is necessary to prevent pollution that may directly or indirectly injure the public health, the board may enter an order to do one or more of the following:

(1) limit the number and kind of septic tanks which may be used in the area;

(2) prohibit the installation and use of additional septic tanks in the area; or

(3) provide for a gradual and systematic reduction of the number or kind of septic tanks in the area.

The board may also provide in the order for a system of licensing the installation of additional septic tanks in the area, in which case no person may install a septic tank in the area without a license.

(b) Whenever it appears to the commissioners court of any county that, because of the nature of the soil or drainage in an area in the county, the use of septic tanks in that area should be controlled or prohibited to prevent pollution that may directly or indirectly injure the public health, the county may proceed in the same manner and in accordance with the same procedures as the board to hold a hearing and enter an order, resolution, or other regulation controlling or prohibiting the installation or use of septic tanks in that area. The order, resolution or regulation may provide the same restrictions and requirements as is authorized for an order of the board entered under Subsection (a) of this section. Before the order, resolution, or other regulation becomes effective, the county shall submit it to the board and obtain the board's written approval.

Rating of waste disposal systems

Sec. 3.23. After consultation with the State Department of Health, the board shall provide by rule for a system of approved ratings for municipal waste disposal systems and such other waste disposal systems as the board may designate. The owner or operator of a municipal waste disposal system which attains an approved rating has the privilege of erecting signs of a design approved by the board on highways approaching or within the boundaries of the municipality, subject to such reasonable restrictions and requirements as may be established by the Texas Highway Department. In addition, the owner or operator of any waste disposal system, including a municipal system, which attains an approved rating has the privilege of erecting signs of a design approved by the board at such locations as may be approved or established by the board, subject to such reasonable restrictions and requirements as may be imposed by any governmental entity having jurisdiction. If the waste disposal system fails to continue to achieve an approved rating, the board may revoke the privilege. On due notice from the board, the owner or operator of the system shall remove the signs.

Approval of disposal system plans

Sec. 3.24. This section applies to all sewer systems, treatment facilities, and disposal systems, except those public sewage disposal systems, the plans for which are subject to review and approval by the State Department of Health under Article 4477—1, Section 12, Vernon's Texas Civil Statutes, or by the Texas Water Rights Commission under statutes pertaining to water districts. Every person who proposes to construct or materially alter the efficiency of any sewer system, treatment facility, or disposal system to which this section applies, before beginning construction thereof, shall submit completed plans and specifications therefor to and obtain the approval of the plans by the board or, when authorized by the board, the executive director. The board, or the executive director when authorized by the board, shall approve the plans and specifications if they conform to the waste discharge requirements and water quality standards established by the board.

Federal grants

Sec. 3.25. The board may execute agreements with the Department of the Interior, the Federal Water Pollution Control Administration, or any other federal agency that administers programs providing federal cooperation, assistance, grants, or loans for research, development, investigation, training, planning, studies, programming, and construction related to methods, procedures, and facilities for the collection, treatment, and disposal of waste or other water quality control activities. The board may accept federal funds for these purposes and for other purposes consistent with the objectives of this Act and may use the funds as prescribed by law or as provided by agreement.

State grants and loans

Sec. 3.26. (a) The board may use money provided by legislative appropriation to make grants or loans to municipalities and interstate agencies, as those terms are defined in the Federal Water Pollution Control Act (33 U.S.C. Sec. 466 et seq.), and to local governments, and the board may itself expend such money, for construction of treatment works, as defined in the federal act, and for construction of sewer systems, treatment facilities, and disposal systems.

(b) The board may use money provided by legislative appropriation to make grants or interest-free loans to, or to contract with, local governments, regional planning commissions, and planning agencies to pay administrative and other expenses of such entities for a period of not more than three years, and the board may itself expend such money, for developing effective, comprehensive water quality control and pollution abatement plans for designated areas of the state. Any loan made under this subsection shall be repaid when the resulting construction is begun.

(c) The board may not make any construction grant or loan under Subsection (a) of this section unless or until:

(1) the project is approved by the board and included in the state water quality plan;

(2) the board determines that the project is entitled to priority over other eligible projects on the basis of financial need as well as water quality needs;

(3) the recipient of the grant or loan agrees to pay the difference between the amount of the grant or loan and the cost of the project, which difference must be at least 20 percent of the estimated reasonable cost of the project as determined by the board; and

(4) the recipient has made provision satisfactory to the board to assure proper and efficient operation and maintenance of the project after the construction is completed.

(d) In determining the desirability of construction projects and of approving state grants, loans or contracts for them, the board shall consider:

(1) the public benefits to be derived from the project and the propriety of state participation;

(2) the benefits to be derived from the protection and conservation of the water and other natural resources in the state;

(3) the relation of the ultimate cost of constructing and maintaining the project to the public interest and the public necessity for the project; and

(4) the adequacy of provisions made or proposed to assure proper and efficient operation and maintenance of the project after the construction is completed.

(e) Money granted, loaned or contracted for construction shall be used exclusively for construction costs on the approved project.

Construction

Sec. 3.27. As used in Sections 3.25 and 3.26 of this Act, 'construction' includes:

(1) preliminary planning to determine the economic and engineering feasibility of the project;

(2) engineering, architectural, legal, fiscal, and economic investigations and studies;

(3) surveys, designs, plans, working drawings, specifications, procedures, and other actions necessary to the construction of the project;

(4) erection, building, acquisition, alteration, remodeling, improvement, and extension; and

(5) inspection and supervision.

Control of grant, loan, and contract programs

Sec. 3.28. In order to implement and administer the federal and state grant, loan, and contract programs and to assure proper disbursement of and accounting for the public funds, the board shall adopt rules and procedures for the necessary engineering review and supervision, fiscal control, and fund accounting. The rules and procedures shall be consistent with federal law to the extent the board considers it applicable. The fiscal-control and fund-accounting procedures are supplemental to other procedures prescribed by state law.

Regional or area-wide systems

Sec. 3.29. (a) The Legislature finds and declares that it is necessary to the health, safety and welfare of the people of this state to implement the state policy to encourage and promote the development and use of regional and area-wide waste collection, treatment, and disposal systems to serve the waste disposal needs of the citizens of the state and to prevent pollution and maintain and enhance the quality of the water in the state. Within any standard metropolitan statistical area in the state, the board is authorized to implement this policy in the manner and in accordance with the procedure provided in the following subsections of this section. In those portions of the state not within a standard metropolitan statistical area, the board shall observe this state policy by encouraging interested and affected persons to cooperate in developing and using regional and area-wide systems; in such portions of the state, the board may not use the procedure specified in the following subsections

For Annotations and Historical Notes, see V.A.T.S.

of this section to implement this policy, but this does not affect or diminish any authority which the board may otherwise have and exercise under other provisions of this Act. As used in this subsection, the term 'standard metropolitan statistical area' means an area consisting of a county or one or more contiguous counties which is officially so designated by the United States Bureau of the Budget or by any agency which succeeds to the Bureau or to this designation function of the Bureau.

(b) Whenever it appears to the board that, because of the existing or reasonably foreseeable residential, commercial, industrial, recreational, or other economic development in an area, a regional or area-wide waste collection, treatment, or disposal system or systems are necessary to prevent pollution or maintain and enhance the quality of the water in the state, the board may hold a public hearing in or near the area to determine whether the policy stated in Subsection (a) of this section should be implemented in that area. Notice of the hearing shall be given to the local governments who in the judgment of the board may be affected. If after the hearing the board finds that a regional or area-wide system or systems are necessary or desirable to prevent pollution or maintain and enhance the quality of the water in the state, the board may enter an order defining the area in which such a system or systems are necessary or desirable.

(c) At the same hearing held under Subsection (b) of this section, or at a subsequent hearing held in or near an area defined under Subsection (b) of this section, the board may consider whether to designate a regional or area-wide system or systems to serve all or part of the waste collection, treatment or disposal needs of the area defined. Notice of the hearing shall be given to the local governments and the owners and operators of any waste collection, treatment and disposal systems who in the judgment of the board may be affected. If after the hearing the board finds that there is an existing or proposed system or systems then capable, or which will in the reasonably foreseeable future be capable, of serving the waste collection, treatment or disposal needs of all or part of the area defined, and that the owners or operators of the system or systems are agreeable to providing the services, the board may enter an order designating the waste collection, treatment or disposal system or systems to serve all or part of the area defined.

(d) After the board has entered an order as authorized in Subsection (c) of this section, the board may, after public hearing and after giving notice of the hearing to the persons who in the judgment of the board may be affected, take any one or more of the following actions:

(1) enter an order requiring any person discharging or proposing to discharge waste into or adjacent to the water in the state in an area defined in an order entered under Subsection (b) of this section to use a regional or area-wide system designated under Subsection (c) of this section for the disposal of his waste;

(2) refuse to grant any permits for the discharge of waste, or to approve any plans for the construction or material alteration of any sewer system, treatment facility, or disposal system, in an area defined in an order entered under Subsection (b) of this section unless the permits or plans comply and are consistent with any orders entered under this section; or

(3) cancel or suspend any permit, or amend any permit in any particular, which authorizes the discharge of waste in an area defined in an order entered under Subsection (b) of this section.

The exercise of the authority granted to the board in this Subsection (d) shall be predicated on findings by the board that there is an existing or proposed regional or area-wide system designated under Subsection (c) of this section which is capable, or which will in the reasonably foreseeable future be capable, of serving the waste collection, treatment or

disposal needs of the person or persons who are the subject of an action taken by the board under this subsection; that the owner or operator of the designated regional or area-wide system is agreeable to providing the service; and that it is feasible for the service to be provided on the basis of waste collection, treatment and disposal technology, engineering, financial, and related considerations existing at the time, exclusive of any loss of revenues from any then-existing or proposed waste collection, treatment or disposal systems in which the person or persons who are the subject of an action taken by the board under this subsection have an interest.

(e) Upon motion of any interested party and after a public hearing, the board may set reasonable rates for the furnishing of waste collection, treatment, or disposal services to any person by a regional or area-wide system designated under Subsection (c) of this section. Notice of the hearing shall be given to the owner or operator of the designated regional or area-wide system, the person requesting the hearing, and any other person who, in the judgment of the board, may be affected by the action taken by the board as a result of the hearing. After the hearing the board shall enter an order setting forth its findings and the rates which may be charged for the services by the designated regional or area-wide system.

Accidental discharges and spills

Sec. 3.30. (a) As used in this section:

(1) "accidental discharge" means an act or omission through which waste or other substances are inadvertently discharged into water in the state;

(2) "spill" means an act or omission through which waste or other substances are deposited where, unless controlled or removed, they will drain, seep, run or otherwise enter water in the state; and

(3) "other substances" means substances which may be useful or valuable and therefore are not ordinarily considered to be waste, but which will cause pollution if discharged into water in the state.

(b) Whenever an accidental discharge or spill occurs at or from any activity or facility which causes or may cause pollution, the individual operating, in charge of, or responsible for the activity or facility shall notify the office of the board as soon as possible and not later than 24 hours after the occurrence.

(c) Activities which are inherently or potentially capable of causing or resulting in the spillage or accidental discharge of waste or other substances, and which pose serious or significant pollutional threats, are subject to such reasonable rules or orders establishing safety and preventive measures as the board may adopt or issue. The safety and preventive measures which may be required shall be commensurate with the potential harm which could result from the escape of the waste or other substances.

(d) The provisions in this section are cumulative of the other provisions in this Act relating to waste discharges. Nothing in this section exempts any person from complying with or being subject to any other provision of this Act.

Control of certain waste discharges by rule

Sec. 3.31. Whenever the board determines that the quality of water in an area is adversely affected or threatened by the combined effects of several relatively small-quantity discharges of wastes being made for which it is not practical to issue individual permits, or that the general nature of a particular type of activity which produces a waste discharge is such that requiring individual permits is unnecessarily burdensome both to the waste discharger and the board, the board may by rule regulate and set the requirements and conditions for such discharges of waste.

Health hazards

Sec. 3.32. The board may use any means provided by this Act to prevent a discharge of waste that is injurious to public health.

Monitoring and reporting

Sec. 3.33. The board may prescribe reasonable requirements for a person making waste discharges to monitor and report on his waste collection, treatment and disposal activities. When in the judgment of the board significant water quality management benefits will result or water quality management needs justify, the board may also prescribe reasonable requirements for any person or persons making waste discharges to monitor and report on the quality of any water in the state which the board has reason to believe may be materially affected by the waste discharges.

**SUBCHAPTER D. PROHIBITION AGAINST
POLLUTION; ENFORCEMENT**

Unauthorized discharges prohibited

Section 4.01. (a) Except as authorized by a rule, regulation, permit or other order issued by the board, or the executive director when authorized by the board, no person may:

(1) discharge sewage, municipal waste, recreational waste, agricultural waste, or industrial waste into or adjacent to any water in the state;

(2) discharge other waste into or adjacent to any water in the state which in itself, or in conjunction with any other discharge or activity, causes, continues to cause, or will cause pollution of any of the water in the state; or

(3) commit any other act or engage in any other activity, which in itself, or in conjunction with any other discharge or activity, causes, continues to cause, or will cause pollution of any of the water in the state, unless the activity is under the jurisdiction of the Parks and Wildlife Department, the General Land Office, or the Texas Railroad Commission, in which case this Paragraph (3) does not apply.

(b) In implementing Paragraphs (2) and (3) of Subsection (a) of this section, consideration shall be given to the state of existing technology, economic feasibility, and the water quality needs of the waters that might be affected.

(c) No person may cause, suffer, allow, or permit the discharge of any waste or the performance of any activity in violation of this Act or of any rule, regulation, permit, or other order of the board.

(d) Any person who violates any provision of this Act or of any rule, regulation, permit or other order of the board is subject to a civil penalty of not less than \$50.00 nor more than \$1,000.00 for each day of violation and for each act of violation, as the court may deem proper, to be recovered in the manner provided in this Subchapter.

Enforcement by board

Sec. 4.02. (a) Whenever it appears that a person has violated or is violating, or is threatening to violate, any provision of this Act, or of any rule, regulation, permit, or other order of the board, then the board, or the executive director when authorized by the board, may cause a civil suit to be instituted in a district court for injunctive relief to restrain the person from continuing the violation or threat of violation, or for the assessment and recovery of a civil penalty of not less than \$50.00 nor more than

\$1,000.00 for each act of violation and for each day of violation, as the court may deem proper, or for both injunctive relief and civil penalty. Upon application for injunctive relief and a finding that a person is violating or threatening to violate any provision of this Act or any rule, permit, or other order of the board, the district court shall grant the injunctive relief the facts may warrant.

(b) At the request of the board, or the executive director when authorized by the board, the attorney general shall institute and conduct a suit in the name of the State of Texas for injunctive relief or to recover the civil penalty, or for both injunctive relief and penalty, as authorized in Subsection (a) of this section.

Enforcement by others

This power may not be exercised by a local government unless its governing body adopts a resolution authorizing the exercise of the power. In a suit brought by a local government under this Subsection (a), the board is a necessary and indispensable party.

(b) Whenever it appears that a violation or a threat of violation of any provision of Section 4.01 of this Act or of any rule, regulation, permit, or other order of the board has occurred or is occurring that affects aquatic life or wildlife, the Parks and Wildlife Department, in the same manner as the board, may cause suit to be instituted in a district court for injunctive relief or civil penalties, or both, as authorized in Subsection (a) of Section 4.02 of this Act, against the person who committed or is committing, or is threatening to commit, the violation. The suit shall be brought in the name of the State of Texas through the county attorney or the district attorney, as appropriate, of the county where the defendant resides or in the county where the violation or threat of violation occurs.

Venue and procedure

Sec. 4.04. (a) A suit for injunctive relief or for recovery of a civil penalty, or for both injunctive relief and penalty, may be brought either in the county where the defendant resides or in the county where the violation or threat of violation occurs.

(b) In any suit brought to enjoin a violation or threat of violation of this Act or of any rule, regulation, permit, or other order of the board, the court may grant the board, the Parks and Wildlife Department, or the local government, without bond or other undertaking, any prohibitory or mandatory injunction the facts may warrant, including temporary restraining orders after notice and hearing, temporary injunctions, and permanent injunctions.

(c) A suit brought under this Act shall be given precedence over all other cases of a different nature on the docket of the trial or appellate court.

(d) Either party may appeal from a final judgment of the court as in other civil cases.

For Annotations and Historical Notes, see V.A.T.S.

(e) All civil penalties recovered in suits instituted under this Act by the State of Texas through the board or the Parks and Wildlife Department shall be paid to the General Revenue Fund of the State of Texas.

(f) All civil penalties recovered in suits instituted by a local government or governments under this Act shall be equally divided between the State of Texas on the one hand and the local government or governments first instituting the suit on the other, with 50 percent of the recovery to be paid to the General Revenue Fund of the State of Texas and the other 50 percent equally to the local government or governments first instituting the suit.

Act of God, war, etc.

When requested by the board, the results of any inspection or investigation made by the local government shall be transmitted to the board for its consideration.

- (2) for the transfer of money or property from any party to the agreement to another party to the agreement for the purpose of water quality

management, inspection, enforcement, technical aid and education, and the construction, ownership, purchase, maintenance, and operation of disposal systems.

(d) The plaintiff shall pursue his action with reasonable diligence. If the plaintiff does not prosecute his action within 18 months after the action is filed, the court shall presume that the action has been abandoned. The court shall dismiss the suit on a motion for dismissal made by the attorney general unless the plaintiff, after receiving due notice, can show good and sufficient cause for the delay.

(e) In an appeal of a board action other than cancellation or suspension of a permit, the issue is whether the action is invalid, arbitrary, or unreasonable.

(f) An appeal of the cancellation or suspension of a permit shall be tried in the same manner as appeals from the justice court to the county court.

Acts 1969, 61st Leg., p. 2229, ch. 760, which rewrote this article, also provided:

"Sec. 2. The three members of the Texas Water Quality Board appointed under the provisions of Section 4(a) of Chapter 313, Acts of the 60th Legislature, Regular Session, 1967 (Article 7621d—1, Vernon's Texas Civil Statutes), who are in office when this Act goes into effect shall continue in office as the appointed members of the Texas Water Quality Board; Howard V. "Sec. 3. Severability Clause. The provisions of this Act are severable. If any word, phrase, clause, sentence, section, provision or part of this Act should be held to be invalid or unconstitutional, it shall not affect the validity of the remaining portions, and it is hereby declared to be the legislative intent that this Act would have been passed as to the remaining portions, regardless of the invalidity of any part."

Art. 7621d—2. Gulf Coast Waste Disposal Authority

SUBCHAPTER 1. GENERAL PROVISIONS

Purpose

Section 1.01. The purpose of this Act is to establish an instrumentality for developing and effectuating for Chambers, Galveston, and Harris Counties a regional water quality management program including provision of waste disposal systems and regulation of disposal of wastes.

For Annotations and Historical Notes, see V.A.T.S.

Findings and declaration of policy

Sec. 1.02. It is hereby found and declared that the quality of waters in Chambers, Galveston, and Harris Counties is materially affected by the disposal of wastes throughout those counties; that regional approaches to studying water pollution in these counties, to planning corrective and preventive measures, to providing coordinated facilities for waste disposal, and to regulating waste disposal would be far more effective than efforts on a county-wide, city-wide, or smaller scale; that solid wastes, as well as other kinds of waste, may impair water quality by seepage, drainage, and otherwise; that creation of the Gulf Coast Waste Disposal Authority would advance the established policy of the state to maintain the quality of the waters in the state consistent with the public health and public enjoyment thereof, the propagation and protection of terrestrial and aquatic life, the operation of existing industries, and the economic development of the state; and that impending shortage of water in the district for beneficial uses requires that all reasonable measures be taken to prevent and abate water pollution, and to reclaim polluted water for beneficial uses.

SUBCHAPTER 5. BOND AND TAX PROVISIONS

Bonds

Section 5.01. (a) For the purpose of carrying out any power or authority conferred by this Act, including the expense of preparing the master plan and the payment of engineering and other expenses in connection therewith, the authority is empowered to issue its bonds in three general classes:

(1) bonds secured by ad valorem taxes;

(2) bonds secured by a pledge of all or part of the revenues accruing to the authority, including without limitation those received from sale of water or other products, rendition of service, tolls, charges, and from all other sources other than ad valorem taxes;

(3) bonds secured by a combination pledge of all or part of the revenues described in Subdivision (2) of this subsection, and taxes.

(b) Such bonds shall be authorized by resolution of the board and shall be issued in the name of the authority, signed by the chairman or vice-chairman, attested by the secretary and shall bear the seal of the authority. It is provided, however, that the signatures of the chairman, the vice-chairman or of the secretary or of both may be printed or lithographed on the bonds if authorized by the board, and that the seal of the authority may be impressed on the bonds or may be printed or lithographed thereon. The bonds shall be in such form as shall be prescribed by the board, shall be in such denomination or denominations, shall mature serially or otherwise in not to exceed 50 years from their date, shall bear such interest, and may be sold at a price and under terms determined by the board to be the most advantageous reasonably obtainable, and within the discretion of the board, may be made callable prior to maturity at such times and prices as may be prescribed in the bonds, and may be made registrable as to principal or as to both principal and interest. Such bonds may be further secured by an indenture of trust with a corporate trustee.

(c) Bonds may be issued in more than one series, and from time to time, as required for carrying out the purposes of this Act. Any pledge of revenues may reserve the right, under conditions therein specified, to issue additional bonds which will be on a parity with, or be secured by a lien senior to or subordinate to the bonds then being issued.

(d) The resolution authorizing the bonds or the trust indenture further securing such bonds may specify additional provisions which shall constitute a contract between the authority and its bondholders. The board shall have full discretion in providing for such additional provisions including the authority to provide for a corporate trustee or receiver to take possession of facilities of the authority in the event of default on the part of the authority in fulfilling the covenants therein made.

Refunding bonds

Sec. 5.02. The authority is authorized to issue refunding bonds for the purpose of refunding any outstanding bonds authorized by this Act and interest thereon. Such refunding bonds may be issued to refund one or more series of outstanding bonds and combine the pledges for the

For Annotations and Historical Notes, see V.A.T.S.

outstanding bonds for the security of the refunding bonds, and may be secured by other or additional revenues. The provisions of this law with reference to the issuance by the authority of other bonds, their security, and their approval by the attorney general and the remedies of the holders shall be applicable to refunding bonds. Refunding bonds shall be registered by the comptroller upon surrender and cancellation of the bonds to be refunded, but in lieu thereof, the resolution authorizing their issuance may provide that they shall be sold and the proceeds thereof deposited in the bank where the original bonds are payable, in which case the refunding bonds may be issued in an amount sufficient to pay the principal of and the interest on the original bonds to their option date or maturity date, and the comptroller shall register them without concurrent surrender and cancellation of the original bonds.

Approval and registration of bonds

Sec. 5.03. After any bonds (including refunding bonds) are authorized by the authority, such bonds and the record relating to their issuance shall be submitted to the attorney general for his examination as to the validity thereof. If such bonds recite that they are secured by a pledge of the proceeds of a contract theretofore made between the authority and any city or other governmental agency, authority or district, a copy of such contract and the proceedings of the city or other governmental agency, authority or district authorizing such contract shall also be submitted to the attorney general. If he finds that such bonds have been authorized and such contracts have been made in accordance with the Constitution and laws of the State of Texas, he shall approve the bonds and such contracts and the bonds then shall be registered by the comptroller of public accounts. Thereafter the bonds, and the contracts, if any, shall be valid and binding and shall be incontestable for any cause.

Bond election

Sec. 5.04. No bonds payable wholly or partially from ad valorem taxes (except refunding bonds) shall be issued unless authorized by an election at which only the qualified property tax-paying voters of the district may vote and unless a majority of the votes cast in such election is in favor of the issuance of the bonds. Refunding bonds and bonds not payable wholly or partially from ad valorem taxes may be issued without an election. Such elections shall be held in accordance with the provisions hereinafter set forth governing ad valorem tax elections.

Maintenance tax

Sec. 5.05. The board shall have the power to levy and collect ad valorem taxes for the maintenance of the authority and its improvements, in such amounts as are voted in accordance with the procedure hereinafter set forth; provided that the maintenance tax shall not exceed the maximum rate voted, and said rate shall remain in effect until or unless changed by subsequent vote, and that in no event shall the tax rate exceed the limit specified in Section 5.08 of this Act.

Election

Sec. 5.06. No such maintenance tax shall be levied or collected and no bonds payable wholly or partially from ad valorem taxes shall be issued unless an election is held in the district and any such taxes or bonds are duly and favorably voted by a majority of the qualified property tax-paying voters of the district, voting at the election. Each such election shall be called by resolution of the board. The election resolution shall set forth the date of the election, the proposition to be submitted and

voted on, the polling places, and any other matters deemed advisable by the board. Notice of said election shall be given by publishing a substantial copy of the resolution calling the election in a newspaper of general circulation in the district not less than twice in such newspaper, with the interval between such publications to be at least one week, and with the first of each of said publications to be at least 60 days prior to the date set for the election. To the extent not inconsistent with the provisions hereof, the elections herein provided for shall be held in accordance with the provisions of the Texas Election Code.

Rendition, assessment, equalization, levying, and collection of taxes

Sec. 5.07. The rendition and assessment of property for taxation, the equalization of values, and the collection of taxes for the benefit of the authority shall be in accordance with the law applicable to counties, insofar as such law can be made applicable, and except as hereinafter specifically provided. The board may act as the board of equalization for the authority, or may appoint a separate board of equalization to consist of five resident, qualified voters who own taxable property in the district. In either case, the board of equalization shall have the powers, functions, and duties of the commissioners courts of counties in equalizing property values in accordance with law applicable to counties, insofar as such laws can be made applicable. It is provided, however, that renditions shall be made to the county tax assessor and collector of the county in which the property is located and the tax assessor and collector of each county, respectively, shall act as the tax assessor and collector for the authority for property located in such county. It shall be the duty of the tax assessor and collector in each county to cause to be placed on the county tax rolls such additional column or columns as are needed to show the taxes levied by the authority and the amount thereof, based on the value of such property as approved finally by the authority's board of equalization. The fee of each county tax assessor and collector for assessing and collecting taxes shall be one percent of the taxes collected, such fee to be paid over and disbursed in each county as are other fees of office. All of the laws for the enforcement of state and county taxes shall be available to the authority. The authority shall have the right to cause the officers of each county to enforce and collect the taxes due to the authority in that county, as provided in the law for the enforcement of state and county taxes. Taxes assessed and levied for the benefit of the authority shall be payable and shall become delinquent at the same time, in the same manner, and subject to the same discount for advance payment as taxes levied by and for the benefit of the county in which the property is taxable. The fee for collecting delinquent taxes through prosecution of suit shall be 15 percent of the taxes collected by such suit, such fee to be paid over and disbursed in each county as are other fees of office. Concurrently with the levy of county taxes by the commissioners courts, the board shall levy the tax on all taxable property in the district which is subject to such taxation and shall immediately certify such tax rate to the tax assessor and collector of the counties comprising the authority.

Tax limit

Sec. 5.08. The maximum rate of tax which may be levied for any year for all purposes is 10 cents on each \$100 of taxable property based on its assessed valuation.

A district may acquire, construct, improve, enlarge, extend, repair, operate and maintain one or more disposal systems, and may make contracts with any person, including any public agency located within or without the boundaries of the district, under which the district will, within or without the district, collect, transport, treat or dispose of waste for such person. A district may also enter into contracts with any person to purchase or sell, by installments over such term as may be deemed desirable, or otherwise, any waste collection, transportation, treatment or disposal facilities or systems. A district is also authorized to enter into operating agreements with any person, for such terms and upon such conditions as may be deemed desirable, for the operation of any waste collection, transportation, treatment or disposal facilities or systems of any person by the district; and a district may lease to or from any person, for such term and upon such conditions as may be deemed desirable, any waste collection, transportation, treatment or disposal facilities or systems.

Sec. 3 amended by Acts 1969, 61st Leg., p. 2285, ch. 769, § 3, eff. Sept. 1, 1969.

Acquisition of property; eminent domain

Sec. 4. A district shall have the power and right to acquire by purchase, lease, gift or in any other manner, and to own, maintain, use and operate any and all property of any kind, real, personal or mixed, or any interest therein within or without the boundaries of the district necessary or convenient to the exercise of the purposes of and the powers granted by this Act. A district shall also have the power and right of eminent domain to acquire by condemnation any and all property of any kind, real, personal or mixed, or any interest therein within or without the bound-

aries of such district necessary or convenient to the exercise of the powers and purposes authorized by this Act. Such power of eminent domain shall be exercised in the manner provided in the laws applicable or available to the district.

Sec. 4 amended by Acts 1969, 61st Leg., p. 2285, ch. 769, § 4, eff. Sept. 1, 1969.

Contracts

Sec. 4a. Each river authority may enter into such contracts as are authorized by this Act with any person, including any public agency situated wholly or partly within its boundaries and any public agency situated wholly or partly within the river basin and any public agency situated wholly or partly within the coastal basins adjoining its boundaries, provided, however, a river authority may not enter into such contracts to serve a public agency situated wholly within the boundaries of another river authority or to serve facilities of a person situated wholly within the boundaries of another river authority, except with the consent of such other river authority.

Sec. 4a added by Acts 1969, 61st Leg., p. 2285, ch. 769, § 5, eff. Sept. 1, 1969.

Public agencies; contracts; terms and provisions

Sec. 5. Public agencies are hereby authorized to make contracts with a district under which the district will make a disposal system available to a public agency or group of public agencies or to other persons and furnish waste collection, transportation, treatment and disposal services by the district's disposal system. The contract may be upon such terms and for such period of time as the parties may agree and may provide that it will remain in effect until any bonds issued or to be issued by the district, and any bonds which may be issued to refund the same are paid; the contract may contain provisions to assure equitable treatment of parties who contract with the district for waste collection, transportation, treatment and disposal services from the same disposal system; may contain provisions requiring the public agency to regulate the quality and strength of waste to be handled by the disposal system; shall provide the method of determining the amounts to be paid by the public agency to the district; may provide for the sale or lease to or use of by the district of any disposal system or any part thereof at the time owned or to be acquired by the public agency; may provide that the district shall operate any disposal system or part thereof at the time owned or to be acquired by the public agency; may provide that the public agency shall have the right to continued performance of such services after the amortization of the district's investment in the disposal system during the useful life thereof upon payments of reasonable charges therefor, reduced to take into consideration such amortization; and may contain such other provisions and requirements as the district and the public agency may determine to be appropriate or necessary. A city may also provide in its contract that the district shall have the right to use the streets, alleys and public ways and places within the city during the term of the contract.

Sec. 5 amended by Acts 1969, 61st Leg., p. 2285, ch. 769, § 6, eff. Sept. 1, 1969.

Payments by public agencies

Sec. 6. Payments by a public agency to the district for waste collection, transportation, treatment, and disposal services may be made from the income of the public agency's waterworks system or its sanitary sewer system or of both systems or of its combined water and sanitary sewer system, as may be prescribed in the contract between the district and the public agency. In the alternative, a Joint Board herein defined

For Annotations and Historical Notes, see V.A.T.S.

as a public agency, may make such payments to the district from all or any part of any revenues or other funds within its control specified in the contract if the City Councils of the cities which created such Joint Board approve, by ordinance, the contract between the Joint Board and the district. Such payments shall constitute an operating expense of the system or systems whose revenues are thus to be applied. Payments to be made under the contract by the public agency from the income of the water system shall be subordinate to amounts required to be paid from the net revenues of its water system for principal of and interest on bonds of the public agency which are outstanding at the time of the making of the contract and which are payable solely from such water system net revenues unless the ordinance or resolution authorizing such outstanding bonds of the public agency expressly reserves the right to accord such contract payments a priority over such public agency's bond requirements. Unless the alternative procedure prescribed in Section 7 is followed, neither the district nor the holder of any bonds of the district shall have the right to demand payment of the public agency's obligation out of any funds raised or to be raised by taxation. If the alternative procedure prescribed in Section 7 is followed, payments under the contract may be payable from and constitute solely an obligation against the taxing powers of the city or may be payable both from taxes and from such revenues as may be prescribed in the contract.

Concurrent services; allocation of costs

Sec. 9. Any contract or group of contracts under this Act may provide for services to be rendered concurrently by the district to more than one person through the construction and operation of a disposal system and provide that the cost of such services shall be allocated among the several persons as determined in the contract or group of contracts.

Sec. 9 amended by Acts 1969, 61st Leg., p. 2287, ch. 769, § 8, eff. Sept. 1, 1969.

Bonds; form and denomination

Sec. 10. For the purpose of acquiring, constructing, improving, enlarging, extending and repairing a disposal system or disposal systems, a district is authorized to issue bonds payable from and secured by a pledge of all or any part of revenues under any contract or contracts it enters into under this Act and from any other income pledged by the district. Said bonds shall constitute investment securities governed by Chapter Eight, Uniform Commercial Code,¹ and shall be in such form and denomination and shall bear such rate or rates of interest as are prescribed by the governing body of the district. A district is likewise authorized to refund any bonds issued under this Act upon such terms and conditions and bearing such rate or rates of interest as the governing body may prescribe. Said bonds may be sold at such price or prices and upon the terms determined by the governing body of the district at public or private sale or may be exchanged for property of any kind, real, personal or mixed, or any interest therein deemed necessary or convenient to the purposes authorized by this Act. Pending the issuance of definitive bonds, a district may issue negotiable interim bonds or obligations eligible for exchange or substitution by use of definitive bonds.

Liberal construction; powers not in derogation of existing powers; repealer

Sec. 17. This Act and all of the terms and provisions hereof shall be liberally construed to effectuate the purposes set forth herein, and the

powers granted under this Act shall be in addition to and not in derogation of any and all existing powers or any district or public agency. Chapter 263, Acts of the 59th Legislature (codified as Article 8197g, Vernon's Texas Civil Statutes), is hereby repealed; otherwise, this Act shall not be deemed to repeal, expressly or by implication, any power or right granted to any district or to any public agency, and any district or public agency having powers under existing law similar to or in the nature of those granted hereunder may continue to operate and act in the exercise of such powers or may operate and act under the powers granted herein or both. This Act shall, however, constitute full authority for any district and any public agency to enter into any contracts as authorized herein and for any district to authorize and issue bonds in accordance with the provisions hereof, without reference to the provisions of any other general or special law or specific act or charter and no other general or special law or specific act or charter provision which in any way limits or restricts or imposes additional requirements upon the carrying out of any of the matters herein authorized to be done shall ever be construed as applying to any action or proceedings taken hereunder or done pursuant hereto except as expressly provided to the contrary in this Act.

Art. 7880—20b. Appointment of district directors; cities and towns in counties of 900,000 to 1,000,000; annexation authority

Section 1. This Act shall apply to all incorporated cities and towns, including Home Rule cities and those operating under the general laws or special charters, located in counties having a population of not less than 900,000 and not more than 1,000,000 inhabitants according to the last preceding Federal census, (hereinafter called "city" or ("cities")), wherein a part of the territory of a water control and improvement district, (organized under Chapter 25, Acts, 39th Legislature, Regular Session, 1925), is located within more than one of such cities and a part of which is located outside the corporate limits of such cities. Nothing in this Act shall affect in any way Water District or Conservation District created by Chapter 62, Acts of the Regular Session of the 52nd Legislature (Article 8280—141, Vernon's Annotated Civil Statutes) or by Chapter 78, Acts of the Regular Session of the 53rd Legislature (Article 8280—147, Vernon's Annotated Civil Statutes).

Sec. 2. The governing body of any such city in which the largest portion of the territory of any such water control and improvement district is located may, by ordinance, appoint the members of its governing body including the mayor, as the members of the Board of Directors of such water control and improvement district and shall succeed to all of the powers and duties imposed upon such Board by law and such Board shall thereafter be abolished and the terms of office of its members shall be terminated. The city, immediately upon passage of such ordinance, shall send a copy of the same to the Board of Directors of such water control and improvement district by certified mail, return receipt requested, and such ordinance shall not become effective until it has been approved by resolution duly adopted by the Board of Directors of such water control and improvement district. Provided, however, in the event the Board of Directors of such water control and improvement district fail to approve such ordinance within twenty-one days from the date of its receipt by them, said ordinance shall become null and void.

Provided, however, in the event that such ordinance is adopted neither such city nor water control and improvement district shall have the power to extend the boundaries of either such city or district into the corporate limits or extraterritorial annexation jurisdiction of any other city or town, including Home Rule cities; and, further providing that any city, in whose corporate limits a minority portion of the territory of any such water control and improvement district lies, may by ordinance exclude such water control and improvement district from further operation, jurisdictional power or authority from such city's corporate limits. That any such city excluding from its corporate limits the further operation, jurisdictional power or authority of such water control and improvement district from its corporate limits shall by agreement with such water control and improvement district, purchase the existing facilities of such water control and improvement district within the territory to be excluded, and such purchase price shall provide for the payment of pro rata share of such excluded territory's bonded indebtedness.

Sec. 3. The mayor of such cities shall act as presiding officer and the governing body of such city shall thereafter conduct its meetings as both Board of Directors and city council and shall consolidate all functions, powers and duties of both city and water control and improvement district. All equipment and personnel of both such city and district may be used interchangeably to effect the most economical operation and avoid unnecessary duplication of work and expense in the performance of all of such functions, powers and duties. The mayor shall only vote in case of ties.

Sec. 4. Members of the governing body of any such city who shall assume the duties as Directors of such water control and improvement districts under this Act shall receive no fees of office.

Title of Act:

An Act relating to water control and improvement districts, with certain exceptions, the territory of which is located in more than one city or town and outside thereof in counties having a population of not less than 900,000 and not more than 1,000,000 inhabitants according to the last preceding Federal census; providing that the governing body of the city in which the largest portion of territory of such

water control and improvement district is located may be appointed as the Board of Directors of such district; restricting annexation authority of such city and water control and improvement district; providing for the exclusion of such water control districts from certain cities and the purchase of existing facilities therefrom; and declaring an emergency. Acts 1969, 61st Leg., p. 2472, ch. 832.

Art. 7880—75d. Annexation of territory annexed to a city within district

Territory heretofore or hereafter annexed to any city contained in a district organized under the provisions of this Chapter and providing water or sewer services to such city or its inhabitants thereof may be annexed to such district in the following manner:

(1) At any time after final passage of an ordinance or resolution annexing territory to such city, the Board of Directors of the District may issue a notice of hearing on the question of annexing said territory or any part thereof. Such notice shall be sufficient if it states the date and place of the hearing, a description of the area proposed to be annexed, but in lieu of such description the notice may make reference to the annexation ordinance of the city.

(2) The notice shall be published one time in a newspaper having general circulation in the city which made the annexation, such publication to be at least ten (10) days before the date set for the hearing. Additional notice by certified mail shall be given to a railroad, at its latest address appearing on the tax rolls of the city, district or county where the territory to be annexed contains any railroad right of way or property.

(3) If, pursuant to such hearing, the Board of Directors finds that the territory proposed to be annexed will be benefited by the facilities or services afforded or to be afforded by the District, the Board shall adopt a resolution annexing said territory to the District.

(4) After territory is added to the District, the Board of Directors of the District may call an election over the entire District for the purpose of determining whether the entire District as enlarged shall assume the tax-supported bonds then outstanding and those theretofore voted but not yet sold and whether an ad valorem tax shall be levied upon all taxable property within the District as enlarged for the payment thereof. Such election shall be called and held in the same manner as elections for the issuance of bonds as provided in this Chapter.

Section 2 of the Act of 1969 was a severability clause.

Art. 7880—126. Eminent domain

For the purpose of condemning property (as herein defined), all Districts now operating or hereafter to be operating, as Water Control and Improvement Districts, shall have the right to proceed as hereinafter provided for, viz:

* * * * *

For Annotations and Historical Notes, see V.A.T.S.

(1) At, or before, the hearing upon the filed report of the Tribunal of Appraisalment, any owner of land, or other property, affected by such report, or by the District's plans for improvements, either in person, or by an attorney or other agent, may file exceptions to all or any part of such report, and any person as to whose property no damages have been assessed, and who believes that his land, or other property, will be damaged by carrying out the plans for improvements, may, and shall, also file with the District a claim for such damages:

Said Tribunal, at the time and place named in such notice, shall proceed to hear evidence and determine all such objections and claims for damages, and shall make such changes and modifications from time to time as will cause its proposed decree to conform to the justice of each case under the facts presented; they may grant, in whole or in part, or may overrule, any claim for compensation or damage, or any other exception to their proposed report. Such hearing may be recessed from one day or place to other days and places, to be announced in open meeting, until all persons desiring a hearing have been heard.

When said Tribunal shall have finally determined all presented matters, concerning their proposed report, they shall enter their final decree concerning such proposed report insofar as it is confirmed, and approving and confirming the same as modified or changed, insofar as the same has been modified and changed, and shall in their decree condemn all such land, easements, rights of way, or other property, within or without the District, as shall have been deemed by the Directors of the District to be needed, and designated to make effectual and practicable the construction and operation of all works, improvements and services which may be planned ultimately to be provided by the District, and to accomplish any or all of the purposes designated in this Act. Said Tribunal shall have the power to apportion and adjudge costs incurred upon any hearing in such manner of allocation as may be deemed equitable. Such condemnation shall be either of the fee simple title, or of an easement only, as the Directors of the District may have elected and designated. The Tribunal shall adjudge and award all compensation for property to be taken, or placed under easement, and shall award all damages, if any there be allowable under the law.

A certified copy of the final decree of condemnation concerning the property in each county shall be filed with the County Clerk of such county for record, and such record shall be notice to all persons of the contents of such decree. The original decree shall be a permanent record of the District and shall also constitute notice. The final decrees of said Tribunal concerning any matter shall be subject to Appeal, or Judicial Review, in the manner hereby specified, and not otherwise: Such Appeal, or Review, may be effected in the following specific manner:

The Directors of the District, in the name and behalf of the District, or any person having an interest in the decree of the appraisers, may appeal from the decree assessing or refusing to assess damages, or fixing compensation for the value of property taken or subjected to an easement; the only questions which may be considered on appeal shall be, whether just compensation has been allowed, or whether any damages are lawfully recoverable. Such appeals shall be taken to the District Court having jurisdiction over the area in which the land condemned is situated, either in whole or in part. The Courts of Jurisdiction shall be such number as are required to provide appeals in the jurisdiction within which any given land is situated. All appeals for each given county shall, however, constitute one proceeding on the docket of any such court, as elsewhere is provided in this Act. Such District Courts shall have jurisdiction regardless of the amount or the number of the separate claims involved. Such appeal may be perfected as follows: Notice of appeal shall be given at any time within two (2) days after the entry of the

final decree by the Tribunal of Primary Jurisdiction by filing written notice of an appeal, which shall be a simple statement that the undersigned gives notice of appeal from the decree entered on the date stated, and specifying the exact claims sought to be established by such appeal. This notice shall be filed with the Secretary of the District, and appellant shall within five (5) days after the entry of the decree appealed from, file with the clerk of the court to which the appeal is being prosecuted an appeal bond with two or more good and sufficient sureties, in an amount to be double the costs, if any, already allocated to appellant, plus double the amount estimated by such clerk to be incurred on the appeal being taken. Such bond shall be payable to such clerk of the court to which the appeal is being prosecuted and shall be subjected to his approval as to sufficiency. The condition of such bond shall be that appellant will prosecute his appeal with effect, and pay all such costs as may be awarded against appellant by the court. Unless an appeal is perfected, as herein provided, within seven (7) days after the day of the rendition of the final decree of said Tribunal, such decree, as to any given matter not so appealed from shall be instantly final and conclusive, and there shall be no extension of time for the filing of an appeal bond. Within twelve (12) days after the entry of said final decree of condemnation, if appeal shall have been prosecuted therefrom, the Secretary of the District shall file with the clerk of such court a certified transcript of the final decree of condemnation, insofar as may be required to show the facts concerning the items of decision appealed from together with the original notices of appeal, or a certificate showing the names and addresses of all persons who gave notice of appeal, and to include the stated grounds upon which each of such appeals has been predicated, as herein provided, and it shall not be necessary to file any other or additional pleadings in said court. All appeals hereunder shall constitute one cause in the District Court and shall be so docketed. The docket shall, however, recite the name of each of the parties to the proceeding and shall be indexed accordingly. The court, upon motion, may grant, or refuse to grant, a severance as to any separate claim arising out of distinction as to ownership. It is provided that an appealing District shall not be required to give a bond for costs. Upon filing of said appeal, the court shall set the same down for a hearing, such appeal shall be trial de novo by the court and the court shall grant to any interested party the right to trial by jury upon request, and all proceeding before the court and relating thereto shall be in accordance with the provisions of the Texas Rules of Civil Procedure as applied to an ordinary civil case, notices of such hearings shall be given as prescribed by the Texas Rules of Civil Procedure as any other ordinary civil proceeding. An incomplete hearing may be recessed from one day to any other stated day, or may be continued to the next term, or succeeding terms, of the court. Such hearings shall be by the court given precedence over all civil causes upon the docket not of a character involving the public welfare, shall be concluded with all reasonable dispatch, and shall be as summary in character as is consistent with the doing of full and complete justice.

The court shall proceed to hear evidence proper to be considered under any filed exception. After having heard all evidence and argument offered, the court in termtime shall enter its final decree, either approving the decree of the Tribunal of Original Jurisdiction, modifying the same, or in any manner changing the same, so that the decree will in the court's judgment conform to the justice of each specific case. As to all matters not herein specifically, or by logical intent, provided for, the court's decree shall conform to the provisions of Title 52 of the Revised Civil Statutes of Texas.

Upon such appeals the claimant shall be considered the plaintiff, and the District shall be considered the defendant, save in those cases

For Annotations and Historical Notes, see V.A.T.S.

in which the District has filed exceptions to the report of the District's referees of appraisal. The admission of evidence and the fixing of awards, so far as applicable and not inconsistent herewith, shall be governed by the law and rules of procedure relating to trials and awards in damage suits. Appeals may be taken from the judgment of the District Court, as in civil cases, and each appeal shall constitute a separate cause upon the docket of the Court of Civil Appeals.

No appeal from the decree of the Tribunal to condemn shall delay possession of the condemned property or prosecution of the work; provided, however, the District shall set apart in its designated depository, out of its Construction Fund, a total sum of money to be not less than double the amount of the total award made by the Tribunal of Condemnation, plus such additional sum as may be deemed by the Directors of the District sufficient to pay the costs then incurred, and such costs as may be incurred upon appeal and said fund must be applied to such payment, and shall not be used for any other purpose. Certificate of such reserve shall be made by the depository bank to the clerk of the court in which appeals may be pending. The judge of said court, upon motion made by any aggrieved appellant, may, in case of evident abuse of discretion by the Directors of the District, require the Directors of the District to increase this reserve fund to a sum deemed by the judge to be adequate to discharge final awards, which must be complied with before the District shall be authorized to take possession of any property condemned, or to cause damage to any property. In case of appeals by the District, they shall not be required to give bond, nor can they be required to give bond for costs. However, upon compliance herewith the title to all lands, easements, rights of way, or other property condemned shall, after payment, or provision for payment, of compensation, vest in the District, and it shall be entitled to immediate possession thereof.

No person owning or having any interest in any property affected by the District's plans for improvements and service, or its condemnation proceedings had after the giving of notice as herein provided, who has failed to file claim, or objection, or who has failed to appeal from any adverse ruling by the Tribunal to condemn on any claim or objections, as herein provided, shall thereafter be heard to claim from the District, its officers, contractors, agents or employees, any compensation for property or damage to property other than that which may have been already awarded by the Tribunal. It is, however, understood that this provision shall not apply to claims not incidents of lawful condemnation, construction and operation.

1. ESTABLISHMENT

Art. 7899a. District projects financed by bond issues; feasibility investigations by Texas Water Rights Commission

The Texas Water Rights Commission shall be and is constituted a commission to investigate and report upon the organization and

feasibility of all fresh water supply districts created pursuant to Article 7881, et seq., Revised Civil Statutes of Texas, 1925, which shall issue bonds under the provisions thereof. All such districts desiring to issue bonds for any purpose shall submit in writing to the commission an application for investigation, together with a copy of the engineer's report and a copy of data, profiles, maps, plans, and specifications prepared in connection therewith. The commission or its designated agents shall examine same and shall visit the project and carefully inspect the same and may ask for and shall be supplied with additional data and information requisite to a reasonable and careful investigation of the project and proposed improvements. They shall file in their office in writing their suggestions for changes and improvement and furnish a copy thereof to the board of directors of such district. If the commission shall finally approve or refuse to approve such project, or the issuance of bonds for such improvements, they shall make a full written report thereon, file same in their office and furnish a copy of same to the board of directors of said district. During the course of construction of such project and improvements, no substantial alterations shall be made in the plans and specifications without the approval of the commission. The commission or its designated agent shall have full authority to inspect the works of improvement at any time during construction to determine if the project is being constructed in accordance with the plans and specifications approved by the commission. In the event the commission finds that the project is not being constructed in accordance with the approved plans and specifications, then the commission immediately shall notify in writing by certified mail each member of the board of directors of such water district and its manager, if there be one. If, within 10 days after the notice is mailed, the directors of the district do not take steps to insure that the project is being constructed in accordance with the approved plans and specifications, the commission shall give written notice of that fact to the attorney general. When the attorney general receives this notice, he may bring an action for injunctive relief, or he may bring quo warranto proceedings against the directors. Venue for either of these actions is exclusively in the District Court of Travis County. "Designated agent," as used in this section shall mean any licensed engineer selected by the commission to perform the functions as specified herein.
