#### § 53.260. Apportionment of District Indebtedness

(a) Each property owner in the excluded territory shall pay as his proportional share of each series of district indebtedness a sum equal to the percentage of the “net indebtedness” which the assessed value of his excluded property bears to the total assessed value of all property in the district before the exclusion. For each series of indebtedness, all property values are to be taken from the tax rolls of the district for the year in which the series of indebtedness was issued and sold.

(b) In Subsection (a) of this section, the phrase “net indebtedness” means the greater of:

(1) the face value (par value plus accrued interest) of the outstanding bonds or warrants in the series at the time of the exclusion, less the sinking funds, reserves, and deposits held for paying the indebtedness; and

(2) the market value of the outstanding bonds or warrants in the series at the time of the exclusion, less the sinking funds, reserves, and deposits held for paying the indebtedness.

[Acts 1971, 62nd Leg., p. 425, ch. 58, § 1, eff. Aug. 30, 1971.]

When the board determines and establishes the amount, it is binding on all persons and property in both the excluded and the remaining areas of the district.

(b) The board shall charge the property remaining inside the district with the remaining district indebtedness. The property owners of the newly defined district shall pay the remaining indebtedness by annual taxes.

[Acts 1971, 62nd Leg., p. 426, ch. 58, § 1, eff. Aug. 30, 1971.]

**§ 53.262. Current Taxes—Lien**

(a) The owners of the property in the excluded land shall pay the taxes levied against their property by the district for the year in which the land was excluded. Until paid, these taxes are a lien against the property excluded from the district as though the land had not been excluded.

(b) The board shall credit the amount collected against the total amount which the owners of the excluded land owe. The board may not levy additional taxes or other charges against the excluded land for the year in which the exclusion is made.

[Acts 1971, 62nd Leg., p. 426, ch. 58, § 1, eff. Aug. 30, 1971.]

**§ 53.263. Annual Levy of Taxes Against Excluded Territory**

(a) The district shall levy and collect taxes against the property in the excluded territory on the same basis as the district levies and collects taxes annually against the property remaining inside the district, until the amount collected equals the total net amount chargeable against the excluded territory.

(b) The district may lower the rates on the taxes and charges assessed against the property in the excluded territory for the last year during which the assessments are made, in order to obtain only enough money to discharge the balance of the sum chargeable against the excluded territory.

(c) The district shall continue to levy taxes against the land in the excluded territory each year until enough taxes have been levied to cover the excluded territory's pro rata share of the district's indebtedness.

[Acts 1971, 62nd Leg., p. 426, ch. 58, § 1, eff. Aug. 30, 1971.]

**§ 53.264. Voluntary Payments**

A municipality authorized to do so, and any person, firm, or corporation desiring to do so may voluntarily pay to the district at any time any amount toward the discharge of the amount chargeable against the property in the excluded territory. The district shall credit all voluntary payments as a reduction of the amount charged against the excluded territory.

[Acts 1971, 62nd Leg., p. 426, ch. 58, § 1, eff. Aug. 30, 1971.]

**§ 53.265. Status of Delinquent Taxes**

All taxes against land in the excluded territory which are delinquent at the time of exclusion or which become delinquent after the exclusion have the same status they would have had if the district had not excluded the land. The district has and may exercise all of the liens, rights, and remedies it would have had against the persons and property against which the taxes were assessed if the district had not excluded the territory.

[Acts 1971, 62nd Leg., p. 427, ch. 58, § 1, eff. Aug. 30, 1971.]

**§ 53.266. Collection of Delinquent Taxes**

The principal of all delinquent taxes which were levied against excluded territory after the exclusion, and which are collected before final payment of the indebtedness charged to the territory, shall be credited against that indebtedness as if the taxes had been collected when due. The district shall enforce and collect all taxes remaining delinquent after the collection of all charges provided for in this subchapter.

[Acts 1971, 62nd Leg., p. 427, ch. 58, § 1, eff. Aug. 30, 1971.]

**§ 53.267. Penalties and Interest**

Taxes and charges provided for in this subchapter are subject to the same penalties and interest as are other taxes which the district levies. The district has the rights and remedies concerning these taxes which it has concerning other taxes.

[Acts 1971, 62nd Leg., p. 427, ch. 58, § 1, eff. Aug. 30, 1971.]

**§ 53.268. Discharge of Excluded Land From Obligations**

On payment of its pro rata share of the district indebtedness except for delinquent taxes against specific pieces of property, the excluded territory is released from all liability to the district except the liability on each piece of property for payment of the delinquent taxes.

[Acts 1971, 62nd Leg., p. 427, ch. 58, § 1, eff. Aug. 30, 1971.]

**§ 53.269. Resolution of Discharge**

(a) When the liability of the excluded territory is discharged, except for delinquent taxes, the board shall adopt a resolution stating this fact and listing the property on which the taxes are unpaid. In the list the supervisors shall give a brief description of the property, the name of the owner, and the amount of the principal sum owed for each year there is a delinquency.

(b) The supervisors shall have the resolution entered in their minutes and recorded in the deed records of the county.

[Acts 1971, 62nd Leg., p. 427, ch. 58, § 1, eff. Aug. 30, 1971.]

**§ 53.270. Release on Payment of Delinquent Taxes**

When a property owner pays the delinquent taxes against property listed in the resolution, it is discharged from all obligations to the district. The release is established by a certificate of the tax

assessor and collector of the district certifying that the property owner has paid the delinquent taxes against the property.

##### § 54.015. Contents of Petition

The petition shall:

(1) describe the boundaries of the proposed district by metes and bounds or by lot and block number, if there is a recorded map or plat and survey of the area;

(2) state the general nature of the work proposed to be done, the necessity for the work, and the cost of the project as then estimated by those filing the petition; and

The request to a city for its written consent to the creation of a district, shall be signed by a majority in value of the holders of title of the land within the proposed district as indicated by the county tax rolls or, if there are more than 50 persons holding title to the land in the proposed district as indicated by the county tax rolls, the request to the city will be sufficient if it is signed by 50 holders of title to the land in the district. (b) If the governing body of a city fails or refuses to grant permission for the inclusion of land within its extraterritorial jurisdiction in a district within 60 days after receipt of a written request, a majority of

(c) If the governing body of the city and a majority of the electors or the owner or owners of 50 percent or more of the land to be included in the district fail to execute a mutually agreeable contract providing for the water or sanitary sewer service requested within six months after receipt of the petition, the failure shall constitute authorization for the inclusion of the land in the district under the provisions of this section. The city's consent to the inclusion of land in the district may also contain restrictions on the terms and provisions of the district's bonds and notes issued to provide service to the land and conditions on the sale of the district's bonds and notes if the restrictions and conditions do not generally render the bonds and notes of districts in the city's extraterritorial jurisdiction unmarketable. The city's consent to the inclusion of land in a district may restrict the purposes for which a district may issue bonds to the purposes of the purchase, construction, acquisition, repair, extension and improvement of land, easements, works, improvements, facilities, plants, equipment and appliances necessary to:

[Sections 54.638 to 54.700 reserved for expansion]

**SUBCHAPTER H. ADDING AND EXCLUDING TERRITORY; CONSOLIDATING AND DISSOLVING DISTRICTS**

**§ 54.701. Excluding Land from District**

(a) Before the board calls an election for the authorization of bonds payable in whole or in part from taxes, the board may on its own motion call a hearing on the question of the exclusion of land from the district under the provisions of Sections 54.702-54.707 of this code, if the exclusions are practicable, just, or desirable.

(b) The board must call a hearing on the exclusion of land or other property from the district on the written petition of any landowner or property owner in the district filed with the secretary of the board before the time the first election on the question of the issuance of bonds payable in whole or in part from taxes is called.

[Acts 1971, 62nd Leg., p. 806, ch. 84, § 1.]

**§ 54.702. Hearing to Announce Proposed Exclusions and to Receive Petitions**

If the board determines that an exclusion hearing should be held or if a written petition requesting an exclusion hearing is filed with the secretary of the board as provided in Section 54.701 of this code, the board shall give notice of a time and place of a hearing to announce its own conclusions relating to land or other property to be excluded and to receive petitions for exclusion of land or other property.

[Acts 1971, 62nd Leg., p. 806, ch. 84, § 1.]

**§ 54.703. Notice of Hearing**

(a) The board shall publish notice of the hearing once a week for two consecutive weeks in one or more newspapers with general circulation in the district. The first publication shall appear at least 14 days before the day of the hearing.

(b) The notice shall advise all interested property owners of their right to present petitions for exclusions of land or other property and to offer evidence in support of the petitions and their right to contest any proposed exclusion based on either a petition or

the board's own conclusions and to offer evidence in support of the contest.

[Acts 1971, 62nd Leg., p. 806, ch. 84, § 1.]

**§ 54.704. Petition**

(a) A petition for exclusion of land must accurately describe by metes and bounds or lot and block number the land to be excluded. A petition for exclusion of other property must describe the property to be excluded.

(b) A petition for exclusion shall be filed with the district at least seven days before the hearing and shall state clearly the particular grounds on which the exclusion is sought. Only the stated grounds shall be considered.

[Acts 1971, 62nd Leg., p. 806, ch. 84, § 1.]

**§ 54.705. Grounds for Exclusion**

Exclusions from the district may be made on the grounds that:

(1) to retain certain land or other property within the district's taxing power would be arbitrary and unnecessary to conserve the public welfare, would impair or destroy the value of the property desired to be excluded, and would constitute the arbitrary imposition of a confiscatory burden;

(2) to retain any given land or other property in the district and to extend to it, either presently or in the future, the benefits, service, or protection of the district's facilities would create an undue and uneconomical burden on the remainder of the district; or

(3) the land desired to be excluded cannot be bettered as to conditions of living and health, or provided with water or sewer service or protected from flood, or drained, or freed from interruption of traffic caused by excess of water on the roads, highways, or other means of transportation serving the land, or otherwise benefited by the district's proposed improvements.

[Acts 1971, 62nd Leg., p. 807, ch. 84, § 1.]

**§ 54.706. Hearing Procedure**

The board may adjourn the hearing from one day to another and until all persons desiring to be heard are heard. The board immediately shall specifically describe all property which it proposes to exclude on its own motion and shall hear first any protests and evidence against exclusions proposed on the board's own motion.

[Acts 1971, 62nd Leg., p. 807, ch. 84, § 1.]

**§ 54.707. Order Excluding Land**

After considering all engineering data and other evidence presented to it, the board shall determine whether the facts disclose the affirmative of the propositions stated in Subsection (1) or (2) or, if appropriate, in Subsection (3) of Section 54.705 of this code. If the affirmative exists, the board shall enter an order excluding all land or other property

falling within the conditions defined by the respective subsections and shall redefine in the order the boundaries of the district to embrace all land not excluded. A copy of the order excluding land and redefining the boundaries of the district shall be filed in the deed records of the county or counties in which the district is situated.

[Acts 1971, 62nd Leg., p. 807, ch. 84, § 1.]

**§ 54.708. Suit to Review Exclusion**

Any person owning an interest in land affected by the order may file a petition within 20 days after the effective date of the order to review, set aside, modify, or suspend the order.

[Acts 1971, 62nd Leg., p. 807, ch. 84, § 1.]

**§ 54.709. Venue of Suit**

The venue in any action shall be in any district court which has jurisdiction in the county in which the district is located. If the district includes land in more than one county, the venue shall be in the district court having jurisdiction in the county in which the major portion of the acreage of the land sought to be excluded from the district is located.

[Acts 1971, 62nd Leg., p. 807, ch. 84, § 1.]

**§ 54.710. Appeal**

A person may appeal from the judgment or order of a district court in a suit brought under the provisions of Sections 54.708–54.709 of this code to the court of civil appeals and supreme court as in other civil cases in which the district court has original jurisdiction. The appeal is subject to the statutes and rules of practice and procedure in civil cases.

[Acts 1971, 62nd Leg., p. 807, ch. 84, § 1.]

**§ 54.711. Adding Land by Petition of Landowner**

The owner or owners of land contiguous to the district or otherwise may file with the board a petition requesting that there be included in the district the land described in the petition by metes and bounds or by lot and block number if there is a recorded plat of the area to be included in the district.

[Acts 1971, 62nd Leg., p. 808, ch. 84, § 1.]

**§ 54.712. Assumption of Bonds**

If the district has bonds, notes, or other obligations outstanding or bonds payable in whole or in part from taxes which have been voted but are unissued, the board may require the petitioner or petitioners to assume their share of the outstanding bonds, notes, or other obligations and the voted but unissued tax bonds of the district and authorize the board to levy a tax on their property in each year while any of the bonds, notes, or other obligations payable in whole or in part from taxation are outstanding to pay their share of the indebtedness.

[Acts 1971, 62nd Leg., p. 808, ch. 84, § 1.]

**§ 54.713. Petition Signed and Executed**

The petition of the landowner to add land to the district shall be signed and executed in the manner provided by law for the conveyance of real estate.

[Acts 1971, 62nd Leg., p. 808, ch. 84, § 1.]

**§ 54.714. Hearing and Determination of Petition**

(a) The board shall hear and consider the petition and may add to the district the land described in the petition if it is considered to be to the advantage of the district and if the water, sewer, and drainage system and other improvements of the district are sufficient or will be sufficient to supply the added land without injuring land already in the district.

(b) If the district has bonds payable in whole or in part from taxation which are voted but unissued at the time of an annexation, and the petitioners assume the bonds and authorize the district to levy a tax on their property to pay the bonds, then the board may issue the voted but unissued bonds even though the boundaries of the district have been altered since the authorization of the bonds.

[Acts 1971, 62nd Leg., p. 808, ch. 84, § 1.]

**§ 54.715. Recording Petition**

A petition which is granted adding land to the district shall be filed for record and shall be recorded in the office of the county clerk of the county or counties in which the land is located.

[Acts 1971, 62nd Leg., p. 808, ch. 84, § 1.]

**§ 54.716. Adding Land by Petition of Less Than All the Landowners**

In addition to the method of adding land to a district which is described in Sections 54.711–54.715 of this code, defined areas of land, whether or not they are contiguous to the district, may be annexed to the district in the manner set forth in Sections 54.717–54.724 of this code.

[Acts 1971, 62nd Leg., p. 808, ch. 84, § 1.]

**§ 54.717. Filing of Petition**

A petition requesting the annexation of a defined area signed by a majority in value of the owners of land in the defined area, as shown by the tax rolls of the county or counties in which such area is located, or signed by 50 landowners if the number of landowners is more than 50, shall be filed with the secretary of the board.

[Acts 1971, 62nd Leg., p. 808, ch. 84, § 1.]

**§ 54.718. Hearing on Petition**

It shall be the duty of the board to pass an order fixing a time and place at which the petition for annexation shall be heard which shall not be less than 30 days from the day of the order calling the hearing.

[Acts 1971, 62nd Leg., p. 808, ch. 84, § 1.]

**§ 54.719. Notice of Hearing**

The secretary shall issue a notice setting forth the time and place of the hearing and describing the area proposed to be annexed. Notice of the hearing shall be given by posting copies of the notice in three public places in the district, and in one public place in the area proposed to be annexed for at least 14 days before the day of the hearing and by publishing a copy of the notice in a newspaper of general circulation in the county or counties in which the area proposed to be annexed is located one time at least 14 days before the day of the hearing.

[Acts 1971, 62nd Leg., p. 809, ch. 84, § 1.]

**§ 54.720. Order Adding Defined Area**

If upon the hearing of the petition it is found by the board that the proposed annexation of the area to the district is feasible and practicable and would be of benefit both to the area and to the district, then the board, by order entered in its minutes, may receive the proposed area as an addition to and to become a part of the district. The order adding the proposed territory to the district need not include all of the land described in the petition, if on the hearing a modification or change is found necessary or desirable by the board.

[Acts 1971, 62nd Leg., p. 809, ch. 84, § 1.]

**§ 54.721. Filing of Order Adding Land**

(a) A copy of the order annexing land to the district, signed by a majority of the members of the board and attested by the secretary of the board, shall be filed and recorded in the deed records of the county or counties in which the district is located if the land is finally annexed to the district.

(b) After the order is recorded the area shall be a component part of the district.

[Acts 1971, 62nd Leg., p. 809, ch. 84, § 1.]

**§ 54.722. Election to Assume Obligation and Unissued Bonds and to Authorize Additional Bonds**

(a) The annexed area shall bear its pro rata share of all bonds, notes, or other obligations or taxes which may be owed, contracted, or authorized by the district to which it has been added.

(b) Before the added area shall be subject to all or any part of the bonds, notes, obligations, or taxes, created before the annexation of the area to the district, the board shall order an election to be held in the district, as enlarged by reason of the annexation of the area, on the question of the assumption of the bonds, notes, obligations, and taxes by the annexed area.

(c) At the same election, the board may also submit a proposition on the question of whether the annexed area should assume its part of the bonds of the district payable in whole or in part from taxes which have been voted previously but not yet issued or sold and the levy of an ad valorem tax on all taxable property within the area annexed along with

a tax on the rest of the district for the payment of the bonds.

(d) If the election results favorably, the district shall be authorized to issue its voted but unissued tax bonds even though the boundaries of the district have been changed since the original election approving of the bonds.

(e) At the election called for the purpose of determining whether the annexed area shall assume the bonds, notes, or other obligations or taxes of the district, the board in a separate proposition, may also submit the question of whether the board should be authorized to issue bonds payable in whole or in part from taxes to provide service to the area annexed.

[Acts 1971, 62nd Leg., p. 809, ch. 84, § 1.]

**§ 54.723. Unfavorable Assumption Election or Bond Election**

(a) In the event that the district has bonds, notes, or obligations or taxes which may be owed, contracted, or authorized at the time an area is annexed or if the district has voted but unissued bonds payable in whole or in part from taxes at the time of an annexation, the board may provide in its order annexing an area to the district that the annexation will not be complete or final unless the indebtedness, tax or bond, note, or other obligation assumption elections result favorably to the assumption of the district's outstanding bonds, notes, or other obligations and voted but unissued bonds.

(b) If the board elects to submit the question of whether the board should be authorized to issue bonds to provide service to the area annexed, the board may also provide in its order annexing an area to the district that the annexation will not be complete unless the election results favorably to the issuance of bonds to serve the annexed area.

[Acts 1971, 62nd Leg., p. 810, ch. 84, § 1.]

**§ 54.724. Notice of Assumption Election**

Whenever an election is ordered to be held in the district for the purpose of the assumption of bonds, notes, or other obligations or taxes or the assumption of voted but unissued bonds by reason of the annexation of any area, then the election shall be held and notice given as provided for bond elections held by the district.

[Acts 1971, 62nd Leg., p. 810, ch. 84, § 1.]

**§ 54.725. Suit to Review Annexation**

The provisions of Sections 54.708-54.710 of this code with respect to an appeal from an order excluding land from the district shall apply to review of an order annexing land to the district.

[Acts 1971, 62nd Leg., p. 810, ch. 84, § 1.]

**§ 54.726. Right to Serve New Land Included in District**

The district has the same right and duty to furnish service to the annexed land that it previously had to furnish service to other land in the district

and the board shall endeavor to serve all land in the district without discrimination.

[Acts 1971, 62nd Leg., p. 810, ch. 84, § 1.]

**§ 54.727. Duty to Advise Commission**

The board shall furnish the commission a detailed description of any land excluded from or annexed to the district within 30 days after the exclusion or annexation or as soon after that time as practicable.

[Acts 1971, 62nd Leg., p. 810, ch. 84, § 1.]

**§ 54.728. Consolidation of Districts**

Two or more districts governed by the provisions of this chapter may consolidate into one district as provided by Sections 54.729–54.733 of this code.

[Acts 1971, 62nd Leg., p. 810, ch. 84, § 1.]

**§ 54.729. Elections to Approve Consolidation**

(a) After the board of each district has agreed on the terms and conditions of consolidation, which may include the assumption by each district of the other district's bonds, notes, or other obligations and voted but unissued bonds payable in whole or in part from taxation, the levy of taxes to pay for the bonds, and adoption of a name for the consolidated district, the board shall order an election in each district to determine whether the districts should be consolidated.

(b) The directors of each district shall order the election to be held on the same day in each district and shall give notice of the election for the time and in the manner provided by law for bond elections.

(c) The districts may be consolidated only if the electors in each district vote in favor of the consolidation.

[Acts 1971, 62nd Leg., p. 810, ch. 84, § 1.]

**§ 54.730. Governing Consolidated Districts**

(a) After two or more districts are consolidated, they become one district and are governed as one district, except for the payment of debts created before consolidation if the conditions of consolidation do not provide for the assumption by each district of the other's bonds, notes, or other obligations and voted but unissued bonds.

(b) During a period of 90 days after the date of the election to approve consolidation, the officers of each district shall continue to act jointly as officers of the original districts to settle the affairs of their respective districts.

(c) The consolidation agreement may provide that the officers of the original districts shall continue to act jointly as officers of the consolidated district until the next general election or name persons to serve as officers of the consolidated district until the next general election if all officers of the original districts agree to resign. At the next general election, directors will be elected for the consolidated district in the same manner and for the same term as directors elected at a confirmation election.

(d) New officers of the consolidated district must qualify as officers of the district within the period of 90 days after the election and shall assume their offices at the expiration of the 90-day period.

(e) The current board shall approve the bond of each new officer.

[Acts 1971, 62nd Leg., p. 810, ch. 84, § 1.]

**§ 54.731. Debts of Original Districts**

(a) After two or more districts are consolidated, the debts of the original districts shall be protected and may not be impaired. These debts may be paid by taxes levied on the land in the original districts as if they had not consolidated or from contributions from the consolidated district on terms stated in the consolidation agreement.

(b) If each district assumed the other's bonds, notes, and other obligations, taxes may be levied uniformly on all taxable property within the consolidated district in payment of the debts.

[Acts 1971, 62nd Leg., p. 811, ch. 84, § 1.]

**§ 54.732. Assessment and Collection of Taxes**

After consolidation, the district shall assess and collect taxes on property in the original districts to pay debts created by the original districts unless each district has assumed the other district's bonds, notes, or other indebtedness payable in whole or in part from taxation.

[Acts 1971, 62nd Leg., p. 811, ch. 84, § 1.]

**§ 54.733. Voted But Unissued Bonds**

In the event either district has voted but unissued bonds payable in whole or in part from taxation and the consolidated district assumed the voted but unissued bonds and the consolidated district was authorized to levy taxes to pay for the bonds, then the consolidated district shall be authorized to issue the voted but unissued bonds in the name of the consolidated district and levy a uniform tax on all taxable property in the consolidated district to pay for the bonds.

[Acts 1971, 62nd Leg., p. 811, ch. 84, § 1.]

**§ 54.734. Dissolution of District Prior to Issuance of Bonds**

(a) If the board considers it advisable before the issuance of any bonds, notes, or other indebtedness, the board may dissolve the district and liquidate the affairs of the district as provided in Sections 54.734–54.738 of this code.

(b) If a majority of the board finds at any time before the authorization of bonds, notes, or other obligations or the final lending of its credit in another form that the proposed undertaking for any reason is impracticable or apparently cannot be successfully and beneficially accomplished, the board may issue notice of a hearing on a proposal to dissolve the district.

[Acts 1971, 62nd Leg., p. 811, ch. 84, § 1.]

**§ 54.735. Notice of Hearing**

The board shall post notice of the hearing on the bulletin board at the courthouse door of each county in which the district is located and at three or more other public places within the boundaries of the district and shall publish notice of the hearing two times in a newspaper with general circulation in the district. The notice must be posted and published at least 14 days before the hearing on the proposed dissolution of the district.

[Acts 1971, 62nd Leg., p. 811, ch. 84, § 1.]

**§ 54.736. Hearing**

The board shall hear all interested persons and shall consider their evidence at the time and place stated in the notice.

[Acts 1971, 62nd Leg., p. 812, ch. 84, § 1.]

**§ 54.737. Board's Order to Dissolve District**

Otherwise the board shall enter its order providing that the district has not been dissolved.

[Acts 1971, 62nd Leg., p. 812, ch. 84, § 1.]

**§ 54.738. Judicial Review of Board's Order**

The board's decree to dissolve the district may be judicially reviewed in the manner set forth in Sections 54.708-54.710 of this code for the review of an order excluding land from the district.

[Acts 1971, 62nd Leg., p. 812, ch. 84, § 1.]

the acreage estimate is furnished to the secretary, each person applying for water shall pay the portion of the water charge or assessment set by the board for immediate payment. If any person applying for water from the district does not furnish the statement of estimated acreage or does not pay the part of the water charge or assessment set by the board before the date for fixing the assessment, the district is not obligated to furnish water to that person during that year.

[Acts 1971, 62nd Leg., p. 455, ch. 58, § 1, eff. Aug. 30, 1971.]

#### § 55.352. Assessments for Maintenance and Operating Expenses

The assessments shall be levied against all irrigable land in the district on a per acre basis, whether or not the land is actually irrigated. The board shall determine from year to year the proportionate amount of the expenses which will be borne by water users under this subsection.

(b) The remainder of the estimated expenses shall be paid by assessments against persons in the district who use or who make application to use water. The board shall prorate the remainder as equitably as possible among the applicants for water and may consider the acreage each applicant will plant, the crop he will grow, and the amount of water per acre he will use. All persons using water to plant the same crop will pay the same price per acre for the water.

[Acts 1971, 62nd Leg., p. 455, ch. 58, § 1, eff. Aug. 30, 1971.]

(b) The board, in its order adding land to the district, shall set the amount of the debts to be paid by the owner of the added land and levy annual taxes against the land to pay the debts. The taxes assessed by the board constitute a lien against the added land in the same manner and to the same extent as if the land had been a part of the district at the time the indebtedness was incurred or authorized by an election held for that purpose.

(c) The added land is a part of the district and is liable for debts subsequently incurred by the district in the same manner as other land, in the district. [Acts 1971, 62nd Leg., p. 494, ch. 58, § 1, eff. Aug. 30, 1971.]

A creditor or five or more taxpayers in the district

may bring suit in a district court to have a receiver appointed.

(b) The engineer shall make maps and profiles of the canals, drains, ditches, and levees located in the district and their outlets extending beyond the boundaries of the district.

(c) A copy of the land office map of the county which shows the name and number of each survey and the area or number of acres within the district is sufficient to comply with the requirement for a map of the district, and any recognized map of a city or town in the district is sufficient to comply with the requirement for a map of that city or town.

[Acts 1971, 62nd Leg., p. 507, ch. 58, § 1, eff. Aug. 30, 1971.]

(b) Before the board constructs a bridge or culvert, the board shall give notice to the railroad authorities authorized to build or construct bridges and culverts and shall allow the railroad 30 days to build the bridge or culvert at its own expense and according to its own plans.

(c) Bridges or culverts shall be constructed so they will not interfere with the free and unobstructed flow of water passing through the canals and drains and shall be placed at points designated by the engineer.

(b) The board may make the changes by entering on their minutes a notation of the changes, with the district maps and profiles showing the changes. Notice of the changes shall be given by publishing the notation with the book and page number of the minutes for two consecutive weeks in a newspaper of general circulation published in the English language in the county in which the district is located.

(b) At the first regular meeting after the documents are filed, the commissioners court shall give notice of an election to determine whether or not the changes and improvements should be made and shall order the election held within the time and the returns made as provided in the original election.

The engineer shall make the report and the board shall act on the report in the manner provided in this chapter for the initial report of the engineer.

(b) After the engineer's report is approved or modified by the commissioners court, the court shall order an election to be held in the district at the earliest legal time. The only proposition that may be submitted at the election is whether or not the district will construct additional improvements and pay for them with funds currently available. A majority of those persons voting at the election must approve the proposition for it to carry.

(c) Notice of the election shall be given, election officials appointed, returns made and canvassed, and the result declared as provided in Sections 56.027-56.031 of this code. The notice of election shall state:

(c) The contractor may not deposit earth at a place at which it will interfere with constructing laterals or other improvements in the district or building bridges or other improvements on the public roads.

(d) After the work is completed under the contract, the engineer shall make a detailed report to the board showing whether or not the contract has been complied with fully, and if not, the extent of noncompliance.

(b) A person who owns land in the district may drain into one or more of the public drains, and at

his own expense, the landowner may make drains according to the natural slope of the land through other lands intervening between his land and the nearest public drain or watercourse or along any public highway.

The application shall include the width, depth, and length of the connecting drains and ditches.

(b) When the application is filed with the board, the engineer shall estimate the quantity of water which the connecting drains or ditches would probably empty into the established canals or drains and shall indicate whether or not the established canals or drains have sufficient capacity to carry the excess water without risk or damage to the canals, drains, or adjacent territory. The engineer shall report to the board the result of his examination and his estimate.

(c) Unless an agreement is reached with the applicants, the commissioners may authorize the connection on condition that the applicant first pay to the construction and maintenance fund an amount of money which bears the same ratio to the cost of the original canal or drain from the point of connection to its outlet as the water to be emptied into the canal or drain by the connecting drains bears to the water then flowing into and being carried by the original canal or drain as estimated by the engineer. [Acts 1971, 62nd Leg., p. 513, ch. 58, § 1, eff. Aug. 30, 1971.]

**§ 56.142. Enlargement of Canals, Drains, and Other Outlets**

(a) If the engineer's report indicates that the capacity of the canals, drains, or outlets of the district are insufficient to carry the excess water that would be discharged into them by connecting drains or that the additional discharge of water will endanger the canals and drains or the lands and property adjacent to them, the commissioners court in the county in which the district is located may give the applicant permission to construct connecting drains and secure the desired outlet on condition that the applicant make necessary enlargements of the canals and drains of the district at the applicant's own expense. The increased capacity of the canals of the district shall be sufficient to carry any increase of water caused by the connection without danger to canals and drains or lands adjacent to them.

(b) The engineer shall supervise and direct the enlargement of the canals and drains, and after the work is completed to his satisfaction, the engineer shall report to the commissioners court under his official certificate. The report shall show:

- (1) the kind of work done;
- (2) the extent of the work;
- (3) the new capacity to be sufficient to carry excess water from the connecting drain;
- (4) the number of days spent by the engineer supervising the work; and
- (5) the amount due to the engineer for his services.

(c) On approving the engineer's report, the commissioners court shall issue an order authorizing the connections to be made with the canals and drains on payment of the amount due to the engineer as shown by the engineer's report and shall order the applicant to pay the engineer's salary.

[Acts 1971, 62nd Leg., p. 514, ch. 58, § 1, eff. Aug. 30, 1971.]

(b) The board must approve the project, plans and specifications, and methods of constructing or reconstructing the improvements.

(c) After approval, the board may execute a contract for a specified number of years or until the plans or programs of the district are completed and shall pay the obligations incurred under the contract by issuing bonds that are approved by the voters in the manner provided for issuing other bonds of the district. The board shall deliver the bonds to the United States.

**§ 56.206. Bonds: Registration**

(a) When the attorney general approves the bonds, the comptroller shall register them in a book kept for that purpose and shall record the attorney general's certificate for use in possible future litigation. After the bonds are registered, they are prima facie valid and binding obligations in any action, suit, or proceeding.

(b) In a suit to enforce collection of the bonds, the attorney general's certificate or a certified copy of it shall be admitted and received in evidence as prima facie proof of the validity of the bonds and attached coupons, and the only defense against the validity of the bonds is forgery or fraud.

[Acts 1971, 62nd Leg., p. 517, ch. 58, § 1, eff. Aug. 30, 1971.]

(b) If the bond is executed by a satisfactory surety company, the district may pay a reasonable amount as premium on the bond. The premium shall be paid from the construction and maintenance fund on presentation to the board of a bill for the premium. The board may deduct the premium from the commissions allowed the county judge on the sale of bonds.

(c) If there is any controversy as to the reasonableness of the amount claimed as premium, the controversy may be settled by any court of competent jurisdiction.

[Acts 1971, 62nd Leg., p. 517, ch. 58, § 1, eff. Aug. 30, 1971.]

(e) The commissioners court shall issue refunding bonds in the manner provided for other district bonds, and shall deduct any sum on hand to the credit of any sinking fund account in ascertaining the amount of refunding bonds to be issued. This sum shall be applied to the payment of the outstanding bonds.

(f) The commissioners court shall not issue refunding bonds until they are approved by the attorney general and registered by the comptroller. The comptroller shall not register the refunding bonds until the old bonds being replaced are presented to him for cancellation. After the comptroller registers the new bonds, he shall cancel the old bonds and interest coupons and deliver the new bonds to the proper bondholders. The district may present the old bonds for cancellation in installments, and the comptroller may register and deliver a like amount of the new bonds.

(g) In a district operating under Article XVI, Section 59, of the Texas Constitution, if the holders of outstanding bonds do not consent to the exchange of their bonds for refunding bonds, the refunding bonds may be sold and the proceeds applied to the purchase of the outstanding bonds when they become payable under an option of prepayment contained in the bonds or when the bondholders will accept payment.

The bonds shall be signed by the county judge, attested by the county clerk, and registered by the county treasurer.

(b) The bonds together with the record relating to them shall be submitted to the attorney general for his approval.

If the obligations being refunded are evidenced by outstanding securities, the comptroller shall cancel the outstanding securities concurrently with the registration and delivery of the bonds.

(d) When the refunding bonds are approved by the attorney general and registered and delivered by the comptroller, the bonds are valid and binding obligations of the district and are incontestable for any cause.

The commissioners court shall pay the assessor and collector an amount they consider proper.

**§ 56.245. Collection of Taxes**

(a) The commissioners court may fix the time and determine the date taxes become due, but if the date and time are not designated, the taxes shall become due at the same time as state and county taxes.

(b) Taxes authorized by this chapter are a lien on the property for which they are assessed. Any person who fails to pay the taxes when due is subject to the penalty for failure to pay state and county taxes at maturity.

[Acts 1971, 62nd Leg., p. 520, ch. 58, § 1, eff. Aug. 30, 1971.]

**§ 56.247. Levying Taxes on the Benefit Basis**

A district operating under Article XVI, Section 59, of the Texas Constitution, may levy taxes on the benefit basis, which means the levy of a tax on an equal or uniform basis or rate on each acre of land in the district.

[Acts 1971, 62nd Leg., p. 520, ch. 58, § 1, eff. Aug. 30, 1971.]

**§ 56.248. Authorizing Taxation on the Benefit Basis for Newly Created Districts**

(a) In a petition to create a district under Article XVI, Section 59, of the Texas Constitution, the petitioner may request that taxes in the proposed district be levied on the benefit basis, and the notice of hearing on the petition shall state this request in addition to other information required by Section 56.017 of this code.

(b) At the hearing on the petition, the commissioners court shall consider whether or not it will be fair and equitable to levy taxes on the benefit basis, and any person who would be affected by creation of the district may appear before the commissioners court and support or oppose the levy of taxes on the benefit basis.

(c) If the commissioners court finds that creation of and drainage of the district is feasible and practicable under Section 56.019 of this code, the commissioners court shall further determine whether or not the levy of taxes on the benefit basis would be fair and equitable to the landowners in the district.

(d) If the commissioners court determines that levying taxes on a benefit basis would not be fair and equitable to the landowners, the order of the commissioners court shall state these findings, and if the district is created, district taxes shall be levied on an ad valorem basis.

(e) If the commissioners court favors creation of the district and determines that levying taxes on a benefit basis will be fair and equitable to the land-

owners, the order of the commissioners court shall include these findings and an election shall be called to create the district and levy taxes on the benefit basis.

(f) Findings of the commissioners court relating to the basis on which taxes will be levied are final and conclusive on all parties.

(c) At the same meeting at which the petition is presented, the commissioners court shall schedule a hearing on the petition for either a regular meeting or a special meeting called for that purpose to be held during the period beginning on the 30th day and ending with the 60th day after the day the petition is presented.

(d) The commissioners court shall order the clerk to give notice of the time and place of the hearing by posting a copy of the petition and the order of the commissioners court at five public places in the county during the 20-day period immediately preceding the day of the hearing. The clerk shall post one of the copies at the courthouse door and the other four copies at four places within the boundaries of the district, and the district shall pay the clerk \$1 for each notice he posts and five cents a mile for each mile traveled in posting the notices.

(e) At the hearing, any person whose land would be affected may appear before the commissioners court and may support or oppose the levy of taxes on a benefit basis and may offer testimony to show whether or not the levy of taxes on the benefit basis will be fair and equitable to landowners in the district. The commissioners court has exclusive jurisdiction to hear and determine this issue and matters relating to it and has exclusive jurisdiction in all subsequent proceedings. The commissioners court may adjourn the hearing from day to day, and judgments of the commissioners court are final.

(f) If the commissioners court finds that levying taxes on the benefit basis will not be fair and equitable to landowners in the district, an order shall be entered dismissing the petition, and the district shall continue to levy taxes on an ad valorem basis, but if the commissioners court finds that levying taxes on the benefit basis will be fair and equitable

to landowners in the district, the commissioners court shall order an election to be held in the district.

(g) An election to approve the levy of taxes on the benefit basis must be held during the period beginning on the 30th day and ending with the 60th day after the date of the election order. Notice of the election shall be given in the same manner as notice is given for the hearing on the petition. The commissioners court shall name polling places within the district and shall appoint judges and other necessary election officers. The ballots shall be printed to provide for voting for or against the following proposition: "The levy of taxes in the district on the benefit basis."

(h) At least two-thirds of those persons voting in the election must vote in favor of the proposition for it to carry.

(i) If the proposition carries at the election, the order of the commissioners court canvassing the election shall provide that taxes of the district are to be levied on the benefit basis, but if the proposition fails to carry at the election, the order of the commissioners court canvassing the election shall provide that taxes of the district are to continue to be levied on an ad valorem basis.

[Acts 1971, 62nd Leg., p. 521, ch. 58, § 1, eff. Aug. 30, 1971.]

The person appointed by the commissioners court shall qualify by taking an oath to fairly and impartially hold hearings and determine acreage.

(b) The board to determine acreage shall give notice of the time and place of the hearing on the acreage before the 10-day period immediately preceding the day of the hearing.

(c) At the hearing each landowner may testify about the amount of land owned by him in the district. The board has final jurisdiction to determine the exact acreage of each landowner in the district.

(d) After the board makes its determination, the land in the district shall be annually placed on the tax rolls according to the acreage determined without rendition of taxes.

(b) If the result of the election favors dissolving the district, the county clerk shall return the deposit to the petitioners or their agent or attorney, and the cost and expenses of holding the election shall be charged to the district and collected as other debts in this subchapter, but if the result of the election is against dissolving the district, the county clerk shall pay the cost and expenses of the election from the deposit with vouchers signed by the county judge and return the balance of the deposit to the petitioners or their agent or attorney.

(b) Payment of taxes under this section may be made either in money or by surrender of bonds or other evidences of debt of the district. Any holder or owner of debt owed by the district may surrender his bonds and coupons or approved accounts to the district tax collector to pay for taxes owed on property in the district which is owned by the holder or owner of the debt, and when surrendered, the bonds or evidences of debt shall be marked paid and a receipt issued for them. (c) If the commissioners court orders a reassessment, it shall appoint commissioners of appraisal as provided in Section 57.263 of this code, and the new commissioners of appraisal have the same powers, rights, privileges, and duties as provided in Section 57.267 of this code.

(a) The judgment and decree of the commissioners of appraisal reassessing benefits in the district are the basis of the assessment of taxes in the district.

(b) The assessment can again be modified or changed but there can be no reassessment of benefits that will in any way render any outstanding bonds or other indebtedness of the district insecure. The sum of benefits as reassessed may never be less than the sum of all outstanding bonds and other indebtedness of the district.

(c) The commissioners court of each county in which the district is located shall levy and have assessed and collected taxes based on the reassessment, at a rate sufficient to provide funds to pay the interest on all outstanding bonds and other indebtedness of the district, to pay the bonds or other indebtedness at maturity, and to provide the necessary sinking funds to pay all bonds or other indebtedness that may be issued.

(d) If the plan of reclamation is modified, or if extensive repairs or additions are made, the provisions of this section apply to districts that levy taxes on the ad valorem basis, but the commissioners of appraisal shall assess only the damages which will accrue to the property inside or outside the district as a result of the changes in the plan.

(b) The tax rate shall not be more than the specific rate approved at the election.

(c) The district shall use money obtained from the maintenance tax only for maintenance, upkeep, and repair, to make additions to the levees and other improvements in the district, and for other purposes stated in this chapter.

(b) Revenue and income from the encumbered property and facilities of the district shall not be considered in determining the power of the district to issue any bonds for any purpose authorized by law.

(a) If the revenue and income from the properties and facilities of the district are encumbered under the provisions of this subchapter, the expense of operation and maintenance necessary to render efficient service of the properties and facilities shall be a first lien and charge against the revenue and income. The first lien shall be prior to and superior to the lien of the encumbrance.

(b) No encumbrance shall be foreclosed because of default of the district until the default has existed for a period of 90 days and notice of the default has been served on the commission.

[Acts 1971, 62nd Leg., p. 582, ch. 58, § 1, eff. Aug. 30, 1971.]

The district shall have the option at any five-year period for 20 years after default to repurchase the properties on reasonable terms and at reasonable prices to be set forth in the encumbrance.

(c) The provisions of Sections 61.164–61.168 of this code, relating to the grant of franchises by districts, shall not apply to the grant of any franchises under authority of this section.

[Acts 1971, 62nd Leg., p. 582, ch. 58, § 1, eff. Aug. 30, 1971.]

**SUBCHAPTER H. PROMOTION AND DEVELOPMENT FUND IN CERTAIN DISTRICTS****§ 60.201. Purpose**

Districts in this state which include cities of 100,000 or more inhabitants and which operate ports or waterways and harbor and terminal facilities are in keen competition with other ports, waterways, harbors, and terminals outside the state and with privately owned port and terminal facilities inside the

state. Well-situated and well-equipped ports and waterways in other nearby states and owners of substantial port and terminal facilities located inside and outside the state are advertising, promoting and developing their competing ports, waterways, harbors, and terminals through expenditure of large amounts of money without any audit or restriction on expenditure of the money. This activity or expenditure is thwarting and impeding the use, progress, and development of the ports, waterways, harbors, and terminals of this state. Continuation of this hardship and injustice can best be met and coped with by more liberal use of some relatively small fund set aside from the gross income from operations of the ports of this state to be used in the manner provided in this subchapter.

[Acts 1971, 62nd Leg., p. 583, ch. 58, § 1, eff. Aug. 30, 1971.]

**§ 60.202. Creation of Fund**

A district organized under general or special law and containing a city of 100,000 or more population, according to the last preceding federal census, may set aside out of current income from its operations a promotion and development fund of not more than five percent of its gross income from operations in each calendar year.

[Acts 1971, 62nd Leg., p. 583, ch. 58, § 1, eff. Aug. 30, 1971.]

**§ 60.203. Expenditure of Fund**

Money in the promotion and development fund shall be spent by the commission or as the commission may direct to pay any expenses connected with:

- (1) any activity or matter incidental to the advertising, development, or promotion of the district or its ports, waterways, harbors, or terminals;
- (2) furthering the general welfare of the district and its facilities; or
- (3) the betterment of the district's relations with steamship and rail lines, shippers, consignees of freight, governmental officials, or others interested or sought to be interested in the ports, waterways, harbors, or terminals.

[Acts 1971, 62nd Leg., p. 583, ch. 58, § 1, eff. Aug. 30, 1971.]

**§ 60.204. Management and Control of Promotion and Development Fund**

(a) The money in the promotion and development fund shall be kept separate from all other funds and accounts of the district, and no money collected from assessing or levying taxes may be mingled with the fund.

(b) The promotion and development fund shall be under the exclusive control of the commission, and the commission shall have full responsibility for auditing, approving, and safeguarding the expenditure of money from the fund.

(c) The county auditor shall exercise his usual supervision and control to assure that the commission sets aside no more than five percent of its gross income from operations in each calendar year in the

promotion and development fund. The county auditor shall not audit disbursements from the fund but shall be entitled to a monthly statement showing the:

- (1) date of each disbursement from the fund;
- (2) amount disbursed;
- (3) person or concern to whom disbursed; and
- (4) general purpose of each disbursement.

[Acts 1971, 62nd Leg., p. 583, ch. 58, § 1, eff. Aug. 30, 1971.]

**§ 60.205. Other Expenses Not Affected**

Since this subchapter authorizes disbursements from the promotion and development fund for unusual purposes and occasions not covered by other law, the setting aside of the fund and disbursements from the fund shall not affect payment of other expenses customarily approved, audited, and paid out of the regular funds of the district.

[Acts 1971, 62nd Leg., p. 584, ch. 58, § 1, eff. Aug. 30, 1971.]

[Sections 60.206 to 60.220 reserved for expansion]

SUBCHAPTER I. REVENUE BONDS

**§ 60.221. Modification of Revenue Bond Resolution**

If a district adopts a resolution for the issuance of revenue bonds, provision may be made in the resolution for its modification after the issuance of the bonds in the manner and with the consent of the holders of a fixed percentage of the bonds if provided in the resolution before the issuance of the bonds.

[Acts 1971, 62nd Leg., p. 584, ch. 58, § 1, eff. Aug. 30, 1971.]

[Sections 60.222 to 60.240 reserved for expansion]

**§ 60.242. Resolution**

(b) The resolution shall call a hearing and shall be entered in the minutes of the board.

[Acts 1971, 62nd Leg., p. 584, ch. 58, § 1, eff. Aug. 30, 1971.]

(a) Notice of the resolution shall be given by publishing notice once a week for two consecutive

weeks in a newspaper with general circulation in the county in which the district is located. The first publication shall appear not less than 14 full days before the time set for the hearing.

(b) The notice shall:

(1) state the time and place of the hearing;

(2) set out the entire resolution; and

(3) notify interested persons to appear and offer testimony for or against the proposal.

[Acts 1971, 62nd Leg., p. 585, ch. 58, § 1, eff. Aug. 30, 1971.]

#### § 60.244. Findings of Navigation Board

(a) After the hearing, if the navigation board finds that conversion to a district operating under Article XVI, Section 59, of the Texas Constitution, would be in the best interest of the district and would be a benefit to the land and property located in the district, it shall enter an order making these findings and the district shall become a district operating under Article XVI, Section 59, of the Texas Constitution.

(b) If the navigation board finds that conversion to a district operating under Article XVI, Section 59, of the Texas Constitution, would not be in the best interest of the district and would not be a benefit to the land and property located in the district, it shall enter an order making these findings.

(c) The findings of the navigation board are final and are not subject to appeal or review.

[Acts 1971, 62nd Leg., p. 585, ch. 58, § 1, eff. Aug. 30, 1971.]

#### § 60.245. Status of Converted District

A district which is converted under the provisions of this subchapter shall be constituted a district operating under Article XVI, Section 59, of the Texas Constitution and shall be governed by the provisions of Chapter 62 of this code as if it had originally been organized under Article XVI, Section 59, of the Texas Constitution, except the commissioners of a converted district shall be appointed in the manner that initial commissioners are appointed under Sections 62.061 and 62.062 of this code.

[Acts 1971, 62nd Leg., p. 585, ch. 58, § 1, eff. Aug. 30, 1971.]

#### § 60.246. Powers of Converted District

(a) Nothing in this subchapter shall be construed to deprive a converted district of any powers conferred on it by the law under which it was organized.

(b) A converted district shall have the additional powers conferred on districts under Sections 61.151, 61.161–61.168, 61.170, and 61.172–61.175 of this code, and the commissioners of a converted district shall constitute a pilot board under the provisions of Articles 8248–8257, Revised Civil Statutes of Texas, 1925.

(c) If there is a conflict between the powers conferred by Section 60.245 of this code and the powers preserved by Subsection (a) of this section, the powers conferred by Section 60.245 shall control.

[Acts 1971, 62nd Leg., p. 585, ch. 58, § 1, eff. Aug. 30, 1971.]

[Sections 60.247 to 60.270 reserved for expansion]

(1) bonds secured by ad valorem taxes;

from sale of water, rendition of services, tolls, charges, and from all sources other than ad valorem taxes;

**§ 60.338. Bonds Secured by Revenues**

(a) Bonds secured wholly or in part by a pledge of the revenues of the district may be secured by all or that part of the revenues specified in the resolution authorizing the bonds or in the indenture securing the bonds.

(b) The rate of tax actually to be collected for any year shall be fixed so as to take into consideration the money which shall have been in the interest and sinking fund from the pledged revenues and which will be available for payment of principal and interest and for the creation of the reserve funds to the extent and in the manner permitted by the resolution authorizing or the trust indenture securing the bonds.

[Acts 1973, 63rd Leg., p. 770, ch. 343, § 1, eff. Aug. 27, 1973.]

(a) Where bonds are payable wholly from revenues, the governing body shall fix and from time to

time revise the rates, tolls, and charges from the sales and services rendered by the district, the revenues from which are pledged, to the end that the rates, tolls, and charges will yield sufficient money:

- (1) to pay designated expenses of the district;
- (2) to pay the principal of and interest on the bonds as the principal and interest mature; and
- (3) to create and maintain funds as prescribed in the resolution authorizing or the trust indenture securing the bonds.

(b) Where the bonds are payable both from taxes and from revenues, the governing body shall fix and from time to time revise the rates, tolls, and charges for sales and services rendered by the district, to the extent pledged, which will be sufficient to assure compliance with the resolution authorizing the bonds or the trust indenture securing them.

(b) After the bonds have been approved by the attorney general and registered by the comptroller of public accounts they shall be negotiable and incontestable.

(c) When the bonds of an issue are thus approved and registered, the bonds later delivered by the district in lieu of these bonds, pursuant to Section 60.337 of this code in connection with the exchange of registered for unregistered bonds, or unregistered bonds for registered bonds, or in lieu of lost or mutilated bonds, need not be reapproved by the attorney general or reregistered by the comptroller of public accounts. Nevertheless, the bonds shall likewise be incontestable, and except for the limitations resulting from registration shall be negotiable.

(b) The trust indenture may contain provisions prescribed by the governing body for the security of the bonds and the preservation of its properties, contracts, and rights. It may contain a provision for the amendment or modification of the trust indenture in the manner which it prescribes.

(c) Without limiting the generality of the provisions which may be contained in the indenture, it may provide that the district shall comply with the requirements of designated consulting engineers for the proper maintenance and operation of the district's properties and for the fixing of adequate tolls, charges, and rates, to assure proper maintenance and operation, and to provide proper debt service for the outstanding bonds in the manner prescribed in the resolution authorizing the issuance of the bonds or in the trust indenture securing the bonds.

This subchapter shall be wholly sufficient authority within itself for the issuance of the bonds and the performance of the other acts and procedures authorized by it, without reference to any other laws, or any restrictions or limitations contained therein, except as specifically provided in this subchapter. When any bonds are being issued under this subchapter, then to the extent of any conflict or inconsistency between any provisions this subchapter shall prevail and control; provided, that any issuer shall have the right to use the provisions of any other laws, not in conflict with the provisions of this subchapter, to the extent convenient or necessary to carry out any power or authority, express or implied, granted by this subchapter.

**§ 61.116. Lease of State Owned Lands and Flats**

(a) Any district organized under this chapter or any general law under which navigation districts may be created may apply for a lease from the State of Texas of the surface estate of any lands and flats belonging to the state which are covered or partly covered by the water of any of the bays or other arms of the sea; however, any navigation district created after the effective date of this Act may not lease the surface estate of any such lands or flats which are located within 10 miles of the boundary of any navigation district in existence on the effective date of this Act, without first receiving the written approval of the district now in existence. The words "navigation district," "district," or "districts" as used in Sections 61.116, 61.117, and 60.038 of the Texas Water Code shall apply to any incorporated city in this state which owns and operates wharves, docks, and other marine port facilities.

(b) The state, through the School Land Board, may lease these state owned lands or flats to eligible navigation districts only for purposes reasonably related to the promotion of navigation. The term "navigation" as used herein refers to marine commerce and immediately related activities, including but not limited to port development; channel construction and maintenance; commercial and sport fishing; recreational boating; industrial site locations; transportation, shipping, and storage facilities; pollution abatement facilities; and all other activities necessary or appropriate to the promotion of marine commerce; but specifically does not refer to residential development.

(c) In making application for a lease of state owned lands or flats, the district shall include the following information:

- (1) a description of the lands or flats sought to be leased;

(2) a plan showing how it proposes to utilize the land and a timetable indicating approximately when such utilization will take place;

(3) a draft environmental impact statement assessing the effect of the proposed use on the environment, which statement shall generally conform to the requirements of the National Environmental Policy Act,<sup>1</sup> until such time as the legislature shall impose different requirements; however, the School Land Board may waive the requirement of an environmental impact statement if the proposed use requires no dredging, filling, or bulkheading, and if such use will not have a significant impact on the environment. If the School Land Board does waive the submission of an environmental impact statement, it shall include a provision in the lease agreement requiring the district to file an environmental impact statement with the School Land Board before the district makes any use of such lands or flats which requires dredging, filling, or bulkheading, or which would have a significant impact on the environment;

(4) proof satisfactory to the board establishing the public convenience and necessity for acquisition of lands sought to be leased.

(d) Upon receipt of an application and accompanying information, the School Land Board shall submit copies thereof to the Texas Submerged Lands Advisory Committee, the member agencies of the Interagency Natural Resources Council, and all other appropriate state agencies for review and comment. In addition, the board shall submit for review and comment the proposed terms and conditions of the lease. The board shall allow 30 days for such review and comment, and may extend the review period for an additional 30 days upon written request by the executive director of any state agency.

(e) Following the expiration of the period provided for review and comment, or following the expiration of the 30 day extension of such period, if applicable, the School Land Board shall cause a hearing to be held in the county in which the land proposed to be leased is located. Notice of the hearing shall be given by publication for at least three days, not less than two weeks nor more than four weeks prior to the hearing, in the daily paper having the greatest circulation in the county. Members of the board or their designated representatives shall conduct the hearing, at which any party may offer testimony in support of or in opposition to the application, and the board shall consider the record of the hearing in making a decision on the application.

(f) After submission of all evidence, the School Land Board shall authorize the issuance or denial of the proposed lease and shall determine the reasonable cost to the district, term of years, special limitations, if any, and other conditions necessary to best serve the interest of the general public. In establishing the consideration to be paid to the state for

the lease, due weight shall be given to the depth of the water over the submerged land, its proximity to development activities, and its proposed use. Final action shall be taken by the board no more than 60 days following the public hearing.

(g) The funds derived from the lease shall be paid to the General Land Office for transfer to the proper funds of the state.

(h) Districts may sublease lands leased from the state under the provisions of this section to third parties for activities reasonably related to navigation, but such sublease shall be subject to the approval of the School Land Board according to the procedures, requirements, and criteria set forth in Subsections (c) and (d) of Section 61.116 of this code; provided, however, that no approval by the School Land Board shall be required if the sublease is for a purpose contemplated by the district and approved by the board in the district's original lease, and if the district submitted an environmental impact statement with its application to lease state owned lands or flats. It is further provided that no environmental impact statement shall ever be necessary for any sublease which requires no dredging, filling, or bulkheading, and which would not have a substantial impact upon the environment; nor shall a district in obtaining approval for a sublease under any circumstances be required to reveal the name of the tenant to whom the sublease is to be made.

(i) If lands or flats leased from the state under the provisions of this section are utilized by the district or its sublessee for any purpose or use not approved by the School Land Board, the district shall be given notice and an opportunity to change and correct the use. If the use is not changed and corrected within a reasonable time after receipt of such notice, the lease may be terminated by the School Land Board and the lands or flats shall revert to the State of Texas.

[Acts 1971, 62nd Leg., p. 593, ch. 58, § 1, eff. Aug. 30, 1971; Acts 1973, 63rd Leg., p. 553, ch. 237, § 1, eff. June 11, 1973.]

<sup>1</sup> 42 U.S.C.A. § 4321 et seq.

#### § 61.117. Limitations on Sales and Use of State Lands and Flats

(a) The State of Texas shall retain its rights in all mines and minerals, including oil and gas, in and under the land, together with the right to enter the land for the purpose of development when it leases land under Section 61.116 of this code.

(b) All leases of land under Section 61.116 are subject to oil, gas, or mineral leases in existence at the time of the lease to the district.

(c) Any land which has been franchised or leased or is being used by any navigation district or by the United States for the purpose of navigation, industry, or other purpose incident to the operation of a port shall not be entered or possessed by the State of Texas or by anyone claiming under the State of Texas for the purpose of exploring for oil, gas, or other minerals except by directional drilling. No easement, lease, or permit may be granted on land

which has been leased to a navigation district which will interfere with the proposed use of the land by the navigation district, and the prior approval of the navigation district shall be obtained for such purpose.

(d) No surface drilling location may be nearer than 660 feet and special permission from the Commissioner of the General Land Office is necessary to make any surface location nearer than 2,160 feet, measured at right angles from the nearest bulkhead line designated by a navigation district or the United States as the bulkhead line or from the nearest dredged bottom edge of any channel, slip, or turning basin which has been dredged, or which has been authorized by the United States as a federal project for future construction, whichever is nearer.

(e) In the event land is leased to a navigation district for construction of a navigation project, the School Land Board may in the lease designate the district to be the agent of the State of Texas with authority to grant to the United States of America such easements for dredging and disposal of dredged material as may be required for federal participation in the project. In designating the district to be the agent of the State of Texas for the purpose of granting spoil easements, the board may include a requirement that the district obtain the approval of the board before granting any such easement. Such approval may be given in the form of accepting a master plan for spoil disposal.

(f) Districts which, prior to the enactment of this provision, have obtained patents to state owned lands or flats under Article 8225, Revised Civil Statutes of Texas, 1925, or under any general or special act, and which still claim title to any such lands or flats, may not hereafter dispose of any such lands or flats except by lease as provided in Section 61.116 of this code; however, in the event a district possesses lands it finds to be in excess of its needs, it may sell such surplus lands or flats back to the State of Texas for the same consideration as originally paid to the state. It is further provided that the limitation on resale of lands or flats acquired from the State of Texas shall not prevent a district from exchanging such lands or flats for land, or rights in land, of an adjacent littoral owner for the purpose of adjusting or straightening the boundary between such lands. All such exchanges made after December 31, 1973, shall be subject to the approval of the School Land Board.

[Acts 1971, 62nd Leg., p. 593, ch. 58, § 1, eff. Aug. 30, 1971; Acts 1973, 63rd Leg., p. 555, ch. 237, § 2, eff. June 11, 1973.]

**§ 61.118. Construction Contracts**

(a) Except as provided in this section, the provisions of Chapter 3, Title 128, Revised Civil Statutes of Texas, 1925, governing water control and preservation districts which relate to advertising for, awarding, and performing contracts for the construction of improvements and work authorized by law shall apply to construction contracts made under this subchapter.

(b) The bidder's deposit for a construction contract shall be five percent of the amount bid, and the contractor's bond shall be for not less than 25 percent of the contract price.
