The committee members shall serve from the date of their respective appointments until August 31, 1971. Members of the committee shall serve without compensation but each shall receive reimbursement for actual travel expense when on official business of the committee.

(b) The governor shall call the first meeting of the committee immediately after a majority of the members have accepted appointment and at that time the members shall elect a chairman and a vice chairman from among their number and adopt procedural rules governing membership and committee conduct.

(c) The committee may create advisory committees to perform officially and effectively the duties and responsibilities imposed by this section.

(d) A majority of the committee shall constitute a quorum.

(e) The committee shall have the responsibility of studying the relationship between the state and local school districts in financing the Minimum Foundation Program. They shall examine the structure of the economic index now in operation, ascertaining its weaknesses and its strengths. It shall review the findings of the Governor's Committee on Public School Education and evaluate information available relative to the financing of the Minimum Foundation Program. They shall explore all facets and all possibilities in relation to this problem area and shall recommend to a called session of the legislature or to

the 62nd Legislature convening in 1971 a specific formula or formulae to establish a fair and equitable basis for the division of the financial responsibility between the state and the various local school districts of Texas.

(f) There is hereby appropriated from the General Revenue Fund for the fiscal year ending August 31, 1970, the sum of \$25,000 to pay the expenses of the committee. Any unexpended balance of the original appropriation of \$25,000 is hereby reappropriated to carry out the work of the committee during the fiscal year beginning September 1, 1970.

(g) The State Board of Education and the committee shall coordinate their efforts and the State Board of Education shall cooperate with the committee and shall furnish professional, technical, and clerical staff when deemed necessary to implement the work of the committee. Every state agency, department, and institution, and every state, county, and school district official is directed to provide such information as may be requested by the committee and to assist the committee in accomplishing its objective.

(h) The committee shall report the results of its studies and make recommendations to the governor and to each member of the legislature not later than August 31, 1970. Because of the serious problem which exists in the financing of the Minimum Foundation Program and of apparent inequities in the allocation of funds to be provided by local school districts, the committee is encouraged to complete its work at the earliest possible date so that a solution might be found to be made applicable to the 1970-1971 school year.

**§ 16.72. Total Amount Chargeable to Districts**

(a) The sum of the amounts to be charged for the 1969-1970 school year against the local school districts of the state toward the Foundation School Program shall be \$180,800,000, to which shall be added by the State Board of Education at its July meeting in 1969, 20 percent of the estimated increased cost of the Foundation Program authorized by Acts of the 61st Legislature amending the Foundation School Program.

(b) The sum of the amounts to be charged for the 1970-1971 school year against the local school districts of the state toward the Foundation School Program shall be \$204,900,000, to which shall be added by the State Board of Education at its March meeting in 1970, 20 percent of the estimated increased cost of the Foundation Program authorized by Acts of the 61st Legislature amending the Foundation School Program.

(c) For the 1971-1972 school year, and for each school year thereafter, the sum of the amounts to be charged against the local school districts of the state toward the Foundation School Program shall be 20 percent of the estimated total cost of the Foundation School Program for the immediately preceding school year, plus an amount equal to the difference between the gross local fund assignment and the net local fund assignment for the immediately preceding school year.

[Acts 1969, 61st Leg., p. 2824, ch. 889, § 1, eff. Sept. 1, 1969; Acts 1971, 62nd Leg., p. 1508, ch. 405, § 31, eff. May 26, 1971.]

**§ 16.73. Estimate of Total Cost of Program; Local Assignment**

At its regular meeting in March, 1971, and at each regular meeting in March thereafter, the State Board of Education, after receiving the recommendation of the state commissioner of education, shall estimate the total cost of the Foundation School Program for the then current school year, based upon laws and approved school budgets in effect on the date when such estimate is made. Within 30 days after such estimate has been made, the state commissioner of education, subject to the approval of the State Board of Education, shall assign to each school district, according to its taxpaying ability as determined in this subchapter, its proportionate part of such total to be raised locally for the next school year and applied towards the financing of its Minimum Foundation School Program.

[Acts 1969, 61st Leg., p. 2824, ch. 889, § 1, eff. Sept. 1, 1969; Acts 1971, 62nd Leg., p. 1509, ch. 405, § 31, eff. May 26, 1971.]

**§ 16.74. County Economic Index**

(a) The state commissioner of education, subject to approval by the State Board of Education shall, not later than the first week in March of each year, calculate an economic index of the financial ability of each county to support the Foundation School Program. This index shall be calculated to approximate each county's percentage of statewide taxpaying ability and shall constitute for the purpose of this subchapter a measure of that county's ability, in relation to that of other counties in the state, to support schools.

(b) The economic index for each county shall be based upon and determined by the following weighted factors:

- (1) assessed property valuation of the county, weighted by twenty;
- (2) scholastic population of the county, weighted by eight; and
- (3) income for the county as measured by value added by manufacture, value of minerals produced, value of agricultural products, payrolls for retail establishments, payrolls for wholesale establishments, and payrolls for service establishments, all weighted collectively by seventy-two.

(c) The commissioner of education, subject to approval by the State Board of Education, shall annually recompute not later than the first week in March, a new economic index using an average of data for a three-year period which shall be taken from the most recently available official publications and reports of state and federal agencies.

[Acts 1969, 61st Leg., p. 2825, ch. 889, § 1, eff. Sept. 1, 1969.]

**§ 16.741. Livestock Sales From Feedlots**

(a) In calculating an economic index of the financial ability of each county to support the Foundation School Program pursuant to Section 16.74 of this code, the commissioner of education shall calculate the value of cattle or other animal sales from feedlots at the net increase in value while in the feedlot.

(b) The "net increase in value in a feedlot" is arrived at by using the latest three years' average of the Federal Reserve Bank's interest rate as of Janu-

ary 1 of each year to which is added one and one-half percentage points. This total interest rate percentage figure then multiplied by the average sale value of cattle or other animals from the feedlot, will result in the net increase in value while in a feedlot, and is the figure that shall be used to carry out the purposes of this section.

[Acts 1971, 62nd Leg., p. 1494, ch. 405, § 21, eff. May 26, 1971.]

#### § 16.75. County Assignment

For the school year beginning 1971-1972 and each school year thereafter, the state commissioner of education shall calculate and determine the total sum of local funds that the school districts of a county shall be assigned to contribute toward the total cost of the Foundation School Program by multiplying 20 percent of the estimated Foundation Program cost for the immediately preceding school year, plus an amount equal to the difference between the gross local fund assignment and the net local fund assignment for the immediately preceding school year, as determined under the provisions of this subchapter by the economic index determined for each county. The product shall be regarded as the local funds available in each respective county toward the support of the Foundation School Program and shall be used in calculating the portion of said amount which shall be assigned to each school district in the county.

[Acts 1969, 61st Leg., p. 2825, ch. 889, § 1, eff. Sept. 1, 1969; Acts 1971, 62nd Leg., p. 1509, ch. 405, § 32, eff. May 26, 1971.]

#### § 16.76. School District Assignment

(a) The amount of local funds to be charged to each school district and used therein for support of the Foundation School Program shall be calculated and determined by the state commissioner of education as follows: Divide the state and county assessed valuation of all property in the county subject to school district taxation for the next preceding school year into state and county assessed valuation of the district for the next preceding school year, finding the district's percentage of the county valuation. Multiply the district's percentage of the county valuation by the amount of funds assigned to all of the districts in the county. The product shall be the amount of local funds that the district shall be assigned to raise toward the financing of its Foundation School Program.

(b) In any district containing state university-owned land, state-owned prison land, land in one or more parcels comprising a total area in excess of 7,000 acres used for municipal cooling lakes in the generation of electricity in counties having a population of more than 700,000 according to the last preceding federal census, federal-owned forestry land, federal-owned reservoirs, federal-owned recreation areas, federal-owned military reservations, or federal-owned Indian reservations, the amount assigned to a school district shall be reduced in the proportion that the area included in the above named classification bears to the total area of the district. For purposes hereof, state university owned land is defined to mean and include also state owned land located in Brazos County and devoted to the use of Texas A & M University, land owned by East Texas State University in Hunt County, land

owned by Pan American University, land owned by Texas Tech University in Carson County, and land located in McLennan County and devoted to the use of Texas State Technical Institute.

(c) No local fund assignment shall be charged to the Boy's Ranch Independent School District in Oldham County, the Bexar County School for Boys Independent School District in Bexar County, the Bexar County School for Girls Independent School District in Bexar County, or to any independent school district which is located in its entirety within the boundaries of a federally-owned military reservation.

(d) Beginning with the school year 1967-1968, and thereafter, in any school district having three percent or more of its total scholastic population for the preceding school year composed of scholastic residents and transfers of tax-exempt institutions for orphan, dependent, and/or neglected children, the amount assigned to such a district shall be reduced for the current school year by an amount equal to the product of the total average daily attendance of students who were residents and/or transfers of such tax exempt institutions during the preceding school year multiplied by \$151.50. The superintendent of any district desiring to receive such a reduction in assignment and qualifying therefor shall certify to the Central Education Agency, not later than December 1 of each year, the following information:

- (1) the total average daily attendance of the school district determined for students residing in the district for the preceding school year;
- (2) the average daily attendance for the preceding school year determined for the scholastic residents of the tax exempt institutions for orphan, dependent, and/or neglected children; and
- (3) a list showing the name of each such institution scholastic, the total daily attendance earned for such students in the preceding school year, and the name and address of the institution.

(e) If the revenue that would be derived from the legal maximum local maintenance school tax is less than the amount assigned to a school district according to its economic index, and if the district's property valuation is not less than the same property's valuation for state and county purposes, the lesser amount shall be assigned to be raised by such school district.

(f) Failure of a school district to collect local maintenance school funds equal to its assigned amount will not make the district ineligible for full state per capita apportionment and full foundation school fund grants, but the assigned amount shall be charged against the district as budgetary receipts whether or not actually collected.

(g) The amount of local funds assigned to a contract district, as provided for in Section 16.11(i) of this code, shall be assigned to the receiving district and all local taxes, except those required for the interest and sinking fund, shall be credited as collected to the receiving school district.

(h) If a district other than a contract district has no school, the amount of local funds assigned to, and local taxes collected from, such district shall be transferred for the current year to the receiving

district in which such children attend school. But if its pupils attend schools in more than one receiving district, local fund assignments and local taxes shall be apportioned for the current year between such receiving districts according to the number of transfers to each.

(i) If any school district has a budgetary income, as provided above in Section 16.71(1) and (2) of this code, in excess of the amount needed to operate a minimum Foundation School Program and transfers pupils to another district, it shall pay to the receiving district a proportionate part of such excess, based upon the ratio of the number transferred to its enumerated scholastic population, and this excess portion shall be charged to such receiving district.

(j) The sum of the amounts assigned to the several parts of a county-line school district shall be the amount assigned to be raised by such district for financing its Foundation School Program.

June 14, 1973.]

**§ 16.77. Notification of Local Fund Assignment**

(a) The county tax assessor-collector in each county, in addition to his other duties prescribed by law, shall certify to the state commissioner of education, not later than December 1 of each year, the following information:

(1) the assessed valuation, on a state and county valuation basis, of all property subject to school district taxation in each school district, or portion of a school district in such county, and the total assessed valuation of all property subject to school district taxation in the county;

(2) the total area of each school district; and

(3) the area within each school district comprised of state university-owned land, state-owned prison land, federal-owned forestry land, federal-owned reservoirs, federal-owned recreation areas, federal-owned military reservations, and/or federal-owned Indian reservation.

(b) Should any county tax assessor collector fail to submit such certificates to the state commissioner of education, the state comptroller of public accounts is directed to do so, estimating when necessary.

(c) As soon after the receipt of such certificates as practicable, and prior to setting the respective tax rates for the school districts of the county, the state commissioner of education shall notify each school district of the amount of local funds that such district is assigned to raise for the succeeding school year.

(d) If there has been a marked increase or decrease in the assessed valuation of a school district within a county, and if the county school board, after certifying that the use of the preceding year's county and school district valuations for determining local fund assignments would be inequitable, recommends a different distribution of the county total than that made by the state commissioner of education, then such recommendations, subject to the commissioner's approval, shall become and be the lawful local fund assignments for such district.

[Acts 1969, 61st Leg., p. 2827, ch. 889, § 1, eff. Sept. 1, 1969; Acts 1971, 62nd Leg., p. 1495, ch. 405, § 24, eff. May 26, 1971.]

**§ 16.78. Excess of Local Funds Over Amount Assigned.**

Any local maintenance funds in excess of the amount assigned to a district may be expended for any lawful school purpose or carried over into the next school year.

[Acts 1969, 61st Leg., p. 2827, ch. 889, § 1, eff. Sept. 1, 1969.]

**§ 16.79. Administration of Foundation School Program**

(a) It shall be the duty of the State Board of Education, State Board for Vocational Education, and the state commissioner of education to take such action, require such reports, and make such rules and regulations consistent with the terms of this chapter as may be necessary to carry out its provisions.

(b) The state commissioner of education shall determine annually:

(1) the amount of money necessary to operate a Foundation School Program in each school district;

(2) the amount of local funds to be assigned and charged to each school district; and

(3) the per capita apportionment from state and county available school funds available to each school district.

(c) The commissioner of education shall then grant to each school district from the foundation school fund appropriation the amount of funds necessary to provide the difference between subdivision (1) and the sum of subdivisions (2) and (3) of Subsection (b) of this section.

(d) The commissioner shall approve warrants to each school district equaling the amount of its grant. Warrants for all money expended according to the provisions of this chapter shall be approved and transmitted to treasurers or depositories of school districts in the same manner as warrants for state apportionment are now transmitted.

[Acts 1969, 61st Leg., p. 2827, ch. 889, § 1, eff. Sept. 1, 1969.]

**§ 16.80. Dormant School Districts**

(a) The county school boards of all counties of the state are authorized and required to consolidate by order of said board each dormant school district within the county with an adjoining district or districts.

(b) The term "dormant school district" means any school district that fails for any two successive years to operate a school in the district.

(c) The governing board of the district with which a dormant school district is consolidated shall continue to be the governing board for the new district.

(d) In each case, the consolidation order of the county school board shall define by legal boundary description the territory of the new district as so enlarged and shall be recorded in the minutes of the county school board as provided by law.

(e) Elections shall be held when required by law in such consolidated districts for the assumption of

outstanding bonds, if any, for the levying of taxes therefor, and for the levying of a local maintenance tax.

(f) If a county-line district is or becomes dormant, the consolidation provisions of this section shall apply to all counties affected to the extent of territory in each.

[Acts 1969, 61st Leg., p. 2828, ch. 889, § 1, eff. Sept. 1, 1969.]

#### § 16.81. Territory Not in School District

(a) All property subject to school district taxation in the state must be included within the limits of a school district and a proper and proportionate tax paid thereon for school purposes. Therefore, at any time it may be determined there is territory located in a county but not within the described limits of a school district, the county school board is authorized and required to add such territory to an adjoining district or districts.

(b) In each case, the order of consolidation shall define by legal boundary description the territory of the new district and shall be recorded in the minutes of the county school board as provided by law.

(c) Elections shall be held as provided by law in such new districts for the assumption of outstanding bonds, if any, for the levying of taxes therefor, and for the levying of a local maintenance tax.

[Acts 1969, 61st Leg., p. 2828, ch. 889, § 1, eff. Sept. 1, 1969.]

#### § 16.82. Cumulative Effect

The provisions of Sections 16.80 and 16.81 of this code shall not be construed to repeal, supercede or limit any existing law providing other methods for school district consolidation and annexation.

[Acts 1969, 61st Leg., p. 2829, ch. 889, § 1, eff. Sept. 1, 1969.]

#### § 16.83. Falsification of Records, Report

(a) When, in the opinion of the director of school audits of the Central Education Agency, audits or reviews of accounting, enrollment, or other records of a school district reveal deliberate falsification of such records, or violation of the provisions of this chapter, whereby the district's share of state funds allocated under authority of this chapter would be, or has been, illegally increased, said director shall promptly and fully report such fact direct to the State Board of Education and to the state auditor.

(b) In the event of overallocation of such funds, as determined by the State Board of Education or the state auditor by reference to the director's report, the Central Education Agency shall, by withholding from subsequent allocations of state funds, recover from such district an amount, or amounts, equal to the overallocation.

[Acts 1969, 61st Leg., p. 2829, ch. 889, § 1, eff. Sept. 1, 1969.]

### SUBCHAPTER G-1. FOUR-QUARTER SCHOOL YEAR

#### § 16.861. Transition to Four-Quarter System; Curriculum Revision

The Central Education Agency shall prepare a reorganized curriculum based on operation of the schools on a quarter basis. The revision shall be so

structured that the material covered during the present school year of two semesters is covered in three three-month quarters. The agency shall distribute this restructured curriculum to each school district in the state in sufficient time so that the new curriculum can be put into operation beginning with the 1972-1973 school year.

[Acts 1971, 62nd Leg., p. 2054, ch. 632, § 1, eff. Aug. 30, 1971.]

#### § 16.862. Operation on Quarter Basis

Beginning with the 1972-1973 school year, each school district in this state may operate on the basis of a quarter system, and beginning with the 1975-76 school year, each school district shall operate on the basis of a quarter system, with the schools being in operation during at least three quarters during each school year, providing 180 days of instruction for students and 10 days of inservice education for teachers.

[Acts 1971, 62nd Leg., p. 2054, ch. 632, § 1, eff. Aug. 30, 1971; Acts 1973, 63rd Leg., p. 5, ch. 4, § 1, eff. Feb. 27, 1973.]

#### § 16.863. Foundation School Program Credit

Each school district shall receive average daily attendance credit under the Foundation School Program for attendance by a student for any three quarters during any one school year.

[Acts 1971, 62nd Leg., p. 2054, ch. 632, § 1, eff. Aug. 30, 1971.]

#### § 16.864. Four-Quarter Operation Authorized

(a) A school district may choose to operate all or some of its schools for all four quarters of the school year. This choice shall be approved or disapproved by the district school board in a regularly scheduled open meeting. If a district so chooses, no credit for average daily attendance under the Foundation School Program may be given to the district for attendance by any one student for more than three quarters during any one school year. Attendance by a student for his fourth quarter must be financed either by the student on a tuition basis or by the district from its own funds, at the option of the district.

(b) A district operating during all four quarters of the school year shall decide which students are to attend school during which quarters. However, schedules shall be so arranged that all members of a family attending the schools of a district may attend the same three quarters.

(c) A district operating during all four quarters of the school year may not require a teacher to teach more than three quarters plus the number of days provided by law for inservice education and preparation during any one school year. A teacher or other school employee under the Minimum Foundation Program who elects to work four quarters during a school year shall receive a minimum salary which is increased proportionately in compliance with the state compensation plan.

(d) A district operating during all four quarters of the school year may not require a student to attend more than three quarters.

[Acts 1971, 62nd Leg., p. 2054, ch. 632, § 1, eff. Aug. 30, 1971.]

SUBCHAPTER H. QUARTERLY SEMESTER PILOT PROGRAMS

§§ 16.91 to 16.95. Repealed by Acts 1971, 62nd Leg., p. 2054, ch. 632, § 2, eff. Sept. 1, 1972

This subchapter, consisting of sections 16.91 to 16.95, enacted by Acts 1969, 61st Leg., p. 2735, ch. 889, § 1, provided a program for the exploration of operating quarterly semester pilot programs and established the basis upon which the cost of such programs would be borne by the state and each participating district. See, now, Subchapter G-1, section 16.861 et seq.

The repealed sections were derived from Acts 1967, 60th Leg., p. 1827, ch. 706, §§ 1 to 5, classified as Civil Statutes, Art. 2922-26, §§ 1 to 5.

SUBCHAPTER H-1. THREE-SEMESTER PILOT PROGRAMS

§ 16.971. Pilot Program

For the purpose of exploring the feasibility of operating three-semester pilot programs, public school districts of this state are hereby authorized to operate (in lieu of the usual 9-month program) a 12-month school year program and to receive allocation of state aid toward financing the additional 3-month operation from the Foundation Program Fund, determined in the manner prescribed in this subchapter. Provided, however, that the district shall operate such 12-month program under its proposed plan submitted to the Central Education Agency, and subject to approval of the agency as meeting policy and regulations established and adopted by the State Board of Education applicable thereto.

[Acts 1971, 62nd Leg., p. 1449, ch. 405, § 25, eff. May 26, 1971.]

§ 16.972. Limitation

(a) Three-semester pilot programs, annually approvable under this subchapter, shall be restricted in number to involve a maximum of 10 programs not to exceed 100,000 pupils, based on average daily attendance in the preceding school year, and the attendance of eligible pupils shall be restricted to two semesters out of the three-semester program.

(b) For purposes only of this pilot program, any child otherwise eligible who becomes six years of age after September 1 may be admitted to public school in any following semester beginning after he has reached six years of age, and such attendance shall be counted as eligible attendance for allocation purposes of the Foundation School Program Fund.

[Acts 1971, 62nd Leg., p. 1449, ch. 405, § 25, eff. May 26, 1971.]

§ 16.973. Cost Basis

The cost of operating such approved three-semester pilot programs shall be borne by the state and each participating district on the same percentage basis that applies to financing the Foundation School Program within the respective district.

[Acts 1971, 62nd Leg., p. 1449, ch. 405, § 25, eff. May 26, 1971.]

§ 16.974. Calculation of Costs

For purpose of computing authorized state aid and allocations under this subchapter, the cost of the program shall be ascertained as follows:

(1) The district's average daily attendance for classroom teacher unit eligibility and allocations shall be determined on a three-semester basis, limiting eligible pupil attendance to two semesters within each scholastic year. Eligibility for special service teachers, supervisors and/or counselors, head teachers, part-time principals, and full-time principals shall be determined by dividing the total aggregate days of attendance in the pilot program by the number of days that instruction is offered during two semesters, determined to the best advantage of the district.

(2) An additional salary adjustment, based on the state minimum salary schedule, shall be added for classroom teacher units occasioned by a 12-month operation. Provided further that the number of months and salary, based on the state minimum salary schedule, for eligible special service teachers, supervisors and/or counselors, head teachers, part-time principals, and full-time principals shall be allowed for 12 months.

(3) The total current operating costs of each pilot program as herein described, other than professional salaries and transportation, shall be determined by multiplying the number of classroom teacher units and exceptional teacher units times the number of months employed times \$67.

(4) An additional transportation allotment shall be added not to exceed the amount of one-third of the transportation allotment as normally computed for a nine-month operation.

[Acts 1971, 62nd Leg., p. 1449, ch. 405, § 25, eff. May 26, 1971.]

§ 16.975. State's Share of Cost

The state's share of the cost shall be paid from the Minimum Foundation Program Fund, and this cost shall be considered by the Foundation Program Committee in estimating the funds needed for Foundation School Program purposes.

[Acts 1971, 62nd Leg., p. 1449, ch. 405, § 25, eff. May 26, 1971.]

[Sections 16.976 to 16.979 reserved for expansion]

SUBCHAPTER I. SUPPLEMENTAL STATE SALARY AID TO SCHOOL DISTRICTS

§ 16.98. Supplemental State Salary Aid

(a) Established hereby is a program to provide supplemental state salary aid to public free school districts in addition to funds provided under any other provision of the laws or constitution of this state. Purpose of this supplementary aid program: To encourage higher salaries for classroom teachers as defined herein, of grades one through twelve.

(b) "Classroom teacher" for purposes of this program shall mean any professionally qualified teacher employed full time by a school district and spending at least one-half of his working time in actual instruction of pupils in regularly organized and scheduled classes, vocational and exceptional teachers included.

(c) Entitlement of each district for supplemental state aid authorized herein shall be determined by adding the number of classroom, vocational and exceptional teacher units allocated only to districts eligible under those provisions of foundation school program described under Sections 16.13, 16.14 and 16.16 of this code, and multiplying the sum of all such classroom teachers as herein defined by \$50.

(d) A school district may establish eligibility to receive funds to the amount determined under Subsection (c) of this section by submitting to the Central Education Agency a plan which shall meet the following conditions:

(1) State funds to be utilized as salary from amount determined under Subsection (c) of this section shall constitute not more than the same percentage of the total amount disbursed as supplemental salary to classroom teachers as the state share of the foundation school program in each participating school district; and

(2) All funds received as supplemental salary aid shall be paid as supplemental salary to persons who qualify as classroom teachers and of districts as defined in above Subsections (b) and (c) of this section; and

(3) Supplemental salary paid to any such classroom teacher shall be in addition to the salary to which such teacher is entitled under the regularly established salary policy of the school district; and

(4) Not less than ten percent of such classroom teachers employed by the school district shall participate in the state-aid supplemental salary funds disbursed to any district, and no classroom teacher shall receive less than \$100 or in excess of \$1000 in any school year.

(e) On or before its first meeting day of each fiscal year, the State Board of Education shall certify to the comptroller of public accounts the amount of money required to meet the provisions of this salary aid program. (a) The county school trustees or county board of education, as the case may be, in each county of this state shall have the authority, when duly petitioned as herein provided and in compliance with the limitations of Subchapter K of this chapter,<sup>1</sup> to detach from and annex to any school district territory contiguous to the common boundary line of the two districts.

(b) The petition requesting detachment and annexation must:

(1) be signed by a majority of the qualified voters residing in the territory to be detached from one district and added to the other; and

(2) give the metes and bounds of the territory to be detached from one district and added to the other.

(c) The proposed annexation must be approved by a majority of the board of trustees of the district to which the annexation is to be made.

(d) Unless the petition is signed by a majority of the trustees of the district from which the territory is to be detached, no school district territory may be detached where the ratio of the number of scholastics residing in the area to be detached to the total number of the scholastics residing in the district from which the territory is to be detached is less

than one-half the ratio of the assessed valuation (based on preceding year valuations) in the territory to be detached to the total assessed valuation (based on the preceding year valuations) of the district from which the area is to be detached.

(e) No school district may be reduced to an area of less than nine square miles.

(f) Upon receipt of the petition and notice of the approval as required by this section, the county governing board shall notify the trustees of any other common school districts which may be affected by any contemplated change and specify the place and date at which a hearing on the matter shall be held and at which the trustees of any common school district to be affected shall be given an opportunity to be heard.

(g) After the conclusion of the hearing, the county governing board may pass an order transferring the territory and redefining the boundaries of the district affected by the transfer. The order shall be recorded in the minutes of the county governing board.

(h) Any outstanding indebtedness affected by a change in boundaries shall be adjusted by the county governing board as provided in Subchapter N of this chapter.<sup>2</sup>

#### § 19.262. Annexation of Districts in Larger Counties

(a) In every county in this state having a population of 210,000 or more according to the last preceding Federal census, any school district may be annexed to any contiguous independent school district as herein provided.

(b) There shall be presented to the county school trustees or county board of education, as the case may be, a petition which shall:

- (1) request annexation to a specified independent school district;
- (2) state the metes and bounds of the district proposed to be annexed; and
- (3) be signed by a majority of the board of trustees of the district seeking annexation or by not less than 20 qualified voters of such district.

(c) The proposed annexation must be approved by a majority of the board of trustees of the independent school district to which the petitioning district seeks to be annexed.

(d) Upon receipt of the petition and notice of approval, the county governing board, if the proposed annexation appears to it to be in the best interest of the districts affected, shall enter its order for an election to be held within the petitioning district at its expense.

(e) The following propositions shall be submitted at the election: "For the annexation of \_\_\_\_\_ School District to \_\_\_\_\_ School District" and the contrary thereof.

(f) No election in the receiving district shall be necessary on the question of annexation and the governing board of the receiving independent school district, without the necessity of an additional election, shall have the power to assess, levy and

collect ad valorem taxes on all taxable property within the boundaries of the district as changed, for the purposes of the maintenance of public free schools therein, and the payment of principal of and interest on all bonded indebtedness outstanding against, or attributable, adjusted or allocated to, such district or any territory therein, in the amount, at the rate, or not to exceed the rate, and in the manner authorized in the district prior to the change in its boundaries, and further in accordance with the laws under which all such bonds, respectively, were voted; and such governing body also shall have the power, without the necessity of an additional election, to sell and deliver any unissued bonds voted in the district prior to any such change in boundaries, and to assess, levy and collect ad valorem taxes on all taxable property in the district as changed, for the payment of principal of and interest on such bonds in the manner permitted by the laws under which such bonds were voted.

(g) The county governing board and the board of trustees of the receiving district shall each enter an order on its minutes:

- (1) declaring the petitioning district to be duly annexed to the receiving district and subject to all the laws governing the same; and
- (2) redefining the boundaries of the receiving district showing the annexation.

(h) A certified copy of the order of the county governing board shall be transmitted to the county clerk of the county and recorded in the "Record of School Districts" of the county.

(i) Title to all property, real and personal, of the annexed district shall vest in the receiving district. The receiving district shall have complete authority over and management of the public schools in the territory annexed.

(j) The receiving district shall assume all outstanding indebtedness of the annexed district, bonded or otherwise. Any tax in effect in the receiving independent school district shall continue and become effective and apply to the entire independent district as constituted after annexation is completed.

(k) The independent receiving district shall continue as the same district and operate in all respects as it was prior to the annexation except that the annexed territory shall become liable for all indebtedness, subject to all taxes, and be a part thereof for all purposes as though originally included in the independent district.

[Acts 1969, 61st Leg., p. 2883, ch. 889, § 1, eff. Sept. 1, 1969.]

#### § 19.263. Creation of Districts in Response to Petition for Detachment

(a) Subject to the limitations contained in Subchapter K of this chapter,<sup>1</sup> and in conformity with the following provisions, new school districts, either independent or common, may be created by detaching territory from existing contiguous districts and uniting such territory into a new district.

(b) A petition requesting the creation of a new school district shall:

- (1) give the metes and bounds of the proposed new district;
- (2) be signed by a majority of the qualified voters residing in each territory to be detached from an existing district; and

(3) be addressed to the county governing board of the county in which the territory of the proposed district is located, or, if the territory is in more than one county, to the county governing board of the county in which the principal school of the new district is to be located and in which the administrative jurisdiction of the proposed district is to be vested.

(c) The county governing board to which the petition is addressed must give notice of the proposed action in writing to the officers of the boards of trustees of each district whose area would be affected by the creation of the proposed district. The officers of the boards of trustees of each district to be affected must be given an opportunity to be heard by the county governing board to whom the petition is addressed.

(d) In the event the territory to be detached from any district exceeds 10 percent of the total area of the district, the proposed detachment must be approved in writing by a majority of the board of trustees of the district.

(e) No new district may be created within an area of less than nine square miles; and no district shall be reduced below an area of nine square miles.

(f) Any district affected, either remaining or newly created, must have sufficient taxable valuations to support an efficient school system.

(g) If all the requirements of this section are met, the county governing board to which the petition was addressed may enter its order creating the new school district. If the new district embraces territory in two or more counties, the orders affecting its establishment shall be concurred in by the county governing boards of each county concerned.

(h) At the time the order establishing the district is made, the county governing board having jurisdiction over the new district shall appoint a board of trustees for the new common or independent school district, as the case may be, to serve until the next regular election of trustees when a board of trustees shall be elected in compliance with the provisions of Chapter 22 of this code<sup>2</sup> governing common school districts or the provisions of Chapter 23 of this code<sup>3</sup> governing independent school districts, whichever is applicable.

(i) Any bonded indebtedness affected by the establishment of a new district shall be adjusted by the county school trustees or county board of education, as the case may be, as provided in Subchapter N of this chapter.<sup>4</sup>

(j) Before any tax may be levied over the territory of the new district for the liquidation of its proportionate part of the outstanding bonded indebtedness of any district from which the territory of the new district was taken, the new district shall vote to assume the indebtedness and to authorize the levy of the necessary taxes.

(k) Such elections shall be held in accordance with the provisions governing bond tax elections in a common or independent school district, whichever is applicable.

(l) A new district, when created in compliance with the terms of this section, shall have all the rights and privileges of an independent or a common school district.

SUBCHAPTER J. EXTENSION OF MUNICIPAL BOUNDARIES

§ 19.301. Extension of Municipal Boundaries: Counties of Less Than 165,000

(a) In any county with a total population of fewer than 165,000 according to the last preceding federal census, whenever the limits of any incorporated city or town constituting an independent school district are so extended or enlarged as to embrace the whole or any part of any school district, independent or common, that portion so embraced within the corporate limits of the city or town shall, unless specifically determined otherwise as provided in Subsection (c) of this section, automatically become a part of the independent school district constituted by the incorporated city or town.

(b) If within a portion of a district so embraced there should be situated any real property belonging to the partially embraced district, the city or town may acquire the property upon such terms as may be mutually agreed upon between the governing body of such city or town and the authorities of the district.

(c) If it is determined by majority vote of those voting at an election held within the city or town that the territory or any portion thereof to be embraced within the corporate limits shall not thereby become a part of the independent school district constituted by the city or town but shall be taken into the city limits for municipal purposes only, the embraced territory shall continue to be included within the school district or districts in which it had previously been included as though the city limits had not been extended.

(d) When the corporate limits of any city or town are extended to include therein the whole or any part of any school district having an outstanding bonded indebtedness and the extension was not limited to municipal purposes only, the city or town shall become liable and bound for the payment of such proportion of the bonded indebtedness of the district as the assessed value of the included portion bears to the entire assessed value of the district from which it was taken. The assessed values of the district so included shall be those shown upon the last preceding tax assessment roll after the district is so included. The incorporated city or town shall pay either directly or through the officers of the district the proportion of the interest and principal of the bonded indebtedness for which it is liable. [Acts 1969, 61st Leg., p. 2886, ch. 889, § 1, eff. Sept. 1, 1969.]

§ 19.302. Counties of 165,000 or More

(a) In any county with a total population of 165,000 or more according to the last preceding census, whenever the limits of any incorporated city or town are extended or enlarged to include additional territory or whenever any territory is annexed to any incorporated city or town, the extension or enlargement of the limits of the incorporated city or town shall be for municipal purposes only and shall not

automatically bring about any change in any existing school district or districts situated in the annexed area.

(b) After the territory has been included in or annexed to the incorporated city or town, the county governing board of the county or counties in which the districts are situated may, with the approval specified in Subsection (c) of this section, annex the territory to any contiguous school district as specified in Section 19.261 of this code.

(c) Any subdivision of or annexation to any existing school district under the terms of this section must be approved by a majority of the school trustees of each school district affected.

(a) Upon the abolishment of an independent school district heretofore created by local or special

law out of territory theretofore containing two or more common school districts, the common school districts shall immediately come into existence by operation of law with the same boundaries they had prior to the creation of the independent school district.

(b) All funds, property, rights, and liabilities of the abolished independent school district may be divided between the common school districts by agreement of the trustees of the common school districts.

(c) In the event the district trustees are unable to agree, the county governing board shall apportion the funds, property, rights, and liabilities of the abolished independent district between the common school districts in an equitable and just manner, taking into consideration the property owned and the assets and liabilities of each common school district at the time of the creation of the independent district as well as the assets and liabilities coming into existence after the formation of the independent district.

(d) Any bonds issued by one of the common school districts prior to the creation of the independent school district shall be paid and retired by the common school district issuing the same. Taxes for the payment of the bonded indebtedness shall be levied and collected in the same manner as other taxes voted by a common school district. Any amounts paid of the abolished independent school district in connection with such bond issue shall be paid back by the common school district issuing the bonds to such an extent as will be necessary to reimburse the other common school district or districts for its or their proportionate part of the payment.

(e) Any debt incurred by the abolished independent school district, the benefits of which will accrue particularly to one of the common school districts, shall be taken over by that common school district.

(b) When all the territory embraced within the abolished independent school district is created into a common school district or is annexed to or included within the limits of one other district, title to all property, both real and personal, belonging to the

abolished independent school districts shall be vested in the other school district or its governing officers.

(c) When the territory of the abolished independent school district is subdivided and annexed to two or more other school districts, all real property, improvements, and appurtenances belonging to the abolished independent school district shall become the property of the districts to which these properties are annexed, and all personal property shall be divided between the receiving districts in proportion to the assessed property value of the part of the abolished independent school district so annexed.

(d) When at the time of its abolishment the independent school district had no outstanding indebtedness, all uncollected taxes on the property of the district for the years up to and including the last day of January of the year immediately following that in which the independent school district is abolished shall be levied and collected, at the same rate and in the same manner as authorized for the independent school district immediately prior to its abolishment, by the school district or districts to which the territory containing the property upon which taxes are due has been annexed.

(e) When at the time of its abolishment the independent school district had outstanding bonds or other indebtedness, enforceable either at law or in equity, the school district or districts to which the territory of the abolished independent school district has been annexed may, at an election held for that purpose, assume such bonds or other indebtedness. The election shall be held in the manner provided for holding an election for voting bonds or for voting a special tax, as the case may be, within the receiving school district as provided in Chapter 20 of this code.<sup>1</sup> If a majority of the qualified property tax-paying voters within the receiving district vote in favor of assuming the indebtedness, all property within the receiving district, not exempt under the general law, shall be subject to taxation for the payment of the bonds or other indebtedness of the abolished independent school district, and the proper officers of the receiving district shall levy upon the property of the district a tax adequate for the payment of the bonds or other indebtedness over such a period of time as may be necessary for that purpose.

(f) In the event the qualified taxpaying voters of the receiving district or districts do not by majority vote assume the outstanding bonds and other indebtedness of the abolished independent school district, all taxes against the property of the abolished independent school district shall remain in full force and effect and shall be levied and collected by the proper officers of the district or districts to which the territory of the abolished independent school district has been annexed until the entire indebtedness is fully paid.

(g) In the event the qualified taxpaying voters of the receiving district or districts do not by majority vote assume the outstanding bonds and other indebtedness of the abolished independent school district, the county school trustees or county board of education, as the case may be, shall manage, control or dispose of all property within the county belonging to the abolished independent school district. The county governing board shall have the power to do any and all things necessary for the payment of such

bonds or other indebtedness which the independent school district, or the trustees thereof, could have done had the independent school district not been abolished. The county governing board shall also have the power to levy and collect taxes, and the power to bring and defend litigation in the name of the independent school district.

(h) Any creditor of an abolished independent school district shall file his claim against the district with the county school trustees or county board of education, as the case may be, within 60 days after the independent school district has been abolished and, if the claim is not allowed, may maintain suit against the abolished independent school district as such. Service in a suit, if necessary, may be had upon the chief officer of the county governing board. The county governing board shall defend any suit against an abolished independent school but may, in its discretion, make such settlement of the litigation as may be deemed advisable.

(a) The county school trustees or county board of education, as the case may be, may abolish and annex or subdivide any common school district located entirely within its county, provided that a formal application or request is submitted by the trustees of the common school district. Said application or request shall not affect the authority of the county school trustees or county board of education, as the case may be, to determine if the common school district should be abolished, annexed or subdivided.

(b) The territory of the district so abolished shall be annexed to a single contiguous independent school district, or subdivided and annexed to one or more contiguous independent school districts located entirely within its county, in such manner as may be determined by order of the county governing board. #### SUBCHAPTER N. ADJUSTMENT OF BONDED INDEBTEDNESS BY COUNTY GOVERNING BOARD

##### § 19.431. Duty of County Governing Board

Whenever a board of county school trustees or a county board of education has participated in the creation of any new school district or in the changing of the boundaries of any existing district (whether by consolidation, by detachment-attachment, by subdivision, or by any other authorized means), it shall be the duty of the county governing board to make an adjustment of any outstanding bonded indebtedness and district properties of any district or districts affected.

[Acts 1969, 61st Leg., p. 2891, ch. 889, § 1, eff. Sept. 1, 1969.]

##### § 19.432. Basis for Adjustment

The county governing board shall take into consideration the value of the school properties and the taxable wealth of the districts affected and the territory so divided, detached, or added, as the case may be, to make an equitable adjustment of the indebtedness and the district properties between the districts affected and between the territory divided, detached, or added.

[Acts 1969, 61st Leg., p. 2891, ch. 889, § 1, eff. Sept. 1, 1969.]

##### § 19.433. Adjustment Orders

(a) When the governing board has arrived at a satisfactory basis of such an adjustment, it shall have the power to make such orders in relation thereto as shall be conclusive and binding upon the districts and the territory affected thereby.

(b) The county governing board may order the trustees of the districts affected to order an election for the issuing of such refunding bonds as may be necessary to carry out the purposes of the order of the county governing board.

[Acts 1969, 61st Leg., p. 2892, ch. 889, § 1, eff. Sept. 1, 1969.]

##### § 19.435. Refunding Bonds

(a) If a majority of the voters casting votes at a refunding bond election held to carry out the orders of the county governing board favoring the issuance of refunding bonds, the provisions of this section apply.

(b) The bonds shall be issued by the district trustees.

(c) The bonds shall be of the same denomination and carry the same interest rate and mature at the same time as the outstanding bonds owing<sup>1</sup> by the district issuing them.

(d) The new bonds, when so issued, shall be subject to exchange for the outstanding bonds for which the district issuing them shall still be liable, according to the order adjusting the indebtedness. In the event an exchange of the new bonds for the outstanding bonds cannot be made, the new bonds of the district, to the amount of the old bonds for which it is still liable and to which no exchange can be made, shall be deposited in the county treasury to the account of the district.

(e) Taxes shall be levied and assessed only for the payment of interest, sinking fund, and principal of the new bonds so issued. The funds arising from taxation shall be used to discharge the principal and interest of such new bonds as have been issued and exchanged and such old bonds as have not been exchanged.

(f) When taxes are collected applicable to new bonds not exchanged and the proceeds applied to payment on old bonds not exchanged, the corresponding new bonds in the county treasury shall be credited with such payment and retired as the old un-exchanged bonds are retired.

**§ 19.436. Failure of Bond Election**

(a) If a refunding bond election held to carry out the orders of the county governing board fails to secure approval of a majority of the voters voting at such election or if the county governing board is unable otherwise to arrange an adjustment or settlement of outstanding bonded indebtedness, it shall be the duty of the county governing board to certify to the commissioners court that the bonded indebtedness of the territories affected by the changes has not been adjusted.

(b) Upon receipt of such certification, it shall be the duty of the commissioners court thereafter annually to levy and cause to be assessed and collected from the taxpayers of the districts as they existed before the changes were made, the tax necessary to pay the interest, the sinking fund, and the principal of the indebtedness as it matures.

(c) It shall be the duty of each independent school district so affected to cause all funds in its hands, whether sinking funds or otherwise, which have been collected on account of such bonded indebtedness, to be transferred to the county treasurer of the county in which the district is situated, and the district shall thereafter cease to levy and collect any tax on account of such bonds.

(d) It shall be the duty of the county treasurer to keep all funds transferred by independent school districts affected and all funds collected by the taxation authorized in Subsection (b) of this section in separate accounts and apply the same only to the discharge of the existing bonded indebtedness and the interest thereon, it matures.

[Acts 1969, 61st Leg., p. 2892, ch. 889, § 1, eff. Sept. 1, 1969.]

[Acts 1969, 61st Leg., p. 2895, ch. 889, § 1, eff. Sept. 1, 1969.]

## § 20.04. Bond and Tax Elections

(a) No such bonds shall be issued and none of the aforesaid taxes shall be levied unless authorized by a majority of the resident, qualified electors of the district, who own taxable property therein and who have duly rendered the same for taxation, voting at an election held for such purpose, at the expense of the district, in accordance with the Texas Election Code, except as hereinafter provided. Each such election shall be called by resolution or order of such governing board or commissioners court, which shall set forth the date of the election, the proposition or propositions to be submitted and voted on, the polling place or places, and any other matters deemed necessary or advisable by such governing board or commissioners court.

(b) In each proposition submitted to authorize the issuance of bonds there shall be included the question of whether the governing board or commissioners court shall be authorized to levy and pledge, and cause to be assessed and collected, annual ad valorem taxes, on all taxable property in the district, either—

(1) sufficient, without limit as to rate or amount, to pay the principal of and interest on said bonds; or

(c) If bonds are ever voted in a district pursuant to Subsection (b)(1) of this section, then all bonds thereafter proposed shall be submitted pursuant to that subsection, and Subsection (b)(2) of this section shall not be applicable to such district. No bonds shall be issued pursuant to Subsection (b)(1) of this section if the aggregate principal amount of tax bond indebtedness of the district after such issuance would be in excess of 10 percent of the assessed valuation of taxable property in the district according to the then last completed and approved ad valorem tax rolls of the district.

(d) In each proposition submitted to authorize the levy of maintenance taxes there shall be included the question of whether the governing board or commissioners court shall be authorized to levy, and cause to be assessed and collected, annual ad valorem taxes, for the further maintenance of public

free schools, of not to exceed the rate (which shall be not more than \$1.50 on the \$100 valuation of taxable property in the district) stated in said proposition.

Said refunding bonds, and the interest coupons appurtenant thereto, shall be negotiable instruments and they may be made redeemable prior to maturity, and may be issued in such form, denomination, and manner, and under such terms, conditions and details, and shall be signed and executed, as provided by the governing board or the commissioners court in the resolution or order authorizing the issuance of said refunding bonds. The refunding bonds shall be issued and delivered in lieu of, and upon surrender to the comptroller of public accounts of Texas and cancellation of, the obligations being refunded thereby, and the comptroller of public accounts shall register the refunding bonds and deliver the same in accordance with the provisions of the resolution or order authorizing the refunding bonds. Such refunding may be accomplished in one or in several installment deliveries. SUBCHAPTER C. MISCELLANEOUS PROVISIONS

Whenever bonds are hereafter voted and issued by school districts for the statutory purpose of construction and equipment of school buildings in the district and the purchase of the necessary sites therefor, the bond proceeds may be used, among other things, to pay the cost of acquiring, laying, and installing pipes or lines to connect with the water, sewer, or gas lines of an incorporated city or town, including home rule cities, or other municipal corporation, or private utility company (whether or not the water, sewer, or gas lines of such city, town, or other municipal corporation adjoin the school site or sites), so that the school district may afford its public free school buildings of the water, sewer, or gas services offered by such city, town, or other municipal corporation, or private utility company.

[Acts 1969, 61st Leg., p. 2900, ch. 889, § 1, eff. Sept. 1, 1969.]

§ 20.42. Investment of Bond Proceeds in Obligations of United States; Interest Bearing Secured Time Bank Deposits

From and after the effective date of this code, any school district within the state which has or may have on hand any sums of money which are proceeds received from the issue and sale of bonds of any such school district, either before or after the effective date of this code, which proceeds are not immediately needed for the purposes for which such bonds were issued and sold, may, upon order of the board of trustees of such school district, place the proceeds of such bonds on interest bearing time deposit, secured in the manner provided in Section 23.63 of this code, with a state or national banking corporation within this state, or invest the proceeds of such bonds in bonds of the United States of America or in other obligations of the United States of America, as may be determined by the board of trustees of the school district; but such interest bearing secured time deposits or bonds or other obligations of the United States of America shall be of a type which cannot be cashed, sold or redeemed for an amount less than the sum deposited or invested therein by such school district; and when such sums so placed or so invested by a school district are needed for the

purposes for which the bonds of the school district were originally authorized, issued and sold, such time deposits or bonds or other obligations of the United States of America in which such sums have been placed or invested shall be cashed, sold or redeemed and the proceeds thereof shall be used for the purposes for which the bonds of the school district were originally authorized, issued and sold. [Acts 1969, 61st Leg., p. 2900, ch. 889, § 1, eff. Sept. 1, 1969.]

§ 20.43. Interest Bearing Time Warrants

(a) Any school district in the State of Texas in need of funds to repair or renovate school buildings; purchase school buildings and school equipment; to equip school properties with necessary heating, water, sanitation, lunchroom and electric facilities; or is in need of funds with which to employ an individual firm or corporation deemed to have special skill and experience to compile taxation data for use by its board of equalization; and said school district is financially unable out of available funds to make such repairs, renovations of school buildings, purchase school buildings, purchase school equipment, to equip school properties with necessary heating, water, sanitation, lunchroom or electric facilities or is unable to pay such individual or corporation for the performance of the professional duties hereinabove mentioned, may, subject to the provisions hereof, issue interest-bearing time warrants, in amounts sufficient to make such purchase and improvements, to pay all or part of the compensation of such individual, firm or corporation to compile such data, any law to the contrary notwithstanding. Such warrants shall mature in serial installments of not more than five years from their date of issue, and to bear interest at a rate not to exceed six percent per annum. Such warrants shall upon maturity be payable out of any available funds of such school district in the order of their maturity dates. Any such interest-bearing time warrants so issued may be issued and sold by such district for not less than their face value, and the proceeds thereof used to provide funds required for the purpose for which they are issued. Such warrants shall be entitled to first and prior payment out of any available funds of such district as they become due. Included in such purposes is the payment of any amounts owed by said school districts, which indebtedness was incurred in carrying out any of such purposes.

(b) No such interest-bearing time warrants shall be issued or sold by a common school district, rural high school district, or an independent school district of less than 150 scholastics until the same shall have been approved by the county board of school trustees; and said board shall, upon application of such school district, inquire into the financial conditions and needs of such district, and shall not approve the issuance of such interest-bearing time warrants unless in its opinion said district is in need of such repair and renovation of school building, and school equipment and to equip school properties with necessary heating, water, sanitation, lunchroom and electric facilities, and will be able with the resources in prospect to liquidate said warrants at their maturity.

(c) No school district in the State of Texas shall issue such interest-bearing time warrants in excess of two percent of the assessed valuation of the district, for the year in which such interest-bearing

time warrants are issued; nor shall the payment of such interest-bearing time warrants in any one year exceed the anticipated surplus income of the district for the year in which the warrants are issued. Based on the budget of the district for said year, such anticipated income to be computed by taking the entire expected income of such school district from every source for the year in which such interest-bearing time warrants are issued, less teachers' salaries, bus aid included in the foundation fund, and that part of the local maintenance tax earmarked for salaries and known in the Gilmer-Aiken Law<sup>1</sup> as the economic index or fund assignment. The anticipated income computation as herein defined shall be exclusive of all bond taxes. No school district shall have outstanding at any one time warrants totaling in excess of \$60,000 under the provisions of this section.

(d) In every instance wherein interest-bearing time warrants or other evidence of indebtedness have been issued by school districts within the State of Texas for any of the purposes herein provided for, the act of the board of trustees, and/or governing board of such district in issuing such interest-bearing time warrants are each and all hereby expressly validated. The indebtedness thus attempted to be created by such action is hereby declared to be the indebtedness of such district and shall be paid out of available funds as herein provided.

(e) Whenever any such interest-bearing time warrants have been issued under this section, and so long as any of them may be outstanding the officer in charge of the collection of delinquent taxes shall pay the same to legal depository of the district, to be deposited and held in a special fund for the payment of such interest-bearing time warrants, and except as herein otherwise provided, no part thereof shall be applied or used for any other purpose.

(f) Interest and penalties on delinquent taxes shall be deemed a part of such taxes for the purpose of this section. Should any delinquent taxes, including interest and penalties, be cancelled, waived, released or reduced either by such school district or in any other way, with or without its consent, the amount of the loss so sustained shall be paid by the district to the special fund provided for herein out of funds not otherwise pledged to such special fund.

(g) All school districts issuing interest-bearing time warrants shall have the power to fix lien on and encumber and mortgage any and all property purchased with the proceeds of such warrants, and to fix a lien on and encumber any property, including teacherages owned by the district to secure the payment of legally incurred obligations. Provided, however, there shall never be a valid lien authorized or fixed on any school building wherein actual classroom instruction of pupils attending such school is being carried on or conducted.

(h) The word "interest-bearing time warrant" as used in this section means promissory note, interest-bearing time warrant, obligation or other evidence of indebtedness issued under this section.

(i) Taxes levied in any year to pay principal and interest of bonds and which taxes subsequently become delinquent for the purpose of this section, shall not be included in the term taxes or revenues or delinquent taxes as herein used.

(a) That the board of education or the board of trustees, as the case may be, of any independent school district within the State of Texas, whether created by general law or special act of the legislature, and wherein there may be situated a city having not less than 275,000 population according to the last preceding federal census, shall have the power by passing a resolution by a majority vote of the members of said board of education or board of trustees, as the case may be, beginning with 1933 delinquent taxes due to any such school district, to require in addition to the payment of any such delinquent taxes, in lieu of the present penalties provided by law, the payment of a penalty of two percent upon the amount of the tax due if paid during the first month of such delinquency, four percent if paid during the second month of such delinquency, six percent if paid during the third month of such delinquency, eight percent if paid during the fourth month of such delinquency, nine percent if paid during the fifth month of such delinquency, and 10 percent if paid thereafter. Such resolution shall provide that, in addition to the payment of the tax and penalty as provided, interest at the rate of six percent per annum shall be charged and paid upon the gross amount of the tax and penalty due from the date the tax became delinquent until paid.

(b) Until and unless the board of education or board of trustees of any such independent school district shall pass the resolution provided for in the next preceding section hereof, the penalties and interest now provided by law on delinquent taxes due to any such independent school district shall be and remain in full force and effect.

(c) Notwithstanding the fact that such board of education or board of trustees of any such independent school district may hereafter, during any particular year, pass a resolution as provided for in Subsection (a) of this section, such action may be rescinded as to future years thereafter by a resolution passed by such board of education or board of trustees in any such school district by a majority vote of the members of such board of education or board of trustees, in which event the same interest and penalties now provided by law on delinquent taxes due to independent school districts shall immediately accrue on all taxes thereafter becoming delinquent if such taxes be not paid before the same become delinquent.

The board of trustees of any school district of Texas is hereby authorized to pledge its delinquent school taxes levied for local maintenance purposes for specific school years as security for a loan, and such delinquent taxes pledged shall be applied against the principal and interest of the loan as they

are collected. Provided, there shall be no pledging of delinquent taxes levied for school bonds for purposes herein set out. Funds secured through such loans may be employed for any legal maintenance expenditure or purpose of the school district. Provided further, that such loans may bear interest at a rate not to exceed six percent per annum.

**§ 20.51. Issuance of Time Warrants by Districts Entitled to Certain Federal Aid**

[Text as added by Acts 1973, 63rd Leg., p. 53, ch. 36, § 1]

(a) This section applies to any independent school district and to any common school district within the State of Texas, whether created by general law or special Act of the Legislature, which is entitled to payments for maintenance and operation of schools under the Act of September 30, 1950, 64 United States Statutes at Large 1100, Public Law 874 (81st Congress) as amended.<sup>1</sup>

(b) The board of trustees of an independent school district or of a common school district described in Subsection (a) of this section may, upon a determination that there are insufficient funds to properly operate and maintain the district's schools, make and enter an order in their minutes directing:

(1) the issuing of time warrants sufficient to obtain funds for operation and maintenance of the district's schools and payment of existing accounts already obligated for these purposes;

(2) the levying of a tax sufficient to pay the principal and interest on the warrants where a sufficient maintenance tax had theretofore been authorized by a vote of the legally qualified voters in the district; and

(3) the creation of an interest and sinking fund.

(c) The board shall deposit in the sinking fund, created by the order in Subsection (b) of this section, an amount from each year's maintenance taxes sufficient to pay the principal and interest on outstanding warrants when they become due and payable, and the funds may only be used to pay the principal and interest on the warrants.

(d) The warrants shall be payable serially and annually for a period of years not to exceed eight, and shall bear interest at a rate not to exceed six percent per annum, with the option to call any part or all of the warrants for payment on any interest installment or paying date, and may provide for the payment of interest on a quarterly or semiannual basis.

(e) The president of the board shall sign the warrants and the secretary shall countersign them.

(f) The board may not sell the warrants for less than par value and accrued interest.

(g) The board may not issue time warrants exceeding the amount to which the independent school district or the common school district was entitled on January 1, 1972, to receive as payments for maintenance and operation of schools under the Act of September 30, 1950, 64 United States Statutes at Large 1100, Public Law 874 (81st Congress) as amended, plus any anticipated payments for maintenance and operation of schools to which the independent school district or the common school district would be entitled through the expiration of the fiscal year of the United States Government which commences July 1, 1973, in accordance with the pertinent provisions of the aforesaid Act of September 30, 1950, 64 United States Statutes at Large 1100, Public Law 874 (81st Congress) as it existed on January 1, 1972.

(h) The board may not issue or execute a warrant after the expiration of four years from June 1, 1972.

(i) Upon the issuance of any warrants provided for in this section, the affidavit of the president and secretary of the board of trustees that the warrants have been issued in conformity with this section, and the statement on the face of each warrant so issued or executed that they are made in compliance with and under the authority of this section, shall be prima facie evidence of the validity of the warrants.

(j) This section shall not be construed as repealing any laws now in existence authorizing the issuance of interest-bearing time warrants, but this section shall be cumulative of all existing laws and Acts.

**§ 20.51. Certificates of Indebtedness; Issuance by Certain School and Junior College Districts**

[Text as added by Acts 1973, 63rd Leg., p. 81, ch. 51, § 4]

(a) Any school district, including a junior college district, situated in a county containing a population of 200,000 or more, according to the last preceding federal census, may issue interest-bearing certificates of indebtedness for the purpose of providing funds for the erection and equipment of school buildings within the boundaries of the district or refinancing outstanding certificates as herein provided. The term "certificates," as used in this section, includes all obligations authorized to be issued hereunder, and the term shall include interest thereon, unless clearly indicated by the context that another meaning is intended.

(b) The governing body of the district shall make provision for the payment of the certificates issued under the authority of this section by the appropriation and pledge of local school funds derived and to be derived from maintenance taxes levied and assessed or to be levied and assessed under authority of Sections 20.02 and 130.122 of this code, Chapter 273, Acts of the 53rd Legislature, 1953, as amended (Article 2784g, Vernon's Texas Civil Statutes), or other similar law now in existence or hereinafter

enacted which limits the amount of tax which may be levied for maintenance purposes, as distinguished from bond requirements. The appropriation and pledge may be in the nature of a continuing irrevocable pledge to apply the first moneys collected or to be collected annually from the tax levy to the payment of the obligations or by the irrevocable present levy and appropriation of the amount of the maintenance tax as is required to meet the annual debt service requirements of the obligations, in which event the governing body shall covenant to annually set aside the amount in the annual tax levy, showing the same is a portion of the maintenance tax. The governing body shall annually budget the amount required to pay the debt service requirements, principal and interest, of the obligations which may be scheduled to become due in any fiscal year. Nothing herein shall be construed as permitting the levy of a maintenance tax in excess of the amount approved by the resident qualified property taxpaying voters of the district.

(c) No district at any one time shall have certificates outstanding and unpaid in principal amount in excess of \$250,000 unless the excessive amount becomes the obligation of the district by assumption as contemplated by Subsection (k) of this section or the new certificates are being issued to refund or refinance outstanding obligations as contemplated by Subsection (i) of this section.

(d) The principal amount of certificates which may be authorized at any one time and the scheduling of their principal maturity shall be further restricted as follows:

(1) where the assessed valuation is more than \$1 million and less than \$15 million the limiting factor is 25 cents.

(2) where the assessed valuation is \$15 million or more but less than \$35 million the limiting factor is 15 cents.

(3) where the assessed valuation is \$35 million or more the limiting factor is 5 cents.

(e) Assessed valuation means the valuation for school district purposes on the tax rolls of the district last approved prior to the authorization of the certificates. The limiting factor for a particular district, as set forth in the foregoing schedule, shall be multiplied by the assessed valuation of the district and the product shall be the maximum amount of debt service requirements on the certificates which may be scheduled to become due in any fiscal year on a cumulative basis. No district which has an assessed valuation less than \$1 million may issue certificates under this section.

(f) Certificates authorized to be issued hereunder shall be payable at such times, be in such form and denomination or denominations either in coupon form or registered as to principal and interest, either or both, and may contain such options for redemption prior to the scheduled maturity, and be payable at such place or places and contain such other provisions as the governing body of the district may determine, but in no event shall any certificate mature over a period in excess of 25 years from the date thereof, or bear interest at a rate in excess of seven percent per annum.

(g) Except where issued in exchange for certificates outstanding as provided in Subsection (i), the certificates shall be sold for cash at not less than the

face or par value plus accrued interest and the proceeds applied for the purpose for which the same were issued, provided, however, that all accrued interest and premium received, if any, shall be deposited in the interest and sinking fund established for the payment of the obligations. The cost of issuing the obligations, including attorneys', printing, and fiscal fees, may be paid from the proceeds received from the sale thereof, except where such certificates are sold under the provisions of Subsection (i).

(h) The certificates, including interest thereon whether issued in coupon or registered form, shall be deemed and construed to be a security within the meaning of Chapter 8, dealing with "Investment Securities," of the Uniform Commercial Code,<sup>1</sup> and the provisions shall be applicable thereto from and after their approval by the Attorney General of Texas and registration by the comptroller of public accounts.

(i) Each governing body may refund or refinance outstanding certificates by the issuance of new interest-bearing certificates within the limitations and conditions provided herein. The new certificates shall be issued and delivered in lieu of and upon surrender to the Comptroller of Public Accounts of Texas and the cancellation of the obligations being refunded thereby, and the comptroller shall register the new certificates and deliver them in accordance with the order authorizing their issuance. The new certificates may be issued and delivered in accordance with the provisions of Chapter 503, Acts of the 54th Legislature, 1955, as amended (Article 717k, Vernon's Texas Civil Statutes).

(j) A certified copy of all proceedings relating to the authorization of the certificates shall be submitted to the Attorney General of Texas and if he finds the certificates to have been authorized in accordance with the provisions of this section, he shall execute a certificate or opinion to that effect which shall be filed in the office of the comptroller of public accounts, who shall register the certificates which shall thereafter be incontestable for any cause.

(k) Certificates issued under the provisions of this section shall be an indebtedness of the school district issuing them, but the holder thereof shall not have the right to demand payment thereof out of any fund or funds other than those pledged to its payment. In the event the boundary lines of any issuing district are changed while the certificates remain outstanding, the indebtedness shall be adjusted or assumed as provided under general law for the adjustment of bond indebtedness payable from taxation.

(l) All certificates issued under this section shall be and are hereby declared to be legal and authorized investments for banks, savings banks, trust companies, building and loan associations, insurance companies, fiduciaries, trustees and guardians, and for any sinking funds of cities, towns, villages, counties, school districts, and other political corporations or subdivisions of the State of Texas. The certificates shall be eligible to secure the deposit of any and all public funds of the State of Texas and any and all public funds of cities, towns, villages, counties, school districts, and other political corporations or subdivisions of the State of Texas, and shall be lawful and sufficient security for deposits at their

face value when accompanied by all unmatured coupons, if any, appurtenant thereto.

(m) For the purpose of this section, the governing body of a common school district shall be the commissioners court of the county having administrative jurisdiction. The governing body of an independent school district, a rural high school district, or a junior college district shall be its duly elected board of trustees, and the governing body of a municipality controlled school district shall be the city or town council or commission. Certificates shall be authorized by order of the governing body of the district.

(n) The provisions of this section shall be cumulative of existing laws relating to the financing of the cost of erecting and equipping school buildings by school districts, it being the legislative intent that this section shall be complete authority for the issuance, sale, and delivery of certificates by school districts.

(o) Nothing in this section shall be construed to violate any provision of the federal or state constitutions and all acts done hereunder shall be done in such manner as may conform thereto whether herein expressly provided or not. Where any procedure hereunder may be held by any court to be violative of either of such constitutions, the district shall have the power by resolution to provide an alternative procedure conformable to the constitutions.

*[Text as added by Acts 1973, 63rd Leg., p. 286, ch. 135, § 1]*

(c) If the boards of trustees of two districts find that it is to the best interest of the districts to create an athletic stadium authority to include the districts, each board of trustees shall adopt a resolution creating an authority and designating the name by which it shall be known. The authority shall be a body politic and corporate. It shall have a seal, may sue and be sued, and may make, amend, and repeal its bylaws.

(d) The authority shall be governed by a board of directors consisting of seven members. The members of the board shall serve terms ending May 1, providing the terms do not exceed two years, or until their successors are appointed and qualified. The board of trustees of each district shall each appoint three of the directors, and the appointees shall by majority vote appoint a seventh director.

(e) The board of directors shall elect from among the directors a president and vice-president, and shall elect a secretary and a treasurer who may or may not be directors, and may elect such other officers as may be authorized by the authority's bylaws. The offices of secretary and treasurer may be combined. The president has the same right to vote on all matters as other members of the board. A majority of the members of the board constitutes a quorum, and when a quorum is present, action may be taken by a majority vote of directors present. (g) The authority may issue revenue bonds to provide funds for any of its purposes. The bonds shall be payable from and secured by a pledge of all or any part of the revenue to be derived from the operation of the stadium or stadia and any other revenues resulting from the ownership of stadium properties. The bonds may be additionally secured by a mortgage or deed of trust on property of the authority.

(h) The bonds shall be authorized by resolution adopted by a majority vote of a quorum of the board of directors, and shall be signed by the president or

vice-president and countersigned by the secretary, or either or both of their facsimile signatures may be printed thereon. The seal of the authority shall be impressed or printed thereon. The bonds shall mature serially or otherwise in not to exceed 40 years. The bonds may be registrable as to principal, or as to both principal and interest. Appropriate provisions may be inserted in the resolution authorizing the execution and delivery of bonds for the conversion of registered bonds into bearer bonds and vice versa. Provisions may be made in the bond resolution or trust indenture for the substitution of new bonds for those lost or mutilated. When bonds shall have once been approved by the attorney general and registered by the comptroller as prescribed in Subsection (1) of this section, it shall not be necessary to obtain the approval of the attorney general or registration by the comptroller as to such converted or substituted bonds.

(k) (1) Any district, acting by and through its board of trustees, is authorized to enter into a contract with any athletic stadium authority organized under this section for the use of any stadium or stadia owned by any that<sup>1</sup> entity. Such contract may be for any period, not exceeding 75 years, and may contain such terms and conditions as may be agreed on between the parties.

(2) The district may enter into a contract for the use of the stadium or stadia for any purpose related to sports activities and other physical education programs for the students at the public free schools operated and maintained by the district.

(3) The consideration payable by the district under a contract may be paid from any source available to the district; and if voted, the district is authorized to pledge to the payment of the contract an annual maintenance tax in an amount sufficient, without limitation, to provide all or part of the consideration. If so voted and pledged, the maintenance tax shall be assessed, levied, and collected annually in the same manner as provided by general law applicable to independent school districts for other maintenance taxes. No maintenance tax shall be pledged to the payment of any contract or assessed, levied, or collected unless an election is held by and in the district, and the maintenance tax for

that purpose is duly and favorably voted by a majority of the resident, qualified electors of the district who own taxable property therein and who have duly rendered the property for taxation, voting at the election. Each election shall be called by order of the board of trustees of the district. The election order shall set forth the date of the election, the proposition to be submitted and voted on, the polling place or places, and any other matters deemed advisable by the board of trustees. Notice of election shall be given by publishing a substantial copy of the order calling the election one time, at least 10 days prior to the election, in a newspaper of general circulation in the district. Thereafter they shall be incontestable.

(c) Emergency transfers may be made only on application of the county or district trustees of the county or district to which the transfer is to be made. The application formally requesting the transfer must be made to the commissioner of education before June 1 of the year in which the conditions warranting the transfer occur. (2) the sudden change in scholastic population of the county or district would work a hardship in the support of the public free schools of the county or district in which the increase in population occurs.

(f) If the requisition is for the purchase of special equipment required, because of climatic or road conditions, to guarantee adequate safety and comfort of school children, the requisition must describe the special conditions and requirements so that the Board of Control may purchase equipment which it determines to be adapted or designed for the conditions or requirements.

(g) The requisition must contain a certification as to the funds that will be available to pay for the article or articles requisitioned.

(d) The board shall require all drivers to bring their vehicles to a dead stop before crossing any railroad or interurban railway tracks. The failure to stop before any such crossing shall forfeit the driver's contract, and, in case of accident to pupils or to the vehicle, shall cause the driver's bond to be forfeited and the amount and all rights thereunder determined by a court of competent jurisdiction.

The commissioner of education shall have access to all vouchers, receipts, district fiscal and financial records, and such other school records as he may deem needed and appropriate for the review, analysis, and passing on audit reports.

(1) the governor by written proclamation finds that violence or the danger thereof cannot be prevented except by resort to military force or occupation of a public school;

(2) the board of trustees finds that violence or the danger thereof cannot be prevented except by resort to military force or occupation of a public school; or

(3) the National Guard or any other military troops or personnel are employed or used upon order of any federal authority on public school property or in the vicinity of any public school for direction or control of the order, operation, or attendance at such school.

(d) The board, upon finding that violence or the danger thereof cannot be prevented except by resort to military force or occupation of the public schools, may certify such fact to the governor, in which event it shall be the duty of the governor to close the school and suspend its operation until such time as the school board shall certify to the governor that such closure is no longer necessary in the maintenance of order and public peace. The conveyance may be conditioned only by reserving to the school district the right to repurchase the tract, in the event of its abandonment for library purposes, at a price not to exceed any outstanding indebtedness against any building constructed thereon by the board of library trustees.

commissioners court, the board of library trustees may enter into all necessary contracts for the construction of the building and the equipment thereof. The board of library trustees is authorized to mortgage or encumber the building to secure the financing thereof, but the indebtedness so created must be repaid out of revenue funds produced from the rental of the assembly hall or from private contributions and shall never become a debt against the county of the school district. ### SUBCHAPTER L. BILINGUAL EDUCATION

#### § 21.451. State Policy

The legislature finds that there are large numbers of children in the state who come from environments where the primary language is other than English. Experience has shown that public school classes in which instruction is given only in English are often inadequate for the education of children whose native tongue is another language. The legislature believes that a compensatory program of bilingual education can meet the needs of these children and facilitate their integration into the regular school curriculum. Therefore, pursuant to the policy of the state to insure equal educational opportunity to every child, and in recognition of the educational needs of children of limited English-speaking ability, it is the purpose of this subchapter to provide for the establishment of bilingual education programs in the public schools and to provide supplemental financial assistance to help local school districts meet the extra costs of the programs.

[Acts 1973, 63rd Leg., p. 860, ch. 392, § 1, eff. Aug. 27, 1973.]

#### § 21.452. Definitions

In this subchapter the following words have the indicated meanings:

(1) "Agency" means the Central Education Agency.

(2) "Board" means the governing board of a school district.

(3) "Children of limited English-speaking ability" means children whose native tongue is a language other than English and who have difficulty performing ordinary classwork in English.

[Acts 1973, 63rd Leg., p. 860, ch. 392, § 1, eff. Aug. 27, 1973.]

#### § 21.453. Establishment of Bilingual Programs

(a) The governing board of each school district shall determine not later than the first day of March, under regulations prescribed by the State Board of Education, the number of school-age children of limited English-speaking ability within the district and shall classify them according to the language in which they possess a primary speaking ability.

(b) Beginning with the 1974-75 scholastic year, each school district which has an enrollment of 20 or more children of limited English-speaking ability in any language classification in the same grade level during the preceding scholastic year, and which does not have a program of bilingual instruction which accomplishes the state policy set out in Section 21.451 of this Act, shall institute a program of bilingual instruction for the children in each language classification commencing in the first grade, and shall increase the program by one grade each year until bilingual instruction is offered in each grade up to the sixth. The board may establish a program with respect to a language classification with less than 20 children.

[Acts 1973, 63rd Leg., p. 860, ch. 392, § 1, eff. Aug. 27, 1973.]

#### § 21.454. Program Content; Method of Instruction

**§ 24.01. Definition**

The term “municipal school district” includes any independent school district existing under the authority of Article VII, Section 3, or Article XI, Section 10, of the Texas Constitution, which is municipally assumed or controlled; regardless of whether the same is a city or town school district, where the boundaries of the district and the city or town are coterminous, or whether it is an extended independent school district, where the city or town has extended its limits for school purposes only.

[Acts 1969, 61st Leg., p. 2967, ch. 889, § 1, eff. Sept. 1, 1969.]

**§ 24.02. Classification**

Municipal school districts, regardless of the manner in which they came into existence and regardless of whether or not the boundaries have been extended for school purposes only, are classified as independent school districts. Once a municipal school district has been established, it shall continue to be an independent school district even though the city or town which assumed or accepted control of the school district abolishes its corporate existence as a municipal corporation. Except as specifically provided otherwise in this chapter, municipal school districts shall be governed and shall function in compliance with the general law relative to independent school districts as provided in Chapter 23 of this code.<sup>1</sup>

[Acts 1969, 61st Leg., p. 2967, ch. 889, § 1, eff. Sept. 1, 1969.]

<sup>1</sup> Section 23.01 et seq.

**§ 24.03. Government**

A municipal school district shall be governed in the general administration of its schools by a board of seven trustees, selected as provided in Section 24.04 of this code.

[Acts 1969, 61st Leg., p. 2967, ch. 889, § 1, eff. Sept. 1, 1969.]

**§ 24.04. Selection of Trustees**

(a) The trustees of a municipal school district are elected as provided in Chapter 23 of this code<sup>1</sup> unless a municipal school district qualifies for a different method of choosing trustees under Subsection (b) of this section.

(b) Municipal school districts for which the trustees have heretofore been selected by appointment of the city council or board of aldermen are authorized to continue to choose their trustees by appoint-

ment of either two or three trustees each year, the number depending on that required to maintain a board of seven members, each appointed for a term of three years, unless and until that authority is removed under the provisions of Subsection (c) of this section.

(c) Any municipal school district in which the trustees are appointed by the city council or board of aldermen, as provided in Subsection (b) of this section, may discontinue that method of selection and provide for the election of school trustees by the following procedure:

(1) A petition signed by 25 percent of the voters of the city or town, the number to be ascertained by the ballots cast at the last regular city election, requesting an election to determine whether or not the school affairs of the city or town shall be directed by an elected school board shall be presented to the mayor;

(2) On receipt of such a petition, the mayor shall order an election to be held on the proposition;

(3) The election shall be conducted according to the general law regulating elections in the city or town; and

(4) If a majority of the votes cast at the election favor the selection of school trustees by election, the mayor shall immediately order an election for the purpose of choosing a board of seven trustees; and the election shall be conducted in the manner provided in Section 23.08, governing the election of trustees of independent school districts; and the terms of the elected trustees shall be determined by lot as upon the creation of an independent school district as provided in Section 23.11 of this code.

[Acts 1969, 61st Leg., p. 2967, ch. 889, § 1, eff. Sept. 1, 1969.]

<sup>1</sup> Section 23.01 et seq.

#### § 24.05. General Powers of Trustees

(a) The board of trustees of a municipal school district shall have the general powers and duties prescribed in this section.

(b) The board shall have the exclusive control and management of the schools of the district.

(c) Title to all houses, land, and other property owned, held, set apart, or in any way dedicated to the use and benefit of the public schools of the city or town, whether acquired before or after the establishment of the municipal school district, shall be vested in the board of trustees and their successors in office, in trust for the use and benefit of the public schools in the city or town.

(d) The board shall constitute a body corporate and shall have full power to protect the title, possession, and use of all school property within the limits of the municipal school district, and may bring and maintain suits in law or in equity in any court of competent jurisdiction when necessary to recover the title or possession of any school property adversely held in the district.

(e) Except where specific provision is made with regard to the conducting of the affairs of a municipal school district, the board of trustees of a municipal school district may exercise any power specifically granted or reasonably implied to the board of trustees of an independent school district.

[Acts 1969, 61st Leg., p. 2968, ch. 889, § 1, eff. Sept. 1, 1969.]

#### § 24.06. Maintenance Tax

(a) The governing body of any city or town constituting a municipal school district shall upon presentation of a proper petition, signed by 50 or a majority of those entitled to vote at such elections, order such election to determine the proposition of the levy of a maintenance tax and/or the issuance of bonds for purposes of its schools. The provision of the laws applicable to other independent school districts relative to and governing maintenance tax and bonds and the holding of elections therefor shall apply, except as provided by this section.

(b) If the vote of the taxpayers is in favor of the tax, then the governing body of the city annually thereafter shall levy and assess on the taxable property in the limits of the municipal school district, by ordinance duly passed and approved, the school tax, not to exceed the rate voted, for the support and maintenance of the public schools and where bonds are voted, for the erection and equipment of public school buildings, in accordance with the requisition furnished.

(c) The board of trustees of the municipal school district shall determine what amount of the tax, in the limit authorized by law and voted by the people or fixed by special charter, will be necessary for the support of the schools and for the erection and equipment of public school buildings for each fiscal year, and the governing body of the city, on requisition of the board of trustees, annually shall levy and collect the tax, as other taxes are levied and collected.

(d) The school taxes, when collected, shall be placed at the disposal of the school board, and paid monthly to the depository to the account of the board the amount so collected, to be used for maintenance and support of the public school in the municipal district.

[Acts 1969, 61st Leg., p. 2968, ch. 889, § 1, eff. Sept. 1, 1969.]

#### § 24.07. Levy and Collection of Taxes

(a) The levy of taxes for school purposes in a municipal school district shall be based upon the same assessment of property upon which the levy for other city purposes is based.

(b) Taxes for a municipal school district may be collected as prescribed by either Subsection (c) or Subsection (d) of this section.

(c) The assessor and collector of taxes for the city or town may assess and collect taxes for the municipal school district, in which event:

(1) The taxes for school purposes shall be assessed and collected at the same time and in the same manner as other city taxes are assessed and collected; and

(2) The city assessor and collector of taxes shall receive no other compensation for collecting school taxes than the compensation paid him for assessing and collecting city taxes.

(d) The board of trustees of a municipal school district may contract with the county assessor-collector of taxes to assess and collect the taxes for the municipal school district on property located in the

county and subject to the municipal district tax under the following terms and conditions:

(1) The board of trustees, on or before August 1 of each year, shall pass a resolution authorizing the county assessor and collector of taxes to perform this function for the district and setting forth the rate of taxation for bonds and for local maintenance;

(2) A maximum fee of one percent for assessing and one percent for collecting may be paid to the county tax assessor and collector; and

(3) The county tax collector shall make monthly reports of all taxes collected to the depository of school funds for the municipal school district and shall make all other reports required of collectors of taxes for independent school districts.

(B) The board of trustees of the rural high school district shall have authority to move or otherwise dispose of the buildings and other property of the abolished elementary district in any manner deemed by the board to be proper and beneficial to the rural high school district; and

(3) Any number or all of the component elementary districts within a rural high school district may be consolidated by an election following the procedure set out in Subchapter H of Chapter 19 of this code<sup>1</sup> and under the following terms:

(A) If all of the elementary districts within the rural high school district are consolidated into a single elementary school district identical in area with that of the rural high school district, the consolidation shall not affect the status of the district as a rural high school district; and

(B) If fewer than all of the component elementary districts petition for election to consolidate, they must be contiguous elementary districts.

[Acts 1969, 61st Leg., p. 2975, ch. 889, § 1, eff. Sept. 1, 1969.]

[Sections 26.02 to 26.10 reserved for expansion]

#### SUBCHAPTER B. CREATION OF DISTRICT

##### § 26.11. Purpose

Rehabilitation districts may be created to provide education, training, special services, and guidance to handicapped persons peculiar to their condition and needs, to develop their full capacity for usefulness to themselves and society, and to prevent them from becoming or remaining, in whole or in part, dependent on public or private charity.

[Acts 1969, 61st Leg., p. 2975, ch. 889, § 1, eff. Sept. 1, 1969.]

##### § 26.12. Creation of District

A rehabilitation district may be established by voters of a county, or a combination of contiguous counties, containing taxable property, the total assessed valuation of which must be not less than \$200,000,000, according to the most recent tax rolls of the county or combination of counties making up the proposed district, as described in this subchapter.

[Acts 1969, 61st Leg., p. 2975, ch. 889, § 1, eff. Sept. 1, 1969.]

##### § 26.13. Petition

A petition signed by a number of qualified property taxpaying voters in each county in the proposed rehabilitation district equal to not less than one percent of the total number of votes cast for governor in such county at the most recent election for governor held therein, must be filed with the commissioners courts of the respective counties. The signatures on the petition must be separated according to the counties in which the signers reside, under appropriate headings indicating the county of residence. If there is more than one county in the proposed district, the petition must be in two or more parts, one part for each county to be included in the district. The name of the proposed district must be set forth in the petition, and must include the words, "Rehabilitation District for Handicapped Persons." The petition must be dated, and must pray for an election, to be held not less than 30 nor more than 60 days after the date of the petition, to determine whether or not there shall be created a rehabilitation district for handicapped persons, with power to levy taxes to acquire or construct residence centers and such other facilities, if any, as the board of directors may deem necessary or proper for the training and guidance of handicapped trainees and to maintain and operate said district.

[Acts 1969, 61st Leg., p. 2976, ch. 889, § 1, eff. Sept. 1, 1969.]

##### § 26.14. Election

Promptly on receipt of a petition, each commissioners court must order an election to be held in his county on the date prayed for in the petition. The order must designate polling places, appoint election officers, provide supplies for the election, and set

forth the name of the proposed rehabilitation district as specified in the petition. The election precincts must conform to the regular election precincts of each county. Each commissioners court must cause notice of election to be published once each week for two alternate weeks in one or more newspapers having general circulation in its county, the first publication to be at least 21 days before the election, and must cause notice to be posted in a public place in each commissioners precinct, and at the courthouse door of its county. If a regular session of a commissioners court receiving a petition is not to be held in time to order the election and give notice of it, the county judge of that county must, upon the petition being called to his attention, timely call a special session of the commissioners court for this purpose. Except as herein provided, the election in each county shall be conducted in accordance with the general laws of Texas.

[Acts 1969, 61st Leg., p. 2976, ch. 889, § 1, eff. Sept. 1, 1969.]

##### § 26.15. Proposition to be Voted Upon

The proposition shall be submitted at the election in each county, and the ballots shall be printed to provide for voting for or against the proposition:

"The creation of the rehabilitation district for handicapped persons, with power to levy taxes for residence centers and such other facilities, if any, as the board of directors may deem necessary or proper for the training and guidance of such persons and for maintenance and operation of said district."

[Acts 1969, 61st Leg., p. 2976, ch. 889, § 1, eff. Sept. 1, 1969.]

##### § 26.16. Voters

Only qualified voters who reside and own taxable property in the county in which they offer to vote and who have duly rendered their property for taxation are eligible to vote.

For the purpose of levying, assessing, and collecting a countywide vocational school tax for the countywide support of area vocational school programs set forth and authorized in this chapter and for such further administrative functions set forth in this chapter, the territory of each of such counties is hereby created into a school district, described as the countywide vocational school district, this taxing power to be exercised as provided.

[Acts 1969, 61st Leg., p. 2987, ch. 889, § 1, eff. Sept. 1, 1969.]

### § 28.02. Taxing Power of School Districts; Election

There shall be exercised in and for the entire territory of each of such counties to the extent prescribed in this chapter, the taxing power conferred on school districts by Article VII, Section 3 of the Texas Constitution. Such taxing authority shall not be exercised until and unless authorized by the qualified property taxpaying voters residing therein at an election to be held for that purpose as hereinafter provided.

[Acts 1969, 61st Leg., p. 2987, ch. 889, § 1, eff. Sept. 1, 1969.]

### § 28.03. Election: Petition; Order; Notice; Ballots; Conduct; Expenses

(a) Whenever a petition is presented to the county judge of any such county, signed by at least 100 qualified property taxpaying voters residing therein, asking for an election to be ordered for the purpose of determining whether or not a countywide vocational school tax shall be levied, assessed, and collected on taxable property within that county for the support of area vocational school program(s) so designated by the Texas Central Education Agency pursuant to a state plan for vocational education, and operated by local school district(s) in that county, not exceeding 20 cents on the \$100 of assessed valuation of taxable property, it shall be the duty of the county judge immediately to order an election to be held throughout the county to determine said question. The finding of the county judge that such petition is sufficient and signed by the number of taxpaying voters required by this law shall be conclusive.

(b) The county judge shall give notice of the election by publication of the election order in a newspaper of general circulation in said county once a week for at least two weeks, the date of the first

publication to be not less than 20 days, prior to the date fixed for holding said election. Further notice shall be given by the posting of a copy of said election order within the boundaries of each school district having territory in the county, and one copy of the notice shall be posted at county courthouse door, posted at least 20 days prior to the date fixed for the election.

(c) The ballots for such election shall be printed to provide for voting for or against:

“Countywide vocational school tax.”

(d) Except as otherwise provided in this chapter, the manner of holding the election shall be controlled by the general laws of the state, and only legally qualified property taxpaying voters residing in the county who own taxable property in such county and who have duly rendered the same for taxation shall be qualified to vote at such election. The election shall be held at the regular polling places within the county with duly appointed election officers holding the election. The officers holding the election shall make returns thereof to the county judge within five days after the same is held.

(e) All expenses for the election shall be paid from the general fund of the county.

[Acts 1969, 61st Leg., p. 2987, ch. 889, § 1, eff. Sept. 1, 1969.]

**§ 28.04. Canvass of Returns; Authority to Levy and Assess Tax; Revocation of Tax**

The commissioners court shall be authorized to levy said tax and the county tax assessor-collector shall be authorized to assess and collect the same.

(b) No election to revoke the tax shall be ordered until the expiration of three years from the date of the election at which the tax was adopted.

**§ 28.05. Annual Levy and Collection of Tax; Deposit of Funds**

(a) It shall be the duty of the commissioners court, after such tax shall have been voted, at the time other taxes are levied in the county, annually to levy a tax under this law of not to exceed 20 cents on the \$100 valuation in the county at the same rate of valuation as is assessed for state and county purposes. Such taxes shall be assessed by the tax assessor and collected by the tax collector as other taxes are assessed and collected.

(b) The county tax assessor-collector shall deposit the money as collected from said tax to a separate fund in the county depository to be known as the county vocational school district fund, to be allocated and distributed for the support of area vocational school programs operated by designated school district or districts in the county. He shall have the same authority and the same laws shall apply as in the collection of other county ad valorem tax.

**§ 28.06. Duties of Commissioners Court**

As soon as the commissioners court of said county shall determine the total of assessed value of taxable property, which value shall be the same as those fixed by it as the board of equalization for state and county purposes, it shall

(1) determine the estimated total receipts from the levying and collecting of said tax of not exceeding 20 cents on the property in such countywide district according to such valuation;

[Acts 1969, 61st Leg., p. 2989, ch. 889, § 1, eff. Sept. 1, 1969.]

<sup>1</sup> So in enrolled bill; probably should read “or”.

**§ 28.07. Apportionment of Money; Formula Basis**

The money collected from any taxes levied by the commissioners court under this chapter shall be distributed to such designated eligible school district(s) in the county to be apportioned on the following formula basis: The combined average daily membership (ADM) of students in vocational programs of designated area vocational school(s) as determined for the preceding school year divided into the average daily memberships in vocational programs of each such area vocational school; except that for the first year of operation the apportionment will be upon average daily membership (ADM) in grades 9 through 12 inclusive, determined for the preceding year, in all of the school districts operating designated area vocational school programs.

[Acts 1969, 61st Leg., p. 2989, ch. 889, § 1, eff. Sept. 1, 1969.]

**§ 28.08. Monthly Settlements With Eligible Independent School Districts**

The tax collector of the county shall make monthly settlements of taxes collected with the independent school districts eligible therefor and situated in such county. Money shall be received and held by the independent school districts and protected in accordance with the existing depository laws. The tax collector shall place to the credit of the common or other school districts using the county depository such money as is apportioned to them.

[Acts 1969, 61st Leg., p. 2989, ch. 889, § 1, eff. Sept. 1, 1969.]

**§ 28.09. Alteration or Enlargement of Duties and Powers of Commissioners Court**

Until and unless a countywide vocational school tax has been authorized by an election held in such county, the duties and powers of the commissioners court shall not be considered as having been changed, altered, or enlarged by this chapter.

(b) No tuition shall be charged any such eligible resident of the county enrolled in the area vocational school program, if the county has voted and collects a countywide tax to support such program.

(c) Any pupil under 21 years of age on September 1 and who has not completed the 12th grade shall be eligible to be counted in average daily attendance (ADA) for Foundation School Program purposes by the designated area school district in accordance with policies of the Central Education Agency. Further, such a pupil shall be eligible to be counted by the designated area vocational school district for purposes of vocational teacher unit allotments pursuant to the policies and formulas adopted by the State Board of Education.

### § 32.39. Refund Policy

(a) As a condition for granting certification each school must maintain a cancellation and settlement policy which must provide a full refund of all monies paid by a student if:

(2) the enrollment of the student was procured as the result of any misrepresentation in advertising, promotional materials of the school, or representations by the owner or representatives of the school.

(1) refunds for resident courses will be based on the period of enrollment computed on the basis of course time expressed in clock hours;

(2) the effective date of the termination for refund purposes in residence schools will be the earliest of the following:

(A) the last date of attendance, if the student is terminated by the school;

(B) the date of receipt of written notice from the student;

(C) ten school days following the last date of attendance;

(3) if tuition is collected in advance of entrance, and if, after expiration of the 72-hour

cancellation privilege, the student does not enter the residence school, not more than \$50 shall be retained by the school;

(4) for the student who enters a residence course of not more than 12 months in length, terminates or withdraws, the school may retain \$50 of tuition and fees and the minimum refund of the remaining tuition will be:

(A) during the first week or one-tenth of the course, whichever is less, 90 percent of the remaining tuition;

(B) after the first week or one-tenth of the course, whichever is less, but within the first quarter of the course, 75 percent of the remaining tuition;

(C) during the second quarter of the course, 50 percent of the remaining tuition;

(D) during the third quarter of the course, 25 percent of the remaining tuition;

(E) during the last quarter of the course, the student may be considered obligated for the full tuition.

(5) for residence courses more than 12 months in length, the refund shall be applied to each 12-month period, or part thereof separately;

(6) refunds of items of extra expense to the student, such as instructional supplies, books, student activities, laboratory fees, service charges, rentals, deposits, and all other such ancillary miscellaneous charges, where these items are separately stated and shown in the data furnished the student before enrollment, will be made in a reasonable manner acceptable to the administrator;

(7) refunds based on enrollment in residence schools will be totally consummated within 30 days after the effective date of termination;

(8) refunds for correspondence courses will be computed on the basis of the number of lessons in the course;

(A) the date of notification to the student if the student is terminated;

(B) the date of receipt of written notice from the student;

(C) the end of the third calendar month following the month in which the student's last lesson assignment was received unless notification has been received from the student that he wishes to remain enrolled.

(10) if tuition is collected before any lessons have been completed, and if, after expiration of the 72-hour cancellation privilege, the student fails to begin the course, not more than \$50 shall be retained by the school;

(11) in cases of termination or withdrawal after the student has begun the correspondence course, the school may retain \$50 of tuition and fees, and the minimum refund policy must provide that the student will be refunded the pro rata portion of the remaining tuition fees and other charges that the number of lessons completed and serviced by the school bears to the total number of lessons in the course;

(12) refunds based on enrollment in correspondence schools will be totally consummated within 30 days after the effective date of termination.

(c) In lieu of the refund policy herein set forth, for programs of instruction not regularly offered to the general public, the State Board of Education may, for good cause shown, amend, modify, substitute and/or alter the terms of such policy due to the specialized nature and objective of the subject school's course of instruction.

(d) If a course of instruction is discontinued by the school and this prevents the student from completing the course, all tuition and fees paid are then due and refundable.

(e) The decision of the trial court shall be subject to appeal in like manner as any other civil lawsuit under the Texas Rules of Civil Procedure.

**§ 51.008. Certain Receipts to be Deposited in State Treasury**

(a) The governing board of every state institution of higher education is directed to designate special depository banks, subject to the approval of the state treasurer, for the purpose of receiving and keeping certain receipts of the institution separate and apart from funds now deposited in the state treasury. The receipts here referred to are described in Subsection (b) of this section. The state treasurer is directed to deposit the receipts, or funds representing such receipts, enumerated herein, in the special depository bank or banks nearest the institution credited with the receipts, so far as is practicable, and is authorized to withdraw such funds on drafts or checks prescribed by the state

treasurer. The state treasurer is authorized to promulgate rules and regulations to require collateral security for the protection of such funds pursuant to the provisions of Articles 2529 and 2530, Revised Civil Statutes of Texas, 1925, as amended. For the purpose of facilitating the clearance and collection of the receipts herein enumerated, the state treasurer is hereby authorized to deposit such receipts in any state depository bank and transfer funds representing such receipts enumerated herein to the respective special depository banks. Banks so designated as special depository banks are hereby authorized to pledge their securities to protect such funds.

(b) The governing board of every state institution of higher education shall deposit in the state treasury all cash receipts accruing to any college or university under its control that may be derived from all sources except auxiliary enterprises, noninstructional services, agency and restricted funds, endowment funds, student loan funds, and Constitutional College Building Amendment funds. The state treasurer is directed to credit such receipts deposited by each such institution to a separate fund account for the institution depositing the receipts, but he shall not be required to keep separate accounts of types of funds deposited by each institution. For the purpose of facilitating the transferring of such institutional receipts to the state treasury, each institution shall open in a local depository bank a clearing account to which it shall deposit daily all such receipts, and shall, not less often than every seven days, make remittances therefrom to the state treasurer of all except \$500 of the total balance in said clearing account, such remittances to be in the form of checks drawn on the clearing account, such remittances to be in the form of checks drawn on the clearing account<sup>1</sup> by the duly authorized officers of the institution, and no disbursements other than remittances to the state treasury shall be made from such clearing account. All money so deposited in the state treasury shall be paid out on warrants drawn by the comptroller of public accounts as provided by law.

(c) The legislature is authorized to create revolving funds for the handling of funds of institutions of higher education, as enumerated herein, by making provision in each biennial appropriation bill enacted by the legislature.

(d) Nothing in this section affects the provisions of Title 47, Revised Civil Statutes of Texas, 1925,<sup>2</sup> usually referred to as the State Depository Law. However, the limitation of deposits contained in Article 2532, Revised Civil Statutes of Texas, 1925, as amended, shall not apply insofar as the specific funds enumerated in this section are concerned.

(e) This section prevails over Sections 51.001-51.007 of this code to the extent of any conflict.

[Acts 1971, 62nd Leg., p. 3078, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

<sup>1</sup> Duplication of "such remittances to be in the form of checks drawn on the clearing account" so in enrolled bill.

[Sections 51.009 to 51.050 reserved for expansion]

SUBCHAPTER B. GENERAL PROPERTY DEPOSITS: INVESTMENT AND USES

**§ 51.051. Investment of General Property Deposits**

The governing board of each institution of higher education may invest in United States government

securities or may place on time deposit with a bank located in the state not more than 85 percent of the funds received as general property deposits authorized in Section 54.502 of this code. If the funds are placed on time deposit, they shall be secured by United States government securities.

[Acts 1971, 62nd Leg., p. 3080, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

#### § 51.052. Student Deposit Fund; Composition and Uses

(a) The student deposit fund consists of the income from the investment or time deposits of general property deposits and of forfeited general property deposits. Any general property deposit which remains without call for refund for a period of four years from the date of last attendance of the student making the deposit shall be forfeited and become a part of the student deposit fund. Nothing in this section shall be construed to prohibit refund of any balance remaining in a general property deposit when made on proper demand and within the four-year limitation period. The board may require that no student withdraw his deposit until he has been graduated or has apparently withdrawn from school.

(b) The student deposit fund shall be used, at the discretion of the board, either for the purpose of making scholarship awards to needy and deserving students or for the support of a general student union program, or for both purposes. The board shall administer the scholarship awards for the institution, including the selection of recipients and the amounts and conditions of the awards. The recipients of the scholarships must be residents of the state as defined for tuition purposes. Any use of the funds for the support of student union programs shall be approved as to amount and purpose by the board. The student deposit funds for The University of Texas at Austin, Texas A & M University, and Texas Tech University shall be available for scholarship purposes only. Direct expenses for the administration of the funds shall be paid from the funds. [Acts 1971, 62nd Leg., p. 3080, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

[Sections 51.053 to 51.100 reserved for expansion]

### SUBCHAPTER C. FACULTY DEVELOPMENT LEAVES OF ABSENCE

#### § 51.101. Definitions

In this subchapter:

(1) "Institution of higher education" has the meaning assigned to it in Section 61.003 of this code, except that Texas State Technical Institute is included and the Rodent and Predatory Animal Control Service is excluded for the purposes of this subchapter.

(2) "Governing board" means the body charged with policy direction of an institution of higher education.

(3) "Faculty member" means a person who is employed by an institution of higher education on a full-time basis as a member of the faculty or staff and whose duties include teaching, research, administration, including professional librarians, or the performance of professional services. However, the term does not include a

person employed in a position which is in the institution's classified personnel system or a person employed in a similar type of position if the institution does not have a classified personnel system.

[Acts 1971, 62nd Leg., p. 3080, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

#### § 51.102. Legislative Findings and Purpose

The legislature finds that higher education is vitally important to the welfare, if not the survival, of Texas and the United States at this stage in history and that the quality of higher education is dependent upon the quality of college and university faculties. The legislature finds, therefore, that money spent on recognized means for producing an excellent system of public higher education is money spent to serve a public purpose of great importance. The legislature finds further that a sound program of faculty development leaves of absence designed to enable the faculty member to engage in study, research, writing, and similar projects for the purpose of adding to the knowledge available to himself, his students, his institution, and society generally is a well-recognized means for improving a state's program of public higher education. The legislature's purpose in establishing the faculty development leave program provided for by this subchapter is to improve further the higher education available to the youth at the state-supported colleges and universities and to establish this program of faculty development leaves as part of the plan of compensation for the faculty of these colleges and universities.

[Acts 1971, 62nd Leg., p. 3081, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

#### § 51.103. Granting Leaves of Absence; Procedures

(a) On the application of a faculty member, the governing board of an institution of higher education may grant a faculty development leave of absence for study, research, writing, field observations, or other suitable purpose, to a faculty member if it finds that he is eligible by reason of service, that the purpose for which he seeks a faculty development leave is one for which a faculty development leave may be granted, and that granting leave to him will not place on faculty development leave a greater number of faculty members than that authorized.

(b) The governing board by regulation shall establish a procedure whereby the applications for faculty development leaves of absence are received by a committee elected by the general faculty for evaluation and whereby this faculty committee then makes recommendations to the chief administrative officer of the institution of higher education, who shall then make recommendations to the governing board as to which applications should be granted.

[Acts 1971, 62nd Leg., p. 3081, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

#### § 51.104. Service Required

(b) If any person refuses or fails upon request to present evidence of his identification, or if the person is a student or employee of the institution, his student or employee official identification card, or

other evidence of his relationship with the institution, and if it reasonably appears that the person has no legitimate reason to be on the campus or facility, the person may be ejected from the campus or facility.

(b) If the chief administrative officer, or in his absence, the person designated by him, does not confirm the action of the officer or employee within 24 hours after the time that consent was withdrawn, the action of the officer or employee shall be deemed void and of no force or effect, except that any arrest made during the period shall not for this reason be deemed not to have been made for probable cause. The college or university may determine that a student has satisfied this requirement in whole or in part on the basis of credit granted to him by the college or university for a substantially equivalent course completed at another accredited college or university or on the basis of the student's successful completion of an advanced standing examination administered on the conditions and under the circumstances common for the college or university's advanced standing examinations. The college or university may grant as much as three semester hours of credit or its equivalent toward satisfaction of this requirement for substantially equivalent work completed by the student in the program of an approved senior R.O.T.C. unit. Credit for the advanced standing examination referred to above shall never exceed three semester hours.

A student is entitled to submit as much as three semester hours of credit or its equivalent in Texas History in partial satisfaction of this requirement. The college or university may determine that a student has satisfied this requirement in whole or part on the basis of credit granted to him by the college or university for a substantially equivalent course completed at another accredited college or university, or on the basis of the student's successful completion of an advanced standing examination administered on the conditions and under the circumstances common for the college or university's advanced standing examinations. The college or university may grant as much as three semester hours of credit or its equivalent toward satisfaction of this requirement for substantially equivalent work completed by a student in the program of an approved senior R.O.T.C. unit. ### SUBCHAPTER G. OPTIONAL RETIREMENT SYSTEM

#### § 51.351. Legislative Findings and Purpose

The legislature finds that higher education is vitally important to the welfare, if not the survival, of Texas and the United States at this stage in history and that the quality of higher education is dependent upon the quality of college and university faculties. The legislature finds, therefore, that money spent on recognized means for producing an excellent system of public higher education is money

spent to serve a public purpose of great importance. The legislature finds further that a sound faculty retirement program that provides full and complete retirement benefits to teachers and administrators who have given faithful service to state-supported institutions of higher education is a well-recognized means for improving a state's program of public higher education. The legislature's purpose in establishing the retirement program provided for by this subchapter is to improve further the higher education available to the youth at the state-supported colleges and universities and to establish this retirement program as part of the plan of compensation for the faculty of these colleges and universities.

[Acts 1971, 62nd Leg., p. 3092, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

**§ 51.352. Definitions**

In this subchapter:

(1) "State Board of Trustees" means the State Board of Trustees of the Teachers Retirement System of Texas.

(2) "Retirement system" means the Teachers Retirement System of Texas.

(3) "Institution of higher education" has the same meaning as is assigned to it in Section 61.003 of this code, except that for the purposes of this subchapter, the Coordinating Board, Texas College and University System, and Texas State Technical Institute are included within, and the Rodent and Predatory Animal Control Service is excluded from, the meaning of the term.

(4) "Faculty member" means a person who is employed by an institution of higher education on a full-time basis as a member of the faculty or staff and whose duties include teaching, research, administration, including professional librarians, or the performance of professional services, but does not mean a person employed in a position which is in the institution's classified personnel system or a person employed in a similar type of position if the institution does not have a classified personnel system.

(5) "Governing board" means the body charged with policy direction of an institution of higher education.

(6) "Optional Retirement Program" means the program under this Subchapter to provide fixed or variable retirement annuities which meet the requirements of Sections 403(b) and 401(g) of the Internal Revenue Code of 1954, as amended,<sup>1</sup> and the benefits of such annuities are to be available only upon termination of employment in the Texas public institutions of higher education, retirement, death or total disability of the participating faculty member.

[Acts 1971, 62nd Leg., p. 3092, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971; Acts 1973, 63rd Leg., p. 1368, ch. 521, § 1, eff. June 14, 1973.]

<sup>1</sup> 26 U.S.C.A. (I.R.C.1954) §§ 403(b), 401(g).

**§ 51.353. Establishment; Participation**

(a) There is hereby established an optional retirement program. Participation in the optional retirement program is in lieu of active membership in the retirement system. The governing boards of all

institutions of higher education shall make available to all faculty members in their component institutions, agencies, and units the optional retirement program which shall provide for the vesting of benefits after one year of participation in one or more plans operating pursuant to this Act in one or more institutions of higher education.

(b) All faculty members are eligible to participate in the optional retirement program, subject to such rules as may be prescribed by the governing board of the institution of higher education at which they are employed.

**§ 51.354. Administration**

In administering the optional retirement program a governing board may provide for the purchase of annuity contracts from any insurance or annuity company qualified and admitted to do business in this state. Any life insurance or annuity company qualified and admitted to do business in this state shall be exempt from the payment of all franchise or premium taxes as to all annuity or group insurance contracts made pursuant to a benefit program authorized by the governing board of an institution of higher education, or by any private nonprofit educational institution of higher learning, which benefit program is paid for in whole or in part from the funds of such institution. Where a governing board has more than one component institution, agency, or unit under its jurisdiction, it may provide a separate optional retirement program for each component institution, agency, or unit, or place two or more component institutions, agencies, or units under a single program.

[Acts 1971, 62nd Leg., p. 3093, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

A faculty member who is eligible to participate in the optional retirement program on the date the optional retirement program becomes available at the institution of higher education at which he is employed, no later than the 1st day of August of the calendar year following the date on which the optional retirement program becomes available at the institution of higher education at which he is employed, shall elect to participate or not to participate in the optional retirement program. A faculty member who becomes eligible to participate in the optional retirement program subsequent to the date on which the optional retirement program becomes available at the institution of higher education at which he is employed shall make such election within 90 days following the date on which he becomes eligible to participate in the optional retirement program. A faculty member exercising the option to participate in the optional retirement program shall not thereafter be eligible for membership in the retirement system unless he ceases to be employed by an institution of higher education and

becomes employed by the Texas Public School System other than in an institution of higher education. A faculty member not exercising the option to participate in the optional retirement program shall be deemed to have chosen to continue membership in the retirement system in lieu of exercising the option to participate in the optional retirement program.

[Acts 1971, 62nd Leg., p. 3094, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

#### § 51.356. Withdrawal of Contributions to Retirement System

A faculty member who elects or who has elected to participate in the optional retirement program as provided under Section 51.355 of this code may further elect to withdraw from the retirement system his accumulated contributions as defined in Chapter 3 of this code,<sup>1</sup> upon application in writing as prescribed by the State Board of Trustees, and the applicable amounts shall be paid within 12 months from the date the application is received. Upon such withdrawal of funds, the faculty member shall thereby forfeit and relinquish all accrued rights as a member of the retirement system.

[Acts 1971, 62nd Leg., p. 3094, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

<sup>1</sup> Section 3.01 et seq. See § 3.02(a)(14).

#### § 51.357. Contributions

(a) With respect to a faculty member who has elected in accordance with Section 51.355 of this code to participate in the optional retirement program, the following amounts shall be disbursed and credited each fiscal year to the benefit of the faculty member in the optional retirement program:

(1) by the faculty member the amount that he would have been required to deposit during that year as a member of the retirement system; and

(2) by the state the amount that it would have been required to allocate and contribute during that year to the retirement system to the credit of the faculty member as a member of the retirement system.

(b) A faculty member participating in the optional retirement program and the institution of higher education with which he is employed, acting through its governing board, may enter into an agreement under which the salary paid to the faculty member is reduced by the amount of the faculty member's contribution required to be disbursed and credited under Subdivision (1) of Subsection (a), and under which the institution contributes an equal amount to the purchase of an annuity contract under the optional retirement program established by the respective governing board. Not more than one salary reduction agreement shall be entered into in any calendar year. Each salary reduction agreement shall be legally binding and irrevocable with respect to amounts earned while the agreement is in effect, if the agreement so provides by its terms. A salary reduction agreement may be terminable with respect to amounts not yet earned. To the extent that a salary reduction agreement is in force with a faculty member, there shall be no deduction from the salary of the faculty member, and the amounts provided in this section shall be disbursed and credited to the benefit of the faculty member as provided in Subdivision (1) of Subsection (a).

(c) The contributions of faculty members participating in the optional retirement program in each institution of higher education shall be deducted as provided by law applicable to the system or reduced under an agreement described in Subsection (b) of this section. The contribution of the state for faculty members participating in the optional retirement program in each institution of higher education shall be paid by the Comptroller of Public Accounts of the State of Texas to the applicable institution of higher education. The disbursing officer of such institution of higher education shall pay the total of such contributions from both the faculty member and the state to the company providing the optional retirement program for that institution. Each institution of higher education shall certify estimates to the comptroller of funds required for payments under its optional retirement program as required by law for the system.

[Acts 1971, 62nd Leg., p. 3094, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

#### § 51.358. Termination of Participation

Participation in the Optional Retirement Program shall terminate and the benefits of such annuities will be available only if the participant

(1) Dies;

(2) Terminates his employment due to total disability;

(3) Accepts retirement;

(4) Terminates employment in the Texas public institutions of higher education as defined in Section 61.003 of the Texas Education Code including those organizations included in the definition in Section 51.352(3). Transfers between such institutions mentioned in this section and changes in carriers shall not constitute termination of employment. An institution of higher education shall accept the transfer of any participant's Optional Retirement Program.

Nothing herein shall be construed to preclude the election by a participant to withdraw from the retirement system his accumulated contributions under the provisions of Section 51.356 of this code.

[Acts 1973, 63rd Leg., p. 1368, ch. 521, § 2, eff. June 14, 1973.]

## SUBCHAPTER B. BONDS

## § 52.11. Issuance of Bonds

(a) The board may from time to time provide by resolution for the issuance of negotiable bonds in a total aggregate amount not exceeding \$285 million.

(b) All bonds shall be on a parity and shall be called the Texas College Student Loan Bonds.

(c) The proceeds from the sale of bonds shall be placed in the Texas Opportunity Plan Fund.

(d) To assure the orderly and economical marketing of the bonds and the reasonable availability of money in the Texas Opportunity Plan Fund, the bonds may be issued in installments.

(e) The bonds of each issue shall be dated and shall bear interest at rates prescribed by the board, subject to the limitations imposed by law. At the option of the board, the interest may be payable annually or semiannually.

(f) The bonds shall mature serially or otherwise not later than 40 years from their date and may be redeemable before maturity, at the option of the board, at a price or prices and under terms and conditions fixed by the board in the resolution providing for the issuance of the bonds.

(g) The board shall determine the form of the bonds, including the form of any interest coupon to be attached to the bonds, and shall fix the denomination or denominations of the bonds and the place or places for the payment of the principal and interest.

(h) The bonds shall be executed on behalf of the coordinating board, or its successor, as general obligations of the State of Texas in the following manner: They shall be signed by the chairman or vice chairman and the secretary of the board, and the seal of the board shall be impressed on them. They shall be signed by the governor and attested by the secretary of state and the seal of the state impressed on them. The resolution authorizing the issuance of any installment or series of bonds may prescribe the extent to which facsimile signatures and facsimile

seals may be used in executing the bonds and appurtenant coupons. Interest coupons may be signed with the facsimile signatures of the chairman or vice chairman and the secretary of the board. In the event any officer whose manual or facsimile signature appears on any bond or coupon ceases to hold that office before the delivery of the bond or coupon, the signature will nevertheless be valid and sufficient for all purposes as if he had remained in office until the delivery had been made.

(i) The resolution may provide for registration of the bonds as to ownership and for successive conversion and reconversion from registered to bearer bonds and vice versa.

(j) Before any of the bonds issued are delivered to the purchasers, the record pertaining to the bonds shall be examined by the attorney general and the records and the bonds shall be approved by him. After approval by the attorney general, the bonds shall be registered in the office of the comptroller of public accounts. When approved, registered, and delivered to the purchasers, the bonds are incontestable and constitute general obligations of the State of Texas.

(k) The performance of official duties prescribed by Article III, Section 50b, of the Texas Constitution, in reference to the provision for the payment and the payment of the bonds may be enforced in any court of competent jurisdiction through mandamus or other appropriate proceedings.

(l) All bonds issued in accordance with the provisions of this chapter are negotiable instruments under the laws of this state.

(m) The board may provide for the replacement of any bond which is mutilated, lost, or destroyed. [Acts 1971, 62nd Leg., p. 3097, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

## § 52.12. Refunding Bonds

(a) The board may provide by resolution for the issuance of refunding bonds for the purpose of refunding any bonds issued under the provisions of this chapter and then outstanding, together with accrued interest on them.

(b) The issuance of the refunding bonds, and maturities, and all other details of the bonds, the rights of the holders, and the duties of the board with respect to the bonds, shall be governed by the applicable provisions of Section 52.11 of this code.

(c) The refunding bonds may be exchanged for the outstanding bonds or may be sold and the proceeds used to retire the outstanding bonds.

[Acts 1971, 62nd Leg., p. 3099, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

## § 52.13. Bonds as Investments

All bonds issued pursuant to the provisions of this chapter are legal and authorized investments for banks, savings banks, trust companies, building and loan associations, insurance companies, fiduciaries, trustees, and guardians, and for the sinking funds of cities, towns, villages, counties, school districts, and all other political subdivisions and public agencies of the State of Texas. The bonds, when accompanied by all unmatured coupons appurtenant to them, are lawful and sufficient security for all deposits of state funds and of all funds of any agency or political subdivision of the state, and of counties, school

districts, cities, and all other municipal corporations or subdivisions at the par value of the bonds. The bonds and the income from them, including the profits made on their sale, shall at all times be free from taxation in this state.

**§ 52.14. Sale of Bonds**

When the board has authorized the issuance of a series of bonds and has determined to call for bids on the bonds, it shall publish an appropriate notice of the sale at least one time not less than 20 days before the date of the sale. The publication shall be made in a daily newspaper of general statewide circulation which is published not less than seven times weekly. The notice shall also be published for a number of times determined by the board in one or more recognized financial publications of general circulation published in the state and one or more of these publications published outside the state. The board shall demand of bidders, other than the administrators of the state funds, that each bid be accompanied by an exchange or bank cashier's check for a sum considered adequate by the board to be a forfeit guaranteeing the acceptance of and payment for all bonds covered by each bid accepted by the board.

[Acts 1971, 62nd Leg., p. 3099, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

**§ 52.15. Competitive Bids**

**§ 52.17. Interest and Sinking Fund**

(a) Each fiscal year a sufficient portion of the funds received by the board as repayment of student loans granted under this chapter and as interest on the loans shall be deposited in the state treasury in the Texas College Student Loan Bonds Interest and Sinking Fund, referred to in this chapter as the interest and sinking fund, to pay the interest and principal coming due during the ensuing fiscal year and to establish and maintain a reserve in the interest and sinking fund equal to the average annual principal and interest requirements of all outstanding bonds issued under this chapter.

(b) If in any year funds are received in excess of the foregoing requirements, then the excess shall be deposited in the Texas Opportunity Plan Fund and may be used for the same purposes and upon the same terms and conditions prescribed for the proceeds derived from the sale of the Texas College Student Loan Bonds.

(c) In the event that funds received by the board in any fiscal year as repayment of student loans and as interest on the loans are insufficient to pay the interest coming due and the principal maturing on the bonds during the ensuing fiscal year, the state treasurer shall transfer into the interest and sinking fund out of the first money coming into the treasury, which is not otherwise appropriated by the constitution, an additional amount sufficient to pay the interest coming due and the principal maturing on the bonds during the ensuing fiscal year.

(d) The resolution authorizing the issuance of the bonds may provide for the deposit, from bond proceeds, of not more than 24 months' interest, and may provide for the use of bond proceeds as a reserve for the payment of principal of and interest on the bonds.

[Acts 1971, 62nd Leg., p. 3100, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

**§ 52.18. Duties of Comptroller and Treasurer**

**§ 52.19. Investment of Funds**

All money standing to the credit of the reserve portion of the interest and sinking fund and any money in the Texas Opportunity Plan Fund in excess of the amount necessary for student loans may be invested by the board in direct obligations of or obligations the principal and interest of which are guaranteed by the United States of America or invested in direct obligations of or participation certificates guaranteed by the Federal Intermediate Credit Bank, federal land banks, Federal National Mortgage Association, federal home loan banks, banks for cooperatives, and in certificates of deposit of any bank or trust company the deposits of which are fully secured by a pledge of securities of any of the kind previously specified in this section, or in bonds of the State of Texas, or of the several counties or municipalities or other political subdivisions of the State of Texas. However, money in the interest and sinking fund, except for that which is in the reserve portion of the fund, may be invested only in obligations which are scheduled to mature prior to the date money must be available for use for its intended purpose. All the bonds and obligations owned in the interest and sinking fund or in the Texas Opportunity Plan Fund are defined as "securities." The board may sell any securities owned in the interest and sinking fund or in the Texas Opportunity Plan Fund at the prevailing market price. Income from these investments shall be deposited in the interest and sinking fund.

#### § 52.32. Qualifications for Loans

(3) has established that he has insufficient resources to finance his college education;

(4) has been recommended by reputable persons in his home community; and

(5) has complied with other requirements established by rules and regulations adopted by the board in conformity with this chapter.

(b) In no event may a higher standard of academic performance be required of an applicant than the minimum standard required for enrollment in the participating institution. The student must be meeting the minimum academic requirements of the institution in the semester any loan is made.

[Acts 1971, 62nd Leg., p. 3101, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

<sup>1</sup>Section 54.051 et seq.

#### § 52.33. Amount of Loan

The amount of the loan to any qualified applicant shall be limited to the difference between the financial resources available to him, including but not limited to his income from parents and other sources, scholarships, gifts, grants, other financial aid, and the amount he can reasonably be expected to earn, and the amount necessary to pay his reasonable expenses as a student at the participating institution of higher education where he has been accepted for enrollment, under the rules and regulations adopted by the board. The total loan to any individual student may never be more than the amount he can reasonably be expected to repay in a maximum period of five years after he is last enrolled in a participating institution, except as otherwise provided for in this chapter.

[Acts 1971, 62nd Leg., p. 3101, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

#### § 52.34. Payments to Student

No payment may be made to any student until he has executed a note payable to the Texas Opportunity Plan Fund for the full amount of the authorized loan plus interest. For the purposes of this chapter, a student has the capacity to contract and is bound by any contract executed by him, and the defense that he was a minor at the time he executed the note is not available to him in any action arising on the note. Payments to students executing notes may be made annually, semiannually, quarterly, monthly, or for each semester as the board may

determine, depending on the demonstrated capacity of the student to manage his financial affairs. Disbursements may be made by the board or by the participating institution pursuant to a contract between the board and the institution executed in conformity with this chapter. No funds may be distributed to a participating institution except to make payments to a student under a loan authorized by this chapter.

[Acts 1971, 62nd Leg., p. 3102, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

#### § 52.35. Term of Loans

The term of all authorized loans must be for the shortest possible period, as determined by the board. However, no loan may be made to any student for a period longer than 10 years from the date he is last enrolled in a participating institution, except as a longer period is authorized for medical students, dental students, and students seeking professional or graduate degrees as authorized under the provisions of Section 52.38 of this code.

[Acts 1971, 62nd Leg., p. 3102, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971; Acts 1971, 62nd Leg., p. 3339, ch. 1024, art. 2, § 7, eff. Sept. 1, 1971.]

#### § 52.36. Loan Interest

The board shall annually, not later than September 1, fix the interest to be charged for any student loan at a rate sufficient to pay the interest on outstanding bonds plus any expenses incident to their issuance, sale, and retirement. Interest shall be postponed by the board as long as a student is enrolled at a participating institution and may be postponed at the board's discretion as long as a student is enrolled at any other higher educational institution, provided that the total interest paid is to be equal to that fixed at the time the note evidencing the loan is executed.

[Acts 1971, 62nd Leg., p. 3102, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

#### § 52.37. Insurance

The board may contract with any insurance company or companies licensed to do business in Texas for insurance on the life of any student borrower in an amount sufficient to retire the principal and interest owed under a loan made under the provisions of this chapter. The cost of the insurance shall be paid by the student borrower. No contract for insurance as provided for in this section may be approved except by the board during a regular meeting attended by a quorum of the total board membership.

[Acts 1971, 62nd Leg., p. 3102, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

Repayment of any loan and interest authorized under this chapter shall be made monthly and shall begin not later than nine months after the date the student borrower is last enrolled in a participating institution or any other institution of higher education and in no event later than five years from the date the first note evidencing a loan under this chapter is executed. The board may, however, authorize a longer period before beginning repayment of loans to medical students, dental students, and other students seeking professional or graduate de-

grees. The board may extend the time for beginning repayment for unusual financial hardships, with the approval of the attorney general. Repayment shall be made directly to the board or to a participating institution pursuant to a contract executed by the board in accordance with its rules and regulations.

[Acts 1971, 62nd Leg., p. 3103, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971; Acts 1971, 62nd Leg., p. 3339, ch. 1024, art. 2, § 7, eff. Sept. 1, 1971.]

**§ 52.39. Default; Suit**

When any person who has received a loan authorized by this chapter has failed or refused to make as many as six monthly payments due in accordance with an executed note, then the full amount of the remaining principal and interest becomes due and payable immediately, and the amount due, the person's name and his last known address, and other necessary information shall be reported by the board to the attorney general. Suit for the remaining sum shall be instituted by the attorney general, or any county or district attorney acting for him, in the county of the person's residence, the county in which is located the institution at which the person was last enrolled, or in Travis County, unless the attorney general finds reasonable justification for delaying suit and so advises the board in writing.

After residing in Texas for at least 12 months, a nonresident student may be reclassified as a resident student as provided in the rules and regulations adopted by the Coordinating Board, Texas College and University System. Any individual reclassified as a resident student is entitled to pay the tuition fee for a resident of Texas at any subsequent registration as long as he contin-

ues to maintain his legal residence in Texas. Before February 15, 1972, the Coordinating Board, Texas College and University System, shall promulgate such rules and regulations.

**§ 54.056. Effect of Marriage**

A nonresident who marries and remains married to a resident of Texas, classified as such under this chapter at the time of the marriage and at the time the nonresident registers, is entitled to pay the resident tuition fee regardless of the length of time he has lived in Texas; and any student who is a resident of Texas and who marries a nonresident is entitled to pay the resident tuition fee as long as he does not adopt the legal residence of the spouse in another state.

However, out-of-state Army National Guard or Air National Guard members attending training with Texas Army or Air National Guard units under National Guard Bureau regulations may not be ex-

empted from nonresident tuition by virtue of that training status nor may out-of-state Army, Air Force, Navy, Marine Corps, or Coast Guard Reserves training with units in Texas under similar regulations be exempted from nonresident tuition by virtue of that training status. It is the intent of the legislature that only those members of the Army or Air National Guard, Texas State Guard, or other reserve forces mentioned above be exempted from the nonresident tuition fee and other fees and charges only when they become members of Texas units of the military organizations mentioned above.

#### § 54.101. Tuition Scholarships

(a) The governing boards of the several state-supported institutions are hereby authorized and directed to have reserved and set apart in a separate account on the books of the respective institutions out of the fees levied and collected from students under Section 54.051 of this code an amount to be determined by the legislature for each institution in the biennial appropriation act, for the purpose of creating a special fund to be used in awarding tuition scholarships to needy resident students enrolled in such respective institutions, and a separate account on the books of the respective institutions out of the fees levied and collected from students under Section 54.051 of this code, an amount to be determined by the legislature for each institution in the biennial appropriation act, for the purpose of creating a special fund to be used in awarding tuition scholarships to needy alien students enrolled in such respective institutions.

(b) Such tuition scholarships shall be awarded to students with the approval of the president or other administrative head of each such respective institution in accordance with such rules and regulations governing the award of such tuition scholarships as may be promulgated by the governing boards of said respective institutions. Rules and regulations shall be subject to the provisions of this section.

(d) Awards shall be based on character and satisfactory scholastic record.

(e) Recipients of such tuition scholarships must be classified as either "resident students" under the provisions of Subchapter B of this chapter<sup>1</sup> or "alien students." (f) Tuition scholarships shall be awarded in an amount of \$25 per semester or \$50 per long session for each resident student and \$100 per semester or \$200 per long session for each alien student. The

### SUBCHAPTER D. EXEMPTIONS FROM TUITION

#### § 54.201. Highest Ranking High School Graduates

The governing board of each institution of higher education may issue scholarships each year to the highest ranking graduate of each accredited high school of this state, exempting the graduates from the payment of tuition during both semesters of the first regular session immediately following their graduation. This exemption may be granted for any one of the first four regular sessions following the individual's graduation from high school when in the opinion of the institution's president the circumstances of an individual case, including military service, merit the action.

[Acts 1971, 62nd Leg., p. 3117, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

#### § 54.202. High School Graduates of State Homes

The governing board of each institution of higher education shall exempt each citizen of Texas who at the time of his admission is a high school graduate of a state home from the payment of all dues, fees, and charges, including fees for correspondence courses. The exemption does not apply either to

general property deposits, which may be required as security for the return of or proper care of property loaned for the use of a student, or to charges for lodging, board, or clothing. The governing board shall require every applicant who claims this exemption to submit satisfactory evidence that he is a citizen of Texas and is otherwise entitled to the exemption.

[Acts 1971, 62nd Leg., p. 3117, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

§ 54.203. Veterans, Dependents, Etc.

(a) The governing board of each institution of higher education shall exempt the following persons from the payment of all dues, fees, and charges, including fees for correspondence courses but excluding property deposit fees, student services fees, and any fees or charges for lodging, board, or clothing, provided the persons seeking the exemptions were citizens of Texas at the time they entered the services indicated and have resided in Texas for at least the period of 12 months before the date of registration:

(1) all nurses and honorably discharged members of the armed forces of the United States who served during the Spanish-American War or during World War I;

(2) all nurses, members of the Women's Army Auxiliary Corps, members of the Women's Auxiliary Volunteer Emergency Service, and all honorably discharged members of the armed forces of the United States who served during World War II except those who were discharged from service because they were over the age of 38 or because of a personal request on the part of the person that he be discharged from service;

(3) all honorably discharged men and women of the armed forces of the United States who served during the national emergency which began on June 27, 1950, and which is referred to as the Korean War; and

(4) all persons who were honorably discharged from the armed forces of the United States after serving on active military duty, excluding training, for more than 180 days during the Cold War which began on the date of the termination of the national emergency cited in Subdivision (3) of this subsection.

(b) The exemptions provided for in Subsection (a) of this section also apply and inure to the benefit of the children of members of the armed forces of the United States who were killed in action or died while in service during World War II, the national emergency which began on June 27, 1950, or the Cold War, and to the benefit of orphans of members of the Texas National Guard and the Texas Air National Guard killed since January 1, 1946, while on active duty either in the service of their state or the United States. However, to qualify for this exemption a person must be a citizen of Texas and must have resided in the state for at least 12 months immediately preceding the date of his registration.

(c) The governing board of each institution of higher education granting exemptions shall require every applicant claiming the benefit of an exemption to submit satisfactory evidence that he fulfills the necessary citizenship and residency requirements.

(d) The exemption from fees provided for in Subsection (a) of this section does not apply to a person if at the time of his registration he is eligible for educational benefits under federal legislation in effect at the time of his registration. A person is covered by the exemptions if his right to benefits under federal legislation is extinguished at the time of his registration.

(e) The governing board of each institution of higher education may enter into contracts with the United States government, or any of its agencies, to furnish instruction to ex-servicemen and ex-service women at a tuition rate which covers the estimated cost of the instruction or, in the alternative, at a tuition rate of \$100 a semester, as may be determined by the governing board. If the rates specified are prohibited by federal law for any particular class of ex-servicemen or ex-service women, the tuition rate shall be set by the governing board, but shall not be less than the established rate for civilian students. If federal law provides as to any class of veterans that the tuition payments are to be deducted from subsequent benefits to which the veteran may be entitled, the institution shall refund to any veteran who is a resident of Texas within the meaning of this section the amount by which any adjusted compensation payment is actually reduced because of tuition payments made to the institution by the federal government for the veteran.

[Acts 1971, 62nd Leg., p. 3117, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

(2) "Disability" means inability to engage in any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to result in death or to be of long-continued and indefinite duration. (b) The governing board of each institution of higher education shall exempt from the payment of all tuition and laboratory fees any person whose parent is an eligible employee who has suffered an injury, resulting in death or disability, sustained in the line of duty according to the regulations and criteria then in effect governing the department or agency in which he was employed. The exemption does not apply to general property deposits or to fees or charges for lodging, board, or clothing.

(c) A person is not entitled to the exemption if he:

(1) does not apply initially for the exemption before he becomes 21 years of age;

(2) does not meet all entrance requirements of the institution; or

(3) does not maintain a scholastic average sufficient to remain in good standing.

(d) A person loses his right to an exemption after eight consecutive semesters, not including summer

(e) A person entitled to an exemption under the provisions of this section may use the exemption:

(1) only at the public senior college or university which he first attends under the provisions of this section; or

(2) only at the public junior college which he first attends, and upon successful completion of four consecutive semesters at the public junior college he may continue to use the exemption for four consecutive semesters only at the public senior college or university which he subsequently first attends.

If the physician decides the injury received has resulted in a disability, he shall certify this fact to the head of the department which employs the employee.

(h) The head of the department which employed the eligible employee at the time he sustained the injury shall file a certificate with the Coordinating Board, Texas College and University System, on a form prepared by the board for the purpose. The head of the department shall attach the certificate of the examining physician if an examination is required by Subsection (g) of this section. (2) a high school diploma or its equivalent;

(3) proof of good moral character, which may be evidenced by a letter of recommendation from the principal of the high school attended by the deaf or blind individual or, if the high school no longer exists or if the principal cannot be located, a letter of recommendation from the individual's clergyman, a public official, or some other responsible person who knows the deaf or blind individual and is willing to attest to his good moral character; and

(4) proof that he meets all other entrance requirements of the institution.

(c) The governing board of an institution may establish special entrance requirements to fit the circumstances of deaf and blind persons. In order to obtain the maximum vocational benefits of their college training, all deaf students applying for a tuition exemption under this legislation shall cooperate with the Commission for Rehabilitation, and all blind students applying for a tuition exemption under this section shall cooperate with the State Commission for the Blind. The total of all compulsory student services fees collected from a student for any one semester or summer session shall not exceed \$30. All compulsory student services fees charged and collected under this section by the governing board of an institution of higher education, other than a public junior college, shall be assessed in proportion to the number of semester credit hours for which a student registers. All the money shall be placed in a depository bank or banks designated by the governing board and shall be secured as required by law. Each year the governing board shall approve for the institution a separate budget for student activities and services financed by fees authorized in this section. The budget shall show the fees to be assessed, the purpose or functions to be financed, the estimated income to be derived, and the proposed expenditures to be made. Copies of the budgets shall be filed annually with the coordinating board, the governor, the legislative budget board, the state auditor, and the state library.

(f) The governing board may waive all or part of any compulsory fee or fees authorized by this section in the case of any student for whom the payment of the fee would cause an undue financial hardship, provided the number of the students does not exceed 10 percent of the total enrollment. The board may limit accordingly the participation of a student in the activities financed by the fee so waived.

The board may sell, lease, and otherwise manage, control, and use the lands in any manner and at prices and under terms and conditions the board deems best for the interest of the permanent university fund, not in conflict with the constitution. However, the land shall not be sold at a price less per acre than that at which the same class of other public land may be sold under the statutes. No grazing lease shall be made for a period of more than 10 years.

[Acts 1971, 62nd Leg., p. 3152, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

#### § 66.62. Board for Lease

(a) The Board for Lease of University Lands is composed of the commissioner of the general land office and two members of the board of regents selected by the board of regents. In the event that a regent member of the Board for Lease of University Lands is unable to attend any meeting of that board, the chairman of the board of regents shall appoint another member of the board of regents as a substitute member of the Board for Lease of University Lands to attend the meeting that the regular regent member is unable to attend. The substitute regent member of the Board for Lease of University Lands shall exercise all the powers, duties, and responsibilities of the absent regent member during the conduct of the meeting for which he was appointed. Any substitute regent member of the Board for Lease of University Lands is subject to the provisions of this subchapter.

(b) Neither regent member may be directly or indirectly employed by, or be an officer of or an attorney for, an oil or gas company.

(c) A majority of the board has the power to act for the board.

(d) The board shall perform the duties prescribed by this subchapter and shall keep a public record of all its proceedings.

[Acts 1971, 62nd Leg., p. 3152, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971; Acts 1973, 63rd Leg., p. 1578, ch. 569, § 1, eff. June 15, 1973.]

#### § 66.63. Oil and Gas Subject to Sale

The oil and gas in the university lands are subject to sale under the regulations, at the times, and on the terms provided in this subchapter, and under the rules and regulations adopted by the board as authorized by this subchapter, not inconsistent with the provisions of this subchapter.

[Acts 1971, 62nd Leg., p. 3152, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

#### § 66.64. Placing Oil and Gas on Market; Public Auction; Advertisement

(a) Whenever there is a demand for the purchase of oil and gas in any university land that will reasonably insure that the oil and gas may be sold advantageously, the board shall place the oil and gas in the land on the market in separate tracts of such area and extent as the board may determine most suitable for profitable marketing; but in no event shall any tract in which oil and gas is offered for as a unit exceed in area of 6,000 acres.

(b) The sale of the oil and gas shall be made at public auction held in Austin at any hour between 10 a. m. and 5 p. m.

(c) The board shall cause an advertisement to be made of the sale in two or more newspapers of general circulation in this state. The advertisement shall state the method, time, and place of sale; the primary term of the lease proposed to be executed covering any sale; the royalty to be paid; that lists describing the land to be sold may be obtained from the board; and other matters that in the judgment of the board are deemed advisable. In addition to the foregoing mandatory provisions, the board may

cause the advertisement to be placed in oil and gas journals in and out of the state and to be mailed generally to persons it thinks might be interested.

[Acts 1971, 62nd Leg., p. 3152, p. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

#### § 66.65. Royalty; Bonus; Annual Rental; Special Fee

(a) The oil and gas in each tract shall be offered for sale for a bonus in addition to the stipulated royalty. Each tract shall be offered separately.

(b) Each bid is subject to the royalty specified in the official advertisement preceding the sale, but in no event less than one-eighth of the gross production of oil and gas in the land; and shall further be subject to the payment of an annual rental after the first year of not less than 10 cents per acre, payable each year in advance, unless the royalties received from the land during the preceding year equal or exceed the amount of the annual rental payment.

(c) Each bid is also subject to the payment of a special fee equal to one percent of the total sum bid, which special payment shall constitute a special fund from which the board for lease shall defray the expenses of the sale, including the payment for the services of the auctioneer crying the sale and the payment of the general operating expenses in geologizing, oil field supervision, and auditing oil and gas production of university lands, including salaries and traveling expenses of persons employed by the board of regents for those purposes, and for the purpose of acquiring, constructing, and equipping a building in the city of Midland or adjacent area to house the administrative staff of the offices of University Lands, Geology and Land Agent, and such other related agencies necessary for the management and development of university lands in West Texas.

(d) The board for lease may also direct the comptroller of The University of Texas System to transmit to the state treasurer for deposit to the credit of the permanent university fund any unexpended balances remaining in the special fund after reserving a sufficient amount in it for the payment of current expenses as set out in Subsection (c) of this section.

(e) The highest successful bidder shall pay to the commissioner of the general land office on the day the bid is accepted the full amount of bonus bid and the special fee.

[Acts 1971, 62nd Leg., p. 3153, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

#### § 66.66. Withdrawal of Lands Before Bids Received

The board may withdraw any lands advertised for lease before the hour set for receiving bids.

[Acts 1971, 62nd Leg., p. 3154, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

#### § 66.67. Award of Lease

(a) If any one of the bidders at the sale at public auction has offered a reasonable and proper price for any tract offered, not less than the price fixed by the board, the land advertised may be leased for oil and gas purposes under the terms of this subchapter and any regulations the board may prescribe, not inconsistent with the provisions of this subchapter. All bids may be rejected by the board.

(b) If the board determines that a satisfactory bid has been offered for the oil and gas, it shall make an award to the bidder offering the highest price, and a lease shall be executed by the commissioner of the general land office. A duplicate copy of the lease shall be filed in the general land office.

[Acts 1971, 62nd Leg., p. 3154, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

#### § 66.68. Provisions of Lease

(a) Each lease executed under this subchapter shall contain, and each valid and subsisting oil and gas lease previously executed by the commissioner under the source statute for this subchapter, on the application of the lessee and payment of a sum of money equal to one year's annual rental under the lease, shall be amended by written instrument to contain, the provisions prescribed by this section.

(b) Each lease shall provide that the primary term of the lease, as determined by the board prior to the promulgation of the advertisement, shall in no case exceed five years.

(c) Each lease shall provide that if oil and/or gas is being produced in paying quantities from the leased premises before the termination of the primary term, such lease shall not terminate but shall continue in force and effect as long as oil and/or gas is being so produced.

(d) Each lease shall provide that in the event production of oil or gas on the leased premises, after once obtained, shall cease for any cause within 60 days before the expiration of the primary term of such lease or at any time or times thereafter, such lease shall not terminate, if the lessee commences additional drilling or reworking operations within 60 days thereafter, and such lease shall remain in full force and effect so long as such operations continue in good faith and in workmanlike manner, without interruptions, totaling more than 60 days during any one such operation; and if such drilling or reworking operations result in the production of oil and/or gas, such lease shall remain in full force and effect so long as oil or gas is produced therefrom in paying quantities or payment of shut-in gas well royalty or compensatory royalties is made as hereinafter provided in this subchapter.

(e) Each lease shall provide that if at the expiration of the primary term or at any time thereafter there is located on the leased premises a well or wells capable of producing gas in paying quantities and such gas is not produced for lack of a suitable market and such lease is not being otherwise maintained in force and effect, the lessee may pay as royalty \$1,200 per annum for each well on the lease capable of producing gas in paying quantities, such payment to be made to the commissioner of the general land office at Austin, Texas, prior to the expiration of the primary term of the lease, or if the primary term has expired, within 60 days after lessee ceases to produce gas from such well or wells; and if such payment is made, the lease shall be considered to be a producing lease and such shut-in gas well royalty payment shall extend the term of the lease for a period of one year from the end of the primary term or from the first day of the month next succeeding the month in which production ceased; and thereafter if no suitable market for such gas exists, the lessee may extend the lease for two additional and successive periods of one year

each by the payment of a like sum of money each year on or before the expiration of the extended term. Provided, however, that if, while such lease is being maintained in force and effect by payment of such shut-in gas well royalty, gas should be sold and delivered in paying quantities from a well situated within 1,000 feet of the leased premises and completed in the same producing reservoir or in any case where drainage is occurring, the right to further extend the lease by such shut-in gas well royalty payments shall cease, but such lease shall remain in force and effect for the remainder of the current one year period for which the shut-in gas well royalty has been paid, and for an additional period not to exceed a combined total of three years from the expiration of the primary term or from the first day of the month next succeeding the month in which production ceased by the payment by the lessee of compensatory royalty, at the royalty rate provided for in such university lease as would be due on an equivalent amount of like quality gas produced and delivered from the well completed in the same producing reservoir from which gas is being sold and delivered and which is situated within 1,000 feet of, or draining, the leased premises on which shut-in gas well is situated, such compensatory royalty to be paid monthly to the Commissioner of the General Land Office at Austin, Texas, beginning on or before the last day of the month next succeeding the month in which such gas is sold and delivered from the well situated within 1,000 feet of, or draining, the leased premises and completed in the same producing reservoir; provided further, that in the event such compensatory royalties paid in any 12-month period are in a sum less than the annual shut-in gas well royalties provided for in this section, the lessee shall pay an additional sum equal to the difference within 30 days from the end of such 12-month period; provided further, that nothing herein shall relieve the lessee of the obligation of reasonable development, nor of the obligation to drill offset wells required by Section 66.75 of this code.

(f) Each lease shall provide that if, at the expiration of the primary term, production of oil and/or gas has not been obtained in paying quantities on the leased premises but drilling operations are being conducted thereon in good faith and in good and workmanlike manner, the lessee may, on or before the expiration of the primary term, file in the general land office written application to the commissioner for a 30-day extension of such lease, such application to be accompanied by a payment of \$7.50 per acre for each acre in the lease, and the commissioner shall, in writing, extend such lease for a 30-day period from and after the expiration of the primary term and so long thereafter as oil or gas is produced in paying quantities from the premises; provided further, that the lessee may, so long as such drilling operations are being conducted in good faith, make like application and payment during any 30-day extended period for an additional extension of 30 days not to exceed a combined total of 180 days; provided, however, lessee may, so long as such drilling operations are being conducted in good faith, make written application to the commissioner, on or before the expiration of the initial extended period of 180 days for an additional extension of 180 days, such application to be accompanied by a payment of \$50 per acre for each acre in the lease, and the commissioner shall, in writing, extend such lease for an

additional 180-day period from and after the expiration of the initial extended period of 180 days, and so long thereafter as oil or gas is produced in paying quantities from the premises; provided, that no lease shall be extended under the provisions of this section for more than a total of 360 days from and after the expiration of the primary term unless production in paying quantities has been obtained.

(g) Each lease shall contain a provision enabling the board, at its election, to require that payment of royalty as stipulated in the lease be in kind. Such option may be exercised from time to time at the discretion of the board upon not less than six months' notice to the lessee. The board shall have all powers necessary to negotiate and execute sales contracts or any other instruments necessary for the disposition of any royalty taken in kind. Such other reasonable provisions, not inconsistent with this subchapter, as will facilitate the efficient and equitable payment of royalty in kind may be included in this lease by the board.

[Acts 1971, 62nd Leg., p. 3154, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971; Acts 1973, 63rd Leg., p. 621, ch. 265, § 1, eff. June 11, 1973.]

#### § 66.69. Lease: Additional Provisions

Each oil and gas lease issued on university lands under this subchapter shall include any additional provisions and regulations, not inconsistent with the provisions of this subchapter, that the board may prescribe to preserve the interest of the state and safeguard the university funds.

[Acts 1971, 62nd Leg., p. 3156, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

#### § 66.70. Compensatory Royalties in Lieu of Offset Wells

(a) Subject to the provisions of this section, the commissioner of the general land office may execute agreements on behalf of the permanent university fund that provide for the payment by university land oil and gas lessees of compensatory royalty in lieu of drilling offset wells that may be required to protect a university oil and gas lease from drainage from a well or wells located on non-university lands or university lands leased at a lesser royalty situated within 1,000 feet of or draining the university-leased premises.

(b) Agreements providing for the payment of compensatory royalty must be approved by the board for lease of university lands.

(c) Any such agreement must be found by the commissioner and the board for lease to be in the best interest of the state and necessary to prevent economic waste.

(d) Nothing in an agreement shall relieve the lessee of the obligation of reasonable development or of the obligation to drill offset wells as required by Section 66.75 of this code as to other producing horizons.

(e) Beginning on the date fixed in the agreement, the lessee shall pay the compensatory royalty monthly to the commissioner at the land office in Austin.

(f) The agreement with respect to the interest of the state shall remain in force and effect as long as oil and gas, or either of them, is produced from a well located on university or non-university acreage and draining the university-leased premises.

(g) The agreement may contain other provisions the commissioner and the board for lease deem necessary to protect the interests of the permanent university fund.

[Acts 1971, 62nd Leg., p. 3154, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

#### § 66.71. Prorated or Reduced Production Contracts

Whenever in the discretion of the board it is to the best interest of the university and its permanent fund that production from any lease for a limited period of time should be prorated or reduced, the board may execute the necessary contract or contracts with the lessee or lessees and their assignees to effectuate the same and to carry out the intention of this subchapter.

[Acts 1971, 62nd Leg., p. 3156, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

#### § 66.72. Extension of Producing Lease

If oil or gas is discovered in paying quantities on any tract covered by a lease, then the lease as to that tract shall remain in force as long as oil and gas is produced in paying quantities from the tract, provided that the other provisions of this subchapter are complied with by the lessee.

[Acts 1971, 62nd Leg., p. 3157, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

#### § 66.73. Assignment; Relinquishment

(a) All rights purchased may be assigned in quantities of not less than 40 acres, unless there are less than 40 acres remaining out of the tract originally leased under this subchapter, in which case the lesser area may be assigned. All assignments shall be filed in the general land office within 100 days after the date of the first acknowledgment thereof, accompanied by 10 cents an acre for each acre assigned; and if not so filed and payment made, the assignment shall be ineffective.

(b) All rights to any entire lease and to any assigned portion thereof may be relinquished to the state at any time by having an instrument of relinquishment recorded in the county or counties in which the area may be situated and filed in the land office accompanied by \$1 for each area assigned; but such assignment shall not release the owners of any past due obligations theretofore accrued thereon.

[Acts 1971, 62nd Leg., p. 3157, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

#### § 66.74. Royalty Payments; Inspection of Records

(a) Royalty as stipulated in the sale shall be paid to the general land office at Austin for the benefit of the university permanent fund on or before the last day of each month for the preceding month during the life of the rights purchased; and it shall be accompanied by the sworn statement of the owner, manager, or other authorized agent showing the gross amount of oil produced and saved since the last report, the amount of gas produced and sold off the premises, and the market value of the oil and gas, together with a copy of gas meter readings, pipeline receipts, gas line receipts, and other checks and memoranda of the amounts produced and put into pipelines, tanks, or pools and gas lines or gas storage.

(b) The books and accounts, receipt and discharges of all wells, tanks, pools, meters, pipelines, and all contracts and other records pertaining to the production, transportation, sale, and marketing of the oil and gas shall at all times be subject to inspection and examination by the commissioner of the general land office, the attorney general, the governor, or any member of the board of regents, or the representative of either.

[Acts 1971, 62nd Leg., p. 3157, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

**§ 66.75. Protection from Drainage**

In every case where the area in which the oil and gas sold shall be contiguous or adjacent to land not university land, the acceptance of the bid and the sale made thereby shall constitute an obligation on the lessee to adequately protect the land leased from drainage from adjacent lands. In cases where the area in which the oil and gas is sold is contiguous to other university lands leased or sold, at a lesser royalty, the lessee shall likewise protect the state from drainage from the land so leased or sold for a lesser royalty. On failure to protect the land from drainage, the sale and all rights thereunder may be forfeited by the board in the manner provided in this subchapter for forfeitures.

[Acts 1971, 62nd Leg., p. 3157, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

**§ 66.76. Forfeiture; Other Remedies; Lien**

(a) If the owner of the rights acquired under this subchapter fails or refuses to make the payment of any sum due thereon, either as rental or royalty on the production, within 30 days after same becomes due, or if the owner or his authorized agent makes any false return or false report concerning production, royalty, or drilling, or if the owner fails or refuses to drill any offset well or wells in good faith, as required by his lease, or if the owner or his agent refuses the proper authority access to the records and other data pertaining to the operations under this subchapter, or if the owner or his authorized agent fails or refuses to give correct information to the proper authorities, or fails or refuses to furnish the log of any well within 30 days after production is found in paying quantities, or if any of the material terms of the lease are violated, the lease is subject to forfeiture by the board by an order entered upon the minutes of the board reciting the facts constituting the default and declaring the forfeiture.

(b) The board may have suit instituted for forfeiture through the attorney general.

(c) On proper showing by the forfeiting owner, within 30 days after the declaration of forfeiture, the lease may, at the discretion of the board and on such terms as it may prescribe, be reinstated.

(d) In case of violation by the owner of the lease contract, the remedy of the state by forfeiture is not the exclusive remedy, but suit for damages or specific performance, or both, may be instituted.

(e) The state shall have a first lien upon all oil and gas produced upon the leased area and upon all rigs, tanks, pipeline, telephone lines, and machinery and appliances used in the production and handling of oil and gas produced thereon, to secure any amount due from the owner of the lease.

[Acts 1971, 62nd Leg., p. 3158, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

**§ 66.77. Filing of Records**

All surveys, files, records, copies of sale and lease contracts, and all other records pertaining to the sales and leases hereby authorized, shall be filed in the general land office and constitute archives thereof.

[Acts 1971, 62nd Leg., p. 3158, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

**§ 66.78. Payments; Disposition**

Payments under this subchapter shall be made to the commissioner of the general land office at Austin, who shall:

(1) transmit to the state treasurer for deposit to the credit of the permanent university fund all bonus and royalty payments;

(2) transmit to the state treasurer for deposit to the credit of the available university fund all payments for delay in drilling, all filing, assignment, and relinquishment fees, and all other payments except those described in Subdivision (3) of this section; and

(3) transmit to the comptroller of The University of Texas System the special one percent fee payment prescribed by Section 66.65(c) of this code, which shall be disbursed by the comptroller for the authorized purposes after approval thereof by the board.

[Acts 1971, 62nd Leg., p. 3158, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

**§ 66.79. Forms; Contracts; Regulations**

The board shall adopt forms and contracts and shall promulgate rules and regulations, not inconsistent with the terms of this subchapter, that in its judgment will best effectuate the purpose of this subchapter and will best protect the university, its lands, and the income from the lands.

[Acts 1971, 62nd Leg., p. 3159, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

**SUBCHAPTER C. POWERS AND DUTIES OF BOARD**

**§ 85.21. General Powers and Duties**

The board shall make bylaws, rules, and regulations it deems necessary and proper for the government of the university system and its institutions, agencies, and services. The board shall regulate the course of study and prescribe the course of discipline necessary to enforce the faithful discharge of the duties of the officers, faculty, and students.

[Acts 1971, 62nd Leg., p. 3192, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

**§ 85.23. Permanent Improvements; Contracts; Land Transactions**

(a) The board may contract with persons, firms, or corporations for the purchase, acquisition, or construction of permanent improvements on or conveniently located with reference to the campus of any institution of the system; and may purchase, sell, or lease lands and other appurtenances for the construction of the permanent improvements. However, no liability shall be incurred by the State of Texas under this subsection.

(b) The board may sell, encumber, or contract with reference to the divesting or encumbering of the title to, any part of the campus or other property of any institution of the system as may be necessary in the construction or acquisition of dormitories. However, no debt shall be incurred against the institution or the State of Texas.

[Acts 1971, 62nd Leg., p. 3193, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

**§ 85.24. Utilities**

(a) The board from time to time may improve and equip existing central power plants and may con-

struct, acquire, improve, and equip steam plants and additions to them, and the board may acquire land for these purposes for the institutions under its control, when the total cost, type of construction, capacity, and plans and specifications have been approved by the board. As used in this subsection, "steam plants" does not include electrical generating facilities, but "central power plants" does include electrical generating facilities.

(b) The board from time to time may construct, extend, and improve the water systems, sewer systems, or both, for any or all institutions under its control, when the total cost, type of construction, capacity, and plans and specifications have been approved by the board.

(c) The board may furnish water, sewer, steam, power, electricity, or any or all of those services from the power and steam plant or plants and other facilities located at each institution to any or all dormitories, kitchens and dining halls, hospitals, student activity buildings, gymnasiums, athletic buildings and stadiums, the dormitory for help, laundry, and other buildings or facilities that may have been or may be constructed at each institution, and may determine the amount to be charged as a part of the maintenance and operation expense of those buildings or facilities for the service or services. The board may allocate the cost of furnishing the services to revenue-producing buildings and facilities and to other buildings and facilities at the institutions. The board may pledge the net revenues from the amounts thus received for the services to pay the principal of and interest on, and to create and maintain the reserve for, the negotiable revenue bonds issued for the purpose of constructing, acquiring, improving, extending, or equipping the power and steam plants, or additions thereto, or other facilities, and may secure the bonds additionally by pledging rentals, rates, charges, and fees for the use or availability of all or any property, buildings, structures, activities, operations, or facilities, of any nature, which may be fixed and collected from all or any designated part of the students enrolled in the institution or institutions or from others in the amounts and in the manner determined and provided by the board in the resolution authorizing the issuance of the bonds.

[Acts 1971, 62nd Leg., p. 3193, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

(a) The board is vested with the sole and exclusive management and control of lands and mineral interests under its jurisdiction and that may be acquired by it. The board may convey lands to other units or agencies of government; and where not otherwise authorized by existing law so to do, the board may sell said lands or lease the surface estate under terms and conditions it deems best in the public interest. The board may not, however, sell or otherwise dispose of any land comprising the original main campus of Texas A & M University, located at College Station, except as specifically authorized by existing law. Proceeds received therefrom may be retained in local funds subject to disposition by the board for any lawful purpose.

(b) This section is cumulative of existing statutes relating to the authority of the board to lease for oil,

gas, sulphur, mineral ore, and other mineral developments, and otherwise to buy, sell, and lease certain lands under its jurisdiction and supervision.

(c) This section does not cover any lands or minerals held by the general land office.

[Acts 1971, 62nd Leg., p. 3194, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

**§ 85.26. Leases and Easements; Rights-of-way for Electric Lines, Pipelines, Irrigation Canals, Etc.**

(a) The board may execute leases and grant easements for rights-of-way for telephone, telegraph, electric transmission, and power lines, for oil pipelines, gas pipelines, sulphur pipelines, water pipelines and other electric lines and pipelines of any nature whatsoever, and for irrigation canals, and laterals, and may execute easements or leases for the erection and maintenance of electric substations, pumping stations, loading racks, tank farms, and other structures, and may execute easements for rights-of-way to the Texas Highway Department, to any county in the state, or to any corporation, group, organization, firm, or individual for highway or roadway purposes, on or across any lands belonging to the state and under the control of the board, if the board in its discretion deems it apparent that the interest of the state can best be served by the granting of the easements and leases.

(b) Each easement granted under this section shall be on forms approved by the attorney general and shall include a complete description of the land on which the easement is to be granted, the period of time covered by the easement, the amount of money to be paid by the grantee to the grantor, or other consideration for the granting of such easement. It shall also specify the terms and conditions, penalties for failure to comply with its provisions, and other pertinent information necessary and desirable to effect a complete understanding of the transaction.

(c) The grant of an easement for right-of-way, except an easement for right-of-way for highway or roadway purposes which may be for an indefinite term shall be limited to a term of not longer than 10 years, but any such easement may be renewed by the board.

(d) All income received by the board under the provisions of this section shall be accounted for and used in the same manner as other money available to the part of the system to which the land from which the easement is granted is assigned.

(e) No person, firm, group, organization, agency, or corporation shall hereafter construct any telephone, telegraph, transmission, or electric line, pipeline, electric substation, tank farm, loading rack, pumping station, irrigation canal or lateral, highway, or roadway of the kind and character enumerated in Subsection (a) of this section, across or on any section or part of a section of land of the character described in Subsection (a) of this section, who has not obtained a proper easement as provided by this section; or continue in possession of any such land without obtaining from the board a grant of a right-of-way easement or other easement across or on such land where the telephone, telegraph, transmission, or electric lines, pipelines, or any other transmission or pipelines, electric substation, tank

farm, loading rack, or pumping station, irrigation canal or lateral, highway, or roadway is to<sup>1</sup> constructed. Any person, firm, group, organization, agency, or corporation violating this subsection shall be liable for a penalty of \$100 for each day of the violation, to be recovered by the attorney general. [Acts 1971, 62nd Leg., p. 3194, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

<sup>1</sup> Probably should read "is to be".

**§ 85.27. Flood Control Easements**

The board may convey flood control easements over land under its jurisdiction and control to water control and improvement districts of this state. No flood control easement shall be conveyed unless the board receives from the district reasonable consideration for the conveyance. The conveyance shall be under the terms and conditions that the board deems in the best interest of the university system.

[Acts 1971, 62nd Leg., p. 3195, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

**§ 85.28. Airports**

(a) The board may construct or otherwise acquire an airport for any institution within the system. It may maintain and operate the airports in connection with the teaching of courses in aeronautical engineering and for purposes in cooperation with the national defense program and for other purposes which will not interfere with those uses.

(b) The board may acquire by purchase, lease, gift, condemnation, or otherwise, and may use, operate, and maintain any kind of property or property interest necessary or convenient to the exercise of powers under this section. The power of eminent domain shall be exercised in the manner provided by general law, including Title 52, Revised Civil Statutes of Texas, 1925, as amended,<sup>1</sup> except that the board shall not be required to give bond for appeal or bond for costs.

[Acts 1971, 62nd Leg., p. 3195, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

<sup>1</sup> Civil Statutes, Art. 3264 et seq.

**§ 85.29. Research and Experimentation for Highway Department**

The state comptroller of public accounts may draw proper warrants in favor of any part of the university system based on vouchers or claims submitted by the system through the State Highway Department covering reasonable fees and charges for services rendered by members of the staff of the system to the State Highway Department and for equipment and materials necessary for research and experimentation in all phases of highway activity, economics, materials, specifications, design of roadways, construction, maintenance, pavement and structures, traffic control, safety, the economics of highway design and construction, and other fields of highway design, construction, maintenance, or operation, based on an agreement between the State Highway Department and the Texas Agricultural and Mechanical College System as passed by the State Highway Department on September 29, 1948, and recorded by the State Highway Department as Minute Order Number 25396; and the state treasurer shall pay warrants so issued against any funds appropriated by the legislature to the State Highway

Department for the construction and maintenance of highways, roads, and bridges. The payments made to the system shall be credited and deposited to local institutional funds under its control.

[Acts 1971, 62nd Leg., p. 3195, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

[Sections 85.30 to 85.50 reserved for expansion]

SUBCHAPTER D. LEASE OF LANDS FOR OIL, GAS, AND OTHER MINERAL DEVELOPMENT

§ 85.51. Authority to Lease

The board may lease for oil, gas, sulphur, mineral ore, and other mineral developments to the highest bidder at public auction all lands used for experimental stations and all other lands under its exclusive control, or any part of those lands, owned or in the future acquired by the state for the use of the university system.

[Acts 1971, 62nd Leg., p. 3196, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

§ 85.52. Sale of Mineral Ore in Place

Mineral ore located in and on the land may also be sold in place by the board at not less than the fair market value as determined by the same methods as are provided for leasing of lands under this subchapter for development of the minerals in the lands.

[Acts 1971, 62nd Leg., p. 3196, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

§ 85.53. Tracts, Lots, Blocks

The board may cause the lands to be surveyed or subdivided into tracts, lots, or blocks that will, in its judgment, be most conducive and convenient to facilitate the advantageous sale of lease for oil, gas, sulphur, mineral ore, and other minerals, and may make maps and plats that may be thought necessary to carry out the purposes of this subchapter. The board may obtain authentic abstracts of title to all the lands as it deems necessary from time to time, and may take any steps necessary to perfect a merchantable title to the lands in the State of Texas.

[Acts 1971, 62nd Leg., p. 3196, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

§ 85.54. Placing Leases on Market; Advertising

(a) Whenever, in the opinion of the board, there is a demand for the purchase of oil, gas, sulphur, mineral ore, or other mineral leases on any tract or part of any tract of land that will reasonably insure an advantageous sale, the board shall place the oil, gas, sulphur, mineral ore, or other mineral leases on the land on the market in any tract or tracts, or any part thereof, that the board may designate.

(b) The board shall cause to be advertised a brief description of the land from which the oil, gas, sulphur, mineral ore, or other minerals is proposed to be leased. The advertisement shall be made by inserting in two or more papers of general circulation in this state; and in addition the board may, in its discretion, cause the advertisement to be placed in an oil and gas journal published in and out of the state, mail copies of the proposals to the county judge of the county where the lands are located, and mail copies of the proposals to other persons the board thinks would be interested.

[Acts 1971, 62nd Leg., p. 3196, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

§ 85.55. Public Auction; Bids; Acceptance; Rejection; Payments

(a) The board may sell the lease or leases to the highest bidder at public auction, at Texas A & M University, in College Station, at any hour between 10 a. m. and 5 p. m.

(b) The board may reject all bids. However, the highest bidder shall pay to the board on the day of the sale 25 percent of the bonus bid, and the balance of the bid shall be paid to the board within 24 hours after notification that the bid has been accepted. Payments shall be in cash, certified check, or cashier's check, as the board may direct. Failure to pay the balance of the amount bid will forfeit to the board the 25 percent paid.

(c) A separate bid shall be made for each tract or subdivision thereof. No bids shall be accepted which offer less than the fair market price per ton for the mineral ore or a royalty of less than one-eighth of the gross production of oil, gas, sulphur, and other minerals in the land bid upon, and this minimum royalty may be increased at the discretion of the board. Every bid shall carry the obligation to pay an amount not less than \$1 per acre for delay in drilling or development. The amount shall be fixed by the board in advance of the advertisement and shall be paid every year for five years unless in the meantime production in paying quantities is had upon the land or the land is re-leased by the lessee.

[Acts 1971, 62nd Leg., p. 3197, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

§ 85.56. Subsequent Procedure if No Bids Accepted

If no bid is accepted by the board at the public auction, any subsequent procedure for the sale of oil, gas, sulphur, mineral ore, and other mineral leases shall be in the manner prescribed by this subchapter.

[Acts 1971, 62nd Leg., p. 3197, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

§ 85.57. Withdrawal of Land Advertised

The board may withdraw any lands advertised for lease or for the sale of mineral ore in place.

[Acts 1971, 62nd Leg., p. 3197, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

§ 85.58. Acceptance of Bids; Award of Lease

(a) If in the opinion of the board any one of the bidders has offered a reasonable and proper price for any tract and not less than the price fixed by the board, the lands advertised may be leased for oil, gas, sulphur, mineral ore, and other mineral purposes under the provisions of this subchapter and any regulations the board may prescribe which are not inconsistent with the provisions of this subchapter.

(b) On acceptance of a bid, the board shall prepare a lease contract. The bid and a copy of the lease contract shall be filed in the general land office.

[Acts 1971, 62nd Leg., p. 3197, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

**§ 85.59. Exploratory Term; Extension; Other Provisions of Lease**

(a) The exploratory term of the lease as determined by the board prior to the promulgation of the advertisement shall in no case exceed five years, and each lease shall provide that the lease will terminate at the expiration of its exploratory term unless by unanimous vote of members of the board the lease may be extended for a period of three years. The lease may be extended if the board finds that there is likelihood of oil, gas, sulphur, mineral ore, and other minerals being discovered by lessees, and that the lessees have proceeded with diligence to protect the interest of the state. However, if oil, gas, sulphur, mineral ore, and other minerals are being produced in paying quantities from the premises, the lease shall continue in force and effect as long as the oil, gas, sulphur, mineral ore, and other minerals are being so produced. No extension under this subsection may be made by the board until the last 30 days of the original term of the lease.

(b) When, in the discretion of the board, it is deemed for the best interest of the state to extend a lease issued by the board, the board by unanimous vote may extend the lease for a period not to exceed three years, on the condition that the lessee shall continue to pay yearly rental as provided in the lease and any additional terms the board may see fit and proper to demand. The board may extend the lease and execute an extension agreement.

(c) The lease shall include any additional provisions and regulations the board may prescribe to preserve the interest of the state, not inconsistent with the provisions of this subchapter.

[Acts 1971, 62nd Leg., p. 3197, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

**§ 85.60. Discontinuance of Yearly Payments; Termination for Nonproduction**

When the royalties amount to as much as the yearly payments as fixed by the board, the yearly payments may be discontinued. If before the expiration of five years oil, gas, sulphur, mineral ore, and other minerals have not been produced in paying quantities, the lease shall terminate unless extended as provided by this subchapter.

[Acts 1971, 62nd Leg., p. 3198, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

**§ 85.61. Operations under Lease: Effect on Rental Payments, Term of Lease**

If, during the term of any lease issued under the provisions of this subchapter, the lessee is engaged in actual drilling and mining operations for the discovery of oil, gas, sulphur, mineral ore, and other minerals on land covered by any such lease, no rentals shall be payable as to the tract on which the operations are being conducted as long as the operations are proceeding in good faith; and if oil, gas, sulphur, mineral ore, and other minerals are discovered in paying quantities on any tract of land covered by any lease, then the lease as to that tract shall remain in force as long as oil, gas, sulphur, mineral ore, and other minerals are produced in paying quantities from the tract.

[Acts 1971, 62nd Leg., p. 3198, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

**§ 85.62. Proration or Reduction of Production**

When, in the discretion of the board, it is for the best interest of the state to prorate or reduce production of any land, the board may execute the necessary contract to carry out that purpose.

[Acts 1971, 62nd Leg., p. 3198, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

**§ 85.63. Interference with Surface Uses**

No lease for oil, gas, sulphur, mineral ore, and other minerals shall be made by the board which will permit the drilling or mining for oil, gas, sulphur, mineral ore, and other minerals within 300 feet of any building on the land without the consent of the board. A lease on any experimental station or farm shall provide that the operations for oil, gas, sulphur, mineral ore, and other minerals shall not in any way interfere with use of the land as an experimental station and shall not cause the abandonment of the property or its use for experimental farm purposes; and the lessee shall drill, mine, and carry on his operations in such a way as not to cause the abandonment of the property for experimental farm purposes, and any such leased property shall be subject to the use by the State of Texas for all experimental purposes and the board shall continue to operate the experimental station.

[Acts 1971, 62nd Leg., p. 3198, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

**§ 85.64. Protection from Drainage**

In every case where the area in which oil, gas, sulphur, mineral ore, and other minerals sold shall be contiguous or adjacent to lands which are not lands belonging to and held by the university system, the acceptance of the bid and the sale made thereby shall constitute an obligation on the owner to adequately protect the land leased from drainage from the adjacent lands to the extent that a reasonably prudent operator would do under the same and similar circumstances. In cases where the area in which the oil, gas, sulphur, mineral ore, and other minerals are sold is contiguous to other lands belonging to and held by the university system which have been leased or sold at a lesser royalty, the owner shall likewise protect the land from drainage from the lands so leased or sold for a lesser royalty. On failure to protect the land from drainage as herein provided, the sale and all rights thereunder may be forfeited by the board in the manner provided in this subchapter for forfeitures.

[Acts 1971, 62nd Leg., p. 3199, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

**§ 85.65. Rights of Purchaser; Assignment; Relinquishment**

(a) Title to all rights purchased may be held by the owners as long as the area produces oil, gas, sulphur, mineral ore, and other minerals in paying quantities.

(b) All rights purchased may be assigned. All assignments shall be filed in the general land office within 100 days from the date of the first acknowledgment thereof, accompanied by 10 cents per acre for each acre assigned; and if not so filed and payment made, the assignment shall not be effective.

(c) All rights to any whole tract or to any assigned portion thereof may be relinquished to the state at any time by having an instrument of relinquishment recorded in the county or counties in which the area may be situated, and filed with the chairman of the board, accompanied by \$1 for each area assigned; but such assignment shall not relieve the owner of any past due obligations theretofore accrued thereon.

(d) The board shall authorize the laying of pipeline, telephone line, and the opening of roads as deemed reasonably necessary for and incident to the purpose of this subchapter.

## SUBCHAPTER C. THE TEXAS MARITIME ACADEMY

## § 87.201. Texas Maritime Academy

The Texas Maritime Academy, located in Galveston, is a school for the purpose of instructing boys in

the practice of seamanship, ship construction, naval architecture, wireless telegraph, engineering, and the science of navigation. It is under the management and control of the board of directors of The Texas A & M University System.

[Acts 1971, 62nd Leg., p. 3206, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

## § 87.202. General Powers and Duties

The board shall:

(1) employ a superintendent of the academy, who shall also be commander;

(2) employ instructors and the necessary employees and determine their number, duties, and compensation;

(3) fix the terms and conditions under which pupils shall be received, instructed, and graduated;

(4) arrange cruises to and from the harbors of Houston, Galveston, Beaumont, Port Arthur, and Corpus Christi; and

(5) establish rules and regulations for the proper management of the academy.

[Acts 1971, 62nd Leg., p. 3207, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

## § 87.203. Admission, Discipline, Instruction

The board shall prescribe the standards of admission and admit the applicants who meet the requirements. Students shall be subject to the regulations of conduct and discipline prescribed by the board. The board shall make provision for the proper instruction, for courses of study, and for the care, supervision, and management of the school; and the board is vested with all powers necessary for the proper discharge of these duties.

[Acts 1971, 62nd Leg., p. 3207, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

## § 87.204. Funds, Properties, Agreements

The board may receive any funds or property that may be subscribed, loaned, or bequeathed for the organization or maintenance of the academy and shall execute all necessary agreements for the faithful application of the funds or property.

[Acts 1971, 62nd Leg., p. 3207, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

## § 87.205. Fees and Charges

The fact that provision for the establishment of this academy is for the primary purpose of giving students practical and technical instruction in the arts and sciences relating to the foregoing subjects, and the further fact that training in these fields will lead to immediate and remunerative employment for those who have finished the prescribed courses, make it necessary that larger fees be charged those students who enter the academy than is now paid by students enrolled in state-supported institutions of higher education. Therefore, the provisions of Subchapter E, Chapter 54 of this code,<sup>1</sup> do not apply to the students enrolled in the academy. The board is specifically charged with the duty of assessing such fees and charges against the students who enter the academy as may be necessary to provide for the maintenance and support of the academy.

[Acts 1971, 62nd Leg., p. 3207, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

**§ 87.206. Instruction in Field of Marine Resources**

In addition to the instruction authorized in Section 87.201 of this code, the school or any other school created under this subchapter may provide instruction for all students in educational programs related to the general field of marine resources. Such courses must have the prior approval of the Coordinating Board, Texas College and University System. [Acts 1971, 62nd Leg., p. 3348, ch. 1024, art. 2, § 22, eff. Sept. 1, 1971.]

The board may sell or otherwise dispose of products from the land and may make rules and regulations that may be necessary to carry out the purposes of this section.

[Acts 1971, 62nd Leg., p. 3212, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

**§ 88.116. Text of Compact**

The South Central Interstate Forest Fire Protection Compact reads as follows:

**SOUTH CENTRAL INTERSTATE FOREST FIRE PROTECTION COMPACT**

**ARTICLE I.**

The purpose of this compact is to promote effective prevention and control of forest fires in the South Central region of the United States by the development of integrated forest fire plans, by the maintenance of adequate forest fire fighting services by the member States, by providing for mutual aid in fighting forest fires among the compacting States of the region and with States which are party to other Regional Forest Fire Protection compacts or agreements, and for more adequate forest development.

**ARTICLE II.**

This compact shall become operative immediately as to those States ratifying it whenever any two or more of the States of Arkansas, Louisiana, Mississippi, Oklahoma, and Texas which are contiguous have ratified it and Congress has given consent thereto. Any State not mentioned in this article which is contiguous with any member State may become a party to this compact, subject to approval by the legislature of each of the member States.

**ARTICLE III.**

In each State, the State Forester or officer holding the equivalent position who is responsible for forest fire control shall act as compact administrator for that State and shall consult with like officials of the other member States and shall implement cooperation between such States in forest fire prevention and control.

The compact administrators of the member States shall organize to coordinate the services of the member States and provide administrative integration in carrying out the purposes of this compact.

There shall be established an advisory committee of legislators, representatives of the Board of Directors of the Texas Agricultural and Mechanical College System, and forestry or forest products industries representatives, which shall meet from time to time with the compact administrators. Each member State shall name one member of the Senate and one member of the House of Representatives, and the Governor of each member State shall appoint one representative who shall be associated with for-

estry or forest products industries, and a member of the Board of Directors of the Texas Agricultural and Mechanical College System, to comprise the membership of the advisory committee. Action shall be taken by a majority of the compacting States, and each State shall be entitled to one vote.

The compact administrators shall formulate and, in accordance with need, from time to time, revise a regional forest fire plan for the member States.

It shall be the duty of each member State to formulate and put in effect a forest fire plan for that State and take such measures as may be necessary to integrate such forest fire plan with the regional forest fire plan formulated by the compact administrators.

#### ARTICLE IV.

Whenever the State forest fire control agency of a member State requests aid from the State forest fire control agency of any other member State in combating, controlling or preventing forest fires, it shall be the duty of the State forest fire control agency of that State to render all possible aid to the requesting agency which is consonant with the maintenance of protection at home.

#### ARTICLE V.

Whenever the forces of any member State are rendering outside aid pursuant to the request of another member State under this compact, the employees of such State shall, under the direction of the officers of the State to which they are rendering aid, have the same powers (except the power of arrest), duties, rights, privileges and immunities as comparable employees of the State to which they are rendering aid.

No member State or its officers or employees rendering outside aid pursuant to this compact shall be liable on account of any act or omission on the part of such forces while so engaged, or on account of the maintenance or use of any equipment or supplies in connection therewith; provided, that nothing herein shall be construed as relieving any person from liability for his own negligent act or omission, or as imposing liability for such negligent act or omission upon any State.

All liability, except as otherwise provided herein, that may arise either under the laws of the requesting State or under the laws of the aiding State or under the laws of a third State on account of or in connection with a request for aid, shall be assumed and borne by the requesting State.

Any member State rendering outside aid pursuant to this compact shall be reimbursed by the member State receiving such aid for any loss or damage to, or expense incurred in the operation of any equipment answering a request for aid, and for the cost of all materials, transportation, wages, salaries and maintenance of employees and equipment incurred in connection with such request; provided, that nothing herein contained shall prevent any assisting member State from assuming such loss, damage, expense or other cost or from loaning such equipment or from donating such service to the receiving member State without charge or cost.

Each member State shall provide for the payment of compensation and death benefits to injured em-

ployees and the representatives of deceased employees in case employees sustain injuries or are killed while rendering outside aid pursuant to this compact, in the same manner and on the same terms as if the injury or death were sustained within such State.

For the purposes of this compact the term "employee" shall include any volunteer or auxiliary legally included within the forest fire fighting forces of the aiding State under the laws thereof.

The compact administrators shall formulate procedures for claims and reimbursement under the provisions of this article, in accordance with the laws of the member States.

#### ARTICLE VI.

Ratification of this compact shall not be construed to affect any existing statute so as to authorize or permit curtailment or diminution of the forest fire fighting forces, equipment, services or facilities of any member State.

Nothing in this compact shall be construed to limit or restrict the powers of any State ratifying the same to provide for the prevention, control and extinguishment of forest fires, or to prohibit the enactment or enforcement of State laws, rules or regulations intended to aid in such prevention, control and extinguishment in such State.

Nothing in this compact shall be construed to affect any existing or future cooperative relationship or arrangement between the United States Forest Service and a member State or States.

#### ARTICLE VII.

The compact administrators may request the United States Forest Service to act as the primary research and coordinating agency of the South Central Interstate Forest Fire Protection Compact in cooperation with the appropriate agencies in each State, and the United States Forest Service may accept the initial responsibility in preparing and presenting to the compact administrators its recommendations with respect to the regional fire plan. Representatives of the United States Forest Service may attend meetings of the compact administrators.

#### ARTICLE VIII.

The provisions of Articles IV and V of this compact which relate to mutual aid in combating, controlling or preventing forest fires shall be operative as between any State party to this compact and any other State which is party to a regional forest fire protection compact in another region; provided, that the Legislature of such other State shall have given its assent to such mutual aid provisions of this compact.

#### ARTICLE IX.

This compact shall continue in force and remain binding on each State ratifying it until the legislature or the Governor of such State takes action to withdraw therefrom. Such action shall not be effective until six months after notice thereof has been sent by the chief executive of the State desiring to withdraw to the chief executives of all States then parties to the compact.

The bonds are eligible to secure the deposit of public funds of the State of Texas and of cities, towns, villages, counties, school districts, and other political corporations or subdivisions of the State of Texas; and the bonds are lawful and sufficient security for those deposits to the extent of the principal amount, or their value on the market, whichever is less, when accompanied by all unmatured coupons appurtenant to them.

[Acts 1971, 62nd Leg., p. 3239, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

#### § 104.56. Prior Liens, Pledges, Mortgages

Any pledge of revenue or mortgage of property made under the terms of this subchapter shall be subject to any prior lien, pledge, or mortgage thereof, but the existence of any such prior lien, pledge, or mortgage shall not prevent (a) the making of a subsequent and inferior lien, pledge, or mortgage, unless that action is prohibited under the resolution, order, or indenture authorizing the prior obligations, or (b) the issuing of additional parity lien revenue bonds which are hereby authorized, if and to the extent permitted by the order or indenture authorizing the prior obligations.

[Acts 1971, 62nd Leg., p. 3239, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

[Acts 1971, 62nd Leg., p. 3239, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

#### § 104.58. Approval and Registration

Prior to delivery, all bonds authorized to be issued under this subchapter and the records relating to their issuance shall be submitted to the attorney general for examination; and if he finds that they have been issued in accordance with the constitution and this subchapter and that they will be binding special obligations of the board, he shall approve them. They shall then be registered by the comptroller of public accounts. After the approval and registration, the bonds shall be incontestable.

[Acts 1971, 62nd Leg., p. 3240, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

**§ 104.59. Cumulative Effect**

This subchapter does not repeal any statute now in effect, but is cumulative of all other statutes pertaining to the university, and does not modify or abridge any powers held by the university to control or pledge its funds. However, to the extent that the provisions of this subchapter may be in conflict with the provisions of any other law, the provisions of this subchapter take precedence and prevail.

[Acts 1971, 62nd Leg., p. 3240, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

SUBCHAPTER F. MINERAL DEVELOPMENT IN UNIVERSITY LAND

**§ 104.71. Mineral Leases; Disposition of Proceeds**

(a) The board may lease for oil, gas, sulphur, or other mineral development to the highest bidder at public auction all or part of the lands under the exclusive control of the board owned by the State of Texas and acquired for the use of Texas A & I University and its divisions.

(b) Any money received by virtue of this section shall be deposited in the state treasury to the credit of a special fund to be known as the Texas A & I University special mineral fund, to be used exclusively for the university and its branches and divisions. However, no money shall ever be expended from this fund except as authorized by the general appropriations act.

[Acts 1971, 62nd Leg., p. 3240, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

**§ 104.72. Majority of Board to Act**

[Acts 1971, 62nd Leg., p. 3240, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

**§ 104.73. Subdivision of Land; Titles**

(a) The board may have the lands surveyed or subdivided into tracts, lots, or blocks which, in their judgment, will be most conducive and convenient to an advantageous sale or lease of oil, gas, sulphur, or other minerals in the lands; and the board may make maps and plats which it deems necessary to carry out the purposes of this subchapter.

(b) The board may obtain authentic abstracts of title to the lands from time to time as it deems necessary and may take necessary steps to perfect a merchantable title to the lands.

[Acts 1971, 62nd Leg., p. 3240, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

**§ 104.74. Sale of Leases; Advertisements; Payments**

(a) Whenever in the opinion of the board there is a demand for the purchase of oil, gas, sulphur, or other mineral leases on any tract or part of any tract of land which will reasonably insure an advantageous sale, the board shall place the oil, gas, sulphur,

or other mineral leases on the land on the market in a tract or tracts, or any part of a tract, which the board may designate.

(b) The board shall have advertised a brief description of the land from which the oil, gas, sulphur, or other minerals is proposed to be leased. The advertisement shall be made by inserting in two or more papers of general circulation in this state, and in addition, the board may, in its discretion, cause the advertisement to be placed in an oil and gas journal published in and out of the state. The board may also mail copies of the proposals to the county judge of the county where the lands are located and to other persons the board believes would be interested.

(c) The board may sell the lease or leases to the highest bidder at public auction at the university in Kingsville at any hour between 10 a. m. and 5 p. m.

(d) The highest bidder shall pay to the board on the day of the sale 25 percent of the bonus bid, and the balance of the bid shall be paid within 24 hours after the bidder is notified that the bid has been accepted. Payments shall be made in cash, certified check, or cashier's check, as the board directs. The failure of the bidder to pay the balance of the amount bid will forfeit to the board the 25 percent paid.

[Acts 1971, 62nd Leg., p. 3241, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

**§ 104.75. Separate Bids; Minimum Royalty; Delay Rental**

(a) A separate bid shall be made for each tract or subdivision of a tract.

(b) No bid shall be accepted which offers a royalty of less than one-eighth of the gross production of oil, gas, sulphur, and other minerals in the land bid upon, and this minimum royalty may be increased at the discretion of the board.

(c) Every bid shall carry the obligation to pay an amount not less than \$1 per acre for delay in drilling or development. The amount shall be fixed by the board in advance of the advertisement. The amount fixed shall be paid every year for five years unless in the meantime production in paying quantities is had upon the land or the land is released by the lessee.

[Acts 1971, 62nd Leg., p. 3241, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

**§ 104.76. Rejection of Bids; Withdrawal of Land**

The board may reject any and all bids and may withdraw any land advertised for lease.

[Acts 1971, 62nd Leg., p. 3241, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

**§ 104.77. Acceptance; Conditions and Provisions of Lease**

(a) If, in the opinion of the board, any one of the bidders has offered a reasonable and proper price for any tract, which is not less than the price set by the board, the lands advertised may be leased for oil, gas, sulphur, and other mineral purposes under the terms of this section and subject to regulations prescribed by the board which are not inconsistent with the provisions of this section. In the event no bid is accepted by the board at public auction, any subsequent procedure for the sale of the leases shall

be in the manner prescribed in the preceding sections.

(b) No lease shall be made by the board which will permit the drilling or mining for oil, gas, sulphur, or other minerals within 300 feet of any building on the land without the consent of the board. In making any lease on any experimental station or farm, the lease shall provide that the operations for oil, gas, and other minerals shall not in any way interfere with use of the land for university purposes and shall not cause the abandonment of the property or its use for experimental farm purposes. The lease shall also provide that the lessee operating the property shall drill and carry on his operations in such a way as not to cause the abandonment of the property for university purposes, and the leased property shall be subject to the use by the state for all university purposes, and the board shall continue to operate the university.

[Acts 1971, 62nd Leg., p. 3241, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

#### § 104.78. Acceptance and Filing of Bids; Yearly Payments; Termination of Lease

(a) If the board determines that a satisfactory bid has been received for the oil, gas, sulphur, or other mineral lands, it shall accept the bid and reject all others and shall file the accepted bid in the general land office.

(b) Whenever the royalties shall amount to as much as the yearly payments fixed by the board, the yearly payments may be discontinued.

(c) If before the expiration of five years oil, gas, sulphur, or other minerals have not been produced in paying quantities, the lease shall terminate unless extended as provided in Sections 104.80 and 104.81 of this code.

[Acts 1971, 62nd Leg., p. 3242, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

#### § 104.79. Award and Filing of Lease

If the board determines that a satisfactory bid has been received for the oil, gas, sulphur, or other minerals, it shall make an award to the bidder offering the highest price, and a lease shall be filed in the general land office.

[Acts 1971, 62nd Leg., p. 3242, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

#### § 104.80. Exploratory Term of Lease; Extension; Other Provisions

(a) The exploratory term of a lease as determined by the board prior to the promulgation of the advertisement shall not exceed five years, and each lease shall provide that the lease will terminate at the expiration of its exploratory term unless by unanimous vote of the board the lease is extended for a period of three years.

(b) The lease may be extended if the board finds that there is a likelihood of oil, gas, sulphur, or other minerals being discovered by the lessees, and that the lessees have proceeded with diligence to protect the interest of the state. If oil, gas, sulphur, or other minerals are being produced in paying quantities from the premises, the lease shall continue in force and effect as long as the oil, gas, sulphur, or other minerals are being so produced. No extension

may be made by the board until the last 30 days of the original term of the lease.

(c) The lease shall include additional provisions and regulations prescribed by the board to preserve the interest of the state, not inconsistent with the provisions of this subchapter.

[Acts 1971, 62nd Leg., p. 3242, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

#### § 104.81. Extension of Leases

When in the discretion of the board it is deemed for the best interest of the state to extend a lease issued by the board, the board may by unanimous vote extend the lease for a period not to exceed three years, on the condition that the lessee shall continue to pay yearly rental as provided in the lease and shall comply with any additional terms which the board may see fit and proper to demand. The board may extend the lease and execute an extension agreement.

[Acts 1971, 62nd Leg., p. 3243, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

#### § 104.82. Control of Drilling and Production

The drilling for and the production of oil, gas, and other minerals from the lands shall be governed and controlled by the Railroad Commission of Texas and other regulatory bodies which govern and control other fields in this state.

[Acts 1971, 62nd Leg., p. 3243, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

#### § 104.83. Drilling Operations; Suspension of Rent; Continuance of Lease; Duty to Prevent Drainage

(a) If during the term of a lease issued under the provisions of this subchapter the lessee is engaged in actual drilling operations for the discovery of oil, gas, sulphur, or other minerals, no rentals shall be payable as to the tract on which the operations are being conducted as long as the operations are proceeding in good faith.

(b) In the event oil, gas, sulphur, or other minerals are discovered in paying quantities on any tract of land covered by a lease, then the lease as to that tract shall remain in force as long as oil, gas, sulphur, or other minerals are produced in paying quantities from the tract.

(c) In the event of the discovery of oil, gas, sulphur, or other minerals on any tract covered by a lease or on any land adjoining the tract, the lessee shall conduct such operations as may be necessary to prevent drainage from the tract covered by the lease to properly develop the same to the extent that a reasonably prudent man would do under the same and similar circumstances.

[Acts 1971, 62nd Leg., p. 3243, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

#### § 104.84. Title to Rights Purchased; Assignment; Relinquishment

(a) Title to all rights purchased may be held by the owners as long as the area produces oil, gas, sulphur, or other minerals in paying quantities.

(b) All rights purchased may be assigned. All assignments shall be filed in the general land office within 100 days from the date of the first acknowl-

edgment thereof, accompanied by 10 cents per acre for each acre assigned. The assignment shall not be effective unless it is filed and the payment made.

(c) All rights to any whole tract or to any assigned portion thereof may be relinquished to the state at any time by having an instrument of relinquishment recorded in the county or counties in which the area is situated. The instrument of relinquishment shall be filed with the chairman of the board, accompanied by \$1 for each area assigned. The assignment shall not relieve the owner of any past-due obligations accrued on the lease.

(d) The board shall authorize the laying of pipeline and telephone line and the opening of roads deemed reasonably necessary in carrying out the purposes of this subchapter.

[Acts 1971, 62nd Leg., p. 3243, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

**§ 104.85. Payment of Royalties; Records; Report of Receipts**

(a) If oil or other minerals are developed on any of the lands leased by the board, the royalty as stipulated in the sale shall be paid to the general land office in Austin on or before the last day of each month for the preceding month during the life of the rights purchased. The royalty payments shall be set aside in the state treasury as specified in Section 104.71 of this code and used as provided in that section.

(b) The royalty paid to the general land office shall be accompanied by the sworn statement of the owner, manager, or other authorized agent showing the gross amount of oil, gas, sulphur, or other minerals produced and sold off the premises and the market value of the minerals, together with a copy of all daily gauges, or vats, tanks, gas meter readings, pipeline receipts, gas line receipts, and other checks and memoranda of the amounts produced and put into pipelines, vats, tanks, or pool and gas lines or gas storage. The books and accounts, receipts and discharges of all wells, tanks, vats, pools, meters, and pipelines, and all contracts and other records pertaining to the production, transportation, sale, and marketing of the oil, gas, sulphur, or other minerals shall at all times be subject to inspection and examination by any member of the board or any duly authorized representative of the board.

(c) The commissioner of the general land office shall tender to the board on or before the 10th day of each month a report of all receipts from the lease or sale of oil, gas, sulphur, or other minerals turned into the special fund in the state treasury during the preceding month.

[Acts 1971, 62nd Leg., p. 3244, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

**§ 104.86. Protection from Drainage; Forfeiture of Rights**

(a) In every case where the area in which oil, gas, sulphur, or other minerals sold is contiguous or adjacent to lands which are not lands belonging to and held by the university, the acceptance of the bid and the sale made thereby shall constitute an obligation of the owner to adequately protect the land leased from drainage from the adjacent lands to the extent that a reasonably prudent operator would do under the same and similar circumstances.

(b) In cases where the area in which the oil, gas, sulphur, or other minerals sold is contiguous to other lands belonging to and held by the university which have been leased or sold at a lesser royalty, the owner shall protect the land from drainage from the lands leased or sold for a lesser royalty.

(c) On failure to protect the land from drainage as provided in this section, the sale and all rights acquired may be forfeited by the board in the manner provided in Section 104.87 of this code for forfeitures.

[Acts 1971, 62nd Leg., p. 3244, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

**§ 104.87. Forfeiture and Other Remedies; Liens**

(a) Leases granted under the provisions of this chapter are subject to forfeiture by the board by an order entered in the minutes of the board reciting the acts or omissions constituting a default and declaring a forfeiture.

(b) Any of the following acts or omissions constitutes a default:

(1) the failure or refusal by the owner of the rights acquired under this chapter to make a payment of a sum due, either as rental or royalty on production, within 30 days after the payment becomes due;

(2) the making of a false return or false report concerning production, royalty, drilling, or mining by the owner or his authorized agent;

(3) the failure or refusal of the owner or his agent to drill an offset well or wells in good faith, as required by the lease;

(4) the refusal of the owner or his agent to allow the proper authorities access to the records and other data pertaining to the operations authorized in this subchapter;

(5) the failure or refusal of the owner or his authorized agent to give correct information to the proper authorities, or to furnish the log of any well within 30 days after production is found in paying quantities; or

(6) the violation by the owner of any material term of the lease.

(c) The board may, if it so desires, have suit for forfeiture instituted through the attorney general.

(d) On proper showing by the forfeiting owner within 30 days after the declaration of forfeiture, the lease may be reinstated at the discretion of the board and upon terms prescribed by the board.

(e) In case of violation by the owner of the lease contract, the remedy of forfeiture shall not be the exclusive remedy, and the state may institute suit for damages or specific performance or both.

(f) The state shall have a first lien on oil, gas, sulphur, or other minerals produced in the leased area, and on all rigs, tanks, vats, pipelines, telephone lines, and machinery and appliances used in the production and handling of oil, gas, sulphur, or other minerals produced, to secure the amount due from the owner of the lease.

[Acts 1971, 62nd Leg., p. 3244, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

**§ 104.88. Filing of Documents and Payment of Royalties, Fees, and Rentals**

(a) All surveys, files, copies of sale and lease contracts, and other records pertaining to the sales and leases authorized in this subchapter shall be filed in the general land office and shall constitute archives.

(b) Payment of all royalties, lease fees, rentals for delay in drilling or mining, filing fees for assignments and relinquishments, and all other payments shall be made to the commissioner of the general land office at Austin. The commissioner shall transmit all payments received to the state treasurer for deposit to the credit of the Texas A & I University special mineral fund.

[Acts 1971, 62nd Leg., p. 3245, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

**§ 104.89. Forms, Regulations, Rules, and Contracts**

The board shall adopt proper forms, regulations, rules, and contracts which, in its judgment, will protect the income from lands leased pursuant to this subchapter.

[Acts 1971, 62nd Leg., p. 3245, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

(b) The board may obtain authentic abstracts of title to the lands from time to time as it deems necessary and may take necessary steps to perfect a merchantable title to the lands.

[Acts 1971, 62nd Leg., p. 3261, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

**§ 109.64. Sale of Leases; Advertisements; Payments**

(a) Whenever in the opinion of the board there is a demand for the purchase of oil, gas, sulphur, or other mineral leases on any tract or part of any tract of land which will reasonably insure an advantageous sale, the board shall place the oil, gas, sulphur, or other mineral leases on the land on the market in a tract or tracts, or any part of a tract, which the board may designate.

(b) The board shall have advertised a brief description of the land from which the oil, gas, sulphur, or other minerals is proposed to be leased. The advertisement shall be made by inserting in two or more papers of general circulation in this state, and in addition, the board may, in its discretion, cause the advertisement to be placed in an oil and gas journal published in and out of the state. The board may also mail copies of the proposals to the county judge of the county where the lands are located and to other persons the board believes would be interested.

(d) The highest bidder shall pay to the board on the day of the sale 25 percent of the bonus bid, and the balance of the bid shall be paid within 24 hours after the bidder is notified that the bid has been accepted. (c) Every bid shall carry the obligation to pay an amount not less than \$1 per acre for delay in drilling or development. The amount shall be fixed by the board in advance of the advertisement. The amount fixed shall be paid every year for five years unless in the meantime production in paying quantities is had upon the land or the land is released by the lessee.

**§ 109.67. Acceptance; Conditions and Provisions of Lease**

(a) If, in the opinion of the board, any one of the bidders has offered a reasonable and proper price for any tract, which is not less than the price set by the board, the lands advertised may be leased for oil, gas, sulphur, and other mineral purposes under the terms of this section and subject to regulations prescribed by the board which are not inconsistent with the provisions of this section. In the event no bid is accepted by the board at public auction, any subsequent procedure for the sale of the leases shall be in the manner prescribed in the preceding sections.

(b) No lease shall be made by the board which will permit the drilling or mining for oil, gas, sulphur, or other minerals within 300 feet of any building on the land without the consent of the board. In making any lease on any experimental station or farm, the lease shall provide that the operations for oil, gas, and other minerals shall not in any way interfere with use of the land for university purposes and shall not cause the abandonment of the property or its use for experimental farm purposes. The lease shall also provide that the lessee operating the property shall drill and carry on his operations in such a way as not to cause the abandonment of the property for university purposes, and the leased property shall be subject to the use by the state for all university purposes, and the board shall continue to operate the university.

[Acts 1971, 62nd Leg., p. 3262, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

**§ 109.68. Acceptance and Filing of Bids; Yearly Payments; Termination of Lease**

(a) If the board determines that a satisfactory bid has been received for the oil, gas, sulphur, or other mineral lands, it shall accept the bid and reject all others and shall file the accepted bid in the general land office.

(b) Whenever the royalties shall amount to as much as the yearly payments fixed by the board, the yearly payments may be discontinued.

(c) If before the expiration of five years oil, gas, sulphur, or other minerals have not been produced in paying quantities, the lease shall terminate unless extended as provided in Sections 109.70 and 109.71 of this code.

[Acts 1971, 62nd Leg., p. 3263, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

[Acts 1971, 62nd Leg., p. 3263, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

**§ 109.70. Exploratory Term of Lease; Extension; Other Provisions**

(a) The exploratory term of a lease as determined by the board prior to the promulgation of the advertisement shall not exceed five years, and each lease shall provide that the lease will terminate at the expiration of its exploratory term unless by unanimous vote of the board the lease is extended for a period of three years.

(b) The lease may be extended if the board finds that there is a likelihood of oil, gas, sulphur, or other minerals being discovered by the lessees, and that the lessees have proceeded with diligence to protect the interest of the state. If oil, gas, sulphur, or other minerals are being produced in paying quantities from the premises, the lease shall continue in force and effect as long as the oil, gas, sulphur, or other minerals are being so produced. No extension may be made by the board until the last 30 days of the original term of the lease.

(c) The lease shall include additional provisions and regulations prescribed by the board to preserve the interest of the state, not inconsistent with the provisions of this subchapter.

**§ 109.71. Extension of Leases**

When in the discretion of the board it is deemed for the best interest of the state to extend a lease issued by the board, the board may by unanimous vote extend the lease for a period not to exceed three years, on the condition that the lessee shall continue to pay yearly rental as provided in the lease and shall comply with any additional terms which the board may see fit and proper to demand. The board may extend the lease and execute an extension agreement.

[Acts 1971, 62nd Leg., p. 3264, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

**§ 109.72. Control of Drilling and Production**

The drilling for and the production of oil, gas, and other minerals from the lands shall be governed and controlled by the Railroad Commission of Texas and other regulatory bodies which govern and control other fields in this state.

[Acts 1971, 62nd Leg., p. 3264, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

**§ 109.73. Drilling Operations: Suspension of Rent; Continuance of Lease; Duty to Prevent Drainage**

(a) If during the term of a lease issued under the provisions of this subchapter the lessee is engaged in actual drilling operations for the discovery of oil, gas, sulphur, or other minerals, no rentals shall be payable as to the tract on which the operations are being conducted as long as the operations are proceeding in good faith.

(b) In the event oil, gas, sulphur, or other minerals are discovered in paying quantities on any tract of land covered by a lease, then the lease as to that tract shall remain in force as long as oil, gas, sulphur, or other minerals are produced in paying quantities from the tract.

(c) In the event of the discovery of oil, gas, sulphur, or other minerals on any tract covered by a lease or on any land adjoining the tract, the lessee shall conduct such operations as may be necessary to prevent drainage from the tract covered by the lease to properly develop the same to the extent that a reasonably prudent man would do under the same and similar circumstances.

[Acts 1971, 62nd Leg., p. 3264, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

**§ 109.74. Title to Rights Purchased; Assignment; Relinquishment**

(a) Title to all rights purchased may be held by the owners as long as the area produces oil, gas, sulphur, or other minerals in paying quantities.

(b) All rights purchased may be assigned. All assignments shall be filed in the general land office within 100 days from the date of the first acknowledgment thereof, accompanied by 10 cents per acre for each acre assigned. The assignment shall not be effective unless it is filed and the payment made.

(c) All rights to any whole tract or to any assigned portion thereof may be relinquished to the state at any time by having an instrument of relinquishment recorded in the county or counties in which the area is situated. The instrument of relinquishment shall be filed with the chairman of the board, accompanied by \$1 for each area assigned. The assignment shall not relieve the owner of any past-due obligations accrued on the lease.

(d) The board shall authorize the laying of pipeline and telephone line and the opening of roads deemed reasonably necessary in carrying out the purposes of this subchapter.

[Acts 1971, 62nd Leg., p. 3264, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

**§ 109.75. Payment of Royalties; Records; Report of Receipts**

(a) If oil or other minerals are developed on any of the lands leased by the board, the royalty as stipulated in the sale shall be paid to the general land office in Austin on or before the last day of each month for the preceding month during the life of the rights purchased. The royalty payments shall be set aside in the state treasury as specified in Section 109.61 of this code and used as provided in that section.

(b) The royalty paid to the general land office shall be accompanied by the sworn statement of the owner, manager, or other authorized agent showing the gross amount of oil, gas, sulphur, or other minerals produced and sold off the premises and the market value of the minerals, together with a copy of all daily gauges, or vats, tanks, gas meter readings, pipeline receipts, gas line receipts, and other checks and memoranda of the amounts produced and put into pipelines, vats, tanks, or pool and gas lines or gas storage. The books and accounts, receipts and discharges of all wells, tanks, vats, pools, meters, and pipelines, and all contracts and other records pertaining to the production, transportation, sale, and marketing of the oil, gas, sulphur, or other minerals shall at all times be subject to inspection and examination by any member of the board or any duly authorized representative of the board.

(c) The commissioner of the general land office shall tender to the board on or before the 10th day of each month a report of all receipts from the lease or sale of oil, gas, sulphur, or other minerals turned into the special fund in the state treasury during the preceding month.

[Acts 1971, 62nd Leg., p. 3265, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

**§ 109.76. Protection from Drainage; Forfeiture of Rights**

(a) In every case where the area in which oil, gas, sulphur, or other minerals sold is contiguous or adjacent to lands which are not lands belonging to and held by the university, the acceptance of the bid and the sale made thereby shall constitute an obligation of the owner to adequately protect the land leased from drainage from the adjacent lands to the extent that a reasonably prudent operator would do under the same and similar circumstances.

(b) In cases where the area in which the oil, gas, sulphur, or other minerals sold is contiguous to other lands belonging to and held by the university which have been leased or sold at a lesser royalty, the owner shall protect the land from drainage from the lands leased or sold for a lesser royalty.

(c) On failure to protect the land from drainage as provided in this section, the sale and all rights acquired may be forfeited by the board in the manner provided in Section 109.77 of this code for forfeitures.

[Acts 1971, 62nd Leg., p. 3265, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

**§ 109.77. Forfeiture and Other Remedies; Liens**

(a) Leases granted under the provisions of this chapter are subject to forfeiture by the board by an order entered in the minutes of the board reciting the acts or omissions constituting a default and declaring a forfeiture.

(b) Any of the following acts or omissions constitutes a default:

(1) the failure or refusal by the owner of the rights acquired under this chapter to make a payment of a sum due, either as rental or royalty on production, within 30 days after the payment becomes due;

(2) the making of a false return or false report concerning production, royalty, drilling, or mining by the owner or his authorized agent;

(3) the failure or refusal of the owner or his agent to drill an offset well or wells in good faith, as required by the lease;

(4) the refusal of the owner or his agent to allow the proper authorities access to the records and other data pertaining to the operations authorized in this subchapter;

(5) the failure or refusal of the owner or his authorized agent to give correct information to the proper authorities, or to furnish the log of any well within 30 days after production is found in paying quantities; or

(6) the violation by the owner of any material term of the lease.

(c) The board may, if it so desires, have suit for forfeiture instituted through the attorney general.

(d) On proper showing by the forfeiting owner within 30 days after the declaration of forfeiture, the lease may be reinstated at the discretion of the board and upon terms prescribed by the board.

(e) In case of violation by the owner of the lease contract, the remedy of forfeiture shall not be the exclusive remedy, and the state may institute suit for damages or specific performance or both.

(f) The state shall have a first lien on oil, gas, sulphur, or other minerals produced in the leased area, and on all rigs, tanks, vats, pipelines, telephone lines, and machinery and appliances used in the production and handling of oil, gas, sulphur, or other minerals produced, to secure the amount due from the owner of the lease.

[Acts 1971, 62nd Leg., p. 3265, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

**§ 109.78. Filing of Documents and Payment of Royalties, Fees, and Rentals**

(a) All surveys, files, copies of sale and lease contracts, and other records pertaining to the sales and leases authorized in this subchapter shall be filed in the general land office and shall constitute archives.

(b) Payment of all royalties, lease fees, rentals for delay in drilling or mining, filing fees for assignments and relinquishments, and all other payments shall be made to the commissioner of the general land office at Austin. The commissioner shall transmit all payments received to the state treasurer for deposit to the credit of the Texas Tech University special mineral fund.

[Acts 1971, 62nd Leg., p. 3266, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

**§ 109.79. Forms, Regulations, Rules, and Contracts**

The board shall adopt proper forms, regulations, rules, and contracts which, in its judgment, will protect the income from lands leased pursuant to this subchapter.

[Acts 1971, 62nd Leg., p. 3266, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

(c) The county school board, or the commissioners court, shall issue an order for an election to be held in the territory proposed for annexation, not less than 20 nor more than 30 days from the date of the order, and shall give notice of the date of the election by posting notices of such election in three public places within the territory proposed for annexation.

(d) Only those legally qualified electors residing in the territory proposed for annexation shall be permitted to vote.

(e) The county school board, or the commissioners court shall canvass the returns at a meeting held not more than five days after the election. If the votes cast in the election show a majority in favor of annexation, the territory shall be declared annexed to the junior college district for junior college purposes only.

(f) The county school board or commissioners court shall cause a certified copy of the order to be transmitted to the governing board of the junior college district.

(g) At the next regular or special meeting of the governing board of the junior college district, the board shall, in the event of annexation by election, enter its order concurring in the order of the county school board or the commissioners court and shall enter an order redefining the boundary lines of the junior college district as enlarged and extended, and shall cause the order to be recorded on the minutes of the board of the junior college district.

[Acts 1969, 61st Leg., p. 3002, ch. 889, § 1; Acts 1971, 62nd Leg., p. 3290, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

**§ 130.066. Adding Contiguous Territory to a Junior College District**

(a) Any territory may be included within the boundaries of a junior college district, herein called "district," for junior college purposes, in the manner hereinafter specified; provided, the territory to be included is contiguous to the district in which such territory is to be included and has been laid out by the Coordinating Board, Texas College and University System, as a service area for assisting junior colleges.

(b) Upon presentation of a petition, signed by 50, or a majority, whichever number is smaller, of the qualified electors residing in the territory proposed for inclusion in a district, to the governing body of the district requesting that the boundaries of the district be changed to include the territory described in said petition, such governing body may, in its discretion, order an election to be held within the boundaries of the entire district as proposed to be changed on the question of whether the boundaries of the district shall be changed to include the proposed territory. The ballots for such election shall have printed thereon "For" and "Against" boundary change. All qualified electors residing within the boundaries of the entire district as proposed to be changed shall be qualified to vote at such an election.

(c) The governing body of the district calling an election hereunder shall give notice of any such election by causing a substantial copy of its order calling the election to be posted in at least three public places within the boundaries of the district as proposed to be changed and published at least one time in a newspaper of general circulation within such boundaries. Provided, however, if any railroad right-of-way or other property is located within such territory, additional notice shall be given by certified mail, to the railroad company, at the address shown on the latest county tax roll. Such posting, such publication, and such certified mail notice shall be done at least 30 days prior to the date on which the election is to be held.

(d) Except as otherwise provided herein, all elections held hereunder shall be governed by the provisions relating to bond elections held by independent school districts. The order calling the election may provide that the entire district as proposed to be changed shall constitute one election precinct or such order may provide for more than one election precinct.

(e) The returns of any such election shall be canvassed by the governing body of the district and if a majority of persons residing in the district and voting at the election and a majority of the persons residing in the territory proposed to be annexed and voting at the election vote for the boundary change, the governing body of the district shall, in its order canvassing such returns, declare the boundaries of the district changed to include the territory described in the petition theretofore presented to them. Such order may also include the name by which the district as changed shall be known.

(f) At the next regular election held in the junior college district after territory is added to the district under this section, the qualified electors shall elect a new board of trustees. To continue in office, members of the present board of trustees must be re-elected at this election.

(g) This section is cumulative of all other laws on the subject, but this section is wholly sufficient authority within itself for the inclusion of territory in the boundaries of a district and the performance of the other acts and procedures authorized hereby, without reference to any other laws or any restrictions or limitations contained therein, except as herein specifically provided in this section. However, the governing body of any district may use the provisions of any other laws, not in conflict with the provisions of this section, to the extent convenient or necessary to carry out any power or authority, express or implied, granted by this section.

[Acts 1969, 61st Leg., p. 3003, ch. 889, § 1; Acts 1971, 62nd Leg., p. 3291, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

**§ 130.067. Annexation of County-line Districts for Junior College Purposes**

(a) Parts of county-line school districts may be annexed to adjacent county or joint-county junior college districts for junior college purposes only, as provided in this section.

(b) The county or joint-county junior college district as originally created and organized must have included in its boundaries a part of a county-line school district, and the part of the county-line school district to be annexed is not included in any other junior college district.

(c) The county or joint-county junior college districts to which this section is applicable are those where the junior college district as originally created and organized had the same boundaries as a county or as a group of contiguous counties and included all of the territory in a county or group of counties and did not include a part of any county without including the entire territory of such county in such junior college district.

(d) A "county-line school district" as used in this section is any type of public school district created or organized under general or special laws of Texas, which includes within its boundaries territory that extends into or is located in two or more counties of Texas.

[Acts 1969, 61st Leg., p. 3003, ch. 889, § 1; Acts 1971, 62nd Leg., p. 3292, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

**§ 130.068. Annexation of Non-included Parts of Counties**

(a) The non-included portion or portions of such county-line districts may be annexed to the county

or joint-county junior college district by either of two methods as provided by Subsections (b) and (c) of this section.

(b) On the petition of 20 or a majority of the legally qualified voters residing in that part of a county-line district not a part of a junior college district as described in Section 130.067 of this code praying for the annexation for junior college purposes only, of that part of the county-line school district to the junior college district in which the remainder of the county-line district is a part, the county judge of that county which has jurisdiction of the county-line school district shall issue an order for an election to be held in the non-included portion of the county-line school district praying to be annexed to the county or joint-county junior college district. The county judge shall give notice of the date of the election by posting notices at three public places in the part of the county-line school district wherein the election is to be held. Only those legally qualified voters residing in that part of the county-line school district shall be permitted to vote. The commissioners court shall at its next meeting canvass the returns of the election, and if the votes cast in the election show a majority in favor of annexation, then the court shall declare that part of the county-line school district annexed to the junior college district for junior college purposes only. The court shall cause certified copies of the order to be transmitted to the commissioners court of every county in which the junior college district and the county-line school district have territory, and each court shall make orders concurring in the order and shall cause them to be entered on the minutes of each commissioners court.

(c) Where a petition, signed by a majority of the legally qualified voters residing in that part of a county-line school district praying for annexation for junior college purposes only, of that part of the county-line school district to the junior college district in which the remainder of the county-line district is a part, is presented to the county judge of that county which has jurisdiction of the county-line school district together with a certified copy of an order by the governing board of the junior college district approving the proposed annexation to the junior college district for junior college purposes only; instead of ordering an election to be held as provided in Subsection (b) of this section, the county judge shall certify the filing of the petition and order to the commissioners court. The court at its next meeting shall pass an order declaring such non-included part of the county-line school district annexed to the junior college district for junior college purposes only and cause certified copies of the order to be transmitted to the commissioners court of every county in which the junior college district and the county-line school district have territory. Each such court shall make orders concurring in the order and cause same to be entered on the minutes of each commissioners court.

[Acts 1969, 61st Leg., p. 3004, ch. 889, § 1; Acts 1971, 62nd Leg., p. 3292, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

**§ 130.069. Disannexation of Overlapped Territory**

(a) All junior college districts whose boundaries have or may hereafter become established so that they include territory which prior to such establish-

ment lay, and shall continue to lie, within the boundaries of another junior college district shall have the power to disannex such overlapped territory.

(b) Upon certification by the governing board of such a junior college district to the county board of school trustees of the county in which its college is located that such an overlapping condition exists, the county board may by resolution disannex the overlapped territory from the district, describing such territory by metes and bounds.

[Acts 1971, 62nd Leg., p. 3293, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

**§ 130.070. Disannexation of Territory Comprising an Independent School District**

(a) The territory of an independent school district which is the only school district that has been annexed to a countywide independent school district junior college district in an adjoining county may be disannexed from such countywide independent school district junior college district and constituted as a separate independent school district junior college district in accordance with the provisions of this section, provided that the countywide independent school district junior college district has no outstanding bonded indebtedness which was incurred after the annexation of such independent school district.

(b) The proposed disannexation and creation of a separate junior college district shall be initiated by a petition signed by not less than five percent (5%) of the qualified taxpaying electors of the independent school district seeking disannexation. The petition shall be presented to the board of trustees of the independent school district seeking to be disannexed, which shall pass upon the legality and genuineness of the petition and forward the petition, if approved, to the coordinating board.

(c) If the petition is found to be in order and all statutory provisions have been complied with, the coordinating board shall approve the petition and notify the board of trustees of the independent school district seeking to be disannexed, of such approval. The board of trustees of the independent school district seeking disannexation shall then order an election to be held in the school district within a time not less than twenty (20) days nor more than thirty (30) days after the order is issued. At the election the ballots shall be printed to provide for voting for or against the proposition: "Disannexation of the \_\_\_\_\_ Independent School from the \_\_\_\_\_ Junior College District, and creation of the \_\_\_\_\_ Junior College District with boundaries coterminous with the boundaries of the \_\_\_\_\_ Independent School District" (the blanks to be filled in as appropriate). All expenses incurred in holding the election shall be paid by the independent school district ordering such election.

(d) The board of trustees shall make a canvass of the returns and declare the result of the election within ten (10) days after holding the election and shall enter an order on the minutes of the board as to the result of the election. If a majority of the votes cast are in favor of disannexation and creation of a separate junior college district, such independent school district shall be deemed disannexed and constituted as a separate junior college district.

(e) If the creation of the separate junior college district is approved, it shall be governed by the provisions of this code relating to independent school district junior colleges. The offices of the representatives of the disannexed independent school district on the governing body of the countywide independent school district junior college district shall be terminated, and the remaining members of that governing body shall continue to serve for the terms for which they were elected.

(f) Any petition for disannexation and creation of a separate junior college district may also incorporate a request for the proper authorities, in the event an election is ordered for the creation of a new district, to submit at the same election, either as a part of the disannexation issue or as a separate issue, the questions of issuing bonds and levying bond taxes and levying maintenance taxes, in the event the district is created, not to exceed the limits provided in Section 130.122 of this code.

**SUBCHAPTER E. BOARDS OF TRUSTEES OF JUNIOR COLLEGE DISTRICTS**

**§ 130.081. Governing Board of Junior College of Independent School District**

In each junior college district which is controlled and managed by, and under the jurisdiction of, the governing board of an independent school district or a city school district, such governing board shall be constituted and chosen in accordance with the laws of this state applicable to the governing board of such independent school district or city school district.

[Acts 1969, 61st Leg., p. 3004, ch. 889, § 1; Acts 1971, 62nd Leg., p. 3293, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

**§ 130.082. Governing Board of Junior College of Other than Independent School District**

(a) Except as provided by Section 130.081 or another section of this subchapter, the governing boards of all junior college districts shall be constituted and chosen as described in the provisions of this section.

(b) The official name of the governing board of the junior college district shall be the board of trustees.

(c) The official name of a junior college district shall be the "\_\_\_\_\_ Junior College District" and the board shall designate an appropriate and locally pertinent descriptive word or words to be filled in the aforesaid blank (and may change such designation when deemed advisable) by resolution or order; provided that no two districts shall have the same or substantially similar names. All resolutions or orders designating or changing names shall be filed immediately with the Coordinating Board, Texas College and University System, and the first name filed shall have priority, and the district shall be advised of any previous filing of any identical or substantially similar name. The name of any junior college district existing on the effective date of this

code shall remain the same until and unless it is changed pursuant hereto, and no other district shall use the name of any such existing district.

(d) The number of members or trustees of the governing board shall be either seven or nine, in accordance with the laws applicable to the junior college district on the effective date of this code or on the date of the creation of a new district or a new board. Any seven-member board may be increased to nine, and the two additional members shall be appointed by resolution or order of the board for terms of office as prescribed in Subsection (e) of this section. Any vacancy occurring on the board through death, resignation, or otherwise, shall be filled by appointment by resolution or order of the board, and any person so appointed shall serve until the expiration of the term of office for which the vacating member of the board had been elected or appointed. Each member of the board shall be a resident, qualified voter of the district and shall take the proper oath of office before taking up the duties thereof. Members of a board shall not receive any remuneration or emolument of office, but they shall be entitled to reimbursement for their actual expenses incurred in performing their duties, to the extent authorized and permitted by the board. The board shall elect one of its members as president of the board, and the president shall preside at meetings of said board and perform such other duties and functions as are prescribed by the board. The president of the board shall have a vote the same as the other members. The board shall elect a secretary of the board who may or may not be a member of the board, and who shall be the official custodian of the minutes, books, records, and seal of said board, and who shall perform such other duties and functions as are prescribed by the board. The board shall be authorized to elect any other officers as deemed necessary or advisable. Officers of the board shall be elected at the first regular meeting of the board following the regular election of members of the board in even-numbered years, or at any time thereafter in order to fill a vacancy. Said board shall be authorized to appoint or employ such agents, employees, and officials as deemed necessary or advisable to carry out any power, duty, or function of said board; and to employ a president, dean, or other administrative officer, and upon the president's recommendation to employ faculty and other employees of the junior college. Said board shall act and proceed by and through resolutions or orders adopted or passed by the board and the affirmative vote of a majority of all members of the board shall be required to adopt or pass a resolution or order, and the board shall adopt such rules, regulations, and bylaws as it deems advisable, not inconsistent with this section.

(e) The basic term of office of a member of the board shall be six years, and one-third of the members of the board shall be elected at large in the district at regular elections to be held on the first Saturday in April in each even-numbered year; provided that with a seven-member board two members shall be elected in two consecutive even-numbered years and three members shall be elected in the following even-numbered year. The members of each board in office at the effective date of this act, and all subsequent members of the board, shall

remain in office until the expiration of the terms for which they were elected or appointed, and until their successors shall have been elected and qualified; provided that where any existing board has held its regular elections for members of the board in odd-numbered years prior to the effective date of this act, the board shall nevertheless hold its next regular election on the first Saturday in April of the next even-numbered year following the effective date of this act, and the term of office of each incumbent member of the board shall, in effect, be lengthened by one year so as to comply with the foregoing provisions of this act. Upon the creation of a new board, or in any other situation where necessary, the members of the board shall choose by lot the terms for which they shall serve, so as to comply with the foregoing provisions. If a board is increased from seven to nine members, one of the members shall be appointed to serve until the first election at which two members otherwise would have been elected, and the other shall be appointed to serve until the second election at which two members otherwise would have been elected, and three members shall be elected for six-year terms at each election.

(f) Members of a board shall be elected at large from each junior college district at regular elections to be called and held by the board for such purpose, at the expense of the district, on the first Saturday in April in each even-numbered year. Said elections shall be held in accordance with the Texas Election Code except as hereinafter provided, and all resident, qualified electors of the district shall be permitted to vote. Each such election shall be called by resolution or order of the board, and notice of each such election shall be given by publishing an appropriate notice, in a newspaper of general circulation in the district, at least 10 days prior to the date of the election, setting forth the date of the election, the polling place or places, the numbers of the positions to be filled, the candidates for each position and any other matters deemed necessary or advisable.

(g) The board shall designate a number for the position held by each member of the board, from one upward in consecutive numerical order in such manner that the lowest numbers shall be assigned to the members whose terms of office expire in the shortest length of time, provided that any such position number designations on existing boards under existing law at the effective date of this act shall remain in effect. At each election candidates shall be voted upon and be elected separately for each position on the board, and the name of each candidate shall be placed on the official ballot according to the number of the position for which he or she is running. A candidate receiving a majority of the votes cast for all candidates for a position shall be declared elected. If no candidate receives such a majority, then the two candidates receiving the highest number of votes shall run against each other for the position. The run-off election for all positions shall be held on the last Saturday in April and shall be ordered, notice thereof given, and held, as provided herein for regular elections. Any resident, qualified elector of the district may have his or her name placed as a candidate on the official ballot for any position to be filled at each regular election by filing with the secretary of the board a written application therefor

signed by the applicant, not less than 30 nor more than 60 days prior to the date of the election. Such application must state the number of the position for which he or she is a candidate, or the name of the incumbent member of the board holding the position for which he or she desires to run. The location on the ballot of the names of candidates for each position shall be chosen by lot by the board. A candidate shall be eligible to run for only one position at each election.

(h) Notwithstanding anything in this code to the contrary, the provisions of all or any part of the laws of this state in effect immediately prior to the effective date of this act and relating to the name of any junior college district or the name of its governing board, or to the number of members of its governing board, or the procedures and times of electing or choosing said members, shall remain in effect under the following conditions. If, at any time before the effective date of this act (but not thereafter), the governing board of any junior college district shall specify by resolution or order the particular provisions of the aforesaid laws applicable to it which it desires to remain in effect, then such particular provisions shall continue to apply to said board and its district; provided that at any time thereafter the governing board may make this section in its entirety applicable to it and its district by appropriate resolution or order, and thereby permanently cancel the effect of the aforesaid particular provisions of other laws. All resolutions and orders permitted by this section shall be filed immediately with the Coordinating Board, Texas College and University System.

[Acts 1969, 61st Leg., p. 3004, ch. 889, § 1; Acts 1971, 62nd Leg., p. 3294, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

### § 130.083. Governing Board in Enlarged Junior College District

(a) From and after May 22, 1969, those junior college districts which were on May 22, 1969, operating under Chapter 15, Acts of the 58th Legislature, 1963 (Article 28150-1b, Vernon's Texas Civil Statutes<sup>1</sup>), and to which one, or more, school districts has been annexed for junior college purposes only, may, by a majority vote of the board of regents of the junior college district, choose to operate and be governed by a board of regents.

(b) Each school district which has been annexed to the junior college district for junior colleges purposes only shall be represented by at least one member of the board of regents. If the assessed tax rolls exceed \$67,500,000, the school district shall be represented by one member of the board of regents for each \$67,500,000 of assessed value, or a major fraction thereof, on the junior college tax roll, located within the school district. The original junior college district shall be represented on the board of regents by a number of regents arrived at according to the same formula.

(c) The total number of members of the board of regents of the junior college district shall never exceed 14. When the valuation of the enlarged district increases to the point that the number of regents exceeds 14 under the formula described in Subsection (b) of this section then the board of regents of the junior college district shall set a formula, based on proportional tax values, of repre-

sentation, which will produce a total of 14 members of the board of regents.

(d) The terms of office of the regents authorized by this act shall be six years. Those regents serving as regents on May 22, 1969, shall continue in office for the remainder of their respective terms and then until such time as their successors shall have been elected and qualified, and thereafter in each even-numbered year three regents shall be elected from the area originally forming the junior college district to succeed those regents whose terms are expiring, but if the number of regents becomes more or less than nine, the formula set out in Subsection (e) of this section shall be followed. All new regents added to the board of regents under the provisions of this section shall be appointed by the board of regents which orders the enlargement of the membership of such board, and shall serve until election specified in Subsection (e) of this section. All vacancies on the board of regents shall be filled at once for the unexpired term only by appointments made by the remaining members of such board.

(e) Where additional regent positions are provided under the terms of this section, the board of regents at the time of such authorization shall designate by resolution duly recorded in the minutes of such board the term to be served by each such additional regent, provided that the first regent authorized and appointed shall serve only until the next regular regent election, the second such regent shall serve until the regent election two years after the next regular regent election, and the third regent shall serve until the regent election four years after the next regular regent election, with additional regents which may be authorized to follow the same rotation of terms until all terms of additional regents provided under the terms of this section have been fixed to expire at the next regular regent election, or at the regent election two years after the next regular regent election, or at the regent election four years after the next regular election. Additional regents appointed to such terms and until such times as their successors shall have been elected and qualified, and thereafter the terms of such regents shall be for six years.

(f) Regent elections in all parts of the districts affected by the provisions of this section shall be held at the times and in the manner now provided for public junior colleges by general law. The qualified voters residing in the school district represented shall be entitled to vote in such elections. Each regent to be elected shall be a resident of the school district he is to represent and each regent to represent the original college district shall be a resident of the original college district.

(g) The provisions of this section shall be cumulative of existing laws governing elections of regents in public junior college districts.

<sup>1</sup> Repealed; see, now, § 130.082.

### § 130.084. Powers and Duties

The board of trustees of junior college districts shall be governed in the establishment, management and control of the junior college by the general law governing the establishment, management and con-

trol of independent school districts insofar as the general law is applicable.

[Acts 1969, 61st Leg., p. 3007, ch. 889, § 1; Acts 1971, 62nd Leg., p. 3298, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

**§ 130.085. Tuition Exemption**

(a) The board of trustees of any public junior college may exempt from payment of tuition all students who are residents of the junior college district and who are enrolled for 12 or more semester credit hours, provided that this action will allow the college to participate in and benefit from funds available as provided by Sections 1-7, Title I, 64 Stat. 1100, as amended, 20 U.S.C. Secs. 236-241-1.<sup>1</sup>

(b) This action by the board of trustees does not affect their authority under Section 130.123 of this code, nor does this section in any way supersede that section. This action of the board does not affect the right of the college to a proportionate share of state appropriations under Section 130.003 of this code.

**§ 130.086. Branch Campuses**

(a) The board of trustees of a junior college district may establish and operate branch campuses, centers, or extension facilities, without regard to the geographical bounds of the junior college district, provided that each branch campus, center, or extension facility is approved by the appropriate state educational agency.

(b) The branch campuses, centers, or extension facilities shall be within the role and scope of the junior college as determined by the appropriate state educational agency.

(c) The board of trustees of a junior college district may accept or acquire by purchase or rent land and facilities in the name of the junior college district without regard to the geographical bounds of the junior college district.

(d) Before any course may be offered by a junior college within the district of an operating public junior college it must be established that the public junior college is not capable of or is unable to offer the course. After the need is established and the course is not locally available, then the junior college may offer the course when approval is granted by the appropriate state educational agency.

(e) The board of trustees of a junior college district may enter cooperative agreement with independent, common, or county school districts, state or federal agencies as may be required to perform the services as outlined in this section.

(f) Out-of-district branch campuses, centers, or extension facilities of junior colleges existing prior to September 1, 1971, shall be reviewed by the appropriate state educational agency to determine their feasibility and desirability with respect to the junior college and the population of the geographical area served by the branch campus, center, or extension facility.

**§ 130.122. Tax Bonds and Maintenance Tax**

(a) The governing board of each junior college district, and each regional college district for and on behalf of its junior college division, shall be authorized to issue negotiable coupon bonds for the construction and equipment of school buildings and the purchase of the necessary sites therefor, and levy and pledge annual ad valorem taxes sufficient to pay the principal of and interest on said bonds as the same come due, and to levy annual ad valorem taxes for the further maintenance of its public junior college or junior colleges; provided that the annual bond tax shall never exceed 50 cents on the \$100 valuation of taxable property in the district, and the annual bond tax, if any, together with the annual maintenance tax shall never exceed the aggregate of \$1 on the \$100 valuation of taxable property in the district. Such bonds may be issued in various series or issues, and shall mature serially or otherwise not more than 40 years from their date, and shall bear interest at such rate or rates as shall be determined within the discretion of the board. Said bonds, and the interest coupons appertaining thereto, shall be negotiable instruments, and they may be made redeemable prior to maturity, and may be issued in such form, denominations, and manner, and under such terms, conditions, and details, and shall be signed and executed, as provided by the board in the resolution or order authorizing the issuance of said bonds. All bonds shall be sold to the highest bidder for not less than their par value and accrued interest.

(b) No such bonds shall be issued and none of the aforesaid taxes shall be levied unless authorized by a

majority of the electors voting at an election held for such purpose in accordance with law, at the expense of the district. Each such election shall be called by resolution or order of the board, which shall set forth the date of the election, the proposition or propositions to be submitted and voted on, the polling place or places, and any other matters deemed necessary or advisable by the board. Notice of said election shall be given by publishing a substantial copy of the election resolution or order one time, at least 10 days prior to the date set for the election, in a newspaper of general circulation in the district. The board shall canvass the returns and declare the results of such election.

(c) The governing board of each junior college district, and each regional college district, shall be authorized to refund or refinance all or any part of any of its outstanding bonds and matured but unpaid interest coupons payable from ad valorem taxes by the issuance of negotiable coupon refunding bonds payable from ad valorem taxes. Said refunding bonds shall mature serially or otherwise not more than 40 years from their date, and shall bear interest at such rate or rates as shall be determined within the discretion of the board. Said refunding bonds may be issued without an election in connection therewith, provided that in no event shall any series or issue of refunding bonds be issued in a principal amount greater than the face or par value of the obligations being refunded thereby, and provided that if a maximum interest rate was voted for the bonds being refunded, the refunding bonds shall not bear interest at a rate higher than such voted maximum rate. Said refunding bonds, and the interest coupons appurtenant thereto, shall be negotiable instruments and they may be made redeemable prior to maturity, and may be issued in such form, denomination, and manner, and under such terms, conditions, and details, and shall be signed and executed, as provided by the board in the resolution or order authorizing the issuance of said refunding bonds. The refunding bonds shall be issued and delivered in lieu of, and upon surrender to the Comptroller of Public Accounts of the State of Texas and cancellation of, the obligations being refunded thereby, and the comptroller of public accounts shall register the refunding bonds and deliver the same in accordance with the provisions of the resolution or order authorizing the refunding bonds. Such refunding may be accomplished in one or in several installment deliveries. Said refunding bonds also may be issued and delivered in accordance with the provisions of and procedures authorized by any other applicable law.

(d) All bonds issued pursuant to this section, and the appropriate proceedings authorizing their issuance, shall be submitted to the attorney general of the State of Texas for examination. If he finds that such bonds have been authorized in accordance with law he shall approve them, and thereupon they shall be registered by the Comptroller of Public Accounts of the State of Texas; and after such approval and registration such bonds shall be incontestable in any court, or other forum, for any reason, and shall be valid and binding obligations in accordance with their terms for all purposes.

(e) All bonds issued pursuant to this section shall be legal and authorized investments for all banks,

trust companies, building and loan associations, savings and loan associations, small business investment corporations, insurance companies of all kinds and types, fiduciaries, trustees, and guardians, and for all interest and sinking funds and other public funds of the State of Texas and all agencies, subdivisions, and instrumentalities thereof, including all counties, cities, towns, villages, school districts, and all other kinds and types of districts, public agencies, and bodies politic. Said bonds also shall be eligible and lawful security for all deposits of public funds of the State of Texas and all agencies, subdivisions, and instrumentalities thereof, including all counties, cities, towns, villages, school districts, and all other kinds and types of districts, public agencies, and bodies politic, to the extent of the market value of said bonds, when accompanied by any unmatured interest coupons appurtenant thereto.

(f) Each junior college district, and each regional college district (with reference to the operation and maintenance of its junior college division) heretofore or hereafter created pursuant to the laws of this state, is hereby declared to be, and constituted as, a school district within the meaning of Article VII, Section 3, of the Texas Constitution.

(g) All tax bonds voted in any district in accordance with law but unissued at the effective date of this code may be issued in the manner provided in this section, without an additional election; and all maintenance taxes heretofore voted in any district in accordance with law may be levied and collected in the manner provided in this act, without an additional election.

### § 130.123. Revenue Bonds

(a) The governing board (hereinafter called the "board") of each junior college district and each regional college district shall be authorized and have the power to acquire, purchase, construct, improve, enlarge, equip, operate, and/or maintain any property, buildings, structures, activities, operations, or facilities, of any nature, for and on behalf of its institution or institutions.

(b) For the purpose of carrying out any one or more of the aforesaid powers each board shall be authorized to issue its revenue bonds to be payable from and secured by liens on and pledges of all or any part of any of the revenues from any rentals, rates, charges, fees, or other resources of such board, in the manner hereinafter provided. Said bonds may be issued to mature serially or otherwise not more than 50 years from their date. In the authorization of any such bonds, each board may provide for the subsequent issuance of additional parity bonds, or subordinate lien bonds, or other types of bonds, under such terms or conditions as may be set forth in the resolution or order authorizing the issuance of said bonds, all within the discretion of the board. Said bonds, and any interest coupons appurtenant thereto, shall be negotiable instruments (provided that such bonds may be issued registrable as to principal alone or as to both principal and interest), and shall be executed, and may be made redeemable prior to maturity, and may be issued in such form, denominations, and manner, and under such terms, conditions, and details, and may be sold in such

manner, at such price, and under such terms, and said bonds shall bear interest at such rate or rates, as shall be determined and provided by the board in the resolution or order, authorizing the issuance of said bonds. If so permitted in the bond resolution, and required part of the proceeds from the sale of the bonds may be used for paying interest thereon during the period of the construction of any facilities to be provided through the issuance of said bonds, and for the payment of operation and maintenance expenses of said facilities to the extent, and for the period of time, specified in said bond resolution, and also for the creation of reserves for the payment of the principal of and interest on the bonds; and such moneys be invested, until needed, to the extent, and in the manner provided, in said bond resolution or order.

(c) Each board shall be authorized to fix and collect rentals, rates, charges, and/or fees from students and others for the occupancy, use and/or availability of all or any of its property, buildings, structures, activities, operations, or facilities, of any nature, in such amounts and in such manner as may be determined by such board.

(d) Each board shall be authorized to pledge all or any part of any of its revenues from any of the aforesaid rentals, rates, charges, and/or fees to the payment of any bonds issued hereunder, including the payment of principal, interest, and any other amounts required or permitted in connection with said bonds. When any of the revenues from any such rentals, rates, charges, and/or fees are pledged to the payment of bonds, they shall be fixed and collected in such amounts as will be at least sufficient, together with any other pledged resources, to provide for all payments of principal, interest, and any other amounts required in connection with said bonds, and, to the extent required by the resolution or order authorizing the issuance of said bonds, to provide for the payment of operation, maintenance, and other expenses. Each board shall be authorized to establish and enforce such parietal rules for students and others, and to enter into such agreements regarding occupancy, use, and availability, and the amounts and collection of pledged revenues, fees, or other resources as will assure making all said required payments. Fees for the use or availability of all or any property, buildings, structures, activities, operations, or facilities, of any nature, may be pledged to the payment of said bonds, and shall be fixed and collected from all or any designated part of the students enrolled in the institution or institutions, in such amounts and in such manner as shall be determined and provided by the board in the resolution or order authorizing the issuance of the bonds, and said fees may be collected in the full amounts required or permitted herein, without regard to actual use or availability, commencing at any time designated by the board. Said fees may be fixed and collected for the use or availability of any specifically described property, buildings, structures, activities, operations, or facilities, of any nature; or said fees may be fixed and collected as general fees for the general use or availability of the institution or institutions. Such specific and/or general fees may be fixed and collected and pledged to the payment of any issue or series of bonds issued hereunder, in the full amounts required or permitted here-

in, in addition to, and regardless of the existence of, any other specific or general fees at the institution or institutions; provided that each board may restrict its power to pledge such additional specific or general fees in any manner that may be provided in the resolution or order authorizing the issuance of any bonds issued hereunder, and provided that no such additional specific fees shall be pledged if prohibited by any resolution or order which authorized the issuance of any then outstanding bonds issued pursuant to any Texas statute.

(e) In addition to the revenues, fees, and other resources authorized to be pledged to the payment of bonds issued hereunder, each board further shall be authorized to pledge irrevocably to such payment, out of the tuition charges required or permitted by law to be imposed at its institution or institutions, an amount not exceeding \$15 from each enrolled student for each regular semester and \$7.50 from each enrolled student for each summer term, and each board also shall be authorized to pledge to such payment all or any part of any grant, donation, or income received or to be received from the United States government or any other public or private source, whether pursuant to an agreement or otherwise.

(f) Any revenue bonds issued by any such board under this act, and any revenue bonds or notes issued by any such board under any other Texas statute and payable from tuition fees and charges and/or any part of the use fees from or revenues of any property, buildings, structures, activities, operations, or facilities at the institution or institutions, may be refunded or otherwise refinanced by such governing board, and in such case all pertinent and appropriate provisions of this section shall be fully applicable to such refunding bonds. In refunding or otherwise refinancing any such bonds or notes the governing board may, in the same authorizing proceedings, refund or refinance bonds issued pursuant to this section and bonds or notes issued pursuant to any other such Texas statute and combine all said refunding bonds and any other additional new bonds to be issued pursuant to this section into one or more issues or series of bonds, and may provide for the subsequent issuance of additional parity bonds, or subordinate lien bonds, or other type of bonds. All refunding bonds shall be issued and delivered under such terms and conditions as may be set forth in the authorizing proceedings.

(g) All bonds permitted to be issued under this section, and the appropriate proceedings authorizing their issuance, shall be submitted to the Attorney General of the State of Texas for examination. If he finds that such bonds have been authorized in accordance with law he shall approve them, and thereupon they shall be registered by the Comptroller of Public Accounts of the State of Texas; and after such approval and registration such bonds shall be incontestable in any court, or other forum, for any reason, and shall be valid and binding obligations in accordance with their terms for all purposes.

(h) All bonds issued under this section shall be legal and authorized investments for all banks, trust companies, building and loan associations, savings and loan associations, small business investment corporations, insurance companies of all kinds and types, fiduciaries, trustees, and guardians, and for

all interest and sinking funds and other public funds of the State of Texas and all agencies, subdivisions, and instrumentalities thereof, including all counties, cities, towns, villages, school districts, and all other kinds and types of districts, public agencies, and bodies politic. Said bonds also shall be eligible and lawful security for all deposits of public funds of the State of Texas and all agencies, subdivisions, and instrumentalities thereof, including all counties, cities, towns, villages, school districts, and all other kinds and types of districts, public agencies, and bodies politic, to the extent of the market value of said bonds, when accompanied by any unmatured interest coupons appurtenant thereto.

(i) All revenue bonds heretofore approved by the Attorney General of the State of Texas and registered by the Comptroller of Public Accounts of the State of Texas which were issued, sold, and delivered by any board, and which are payable from or secured by a pledge of any revenues, use fees, tuition, or other resources of such board, are hereby validated in all respects, together with all proceedings authorizing the issuance thereof, and said bonds and proceedings shall be valid as though they had been duly and legally issued and authorized originally.

SUBCHAPTER H. TRANSFER OF ASSETS ON DISSOLUTION OF DISTRICTS

§ 130.131. Dissolution and Transfer of Property Upon Creation of Senior College

(a) Whenever the legislature shall create within the boundary of any union junior college district a state-supported senior college of the first rank offering at least four years of college work, and whenever such union junior college district has been dissolved in the manner provided for in Sections 19.361-19.364 of this code, which said method of dissolution of such district is hereby authorized, the trustees of such union junior college district shall transfer the corporeal properties and facilities of such union junior college district to such state-supported senior college, and such trustees, after such dissolution and transfer of properties of such district, shall not further maintain a junior college and shall function only for the purpose of carrying out the provisions of this section and shall have no authority to create any additional indebtedness against such district, and when the bonded indebtedness of such district has been fully paid, such union junior college district shall cease to exist; provided that in the order calling such election and in the notice thereof, the authorities calling such election shall designate the date when such district shall be dissolved and such transfer shall be made, which date shall be within two years from the date of the election, and on or prior to said date.

(b) When any union junior college district has been dissolved and its properties transferred as provided in Subsection (a) of this section, or in any other lawful manner, having at the time of such dissolution outstanding bonds or other indebtedness enforceable either at law or in equity, then the

county commissioners court, for the purpose of paying such bonds, or other indebtedness, shall have power and be authorized to annually levy and collect ad valorem taxes sufficient only to pay the interest and create a sinking fund to retire the bonded indebtedness of such district, and the expense of collecting such taxes and paying such bonded indebtedness, and for no other purpose; provided such tax shall not exceed the rate voted by such district for junior college purposes; said county commissioners court shall have power to bring and defend litigation in the name of said union junior college district. (a) The term "applicable district," as used in this section, shall mean any junior college district which has conveyed all, or substantially all, of its property and assets to a state-supported senior college or university located in such junior college district, and which junior college district has no outstanding bonded indebtedness.

(b) All applicable districts and their governing boards are hereby abolished and shall cease to exist and function; provided, however, that all delinquent and uncollected taxes in said applicable districts shall not hereby be discharged, but shall be and remain fully due, payable and collectible. The persons formerly acting as the governing board and officers of each applicable district shall turn over all remaining property and assets of said applicable district, including all tax collections on hand, directly to the state-supported senior college or university located therein. The governing board of the independent school district in which any such state-supported senior college or university is located shall, for and on behalf of any such applicable district, cause, through its tax collector and other officers, all delinquent and uncollected taxes of any such applicable district to be collected in accordance with the general laws applicable to independent school districts. All of said taxes, as collected, shall be turned over to any such state-supported senior college or university. All taxes turned over to any such state-supported senior college or university in accordance with this section may be used by it for any lawful purpose.

[Acts 1969, 61st Leg., p. 3022, ch. 889, § 1; Acts 1971, 62nd Leg., p. 3313, ch. 1024, art. 1, § 1, eff. Sept. 1, 1971.]

### § 130.133. Transfer of Properties of County Junior College Districts after Creation of Senior College

(a) Whenever the legislature has created or shall create within the boundaries of any county junior college district a state-supported senior college offering at least four years college work upon the condition that the board of trustees of said county junior college district shall convey all of the assets, real, personal, tangible, and intangible held in its name as of the date fixed for the establishment of said senior college and containing the other provision that said properties shall be conveyed to the governing body of the senior college free and clear of any indebtedness or indebtednesses, encumbrance or encumbrances of any kind or character and of whatsoever nature, the board of trustees of said county

junior college district is hereby fully authorized and empowered to convey to the governing body of the senior college all of such assets, real, personal, tangible, and intangible held by it on the date fixed for such conveyance in the act creating such senior college, except moneys on hand for the payment of outstanding obligations of the district.

(b) From and after the conveyance of the properties of said county junior college district to the governing body of said senior college, the county junior college district shall not further maintain a junior college and shall function only for the purpose of carrying out the provisions of this section.

(c) Where such county junior college district had or has outstanding tax obligations in the nature of bonds or other indebtedness, the board of trustees of said county junior college district shall continue to make the necessary tax levies annually for the purpose of paying necessary administrative expenses of the board of trustees and paying off and discharging such bonded or other indebtedness, both principal and interest, until all of the same has been fully paid off and discharged.

(d) Where said county junior college district has outstanding any bonds payable from the revenues from any building or buildings which revenue bonds constitute an encumbrance upon the income of such building or buildings, the board of trustees of the county junior college district is hereby authorized to issue bonds of said county junior college district payable from ad valorem taxes of said district and to sell such tax-supported bonds and pay off such revenue bonds or to exchange such tax-supported bonds for said revenue bonds. No such tax-supported bonds shall be issued, however, until authorized at an election held for that purpose and at which election a majority voting thereon shall have voted in favor of the issuance of said bonds.

(e) The board of trustees of the county junior college district is hereby authorized to perform all acts necessary toward the final discharge of all the indebtedness of said county junior college district and to perform all necessary administrative acts in connection therewith. Said board of trustees is specifically authorized to continue to levy and collect sufficient taxes annually within the limits prescribed by law and authorized by the required election for the purpose of discharging the principal and interest on all outstanding bonded and other indebtedness, including the repayment of any temporary loans which said board may find necessary to obtain in order to pay all current operating expenses of the junior college up to the date of the conveyance of the properties until all such obligations have been fully discharged, and such temporary loans are hereby authorized, and such temporary loans heretofore obtained are hereby ratified and validated.

(3) the assurance that all students, regardless of their differing programs of study, will be considered, known, and recognized as full members of the student body, provided that the administrative officers of a junior college may deny admission to a prospective student or attendance of an enrolled student if, in their judgment, he would not be competent to benefit from a program of the college, or would by his presence or conduct create a disruptive atmosphere within the college not consistent with the statutory purposes of the college;

(4) the submission of a plan for a financial aid program which removes to the maximum extent possible the financial barriers to the educational aspirations of the citizens of this state;

(5) an annual evaluation report based on scientific methods and utilizing control groups wherever possible to be submitted to the coordinating board at the end of each school year, covering each remedial-compensatory course or program offered at the college;

(6) any other criteria consistent with the provisions of this subchapter specified by the coordinating board; and

**§ 160.01. State Policy**

It is declared to be the policy of the State of Texas to promote the development and maintenance of regional educational services and facilities in the Southern States in the professional, technological, scientific, literary, and other fields so as to provide greater educational advantages for the citizens of the State of Texas and the citizens of the States in the Southern Region. This policy can best be accomplished under the plan embodied in the regional compact entered into by the State of Texas and thirteen other States February 8, 1948, through their respective Governors.

[Acts 1971, 62nd Leg., p. 3014, ch. 994, § 15, eff. Aug. 30, 1971.]

**§ 160.02. Text of Compact**

The regional education compact, as amended, reads as follows:

**THE REGIONAL COMPACT**

(As amended)

WHEREAS, The States who are parties hereto have during the past several years, conducted careful investigation looking toward the establishment and maintenance of jointly owned and operated regional educational institutions in the Southern States in the professional, technological, scientific, literary and other fields, so as to provide greater educational advantages and facilities for the citizens of the several States who reside within such region; and

WHEREAS, Meharry Medical College of Nashville, Tennessee, has proposed that its lands, buildings, equipment, and the net income from its endowment be turned over to the Southern States, or to an agency acting in their behalf, to be operated as a regional institution for medical, dental and nursing education upon terms and conditions to be hereafter agreed upon between the Southern States and Meharry Medical College; which proposal, because of

the present financial condition of the institution has been approved by the said States who are parties hereto; and

WHEREAS, The said States desire to enter into a compact with each other providing for the planning and establishment of regional educational facilities; now,

THEREFORE, In consideration of the mutual agreements, covenants and obligations assumed by the respective States who are parties hereto (hereinafter referred to as "States"), the said several States do hereby form a geographical district or region consisting of the areas lying within the boundaries of the contracting States, which, for the purpose of this Compact, shall constitute an area for regional education supported by public funds derived from taxation by the constituent States and derived from other sources for the establishment, acquisition, operation and maintenance of regional educational schools and institutions, for the benefit of citizens of the respective States residing within the region so established, as may be determined from time to time in accordance with the terms and provisions of this Compact.

The States do further hereby establish and create a joint agency which shall be known as the Board of Control for Southern Regional Education (hereinafter referred to as the "Board"), the members of which Board shall consist of the Governor of each State, ex officio, and four additional citizens of each State to be appointed by the Governor thereof, at least one of whom shall be selected from the field of education and at least one of whom shall be a member of the Legislature of that State. The Governor shall continue as a member of the Board during his tenure of office as Governor of the State but the members of the Board appointed by the Governor shall hold office for a period of four (4) years except that in the original appointments one Board member so appointed by the Governor shall be designated at the time of his appointment to serve an initial term of two (2) years, one Board member to serve an initial term of three (3) years, and the remaining Board member to serve the full term of four (4) years, but thereafter the successor of each appointed Board member shall serve the full term of four (4) years. Vacancies on the Board caused by death, resignation, refusal or inability to serve, shall be filled by appointment by the Governor for the unexpired portion of the term. The officers of the Board shall be a Chairman, a Vice-Chairman, a Secretary, a Treasurer, and such additional officers as may be created by the Board from time to time. The Board shall meet annually and officers shall be elected to hold office until the next annual meeting. The Board shall have the right to formulate and establish by-laws not inconsistent with the provisions of this Compact to govern its own actions in the performance of the duties delegated to it, including the right to create and appoint an Executive Committee and a Finance Committee with such powers and authority as the Board may delegate to them from time to time. The Board may, within its discretion, elect as its Chairman a person who is not a member of the Board, provided such person resides within a signatory State; and upon such election such person shall become a member of the Board with all the rights and privileges of such membership.

It shall be the duty of the Board to submit plans and recommendations to the States from time to time for their approval and adoption by appropriate legislative action for the development, establishment, acquisition, operation and maintenance of educational schools and institutions within the geographical limits of the regional area of the States, of such character and type and for such educational purposes, professional, technological, scientific, literary, or otherwise, as they may deem and determine to be proper, necessary or advisable. Title to all such educational institutions when so established by appropriate legislative actions of the States, and to all properties and facilities used in connection therewith, shall be vested in said Board as the agency of and for the use and benefit of the said States and citizens thereof; and all such educational institutions shall be operated, maintained and financed in the manner herein set out, subject to any provisions or limitations which may be contained in the legislative Acts of the State authorizing the creation, establishment and operation of such educational institutions.

In addition to the power and authority heretofore granted, the Board shall have the power to enter into such agreements or arrangements with any of the States and with educational institutions or agencies, as may be required in the judgment of the Board, to provide adequate services and facilities for the graduate, professional, and technical education for the benefit of the citizens of the respective States residing within the region, and such additional and general power and authority as may be vested in the Board from time to time by legislative enactment of the said States.

Any two (2) or more States who are parties of this Compact shall have the right to enter into supplemental agreements providing for the establishment, financing and operation of regional educational institutions for the benefit of citizens residing within an area which constitutes a portion of the general region herein created, such institutions to be financed exclusively by such States and to be controlled exclusively by the members of the Board representing such States, provided such agreement is submitted to and approved by the Board prior to the establishment of such institutions.

Each State agrees that, when authorized by the Legislature, it will from time to time make available and pay over to said Board such funds as may be required for the establishment, acquisition, operation and maintenance of such regional educational institutions as may be authorized by the States under the terms of this Compact, the contribution of each State at all times to be in the proportion that its population bears to the total combined population of the States who are parties hereto as shown from time to time by the most recent official published report of the Bureau of the Census of the United States of America; or upon such other basis as may be agreed upon.

This Compact shall not take effect or be binding upon any State unless and until it shall be approved by proper legislative action of as many as six (6) or more of the States whose Governors have subscribed hereto within a period of eighteen (18) months from the date hereof. When and if six (6) or more States shall have given legislative approval to this Compact

within said eighteen (18) months period, it shall be and become binding upon such six (6) or more States sixty (60) days after the date of legislative approval by the sixth State, and the Governors of such six (6) or more States shall forthwith name the members of the Board from their States as hereinabove set out, and the Board shall then meet on call of the Governor of any State approving this Compact, at which time the Board shall elect officers, adopt by-laws, appoint committees and otherwise fully organize. Other States whose names are subscribed hereto shall thereafter become parties hereto upon approval of this Compact by legislative action within two (2) years from the date hereof, upon such conditions as may be agreed upon at the time. Provided, however, that with respect to any State whose constitution may require amendment in order to permit legislative approval of the Compact, such State or States shall become parties hereto upon approval of this Compact by legislative action within seven (7) years from the date hereof, upon such conditions as may be agreed upon at the time.

After becoming effective this Compact shall thereafter continue without limitation of time; provided, however, that it may be terminated at any time by unanimous action of the States; and provided further that any State may withdraw from this Compact if such withdrawal is approved by its Legislature, such withdrawal to become effective two (2) years after written notice thereof to the Board accompanied by a certified copy of the requisite legislative action, but such withdrawal shall not relieve the withdrawing State from its obligations hereunder accruing up to the effective date of such withdrawal. Any State so withdrawing shall ipso facto cease to have any claim to or ownership of any of the property held or vested in the Board or of any of the funds of the Board held under the terms of this Compact.

If any State shall at any time become in default in the performance of any of its obligations assumed herein or with respect to any obligation imposed upon said State as authorized by and in compliance with the terms and provisions of this Compact, all rights, privileges and benefits of such defaulting State, its members on the Board and its citizens, shall ipso facto be and become suspended from and after the date of such default. Unless such default shall be remedied and made good within a period of one year immediately following the date of such default this Compact may be terminated with respect to such defaulting State by an affirmative vote of three-fourths ( $\frac{3}{4}$ ) of the members of the Board (exclusive of the members representing the State in default), from and after which time such State shall cease to be a party to this Compact and shall have no further claim to or ownership of any of the property held by or vested in the Board or to any of the funds of the Board held under the terms of this Compact, but such termination shall in no manner release such defaulting State from any accrued obligation or otherwise affect this Compact or the rights, duties, privileges or obligations of the remaining States thereunder.

IN WITNESS WHEREOF this Compact has been approved and signed by Governors of the several States, subject to the approval of their respective Legislatures in the manner hereinabove set out, as of the 8th day of February, 1948.

- 161.03. Effective Date.

#### § 161.01. Compact Entered Into: Text

The Compact for Education is hereby entered into and enacted into law in the form substantially as follows:

#### COMPACT FOR EDUCATION

##### ARTICLE I. PURPOSE AND POLICY

Section A. It is the purpose of this compact to:

1. Establish and maintain close cooperation and understanding among executive, legislative, professional educational and lay leadership on a nationwide basis at the State and local levels.
2. Provide a forum for the discussion, development, crystalization and recommendation of public policy alternatives in the field of education.
3. Provide a clearing house of information on matters relating to educational problems and how they are being met in different places throughout the Nation, so that the executive and legislative branches of State Government and of local communities may have ready access to the experience and record of the entire country, and so that both lay and professional groups in the field of education may have additional avenues for the sharing of experience and the interchange of ideas in the formation of public policy in education.
4. Facilitate the improvement of State and local educational systems so that all of them will be able to meet adequate and desirable goals in a society

which requires continuous qualitative and quantitative advance in educational opportunities, methods and facilities.

Section B. It is the policy of this compact to encourage and promote local and State initiative in the development, maintenance, improvement and administration of educational systems and institutions in a manner which will accord with the needs and advantages of diversity among localities and States.

Section C. The party States recognize that each of them has an interest in the quality and quantity of education furnished in each of the other States, as well as in the excellence of its own educational systems and institutions, because of the highly mobile character of individuals within the Nation, and because the products and services contributing to the health, welfare and economic advancement of each State are supplied in significant part by persons educated in other States.

##### ARTICLE II. STATE DEFINED

As used in this Compact, "State" means a State, territory, or possession of the United States, the District of Columbia, or the Commonwealth of Puerto Rico.

##### ARTICLE III. THE COMMISSION

Section A. The Education Commission of the States, hereinafter called "the Commission," is hereby established. The Commission shall consist of seven members representing each party State. One of such members shall be the Governor or his designated representative, and six shall be appointed by and serve at the pleasure of the Governor, unless the laws of the State otherwise provide. In addition to any other principles or requirements which a State may establish for the appointment and service of its members of the Commission, the guiding principle for the composition of the membership on the Commission from each party State shall be that the members representing such State shall, by virtue of their training, experience, knowledge or affiliations be in a position collectively to reflect broadly the interests of the State Government, higher education, the State education system, local education, lay and professional, public and non-public educational leadership. Of those appointees, one may be the head of a State agency or institution, designated by the Governor, having responsibility for one or more programs of public education. In addition to the members of the Commission representing the party States, there may be not to exceed ten non-voting commissioners selected by the steering committee for terms of one year. Such commissioners shall represent leading national organizations of professional educators or persons concerned with educational administration.

Section B. The members of the Commission shall be entitled to one vote each on the Commission. No action of the Commission shall be binding unless taken at a meeting at which a majority of the total number of votes on the Commission are cast in favor thereof. Action of the Commission shall be only at a meeting at which a majority of the commissioners are present. The Commission shall meet at least once a year. In its bylaws, and subject to such directions and limitations as may be contained therein, the Commission may delegate the exercise of any

of its powers to the steering committee or the executive director, except for the power to approve budgets or requests for appropriations, the power to make policy recommendations pursuant to Article IV and adoption of the annual report pursuant to Article III(j).

Section C. The Commission shall have a seal.

Section D. The Commission shall elect annually, from among its members, a chairman, who shall be a Governor, a vice chairman and a treasurer. The Commission shall provide for the appointment of an executive director. Such executive director shall serve at the pleasure of the Commission, and together with the treasurer and such other personnel as the Commission may deem appropriate shall be bonded in such amount as the Commission shall determine. The executive director shall be secretary.

Section E. Irrespective of the civil service, personnel or other merit system laws of any of the party States, the executive director subject to the approval of the steering committee shall appoint, remove or discharge such personnel as may be necessary for the performance of the functions of the Commission, and shall fix the duties and compensation of such personnel. The Commission in its bylaws shall provide for their personnel policies and programs of the Commission.

Section F. The Commission may borrow, accept or contract for the services of personnel from any party jurisdiction, the United States, or any subdivision or agency of the aforementioned governments, or from any agency of two or more of the party jurisdictions or their subdivisions.

Section G. The Commission may accept for any of its purposes and functions under this compact any and all donations, and grants of money, equipment, supplies, materials and services, conditional or otherwise, from any State, the United States, or any other governmental agency or from any person, firm, association, foundation, or corporation, and may receive, utilize and dispose of the same. Any donation or grant accepted by the Commission pursuant to this paragraph or services borrowed pursuant to paragraph (f) of this Article shall be reported in the annual report of the Commission. Such report shall include the nature, amount and conditions, if any, of the donation, grant, or services borrowed, and the identity of the donor or lender.

Section H. The Commission may establish and maintain such facilities as may be necessary for the transacting of its business. The Commission may acquire, hold, and convey real and personal property and any interest therein.

Section I. The Commission shall adopt bylaws for the conduct of its business and shall have the power to amend and rescind these bylaws. The Commission shall publish its bylaws in convenient form and shall file a copy thereof and a copy of any amendment thereto, with the appropriate agency or officer in each of the party States.

Section J. The Commission annually shall make to the Governor and legislature of each party State a report covering the activities of the Commission for the preceding year. The Commission may make such additional reports as it may deem desirable.

ARTICLE IV. POWERS

In addition to authority conferred on the Commission by other provisions of the compact, the Commission shall have authority to:

1. Collect, correlate, analyze and interpret information and data concerning educational needs and resources.

2. Encourage and foster research in all aspects of education, but with special reference to the desirable scope of instruction, organization, administration, and instructional methods and standards employed or suitable for employment in public educational systems.

3. Develop proposals for adequate financing of education as a whole and at each of its many levels.

4. Conduct or participate in research of the types referred to in this Article in any instance where the Commission finds that such research is necessary for the advancement of the purposes and policies of this compact, utilizing fully the resources of national associations, regional compact organizations for higher education, and other agencies and institutions, both public and private.

5. Formulate suggested policies and plans for the improvement of public education as a whole, or for any segment thereof, and make recommendations with respect thereto available to the appropriate governmental units, agencies and public officials.

6. Do such other things as may be necessary or incidental to the administration of any of its authority or functions pursuant to this compact.

ARTICLE V. COOPERATION WITH FEDERAL GOVERNMENT

Section A. If the laws of the United States specifically so provided, or if administrative provision is made therefor within the Federal Government, the United States may be represented on the Commission by not to exceed ten representatives. Any such representative or representatives of the United States shall be appointed and serve in such manner as may be provided by or pursuant to Federal law, and may be drawn from any one or more branches of the Federal Government, but no such representative shall have a vote on the Commission.

Section B. The Commission may provide information and make recommendations to any executive or legislative agency or officer of the Federal Government concerning the common educational policies of the States, and may advise with any such agencies or officers concerning any matter of mutual interest.

ARTICLE VI. COMMITTEES

Section A. To assist in the expeditious conduct of its business when the full Commission is not meeting, the Commission shall elect a steering committee of thirty members which, subject to the provisions of this compact and consistent with the policies of the Commission, shall be constituted and function as provided in the bylaws of the Commission. One-third of the voting membership of the steering committee shall consist of Governors, and the remainder shall consist of other members of the Commission. A Federal representative on the Commission may serve with the steering committee, but

without vote. The voting members of the steering committee shall serve for terms of two years, except that members elected to the first steering committee of the Commission shall be elected as follows: fifteen for one year and fifteen for two years. The chairman, vice chairman, and treasurer of the Commission shall be members of the steering committee and, anything in this paragraph to the contrary notwithstanding, shall serve during their continuance in these offices. Vacancies in the steering committee shall not affect its authority to act, but the Commission at its next regularly ensuing meeting following the occurrence of any vacancy shall fill it for the unexpired term. No person shall serve more than two terms as a member of the steering committee; provided that service for a partial term of one year or less shall not be counted toward the two-term limitation.

Section B. The Commission may establish advisory and technical committees composed of State, local, and Federal officials, and private persons to advise it with respect to any one or more of its functions. Any advisory or technical committee may, on request of the States concerned, be established to consider any matter of special concern to two or more of the party States.

Section C. The Commission may establish such additional committees as its bylaws may provide.

#### ARTICLE VII. FINANCE

Section A. The Commission shall advise the Governor or designated officer or officers of each party State of its budget and estimated expenditures for such period as may be required by the laws of that party State. Each of the Commission's budgets of estimated expenditures shall contain specific recommendations of the amount or amounts to be appropriated by each of the party States.

Section B. The total amount of appropriation requests under any budget shall be apportioned among the party States. In making such apportionment, the Commission shall devise and employ a formula which takes equitable account of the populations and per capita income levels of the party States.

Section C. The Commission shall not pledge the credit of any party States. The Commission may meet any of its obligations in whole or in part with funds available to it pursuant to Article III(g) of this compact, provided that the Commission takes specific action setting aside such funds prior to incurring an obligation to be met in whole or in part in such manner. Except where the Commission makes use of funds available to it pursuant to Article III(g) thereof, the Commission shall not incur any obligation prior to the allotment of funds by the party States adequate to meet the same.

Section D. The Commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the Commission shall be subject to the audit and accounting procedures established by its bylaws. However, all receipts and disbursements of funds handled by the Commission shall be audited yearly by a qualified public accountant, and the report of the audit shall be included in and become part of the annual reports of the Commission.

Section E. The accounts of the Commission shall be open at any reasonable time for inspection by duly constituted officers of the party States and by any persons authorized by the Commission.

Section F. Nothing contained herein shall be construed to prevent Commission compliance with laws relating to audit or inspection of accounts by or on behalf of any government contributing to the support of the Commission.

#### ARTICLE VIII. ELIGIBLE PARTIES; ENTRY INTO AND WITHDRAWAL

Section A. This compact shall have as eligible parties all States, Territories, and Possessions of the United States, the District of Columbia, and the Commonwealth of Puerto Rico. In respect of any such jurisdiction not having a Governor, the term "Governor," as used in this compact, shall mean the closest equivalent official of such jurisdiction.

Section B. Any State or other eligible jurisdiction may enter into this compact and it shall become binding thereon when it has adopted the same: provided that in order to enter into initial effect, adoption by at least ten eligible party jurisdictions shall be required.

Section C. Adoption of the compact may be either by enactment thereof or by adherence thereto by the Governor; provided that in the absence of enactment, adherence by the Governor shall be sufficient to make his State a party only until December 31, 1967. During any period when a State is participating in this compact through gubernatorial action, the Governor shall appoint those persons who, in addition to himself, shall serve as the members of the Commission from his State, and shall provide to the Commission an equitable share of the financial support of the Commission from any source available to him.

Section D. Except for a withdrawal effective on December 31, 1967, in accordance with paragraph C of this Article, any party State may withdraw from this compact by enacting a statute repealing the same, but no such withdrawal shall take effect until one year after the Governor of the withdrawing State has given notice in writing of the withdrawal to the Governors of all other party States. No withdrawal shall affect any liability already incurred by or chargeable to a party State prior to the time of such withdrawal.

#### ARTICLE IX. CONSTRUCTION AND SEVERABILITY

This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any State or of the United States, or the application thereof to any Government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any Government, agency, person or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any State participating therein, the compact shall remain in full force and effect as to the State affected as to all severable matters.
