PREFACE

This 1977 Supplement to West's Texas Statutes and Codes, Compact Edition, includes the text of all the general and permanent laws of the State of Texas enacted at the Regular Session of the 64th Legislature (1975), the Regular and First Called Sessions of the 65th Legislature (1977), and the text of changes in the Texas Constitution as adopted by the people at the Elections held on April 22, 1975 and November 8, 1977.

The laws in West's Texas Statutes and Codes are under the same classification as Vernon's Annotated Texas Statutes and Vernon's Texas Codes Annotated. Therefore, the user of this Supplement may go from any article or section herein to the same article or section in the annotated editions, where the complete constructions of the laws by the state and federal courts, historical data relative to the origin and development of the law, and other helpful research aids, are conveniently available.

Natural Resources Code, enacted by Acts 1977, 65th Leg.,
ch. 871;

Special Law Tables

Special laws pertaining to education and water, enacted or amended in 1975 and 1977, are tabulated following the Education and Water Codes.

PREFACE

§ 49-b. Veterans' Land Program

Sec. 49-b. By virtue of prior Amendments to this Constitution, there has been created a governmental agency of the State of Texas performing governmental duties which has been designated the Veterans' Land Board. Said Board shall continue to function for the purposes specified in all of the prior Constitutional Amendments except as modified herein. Said Board shall be composed of the Commissioner of the General Land Office and two (2) citizens of the State of Texas, one (1) of whom shall be well versed in veterans' affairs and one (1) of whom shall be well versed in finances. One (1) such citizen member shall, with the advice and consent of the Senate, be appointed biennially by the Governor to serve for a term of four (4) years; but the members serving on said Board on the date of adoption hereof shall complete the terms to which they were appointed. In the event of the resignation or death of any such citizen member, the Governor shall appoint a replacement to serve for the unexpired portion of the term to which the deceased or resigning member had been appointed. The compensation for said citizen members shall be as is now or may hereafter be fixed by the Legislature; and each shall make bond in such amount as is now or may hereafter be prescribed by the Legislature.

The Commissioner of the General Land Office shall act as Chairman of said Board and shall be the administrator of the Veterans' Land Program under such terms and restrictions as are now or may hereafter be provided by law. In the absence or illness of said Commissioner, the Chief Clerk of the General Land Office shall be the Acting Chairman of said Board with the same duties and powers that said Commissioner would have if present.

The Veterans' Land Board may provide for, issue and sell not to exceed Seven Hundred Million Dollars (\$700,000,000) in bonds or obligations of the State of Texas for the purpose of creating a fund to be known as the Veterans' Land Fund, Five Hundred Million Dollars (\$500,000,000) of which have heretofore been authorized. Such bonds or obligations shall be sold for not less than par value and

accrued interest; shall be issued in such forms, denominations, and upon such terms as are now or may hereafter be provided by law; shall be issued and sold at such times, at such places, and in such installments as may be determined by said Board; and shall bear a rate or rates of interest as may be fixed by said Board but the weighted average annual interest rate, as that phrase is commonly and ordinarily used and understood in the municipal bond market, of all the bonds issued and sold in any installment of any bonds may not exceed the rate specified in Section 65 of this Article. All bonds or obligations issued and sold hereunder shall, after execution by the Board, approval by the Attorney General of Texas, registration by the Comptroller of Public Accounts of the State of Texas, and delivery to the purchaser or purchasers, be incontestable and shall constitute general obligations of the State of Texas under the Constitution of Texas; and all bonds heretofore issued and sold by said Board are hereby in all respects validated and declared to be general obligations of the State of Texas. In order to prevent default in the payment of principal or interest on any such bonds, the Legislature shall appropriate a sufficient amount to pay the same.

In the sale of any such bonds or obligations, a preferential right of purchase shall be given to the administrators of the various Teacher Retirement Funds, the Permanent University Funds, and the Permanent School Funds.

Said Veterans' Land Fund shall consist of any lands heretofore or hereafter purchased by said Board, until the sale price therefor, together with any interest and penalties due, have been received by the said Board (although nothing herein shall be construed to prevent said Board from accepting full payment for a portion of any tract), and of the moneys attributable to any bonds heretofore or hereafter issued and sold by said Board which moneys so attributable shall include but shall not be limited to the proceeds from the issuance and sale of such bonds; the moneys received from the sale or resale of any lands, or rights therein, purchased with such proceeds; the moneys received from the sale or resale of any lands, or rights therein, purchased with other moneys attributable to such bonds; the interest and penalties received from the sale or resale of such lands, or rights therein; the bonuses, income, rents, royalties, and any other pecuniary benefit received by said Board from any such lands; sums received by way of indemnity or forfeiture for the failure of any bidder for the purchase of any such bonds to comply with his bid and accept and pay for such bonds or for the failure of any bidder for the purchase of any lands comprising a part of said Fund to comply with his bid and accept and pay for any such lands; and interest received from invest-

ments of any such moneys. The principal and interest on the bonds heretofore and hereafter issued by said Board shall be paid out of the moneys of said Fund in conformance with the Constitutional provisions authorizing such bonds; but the moneys of said Fund which are not immediately committed to the payment of principal and interest on such bonds, the purchase of lands as herein provided, or the payment of expenses as herein provided may be invested in bonds or obligations of the United States until such funds are needed for such purposes.

All moneys comprising a part of said Fund and not expended for the purposes herein provided shall be a part of said Fund until there are sufficient moneys therein to retire fully all of the bonds heretofore or hereafter issued and sold by said Board, at which time all such moneys remaining in said Fund, except such portion thereof as may be necessary to retire all such bonds which portion shall be set aside and retained in said Fund for the purpose of retiring all such bonds, shall be deposited to the credit of the General Revenue Fund to be appropriated to such purposes as may be prescribed by law. All moneys becoming a part of said Fund thereafter shall likewise be deposited to the credit of the General Revenue Fund.

When a Division of said Fund (each Division consisting of the moneys attributable to the bonds issued and sold pursuant to a single Constitutional authorization and the lands purchased therewith) contains sufficient moneys to retire all of the bonds secured by such Division, the moneys thereof, except such portion as may be needed to retire all of the bonds secured by such Division which portion shall be set aside and remain a part of such Division for the purpose of retiring all such bonds, may be used for the purpose of paying the principal and the interest thereon, together with the expenses herein authorized, of any other bonds heretofore or hereafter issued and sold by said Board. Such use shall be a matter for the discretion and direction of said Board; but there may be no such use of any such moneys contrary to the rights of any holder of any of the bonds issued and sold by said Board or violative of any contract to which said Board is a party.

The Veterans' Land Fund shall be used by said Board for the purpose of purchasing lands situated in the State of Texas owned by the United States or any governmental agency thereof, owned by the Texas Prison System or any other governmental agency of the State of Texas, or owned by any person, firm, or corporation. All lands thus purchased shall be acquired at the lowest price obtainable, to be paid for in cash, and shall be a part of said Fund. Such lands heretofore or hereafter purchased and comprising a part of said Fund are hereby declared to be held for a governmental purpose,

although the individual purchasers thereof shall be subject to taxation to the same extent and in the same manner as are purchasers of lands dedicated to the Permanent Free Public School Fund.

The lands of the Veterans' Land Fund shall be sold by said Board in such quantities, on such terms, at such prices, at such rates of interest and under such rules and regulations as are now or may hereafter be provided by law to veterans who served not less than ninety (90) continuous days, unless sooner discharged by reason of a service-connected disability, on active duty in the Army, Navy, Air Force, Coast Guard or Marine Corps of the United States after September 16, 1940, and who, upon the date of filing his or her application to purchase any such land is a citizen of the United States, is a bona fide resident of the State of Texas, and has not been dishonorably discharged from any branch of the Armed Forces above-named and who at the time of his or her enlistment, induction, commissioning, or drafting was a bona fide resident of the State of Texas, or who has resided in Texas at least five (5) years prior to the date of filing his or her application, and provided that in the event of the death of an eligible Texas Veteran after the veteran has filed with the Board an application and contract of sale to purchase through the Board the tract selected by him or her and before the purchase has been completed, then the surviving spouse may complete the transaction. The unmarried surviving spouses of veterans who died in the line of duty may also apply to purchase a tract through the Board provided the deceased veterans meet the requirements set out in this Article with the exception that the deceased veterans need not have served ninety (90) continuous days and provided further that the deceased veterans were bona fide residents of the State of Texas at the time of enlistment, induction, commissioning, or drafting. The foregoing notwithstanding, any lands in the Veterans' Land Fund which have been first offered for sale to veterans and which have not been sold may be sold or resold to such purchasers, in such quantities, and on such terms, and at such prices and rates of interest, and under such rules and regulations as are now or may hereafter be provided by law.

Said Veterans' Land Fund, to the extent of the moneys attributable to any bonds hereafter issued and sold by said Board may be used by said Board, as is now or may hereafter be provided by law, for the purpose of paying the expenses of surveying, monumenting, road construction, legal fees, recordation fees, advertising and other like costs necessary or incidental to the purchase and sale, or resale, of any lands purchased with any of the moneys attributable to such additional bonds, such expenses to be added to the price of such lands when sold, or resold,

by said Board; for the purpose of paying the expenses of issuing, selling, and delivering any such additional bonds; and for the purpose of meeting the expenses of paying the interest or principal due or to become due on any such additional bonds.

All of the moneys attributable to any series of bonds hereafter issued and sold by said Board (a "series of bonds" being all of the bonds issued and sold in a single transaction as a single installment of bonds) may be used for the purchase of lands as herein provided, to be sold as herein provided, for a period ending eight (8) years after the date of sale of such series of bonds; provided, however, that so much of such moneys as may be necessary to pay interest on bonds hereafter issued and sold shall be set aside for that purpose in accordance with the resolution adopted by said Board authorizing the issuance and sale of such series of bonds. After such eight (8) year period, all of such moneys shall be set aside for the retirement of any bonds hereafter issued and sold and to pay interest thereon, together with any expenses as provided herein, in accordance with the resolution or resolutions authorizing the issuance and sale of such additional bonds, until there are sufficient moneys to retire all of the bonds hereafter issued and sold, at which time all such moneys then remaining a part of said Veterans' Land Fund and thereafter becoming a part of said Fund shall be governed as elsewhere provided herein.

This Amendment being intended only to establish a basic framework and not to be a comprehensive treatment of the Veterans' Land Program, there is hereby reposed in the Legislature full power to implement and effectuate the design and objects of this Amendment, including the power to delegate such duties, responsibilities, functions, and authority to the Veterans' Land Board as it believes necessary.

Should the Legislature enact any enabling laws in anticipation of this Amendment, no such law shall be void by reason of its anticipatory nature.

This Amendment shall become effective upon its adoption.

[Adopted Nov. 8, 1977.]

§ 49-d-1. Additional Texas Water Development Bonds

(a) The Texas Water Development Board shall upon direction of the Texas Water Quality Board, or any successor agency designated by the Legislature, issue additional Texas Water Development Bonds up to an additional aggregate principal amount of \$200,000,000 to provide grants, loans, or any combination of grants and loans for water quality enhancement purposes as established by the Legislature. The Texas Water Quality Board or any successor agency designated by the Legislature may make such grants and loans to political subdivisions or bodies politic and corporate of the State of Texas, including municipal corporations, river authorities, conservation and reclamation districts, and districts created or organized or authorized to be created or organized under Article XVI, Section 59, or Article III, Section 52, of this Constitution, State agencies, and interstate agencies and compact commissions to which the State of Texas is a party, and upon such terms and conditions as the Legislature may authorize by general law. The bonds shall be issued for such terms, in such denominations, form and installments, and upon such conditions as the Legislature may authorize.

(b) The proceeds from the sale of such bonds shall be deposited in the Texas Water Development Fund to be invested and administered as prescribed by law.

(c) The bonds authorized in this Section 49-d-1 and all bonds authorized by Sections 49-c and 49-d of Article III shall bear interest at not more than 6% per annum and mature as the Texas Water Development Board shall prescribe, subject to the limitations as may be imposed by the Legislature.

(d) The Texas Water Development Fund shall be used for the purposes heretofore permitted by, and subject to the limitations in Sections 49-c, 49-d and 49-d-1; provided, however, that the financial assistance may be made pursuant to the provisions of Sections 49-c, 49-d and 49-d-1 subject only to the availability of funds and without regard to the provisions in Section 49-c that such financial assistance shall terminate after December 31, 1982.

(e) Texas Water Development Bonds are secured by the general credit of the State and shall after approval by the Attorney General, registration by the Comptroller of Public Accounts of the State of Texas, and delivery to the purchasers, be incontestable and shall constitute general obligations of the State of Texas under the Constitution of Texas.

(f) Should the Legislature enact enabling laws in anticipation of the adoption of this amendment, such Acts shall not be void by reason of their anticipatory character.

The Legislature may establish such other courts as it may deem necessary and prescribe the jurisdiction and organization thereof, and may conform the jurisdiction of the district and other inferior courts thereto.

[Adopted Nov. 8, 1977.]

§ 1-a. Retirement, Censure, Removal and Compensation of Justices and Judges; State Commission on Judicial Conduct; Procedure

[See Compact Edition, Volume 1 for text of (1)]

(2) The name of the State Judicial Qualifications Commission is changed to the State Commission on Judicial Conduct. The Commission consists of eleven (11) members, to wit: (i) two (2) Justices of Courts of Civil Appeals; (ii) two (2) District Judges; (iii) two (2) members of the State Bar, who have respectively practiced as such for over ten (10) consecutive years next preceding their selection; (iiii) four (4) citizens, at least thirty (30) years of age, not licensed to practice law nor holding any salaried public office or employment; and (v) one (1) Justice of the Peace; provided that no person shall be or remain a member of the Commission, who does not maintain physical residence within this State, or who resides in, or holds a judgeship within or for, the same Supreme Judicial District as another member of the Commission, or who shall have ceased to retain the qualifications above specified for his respective class of membership, except that the Justice of the Peace shall be selected at large without regard to whether he resides or holds a judgeship in the same Supreme Judicial District as another member of the Commission. Commissioners of classes (i) and (ii) above shall be chosen by the Supreme Court with advice and consent of the Senate, those of class (iii) by the Board of Directors of the State Bar under regulations to be prescribed by the Supreme Court with advice and consent of the Senate, those of class

(iii) by appointment of the Governor with advice and consent of the Senate, and the commissioner of class (v) by appointment of the Supreme Court from a list of five (5) names submitted by the executive committee of the Justice of the Peace and Constables Association of Texas, with the advice and consent of the Senate. The initial term of the commissioner of class (v) and the fourth commissioner of class (iii) added by this amendment terminates on November 19, 1979. Each person holding office as a member of the Commission on the effective date of this amendment continues to hold the office for the term for which he was appointed.

[See Compact Edition, Volume 1 for text of (3) and (4)]

(5) The Commission may hold its meetings, hearings and other proceedings at such times and places as it shall determine but shall meet at Austin at least once each year. It shall annually select one of its members as Chairman. A quorum shall consist of six (6) members. Proceedings shall be by majority vote of those present, except that recommendations for retirement, censure, suspension, or removal of any person holding an office named in Paragraph A of Subsection (6) of this Section shall be by affirmative vote of at least six (6) members.

(6) A. Any Justice or Judge of the Appellate Courts and District and Criminal District Courts, and any County Judge, and any Judge of a County Court at Law, a Court of Domestic Relations, a Juvenile Court, a Probate Court, or a Corporation or Municipal Court, and any Justice of the Peace, and any Judge or presiding officer of any special court created by the Legislature as provided in Section 1, Article V, of this Constitution, may, subject to the other provisions hereof, be removed from office for willful or persistent conduct, which is clearly inconsistent with the proper performance of his said duties or casts public discredit upon the judiciary or administration of justice; or any person holding such office may be censured, in lieu of removal from office, under procedures provided for by the Legislature. Any person holding an office named in this subsection may be suspended from office with or without pay by the Commission immediately on being indicted by a State or Federal grand jury for a felony offense; or, on the filing of a sworn complaint charging a person holding such office with willful and persistent conduct which is clearly inconsistent with the proper performance of his duties or which casts public discredit on the judiciary or on the administration of justice, the Commission, after giving the person notice and an opportunity to appear before the Commission, may recommend to the Supreme Court the suspension of such person from office. The Supreme Court, after considering the record of such appearance and the recommendation

of the Commission, may suspend the person from office with or without pay, pending final disposition of the charge.

[See Compact Edition, Volume 1, for text of (6) B]

(7) The Commission shall keep itself informed as fully as may be of circumstances relating to the misconduct or disability of particular persons holding an office named in Paragraph A of Subsection (6) of this Section, receive complaints or reports, formal or informal, from any source in this behalf and make such preliminary investigations as it may determine. Its orders for the attendance or testimony of witnesses or for the production of documents at any hearing or investigation shall be enforceable by contempt proceedings in the District Court or by a Master.

(8) After such investigation as it deems necessary, the Commission may in its discretion issue a private or public reprimand, or if the Commission determines that the situation merits such action, it may institute formal proceedings and order a formal hearing to be held before it concerning the public censure, removal, or retirement of a person holding an office named in Paragraph A of Subsection (6) of this Section, or it may in its discretion request the Supreme Court to appoint an active or retired District Judge or Justice of a Court of Civil Appeals, or retired Judge or Justice of the Court of Criminal Appeals or the Supreme Court, as a Master to hear and take evidence in any such matter, and to report thereon to the Commission. The Master shall have all the power of a District Judge in the enforcement of orders pertaining to witnesses, evidence, and procedure. If, after formal hearing, or after considering the record and report of a Master, the Commission finds good cause therefor, it shall issue an order of public censure or it shall recommend to the Supreme Court the removal, or retirement, as the case may be, of the person in question holding an office named in Paragraph A of Subsection (6) of this Section and shall thereupon file with the Clerk of the Supreme Court the entire record before the Commission.

(9) The Supreme Court shall review the record of the proceedings on the law and facts and in its discretion may, for good cause shown, permit the introduction of additional evidence and shall order public censure, retirement or removal, as it finds just and proper, or wholly reject the recommendation. Upon an order for involuntary retirement for disability or an order for removal, the office in question shall become vacant. The Supreme Court, in an order for involuntary retirement for disability or an order for removal, may prohibit such person from holding judicial office in the future. The rights of an incumbent so retired to retirement

benefits shall be the same as if his retirement had been voluntary.

(10) All papers filed with and proceedings before the Commission or a Master shall be confidential, unless otherwise provided by law, and the filing of papers with, and the giving of testimony before, the Commission, Master or the Supreme Court shall be privileged, unless otherwise provided by law; provided that upon being filed in the Supreme Court the record loses its confidential character. However, the Commission may issue a public statement through its executive director or its Chairman at any time during any of its proceedings under this Section when sources other than the Commission cause notoriety concerning a Judge or the Commission itself and the Commission determines that the best interests of a Judge or of the public will be served by issuing the statement.

[See Compact Edition, Volume 1, for text of (11)]

(12) No person holding an office named in Paragraph A of Subsection (6) of this Section shall sit as a member of the Commission in any proceeding involving his own suspension, censure, retirement or removal. A recommendation of the Commission for the suspension, censure, retirement, or removal of a Justice of the Supreme Court shall be determined by a tribunal of seven (7) Court of Civil Appeals Justices selected by lot to serve in place of the Supreme Court.

[See Compact Edition, Volume 1 for text of (13)]
 [Adopted Nov. 8, 1977.]

§ 4. Court of Criminal Appeals; Judges

Sec. 4. The Court of Criminal Appeals shall consist of eight Judges and one Presiding Judge. The Judges shall have the same qualifications and receive the same salaries as the Associate Justices of the Supreme Court, and the Presiding Judge shall have the same qualifications and receive the same salary as the Chief Justice of the Supreme Court. The Presiding Judge and the Judges shall be elected by the qualified voters of the state at a general election and shall hold their offices for a term of six years. In case of a vacancy in the office of a Judge of the Court of Criminal Appeals, the Governor shall, with the advice and consent of the Senate, fill said vacancy by appointment until the next succeeding general election.

For the purpose of hearing cases, the Court of Criminal Appeals may sit in panels of three Judges, the designation thereof to be under rules established by the court. In a panel of three Judges, two Judges shall constitute a quorum and the concurrence of two Judges shall be necessary for a decision. The Presiding Judge, under rules established by the court, shall convene the court en banc for the trans-

action of all other business and may convene the court en banc for the purpose of hearing cases. The court must sit en banc during proceedings involving capital punishment and other cases as required by law. When convened en banc, five Judges shall constitute a quorum and the concurrence of five Judges shall be necessary for a decision. The Court of Criminal Appeals may appoint Commissioners in aid of the Court of Criminal Appeals as provided by law.

[Adopted Nov. 8, 1977.]

§ 5. Jurisdiction of Court of Criminal Appeals; Terms of Court; Clerk

Sec. 5. The Court of Criminal Appeals shall have appellate jurisdiction co-extensive with the limits of the state in all criminal cases of whatever grade, with such exceptions and under such regulations as may be prescribed by law.

Subject to such regulations as may be prescribed by law, regarding criminal law matters, the Court of Criminal Appeals and the Judges thereof shall have the power to issue the writs of habeas corpus, mandamus, procedendo, prohibition, certiorari, and such other writs as may be necessary to protect its jurisdiction or enforce its judgments. The court shall have the power upon affidavit or otherwise to ascertain such matters of fact as may be necessary to the exercise of its jurisdiction.

The Court of Criminal Appeals may sit for the transaction of business at any time during the year and each term shall begin and end with each calendar year. The Court of Criminal Appeals shall appoint a clerk of the court who shall give bond in such manner as is now or may hereafter be required by law, and who shall hold his office for a term of four years unless sooner removed by the court for good cause entered of record on the minutes of said court.

The Clerk of the Court of Criminal Appeals who may be in office at the time when this Amendment takes effect shall continue in office for the term of his appointment.

67. State and Local Retirement Systems [NEW].

§§ 62, 63. Repealed. April 22, 1975

See, now, § 67 of this article.

§ 67. State and Local Retirement Systems

Sec. 67. (a) General Provisions. (1) The legislature may enact general laws establishing systems and programs of retirement and related disability and death benefits for public employees and officers. Financing of benefits must be based on sound actuarial principles. The assets of a system are held in trust for the benefit of members and may not be diverted.

(2) A person may not receive benefits from more than one system for the same service, but the legislature may provide by law that a person with service covered by more than one system or program is entitled to a fractional benefit from each system or program based on service rendered under each system or program calculated as to amount upon the benefit formula used in that system or program. Transfer of service credit between the Employees Retirement System of Texas and the Teacher Retirement System of Texas also may be authorized by law.

(3) Each statewide benefit system must have a board of trustees to administer the system and to invest the funds of the system in such securities as the board may consider prudent investments. In making investments, a board shall exercise the judgment and care under the circumstances then prevailing that persons of ordinary prudence, discretion, and intelligence exercise in the management of their own affairs, not in regard to speculation, but in regard to the permanent disposition of their funds, considering the probable income therefrom as well as the probable safety of their capital. The legislature by law may further restrict the investment discretion of a board.

(4) General laws establishing retirement systems and optional retirement programs for public employ-

ees and officers in effect at the time of the adoption of this section remain in effect, subject to the general powers of the legislature established in this subsection.

(b) State Retirement Systems. (1) The legislature shall establish by law a Teacher Retirement System of Texas to provide benefits for persons employed in the public schools, colleges, and universities supported wholly or partly by the state. Other employees may be included under the system by law.

(2) The legislature shall establish by law an Employees Retirement System of Texas to provide benefits for officers and employees of the state and such state-compensated officers and employees of appellate courts and judicial districts as may be included under the system by law.

(3) The amount contributed by a person participating in the Employees Retirement System of Texas or the Teacher Retirement System of Texas shall be established by the legislature but may not be less than six percent of current compensation. The amount contributed by the state may not be less than six percent nor more than 10 percent of the aggregate compensation paid to individuals participating in the system. In an emergency, as determined by the governor, the legislature may appropriate such additional sums as are actuarially determined to be required to fund benefits authorized by law.

(c) Local Retirement Systems. (1) The legislature shall provide by law for:

(A) the creation by any city or county of a system of benefits for its officers and employees;

(B) a statewide system of benefits for the officers and employees of counties or other political subdivisions of the state in which counties or other political subdivisions may voluntarily participate; and

(C) a statewide system of benefits for officers and employees of cities in which cities may voluntarily participate.

(2) Benefits under these systems must be reasonably related to participant tenure and contributions.

(d) Judicial Retirement System. (1) Notwithstanding any other provision of this section, the system of retirement, disability, and survivors' benefits heretofore established in the constitution or by law for justices, judges, and commissioners of the appellate courts and judges of the district and criminal district courts is continued in effect. Contributions required and benefits payable are to be as provided by law.

(2) General administration of the Judicial Retirement System of Texas is by the Board of Trustees of the Employees Retirement System of Texas under such regulations as may be provided by law.

(e) Anticipatory Legislation. Legislation enacted in anticipation of this amendment is not void because it is anticipatory.

- (4) restating the law in modern American English to the greatest extent possible.

[Acts 1977, 65th Leg., p. 393, ch. 194, § 1, eff. Sept. 1, 1977.]

§ 11.64. Alternatives to Suspension, Cancellation

(a) When the commission or administrator is authorized to suspend a permit or license under this code, the commission or administrator shall give the permittee or licensee the opportunity to pay a civil penalty rather than have the permit or license suspended. The commission or administrator shall determine the amount of the penalty and in doing so shall consider the economic impact a suspension would have on the permittee or licensee. The amount of the civil penalty may not be less than \$150 for each day the permit or license was to have been suspended. If the licensee or permittee does not pay the penalty before the sixth day after the commission or administrator notifies him of the amount, he loses the opportunity to pay it and the commission or administrator shall impose the suspension.

(b) In the case of a violation of this code by a permittee or a retail dealer's off-premise licensee, the commission or administrator may relax any provision of the code relating to the suspension or cancellation of the permit or license and assess a sanction the commission or administrator finds just under the circumstances, and the commission or administrator may reinstate the license or permit at any time during the period of suspension on payment by the permittee or licensee of a fee of not less than \$75 nor more than \$500, if the commission or administrator finds that any of the circumstances described in Subsection (c) of this section exists.

(c) The following circumstances justify the application of Subsection (b) of this section:

- (1) that the violation could not reasonably have been prevented by the permittee or licensee by the exercise of due diligence;
- (2) that the permittee or licensee was entrapped;
- (3) that an agent, servant, or employee of the permittee or licensee violated this code without the knowledge of the permittee or licensee;

(4) that the permittee or licensee did not knowingly violate this code; or

(5) that the violation was a technical one.

(d) Fees and civil penalties received by the commission under this section shall be deposited in the confiscated liquor fund.

§ 11.67. Appeal From Cancellation, Suspension, or Refusal of License or Permit

(a) An appeal from an order of the commission or administrator refusing, cancelling, or suspending a permit or license may be taken to the district court of the county in which the applicant, licensee, or permittee resides or in which the owner of involved real or personal property resides.

(b) The appeal shall be under the substantial evidence rule and against the commission alone as defendant. The rules applicable to ordinary civil suits apply, with the following exceptions, which shall be construed literally:

- (1) the appeal shall be perfected and filed within 30 days after the date the order, decision, or ruling of the commission or administrator becomes final and appealable;
- (2) the case shall have precedence over all other causes of a different nature;
- (3) the case shall be tried before a judge within 10 days from the date it is filed;
- (4) neither party is entitled to a jury; and
- (5) the order, decision, or ruling of the commission or administrator may be suspended or modified by the court pending a trial on the merits, but the final judgment of the district court may not be modified or suspended pending appeal.

[Acts 1977, 65th Leg., p. 413, ch. 194, § 1, eff. Sept. 1, 1977.]

§ 11.68. Activities Prohibited During Suspension

§ 11.70. Liability of Surety

(a) If a permittee or a person having an interest in a permit is finally convicted of the violation of a provision of this code or of a rule or regulation of the commission, or if a permit is cancelled by the commission and no appeal is pending, the commission may institute action in its own name, for the benefit of the state, on the bond supporting the permit. If the cancellation or conviction is proved, the court shall render judgment in favor of the commission for all fines, costs, and 15 percent of the face value of the bond.

(b) If a permittee fails to seasonably remit any money due the state, the surety on his bond is liable for the amount of money due the state plus a penalty of 15 percent of the face value of the bond.

(c) A suit for the collection of any of the amounts specified in this section shall be brought in a court of competent jurisdiction in Travis County.

(d) Nothing in this code shall be construed as imposing on a surety a greater liability than the total amount of the bond less any portion of the bond which has been extinguished by a prior recovery.

[Acts 1977, 65th Leg., p. 413, ch. 194, § 1, eff. Sept. 1, 1977.]

§ 11.71. Surety May Terminate Liability

A surety under the bond of a permittee may terminate its liability by giving 30 days' written notice of termination, served personally or by registered mail on the principal and the commission. The surety is discharged from all liability under the bond for any act or omission of the principal occurring after the expiration of 30 days from the date the notice is served. If the principal fails to duly file a new bond in the same amount and with the same conditions as the original bond before the expiration of the 30-day period, his permit shall terminate when the 30-day period expires.

judge of the county where the licensed premises are located for certification that he is the receiver or successor in interest. On certification, unless good cause for refusal is shown, the commission or administrator shall grant permission, by letter or otherwise, for the receiver or successor in interest to operate the business during the unexpired portion of the license. The license may not be renewed, but the receiver or successor in interest may apply for an original license. A receiver or successor in interest operating for the unexpired portion of the license is subject to the provisions of this code relating to the suspension or cancellation of a license.

(b) The county judge shall set the application for a hearing to be held not less than 5 nor more than 10 days after the application is filed.

(c) Each applicant for an original license, other than a branch or temporary license, shall pay a hearing fee of \$5 to the county clerk at the time of the hearing. The county clerk shall deposit the fee in the county treasury. The applicant is liable for no other fee except the annual license fee prescribed by this code.

(d) No person may sell beer during the pendency of his original license application. No official may advise a person to the contrary.

[Acts 1977, 65th Leg., p. 462, ch. 194, § 1, eff. Sept. 1, 1977.]

§ 61.32. Hearing by County Judge

(a) On hearing an application, if the county judge finds that all facts stated in the application are true and no legal ground to refuse a license exists, he shall enter an order certifying those findings and give the applicant a copy of the order. If the county judge finds otherwise, he shall enter an order accordingly.

(b) If the county judge enters an order favorable to the applicant, the applicant shall present a copy of the order to the assessor and collector of taxes of the county and pay that officer the appropriate license fee. The assessor and collector of taxes then shall report to the commission on a form prescribed by the commission, certifying that the application was approved and that all required fees have been paid and furnishing any other information the commission requires. The assessor and collector of taxes shall attach a copy of the original application to the report.

(c) In the case of an application to sell beer at retail, the county judge shall give due consideration to any recommendations made by representatives of the commission, the sheriff or county or district attorney of the county where the license is sought, or the mayor or chief of police of the incorporated city where the applicant seeks to conduct business.

[Acts 1977, 65th Leg., p. 462, ch. 194, § 1, eff. Sept. 1, 1977.]

§ 61.33. Action by Commission or Administrator

(a) On receiving a report from the assessor and collector of taxes under Section 61.32(b) of this code, the commission or administrator shall issue the appropriate license if the commission or administrator

finds that the applicant is entitled to a license. The license shall show the class of business the applicant is authorized to conduct, the amount of fees paid, the address of the place of business, the date the license is issued and the date it expires, and any other information the commission considers proper.

(b) The commission or administrator may refuse to issue a license after receiving the report of the assessor and collector of taxes if the commission or administrator possesses information from which it is determined that any statement in the license application is false or misleading or that there is other legal reason why a license should not be issued. If the commission or administrator refuses to issue a license, it or he shall enter an order accordingly and the applicant is entitled to a refund of any license fee he paid the assessor and collector of taxes in connection with the application.

[Acts 1977, 65th Leg., p. 463, ch. 194, § 1, eff. Sept. 1, 1977.]

§ 61.34. Appeal From Denial

(a) If the county judge, commission, or administrator denies an application, the applicant may appeal within 30 days from the date the order becomes final and appealable to the district court of the county where the application was made. The appeal is governed by Section 11.67 of this code, and the court may hear the appeal in termtime or vacation.

(b) If the judgment of the district court is in favor of the applicant, regardless of whether an appeal is taken, a copy of the judgment shall be presented to the assessor and collector of taxes of the county where the application was made. The assessor and collector of taxes shall accept the fees required by this code and proceed as provided under Section 61.32 of this code as if the county judge had approved the application.

(c) If a license is issued on the basis of a district court judgment and that judgment is reversed on appeal, the mandate of the appellate court automatically invalidates the license and the applicant is entitled to a proportionate refund of fees for the unexpired portion of the license. As much of the proceeds from license fees collected under this subtitle as is necessary may be appropriated for the payment of those refunds.

(d) A person appealing from an order under this section shall give bond for all costs incident to the appeal and shall be required to pay those costs if the judgment on appeal is unfavorable to the applicant, but not otherwise. No bond is required on appeals filed on behalf of the state.

(a) A separate license fee is required for each place of business that manufactures, imports, or sells beer.

(b) All license fees, except those for temporary licenses, shall be deposited as provided in Section 205.02 of this code. The assessor and collector of taxes shall make statements of the amounts collected by him under this code to the commission at the times and in the manner required by the commission or administrator.

(c) No licensee may obtain a refund on the surrender or nonuse of a license except as provided by this code.

(d) If a licensee engaged in selling beer is prevented from continuing in business by a local option election, he is entitled to a refund of a proportionate amount of the license fees he has paid covering the unexpired term of his license. As much of the proceeds derived under the provisions of this subtitle as is necessary may be appropriated for that purpose.

[Acts 1977, 65th Leg., p. 464, ch. 194, § 1, eff. Sept. 1, 1977.]

The commissioners court of a county may levy and collect a fee equal to one-half the state fee for each license, except a temporary or agent's beer license, issued for premises located within the county. Those authorities may not levy or collect any other fee or tax from the licensee except general ad valorem taxes, the hotel occupancy tax levied under Chapter 63, Acts of the 59th Legislature, Regular Session, 1965, as amended (Article 1269j-4.1, Vernon's Texas Civil Statutes), and the local sales and use tax levied under the Local Sales and Use Tax Act, as amended (Article 1066c, Vernon's Texas Civil Statutes).

(b) The commission or administrator may cancel a license if it finds the permittee has not paid a fee levied by a city under this section. A licensee who sells an alcoholic beverage without first having paid a fee levied under this section commits a misdemeanor punishable by a fine of not less than \$10 nor more than \$200.

(c) Nothing in this code shall be construed as a grant to any political subdivision of the authority to regulate licensees except by collecting the fees authorized in this section and exercising those powers granted to political subdivisions by other provisions of this code.

If no newspaper of general circulation is published in that city or town, the notice shall be published in a newspaper of general circulation in the county where the applicant's business is to be located. If no newspaper of general circulation is published in that county, the notice shall be published in a newspaper which is published in the closest neighboring county and is circulated in the county where the license is sought. The notice shall be in 10-point boldface type and shall set forth the type of license applied for; the exact location of the business; the name of the owner or owners; the trade name, if operating under an assumed name; and in the case of a corporate applicant, the names and titles of all officers of the corporation. At the time the application is filed, the applicant shall deposit with the clerk the cost of publishing notice, which the clerk shall use to pay for the publication.

SUBCHAPTER A. GENERAL PROVISIONS

§ 102.01. Tied House Prohibited

(a) In this section, "tied house" means any overlapping ownership or other prohibited relationship between those engaged in the alcoholic beverage industry at different levels, that is, between a manufacturer and a wholesaler or retailer, or between a wholesaler and a retailer, as the words "wholesaler," "retailer," and "manufacturer" are ordinarily used and understood, regardless of the specific names given permits under Subtitle A, Title 3, of this code.

(b) In considering an original or renewal application for a permit issued under Subtitle A, Title 3, of this code, the commission or administrator may make any investigation or request any additional

information necessary to enforce this section and to provide strict adherence to a general policy of prohibiting the tied house and related practices. The activities prohibited by this section are unfair competition and unlawful trade practices.

(c) No person having an interest in a permit issued under Subtitle A, Title 3, of this code may secure or hold, directly or indirectly, an ownership interest in the business or corporate stocks, including a stock option, convertible debenture, or similar interest, in a permit or business of a permittee of a different level who maintains licensed premises in Texas.

(d) No person may act or serve as officer, director, or employee of the businesses of permittees at different levels.

(e) No permittee may own the premises, fixtures, or equipment of a permittee of a different level.

(f) No permittee may secure or in any manner obtain the use of any premises, fixtures, or equipment on the credit of a permittee of a different level.

(g) No permittee may loan to, or by means of his credit secure a loan for, a permittee of a different level. If a permittee secures a loan from a source outside the state, there is a presumption of a tied house relationship or subterfuge, and the permittee securing the loan has the burden of showing that he has not violated this section.

(h) No permittee may enter with a permittee of a different level or with another person or legal entity into a conspiracy or agreement to control or manage, financially or administratively, directly or indirectly, in any form or degree, the business or interests of a permittee of a different level.

(i) No permittee may enter with another permittee into any type of profit-sharing agreement or any agreement relating to the repurchase of any assets or any agreement attempting to effectuate the shipment or delivery of an alcoholic beverage on consignment.

(j) On finding that a person has violated any provision of Subsections (c) through (i) of this section, the commission or administrator shall suspend for not less than six months or cancel the permit of any permittee involved. A person who held or had an interest in a permit cancelled under this subsection is ineligible to hold or have an interest in a permit for one year after the cancellation.

(k) This section does not apply to the application for renewal of a permit held by an applicant who was engaged in the legal alcoholic beverage business in this state under a charter or permit before August 24, 1935, or to an application for a nonresident seller's or wholesaler's permit held by an applicant who continuously has been the holder of a permit of that type since January 1, 1941.

[Acts 1977, 65th Leg., p. 498, ch. 194, § 1, eff. Sept. 1, 1977.]

§ 102.02. Athletic Facility Owned by Manufacturer

The total or partial ownership by a manufacturer of premises primarily designed and used for athletic contests is not a ground for the denial, suspension, or cancellation of a retail license located on those premises.

[Acts 1977, 65th Leg., p. 499, ch. 194, § 1, eff. Sept. 1, 1977.]

(a) This section applies to any person who has an interest in the business of a distiller, brewer, rectifier, wholesaler, class B wholesaler, class A winery, class B winery, wine bottler, or local distributor's permittee. This section also applies to the agent, servant, or employee of a person who has an interest in one of those businesses.

(3) enter or offer to enter into an agreement, condition, or system which in effect amounts to the shipment and delivery of alcoholic beverages on consignment;

(4) furnish, rent, lend, or sell to a mixed beverage permittee any equipment, fixtures, or supplies used in the selling or dispensing of alcoholic beverages;

(5) pay or make an allowance to a mixed beverage permittee for a special advertising or distributing service, or allow the permittee an excessive discount;

(7) advertise in the convention program or sponsor a function at a meeting or convention or a trade association of holders of mixed beverage permits, unless the trade association was incorporated before 1950.

(b) A permittee covered by Subsection (a) may furnish to a retailer without cost recipes, recipe books, book matches, cocktail napkins, or other ad-

vertising items showing the name of the permittee furnishing the items or the brand name of the product advertised if the individual cost of the items does not exceed 25 cents.

(c) No person who owns or has an interest in the business of a package store or wine only package store, nor the agent, servant, or employee of the person, may allow an excessive discount on liquor. [Acts 1977, 65th Leg., p. 500, ch. 194, § 1, eff. Sept. 1, 1977.]

Acceptance of a postdated check is not a cash sale, but a valid check or draft payable on demand may be accepted as cash. If a check or draft is accepted in payment, it must be deposited in the bank for payment or presented for payment within two days after it is received. If the check or draft is dishonored by the drawee, the licensee or permittee who accepted it shall report that fact to the commission within two days after receiving notice of dishonor. SUBCHAPTER B. OUTDOOR ADVERTISING

§ 108.51. Definitions

In this subchapter:

(1) "Outdoor advertising" means any sign bearing a word, mark, description, or other device that is used to advertise an alcoholic beverage or the business of a person who manufactures, sells, or distributes an alcoholic beverage if the sign is displayed outside the walls or enclosure of a building or structure where a license or permit is issued or if it is displayed inside a building but within five feet of an exterior wall facing a street or highway so that it is visible by a person of ordinary vision from outside the building. "Outdoor advertising" does not include advertising appearing on radio or television, in a public vehicular conveyance for hire, or in a newspaper, magazine, or other literary publication published periodically. For the purpose of this definition the word "sign," with respect to a retailer, does not include an identifying label affixed to a container as authorized by law or to a card or certificate of membership in an association or organization if the card or certificate is not larger than 80 square inches.

(2) "Billboard" means a structure directly attached to the land, a house, or a building having one or more spaces used to display a sign or advertisement of an alcoholic beverage or a person engaged in the manufacture, sale, or distribution of alcoholic beverages, whether or not the structure is artificially lighted. "Billboard" does not include a wall or other part of a structure used as a building, fence, screen, front, or barrier.

(3) "Electric sign" means a structure or device other than an illuminated billboard by which artificial light produced by electricity is used to advertise the alcoholic beverage business by a person who manufactures, sells, or distributes alcoholic beverages or to advertise an alcoholic beverage.

(d) A sign erected under Subsection (c) of this section may be placed inside or outside the place of business so as to be visible to the general public. None of the letters on a sign may be more than 12 inches in height, and no sign may contain any wording, insignia, or device representative of the brand or name of an alcoholic beverage. The commission or administrator may permit a licensee or permittee to erect or maintain one sign at each entrance or side of a building occupied by him if it faces more than one street or highway.

(e) Billboards, electric signs, or other signs to designate the firm name or business of a permittee or licensee authorized to manufacture, rectify, bottle, or wholesale alcoholic beverages may be displayed at the licensee's or permittee's place of business.

A card or certificate of membership in an association or organization is not "advertising material" for the purpose of this subsection if it is not larger than 80 square inches.

[Acts 1977, 65th Leg., p. 521, ch. 194, § 1, eff. Sept. 1, 1977.]

(b) The commission or administrator shall provide permit application forms, which may contain any information the commission or administrator deems necessary. Application shall be made under oath, addressed to the commission or administrator.

(c) The commission or administrator shall issue a permit if either of them finds that all statements in the application are true and the erection or maintenance of the billboard or electric sign will not be contrary to this code or to a rule of the commission. (b) The election shall be held at a voting place in each election precinct established by the governing body of the city or town for its municipal elections if the election is for an incorporated city or town. If the governing body of a city or town has not established precincts for its municipal elections, the commissioners court shall prescribe the election precincts for the local option election under the rules governing establishment of precincts for municipal elections.

(c) The election shall be held at the customary polling place in each election precinct. If the customary polling place is not available, the commissioners court shall designate another polling place.

(d) The order for the election shall state the polling place for each election precinct and the precinct numbers of county precincts included in each municipal election precinct if the election is for an incorporated city or town.

[Acts 1977, 65th Leg., p. 551, ch. 194, § 1, eff. Sept. 1, 1977.]

(a) At the election the vote shall be by official ballot. The words "Official Ballot" shall be printed at the top of the ballot.

(b) Beneath the words "Official Ballot" shall be printed the following instruction note: "Scratch or mark out one statement so that the one remaining indicates the way you wish to vote."

(c) The issue appropriate to the election order shall be printed on the ballot in the exact language stated in Section 251.14 of this code.

(d) The county clerk shall furnish the presiding judge of each election precinct with at least the number of ballots equal to the number of qualified voters in the precinct plus 10 percent of that number of voters.

(2) those who oppose legalization shall strike the words "For the legal sale of, etc.," by making a pencil mark through them.

(b) In elections to prohibit the sale of alcoholic beverages:

(1) those who favor prohibition shall strike the words "For the legal sale of, etc.," by making a pencil mark through them; and

(2) those who oppose prohibition shall strike the words "Against the legal sale of, etc.," by making a pencil mark through them.

(c) The ballot must be marked as provided in Subsections (a) and (b) of this section, but failure of a voter to mark his ballot in strict conformity with those directions does not invalidate the ballot. The ballot must be counted if the intention of the voter is clearly ascertainable, except where the law expressly prohibits the counting of the ballot.

[Acts 1977, 65th Leg., p. 552, ch. 194, § 1, eff. Sept. 1, 1977.]

§ 251.40. County to Pay Election Expense

(a) The county shall pay the expense of holding a local option election authorized by this code in the county, justice precinct, or incorporated city or town in that county, subject to the limitations in this section.

(b) County expense is limited to the holding of one election in each of the political subdivisions in Subsection (a) of this section in a one-year period where the intent of the election is to legalize the sale of alcoholic beverages. County expense is limited to the holding of one election in each of the political subdivisions in Subsection (a) of this section in a one-year period where the intent of the election is to prohibit the sale of alcoholic beverages.

(c) All other local option elections shall be paid by the county from funds derived by the county as prescribed in Section 251.41 of this code.

[Acts 1977, 65th Leg., p. 553, ch. 194, § 1, eff. Sept. 1, 1977.]

§ 251.41. Financing Election

(b) The deposit must be in the form of a cashier's check in the total amount of 25 cents per voter listed on the current list of registered voters residing in the county, justice precinct, or incorporated city or town where the election is to be held.

(c) The money received shall be deposited in the county's general fund. No refund may be made to the applicants regardless of whether the petition is returned to the county clerk or the election is ordered.

(d) The county clerk may not issue a petition to the applicants unless the deposit is made, if a deposit is required by this code.

(e) A violation of Subsection (d) of this section is a misdemeanor punishable by a fine of not less than \$200 nor more than \$500, or confinement in the county jail for not more than 30 days, or both.

SUBCHAPTER C. PROCEDURE FOLLOWING
ELECTION

§ 251.51. Canvass of Votes; Declaration of Result

(a) On the fifth day after the election, or as soon after the fifth day as practicable, the commissioners court shall meet in special session to canvass the returns. On completing the canvass, the commissioners court shall make an order declaring the result and cause the clerk of the commissioners court to record the order as provided by law.

(b) If, in a prohibitory election, a majority of the votes cast favor the issue "Against the legal sale . . .," the court's order must state that the sale of the type or types of beverages stated in the issue at the election is prohibited effective 30 days after the order is entered. The prohibition remains in

effect until changed by a subsequent local option election held under this code.

(c) If, in a legalization election, a majority of the votes cast favor the issue "For the legal sale . . .," the legal sale of the type or types of beverages stated in the issue at the election is legal on the entering of the court's order. The legalization remains in effect until changed by a subsequent local option held under this code.

(d) The local option status of a subdivision is not changed if:

(1) in a prohibitory election, a majority of the votes cast favor the issue "For the legal sale . . ."; or

(2) in a legalization election, a majority of the votes cast favor the issue "Against the legal sale . . ."

[Acts 1977, 65th Leg., p. 553, ch. 194, § 1, eff. Sept. 1, 1977.]

§ 251.52. Order Prima Facie Evidence

The order of the commissioners court declaring the result of the election is prima facie evidence that all provisions of law have been complied with in giving notice of and holding the election, counting and returning the votes, and declaring the result of the election.

[Acts 1977, 65th Leg., p. 554, ch. 194, § 1, eff. Sept. 1, 1977.]

§ 251.53. Certification of Result

Within three days after the result of a local option election has been declared, the county clerk shall certify the result to the secretary of state and the commission. The clerk may not charge a fee for this service.

[Acts 1977, 65th Leg., p. 554, ch. 194, § 1, eff. Sept. 1, 1977.]

§ 251.54. Posting Order Prohibiting Sale

A commissioners court order declaring the result of a local option election and prohibiting the sale of any or all types of alcoholic beverages must be published by posting the order at three public places in the county or other political subdivision in which the election was held. The posting of the order shall be recorded in the minutes of the commissioners court by the county judge. The entry in the minutes or a copy certified under the hand and seal of the county clerk is prima facie evidence of posting.

[Acts 1977, 65th Leg., p. 554, ch. 194, § 1, eff. Sept. 1, 1977.]

§ 251.55. Election Contest

(a) A qualified voter of the county, justice precinct, or incorporated city or town where a local option election is held may contest the election any time within 30 days after the result of that election is declared.

(b) The enforcement of local option laws in the political subdivision in which the election is being

contested is not suspended during the election contest.

(c) The district court of the county in which the election is held has original and exclusive jurisdiction of all suits to contest the election. The district court has jurisdiction to try and determine all matters connected with the election. If it appears from the evidence that such irregularities existed in bringing about or holding the election that the true result of the election is impossible to determine or the result is very doubtful, the court shall hold the election to be void and order the proper officer to order another election to be held by having a certified copy of the judgment and order of the court to be delivered to that officer.

(d) The election contest is conducted in the same manner as an election contest of a general election.

(e) Election contests have precedence in the district and appellate courts.

(f) The result of an election contest finally settles all questions relating to the validity of that election. No person may call the legality of that election in question again in any other suit or proceeding.

(g) If no election contest is instituted within the 30-day time limit, it is conclusively presumed that that election is valid and binding in all respects upon all courts.

[Acts 1977, 65th Leg., p. 554, ch. 194, § 1, eff. Sept. 1, 1977.]

[Sections 251.56 to 251.70 reserved for expansion]

SUBCHAPTER D. MISCELLANEOUS LOCAL OPTION PROVISIONS

§ 251.71. Wet and Dry Areas

(a) An area is a "dry area" as to an alcoholic beverage of a particular type and alcohol content if the sale of that beverage is unlawful in the area. An area is a "wet area" as to an alcoholic beverage of a particular type and alcoholic content if the sale of that beverage is lawful in the area.

(b) Those areas that are wet or dry when this code takes effect retain that status until the status of the area is changed as provided in this code.

(c) All trial courts of this state shall take judicial notice of the wet or dry status of an area in a criminal prosecution.

(d) In an information, complaint, or indictment, an allegation that an area is a dry area as to a particular type of alcoholic beverage is sufficient, but a different status of the area may be urged and proved as a defense.

[Acts 1977, 65th Leg., p. 555, ch. 194, § 1, eff. Sept. 1, 1977.]

§ 251.72. Change of Status

Except as provided in Section 251.73 of this code, an authorized voting unit that has exercised or may exercise the right of local option retains the status adopted, whether absolute prohibition or legalization of the sale of alcoholic beverages of one or more of the various types and alcoholic contents on which an issue may be submitted under the terms of Section 251.14 of this code, until that status is changed by a subsequent local option election in the same authorized voting unit.

[Acts 1977, 65th Leg., p. 555, ch. 194, § 1, eff. Sept. 1, 1977.]

§ 251.73. Prevailing Status: Resolution of Conflicts

To insure that each voter has the maximum possible control over the status of the sale of alcoholic beverages in the area where he resides:

(1) the status that resulted from or is the result of a duly called election for an incorporated city or town prevails against the status that resulted from or is the result of a duly called election in a justice precinct or county in which the incorporated city or town, or any part of it is contained; and

(2) the status that resulted or is the result of a duly called election for a justice precinct prevails against the status that resulted from or is the result of a duly called election in an incorporated city or town in which the justice precinct is wholly contained or in a county in which the justice precinct is located.

[Acts 1977, 65th Leg., p. 555, ch. 194, § 1, eff. Sept. 1, 1977.]

§ 251.74. Airport and Stadium as Wet Areas

(a) This section applies to any county:

(1) that has a population of more than 500,000, according to the most recent federal census;

(2) in which the sale of all alcoholic beverages has been legalized in all or any part of the county; and

(3) where, at the general election on November 3, 1970, the voters approved the constitutional amendment authorizing the sale of mixed beverages on a local option basis.

(b) In a county covered by this section, the commissioners court may designate as an area wet for the sale of mixed beverages only:

(1) the area encompassed by the building structure of a professional sports stadium, used wholly or partly for professional sporting events and having a seating capacity of at least 40,000, and not more than 125 acres of adjacent land used for the benefit of the stadium, regardless of ownership of the land, if no registered voters reside there; and

(2) the area encompassed by a regional airport.

(c) The order of the commissioners court authorizes the issuance of a mixed beverage permit. [Acts 1977, 65th Leg., p. 555, ch. 194, § 1, eff. Sept. 1, 1977.]

§ 251.741. Certain Airports as Wet Areas

In addition to those areas declared wet by order of the commissioners court under the authority of Section 251.74 of this code, in a county with a population of more than 175,000 according to the most recent federal census where the sale of mixed beverages only is legalized in the most populous city in the county by a local option election held after May 18, 1971, the area actually encompassed by any municipal airport under the jurisdiction of that city is wet for the sale of mixed beverages only. Subsequent local option elections held by that city do not affect the local option status of the airport unless the result of the election prohibits the sale of mixed beverages, in which case the provisions of this section do not apply.

[Added by Acts 1977, 65th Leg., p. 1184, ch. 453, § 14, eff. Sept. 1, 1977.]

§ 251.75. Continuance of Operation as Manufacturer or Brewer

Notwithstanding any other provision of this code, if the sale of beer or ale is prohibited in an area by a local option election, a holder of a manufacturer's license or brewer's permit that was issued prior to the election may not be denied an original or renewal manufacturer's license or brewer's permit for the same location on the ground that the local option status of the area prohibits the sale of beer or ale. Except for the right to sell beer or ale contrary to the local option status of the area, the licensee or permittee may engage in all activities authorized by the license or permit, including the manufacturing, brewing, possessing, storing, and packaging of beer or ale, and transporting it to an area where its sale is legal. The licensee or permittee may deliver beer or ale at his licensed premises to a purchaser from outside the state, an authorized carrier, distributor, or class B wholesaler. The purchaser, carrier, distributor, or class B wholesaler may not receive the beer or ale for transportation unless there has first been an order, acceptance, and payment or legal satisfaction of payment in an area where the sale of beer or ale is legal.

[Acts 1977, 65th Leg., p. 556, ch. 194, § 1, eff. Sept. 1, 1977.]

§ 251.76. Continuance of Operation as Distiller

Notwithstanding any other provision of this code, a person who has been issued a distiller's permit may not subsequently be denied an original or renewal distiller's permit for the same location on the ground that the sale of distilled spirits has been prohibited in the area by a local option election. A person holding a permit at the time of the election or issued a permit under this section may exercise all privileg-

es granted by this code to the holder of a distiller's permit, including the manufacturing, possessing, storing, packaging, and bottling of distilled spirits and the transportation of them to areas in which their sale is legal.

[Acts 1977, 65th Leg., p. 556, ch. 194, § 1, eff. Sept. 1, 1977.]

§ 251.77. Continuance of Operation as Distributor

(a) Notwithstanding any other provision of this code, if the sale of beer is prohibited by local option election, a licensed distributor of beer whose warehouse or other facilities used in connection with the distributorship are located in the area affected, has the right to continue to operate as a distributor in that area and maintain the necessary premises and facilities for distribution. The distributor continues to enjoy all the rights and privileges incident to distributorship, including the right to possess, store, warehouse, and sell beer in that area, and deliver beer into and out of that area.

(b) A distributor in the area affected may sell or deliver beer only to licensed outlets located where the sale of beer is legal.

[Acts 1977, 65th Leg., p. 556, ch. 194, § 1, eff. Sept. 1, 1977.]

§ 251.78. Continuance of Operation as Wholesaler

(a) Notwithstanding any other provision of this code, if the sale of the type or types of liquor

authorized to be sold by the holder of a wholesaler's permit whose warehouse or other facility used in connection with the wholesale operation is prohibited in an area by local option election, the holder of the wholesaler's permit shall have the right to continue to operate as a wholesaler in that area and maintain the necessary premises and facilities for the wholesale operation. The wholesaler shall enjoy all the rights and privileges incident to the permit, including the right to possess, store, warehouse, sell, deliver, and receive liquor.

(b) A wholesaler in the area affected may only sell or deliver liquor to permittees located where the sale of liquor is legal.

§ 251.79. Areas in Which Certain Permits and Licenses May be Issued

Notwithstanding any other provision of this code, a wholesaler's permit, general class B wholesaler's permit, local class B wholesaler's permit, or general, local or branch distributor's license may be issued and licensed premises maintained in any area where the sale of any alcoholic beverage is legal. A person issued a permit or license under this section may exercise all rights and privileges of other permittees and licensees of the same class.

[Acts 1977, 65th Leg., p. 557, ch. 194, § 1, eff. Sept. 1, 1977.]

§ 9.110. Sufficiency of Description

[Amended by Acts 1975, 64th Leg., p. 940, ch. 353, § 1, eff. June 19, 1975.]

SUBCHAPTER D. FILING

§ 9.402. Formal Requisites of Financing Statement; Amendments; Mortgage as Financing Statement

[See Compact Edition, Volume 1 for text of (a) and (b)]

(c) A form substantially as follows is sufficient to comply with Subsection (a):

Name of debtor (or assignor) _____
Address _____

Name of secured party (or assignee) _____
Address _____

1. This financing statement covers the following types (or items) of property:

(Describe Real Estate) _____

3. (If applicable) The above goods are or are to become fixtures on (or where appropriate substitute either "The above timber is standing on _____" or "The above minerals or the like (including oil and gas) or accounts will be financed at the wellhead or minehead of the well or mine located on _____")

(Describe Real Estate) _____

and this financing statement is to be filed for record in the real estate records. (If the debtor does not have an interest of record) The name of a record owner of the real estate concerned is _____

4. (If products of collateral are claimed) Products of the Collateral are also covered.

(use _____

whichever _____

Signature of Debtor (or Assignor)

applicable)

Signature of Secured Party (or Assignee)

(d) A financing statement may be amended by filing a writing signed by both the debtor and the secured party, provided, however, that an amendment to a financing statement which changes only the name of the secured party or the required address of either the secured party or the debtor is sufficient when it is signed by the secured party instead of the debtor. An amendment does not extend the period of effectiveness of a financing statement. If any amendment adds collateral, it is effective as to the added collateral only from the filing date of the amendment. In this chapter, unless the context otherwise requires, the term "financing statement" means the original financing statement and any amendments.

(e) A financing statement covering timber to be cut or covering minerals or the like (including oil and gas) or accounts subject to Subsection (e) of Section 9.103, or a financing statement filed as a

fixture filing (Section 9.313), must show that it covers this type of collateral, must recite that it is to be filed for record in the real estate records, and the financing statement must contain a description of the real estate sufficient if it were contained in a mortgage of the real estate to give constructive notice of the mortgage under the law of this state. If the debtor does not have an interest of record in the real estate, the financing statement must show the name of a record owner.

(f) A mortgage is effective as a financing statement filed as a fixture filing or as a financing statement covering timber to be cut or covering minerals or the like (including oil and gas) or accounts subject to Subsection (e) of Section 9.103, from the date of its filing for record if (1) the goods or other collateral are described in the mortgage by item or type, (2) in the case of a fixture filing, the goods are or are to become fixtures related to the real estate described in the mortgage, (3) in the case of timber to be cut, the timber is standing on the real estate described in the mortgage, (4) in the case of minerals or the like (including oil and gas) or accounts subject to Subsection (e) of Section 9.103, the minerals or the like (including oil and gas) or the accounts are to be financed at the wellhead or minehead of the well or mine located on the real estate described in the mortgage, (5) the mortgage complies with the requirements for a financing statement in this section other than a recital that it is to be filed in the real estate records, and (6) the mortgage is duly filed for record. No fee with reference to the financing statement is required other than the regular recording and satisfaction fees with respect to the mortgage.

§ 9.403. What Constitutes Filing; Duration of Filing; Effect of Lapsed Filing; Duties of Filing Officer

In addition the filing officer shall index the financing statements according to the name of the debtor and shall note in the index the file number and the address of the debtor given in the financing statement. The filing officer shall mark each continuation statement with the date and hour of filing and shall note it in the index of the original financing statement.

(e) The uniform fee for filing and indexing and for stamping a copy furnished by the secured party to show the date and place of filing for an original financing statement or for a continuation statement shall be \$3.00 if the statement is in the standard form prescribed by the Secretary of State and otherwise shall be \$6.00, plus in each case, if the financing statement is subject to Subsection (e) of Section 9.402, \$3.00.

(f) A mortgage which is effective as a filing under Subsection (f) of Section 9.402 remains effective as such a filing as to the types of collateral enumerated in Subsection (f) of Section 9.402 until the mortgage is released or satisfied of record or its effectiveness otherwise terminates as to the real estate.

(g) When a financing statement covers timber to be cut or covers minerals or the like (including oil and gas) or accounts subject to Subsection (e) of Section 9.103, or is filed as a fixture filing, it shall be filed for record and recorded, and the filing officer shall index it under the names of the debtor and any owner of record shown on the financing statement in the same fashion as if they were the mortgagors in a mortgage of the real estate described, and, to the extent that the law of this state provides for indexing of mortgages under the name of the mortgagee, under the name of the secured party as if he were the mortgagee thereunder, or where indexing is by description in the same fashion as if the financing statement were a mortgage of the real estate described.

(c) If the termination statement is in the standard form prescribed by the Secretary of State, the uniform fee for filing and indexing the termination statement shall be \$3.00, and otherwise shall be \$6.00, plus, in each case where the original financing

§ 9.405. Assignment of Security Interest; Duties of Filing Officer; Fees

(a) A financing statement may disclose an assignment of a security interest in the collateral described in the financing statement by indication in the financing statement of the name and address of the assignee or by an assignment itself or a copy thereof on the face or back of the financing statement. On presentation to the filing officer of such a financing statement the filing officer shall mark the same as provided in Section 9.403.

[See Compact Edition, Volume 1 for text of (b) and (c)]

(d) The uniform fee for filing, indexing, and furnishing filing data for a financing statement so indicating an assignment shall be \$3.00 if the statement is in the standard form prescribed by the Secretary of State and otherwise shall be \$6.00, plus, in each case where the original financing statement was filed pursuant to Subsection (e) of Section 9.402, \$3.00.

[Amended by Acts 1975, 64th Leg., p. 942, ch. 353, § 6, eff. June 19, 1975.]

§ 9.406. Release of Collateral; Duties of Filing Officer; Fees

A secured party of record may by his signed statement release all or a part of any collateral described in a filed financing statement. The statement of release is sufficient if it contains a description of the collateral being released, the name and address of the debtor, the name and address of the secured party, and the file number of the financing statement. A statement of release signed by a person other than the secured party of record must be accompanied by a separate written statement of assignment signed by the secured party of record and complying with Subsection (b) of Section 9.405, including payment of the required fee. Upon presentation of such a statement of release to the filing officer he shall mark the statement with the hour and date of filing and shall note the same upon the margin of the index of the filing of the financing statement. The uniform fee for filing and noting such a statement of release shall be \$3.00 if the statement is in the standard form prescribed by the Secretary of State and otherwise shall be \$6.00, plus, in each case where the original financing statement was filed pursuant to Subsection (e) of Section 9.402, \$3.00.

[Amended by Acts 1975, 64th Leg., p. 942, ch. 353, § 7, eff. June 19, 1975.]

SUBCHAPTER E. DEFAULT

§ 9.504. Secured Party's Right to Dispose of Collateral After Default; Effect of Disposition

[See Compact Edition, Volume 1 for text of (a) and (b)]

(c) Disposition of the collateral may be by public or private proceedings and may be made by way of one or more contracts. Sale or other disposition may be as a unit or in parcels and at any time and place and on any terms but every aspect of the disposition including the method, manner, time, place and terms must be commercially reasonable. Unless collateral is perishable or threatens to decline speedily in value or is of a type customarily sold on a recognized market, reasonable notification of the time and place of any public sale or reasonable notification of the time after which any private sale or other intended disposition is to be made shall be sent by the secured party to the debtor, if he has not signed after default a statement renouncing or modifying his right to notification of sale. In the case of consumer goods no other notification need be sent. In other cases notification shall be sent to any other secured party who has a security interest in the same collateral and who has duly filed in the office of the Secretary of State or of the county clerk in the proper county in this state a financing statement indexed in the name of the debtor or from whom the secured party has received (before sending his notification to the debtor or before the debtor's renunciation of his rights) written notice of a claim of an interest in the collateral. The secured party may buy at any public sale and if the collateral is of a type customarily sold in a recognized market or is of a type which is the subject of widely distributed standard price quotations he may buy at private sale.

§ 9.505. Compulsory Disposition of Collateral; Acceptance of the Collateral as Discharge of Obligation

[See Compact Edition, Volume 1 for text of (a)]

(b) In any other case involving consumer goods or any other collateral a secured party in possession may, after default, propose to retain the collateral in satisfaction of the obligation. Written notice of such proposal shall be sent to the debtor if he has not signed after default a statement renouncing or modifying his rights under this subsection. In the case of consumer goods no other notice need be given. In other cases notice shall be given to any

Nothing herein shall require the consumer protection division to notify such person that court action is or may be under consideration. Provided, however, the consumer protection division shall, at least seven days prior to instituting such court action, contact such person to inform him in general of the alleged unlawful conduct. Cessation of unlawful conduct after such prior contact shall not render such court action moot under any circumstances, and such injunctive relief shall lie even if such person has ceased such unlawful conduct after such prior contact. Such prior contact shall not be required if, in the opinion of the consumer protection division, there is good cause to believe that such person would evade service of process if prior contact were made or that such person would destroy relevant records if prior contact were made.

(d) The court may make such additional orders or judgments as are necessary to compensate identifiable persons for actual damages or to restore money or property, real or personal, which may have been acquired by means of any unlawful act or practice. Damages may not include any damages incurred beyond a point two years prior to the institution of the action by the consumer protection division. Orders of the court may also include the appointment of a receiver or a sequestration of assets if a person who has been ordered by a court to make restitution under this section has failed to do so within three months after the order to make restitution has become final and nonappealable.

(a) If a money judgment entered under this subchapter is unsatisfied 30 days after it becomes final and if the prevailing party has made a good faith attempt to obtain satisfaction of the judgment, the following presumptions exist with respect to the party against whom the judgment was entered:

(1) that the defendant is insolvent or in danger of becoming insolvent; and

(2) that the defendant's property is in danger of being lost, removed, or otherwise exempted from collection on the judgment; and

(3) that the prevailing party will be materially injured unless a receiver is appointed over the defendant's business; and

(4) that there is no adequate remedy other than receivership available to the prevailing party.

(b) Subject to the provisions of Subsection (a) of this section, a prevailing party may move that the defendant show cause why a receiver should not be appointed. Upon adequate notice and hearing, the court shall appoint a receiver over the defendant's business unless the defendant proves that all of the presumptions set forth in Subsection (a) of this section are not applicable.

(c) The order appointing a receiver must clearly state whether the receiver will have general power to manage and operate the defendant's business or have power to manage only a defendant's finances. The order shall limit the duration of the receivership to such time as the judgment or judgments awarded under this subchapter are paid in full. Where there are judgments against a defendant which have been awarded to more than one plaintiff, the court shall have discretion to take any action necessary to efficiently operate a receivership in order to accomplish the purpose of collecting the judgments.

§ 36.14. Abandonment of Use of Assumed Business or Professional Name

(a) A registrant that has filed an assumed business or professional name certificate under this chapter which ceases to transact business or render professional services under the assumed name stated in such certificate in this state may file in the office of the county clerk and of the Secretary of State, if applicable, where such certificate has been filed, a statement of abandonment of use of a business or professional name setting forth:

(1) the assumed business or professional name being abandoned;

(2) the date on which the certificate was filed in the office in which such statement is being filed and any other filing office or offices, if any, where the certificate has been filed; and

(b) A statement filed under Subsection (a) of this section shall be executed and acknowledged in the same manner as would be required if the registrant were filing an assumed business or professional name certificate under this chapter.

[Added by Acts 1977, 65th Leg., p. 1100, ch. 403, § 1, eff. Aug. 29, 1977.]

§ 36.15 Index of Certificates; Filing Fees

Each county clerk and the Secretary of State shall keep an alphabetical index of all assumed names which have been filed in his office pursuant to the provisions of this chapter and of the persons filing the same. The county clerk shall receive a fee of \$2 for indexing and filing each certificate or statement required or permitted to be filed pursuant to this chapter. The Secretary of State shall collect for the use of the state a fee of \$10 for indexing and filing each certificate or statement required or permitted to be filed pursuant to this chapter. § 36.16. Prescribed Forms

The Secretary of State may prescribe the forms to be used for filing any assumed business or professional name certificate or statement that complies with this chapter in his office or in the office of any county clerk in this state. The use of such forms, however, shall not be mandatory unless otherwise specifically provided by law.

[Added by Acts 1977, 65th Leg., p. 1100, ch. 403, § 1, eff. Aug. 29, 1977.]

§ 36.17. Effect of Filing

Nothing in this chapter shall be construed to give a registrant of an assumed business or professional name any right to use the name when contrary to the common law or statutory law of unfair competition, unfair trade practices, common law copyright, or similar law. The mere filing of an assumed business or professional name certificate pursuant to this chapter shall not constitute actual use of the assumed name set out therein for purposes of determining priority of rights.

(b) This code shall not apply to those facilities and institutions under the control and direction of the Texas Department of Mental Health and Mental Retardation or to the institutions for delinquent, dependent and neglected children under the control and direction of the Texas Youth Council except as specifically provided in Subchapter E of Chapter 30 of this code.¹

(c) Any educational institution supported either wholly or in part by state tax funds shall, if undertaking to provide educational services to any individual within the jurisdiction or geographical boundaries of the educational institution, provide equal educational services to all individuals within its jurisdiction or geographical boundaries pursuant to the provisions of this code and pursuant to the provisions of regulations promulgated by the Central Education Agency to give effect to the intent of the legislature in its enactment of this code. No individual otherwise eligible for educational services through an educational institution supported either wholly or in part by state tax funds may deny services to any individual solely on the basis of the individual's having a physical or mental handicap, but the educational institution shall instead be obligated to provide handicapped individuals such special educational services as might from time to time be authorized by law or, where expressly authorized, to assist in and contribute toward the provision of

SUBCHAPTER A. GENERAL PROVISIONS

§ 3.02. Definitions and Qualifications of Terms

(a) In this chapter, unless the context clearly requires a different meaning, the words and phrases defined below in this section shall have the meanings hereinbelow given.

[See Compact Edition, Volume 1 for text of
a(1) and a(2)]

(3) "Employee" means any person employed to render service on a full-time, regular salary basis by the governing board of any school district created under the laws of this state, by any county school board, by the State Board of Trustees of the Retirement System, by the State Board of Education, by the Central Education Agency, by the board of regents of any college or university, or by any other legally constituted board or agency of any public school.

(4) "Employer" means the State of Texas or any of its designated agents or agencies responsible for public education, to include those boards and agencies listed in Subsection (a)(3) of this section.

(5) "Member" means any employee included in the membership of the retirement system in accordance with this chapter.

(6) "State Board of Trustees" means the board established to administer the retirement system under the terms of this chapter.

(7) "Service" means service as an employee as defined in this section.

(8) "Prior service" means service by such person as an employee prior to:

(A) September 1, 1937, as relates to any person who became a member or who at any time on or before August 31, 1949, was eligible for membership in the retirement system; or

(B) September 1, 1949, as relates to any person who for the first time became eligible for membership in the retirement system on or after September 1, 1949.

(9) "Membership service" means service rendered as an employee while a member of the retirement system.

(10) "Creditable service" means the prior service, membership service, developmental leave, out-of-state service, and military duty for which a member of the retirement system is entitled to credit under the provisions of this chapter.

(11) "Accumulated contributions" means the sum of all the amounts deducted from the compensation of a member and credited with the authorized interest to his individual account in the member savings account.

(12) "Annual compensation" means the compensation that is paid or payable to an employee by his employers for service during a school year, except that compensation in excess of \$25,000 for school years after September 1, 1969, and compensation in excess of \$8,400 for school years prior to September 1, 1969, shall not be included as annual compensation.

(13) "Military duty" means active duty in the Armed Forces of the United States, other than as a student in the service academies, which meets one of the following criteria:

(A) the active duty was rendered as a direct result of being inducted into the Armed Forces or of first enlisting for duty on a date when the federal government was actively inducting personnel into the Armed Forces pursuant to federal draft laws;

(B) the active duty was rendered as a reservist or a member of the National Guard who is ordered to duty under the authority of federal law; or

(C) the active duty was rendered during a period when the federal government was actively inducting personnel into the Armed Forces pursuant to federal draft laws.

(14) "Retirement" means withdrawal from service with a retirement benefit granted under the provisions of this chapter.

(15) "Beneficiary" means any person receiving an annuity, retirement benefit, or other benefit provided in this chapter.

(16) "Designated beneficiary" means any person nominated to receive in case of a member's or annuitant's death any benefit payable after such death under the provisions of this chapter.

(17) "Standard annuity" shall have the meaning given such term by the laws in effect on a member's date of retirement for retirement benefits and on a member's date of death for death benefits. For benefits payable by reason of retirement or death on or after May 31, 1977, "standard annuity" means an annuity payable in equal monthly installments aggregating in twelve months and calculated as follows: two percent for each year of prior service credit and membership service credit multiplied by the member's "best-five-years-average compensation."

(18) "Best-five-years-average compensation" means the average annual compensation received by the member as an employee during the 5 years of membership service (whether or not consecutive) in which the member earned the highest annual compensation. Compensation in excess of the limits established in the definition of "annual compensation" shall be excluded in calculating the "best-five-years-average compensation."

(19) "School year" means the year beginning on or about September 1 of any calendar year and ending August 31 of the following calendar year. However, the school year for a member whose contract year begins on or after July 1 and extends after August 31 of the same calendar year shall commence from the beginning date of the contract for the school year, but in no case may the school year include more than twelve months. The employer shall certify annually the beginning date of the member's contract in such form and under such procedures as may be required by the Board of Trustees.

(20) "Actuarial equivalent" of any benefit means a benefit of equal monetary value when computed upon the basis of annuity or mortality tables and on an interest or discount rate adopted by the State Board of Trustees for such purpose from time to time and in force at the time the benefit is originally entered upon.

(21) "Developmental leave" means an absence from service for a school year which is approved

by a member's employer for study, research, travel, or other purpose designed to improve the member's professional competence as determined by the employer.

(b) In case of doubt the State Board of Trustees of the retirement system shall determine whether a person is an employee within the contemplation of this chapter.

(c) In cases where the annual compensation includes maintenance, the retirement system shall fix the value of that part of the compensation not paid in money.

[Amended by Acts 1975, 64th Leg., p. 122, ch. 57, § 1, eff. April 18, 1975; Acts 1975, 64th Leg., p. 2373, ch. 732, § 1, eff. June 21, 1975; Acts 1977, 65th Leg., p. 1013, ch. 377, § 1, eff. June 10, 1977.]

"The annual compensation beginning with the 1970-71 school year for members who retire after the effective date of this Act may be adjusted to conform to the provisions of Section 1 of this Act in accordance with such rules and procedures as the Board of Trustees shall adopt."

§ 3.03. Membership

(a) All persons who on the effective date of this code were members of the Teacher Retirement System of Texas shall continue as members subject to the provisions of this chapter, except as provided in Subchapter G of Chapter 51 of the Texas Education Code.¹

(b) Every employee in any public school or other branch or unit of the public school system of this State is a member of the retirement system as a condition of his employment. This subsection shall not apply to require membership of any person who

(1) has heretofore, pursuant to authority of former laws, executed and filed a waiver of membership in the retirement system; however, any such person may elect to become a member at the beginning of any school year, but shall not be entitled to credit for prior service unless payments for the waived service are made as provided in Section 3.25 of this code;

(2) was or may be for the first time employed at 60 years of age or older; however, such person may elect to become a member of the retirement system as of the effective date of employment by notifying his employer and the State of Board of Trustees within 90 days from the effective date of employment;

(3) elects to participate in the retirement program provided by Subchapter G of Chapter 51 of the Texas Education Code; or

§ 3.23. Creditable Service

(a) Under such rules and regulations as the State Board of Trustees may adopt, a member shall be allowed membership service credit for each year of service rendered in accordance with the provisions of this chapter if he has made and maintained with the retirement system all deposits and payments required by this chapter or prior existing laws.

(b) Any member who performed one or more years of military duty while a member of the retire-

ment system shall be permitted to deposit to his individual account in the member savings account for each year of duty an amount equal to his deposits made with the retirement system during the last preceding full year of service as an employee. He shall then be entitled to one year of creditable service for each year of military duty.

(c) Any member who performed one or more years of military duty prior to becoming a member of the retirement system shall be permitted to deposit to his individual account in the member savings account for each year of such military duty an amount equal to his deposits made with the retirement system during the first full year of service as an employee after becoming a member of the retirement system. He shall then be entitled to one year of creditable service for each year of military duty.

(d) In addition to the deposits required for the creditable service authorized in Subsections (b) and (c) of this section, the member shall be required to pay a fee of five percent per annum of such deposits from the date the member became eligible to make the deposit for credit until the date of deposit. Fees shall be credited to the state contribution account.

(e) A member shall not make deposits for military duty until he has credit for 10 years of actual service in the public schools of Texas and shall not be eligible for more than five years of credit for such duty.

[Amended by Acts 1975, 64th Leg., p. 122, ch. 57, § 2, eff. April 18, 1975; Acts 1977, 65th Leg., p. 1016, ch. 377, § 6, eff. June 10, 1977.]

Section 1 of the 1975 amendatory act amended Section 3.02; § 3 thereof provided: "Notwithstanding the provisions of Section 4 of this Act [emergency provision], the fee provided by Section 2 of this Act to be incorporated in Subsection (d), Section 3.23, Texas Education Code, shall become effective on September 1, 1975."

§ 3.25. Reinstatement of Service Credits

(a) Any employee who has executed a waiver of membership in the retirement system shall have the privilege of electing to receive full membership service credit, provided such employee after becoming a member of the retirement system shall deposit all back deposits, assessments, and dues which he would have paid or deposited had he been a member of the retirement system during each of the years he actually was employed in the public schools following the date on which he first became eligible for membership in the retirement system, together with interest from the date each amount was payable at the rate of five percent per annum. The interest shall be credited to the state contribution account.

(b) Any member who terminates or has terminated membership in the retirement system by withdrawal of deposits or by absence from service shall have the privilege of reinstating such terminated membership by rendering service during current

membership for two subsequent consecutive creditable years or for a subsequent continuous period equal in duration to the period from the date of the relevant withdrawal to the beginning date of such period of creditable service, whichever is shorter, and by depositing the amount withdrawn plus membership fees for the years during which membership was terminated plus a reinstatement fee of five percent per annum from the date of withdrawal to date of redeposit. The reinstatement fee shall be credited to the state contribution account.

(c) Any person who terminates or has terminated membership in the retirement system by retiring under the provisions of Section 3.31 of this chapter shall have the privilege of reinstating such terminated membership by rendering service for five consecutive years and depositing an amount equal to service retirement benefits received plus a reinstatement fee of five percent per annum from the date of his return to employment to the date of redeposit and an amount equal to the percentage of each year's annual compensation which would have been deducted had the person been an active member of the retirement system after his return to employment plus a reinstatement fee of five percent per annum on such percentage of compensation from the end of the respective year of service to the date of deposit plus membership fees for the years after his return to employment. Upon payment of the amount required by this subsection the reinstated member shall receive credit for each year's service both before and after his initial retirement. Reinstatement fee shall be credited to the state contribution account.

(d) The amounts to be deposited shall be determined in each case by the State Board of Trustees and no person shall be granted retirement upon such service credits until the amount so determined is paid in full.

Until that date the fees and interest charges, if any, in effect immediately prior to the adoption of this Act shall be continued."

"Sec. 11. If any provision of this Act or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions of this Act which can be given effect without the invalid provision or application, and to this end the provisions of this Act are declared to be severable."

§ 3.26. Purchase of Credit for Out-of-State Service

(a) Any member of the retirement system who has been employed in any public school system maintained in whole or in part by any other state or

territory of the United States or by the United States for children of United States citizens may purchase equivalent membership service credits under this retirement system for such service. Specifically excluded from out-of-state service credit is service while a member of the Armed Forces rendered at any public school, for which service the member was compensated by the United States.

(b) For each year that out-of-state service credit is desired, the member shall deposit to his individual account with the retirement system 12 percent of the rate of annual compensation received during his first year of service as an employee of the public schools of this state which is both after the out-of-state service and September 1, 1956, or, in the event the member has no creditable service in Texas after September 1, 1956, 12 percent of his rate of annual compensation during his last creditable year of service in Texas prior to that date and subsequent to the out-of-state service. In addition the member shall pay a fee at the rate of five percent per annum of the amount which the member is eligible to deposit for each year of credit under Subsection (c)(1) of this section. Such fee shall accrue on each amount from the date the member is first eligible to make the deposit for credit until the date of deposit, except that no fees shall begin to accrue before the member completes 10 years of actual service in the public schools in Texas. A deposit for at least one year's credit including fees attributable to that credit must be made with the initial application and all payments for out-of-state service for which credit is desired must be made before retirement.

(c) For each year that deposits are made, the member shall be granted immediately upon payment of the required deposit and fees one year's membership service credit subject, however, to the special conditions which are:

(1) No person shall be allowed to acquire credits on the basis of employment outside this state in excess of one year for each one year of service in Texas.

(2) No more than 10 years' total credit can be purchased under the provisions of this section.

(d) No member shall be entitled to purchase credit under this section until he has actually rendered at least 10 years of creditable service in Texas, excluding any credit for non-Texas employment. Equivalent membership service credits granted for out-of-state service shall not be used in computing the member's "best-five-years-average compensation."

(e) All such deposits shall be credited, pending retirement, to the member's individual account in the member's savings account. Fees for deposits made after the member becomes eligible for pur-

chase of this credit shall be credited to the state contribution account.

[Amended by Acts 1975, 64th Leg., p. 37, ch. 19, § 2, eff. March 20, 1975; Acts 1977, 65th Leg., p. 1018, ch. 377, § 8, eff. June 10, 1977.]

For effective date and severability provisions, see note under Section 3.25.

§ 3.27. Purchase of Credit for Developmental Leave

(a) Any member of the retirement system with five years of service who subsequently takes a developmental leave may purchase equivalent membership service credit for up to two years of such leave, provided the member is rendering service as an employee of a Texas public school at the time of the purchase.

(b) On or before the date a member takes a developmental leave, the member shall file with the retirement system a notice of intent to take developmental leave, and the member's employer shall file a certification that the leave satisfies the requirements of developmental leave as defined in this chapter.

(c) To purchase credit for a developmental leave, the member shall deposit to his individual account with the retirement system an amount equal to

(1) the same percentage of annual compensation as required in this chapter for member contributions, based on the member's annual rate of compensation earned during the last creditable year of service preceding the developmental leave; plus

(2) the amount which the State of Texas would have contributed under this chapter if the member had received such rate of annual compensation for employment during the year in which the leave was taken; plus

(3) the membership fee in effect during the year the developmental leave is taken.

All amounts deposited shall be credited to the member savings account except that membership fees shall be credited to the expense account.

(d) No deposits for purchase of developmental leave credit may be made after the end of the first creditable school year following the developmental leave. Developmental leave credit may not be counted toward any service retirement benefit calculation until the member obtains 10 years of credit for actual service in the public schools of Texas. In the event such credit is not counted the accumulated deposits in the member's individual account attributable to the deposit for developmental leave credit and any fees attributable to such years shall be paid to the member or his beneficiary, if applicable.

[Added by Acts 1977, 65th Leg., p. 1019, ch. 377, § 9, eff. June 10, 1977.]

§ 3.28. Purchase of Credit by Distributive Education Teachers

(a) A person employed as a distributive education teacher by a public school may purchase membership service credit under the retirement system for each year of approved work experience recognized by the Central Education Agency for salary increment purposes.

(b) For each year of membership service credit desired for prior work experience, the member must deposit to the individual account with the retirement system 12 percent of the annual compensation received under the Texas Public Education Compensation Plan¹ during the first year of employment as a teacher in the public schools, plus 5 percent interest on the deposit for each year between the date the work experience was earned and the date the deposit is made.

(c) For each year that deposits are made, the member shall be granted one year's membership service credit. Not more than 10 years' total credit may be purchased under the provisions of this section.

(d) All deposits shall be credited, pending retirement, to the member's individual account in the member's savings account.

SUBCHAPTER C. BENEFITS

§ 3.31. Service Retirement Benefits

(a) The date of retirement for any eligible member shall be the last day of any month in which he makes written application to the State Board of Trustees, or in which he satisfies the age and service requirements of this subsection, whichever is later. A member who retires after the effective date of this chapter shall be eligible to retire with a standard service retirement benefit consisting of one of the following:

(1) a standard annuity payable in monthly installments during such retired member's life, provided he has completed 10 or more years of creditable service and has attained the age of 65 years;

(2) a standard annuity payable in monthly installments during such retired member's life, provided he has completed 20 or more years of creditable service and has attained the age of 60 years;

(3) a percentage of the standard annuity reduced from age 65 as shown in the following table provided he has at least 10 years of service and has attained the age of 55 years:

(5) a percentage of the standard annuity reduced for early retirement as shown in the table included in Subsection (a)(4) of this section at any age provided he has completed at least 30 years of creditable service. The State Board of Trustees shall extend the table in Subsection (a)(4) of this section to ages earlier than 55 years by decreasing the percentage by two percent for each year of age of the member under 55 years.

(b) The State Board of Trustees may adopt tables which reduce benefits for early retirement by each month of age, but such tables shall be limited to interpolations between the percentages for each year of age provided in this section.

(c) In lieu of any service retirement benefit allowable under Subsection (a) of this section, a member may elect, by giving notice to the State Board of Trustees in writing before the date fixed for retirement, to receive the actuarial equivalent of the benefit in the form of a reduced monthly amount payable throughout his lifetime, with provision for:

(1) Option One: on his death, the same monthly payments shall be made to and continued throughout the life of the person nominated by the member's written designation filed with the State Board of Trustees prior to his retirement; or

(2) Option Two: on his death, one-half of the same monthly payments shall be made to and continued throughout the life of the person nominated by the member's written designation filed with the State Board of Trustees prior to his retirement; or

(3) Option Three: on his death before 60 monthly payments have been made, they shall continue to the designated beneficiary until the remainder of the 60 payments have been made; or

(4) Option Four: on his death before 120 monthly payments have been made, they shall continue to the designated beneficiary until the remainder of the 120 payments have been made.

(d) A member shall in any event be entitled to a minimum benefit of \$6.50 per month for each year of prior service credit and membership service credit or to its actuarial equivalent if the member has selected an option. Such minimum benefit is subject to the appropriate percentage reduction for early retirement, if applicable. A member who retires on or after attaining 65 years of age shall be entitled to such minimum benefit or to \$75 per month, whichever is greater, or to the actuarial equivalent thereof.

(e) No annuity payment authorized under the provisions of this chapter shall be made for any fraction of a month in which the annuitant dies.

(f) At any time before his date of retirement a member by giving written notice to the State Board of Trustees may revoke his application for retirement and may make, revoke, or change his selection of an option as provided in Subsection (c) of this section. Except as specifically provided in this chapter, no person who has retired under the provisions of this chapter may revoke his retirement nor make, revoke, or change his selection of an option under Subsection (c) of this section.

(g) No member may receive a service retirement benefit from the retirement system with less than 10 years of credit for actual service in the public schools except as provided in Chapter 573, Acts of the 63rd Legislature, Regular Session, 1973, as amended (Article 6228i, Vernon's Texas Civil Statutes), and Chapter 75, Acts of the 54th Legislature, Regular Session, 1955, as amended (Article 6228a-2, Vernon's Texas Civil Statutes).

[Amended by Acts 1975, 64th Leg., p. 7, ch. 6, § 1, eff. Feb. 13, 1975; Acts 1977, 65th Leg., p. 1019, ch. 377, § 10, eff. June 10, 1977.]

Section 2 of the 1975 Act provided: "Section 1 of this Act applies to benefits payable on the last day of February, 1975, and subsequent months."

See, also, note under Section 3.38.

Section 29 of the 1977 amendatory act provided:

"Should this Act become effective at a date later than May 31, 1977, the retirement benefits payable on or after such later effective date to persons who retired on May 31, 1977, or thereafter shall be recalculated as if the member had retired under the provisions of Chapter 3 of the Texas Education Code as amended by this Act. Should this Act become effective on a date later than June 30, 1977, the increases in monthly benefits provided for persons in Section 16 of this Act shall become effective with the first monthly payment due on or after such effective date."

§ 3.32. Disability Benefits

(a) A member or the legal representative of a member may apply for the disability benefits provided in this section. The member shall make applica-

tion for disability benefits and shall submit the results of a medical examination on forms prescribed by the retirement system and shall submit such additional information relating to the disability as the retirement system may by rule prescribe or as the medical board may require in an individual case. The member shall be retired on the applicable disability benefit upon the certification by the medical board that the member is mentally or physically disabled from the further performance of duty and that such disability is probably permanent.

The date of retirement on a disability for a member shall be the last day of the month in which the member made application or terminated employment, whichever is later. However, the member shall have 30 days following the certification of disability by the medical board in which to make deposits for any withdrawn account, waiver, out-of-state service, military duty, transferred state service, or other special service.

[See Compact Edition, Volume 1 for text of (b)]

(c) If the member has 10 or more years of creditable service, but is not eligible for service retirement without reduction, he shall receive for the duration of his disability the standard annuity calculated on the basis of his creditable service to date of retirement, or \$6.50 per month for each year of service, whichever is greater. In the event the disability retirement occurs after or continues until he attains 60 years of age, his disability shall be conclusively presumed continuous for the remainder of his life.

(d) Once each year during the first five years following disability retirement and once every three years thereafter, the State Board of Trustees may require any member who retired on a disability benefit and who has not yet attained age 60 to undergo a medical examination by a physician or physicians designated by the medical board. Should he refuse to submit to at least one such medical examination during any authorized examination period, his benefit shall be discontinued until he consents to an examination.

(e) If a person under 60 years of age who is receiving a disability retirement benefit is restored to active service, if such person refuses to submit to a required medical examination for more than one year, or if the medical board certifies to the State Board of Trustees that he is no longer physically or mentally disabled from further performance of duty and the State Board of Trustees concurs, his benefit shall be discontinued, he shall again become a member of the retirement system and the sum in his account before disability retirement, less all disability benefits paid to him, shall be transferred from the retired reserve account to his individual account in the member savings account. On restoration to membership, any creditable service used to compute a member's benefit when he retired shall be restored to full force and effect.

(f) If a person receiving a disability retirement benefit is gainfully employed, his benefit shall be suspended or reduced to an amount by which his salary earned during his last year of creditable service exceeds his present earnings. Should his earnings later change, his benefit may be further modified, but shall never exceed his original benefit. To enforce the provisions of this subsection the State Board of Trustees shall adopt rules for reporting of income by each such person.

(g) No member eligible for service retirement without reduction shall be allowed to retire on a disability benefit.

(h) The medical board may rule on an application for disability in a regular or special meeting or by mail, telephone, telegraph, or other suitable means of communication.

[Amended by Acts 1977, 65th Leg., p. 1021, ch. 377, § 11, eff. June 10, 1977.]

§ 3.33. Beneficiary Designation

(a) Any member or annuitant may name one or more persons as his designated beneficiary to receive the benefits payable under this chapter in the event of his death, except in the case of an Option One or Option Two retirement benefit for which only one person may be designated as beneficiary. The designation of beneficiary must be in writing on a form prescribed by and filed with the retirement system. In like manner the member or annuitant may change or revoke a designation previously made, except that the beneficiary designations for Option One and Option Two retirement annuities may not be changed or revoked after the date of retirement. Unless the written designation of the retired member clearly indicates an intention to the contrary or the provisions of law require otherwise, the latest effective beneficiary designation shall be presumed to apply to all benefits payable upon the death of a member or retired member. The retirement system may provide for the designation of alternate beneficiaries.

(b) In the event a member or annuitant fails to designate a beneficiary, or a designated beneficiary does not survive the member or annuitant, or a designated beneficiary files with the retirement system a written waiver of any claim to amounts payable upon the death of the member or annuitant on a form satisfactory to the retirement system, benefits payable upon the death of the member or annuitant, other than payment under retirement Option One and Option Two, and election rights to survivor benefits, if applicable, shall be made available to one of the following classes of persons in the following order of precedence:

- (1) any surviving joint designated beneficiaries;
- (2) if none of the above, any alternate beneficiaries;

(3) if none of the above, the surviving spouse of the deceased;

(4) if none of the above, the children of the deceased or their descendants by representation;

(5) if none of the above, the parent or parents of the deceased in equal portions;

(6) if none of the above, the duly appointed executor or administrator of the estate of the member or annuitant;

(7) if none of the above, to such persons as are entitled to the distribution of the estate of the deceased member or annuitant under the laws of his domicile at the date of death.

(c) If, within one year of death, no claim for payment of benefits has been received by the retirement system from a person entitled under the designation or order of precedence provided in this section, payment of benefits, except for benefits under retirement Option One and Option Two, may be made in the order of precedence as if the person had predeceased the deceased member or annuitant. Payment under this subsection bars recovery by any other person. If, within four years after death, payment has not been made under this chapter and no claim for such payment is pending, the accumulated contributions of the deceased member or the balance of the reserve for the retired annuitant escheat to the benefit of the fund and shall be transferred to the state contribution account.

(d) No benefit payable upon the death of a member or other annuitant under this chapter shall be paid to a person convicted of intentionally causing that death but shall instead be paid to the person or persons who would be entitled to the benefit had the convicted killer predeceased his victim. Any person who becomes eligible under this subsection to elect among death or survivor benefit options provided by this chapter shall be entitled to select among options available as if such person were the designated beneficiary. Any annuity calculated in part on the life of the convicted killer shall be reduced to a lump sum equal to the present value of the remainder of the annuity, and such sum shall be paid to the person authorized under this section to receive the death or survivor benefit. The retirement system shall not be responsible for the payment of benefits pursuant to the provisions of this subsection unless it receives actual notice of the conviction of the beneficiary; however, the retirement system may delay payment of any benefit due upon the death of a member or annuitant pending the results of a criminal investigation and of legal proceedings against the beneficiary for causing that death.

(e) A trust may be named as a beneficiary under the provisions of this chapter. For purposes of the calculation of, eligibility for, and duration of benefits, the beneficiary of the trust shall be considered as the designated beneficiary of the member. The

trustee shall exercise any election rights to benefit options and name any subsequent beneficiaries. A trust with multiple beneficiaries may not receive benefits to which multiple designated beneficiaries are not entitled.

[Amended by Acts 1975, 64th Leg., p. 38, ch. 19, § 3, March 20, 1975; Acts 1977, 65th Leg., p. 1022, ch. 377, § 12, eff. June 10, 1977.]

For effective date and severability provisions, see note under Section 3.25.

§ 3.34. Death Benefits

(a) If a member dies before retirement and during any school year in which he is in service, his eligible designated beneficiary shall be paid, at the beneficiary's election, the greatest of the following amounts in the manner the State Board of Trustees by rule may prescribe:

(1) the annual compensation of the member for the preceding school year not to exceed \$25,000; or

(2) the rate of annual compensation of the member for the current school year not to exceed \$25,000; or

(3) 60 monthly payments equal to the monthly installments of a standard annuity (calculated as provided in Section 3.02(a)(17) of this code); or

(4) an annuity payable for the designated beneficiary's life with payments equal to those under Option One in Section 3.31(c)(1) of this code had the member retired at the end of the month preceding his death; or

(5) the accumulated contributions of the member's member savings account.

(b) If a member dies during an absence from service, his designated beneficiary shall be paid:

(1) the same benefits payable upon the member's death in active service if the absence of the member from service was due to sickness, accident, or other cause which the State Board of Trustees determines to be involuntary or in furtherance of the objectives or welfare of the public school system, or during a period when he was eligible to retire or would become eligible without further service to retire within five years of his last covered employment; or

(2) the accumulated contributions in the member's individual account if the absence of the member from service was not the result of sickness, accident, or other justifiable cause determined in this chapter.

(c) Death benefit annuities shall only be available when the deceased member has sufficient creditable service to receive service retirement benefits under the provisions of this chapter upon reaching retirement age. Multiple beneficiaries shall not be eligible to elect the life annuity death benefit. For the

purpose of determining the life annuity for death benefits the State Board of Trustees shall extend the table in Section 3.31(a)(3) to ages earlier than age 55 by decreasing the percentage to the actuarial equivalent of the age 55 benefit and shall extend the table in Section 3.31(a)(4) to ages earlier than the earliest retirement age provided by law to the actuarial equivalent of the benefit at the earliest retirement age.

[Amended by Acts 1975, 64th Leg., p. 38, ch. 19, § 4, eff. March 20, 1975; Acts 1977, 65th Leg., p. 1024, ch. 377, § 13, eff. June 10, 1977.]

For effective date and severability provisions, see note under Section 3.25.

§ 3.35. Survivor Benefits

(a) If a member dies before retirement, his designated beneficiary (if entitled to a death benefit other than the accumulated contributions of the member) may elect, in lieu of the applicable death benefit authorized under Section 3.34 of this code, to receive a lump sum payment of \$500 plus the following applicable survivor benefits:

(1) if the designated beneficiary is the spouse or dependent parent of the deceased member, he may elect to receive for life a monthly benefit of \$75 commencing at age 65 or immediately if the beneficiary has already attained that age; or

(2) if the designated beneficiary is the spouse of the deceased and has one or more children under 18 years of age or has the custody of one or more children of the deceased under 18 years of age, he may elect to receive a monthly benefit of \$150 until the youngest child attains the age of 18 years, and at that time all payments shall cease until the beneficiary attains age 65 when he shall receive for life a monthly benefit of \$75; or

(3) if the designated beneficiary or beneficiaries are the deceased's dependent children under the age of 18 years, they may, on election of their guardian, receive a total monthly benefit of \$150 so long as there are two or more such children under 18 years of age; thereafter, when there is only one child remaining under 18 years of age, he may receive \$75 per month until attaining 18 years.

(b) If the designated beneficiary is a spouse or dependent parent of the deceased, the benefits payable under Subsection (a)(1) and (2) of this section shall cease upon the beneficiary's death or remarriage; in that event, however, payment of the benefits provided in Subsection (a)(3) of this section will commence if applicable.

[Amended by Acts 1977, 65th Leg., p. 1025, ch. 377, § 14, eff. June 10, 1977.]

§ 3.36. Benefits Payable Upon Death After Retirement

[See Compact Edition, Volume 1 for text of (a)]

(b) If a member retires upon a disability retirement benefit and dies while drawing his benefit, his beneficiary may elect to receive, in lieu of the benefit provided in Subsection (a) of this section, the same death benefit to which he would have been entitled had the deceased been in active service at death.

[See Compact Edition, Volume 1 for text of (c) to (e)]

(f) Upon the death of a retired member receiving service retirement benefits under Subsection (a) of Section 3.31 or service retirement benefits under Subsection (c)(1) or (2) of Section 3.31 of this chapter when the retired member's designated beneficiary predeceases him, there shall be paid to the designated beneficiary, or to those provided in Subsection (b) of Section 3.33 of this chapter if there is no designated beneficiary in existence at the time of the retired member's death, an amount equal to the retired member's accumulated contributions less the total amount of service retirement benefits paid pursuant to Section 3.31 of this chapter to the retired member.

(g) Upon the death of a retired member's designated beneficiary who is receiving an annuity under Option One or Option Two as provided by Subsection (c) of Section 3.31 of this chapter the estate or the heirs of the beneficiary shall be refunded an amount equal to the accumulated contributions of the retired member less the total amount of service retirement benefits paid pursuant to Section 3.31 of this chapter to the retired member and his designated beneficiary.

[See Compact Edition, Volume 1 for text of (h)]

[Amended by Acts 1975, 64th Leg., p. 39, ch. 19, § 5, eff. March 20, 1975; Acts 1977, 65th Leg., p. 1025, ch. 377, § 15, eff. June 10, 1977.]

For effective date and severability provisions, see note under Section 3.25.

§ 3.37. Employment After Retirement

(a) Any person receiving a service retirement benefit from the retirement system may be employed in the public schools of Texas under the following conditions:

(1) on a part-time day-to-day basis only not to exceed 120 school days in any one school year as a substitute for an employee who is absent from duty;

(2) as a substitute in a vacant position until such position can be filled, but not to exceed 45 days, but any substitute employment in a vacant position shall be deducted from the 120 days permitted as a substitute for an absent employee; or

(3) on as much as a one-third time basis if the retired member is over age 60.

[See Compact Edition, Volume 1 for text of (b) and (c)]

(d) A person receiving a service retirement benefit from the retirement system who is employed in any position in the public schools of Texas except as provided in this section, shall forfeit all retirement benefits for any month in which such employment occurs. Employment which begins as substituting may become permanent employment. A person who substitutes on a day-to-day basis in a regular position for an absent employee for more than 120 school days or for more than 45 school days in a vacant position and then continues in the same position shall be considered to have been a regular employee since the first day of employment and forfeits his retirement benefits for all months of employment in that position.

[Amended by Acts 1975, 64th Leg., p. 39, ch. 19, § 6, eff. March 20, 1975; Acts 1977, 65th Leg., p. 1894, ch. 755, § 1, eff. Aug. 29, 1977.]

For effective date and severability provisions, see note under Section 3.25.

§ 3.38. Limited Adjustment of Benefits in Effect

[See Compact Edition, Volume 1 for text of (a) to (e)]

(f) The amount of monthly benefits payable to retired members or their beneficiaries, to members retired on a disability, or to beneficiaries of deceased members pursuant to Section 3.31, Subsection (c) of Section 3.32, and Subsections (a)(3) and (a)(4) of Section 3.34 of this chapter, as amended, shall be increased by a percentage of the amount otherwise payable under the provisions of this chapter, including previously enacted applicable increases, in effect immediately prior to the effective date of this subsection. The amount of such percentage increase shall be as follows: 18 percent if the retirement date of the retired or disabled member or the date of death of the member in service occurred prior to March 31, 1969; 12 percent if the retirement date of the retired or disabled member or the date of death of the member in service occurred prior to May 31, 1971, but on or after March 31, 1969; 5 percent if the retirement date of the retired or disabled member or the date of death of the member in service occurred prior to September 1, 1973, but on or after May 31, 1971. Annuity payments forfeited pursuant to this chapter are subject to the increases provided in this subsection with respect to both the transfer required in Section 3.53 of this chapter and any resumption in due course of such payments to the retired member or beneficiary.

(g) Upon the conditions hereinafter stated, the monthly benefits other than survivor benefits payable to retired members or their beneficiaries, to members retired on a disability with 10 or more years of membership service, or to beneficiaries of deceased members each of whose respective date of retirement or death occurred before May 31, 1977, shall be increased effective with the June, 1977, benefit payment. The amount of the increase shall

be computed by multiplying each year of the member's creditable service by the sum of 75 cents plus two cents for each year between the accrual of the benefit and August 31, 1977. The reduction factors for early age retirement and for retirement under an option shall be applicable to the increases provided in this section. Any person also eligible for an increase by the application of Subsection (h) of this section to the June, 1977, benefit payment shall be entitled to the greater of the two increases only. The increase in benefits provided in this subsection shall become effective upon the appropriation and payment of \$60,851,000 to the Teacher Retirement System of Texas to finance the increase. The increase shall continue in effect only until funds in the Benefit Increase Reserve Account attributable to this appropriation are exhausted, or if an additional amount of \$60,851,000 is appropriated and paid to the Teacher Retirement System of Texas before the end of September, 1979, the increase shall continue for the duration of the benefit on which the increase is based pursuant to existing or future laws. Such appropriations shall be in addition to the state contribution provided by Section 3.58 of this chapter.

Annuity payments forfeited pursuant to Chapter 3 of the Texas Education Code, as amended, are subject to the increases provided in this section with respect to both the transfer required in Section 3.53 of the code and any resumption in due course of such payments to the retired member or beneficiary.

"Sec. 6. Section 5 of this Act applies to benefits payable on the last day of February, 1975. Such increases in benefits shall be paid through the last day of the month in which the proposed amendment to the constitution is voted on by the qualified voters of this state, but not later than November 30, 1975, and shall not continue to be paid thereafter unless the qualified voters adopt the constitutional amendment.

(1) shall be developed following adequate diagnosis and evaluation of all pertinent medical, psychological, social, cultural, environmental, and related factors which bear on the individual's ability to benefit from educational programs;

(2) shall be jointly developed by a representative of an educational program who is qualified and experienced in working with individuals handicapped by serious visual loss, by the blind or handicapped individual and his parent or guardian, and by representatives of other public or private organizations providing or capable of providing specialized services which tend to assure greater effectiveness of the educational effort exerted in behalf of the blind or visually handicapped individual;

(3) specifies in measurable terms the goals and objectives to be accomplished as a result of the educational and specialized services to be provided by the various organizations working with the blind or visually handicapped individual;

(4) specifies the time by which each service is to be initiated, the anticipated duration of each service, and the time within which the objectives and goals of the services might be achieved;

(5) contains a procedure and schedule for periodic review and evaluation of progress toward established objectives and goals based on objective criteria and contains a record of the reviews and evaluations;

(6) summarizes the views of the blind or visually handicapped individual, or, as appropriate, his parent or guardian or other representative concerning his goals and objectives and the special services being provided;

(8) provides assurances that the blind or visually handicapped individual has been informed of his rights and the means by which he may express and seek remedy for his dissatisfactions, including but not limited to procedures for utilizing the ombudsman services of the Governor's Coordinating Office for the Visually Handicapped;

(9) reflects that the individual has been provided a detailed explanation of the various service resources available to him within the community and throughout the state;

(10) reflects that the individualized written service plan has been reviewed as frequently as necessary, but in no event less than once annually, by competent educational authorities, representatives of cooperating organizations, the individual and his parent or guardian, and that the plan has been modified, refined, or redeveloped in a manner consistent with determinations made through such review;

(11) describes in detail the arrangements made to provide the blind or visually handicapped individual with orientation and mobility training, instruction in Braille or use of large print, other training to compensate for serious visual loss, access to special media, and special tools, appliances, aids, or devices commonly utilized by individuals with serious visual losses; and

(12) sets forth the plans and arrangements made for contacts with and continuing services to the blind or visually handicapped individual during periods in which he might not be involved in school programs.

(f) Whenever services are terminated under an individualized written service plan on the basis that the handicapped individual is not capable of benefitting from educational services, the following conditions and procedures must be met or carried out:

(1) the decision shall be made only with the full participation of the blind or visually handicapped individual, his parent or guardian, and representatives of other organizations in the area in which the individual resides who are also providing services to the individual;

(2) the rationale for the decision shall be recorded as an amendment to the individualized written service plan, certifying that the concerted provision of educational and related services has demonstrated beyond reasonable doubt that the individual is not capable of benefitting from educational services;

(3) a copy of the individualized written service plan and the certification that the individual is not capable of benefitting from educational services will be sent to the Governor's Coordinating Office for the Visually Handicapped for review and further investigation, following which, if it is determined that the termination of services is appropriate and justified, recommendations and referrals will be offered to the blind or visually handicapped individual and his parent or guardian regarding services to be considered through residential school programs, other state institutions, community facilities operated by the State Department of Mental Health and Mental Retardation, or other resources as appropriate to the case and as accessible to the individual's parents or guardian;

(4) until such time as when the individual whose written plan of services has been terminated attains the age of 21 years and is referred for consideration for vocational rehabilitation services, there shall be at least an annual review of the individual's case, during which the individual and his parent or guardian will be afforded clear opportunity for full consultation in the reconsideration of the determination that the individual is incapable of benefitting from educational services, except in situations where a periodic review is precluded because the individual has refused services or has refused a periodic review, or is no longer present in the state or cannot be located, or has a medical condition that is rapidly progressive or terminal.

[See Compact Edition, Volume 1 for text of (a) to (n)]

(o) To carry out legislative intent and the objectives of subsections (n) and the following subsections of this Section 11.10, the Central Education Agency shall develop and administer a comprehensive statewide plan for deaf education services including continuing diagnosis and evaluation, counseling and teaching, and designed to accomplish the following objectives:

[See Compact Edition, Volume 1 for text of (o)(1) to (o)(3)]

(4) Enrolling children in the Texas School for the Deaf at Austin or any other educational facility for the deaf only those children whose needs can best be met in that institution, designating the Texas School for the Deaf as the principal regional school for the central region of the state; and

[See Compact Edition, Volume 1 for text of o(5)]

(6) Recognizing the need for development of oral communications abilities in deaf children and the ability of many to achieve high educational excellence through that method, but also recognizing the inability of some to gain their education successfully by this means, the comprehensive plan developed by the Central Education Agency will call for the use of methods of communication which will best meet the needs of each individual deaf child in this state, with each child to be examined thoroughly so as to ascertain his potential for communications through oral means. The Central Education Agency may establish separate programs to accommodate diverse communication methodologies.

[See Compact Edition, Volume 1 for text of (p)]

(q) It is the intent of the legislature that local resources be utilized to the fullest practicable extent in the establishment and operation of the regional day school programs for the deaf. The Central Education Agency is authorized and expected to contract with any qualified public or private organization or qualified individuals for diagnostic, evaluation and instructional services or any other services incidental to the education of deaf children, including transportation and/or maintenance.

The Central Education Agency shall employ educational and other personnel, may purchase or lease real or personal property, may accept gifts or grants of real or personal property or services from any source, public or private, including independent school districts and any institution of higher learning in this state, for the purpose of establishing and operating regional day school programs for the deaf.

The Central Education Agency may provide by rule or regulation that upon establishment of each regional school the countywide school(s) in that region shall become a part of the regional school operation and that all equipment, classroom supplies, and other personal property owned by the countywide schools shall become the property of the regional day school. When any such programs are combined, the directors and employees of the former countywide schools shall be employed in appropriate, substantially similar capacities within the regional day school program for that region.

[See Compact Edition, Volume 1 for text of (r)]

(s) Operating costs for the program in each regional day school program for the deaf shall be determined and paid on the following basis:

(1) An estimated allocation of \$2,700 for each student enrolled in the program of the regional day school program for the deaf in any current year.

(2) Teachers, principals, supervisors, counselors, para-professional and supporting personnel shall be employed in such numbers as the Central Education Agency finds to be necessary to establish and operate the regional day school programs for the deaf, and such numbers shall not be less than student-professional ratios known to be requisite for success in education of deaf children. Salaries of all personnel employed in the regional day school programs for the deaf shall be determined in accordance with policies established by the State Board of Education.

(t) To assure effective implementation of this Act the Central Education Agency shall upon the passage of this Act institute planning and research designed to accomplish the intent and objectives set forth herein including employment of personnel con-

sidered essential to meet the operational date specified for this Act.

From the Foundation School Fund there shall be made available a special supplemental allowance for each blind student or for each student with a serious visual handicap and another medically diagnosed handicap of a significantly limiting nature, who is receiving special education services through any approved program whatsoever. The amount of the special supplemental allowance for each blind student or for each such multiply handicapped student shall be equivalent to the special allocation for deaf students enrolled in regional day school programs, as authorized by Paragraph (1), Subsection (s), Section 11.10 of this code. The supplemental allowances may be expended only for special services uniquely required by the nature of the student's handicap and may not be used in lieu of educational funds otherwise available under this code and through state or local appropriations.

(b) The commissioner of education, with the approval of the State Board of Education, shall develop and implement a plan for the coordination of services to handicapped children within each geographical area served by a regional education service center. § 11.33. General Powers and Duties of Regional Education Service Centers

(5) The cost incident to setting up the centers, their operation, and the purchase of education media supplies and equipment shall be borne by the state and each participating district to the extent and in the manner provided in this subsection.

(6) The state shall allot and pay to each approved center annually an amount determined on the basis of not to exceed \$1 per scholastic in average daily attendance for the next preceding school year in the district or districts that are participants in an approved center. The matching funds provided by the participant districts, including any donated or other

local funds, may be used to pay for costs of administration of or servicing by the center and to purchase supplemental educational media. A center shall not enter into obligations which shall exceed funds available or reasonably anticipated as receivable for the current school year.

(8) Annually, pursuant to such rules and procedure as may be prescribed by the State Board of Education, the governing board of each center shall determine the rate per pupil based on average daily student attendance the next preceding school year, not to exceed the \$1 limit prescribed in this subsection, which shall constitute the basis for determination of total amount to be transmitted by participant districts to the center and as matching funds from the state's contribution to this program.

(9) The state's share of the cost in the regional media centers program shall be paid from the Foundation School Fund, and this cost will be considered by the Foundation Program Committee in estimating the funds needed for foundation program purposes. Nothing in this subsection shall be construed to prohibit a center from receiving and utilizing matching funds in any amount for which it may be eligible from federal sources.

(D) expansion and coordination of services provided by Regional Education Service Centers which are related to programs for handicapped children; and

(E) provision for special services such as special seats, books, instructional media, and other supplemental supplies and services required for quality instruction.

After receipt of a petition, the board shall hold a hearing. If after a hearing the board concludes that its findings should be changed, the board shall order the changes it finds appropriate and shall certify the changes to the commissioner of education. The board shall complete all protest hearings and certify all changes before January 1 of each odd-numbered year.

(e) A school district may appeal a determination of a protest by the board to the state district court within whose jurisdiction a majority of the area making up the school district is located.

(e) With the approval of the State Board of Education, the commissioner of education may add additional positions and months of service to the Texas Public Education Compensation Plan to reflect curriculum and program changes authorized by law. The pay grade assigned to each new position shall be comparable to the pay grade for authorized personnel with similar academic training, experience, and duties. With the approval of the board, the commissioner shall also develop policies for the implementation and administration of the compensation plan. The policies shall provide for the adjustment of salaries for promotions and demotions within grades and the placement of personnel with prior educational experience into the compensation plan.

(f) A person certified to teach in the public schools of Texas who holds a bachelor of laws or doctor of jurisprudence degree from an accredited law school shall have his minimum salary calculated on the basis of a master's degree.

(g) Each person employed in the public schools of this state who is assigned to a position classified at pay grade 4 or above for purposes of the Foundation School Program must be certified according to the certification requirements and/or standards for each position as established by the Central Education Agency. The board of trustees of each school district shall adopt policies establishing the requirements and specifying the duties of each person employed in a position classified at pay grade 1, 2, or 3.

(h) The State Board of Education shall prescribe above pay grade 3 the duties and required preparation and education for positions listed in Subsection (d) of this section.

(i) Each school district may employ at the central office level instructional/administrative officers, in-

structional officers, or administrative officers listed in Section 16.056(d) of this code at any pay grade for which personnel are authorized and may choose among the contract options provided; however, such personnel must be employed at pay grades above pay grade 9 and below that of the district's superintendent. The personnel authorized by this section may include, but are not limited to, instructional supervisors, instructional specialists, tax assessors, business managers, and personnel officers.

SUBCHAPTER C. PERSONNEL SUPPORT COMPONENT

§ 16.101. Personnel Support: General Rules

A school district's entitlement for personnel support is equal to the aggregate minimum salaries required by law for personnel units allotted to the district in accordance with the provisions of this subchapter. For the 1975–1976 and 1976–1977 school years, no school district with fewer than 1,000 students in average daily attendance shall receive fewer professional units for its regular education program than it received for the 1974–1975 school year.

[Amended by Acts 1975, 64th Leg., p. 877, ch. 334, § 1, eff. Sept. 1, 1975.]

§ 16.102. Education Program Personnel

(a) Education program personnel units shall be allotted to each school district on the basis of the district's current average daily attendance for the

best five six-week reporting periods of the school term unless exceptions are authorized by other sections of this code.

(b) The attendance of kindergarten students may not be counted for personnel unit allotment purposes for more than one-half of a school day during the full school year or for the full school day for more than one-half of the school year unless the student is educationally handicapped. An educationally handicapped student is a student who cannot speak and comprehend the English language or who is from a family whose income, according to standards promulgated by the State Board of Education, is at or below a subsistence level.

(c) Each school district shall be allotted personnel units on the basis of the district's average daily attendance in education programs as follows:

(1) one personnel unit for each 18.5 students in average daily attendance in kindergarten and grades 1 through 3;

(2) one personnel unit for each 21 students in average daily attendance in grades 4 through 6;

(3) one personnel unit for each 20 students in average daily attendance in grades 7 through 9; and

(4) one personnel unit for each 18 students in average daily attendance in grades 10 through 12.

(d) The personnel unit allotment for a school district which contains at least 300 square miles and which has not more than 1,000 students in average daily attendance in its education program shall be adjusted according to the following formula:

$$[1 + (1000 - ADA) (.000455)] \times PU = APU$$

where PU is the district's personnel units determined in accordance with Subsection (c) of this section; and APU is the district's adjusted personnel units.

(e) The personnel unit allotment for a school district which contains less than 300 square miles and has not more than 1,000 students in average daily attendance in its education program shall be adjusted according to the following formula:

$$[1 + (1000 - ADA) (.0003)] \times PU = APU$$

where PU is the district's personnel units determined in accordance with Subsection (c) of this section; and APU is the district's adjusted personnel units.

(f) Fractional personnel units in excess of one-half shall be counted as whole units.

(g) A district's total personnel units, as adjusted, shall be reduced by an amount equal to one-half of the sum of the personnel unit values for vocational personnel allocated to the district under the provisions of Section 16.103 of this chapter, and by an amount equal to one-fourth of the sum of the personnel unit values for special education personnel

allocated to the district under the provisions of Section 16.104 of this code.

(h) Under rules of the State Board of Education, the commissioner shall adjust a district's personnel units to take into account cooperative programs and contract services.

(i) A school district may use its personnel units for any combination of personnel classified under the Texas Public Education Compensation Plan which the district feels will best meet the needs of the students in the district, provided that the total of the number of personnel units for each position chosen multiplied by the personnel unit value for that position specified on the salary schedule, does not exceed the total number of personnel units to which the district is entitled under the provisions of this section. The commissioner, with the approval of the State Board of Education, shall establish minimum standards for staffing patterns for all personnel.

(j) A district need not employ personnel for the full number of personnel units to which it is entitled.

(k) Notwithstanding the provisions of Subsection (i) of this section, 95 percent of the personnel units, excluding fractional units, earned by a school district as a result of student attendance in kindergarten and grade one pursuant to Subsection (c) of this section shall be used to employ personnel assigned instructional duties in kindergarten or grade one. Eighty percent of the personnel units, excluding fractional units, earned by a school district as a result of student attendance in grades two and three shall be used to employ personnel assigned instructional duties in grade two or three. This section does not prohibit a teacher or aide from performing instructional duties in more than one grade, and, for purposes of determining compliance with the provisions of this subsection, the State Board of Education shall promulgate rules governing the calculation of fractional personnel unit values based on class time to be assigned to personnel who teach at more than one grade level. Regular teachers assigned to classroom teaching duties, special area teachers, educational aides, and librarians assigned to these grades shall be included in these calculations. The commissioner of education may make a limited waiver of the provisions of this subsection for a period not to exceed two years for school districts that demonstrate an inability to assign personnel as required by this subsection because of a lack of classroom space.

(l) A qualified teacher, educational aide, or counselor may perform services in a combination of regular, special, or vocational education programs, and the State Board of Education shall promulgate rules governing the distribution of the personnel units utilized and the salary allocated among the programs involved in proportion to the services performed in each program.

(m) Where a school district is consolidated or contracted with another district, or annexed in whole or part to another district or districts, or where the number of grades taught has been reduced, or where the scholastics are transferred to another district, or where there is an annual fluctuation in the attendance in the district, or where for any reason there is a marked increase or decrease in the attendance of any school district, adjustments in personnel allotments shall be made by the state commissioner of education.

(n) For the 1977-1978 school year and each year thereafter, any school district that needs additional units to meet accreditation standards established by the Central Education Agency may apply for additional personnel units to the commissioner of education. The commissioner shall review these requests and may allocate these units. For purposes of this subsection, the commissioner is hereby allocated 200 personnel units to be distributed annually to qualifying districts based on such requests.

[Amended by Acts 1975, 64th Leg., p. 877, ch. 334, § 1, eff. Sept. 1, 1975; Acts 1977, 65th Leg., 1st C.S., p. 17, ch. 1, § 5, eff. Sept. 1, 1977.]

§ 16.103. Vocational Personnel Units

(a) Vocational personnel units for each school district shall be determined and allotted as prescribed by this section.

(b) Each school district having a four-year accredited high school shall be eligible, under rules and regulations of the State Board of Education, for two vocational teacher units to teach one or more vocational programs provided there is a need thereof, and provided the programs have been approved by the commissioner of education.

(c) Additional vocational teacher units for districts with four-year accredited high schools may be allotted according to needs determined by a survey of the community and approved by the commissioner of education.

(d) A district having an accredited high school which qualifies, according to the rules and regulations of the State Board of Education, for less than one vocational teacher unit, may be allotted by the commissioner of education a fractional part of a vocational teacher professional unit. A fractional part of a vocational teacher professional unit shall entitle a district to employ a part-time vocational teacher or assign a classroom teacher to serve as part-time vocational teacher.

(e) Each school district having a four-year accredited high school shall be eligible, under rules and regulations approved by the State Board of Education, for such specialized vocational supervisor units and vocational counselor units as there is a need, and in the number determined by application of formulas adopted by the State Board of Education and subject to approval by the commissioner of education.

(f) Vocational professional unit allotments, except classroom teachers who also served as part-time vocational teachers, shall be made in addition to other professional unit allotments. Notwithstanding anything to the contrary, vocational administrative units shall be approved on a 12-month contract basis, and vocational supervisor and vocational counselor units shall be approved up to an 11-month contract basis, based on program needs. In addition to the regular operating allowance, there shall be an additional allocation of \$400 for each vocational teacher unit.

(g) School districts which, because of limited enrollments, tax resources, or facilities are unable to offer appropriate vocational education in all occupational areas needed may enter into contracts with post-secondary public institutions, as defined by the State Board of Education, to provide for such appropriate vocational education instruction provided the instructors and instructional materials and equipment utilized meet secondary school program requirements.

(h) The contract shall be executed pursuant to rules and regulations of the State Board of Education and the cost to the state shall not exceed the cost that would result if the programs were operated by the respective school districts entering into the contracts.

(i) The legislature shall set a limit on the amount of funds that may be expended under the provisions of this section each year in the General Appropriations Act. Should the amount of funds required to fully fund the provisions of this section pursuant to the rules and regulations of the State Board of Education exceed the amount set by the legislature, the commissioner, with the approval of the board, shall make such adjustments as are necessary to reduce the total cost of the vocational education program to the limit set by the legislature.

[Amended by Acts 1975, 64th Leg., p. 877, ch. 334, § 1, eff. Sept. 1, 1975; Acts 1977, 65th Leg., 1st C.S., p. 19, ch. 1, § 6, eff. Sept. 1, 1977.]

§ 16.104. Comprehensive Special Education Program for Handicapped Children

(a) The commissioner of education, with the approval of the State Board of Education, shall develop, and modify as necessary, a statewide design for the delivery of services to handicapped children in Texas which includes rules for the administration and funding of the special education program so that an appropriate public education is available to all handicapped children between the ages of three and 21 by no later than September 1, 1980. The statewide design shall include, but may not be limited to, the provision of services primarily through local school districts and special education cooperatives, supplemented by a regional delivery structure

and special allotments for districts impacted by residential or hospital placements.

(b) As used in this section:

(1) "Handicapped children" means children between the ages of 3 and 21, inclusive, with educational handicaps (physical, retarded, emotionally disturbed, and/or children with language and/or learning disabilities) as hereinafter more specifically defined; autistic children; and children leaving and not attending public school for a time because of pregnancy—disabilities which render regular services and classes of the public schools inconsistent with their educational needs.

(2) "Physically handicapped children" means children of educable mind whose body functions or members are so impaired from any cause that they cannot be adequately or safely educated in the regular classes of the public schools without the provision of special services.

(3) "Mentally retarded children" means children whose mental capacity is such that they cannot be adequately educated in the regular classes of the public schools without the provision of special services.

(4) "Emotionally disturbed children" means children whose emotional condition is medically and/or psychologically determined to be such that they cannot be adequately and safely educated in the regular classes of the public schools without the provision of special services.

(5) "Language and/or learning disabled children" means children who are so deficient in the acquisition of language and/or learning skills including, but not limited to, the ability to reason, think, speak, read, write, spell, or to make mathematical calculations, as identified by educational and/or psychological and/or medical diagnosis that they must be provided special services for educational progress. The term "language and/or learning disabled children" shall also apply to children diagnosed as having specific development dyslexia.

(6) "Special services" required for the instruction of or program for handicapped children means special teaching in the public school curriculum inside and/or outside the regular classroom; corrective teaching, such as lipreading, speech correction, sight conservation, corrective health habits; transportation, special seats, books, instructional media, and supplies; professional counseling with students and parents; supervision of professional services and pupil evaluation services; established teaching techniques for children with language and/or learning disabilities.

(c)(1) Except as provided in Subdivision (3) of this subsection a school district is allocated 30 special education personnel units for the first 3,000 students in refined average daily attendance and 4.25 special education personnel units for each additional 500 students in refined average daily attendance. The units may be used only for personnel listed in Subsections (d) and (e) of this section.

(2) Activation of personnel units shall be based on the following schedule:

Personnel	Personnel Units
Special Education Teachers	1
Teacher Aides	
Level I	.55
Level II	.6
Level III	.75
Support Personnel	1.2

IM-406

(3) If less than 12 percent of the district's students are identified as handicapped children and provided with special services, the number of special education personnel units to which the district is entitled under Subdivision (1) of this subsection shall be reduced to a percent of full allocation based on the percent of students served according to the following schedule:

Percent served	Percent of full allocation
12%	100%
11%	94%
10%	88%
9%	82%
8%	76%
7%	70%
6%	63%
0-5% set by commissioner, not to exceed 56%	

IM-407

(4) The percent of students served is determined by dividing the number of identified handicapped children served by the district by the district's refined average daily attendance and rounding the dividend to the nearest 10th. A district that serves less than 12 percent of the students in refined average daily attendance is entitled to an increase in the percent of allocation for a percent of students served specified in the schedule above equal to one percent of full allocation for each additional one-tenth of one percent of the students served but not exceeding the allocation specified on the schedule for the next highest percent of students served.

(5) Any funds which may become available in excess of those required to fully fund the provisions of this section may be used to provide additional special education units which shall be allocated based on an application for the funds by the local district. The application shall include a thorough assessment of the local district's particular needs

which justify the allocation of additional personnel units.

(6) Any personnel units allocated under this subsection but not utilized by the local district may be reallocated by the commissioner in the manner described in Subdivision (5) of this subsection.

(d) Professional personnel for the operation and maintenance of a program of special education shall be:

- (1) handicapped children teachers;
- (2) special education directors;
- (3) special education supervisors;
- (4) special education counselors;

(5) special service teachers, such as itinerant teachers of the homebound and visiting teachers, whose duties may or may not be performed in whole or in part on the campus of any school; and

(6) psychologists, educational diagnosticians, and other pupil evaluation specialists. The minimum salary for such specialist to be used in computing salary allotment for purposes of this section shall be established by the commissioner of education.

(e) Paraprofessional personnel for the operation and maintenance of a program of special education shall consist of persons engaged as teacher aides, who may or may not hold a teacher certificate. The qualifications and minimum salary levels of paraprofessional personnel for salary allotment purposes of this section shall be established by the commissioner of education. The annual salary for a special education teacher aide engaged in a 10, 11, or 12 months special education program approved by the commissioner of education shall be the approved monthly base salary, plus increments for experience, multiplied by 10, 11, or 12, as applicable.

(f) Any school district, at its expense, may employ any special education personnel in excess of its state allotment and may supplement the minimum salary allotted by the state for any special education personnel, and any district is authorized at local expense to pay for all or part of further or continuing training or education of its special education personnel.

(g) Special education unit personnel may be employed and/or utilized on a full-time, part-time, or consultative basis, or may be allotted by the commissioner of education, pursuant to cooperative districts' agreement, jointly to serve two or more school districts. Two or more school districts may operate jointly their special education program and any school district may contract where feasible with any other school district for all or any part of the program of special education for the children of either district, under rules and regulations established by the commissioner of education.

(h) Each school district is entitled to an allotment for special materials and consultant and appraisal services of not less than \$500 for each special education teacher employed to fill a personnel unit allocated to the district under Subsection (c) of this section. Funds allocated must be spent in accordance with the guidelines established for at least one of the above-mentioned services as defined by the commissioner. Funds for the purposes stated above may be allocated to regional education service centers for the cooperative use of school districts.

(i) The minimum monthly base pay and increments for teaching experience for a handicapped children teacher or a special service teacher conducting a 10, 11, or 12 months special education program approved by the commissioner of education shall be the same as that of a classroom teacher as provided in Subchapter B of this chapter; provided that special education teachers shall have qualifications approved by the commissioner of education. The annual salary of special education teachers shall be the monthly base salary, plus increments, multiplied by 10, 11, or 12, as applicable.

(j) The minimum monthly base pay and increments for teaching experience for special education counselors, supervisors, evaluation personnel, and directors engaged in a 10, 11, or 12 months special education program approved by the commissioner of education shall be the same as that of a counselor, supervisor, evaluator, or director as provided in Subchapter B of this chapter; provided that such counselors, supervisors, evaluation personnel, and directors shall have qualifications approved by the commissioner of education. The annual salary of special education counselors, supervisors, evaluation personnel, and directors shall be the monthly base salary, plus increments, multiplied by 10, 11, or 12, as applicable.

(k) The salary costs of special education teacher units, other professional and paraprofessional units authorized in Subsections (c), (d), and (e) of this section, and operating costs as provided in Subsection (h), computed as other costs of the Foundation School Program for local fund assignment purposes, shall be paid from the Foundation Program School Fund. Provided further, that any school district may supplement any part of the comprehensive special education program it operates or participates in with funds or sources available to it from local sources, public or private.

(l) Under rules and regulations of the State Board of Education, eligible school districts, special education cooperatives, and regional education service centers may contract with nonprofit community mental health or mental retardation centers, public or private, or any other nonprofit organization, institution, or agency approved by the State Board of Education, for the provision of services to handi-

capped children as defined by this section, who reside with their parents or guardians.

(m) The legislature shall set a limit on the amount of funds that may be expended under the provisions of this section each year in the General Appropriations Act. Should the amount of funds required to fully fund the provisions of this section pursuant to the rules and regulations of the State Board of Education exceed the amount set by the legislature, the commissioner, with the approval of the board, shall make such adjustments as are necessary to reduce the total cost of the special education program to the limit set by the legislature. The commissioner shall make further adjustments as necessary to ensure that, for the 1977-1978 school year, no school district which serves less than 12 percent of its students in special education programs, as determined in accordance with the provisions of Subsection (c) of this section, shall receive an allocation of special education personnel units that is smaller than that district's allocation for the 1976-1977 school year, unless that district is serving a smaller percentage of handicapped children in the 1977-1978 school year than it did in the 1976-1977 school year; and that no school district which serves more than 12 percent of its students in special education programs, as determined in accordance with the provisions of Subsection (c) of this section, shall receive an allocation of special education personnel units that is smaller than that district's allocation for the 1976-1977 school year.

(n) The commissioner, with the approval of the State Board of Education, shall adopt rules necessary to ensure that services to handicapped children shall be provided first to handicapped children not receiving an education and then to handicapped children, within each disability, with the most severe handicaps, who are receiving an inadequate education. The State Board of Education shall approve the definitions of levels of severity that the commissioner develops for the purposes of this subsection. The commissioner shall further develop rules necessary to ensure that sufficiently detailed records are kept and reports received to allow meaningful evaluation of the effectiveness of the policies and procedures adopted under this subsection.

§ 16.206. Calculation of Allotment

(a) The total annual regular transportation cost allotment for each district or county shall be based on the rules and formulas of this section.

(b) A typical bus route is defined as being from 45 to 55 miles of daily travel and composed of 60 percent surfaced roads and 40 percent dirt roads, over which 15 or more pupils who live two or more miles from school are transported.

(c) For the 1977-1978 school year, allowable total base costs of maintenance, operation, salaries, depreciation, etc., for each bus shall be:

72 capacity bus	\$5,701 per year
60-71 capacity bus	5,492 per year
49-59 capacity bus	5,283 per year
42-48 capacity bus	5,074 per year
30-41 capacity bus	4,866 per year
20-29 capacity bus	4,657 per year
15-19 capacity bus	3,821 per year
1-14 capacity bus	161 per pupil per year.

For the 1978-1979 school year and thereafter, the allowable total base costs of maintenance, operation, salaries, depreciation, etc., for each bus shall be 105.2 percent multiplied by the allowable total base cost for each bus during the 1977-1978 school year.

(d) The capacity of a bus means the number of eligible children being transported who live two or more miles from school along the approved route served by the bus. A bus that makes two or more routes or serves two or more schools shall be considered as having a capacity equal to the largest

number of eligible children on the bus at any one time.

(e) For each one percent increase of dirt road above 40 percent, one-half of one percent shall be added to the allowable total cost.

(f) For each five-mile (or major fraction thereof) increase in daily bus travel above 55 miles, one percent shall be added to the total cost of operation. For each five miles (or major fraction thereof) less than 45 miles daily travel, one percent shall be deducted from the total cost of operation.

(g) The state commissioner of education may grant not to exceed \$80 per pupil per year in 1977-1978, or \$84 per pupil per year in 1978-1979 and thereafter for private or commercial transportation for eligible pupils from isolated areas. The need for this type of transportation grant shall be determined on an individual basis and the amount granted shall not exceed the actual cost. The grants shall be made only in extreme hardship cases, and no grants shall be made if the pupils live within two miles of an approved school bus route or city public transportation service.

(h) The cost of transporting vocational education students from one campus to another inside a district or from a sending district to another secondary public school for a vocational program or an area vocational school or to an approved post-secondary institution under a contract for instruction approved by the Central Education Agency shall be reimbursed based on the number of actual miles traveled times the district's official extracurricular travel per mile rate as set by their local board of trustees and approved by the Central Education Agency.

(i) A school district that provides special transportation services for exceptional students who would be unable to attend classes without the service is entitled to funds equal to the actual cost of the transportation not exceeding \$278 in 1977-1978 or \$292 in 1978-1979 and thereafter for each exceptional student transported.

[Amended by Acts 1975, 64th Leg., p. 877, ch. 334, § 1, eff. Sept. 1, 1975; Acts 1977, 65th Leg., 1st C.S., p. 23, ch. 1, § 9, eff. Sept. 1, 1977.]

Section 10 of the 1977 amendatory act provided:

"(a) Prior to the convening of the 66th Legislature, the commissioner of education shall determine the actual cost for regular transportation services per eligible student mile in each school district. The costs shall include the total base costs for transporting eligible students for maintenance, operation, salaries, depreciation, and all other costs attributable to the transportation of eligible students, including combined state and local expenditures for each school district. The cost per eligible student mile shall be derived by dividing the average actual daily cost by the average number of eligible student miles traveled daily.

"(b) An 'eligible student,' for purposes of this section, is a student who lives two or more miles from the school to which he is assigned.

"(c) For purposes of determining the actual costs in each school district, the commissioner shall designate one day per month on which each school district shall report the actual number of eligible students transported and the total route miles of operation required to transport the students. The average number of eligible students transported daily, divided by the average number of route miles traveled daily, shall determine the classification of school districts into eligible student population categories. The number of the eligible student population categories shall be determined by the commissioner.

"(d) The commissioner shall determine the average actual cost for regular transportation services per eligible student mile, including state and local expenditures, within each student population category for the 1977-1978 and 1978-1979 school years.

"(e) The commissioner may require any reports and information necessary to develop the cost data required by this section and shall establish any additional rules necessary to implement this section.

"(f) The commissioner shall prepare and submit to the 66th Legislature when it convenes in 1979 a recommended plan for funding transportation of eligible students."

§ 16.207. Routes and Systems: Evaluation and Approval

(b) The commissioner shall evaluate all transportation systems as rapidly as possible.

(d) Repealed by Acts 1977, 65th Leg., 1st C.S., p. 48, ch. 1, § 35, eff. Sept. 1, 1977.

(e) In approving a transportation system for a district or county, consideration shall be given to providing transportation for only those pupils who live two or more miles from the school they attend, but no consideration shall be given to providing transportation for pupils transferred from one district to another when their grades are taught in their home district unless transferred as provided by law and transportation has been approved by the county school board as provided by law.

(f) There shall be no duplication of bus routes and services within sending districts by buses operated by two school districts and/or counties except on approval by the state commissioner of education. [Amended by Acts 1975, 64th Leg., p. 877, ch. 334, § 1, eff. Sept. 1, 1975; Acts 1977, 65th Leg., 1st C.S., p. 48, ch. 1, § 35, eff. Sept. 1, 1977.]

The legislature may appropriate out of any money in the state treasury not otherwise appropriated a sum not exceeding \$250,000, or as much thereof as necessary, for the state board of control to be used for such purposes.

(b) Any sum appropriated shall be known as the school bus revolving fund. When motor vehicles and school buses are delivered to the various schools coming within the provisions of this chapter, the governing bodies of those schools shall reimburse the state board of control for the money expended for such school buses including their chassis and/or bodies and the money shall be deposited by the state board of control in the school bus revolving fund. § 16.251. Financing; General Rule

(1) ad valorem tax revenue generated by an equalized local school district effort;

(2) state available school funds distributed in accordance with law; and

(3) state funds appropriated for the purposes of public school education and allocated to each district in an amount sufficient to finance the cost of each district's Foundation School Program not covered by other funds specified in this subsection.

§ 16.252. Local Share of Program Cost

(a) For the 1977-1978 school year and each year thereafter, each school district's share of its guaran-

teed entitlement under the Foundation School Program shall be an amount equal to the product of an index rate of .0018 multiplied by the full market value of property in the district or the product of an index rate of .00205 multiplied by the index value of property determined pursuant to Section 11.86 of this code, whichever amount is smaller.

(b) For the 1977-1978 and 1978-1979 school years, the estimates of market values and agricultural use values of open-space land reported in the official compilation of school district property values prepared by the Governor's Office, Education Resources shall be used as the market values and index values for the determination of the local fund assignment. For the 1979-1980 school year and thereafter, the commissioner of education shall utilize the official biennial report of the School Tax Assessment Practices Board estimates of the market value and index value in each school district for determining the local fund assignment. Such estimates of value shall be determined in accordance with Subchapter F, Chapter 11 of this code.¹

(c) For the 1977-1978 school year and each school year thereafter, no district's local fund assignment as determined pursuant to this section shall exceed 125 percent of its prior year's local fund assignment.

The commissioner shall make a preliminary determination of each district's share of its guaranteed entitlement under the Foundation School Program for the 1977-1978 and 1978-1979 school years no later than August 15, 1977 and 1978 respectively. Each district shall have the right to appeal its value based on the 1976 official compilation of school district property values prepared by the Governor's Office, Education Resources. Prior to October 1, 1977, appeals shall be reviewed by the commissioner of education and these appeals to the commissioner shall not be subject to the provisions of the Administrative Procedure and the Texas Register Act.² Appeals thereafter shall be held pursuant to Section 11.86(d) of this code. The decision of the commissioner of education shall be final and shall be completed no later than October 1, 1977. Thereafter, the decision of the School Tax Assessment Practices Board may be appealed pursuant to Section 11.86(e) of this code.

(e) A school district need not raise its total local share of its program cost.

(b) The commissioner of education shall then grant to each school district from the Foundation School Program appropriation the amount of funds necessary to provide the difference between Subdivision (1) and the sum of Subdivisions (2) and (3) of Subsection (a) of this section.

(c) The commissioner shall approve warrants to each school district equaling the amount of its grant. Warrants for all money expended according to the provisions of this chapter shall be approved and transmitted to treasurers or depositories of school districts in the same manner as warrants for state apportionment are transmitted.

(b) In the event of overallocation of state funds, as determined by the State Board of Education or the state auditor by reference to the director's report, the Central Education Agency shall, by withholding from subsequent allocations of state funds, recover from the district an amount, or amounts, equal to the overallocation.

SUBCHAPTER A. SCHOOL DISTRICT TAX BONDS AND MAINTENANCE TAXES

§ 20.03. Assessment of Property; Tax Rates

(a) Notwithstanding a provision of general or local law to the contrary, a school district required by law or contract to use the tax office of another taxing unit may adopt its own assessment ratio and tax rate. The district shall use the appraised values determined by the office required by law or contract to assess its taxes, but may impose taxes on the basis of a different proportion of appraised value than that of the taxing unit administering the tax office.

(b) A school district may not levy a tax for the maintenance and operation of its schools which would generate an amount of local maintenance revenues in excess of the amount determined by multiplying an index rate of \$1.40 per \$100 of the total market value of the district's taxable property as determined by the School Tax Assessment Practices Board¹ for the year on which the local fund assignment is based. Provided, however, that for the 1977-1978 and 1978-1979 school years the total market value of the district's taxable property shall be that determined by the Governor's Office, Education Resources.

(c) After a board of equalization approves and certifies a tax roll for a school district's tax purposes, the assessor for the district shall subtract from the total assessed value of all property on the roll the assessed value of property added to the roll since the preceding tax year by annexation of terri-

tory, the assessed value of all improvements made after January 1 of the preceding tax year. The assessor shall then calculate the tax rate that, if applied to the total assessed value remaining after subtracting the assessed value of annexed property and new improvements would impose the same total dollar amount of taxes that the district imposed in the preceding year, shall publicize that rate in a manner reasonably designed to come to the attention of all residents of the district, and shall submit the rate to the board of trustees for the district.

(d) The board of trustees for a school district may not adopt a tax rate that exceeds the rate calculated and announced under Subsection (c) of this section until it has given public notice of its intention to adopt a higher rate in a manner reasonably designed to come to the attention of all residents of the district and has held a public hearing on the proposed tax increase. The hearing may not be before the sixth day after the date notice is given under this subsection.

(e) The assessor for each school district shall prepare and mail a notice to each person in whose name the property is listed on the tax roll, or to his authorized agent, in the event such person's property values are increased as a result of reappraisal. Such tax notice shall contain the following information:

- (1) the prior tax year's appraised value, assessed value, tax rate, and dollar amount of tax;
- (2) the current tax year's appraised value, assessed value, tax rate, and dollar amount of tax.

(f) The assessor for each school district shall prepare and mail a tax bill to each person in whose name the property is listed on the tax roll or to his authorized agent. The assessor shall mail tax bills by October 1 or as soon thereafter as practicable.

(g) The tax bill or a separate statement accompanying the tax bill shall:

- (1) identify the property subject to the tax;
- (2) state the appraised value and assessed value of the property;
- (3) if the property is designated for agricultural use, state the market value and assessed value for purposes of deferred taxation;
- (4) state the assessment ratio for the school district;
- (5) state the type and amount of any partial exemption applicable to the property;
- (6) state the total tax rate for the school district;
- (7) state the amount of tax due and due date; and
- (8) state the rates of penalty and interest imposed for delinquent payment of the tax.

Section 33(a) of the 1977 amendatory act provides, in part, that subsecs. (a) and (b) of this section shall take effect on the passage of the Act (July 22, 1977), that subsecs. (c) to (f) shall take effect on January 1, 1978, and that all other sections of the Act take effect on September 1, 1977.

Support may be provided by the state senior colleges and universities in the pre-service preparation of teachers to carry out the provisions of this section. CHAPTER 23. INDEPENDENT SCHOOL DISTRICTS

SUBCHAPTER A. BOARD OF TRUSTEES

Section

23.023. Districts With 66,000 or More Scholastics [NEW].

§ 23.023. Districts With 66,000 or More Scholastics

(a) Any independent school district, whether created by special or general law, with 66,000 or more students in average daily attendance for the 1975-1976 school year or thereafter shall be under the management and control of a board of nine trustees elected in accordance with the provisions of this section.

(b) At all elections held after December 31, 1977, seven members of the board of trustees shall be elected by the qualified voters of single-member districts and two members, who shall be the president and vice-president of the board, shall be elected at large.

(c) At least 120 days before the school board election to be held in April, 1978, the board shall divide the school district into seven trustee districts which are compact, contiguous, and contain as nearly as practicable an equal population according to the last preceding federal decennial census.

(d) Except as provided for the initial election under single-member districts, a candidate seeking to represent a trustee district must reside in the district he seeks to represent, and vacates his office if

he ceases to reside in that district. A candidate for president or vice-president may seek election to only one position and shall be designated on the official ballot according to the position for which he seeks election. A candidate for president or vice-president must reside in the school district, and vacates his office if he ceases to reside in the district.

(e) The candidate receiving a majority of the votes cast in each position is elected. If no candidate receives a majority of the votes cast for that position, the board shall order a runoff to be held on the third Saturday in April immediately following the first election, and only the names of the two candidates receiving the highest number of votes in the first election shall be listed on the ballot. The candidate receiving the majority of the votes cast in the runoff election is elected.

(f) A member of the board may resign his position to seek election to the office of president or vice-president.

(g) At least 120 days before an election to be held in the second year following the calendar year in which the federal decennial census is taken, the board shall redivide the district into seven trustee districts if the census data indicate that the population of the most populous district exceeds the population of the least populous district by more than 10 percent.

(h) In districts with seven board members on January 1, 1978, members of the board serving on that date shall serve for the remainder of their terms, except those choosing to resign. At the election held in April, 1978, four members shall be elected—the president, vice-president, and two regular members. The president and vice-president then elected shall serve for a term of two years. The other two members then elected shall draw lots so that one will serve for a term of two years, and one will serve for a term of four years. The five members of the board holding the offices for which there was no election shall draw lots to determine which trustee district they will represent during the remainder of their terms. Thereafter, all members shall be elected to staggered terms of four years.

(i) A school district having 66,000 or more students in average daily attendance for the 1975-1976 school year or thereafter which has previously adopted single-member district representation may continue to operate under that plan.

(j) This section does not apply to a district with 66,000 or more students in average daily attendance for the 1975-1976 school year or thereafter all or part of which is located in a city with a population of between 600,000 and 700,000 according to the 1970 federal census.

(k) A school district with less than 66,000 students in average daily attendance for the 1975-1976 school year that later becomes subject to this section

shall begin electing trustees from single-member districts in accordance with this section no later than the first regular election following the next calendar year in which the federal census is taken. A school district subject to this section whose average daily attendance drops below 66,000 students shall continue to be governed by this section.

[Added by Acts 1977, 65th Leg., p. 2134, ch. 852, § 1, eff. Aug. 29, 1977.]

Section 2 of the 1977 Act provides:

"If any provision of this Act or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions or applications of the Act which can be given effect without the invalid provision or application, and to this end the provisions of this Act are declared to be severable."

Section 3 of the 1977 Act, the emergency clause, provides in part: "The legislature finds:

"(1) that in the school districts with the largest number of students, the at-large election of all members of the board of trustees increases the number of constituents represented by each trustee and hinders communication between the trustee and the constituents, and therefore makes the representation of those constituents less effective;

"(2) that in the school districts with the largest number of students, the at-large election of all members of the board of trustees may work to dilute the voting power of identifiable ethnic groups;

"(3) that in structuring solutions to the dilution of ethnic group voting power, the federal courts have decided that preference should be given to some form of single-member district representation; and

"(4) that the need for increasing the effectiveness of political representation, preserving the voting power of all ethnic groups, complying with the preference for single-member district representation, and assuring the participation of all people in the political process creates an emergency."

SUBCHAPTER G. INCENTIVE AID PAYMENTS

§ 23.994. Use Restricted

The incentive aid payments shall be used exclusively to retire the existing bonded indebtedness of the school districts which have been consolidated, shall be applied to the cost of constructing new buildings required by the reorganized district, or shall be used for renovation or improvement of existing buildings in the reorganized district.

[Amended by Acts 1977, 65th Leg., 1st C.S., p. 46, ch. 1, § 31, eff. Sept. 1, 1977.]

CHAPTER 25. RURAL HIGH SCHOOL DISTRICTS

§ 25.07. Assessment and Collection of Taxes

[See Compact Edition, Volume 1 for text of (a)]

(b) The board of trustees of a rural high school district may appoint an assessor of taxes who shall assess the taxable property within the limits of the district and the assessment shall be equalized by a board of equalization composed of three members, legally qualified voters residing in the district, appointed by the board of trustees, in which event:

(1) The tax assessor so appointed shall make a complete list of all assessments made by him and when the list is approved, shall submit it to the county tax collector not later than September 1 of each year, and the tax assessor shall receive compensation for his services as the trustees of the district may allow;

(2) The board of equalization shall have the same powers and be subject to the same restrictions as apply to such boards in independent school districts; and

(3) The county tax assessor-collector shall collect the taxes and shall deposit the funds so collected in the county depository to the credit of the rural high school district, and he shall be compensated at the rate of one-half of one percent for his services for collecting the taxes.

(c) If a rural high school district has an assessed valuation in excess of \$4,000,000 or an average daily attendance of more than 550 students during the preceding year, the board of trustees of the rural high school district may, by majority vote, appoint a collector of taxes for the district who shall perform the duties ordinarily required of a county tax collector who collects taxes for a common school district. He shall receive compensation for his services as the trustees of the district may allow. He shall give bond to be executed by a surety company authorized to do business in the State of Texas, in an amount sufficient adequately to protect the funds of the school district in the hands of the collector. In no event shall the bond be less than twice the largest amount collected at any one time in the preceding fiscal or calendar year, or \$50,000, whichever is smaller, to be determined by the governing body in such school district. The bond shall be payable to and approved by the president of the board of trustees and conditioned that he will faithfully discharge his duties and will pay over to the depository for the rural high school district all funds coming into his hands by virtue of his office. Any premium on the bond shall be payable out of funds of the district.

(d) If a rural high school district is situated in more than one county or subject to the jurisdiction of a county having a population of 350,000 or more, according to the last preceding federal census, the board of trustees of the rural high school district may, by majority vote, choose to have the taxes for the district assessed and collected by an assessor-collector appointed by the board and to have the taxes equalized by the board of equalization of the district. In the event the board so chooses, the following regulations shall apply:

(1) The assessor-collector appointed by the board shall assess the taxable property within the limits of the district in the time and manner provided by the general law applicable to taxation within the district, insofar as the law is applicable, and collect the taxes;

(2) The assessor-collector shall receive such compensation for his services as the board of trustees may allow;

(3) The assessor-collector shall give bond, fulfilling the qualifications that the bond shall be:

(A) executed by a surety company authorized to do business in the State of Texas;

(B) in an amount determined by the board of trustees to be sufficient adequately to protect the funds of the rural high school district;

(C) payable to the president of the board of trustees of the rural high school district and approved by the board of trustees; and

(D) conditioned that the assessor-collector will faithfully discharge his duties and will deposit in the county depository to the credit of the rural high school district all funds coming into his hands by virtue of his office; and

(4) The board of trustees may also appoint one or more deputy tax assessor-collectors for the district who shall receive for their services such compensation as the board may allow.

The established rules and regulations of each institution shall be reported to the coordinating board and included in the operating budgets of each institution.

(c) Within 30 days of the end of each academic year, the institution shall file with its governing board a report, by department, of the academic duties and services performed by each member of the faculty during the nine-month academic year, showing evidence of compliance with requirements established by the governing board. The report of academic duties and services performed by each member of the faculty shall indicate all appointments held by the faculty member in the employing institution, the salary paid to each appointment, the percent of time of each appointment, and the source of funds from which salary payments were made. Teaching responsibilities in each workload standard shall be in proportion to the portion of salary paid from funds appropriated for instructional purposes.

(d) The institutional head of each higher education institution shall designate the officer of his staff who will monitor workloads, prepare and review appropriate workload reports, and submit the reports to the institutional head for his certification or approval and comments as may be appropriate. § 51.403. **Reports of Student Enrollment**

(a) All higher education institutions of this state shall offer only such courses and teach such classes as are economically justified in the considered judgment of the appropriate governing board.

(b) The chief executive officer of each institution shall provide its governing board a report for each fall and spring semester indicating for each instructor the number of students enrolled in each class, the number of semester-credit hours accrued to each course, the course number and title, the department in which the course is offered, and the identity and academic rank of the instructor.

(c) At the close of each fall and spring semester, the chief executive officer of each institution shall provide the appropriate governing board with a semester report comparing student enrollments in each class on the last day with enrollments as set out in Section 51.403(b) of this code.

(d) Each institution shall file with its governing board and the coordinating board a small class report, excluding individual instruction courses, indicating department, course number, title of course, and the name of the instructor. "Small classes," for the purpose of this report, are undergraduate-level courses with less than 10 registrations, and graduate-level courses with less than 5 registrations. No small classes shall be offered in any institution except as authorized by the appropriate governing board. A small class of the same course may not be offered in consecutive semesters or summer terms. No small classes shall be offered in any subject if another class section of the same course is being offered.

[Added by Acts 1977, 65th Leg., p. 1479, ch. 601, § 1, eff. Aug. 29, 1977.]

§ 51.404. Submission of Reports

Each institution shall submit all reports required by this subchapter to the coordinating board. The coordinating board shall furnish such summaries of these reports as the governor's budget office and legislative budget board may request, including an analysis of compliance by each institution of higher education with its adopted rules and regulations as filed with the coordinating board in compliance with Section 51.402(b) of this code. All such reports shall be public information.

[Added by Acts 1977, 65th Leg., p. 1479, ch. 601, § 1, eff. Aug. 29, 1977.]

§ 51.405. Reporting of Noncompliance

SUBCHAPTER C. POWERS AND DUTIES

Section

53.47. Bonds for the Purchase of Student Loan Notes [NEW].

SUBCHAPTER C. POWERS AND DUTIES

§ 53.47. Bonds for the Purchase of Student Loan Notes

(a) An authority heretofore created may, upon approval of the city or cities which created the same, issue revenue bonds to obtain funds to purchase student loan notes which are guaranteed under the provisions of the Higher Education Act of 1965 (Public Law 89-329).¹ Revenue bonds issued for such purpose shall be issued in accordance with and with the effect provided in this chapter, except Section 53.36 shall not apply, as said chapter has been modified by Chapter 3, Acts of the 61st Legislature, Regular Session, 1969, as amended (Article 717k-2, Vernon's Texas Civil Statutes), and by

Chapter 784, Acts of the 61st Legislature, Regular Session, 1969 (Article 717k-3, Vernon's Texas Civil Statutes). Such bonds shall be payable from and secured by a pledge of revenues derived from or by reason of the ownership of student loan notes and investment income after deduction of such expenses or operating the loan program as may be specified by the bond resolution or trust indenture.

(b) The authority, acting through a bank with trust powers, may cause bond proceeds to be expended to purchase for its account student loan notes executed by students who (1) are residents of this state or (2) who have been admitted to attend an accredited institution within this state. An accredited institution shall mean an institution which has been recognized by a recognized accrediting agency, as defined by Section 61.003(12) of the Texas Education Code, and is a public or private institution of higher learning which is not organized for profit.

(c) The authority shall contract with a nonprofit corporation, organized under the laws of this state, whereby such corporation will provide the reports and other information required for continued participation in the federally guaranteed loan program provided by the Higher Education Act of 1965 (Public Law 89-329). The custody of student loan notes, purchased by the bank on behalf of the authority, shall be held by a bank with trust powers located within this state.

(d) The authority, as a municipal corporation of the state, is charged with a portion of the responsibility of the state to provide educational opportunities in keeping with all applicable state and federal laws. Nothing in this section shall be construed as a prohibition against establishing policies to limit the purchase of notes to notes executed by students attending school in a certain geographical area or by students who are residents of the area.

(e) In lieu of establishing an authority under the provisions of this chapter, the governing body of a home-rule city or cities may request a nonprofit corporation heretofore organized to exercise the powers enumerated and provided in this section for and on its behalf. If the corporation agrees to exercise such powers, the directors of such corporation shall thereafter be appointed by and be subject to removal by the governing body of the home-rule city or cities, and except as herein provided, Sections 53.14, 53.15, 53.31, 53.32, 53.38, and 53.41 through 53.43 of the Texas Education Code shall apply to and govern such corporation, its procedures, and bonds. SUBCHAPTER B. TUITION RATES

§ 54.051. Tuition Rates

(a) The governing board of each institution of higher education shall cause to be collected from students registering at the institution tuition or registration fees at the rates prescribed in this section.

(b) Tuition for resident students, except as otherwise hereinafter provided, is \$4 per semester credit hour, but the total of such charge shall be not less than \$50 per semester or 12-week summer session, and not less than \$25 per 6-week summer term.

(c) Tuition for nonresident students, except as otherwise hereinafter provided, is \$40 per semester credit hour.

(d) Resident or nonresident students registered for thesis or dissertation credit only, in those instances where such credit is the final credit hour requirement for the degree in progress, shall pay a sum proportionately less than herein prescribed but not more than \$50.

(e) Tuition for resident students registered in a medical or dental branch, school or college is \$400 per academic year of 12 months.

(f) Tuition for nonresident students registered in a medical or dental branch, school or college is \$1,200 per academic year of 12 months.

(g) Resident or nonresident students registered for a course or courses in art, architecture, drama, speech, or music, where individual coaching or instruction is the usual method of instruction, shall pay a fee in addition to the regular tuition, said fee to be designated by the governing board of such institution; but in no event shall such fees be more per course per semester of four and one-half months or per summer session than \$75.

(h) Tuition for students who are citizens of any country other than the United States of America is the same as tuition required of other nonresident students. However, the governing board of an institution of higher education may set a lower fee for a foreign student, based on financial need, as authorized by rules and policies of the Coordinating Board, Texas College and University System. The lower fee in any case shall be not less than \$14 per semester credit hour, and the total of such charge shall be not less than \$200 per semester or 12-week summer session, and not less than \$100 per 6-week summer term. However, if a student is a citizen of a country that charges citizens of the United States tuition at public funded colleges and universities in an amount which is equal to or less than \$200 per semester or 12-week summer session or comparable period, or \$100 per 6-week summer term or comparable period, as determined by the Coordinating Board, Texas College and University System, the student shall be charged \$14 per semester credit hour, but not less than \$200 per semester or 12-week summer session nor less than \$100 per six-week summer term.

(i) Tuition for students who are citizens of any country other than the United States of America registered in a medical or dental branch, school or college is the same as tuition required of other nonresident students. However, the governing board of an institution of higher education may set a lower fee for a foreign student, based on financial need, as authorized by rules and policies for the Coordinating Board, Texas College and University System. The lower fee in any case may not be less than \$800 per academic year of 12 months. However, if a student is a citizen of a country that charges citizens of the United States tuition at a publicly funded medical or dental branch, school, or college in an amount which is equal to or less than \$800 per academic year of 12 months or comparable period, as determined by the Coordinating Board, Texas College and University System, the student shall be charged \$800 per academic year of 12 months.

(j) Tuition for nonresident students registered in a public junior college is as provided in Subsection (b), Section 130.003 of the Texas Education Code.

(k) Tuition for students registered in a school of nursing as a nursing student is \$50 per semester and per 12-week summer session.

(l) Tuition for students registered in a school of nursing as a nursing student for less than 12 semester credit hours of work or for less than a full semester credit hour or term hour load during a summer session shall pay an amount proportionately less than the amount provided in Subsection (k) of this section, but not less than \$20.

(m) Repealed by Acts 1975, 64th Leg., p. 2326, ch. 720, § 2, eff. Sept. 1, 1975.

(n) Notwithstanding the preceding provisions of this section, any nonresident student who is enrolled for the spring semester of 1971 in an institution covered by this section may continue to enroll at the same institution at the same tuition rate that was effective at the time of his original enrollment until one of the following conditions first occurs:

(1) he receives the degree at the degree level (i. e., the baccalaureate, master's, or doctoral degree) toward which he is working during the spring semester of 1971; or

(2) he voluntarily withdraws from the institution or the institution involuntarily withdraws the student for disciplinary reasons or for failing to meet the academic standards of the institution; or

(3) the termination of the spring semester of 1975.

(o) A teaching assistant, research assistant, or other student employee of any institution covered by this section is entitled to register himself, his spouse, and their children in a state institution of higher education by paying the tuition fees and other fees or charges required for Texas residents, without regard to the length of time he has resided in Texas; provided that said student employee is employed at least one-half time in a position which relates to his degree program under rules and regulations established by the employer institution. This exemption shall continue for students employed two consecutive semesters through the summer session following such employment if the institution is unable to provide employment and, as determined under standards established by the institution, if the employee has satisfactorily completed his employment.

(p) A student who holds a competitive scholarship of at least \$200 for the academic year or summer for which he is enrolled and who is either a nonresident or a citizen of a country other than the United States of America is entitled to pay the fees and charges required of Texas residents without regard to the length of time he has resided in Texas, provided that he must compete with other students, including Texas residents, for the scholarship and that the scholarship must be awarded by a scholar-

ship committee officially recognized by the administration of the institution of higher education.

[Amended by Acts 1975, 64th Leg., p. 1358, ch. 515, §§ 1, 2, eff. June 19, 1975; Acts 1975, 64th Leg., p. 2326, ch. 720, § 2, eff. Sept. 1, 1975.]

Section 4 of ch. 515 provided:

"The provisions of this Act apply only to foreign students who enter state colleges and universities for the first time after the effective date of this Act."

§ 54.060. Resident of Bordering State: Tuition

The nonresident tuition fee prescribed in this chapter does not apply to a nonresident student who is a resident of a state situated adjacent to Texas and who registers in any Texas public junior college situated in a county immediately adjacent to the state in which the nonresident student resides. The nonresident junior college student described in this section shall pay an amount equivalent to the amount charged a Texas student registered at a similar school in the state in which the nonresident student resides. The nonresident student described in this section shall pay equivalent fees and charges to those charged Texas students registered at a similar institution in the state in which the nonresident student resides, when such student registers at a Texas public senior upper level (those institutions offering only junior, senior, and graduate level programs) institution of higher education located within the Texas public junior college district from which the nonresident student has graduated or completed 45 semester credit hours.

[Amended by Acts 1975, 64th Leg., p. 280, ch. 122, § 1, eff. May 5, 1975.]

§ 54.062. Tuition Limit in Cases of Concurrent Enrollment

When a student registers at more than one public institution of higher education at the same time, his tuition charges shall be determined in the following manner:

(1) The student shall pay the full tuition charge to the first institution at which he is registered; and in any event he shall pay an amount at least equal to the minimum tuition specified in this code.

(2) If the minimum tuition specified in this code for the first institution at which the student is registered is equal to or greater than the minimum tuition specified in this code for the second institution at which the student is registered concurrently, the student shall not be required to pay the specified minimum tuition charge to the second institution in addition to the tuition charge paid to the first institution, but shall pay only the hourly rates, as provided in this code, to the second institution.

(3) If the minimum tuition specified in this code for the first institution at which the student is registered is less than the specified mini-

imum tuition charge at the second institution (that is, if the second institution has a higher minimum tuition charge specified in this code), then the student shall first register at the institution having the lower minimum tuition and shall pay to the second institution only the amount equal to the difference between his total tuition charge at the second institution and his total tuition charge at the first institution, but in no case shall the student pay to the second institution less than the hourly rates as provided in this code.

(4) If a student is considered to be a Texas resident and therefore qualified to pay Texas resident tuition rates by one institution at which he is registered, that student shall be considered a Texas resident at each of the institutions at which he is concurrently registered for the purposes of determining the proper tuition charges. Nothing in this subsection shall be so construed as to allow a nonresident to pay resident tuition except at institutions covered by Section 54.060 of this code.

[Added by Acts 1977, 65th Leg., p. 21, ch. 7, § 1, eff. March 3, 1977.]

Section 2 of the 1977 Act provided:
 "Should any provision of this Act conflict with, limit, or impair any pledge, covenant, or option made or reserved by any governing board with respect to any bonds outstanding as of the effective date of this Act, this Act is hereby repealed to the extent of the conflict, limitation, or impairment."

Such medical service fees, when levied and collected, shall not be expended for any purpose other than providing medical services for the students of such institutions of higher learning.

(b) Such fees shall, if levied, be in addition to any other fees authorized by law to be levied and collected by such governing boards.

(c) Prior to the levy of a medical services fee at any institution of higher education under the provisions of this section, the governing board shall provide for receiving recommendations from the students, faculty, and administration of such institution as to the type and scope of medical services to be provided.

CHAPTER 55. FINANCING PERMANENT IMPROVEMENTS

SUBCHAPTER B. REVENUE BONDS AND FACILITIES

§ 55.16. Rentals, Rates, Charges, and Fees

Each board shall be authorized to fix and collect rentals, rates, charges, and/or fees from students and others for the occupancy, services, use, and/or availability of all or any of its property, buildings, structures, activities, operations, or other facilities, in such amounts and in such manner as may be determined by the board; provided, however, that all student use fees shall be fixed and collected in proportion to the number of semester credit hours for which a student registers, and shall not exceed

\$6 per semester hour, except that those schools charging more than \$6 per semester hour as of May 1, 1975, shall not exceed the amount being charged as of that date, and except that the legislature may specifically authorize individual boards to levy fees in excess of the \$6 limit set herein. The board may waive all or any part of any such student use fees in the case of any student for whom the payment of such student use fee would cause an undue economic hardship, except that the number of such students for whom such waivers are granted shall not exceed 5% of the total enrollment; and further provided that nothing in this section shall affect, limit, or impair any pledge, covenant, or option made or reserved by the board with respect to any revenue bonds outstanding as of the 1975 amendment to this section, issued by the board pursuant to this chapter; and provided that hereafter if bonds are issued pursuant to Section 55.17 of this code, to be secured by a pledge of a limited or unlimited use fee, and if, at the time of authorizing the issuance of the bonds, (1) the estimated maximum amount per semester hour of such pledged use fee (based on then current enrollment and conditions) during any future semester necessary to provide for the payment of the principal of and interest on the bonds when due, together with (2) the aggregate amount of all use fees which were levied on a semester hour basis for the then current semester to pay the principal of and interest on all previously issued bonds, do not exceed \$6 per semester hour, then such limited or unlimited use fee shall be levied and collected when and to the extent required by the resolution authorizing the issuance of the bonds in any amount required to provide for the payment of the principal of and interest on the bonds, regardless of any other provision of this section or the limitations contained herein.

[Added by Acts 1975, 64th Leg., p. 2323, ch. 720, § 1, eff. Sept. 1, 1975.]

§ 56.002. Declaration of Policy

The legislature, giving due consideration to the historical and continuing interest of the people of the State of Texas in encouraging deserving and qualified persons to realize their aspirations for education beyond high school finds and declares that postsecondary education for those who desire such an education and are properly qualified therefor is important to the welfare and security of this state and the nation and, consequently, is an important public purpose. The legislature finds and declares that the state can achieve its full economic and social potential only if every individual has the opportunity to contribute to the full extent of his capabilities and only when financial barriers to his economic, social, and educational goals are removed. It is, therefore, the policy of the legislature and the purpose of this Chapter to establish financial assistance programs to enable qualified students to receive a postsecondary education.

of higher education to assure that they meet the present and future needs of the state. The board shall also order the initiation, consolidation, or elimination of degree or certificate programs where that action is in the best interest of the institutions themselves or the general requirements of the State of Texas, or when that action offers hope of achieving excellence by a concentration of available resources. No new department, school, degree program, or certificate program may be added at any institution of higher education except with specific prior approval of the board. Once approved, no department, school, degree program, or certificate program at any institution of higher education may be expanded to include subject matter courses that are outside of approved degree and certificate programs except with specific prior approval of the board.

The board may contract with the State Board of Education (State Board of Vocational Education) so that the coordinating board may assume the leadership role and administrative responsibilities of the State Board for Vocational Education for state level administration of technical-vocational education programs in Texas public community colleges, public technical institutes, and other eligible public postsecondary institutions.

[See Compact Edition, Volume 1 for text of (g) to (i)]

SUBCHAPTER G. REGULATION OF PRIVATE DEGREE-GRANTING INSTITUTIONS OF HIGHER EDUCATION [NEW]

§ 61.301. Purpose

It is the policy and purpose of the State of Texas to prevent deception of the public resulting from the conferring and use of fraudulent or substandard college and university degrees; it is also the purpose of this subchapter to regulate the use of academic terminology in naming or otherwise designating educational institutions, the advertising, solicitation or representation by educational institutions or their agents, and the maintenance and preservation of essential academic records. Because degrees and equivalent indicators of educational attainment are used by employers in judging the training of prospective employees, by public and private professional groups in determining qualifications for admission to and continuance of practice, and by the general public in assessing the competence of persons engaged in a wide range of activities necessary to the general welfare, regulation by law of the evidences of college and university educational attainment is in the public interest. To the same end the protection of legitimate institutions and of those holding degrees from them is also in the public interest.

§ 61.304. Requisite Authority to Grant Degrees and Offer Courses

§ 130.082. **Governing Board of Junior College of Other than Independent School District**

[See Compact Edition, Volume 1 for text of (a) to (c)]

(d) The number of members or trustees of the governing board shall be either seven or nine, in accordance with the laws applicable to the junior college district on the effective date of this code or on the date of the creation of a new district or a new board. Any seven-member board may be increased to nine, and the two additional members shall be appointed by resolution or order of the board for terms of office as prescribed in Subsection (e) of this section. Any vacancy occurring on the board through death, resignation, or otherwise, shall be filled by appointment by resolution or order of the board. If the vacancy occurs on a board whose members are elected in at-large elections, the person appointed to fill the unexpired term shall serve until the next regular election of members to the board, at which time the position shall be filled by election for a term appropriately shortened to conform with what regularly would have been the length of the term for that position. If the vacancy occurs on a board whose members are elected from single-member districts, the person appointed to fill the unexpired term shall serve until the next regular election for that particular district. Each member of the board shall be a resident, qualified voter of the district and shall take the proper oath of office before taking up the duties thereof. Members of a board shall not receive any remuneration or emolument of office, but they shall be entitled to reimbursement for their actual expenses incurred in performing their duties, to the extent authorized and permitted by the board. The board shall elect one of its members as president of the board, and the president shall preside at meetings of said board and perform such other duties and functions as are prescribed by the board. The president of the board

shall have a vote the same as the other members. The board shall elect a secretary of the board who may or may not be a member of the board, and who shall be the official custodian of the minutes, books, records, and seal of said board, and who shall perform such other duties and functions as are prescribed by the board. The board shall be authorized to elect any other officers as deemed necessary or advisable. Officers of the board shall be elected at the first regular meeting of the board following the regular election of members of the board in even-numbered years, or at any time thereafter in order to fill a vacancy. Said board shall be authorized to appoint or employ such agents, employees, and officials as deemed necessary or advisable to carry out any power, duty, or function of said board; and to employ a president, dean, or other administrative officer, and upon the president's recommendation to employ faculty and other employees of the junior college. Said board shall act and proceed by and through resolutions or orders adopted or passed by the board and the affirmative vote of a majority of all members of the board shall be required to adopt or pass a resolution or order, and the board shall adopt such rules, regulations, and bylaws as it deems advisable, not inconsistent with this section.

[See Compact Edition, Volume 1 for text of (e) to (h)]

(i) The governing board of a countywide junior or community college district that contains a city with a population of more than 800,000 residents may set the date for an election held under the provisions of this section on any day in April by a resolution adopted not less than 90 days before the date selected; provided, however, that such election may not be held on the same date as the election of the governing board of any independent school district in such county unless the election date of all independent school districts in such county is on such date. The elections in each trustee district may be conducted jointly with the elections held in April in a city or school district in the trustee district. When a runoff election is necessary, the board may order the election for a date to coincide with the date of the runoff election for city officials, if the city is holding a runoff election; otherwise, the board shall set the date of the runoff election for not later than three weeks following the regular election. When members of the board and municipal officers are to be elected on the same day, the governing bodies of the district and the city shall enter into an agreement governing the conduct of the joint election in accordance with the provisions of Article 978b, Revised Civil Statutes of Texas, 1925, as amended.

[Amended by Acts 1975, 64th Leg., p. 2035, ch. 673, § 1, eff. June 20, 1975; Acts 1977, 65th Leg., p. 1386, ch. 554, § 1, eff. June 15, 1977.]

§ 130.0821. Governing Board of Certain County-wide Community College Districts

(a) The members of the governing board of a countywide community college district that contains a city with a population of more than 800,000 residents shall be elected from single-member trustee districts at all elections held after January 1, 1978.

(b) Before January 1, 1978, the board of trustees shall divide the district into seven compact trustee districts which contain as nearly as practicable an equal number of inhabitants according to the last preceding federal census. Residents of each trustee district shall be entitled to elect one member of the board, and each candidate seeking to represent a trustee district must reside in the trustee district he seeks to represent. Trustees shall, during their term of office, reside within the trustee district from which they were elected.

(c) Members of the board of trustees of the district shall serve for staggered terms of six years with the terms of two or three members expiring in even-numbered years.

(d) The trustees elected in 1978 shall draw lots for appropriate terms so that the terms of two trustees shall expire in 1980, two in 1982, and three in 1984.

(e) Within 90 days following the publication of census tract data compiled during each subsequent decennial federal census, the board of trustees shall redivide the district into seven trustee districts if such census data indicates that the population of the most populous trustee district exceeds the population of the least populous district by more than 10 percent. At the next district election following the redivision of the district, each trustee district shall elect a member of the board, and the members elected shall draw lots for two two-year terms, two four-year terms, and three six-year terms.

(f) Any election held pursuant to the terms of this section shall be conducted in accordance with the provisions of Subsection (i), Section 130.082 of this code.

(g) Trustees elected under the provisions of this section take office on the first Tuesday in May. [Added by Acts 1977, 65th Leg., p. 1868, ch. 743, § 1, eff. Aug. 29, 1977.]

§ 130.086. Branch Campuses

(a) The board of trustees of a junior college district may establish and operate branch campuses, centers, or extension facilities, without regard to the geographical bounds of the junior college district, provided that each branch campus, center, or extension facility and each course or program offered in such locations is subject to the prior and continuing approval of the Coordinating Board, Texas College and University System.

(b) Such branch campuses, centers, or extension facilities shall be within the role and scope of the junior college as determined by the Coordinating Board, Texas College and University System.

[See *Compact Edition, Volume 1 for text of (c)*]

(d) Before any course may be offered by a junior college within the district of another operating public junior college, it must be established that the second public junior college is not capable of or is unable to offer the course. If the course is to be offered in a county which has a population of more than 97,500 persons, according to the last preceding federal census, and which has no state-supported senior college or university within its boundaries, it must also be established that any other college or university in the county is not able and willing to offer the course. After the need is established and the course is not locally available, then the first junior college may offer the course when approval is granted by the Coordinating Board, Texas College and University System, under the provisions of Subsection (a).

[See *Compact Edition, Volume 1 for text of (e)*]

(f) Out-of-district branch campuses, centers, or extension facilities of junior colleges existing prior to September 1, 1971, shall be reviewed by the Coordinating Board, Texas College and University System, to determine their feasibility and desirability with respect to the junior college and the population of the geographical area served by the branch campus, center, or extension facility.

[Amended by Acts 1975, 64th Leg., p. 2035, ch. 673, § 2, eff. June 20, 1975; Acts 1975, 64th Leg., p. 2109, ch. 689, §§ 1 to 4, June 20, 1975.]

SUBCHAPTER G. FISCAL PROVISIONS

§ 130.121. Tax Assessment, Equalization, and Collection

[See *Compact Edition, Volume 1 for text of (a) to (f)*]

(g) The governing board of a joint county junior college district shall be authorized to have the taxable property in its district assessed, its values equalized, or its taxes collected, in whole or in part, by the tax assessors, boards of equalization, or tax collectors, respectively, of any county, city, taxing district, or other governmental subdivision in which all or any part of the joint county junior college district is located. The tax assessors or tax collectors of a governmental subdivision, on the request of the governing board of a joint county junior college district, shall assess and collect the taxes of the joint county junior college district on the taxable property in the territory of the district located within the governmental subdivision. The taxes assessed and collected shall be based on levies made and rates fixed by

the governing board of the joint county junior college district. Unless otherwise determined by the governing board of the joint county junior college district, the assessed valuations of the property for state and county taxes shall be used as the valuation for the joint county junior college district taxes. The tax assessors or tax collectors shall collect the joint county junior college district taxes at the same time they assess or collect the taxes levied by their own governmental subdivisions. All taxes collected for the joint county junior college district shall be accounted for and paid over to the treasurer of the joint county junior college district by the tax collectors no later than the 10th of the month following the month of collection. Tax assessors and tax collectors shall receive compensation in an amount agreed on between the appropriate parties, but not to exceed two percent of the ad valorem taxes assessed. The functions assumed by the officials of a governmental subdivision under the subsection are additional duties pertaining to their offices.

[Amended by Acts 1977, 65th Leg., p. 563, ch. 198, § 1, eff. May 20, 1977.]

(b) In his report, the counselor shall give only his opinion as to whether there exists a reasonable expectation of reconciliation of the parties, and if so, whether further counseling would be beneficial. The sole purpose of the report is to aid the court in determining whether the suit for divorce should be continued pending further counseling, and the report shall not be admitted as evidence in the suit. Copies of the report shall be furnished to the parties.

(c) If the court is of the opinion that there exists a reasonable expectation of the parties' reconciliation, the court may by written order continue the proceedings and direct the parties to any person or persons named by the court for further counseling for a period of time fixed by the court not to exceed 60 days, subject to any terms, conditions, and limitations the court deems desirable. The court shall consider the circumstances of the parties, including the needs of the parties' family, and the availability of counseling services, in making its order. At the expiration of the period of time specified by the court, the counselor to whom the parties were directed shall report to the court whether the parties have complied with the court's order. Thereafter, the court shall proceed as in divorce suits generally.

(d) No person who has counseled parties to a suit for divorce under this section is competent to testify in any action involving the parties or their children. The files, records, and other work-products of the counselor are privileged and confidential for all purposes and may not be admitted as evidence in any action involving the parties or their children.

§ 14.03. Possession of and Access to Child

[See Compact Edition, Volume 1 for text of (a) to (c)]

(d) If the court finds that it is in the best interests of the child as provided in Section 14.07 of this code, the court may grant reasonable access rights to either the maternal or paternal grandparents of the child; and to either the natural maternal or paternal grandparents of a child whose parent-child relationship has been terminated or who has been adopted before or after the effective date of this code. Such relief shall not be granted unless one of the child's legal parents at the time the relief is requested is the child's natural parent. The court may issue any necessary orders to enforce said decree.

[Amended by Acts 1975, 64th Leg., p. 1265, ch. 476, § 27, eff. Sept. 1, 1975; Acts 1977, 65th Leg., p. 335, ch. 164, § 1, eff. Aug. 29, 1977.]

§ 14.07. Best Interest of Child

[See Compact Edition, Volume 1 for text of (a)]

(b) In determining the best interest of the child, the court shall consider the circumstances of the parents. In the event of the death of the parents, the grandparents may be considered but such consid-

eration shall not alter or diminish the discretionary power of the court.

(c) In a nonjury trial the court may interview the child in chambers to ascertain the child's wishes as to his conservator. Upon the application of any party and when the issue of managing conservatorship is contested, the court shall confer with a child 12 years of age or older and may confer with a child under 12 years of age, but in either event the results of such interview shall not alter or diminish the discretionary power of the court. The court may permit counsel to be present at the interview. On the motion of a party or on the court's own motion, the court shall cause a record of the interview to be made when the child is 12 years of age or older, which record of the interview shall be made part of the record in the case.

[Amended by Acts 1975, 64th Leg., p. 1265, ch. 476, § 28, eff. Sept. 1, 1975; Acts 1977, 65th Leg., p. 1862, ch. 739, § 1, eff. Aug. 29, 1977.]

§ 14.08. Modification of Order

(a) A court order or the portion of a decree that provides for the support of a child or the appointment of a conservator or that sets the terms and conditions of conservatorship for support for, or access to a child may be modified only by the filing of a motion in the court having jurisdiction of the suit affecting the parent-child relationship. Any party affected by the order or the portion of the decree to be modified may file the motion.

(b) Each party whose rights, privileges, duties, or powers may be affected by the motion is entitled to at least 30 days' notice of a hearing on the motion to modify.

(c) After a hearing, the court may modify an order or portion of a decree that:

(1) designates a managing conservator if the circumstances of the child or parent have so materially and substantially changed since the entry of the order or decree to be modified that the retention of the present managing conservator would be injurious to the welfare of the child and that the appointment of the new managing conservator would be a positive improvement for the child; or

(2) provides for the support of a child, sets the terms and conditions for access to or possession of a child, or prescribes the relative rights, privileges, duties, and powers of conservators if the circumstances of the child or a person affected by the order or portion of the decree to be modified have materially and substantially changed since the entry of the order or decree; except that an order providing for the support of a child may be modified only as to obligations accruing subsequent to the motion to modify.

(d) If the motion is filed for the purpose of changing the designation of the managing conservator and is filed within one year after the date of issuance of the order or decree to be modified, there shall be attached to the motion an affidavit executed by the person making the motion. The affidavit must contain at least one of the following allegations along with the supportive facts:

(1) that the child's present environment may endanger his physical health or significantly impair his emotional development; or

(2) that the managing conservator is the person seeking the modification or consents to the modification, and the modification is in the best interest of the child.

(e) On the filing of a motion to which the provisions of Subsection (d) of this section apply, the court shall deny the motion and refuse to schedule a hearing unless the court determines, on the basis of the affidavit, that adequate facts to support an allegation listed in Subdivision (1) or (2) of Subsection (d) of this section are stated in the affidavit. If the court determines that the facts stated are adequate to support an allegation, a time and place for the hearing shall be set.

[Amended by Acts 1975, 64th Leg., p. 1265, ch. 476, § 29, eff. Sept. 1, 1975.]

§ 14.10. Habeas Corpus

[See Compact Edition, Volume 1 for text of (a)]

(b) The court shall disregard any cross action or motion pending for modification of the decree determining managing conservatorship, possession, or support of or access to the child unless it finds that:

(1) the previous order was granted by a court that did not have jurisdiction of the parties; or

(2) the child has not been in the relator's possession and control for at least 6 months immediately preceding the filing of the petition for the writ.

[See Compact Edition, Volume 1 for text of (c) and (d)]

(e) If the right to possession of a child is not governed by a court order, the court in a habeas corpus proceeding involving the right of possession of the child shall compel return of the child to the relator if, and only if, it finds that the relator has a superior right to possession of the child by virtue of the rights, privileges, duties, and powers of a parent as set forth in Section 12.04 of this code.

(f) The court shall disregard any motion for temporary or permanent adjudication relating to the possession of the child in a habeas corpus proceeding brought under Subsection (e) of this section unless at the time of the hearing an action is pending under this subtitle, in which case the court may proceed to

issue any temporary order as provided by Section 11.11 of this code.

[Amended by Acts 1975, 64th Leg., p. 1266, ch. 476, § 30, eff. Sept. 1, 1975; Acts 1977, 65th Leg., p. 1290, ch. 508, § 1, eff. Aug. 29, 1977.]

The child must knowingly, intelligently, and voluntarily waive these rights prior to and during the making of the statement and sign the statement in the presence of a magistrate who must certify that he has examined the child independent of any law enforcement officer or prosecuting attorney and determined that the child understands the nature and contents of the statement and has knowingly, intelligently, and voluntarily waived these rights.

[See Compact Edition, Volume 1 for text of (a) and (b)]

(c) In each county, the judge of the juvenile court and the members of the juvenile board, if there is one, shall personally inspect the detention facilities at least annually and shall certify in writing to the authorities responsible for operating and giving financial support to the facilities that they are suitable or unsuitable for the detention of children in accordance with:

(1) the requirements of Subsection (a) of this section;

(2) the requirements of Article 5115, Revised Civil Statutes of Texas, 1925, as amended, defining "safe and suitable jails," if the detention facility is a county jail; and

§ 54.01. Detention Hearing

(a) If the child is not released under Section 53.02 of this code, a detention hearing without a jury shall be held promptly, but not later than the second working day after he is taken into custody; provided, however, that when a child is detained on a Friday or Saturday, then such detention hearing shall be held on the first working day after the child is taken into custody.

[See Compact Edition, Volume 1 for text of (b) to (l)]

(m) The detention hearing required in this section may be held in the county of the designated place of detention where the child is being held even though the designated place of detention is outside the county of residence of the child or the county in which the alleged delinquent conduct or conduct indicating a need for supervision occurred.

[See Compact Edition, Volume 1 for text of (a) to (i)]

(j) The juvenile court may waive its exclusive original jurisdiction and transfer a person to the appropriate district court or criminal district court for criminal proceedings if:

- (1) the person is 18 years of age or older;
- (2) the person was 15 years of age or older and under 17 years of age at the time he is alleged to have committed a felony;
- (3) no adjudication concerning the alleged offense has been made or no adjudication hearing concerning the offense has been conducted; and
- (4) the juvenile court finds from a preponderance of the evidence that after due diligence of the state it was not practicable to proceed in juvenile court before the 18th birthday of the person because:

(A) the state did not have probable cause to proceed in juvenile court and new evidence has been found since the 18th birthday of the person; or

(B) the person could not be found.

(k) The petition and notice requirements of Sections 53.04, 53.05, 53.06, and 53.07 of this code must be satisfied, and the summons must state that the hearing is for the purpose of considering waiver of jurisdiction under Subsection (j) of this section.

(l) The juvenile court shall conduct a hearing without a jury to consider waiver of jurisdiction under Subsection (j) of this section.

[Amended by Acts 1975, 64th Leg., p. 2156, ch. 693, § 16, eff. Sept. 1, 1975.]

§ 54.03. Adjudication Hearing

[Amended by Acts 1975, 64th Leg., p. 2157, ch. 693, § 17, eff. Sept. 1, 1975.]

§ 54.04. Disposition Hearing

[Amended by Acts 1975, 64th Leg., p. 2158, ch. 693, § 23, eff. Sept. 1, 1975.]

§ 54.041. Order Prohibiting Harmful Contacts

When a child has been found to have engaged in delinquent conduct or conduct indicating a need for supervision and the juvenile court has made a finding that the child is in need of rehabilitation or that the protection of the public or the child requires that disposition be made, the juvenile court, on notice to all persons affected and on hearing, may enjoin all contact between the child and a person who is found to be a contributing cause of the child's delinquent conduct or conduct indicating a need for supervision.

[Added by Acts 1975, 64th Leg., p. 2157, ch. 693, § 18, eff. Sept. 1, 1975.]

§ 54.10. Hearings Before Referee

(a) The hearing provided in Sections 54.01, 54.03, and 54.04 of this code may be held by a referee appointed in accordance with Section 51.04(g) of this code provided:

(1) the parties have been informed by the referee that they are entitled to have the hearing before the juvenile court judge or in the case of a detention hearing provided for in Section 54.01 of this code, a substitute judge as authorized by Section 51.04(f) of this code; or

(2) the child and the attorney for the child have in accordance with the requirements of Section 51.09 of this code waived the right to have the hearing before the juvenile court judge or substitute judge.

(b) At the conclusion of the hearing, the referee shall transmit written findings and recommendations to the juvenile court judge. The juvenile court judge shall adopt, modify, or reject the referee's recommendations within 24 hours. In the same case of a detention hearing as authorized by Section 54.01 of this code, the failure of the juvenile court to act within 24 hours results in release of the child by operation of law and a recommendation that the child be released operates to secure his immediate release subject to the power of the juvenile court judge to modify or reject that recommendation.

CHAPTER 55. PROCEEDINGS CONCERNING CHILDREN WITH MENTAL ILLNESS, RETARDATION, DISEASE, OR DEFECT

§ 55.01. Physical or Mental Examination

(a) At any stage of the proceedings under this title, the juvenile court may cause the child to be examined by a physician, psychiatrist, or psychologist.

(b) If an examination ordered under Subsection (a) of this section is to determine whether the child is mentally retarded, the examination must consist of a comprehensive diagnosis and evaluation as defined in the Mentally Retarded Persons Act¹ and shall be conducted at a facility approved by the Texas Department of Mental Health and Mental Retardation.

[Amended by Acts 1977, 65th Leg., p. 1453, ch. 591, § 1, eff. Jan. 1, 1978.]

¹ See Civil Statutes, art. 5547-300. Section 3 of the 1977 amendatory act provided: "This Act takes effect January 1, 1978."

§ 55.02. Mentally Ill Child

[See Compact Edition, Volume 1 for text of (a) and (b)]

(c) If the juvenile court enters an order of temporary hospitalization of the child, the child shall be cared for, treated, and released in conformity to the Texas Mental Health Code except:

(1) a juvenile court order of temporary hospitalization of a child automatically expires when the child becomes 18 years of age;

(2) the head of a mental hospital shall notify the juvenile court that ordered temporary hospitalization at least 10 days prior to discharge of the child; and

(3) appeal from juvenile court proceedings under this section shall be to the court of civil appeals as in other proceedings under this title.

[See Compact Edition, Volume 1 for text of (d)]

(e) If the child is discharged from the mental hospital before reaching 18 years of age, the juvenile court may:

(1) dismiss the juvenile court proceedings with prejudice; or

(2) continue with proceedings under this title as though no order of temporary hospitalization had been made.

[Amended by Acts 1975, 64th Leg., p. 2157, ch. 693, §§ 20 and 21, eff. Sept. 1, 1975.]

§ 55.03. Mentally Retarded Child

(a) If it appears to the juvenile court, on the suggestion of a party or on the court's own notice, that a child alleged or found to have engaged in delinquent conduct or conduct indicating a need for supervision may be mentally retarded, the court shall order a comprehensive diagnosis and evaluation of the child to be performed at a facility approved by the Texas Department of Mental Health and Mental Retardation. If the court finds that the results of such comprehensive diagnosis and evaluation indicate a significantly subaverage general intellectual function of 2.5 or more standard deviations below the age-group mean for the tests used existing concurrently with deficits in adaptive behavior of Levels I-IV, the court shall initiate proceedings to order commitment of the child to a facility for the care and treatment of mentally retarded persons.

(b) The Mentally Retarded Persons Act (Article 3871b, Vernon's Texas Civil Statutes)¹ governs proceedings for commitment of a child meeting the criteria set forth in Subsection (a) of this section except that:

(1) the juvenile court shall conduct the proceedings whether or not the juvenile court is also a county court; and

(2) on receipt of the court's order entering the findings set forth in Subsection (a) of this section, together with those findings set forth in the Mentally Retarded Persons Act as prerequisites for court commitments, the Texas Department of Mental Health and Mental Retardation or the appropriate community center shall thereupon admit the child to a residential care facility for the mentally retarded.

[See Compact Edition, Volume 1 for text of (c) and (d)]

(e) If the child is discharged from the facility for the care and treatment of mentally retarded persons before reaching 18 years of age, the juvenile court may:

(1) dismiss the juvenile court proceedings with prejudice; or

(2) continue with proceedings under this title as though no order of commitment had been made.

[Amended by Acts 1975, 64th Leg., p. 2158, ch. 693, § 22, eff. Sept. 1, 1975; Acts 1977, 65th Leg., p. 1453, ch. 591, § 2, eff. Jan. 1, 1978.]

TITLE 1. GENERAL PROVISIONS

CHAPTER 1. GENERAL PROVISIONS

Section
1.001. Purpose of Code.
1.002. Construction of Code.

§ 1.001. Purpose of Code

(a) This code is enacted as a part of the state's continuing statutory revision program, begun by the Texas Legislative Council in 1963 as directed by the legislature in Chapter 448, Acts of the 58th Legislature, Regular Session, 1963 (Article 5429b-1, Vernon's Texas Civil Statutes). The program contemplates a topic-by-topic revision of the state's general and permanent statute law without substantive change.

(b) Consistent with the objectives of the statutory revision program, the purpose of this code is to make the general and permanent natural resources law more accessible and understandable by:

- (1) rearranging the statutes into a more logical order;
- (2) employing a format and numbering system designed to facilitate citation of the law and to accommodate future expansion of the law;

(3) eliminating repealed, duplicative, unconstitutional, expired, executed, and other ineffective provisions; and

(4) restating the law in modern American English to the greatest extent possible.

[Acts 1977, 65th Leg., p. 2347, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

§ 1.002. Construction of Code

The Code Construction Act (Article 5429b-2, Vernon's Texas Civil Statutes) applies to the construction of each provision in this code, except as otherwise expressly provided by this code.

[Acts 1977, 65th Leg., p. 2347, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

(c) The State of Texas owns the water and the beds and shores of the Gulf of Mexico and the arms of the Gulf of Mexico within the boundaries provided in this section, including all land which is covered by the Gulf of Mexico and the arms of the Gulf of Mexico either at low tide or high tide.

§ 11.015. Extension of Texas-New Mexico Boundary

(a) The boundary lines of all counties in the Texas Panhandle that border on the New Mexico boundary line are extended by extending the north and south lines of certain counties west to the Texas-New Mexico line, which was established by the survey of John H. Clark in 1859 and later retraced to completion on September 26, 1911, by the Boundary Commission composed of Francis M. Cockrell and Sam R. Scott, under authority of S.J.R. No. 124, of the 61st Congress, Third Session.

(b) The boundary line is referred to as the 103rd Meridian and is described as follows:

Clark, the Commissioner on the part of the United States in the years eighteen hundred and fifty-nine and eighteen hundred and sixty; thence South with the line run by said Clark for the said one hundred and third degree of longitude to the Thirty-second parallel of North latitude to the point marked by said Clark as the Southeast corner of New Mexico; and thence West with the thirty-second degree of North latitude as determined by said Clark to the Rio Grande.

(c) Copies of the deeds certified by the custodian of records in each of the counties in New Mexico in which the land is located and other instruments of title are admissible as evidence in suits filed in this state to the same extent as the original deeds or certified copies of them.

(d) The county clerk of each of the counties in Texas in which the land is now located may file the certified copies of deeds and other instruments affecting title in the same manner as the original deeds could have been filed.

The contract shall specifically describe the land to be included in the district, the character of water service to be furnished to the land, and the terms and conditions on which the land is to be included in the district and shall be acknowledged in the manner required for the acknowledgment of deeds and recorded in the deed records of the county in which the land is located.

(f) None of the provisions of this section may be construed to affect the ownership of the land. [Acts 1977, 65th Leg., p. 2350, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

(a) If the governor is credibly informed that any portion of the public land or the land which belongs to any of the special land funds has been enclosed or that fences have been erected on the land in violation of law, he may direct the attorney general to institute suit in the name of the state for the recovery of the land, damages, and fees.

(b) The fee for the attorney general may not be less than \$10 if the amount recovered is less than \$100, but if the amount of recovery is over \$100, the fee shall be 10 percent paid by the defendant for the use and occupancy of the land and the removal of the enclosure and fences.

(c) The damages may not be less than five cents an acre a year for the period of occupancy.

(d) In a suit brought under this section, the court shall issue a writ of sequestration directed to any sheriff in the state requiring him to take into actual custody the land and any property on the land which belongs to the person who is unlawfully occupying the land and to hold the land and other property until the court issues further orders. The writ may be executed by the sheriff to whom it is delivered, and he shall proceed to execute the writ.

(e) The defendant in the suit may replevy the property as provided in other cases by executing the bond required by law.

(f) A suit brought under this section and any appeal has precedence over other cases.

(g) If judgment is recovered by the state in the suit, the court shall order the enclosure or fences removed and shall charge the costs of the suit to the defendant. Property on the land which belongs to the defendant and which is not exempt from execution may be used to pay costs and damages in addition to the personal liability of the defendant. [Acts 1977, 65th Leg., p. 2353, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

§ 21.076. Co-Ordinate System Definitions

(a) For the purpose of precisely defining the Texas Co-ordinate System, the following definitions by the National Oceanic and Atmospheric Administration are adopted:

(1) The Texas Co-ordinate System, North Zone, is a Lambert conformal projection of the Clarke spheroid of 1866, having standard parallels at north latitudes $34^{\circ} 39'$ and $36^{\circ} 11'$, along which parallels the scale shall be exact. The origin of co-ordinates is at the intersection of the meridian $101^{\circ} 30'$ west longitude and the parallel $34^{\circ} 00'$ north latitude. This origin is given the co-ordinates: $x = 2,000,000$ feet (720,000 varas) and $y = 0$ feet (0 varas).

(2) The Texas Co-ordinate System, North Central Zone, is a Lambert conformal projection of the Clarke spheroid of 1866, having standard parallels at north latitudes $32^{\circ} 08'$ and $33^{\circ} 58'$, along which parallels the scale shall be exact. The origin of co-ordinates is at the intersection of the meridian $97^{\circ} 30'$ west longitude and the parallel $31^{\circ} 40'$ north latitude. This origin is given the co-ordinates: $x = 2,000,000$ feet (720,000 varas) and $y = 0$ feet (0 varas).

(3) The Texas Co-ordinate System, Central Zone, is a Lambert conformal projection of the Clarke spheroid of 1866, having standard parallels at north latitudes $30^{\circ} 07'$ and $31^{\circ} 53'$, along which parallels the scale shall be exact. The origin of co-ordinates is at the intersection of the meridian $100^{\circ} 20'$ west longitude and the parallel $29^{\circ} 40'$ north latitude. This origin is given the co-ordinates: $x = 2,000,000$ feet (720,000 varas) and $y = 0$ feet (0 varas).

(4) The Texas Co-ordinate System, South Central Zone, is a Lambert conformal projection of the Clarke spheroid of 1866, having standard parallels at north latitudes $28^{\circ} 23'$ and $30^{\circ} 17'$, along which parallels the scale shall be exact. The origin of co-ordinates is at the intersection of the meridian of $99^{\circ} 00'$ west longitude and the parallel $27^{\circ} 50'$ north latitude. This origin is given the co-ordinates: $x = 2,000,000$ feet (720,000 varas) and $y = 0$ feet (0 varas).

(5) The Texas Co-ordinate System, South Zone, is a Lambert conformal projection of the Clarke spheroid of 1866, having standard paral-

els at north latitudes $26^{\circ} 10'$ and $27^{\circ} 50'$, along which parallels the scale shall be exact. The origin of co-ordinates is at the intersection of the meridian $98^{\circ} 30'$ west longitude and the parallel $25^{\circ} 40'$ north latitude. This origin is given the co-ordinates: $x = 2,000,000$ feet (720,000 varas) and $y = 0$ feet (0 varas).

(b) The position of the Texas Co-ordinate System shall be as marked on the ground by triangulation or traverse stations established in conformity with the standards adopted by the National Oceanic and Atmospheric Administration for first-order and second-order work, whose geodetic positions have been rigidly adjusted on the North American datum of 1927, and whose co-ordinates have been computed on the system defined in this subchapter. Any of these stations may be used for establishing a survey connection with the Texas Co-ordinate System.

[Acts 1977, 65th Leg., p. 2358, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

§ 21.077. Unit of Measurement

The unit of measurement in this subchapter has the following values, based on the International Meter established by the National Bureau of Standards:

- (1) one meter = 39.37 inches exactly;
- (2) one foot = 12.00 inches exactly; and
- (3) one vara = $33\frac{1}{2}$ inches exactly.

[Acts 1977, 65th Leg., p. 2359, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

§ 21.078. Terms "X Co-Ordinate" and "Y Co-Ordinate"

(a) The plane rectangular co-ordinates of a point on the earth's surface, to be used in expressing the position or location of the point in the appropriate zone, of this system, shall consist of two distances, expressed in feet and decimals of a foot.

(b) One of these distances, to be known as the "x co-ordinate," shall give the position in an east-and-west direction; the other, to be known as the "y co-ordinate," shall give the position in a north-and-south direction.

(c) These co-ordinates shall be made to depend on and conform to the plane rectangular co-ordinates of the triangulation and traverse stations of the National Oceanic and Atmospheric Administration within the State of Texas, as those co-ordinates have been determined by the survey.

[Acts 1977, 65th Leg., p. 2359, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

§ 21.079. Land in More Than One Zone

If a tract of land to be defined by a single description extends from one zone into another of the co-ordinate zones, the positions of all points on its boundaries may be referred to by either of the zones,

the zone which is used being specifically named in the description.

[Acts 1977, 65th Leg., p. 2360, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

(d) A surety on the bond is not relieved of liability on the bond without first giving the governor and commissioner 30 days notice in writing. The termination of the bond or the revocation of the surveyor's license or the resignation of the surveyor does not relieve the sureties from any liability which may have already accrued on the bond.

(e) If the liability on the bond is terminated, the licensee may not perform the duties of a licensed state land surveyor until a new bond is executed as in the first instance.

(b) On receipt of the resignation, the commissioner shall make an entry on his records showing the resignation by the licensee, and at that time, the duties of the licensee as a licensed state land surveyor cease.

- (2) any federal or state wildlife sanctuary or refuge; or

- (3) any federal, state, county, or city park bordering on coastal public land.

[Acts 1977, 65th Leg., p. 2390, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

§ 33.125. Automatic Revocation and Termination of a Permit

A permit that authorizes the continued use of a previously unauthorized structure on coastal public land is considered automatically revoked and terminated if the coastal public land on which the structure is located is:

(b) Failure of the owner to register the structure estops the owner from making any further claim of right against the state in the structure and renders the structure a nuisance per se subject to abatement by the state at the expense of the littoral owner. [Acts 1977, 65th Leg., p. 2391, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

(c) If the successful bidder fails or refuses to pay the fee within 30 days after demand is made by the commissioner, the bidder is not entitled to a lease on the tract covered by his bid and the cash bonus is automatically forfeited to the state. The books, accounts, records, and contracts relating to producing, transporting, selling, and marketing the oil, gas, or other minerals are subject to inspection and examination at all times by the commissioner, the attorney general, and the chairman, president, or other member of the board, or the representative of either of them.

[Acts 1977, 65th Leg., p. 2399, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

§ 34.182. Protection From Drainage

[Acts 1977, 65th Leg., p. 2399, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

§ 34.183. Effect of Payment on Obligation

The payment of the bonus, rentals, or royalties under the lease does not relieve the lessee of the obligation to develop the lease and protect the oil, gas, or other minerals from drainage.

[Acts 1977, 65th Leg., p. 2399, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

§ 34.184. Offset Drilling

(a) If oil or gas is produced in paying quantities from a well on privately owned land and the well is within 1,000 feet of the area covered by the lease, or in any case if the land covered by the lease is being drained, the lessee shall begin in good faith the drilling of an offset well on the area covered by his lease within 60 days after initial production on the private land and shall diligently prosecute the drilling.

(b) The offset well shall be drilled to the depth necessary to prevent the undue drainage of the area covered by the lease.

(c) The lessee, manager, or driller shall use all means reasonably necessary in a good-faith effort to make the offset well produce in paying quantities. [Acts 1977, 65th Leg., p. 2400, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

§ 34.185. Forfeiture of Lease

(a) A lease is subject to forfeiture by the commissioner if:

(1) the owner of the rights acquired under the provisions of this chapter fails or refuses to make the payment of a sum due as rental on the lease or for royalty on production within 30 days after it becomes due;

(2) the owner or his authorized agent knowingly makes a false return or false report concerning production, royalty, or drilling;

(3) the owner fails or refuses to drill an offset well or wells in good faith as required by his lease and the rules adopted by the board;

(4) the owner or his agent refuses the proper authority access to the records and other data pertaining to operations under his lease;

(5) the owner or his authorized agent knowingly fails to furnish the log of a well within 30 days after production is found in paying quantities; or

(6) any of the material terms of the lease are violated.

(b) If a lease is forfeited, the area is subject again to lease to the highest bidder under the same rules controlling the original sale of leases.

(c) A forfeiture may be set aside and the lease and all rights under the lease reinstated at any time before the rights of a third party intervene on satisfactory evidence to the commissioner of future

compliance with the provisions of this chapter and the rules adopted relative to this chapter.

[Acts 1977, 65th Leg., p. 2400, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

(b) If oil or gas is discovered on a tract covered by a lease issued under the provisions of this chapter, or on land adjoining the leased tract, the lessee shall conduct the operations necessary to prevent drainage from the tract covered by the lease and properly develop the tract.

(b) The board may reject all bids and may withdraw any land advertised for lease before receiving and opening bids.

(d) If there is no sale at public auction, the subsequent procedure for the sale of oil and gas leases is the manner provided in the previous sections of this subchapter.

(b) Such assignment does not relieve the owner of an obligation which already has accrued.

(c) If during the term of a lease issued under the provisions of this chapter the lessee is engaged in actual drilling operations for the discovery of oil and gas on land covered by the lease, no rental is payable on the tract on which the operations are being conducted as long as the operations are proceeding in good faith.

[Acts 1977, 65th Leg., p. 2412, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

§ 36.134. Statements Accompanying Payment

The payment shall be accompanied by the sworn statement of the owner, manager, or other authoriz-

ed agent, showing the gross amount of oil produced and saved since the last report and the amount of gas produced and sold off the premises, and the market value of the oil and gas, together with a copy of all daily gauges of tanks, gas meter readings, pipeline receipts, gas line receipts, and other checks and memoranda of the amounts produced and put into pipelines, tanks or pools, and gas lines or gas storage.

(b) If oil or gas is discovered on a tract covered by a lease issued under the provisions of this chapter, or on land adjoining the leased tract, the lessee shall conduct the operations necessary to prevent drainage from the tract covered by the lease and properly develop the tract.

(c) If the oil or gas in the area is sold at a lesser royalty, the owner shall protect the state from drainage from the land leased or sold for lesser royalty.

Vacant and unsurveyed public school land except riverbeds, channels, islands, lakes, bays, and other areas in tidewater limits shall be sold and leased under the provisions of this subchapter.

[Acts 1977, 65th Leg., p. 2427, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

§ 51.172. Definitions

In this subchapter:

(1) "Good-faith claimant" and "claimant" mean any person:

(A) who occupies or uses or has previously occupied or used or whose predecessors in interest have occupied or used a vacancy for purposes other than exploring for or removing oil, gas, sulphur, or other minerals from the vacancy; and

(B) who has himself or whose predecessors in interest had the vacancy enclosed or within definite recognized boundaries and in possession for a period of 10 years with a good-faith belief that the vacancy was in-

cluded inside the boundaries of the survey or surveys that were previously titled, awarded, or sold under circumstances that would have vested title in the vacancy if it were actually located within the boundaries of the survey or surveys whose boundaries are recognized boundaries in the community.

(2) "Vacancy" means an area of unsurveyed public school land that:

(A) is not in conflict on the ground with land previously titled, awarded, or sold;

(B) has not been listed on the records of the land office as public school land; and

(C) was, on the date of filing, neither subject to an earlier subsisting application to purchase or lease by a discoverer or claimant nor involved in pending litigation brought by the state to recover the land.

(3) "Applicant" means any person, other than a good-faith claimant, who discovers and files an application to purchase or lease a vacancy.

[Acts 1977, 65th Leg., p. 2428, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

§ 51.173. Persons Eligible to Purchase and Lease Land

(a) A vacancy may be sold to a good-faith claimant whether or not the vacancy is located within five miles of a well producing oil, gas, or other minerals in commercial quantities, but a person who is not a good-faith claimant may not purchase a vacancy that is located within five miles of a well producing oil or gas in commercial quantities.

(b) If there is no good-faith claimant or if the claimant fails to exercise his preferential right, a vacancy located within five miles of a well producing oil or gas in commercial quantities shall be available only for lease.

[Acts 1977, 65th Leg., p. 2428, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

§ 51.174. Purchase of Vacancy by Adjoining Landowner

If the owner of the land adjoining an alleged vacancy files an application to purchase the vacancy and no application to purchase or lease the vacancy has been previously filed, the owner of the adjoining land, who otherwise qualifies as a good-faith claimant, shall be considered a good-faith claimant regardless of the length of time he has owned the adjoining land or has enclosed the vacancy or has had it within definite recognized boundaries and in possession with the belief that the vacancy was included within his survey.

[Acts 1977, 65th Leg., p. 2428, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

(2) state the desire of the applicant to purchase or lease the land under the provisions of this chapter;

(3) give the names and addresses of any owners or claimants of land or any interest in land or of leases on, adjoining, overlapping, or including the land claimed to be vacant as far as can be determined from the records of the land office and the county clerk's office in the county in which the land is located and the tax records of the county in which the land is located;

(4) give the names and addresses of any persons who, from facts known to the applicant, assert any right to the alleged vacant land; and

(5) state that the applicant knows of no other claimants than those listed.

(b) Within 30 days after the suit is filed, the plaintiff shall have a certified copy of the original

petition served on the attorney general and the commissioner by the sheriff or a constable of Travis County and shall have the officer's return filed with the papers in the suit.

(2) if the shut-in gas royalty is paid, the lease shall be considered to be a producing lease and the payment shall extend the term of the lease for a period of one year from the end of the primary term or from the first day of the month next succeeding the month in which production ceased and after that if no suitable market for the gas exists, the lessee may extend the lease for four additional and successive periods of one year by paying the same amount each year on or before the expiration of the extended term;

(4) the compensatory royalty is to be paid monthly to the commissioner beginning on or before the last day of the month next succeeding the month in which the gas is sold and delivered from the well located within 1,000 feet of or draining the leased premises and completed in the same reservoir;

(5) if the compensatory royalty paid in any 12-month period is in an amount less than the annual shut-in gas royalty, the lessee shall pay an amount equal to the difference within 30 days from the end of the 12-month period; and

SUBCHAPTER D. ROYALTIES

§ 52.131. Payment of Royalty Generally

(a) Royalties due under a lease of state land or minerals that are required to be paid to the land office shall be due and shall be paid as provided in this section.

(b) Royalty on oil is due and payable on or before the 5th day of the second month succeeding the month of production and royalty on gas is due and payable on or before the 15th day of the second month succeeding the month of production.

(c) Royalty payments shall be accompanied by:

(1) an affidavit of the owner, manager, or other authorized agent, completed in the form and manner required by the land office and showing the gross amount and disposition of all oil and gas produced and the market value of the oil and gas;

(2) a copy of all documents, records, or reports confirming the gross production, disposition, and market value, including gas meter readings, pipeline receipts, gas line receipts, and other checks or memoranda of amount produced and put into pipelines, tanks, pools, and gas lines or gas storage;

(3) a check stub, schedule, summary, or other remittance advice showing by the assigned land

office lease number the amount of royalty being paid on each lease; and

(d) The lessee has the responsibility for paying royalties or having royalties paid by the date provided for payment in this section.

(e) Any royalty not paid or affidavits and supporting documents not filed when due shall become delinquent and a delinquency penalty of one percent for each 30-day period of delinquency or fractional part of that period shall be added to the amount owed, however, no penalty may be less than \$5. Payment of this penalty in no way operates to prohibit the state's right of forfeiture as provided by law and does not postpone the date on which royalties were originally due. The penalty does not apply in cases of title dispute as to the state's portion of the royalty or to that portion of the royalty in dispute as to fair market value.

[Acts 1977, 65th Leg., p. 2455, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

(b) Each oil or gas lease covering land leased by the board, by a board for lease other than the Board for Lease of University Lands, or by the surface owner of land under which the state owns the minerals, commonly referred to as Relinquishment Act land, which shall be subject to approval by the commissioner before it is effective, shall include a provision granting the board authorized to lease the land or the owner of the soil of Relinquishment Act land and the commissioner authority to take their royalty in kind, and the commissioner and the boards for lease may include any other reasonable provisions that are not inconsistent with this section.

(c) The option to take the royalty in kind may be exercised at any time or from time to time on not less than 60 days' notice to the holder of the lease.

(d) The board, the commissioner, each board for lease other than the Board for Lease of University

Lands, or the owner of the soil under Subchapter F of this chapter may negotiate and execute sales contracts or any other instruments or agreements necessary to dispose of their portion of the royalty taken in kind.

(e) This section does not apply to or have any effect on the Board for Lease of University Lands or any lease executed on university land.

(f) This section shall not be construed to surrender or in any way affect the right of the state or the owner of the soil under existing or future leases to receive royalty from its lessee on the basis of the fair market value produced from state public land or land under the provisions of Subchapter F of this chapter.

[Acts 1977, 65th Leg., p. 2455, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

§ 52.134. Filing Contracts and Agreements

Copies of contracts for the sale or processing of gas and subsequent agreements and amendments to those contracts shall be filed in the land office within 30 days after the contracts, agreements, or amendments are made. or gas or both and to commit to the agreements the royalty interests in oil or gas or both reserved to the state or any fund of the state by law, in a patent, in a contract of sale, or under the terms of an oil and gas lease legally executed by an official, board, agent, agency, or authority of the state.

(b) The commissioner must find that the agreement is in the best interest of the state.

[Acts 1977, 65th Leg., p. 2456, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

§ 52.152. Approval of Unit Agreements

(a) An agreement that commits the royalty interest in land belonging to the permanent school fund or the asylum funds in riverbeds, inland lakes, and channels, or in an area within tidewater limits, including islands, lakes, bays, inlets, marshes, reefs, and the bed of the sea must be approved by the board and executed by the owner of the soil if the agreement covers land leased for oil and gas under Subchapter F of this chapter.

(b) An agreement that commits the royalty interest in any land or an area not listed in Subsection (a) of this section must be approved by the board, official, agent, agency, or authority of the state which has the authority to lease or to approve the lease of the land for oil and gas.

[Acts 1977, 65th Leg., p. 2457, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

(1) that operations incident to drilling a well on any portion of a unit shall be considered for all purposes to be conduct of the operations on each separately owned tract in the unit by the several owners;

(2) that production allocated by the agreement to each tract included in the unit when produced shall be considered for all purposes to have been produced from the tract;

(3) that the agreement and lease, with respect to the interest of the state, shall be effective as long as oil or gas or both are produced from the unit in paying quantities and royalties are paid to the state; and

(4) that royalties reserved to the state or to any fund of the state on production from any tract or portion of a tract included in the unit shall be paid only on the portion of the production allocated to the tract by the agreement.

(b) The agreement may include any other provision which the board, official, agent, agency, or authority of the state which has the authority to lease or to approve the leasing of the land may

consider necessary for the protection of the interests of the state.

[Acts 1977, 65th Leg., p. 2457, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

SUBCHAPTER F. RELINQUISHMENT

§ 52.171. School and Asylum Lands

The state hereby constitutes the owner of the soil its agent for the purposes herein named, and in consideration therefor, relinquishes and vests in the owner of the soil an undivided fifteen-sixteenths of all oil and gas which has been undeveloped and the value of the same that may be upon and within the surveyed and unsurveyed public free school land and asylum lands and portions of such surveys sold with a mineral classification or mineral reservation, subject to the terms of this law. The remaining undivided portion of said oil and gas and its value is hereby reserved for the use of and benefit of the public school fund and the several asylum funds.

[Acts 1977, 65th Leg., p. 2457, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

§ 52.172. Sale and Lease by Agent

The owner of said land is hereby authorized to sell or lease to any person, firm, or corporation the oil and gas that may be thereon or therein upon such terms and conditions as such owner may deem best, subject only to the provisions hereof, and he may have a second lien thereon to secure the payment of any sum due him. All leases and sales so made shall be assignable. No oil or gas rights shall be sold or leased hereunder for less than 10 cents per acre per year plus royalty, and the lessee or purchaser shall in every case pay the state 10 cents per acre per year of sales and rentals; and in case of production shall pay the state the undivided one-sixteenth of the value of the oil and gas reserved herein, and like amounts to the owner of the soil.

[Acts 1977, 65th Leg., p. 2457, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

§ 52.173. Offset Wells

If oil and/or gas should be discovered in commercial quantities on lands not included in this law and within 1,000 feet of and draining land that is so included, or in any case where land so included in this law is being drained by production of oil or gas from land not so included, the owner, lessee, sublessee, receiver, or other agent in control of land included herein shall in good faith begin the drilling of a well or wells upon such land within 100 days after such well or wells on lands not so included commence to produce in commercial quantities, and shall prosecute such drilling with diligence to reasonably

develop the land included hereunder and to protect such land against drainage by wells on other lands in the locality.

[Acts 1977, 65th Leg., p. 2458, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

§ 52.174. Failure to Drill Offset

If such persons fail or refuse to begin the drilling of such well or wells within the time required or to prosecute such drilling as necessary for the purpose intended herein, any lease of such land executed under the provisions of this law shall be subject to forfeiture by the Commissioner of the General Land Office, and he shall forfeit same when he is sufficiently informed of the facts which authorize a forfeiture, and shall, on the wrapper containing the papers relating to such lease, write and sign officially words declaring such forfeiture, and the lease and all rights thereunder shall thereupon be forfeited together with all payments made thereunder. Notice of such action shall forthwith be mailed to the persons shown by the records of the General Land Office to be the owners of the surface and the owners of the forfeited lease at their last known addresses as shown by the records of said office. Upon proper showing by the owner of the forfeited lease within 30 days after the declaration of forfeiture, the lease may, at the discretion of the commissioner and upon the terms of this subchapter and such other terms as he may prescribe, be reinstated. If such lease be not reinstated within such time, or if the commissioner finds that any unleased land included in this law is being drained, the commissioner shall notify the person at his last known address, as shown by records of the General Land Office to be the surface owner, that the oil and gas is subject to sale or lease by the owner of the soil in accordance with this law, and that drilling is required. If such owner shall fail or refuse to obtain the commencement of such a well within 100 days after the date of such notice, the relinquishment herein granted and the rights acquired thereunder shall be subject to forfeiture by the commissioner by endorsing on the file wrapper containing the papers relating to the sale of the land, words indicating such forfeiture, and such rights shall thereupon be forfeited, and notice of such forfeiture shall be forwarded to the county clerk of the county wherein the land is situated. The rights of any owner of the soil which may have ipso facto terminated under prior laws shall be reinstated and are hereby reinstated, together with all rights acquired thereunder except where rights of third parties may have intervened. All rights herein reinstated shall be subject to the terms and provisions of this subchapter.

[Acts 1977, 65th Leg., p. 2458, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

§ 52.175. Lease of Oil and Gas After Forfeiture

When the relinquishment herein granted has been so forfeited by the commissioner, the land shall be subject to lease for oil and gas under the procedure provided by law for the leasing of unsold surveyed public school lands. No lease shall be executed which provides for a royalty of less than one-eighth, payable to the state for the benefit of the permanent free school fund, and the lessee shall in every case pay to the surface owner amounts equal to the bonus money and the delay rentals paid to the state, and in case of production such lessee shall pay to the surface owner amounts equal to one-half of all royalty above the reserved one-eighth. Upon the termination or expiration of a lease so executed by the Commissioner of the General Land Office, or if no acceptable offer is received for such lease after due advertisement, the rights of the surface owner to act under this law shall be ipso facto reinstated.

[Acts 1977, 65th Leg., p. 2459, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

§ 52.176. Forfeiture of Rights

If any person, firm, or corporation operating under this law shall fail or refuse to make the payment of any sum within 30 days after it becomes due, or if such one or an authorized agent should knowingly make any false return or false report concerning production or drilling, or if such one should fail to file reports in the manner required by law or fail to comply with General Land Office rules and regulations or refuse the proper authority access to the records pertaining to the operations, or if such one or an authorized agent should knowingly fail or refuse to give correct information to the proper authority, or knowingly fail or refuse to furnish the land office a correct log of any well, or if any lease is assigned and the assignment is not filed in the General Land Office as required by law, the rights acquired under the permit or lease shall be subject to forfeiture by the commissioner, and he shall forfeit same when sufficiently informed of the facts which authorize a forfeiture, and the oil and gas shall be subject to sale in the manner provided for the sale of other forfeited rights hereunder, except that the owner of the soil shall not thereby forfeit his interest in the oil and gas. Such forfeiture may be set aside and all rights theretofore existing shall be reinstated at any time before the rights of another intervene, upon satisfactory evidence of future compliance with the provisions of this subchapter.

[Acts 1977, 65th Leg., p. 2459, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

§ 52.177. Rights of Subsequent Purchaser

If one acquires a valid right by permit or lease to the oil and gas in any unsold public free school or asylum land under any other law, a subsequent purchaser of such land shall not acquire any rights

to any of the oil and gas that may be therein, but when the rights under such permit or lease terminate in the manner provided in the law under which they were obtained, then the owner of the soil shall become the owner of that portion of the oil and gas herein relinquished, and shall be thereafter subject to the provisions of this law. A forfeiture of the purchase of any survey or tract for any cause shall operate as a forfeiture of the minerals therein to the state. A relinquishment to the state of a lease producing oil or gas in paying quantities shall not operate to relinquish or convey to the owner of the soil any interest whatever in the oil and gas that may be in the land included in said lease.

[Acts 1977, 65th Leg., p. 2459, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

§ 52.178. Operation Under Permit

The owner of a permit or combination of permits shall have 18 months from the date or average date thereof in which to begin drilling a well for oil and gas on some portion of the land included therein. The drilling on one permit shall be sufficient protection against forfeiture of all the permits included in a combination. Owners of permits or combination of permits included herein shall have three years after the date or average date thereof in which to complete the development of oil and gas thereon, and if oil and gas should not be found in paying quantities and a lease applied for within said time all rights in such permit or combination of permits shall terminate, and the oil and gas in such land shall become subject to the provisions of this law relating to the relinquishment of oil and gas to the owner of the soil.

[Acts 1977, 65th Leg., p. 2460, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

§ 52.179. Lease Under Permit

If oil or gas should be produced in paying quantities upon any land included in this law, the owner of the permit shall report the development to the commissioner within 30 days thereafter and apply for a lease upon such whole surveys or tracts in each permit as the owner or owners of a combination of permits may desire to be leased, and accompany the application with a log of the wells, and the correctness of the log shall be sworn to by the owner, manager, or driller, and thereupon a lease shall be issued without the payment of any additional sum of money and for a period not to exceed 10 years, subject to renewal or renewals.

[Acts 1977, 65th Leg., p. 2460, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

§ 52.180. Payments Under Permit

The owner of a permit or combination of permits who desires to avail himself of the terms of this law, shall pay the state 10 cents per acre, annually in

advance, for the second and third years, and shall likewise pay the owner of the soil 10 cents per acre for the first year of such permit, before availing himself of the privileges hereof, and a like sum thereafter annually in advance. A failure to make either of said payments shall subject the permit or permits to forfeiture by the commissioner, and when sufficiently informed of the facts which subject the permits to forfeiture, said commissioner shall forfeit the same by an endorsement of forfeiture upon the wrapper containing the papers relating to the permits and sign it officially. The payment of 10 cents per acre to the owner of the soil may be made to him or to the county clerk of the county in which the land is situated, and said clerk shall deposit such payment as he receives, in some bank at the county seat to the credit of the record owner of such land. If the owner of the soil refuses to accept such payment, said clerk shall withdraw such deposit and return it to the owner of the permit. The payment, or the tender of payment, shall be evidenced by the receipt of the owner or part owner or county clerk filed among the papers in the land office relating to such permits.

[Acts 1977, 65th Leg., p. 2460, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

§ 52.181. Relinquishment Under Permit

The owner of a permit or combination of permits may relinquish to the state a permit or combination of permits or any whole survey or whole tract included in a permit at any time before obtaining a lease therefor by having such relinquishment recorded in the counties in which the land or part thereof is situated, and by filing it in the land office within 60 days after its execution, with \$1 as a filing fee.

[Acts 1977, 65th Leg., p. 2460, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

§ 52.182. Damages to Soil

The payment of the 10 cents per acre and the obligation to pay the owner of the soil one-sixteenth of the production and the payment of same when produced and the acceptance of same by the owner, shall be in lieu of all damages to the soil.

[Acts 1977, 65th Leg., p. 2461, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

§ 52.183. Effective Date of Lease

No mineral lease executed by the owner of the land or minerals under this subchapter is effective until a certified copy of the lease is filed in the land office.

[Acts 1977, 65th Leg., p. 2461, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

§ 52.184. Statement of Consideration

No lease executed under this subchapter after September 17, 1939, is binding on the state unless it

recites the actual and true consideration paid or promised.

[Acts 1977, 65th Leg., p. 2461, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

§ 52.185. University Land

The provisions of this subchapter relating to a combination of permits and extension of time for beginning development and time for development applies to permits on university land.

[Acts 1977, 65th Leg., p. 2461, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

SUBCHAPTER A. GENERAL PROVISIONS

§ 61.001. Definitions

In this chapter:

- (1) "Department" means the Parks and Wildlife Department.
- (2) "Line of vegetation" means the extreme seaward boundary of natural vegetation which spreads continuously inland.
- (3) "Highest wave" means the highest swell of the surf with such regularity that vegetation cannot grow and does not refer to the extraordinary waves which temporarily extend above the line of vegetation during storms and hurricanes.
- (4) "Littoral owner" means the owner of land adjacent to the shore and includes anyone acting under the littoral owner's authority.
- (5) "Public beach" means any beach area, whether publicly or privately owned, extending inland from the line of mean low tide to the line of vegetation bordering on the Gulf of Mexico to which the public has acquired the right of use or easement to or over the area by prescription, dedication, presumption, or has retained a right by virtue of continuous right in the public since time immemorial, as recognized in law and custom.

[Acts 1977, 65th Leg., p. 2477, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

[Sections 61.002 to 61.010 reserved for expansion]

SUBCHAPTER B. ACCESS TO PUBLIC BEACHES

§ 61.011. Public Policy

It is declared and affirmed to be the public policy of this state that the public, individually and collectively, shall have the free and unrestricted right of ingress and egress to and from the state-owned

beaches bordering on the seaward shore of the Gulf of Mexico, or if the public has acquired a right of use or easement to or over an area by prescription, dedication, or has retained a right by virtue of continuous right in the public, the public shall have the free and unrestricted right of ingress and egress to the larger area extending from the line of mean low tide to the line of vegetation bordering on the Gulf of Mexico.

[Acts 1977, 65th Leg., p. 2477, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

§ 61.012. Definition

In this subchapter, "beach" means state-owned beaches to which the public has the right of ingress and egress bordering on the seaward shore of the Gulf of Mexico or any larger area extending from the line of mean low tide to the line of vegetation bordering on the Gulf of Mexico if the public has acquired a right of use or easement to or over the area by prescription, dedication, or has retained a right by virtue of continuous right in the public.

[Acts 1977, 65th Leg., p. 2477, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

§ 61.013. Prohibition of Obstructions

It is an offense against the public policy of this state for any person to create, erect, or construct any obstruction, barrier, or restraint that will interfere with the free and unrestricted right of the public, individually and collectively:

(1) to enter or to leave any state-owned beach bordering on the seaward shore of the Gulf of Mexico, or any larger area extending from the line of mean low tide to the line of vegetation bordering on the Gulf of Mexico if the public has acquired a right of use or easement to or over the area by prescription, dedication, or has retained a right by virtue of continuous right in the public; or

(2) to use lawfully and legally any property abutting on or contiguous to the state-owned beach bordering on the seaward shore of the Gulf of Mexico on which the public has acquired a prescriptive right.

[Acts 1977, 65th Leg., p. 2478, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

§ 61.014. Denial of Access by Posting

(a) As used in this section, "public beach" means the area extending from the line of mean low tide of the Gulf of Mexico to the line of vegetation bordering on the Gulf of Mexico, or to a line 200 feet inland from the line of mean low tide, whichever is nearer the line of mean low tide, if the public has acquired a right of use or easement to or over the area by prescription, dedication, or has retained a right by virtue of continuous right in the public.

(b) Any person who displays or causes to be displayed on any public beach any sign, marker, or warning, or who shall make or have made any written or oral communication which states that the public beach is private property or who states in any other manner that the public does not have the right of access to the public beach in violation of the lawful access rights of the public guaranteed by this subchapter, shall be fined not less than \$10 nor more than \$200.

(c) Each day that the communication is made constitutes a separate offense.

(d) Any person who violates the provisions of this section shall be prosecuted in the county in which the public beach is located.

(e) This section does not apply to any island or peninsula that is not accessible by public road or common carrier ferry facility so long as the condition exists.

[Acts 1977, 65th Leg., p. 2478, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

§ 61.015. Satisfaction of Ingress and Egress Requirement

The requirement of free and unrestricted right of ingress and egress over an area landward of the line of vegetation is considered fully satisfied by access roads or ways which are in existence now and available to the public or which by or with the approval of any governmental authority having jurisdiction may be provided in the future.

[Acts 1977, 65th Leg., p. 2478, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

§ 61.016. Boundaries for Areas With No Marked Vegetation Line

(a) To determine the elevation reached by the highest waves of the Gulf of Mexico, in any area in which there is no clearly marked vegetation line (for instance, a line immediately behind well-defined dunes or mounds of sand and at a point where vegetation begins) recourse shall be to the nearest clearly marked line of vegetation on each side of the unmarked area.

(b) The "line of vegetation" for the unmarked area shall be the line of constant elevation connecting the two clearly marked lines of vegetation on each side.

(c) If the elevation of the two points on each side of the area are not the same, the extension defining the line reached by the highest waves of the Gulf shall be the average elevation as between the two points, but if there is no clearly marked line of vegetation, the extended line shall not extend inland further than 200 feet from the seaward line of mean low tide.

[Acts 1977, 65th Leg., p. 2478, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

§ 61.017. Line of Vegetation Unaffected by Certain Conditions

(a) The "line of vegetation" is not affected by the occasional sprigs of salt grass on mounds and dunes or seaward from them and by artificial fill, the addition or removal of turf, or by other artificial changes in the natural vegetation of the area.

(b) If the changes listed in Subsection (a) of this section are made and the vegetation line is obliterated or is created artificially, the line of vegetation shall be determined in the same manner as in those areas covered by Section 61.016 of this code, but if there is a vegetation line consistently following a line more than 200 feet from the seaward line of mean low tide, the 200-foot line shall constitute the landward boundary of the area subject to public easement until a final court adjudication establishes the line in another place.

[Acts 1977, 65th Leg., p. 2479, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

§ 61.018. Suit to Remove Obstructions

(a) The attorney general or any county attorney, district attorney, or criminal district attorney shall file in a district court of Travis County, or in the county in which the property is located, a suit to obtain either a temporary or permanent court order or injunction to remove any obstruction or barrier or to prohibit any restraint or interference which restricts the right of the public, individually or collectively, to free and unrestricted ingress and egress to and from any area described in Section 61.012 of this code or any property abutting on or contiguous to the state-owned beach on which the public has acquired a prescriptive right.

(b) In the same suit, the attorney general, county attorney, district attorney, or criminal district attorney may seek recovery of the costs of removing any obstruction or barrier if it is removed by public authorities pursuant to an order of the court.

[Acts 1977, 65th Leg., p. 2479, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

§ 61.019. Declaratory Judgment Suits

(a) A littoral owner whose rights are determined or affected by this subchapter may bring suit for a declaratory judgment against the state to try the issue or issues.

(b) Service of citation on the state shall be made by serving the citation on the attorney general.

[Acts 1977, 65th Leg., p. 2479, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

§ 61.020. Prima Facie Evidence

In a suit brought or defended under this subchapter or whose determination is affected by this subchapter, a showing that the area in question is located in the area from mean low tide to the line of vegetation is prima facie evidence that:

(1) the title of the littoral owner does not include the right to prevent the public from using the area for ingress and egress to the sea; and

(2) there is imposed on the area, subject to proof of easement, a prescriptive right or easement in favor of the public for ingress and egress to the sea.

[Acts 1977, 65th Leg., p. 2479, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

§ 61.021. Area Not Covered by Subchapter

None of the provisions of this subchapter apply to beaches on islands or peninsulas that are not accessible by a public road or ferry facility for as long as the condition exists.

[Acts 1977, 65th Leg., p. 2480, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

§ 61.022. Exemption for Certain Structures

The provisions of this subchapter do not prevent any agency, department, institution, subdivision, or instrumentality of this state or of the federal government from erecting or maintaining any groin, seawall, barrier, pass, channel, jetty, or other structure as an aid to navigation, protection of the shore, fishing, safety, or other lawful purpose authorized by the constitution or laws of this state or the United States.

[Acts 1977, 65th Leg., p. 2480, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

§ 61.023. Effect on Land Titles and Property Adjacent to and on Beaches

The provisions of this subchapter shall not be construed as affecting in any way the title of the owners of land adjacent to any state-owned beach bordering on the seaward shore of the Gulf of Mexico or to the continuation of fences for the retention of livestock across sections of beach which are not accessible to motor vehicle traffic by public road or by beach.

[Acts 1977, 65th Leg., p. 2480, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

§ 61.024. Effect of Subchapter on Definition of Public Beach

None of the provisions of this subchapter shall reduce, limit, construct, or vitiate the definition of public beaches which has been defined from time immemorial in law and custom.

[Acts 1977, 65th Leg., p. 2480, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

[Sections 61.025 to 61.060 reserved for expansion]

It is the public policy of this state that the public, individually and collectively, shall have the free and unrestricted right of ingress and egress to and from the state-owned beaches bordering on the seaward shore of the Gulf of Mexico if the public has acquired a right of use or easement to or over the area by prescription, dedication, or continuous use. This creates a responsibility for the state, in its position as trustee for the public to assist local governments in the cleaning of beach areas which are subject to the access rights of the public as defined in Subchapter B of this chapter.

Nothing in this subchapter prevents any agency, department, political subdivision, or municipal corporation of this state from exercising its lawful authority under any law of this state to regulate safety conditions on any beach area subject to public use.

[Acts 1977, 65th Leg., p. 2485, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

§ 61.162. Findings

(a) The legislature finds that the operation and maintenance of business establishments at fixed or permanent locations on the public beaches of this state bordering on the seaward shore of the Gulf of Mexico constitute a potential public health hazard and a substantial interference with the free and unrestricted rights of ingress and egress of the

public, both individually and collectively, to and from the state-owned beaches bordering on the seaward shore of the Gulf of Mexico or any larger area extending from the line of mean low tide to the line of vegetation bordering on the Gulf of Mexico if the public has acquired a right of use or easement to or over the area by prescription, dedication, or has retained a right by virtue of continuous right in the public.

§ 61.168. Granting License

(a) On finding that the issuance of a license is consistent with recreational needs and the public welfare, and that the mobile business establishment would not create a traffic or safety hazard, and on compliance with this subchapter by the applicant, the department shall grant the license.

(b) The license shall be valid for one year from the day it is issued.

(c) If the license is not granted, the department shall return the filing fee to the applicant.

In addition to other standards provided in this subchapter, it is the intention of the legislature that the department exercise the authority delegated to it under this subchapter according to the following considerations:

(1) that the number of mobile business establishments licensed by the department should not constitute a substantial interference with the free and unrestricted rights of ingress and egress of the public provided in this subchapter;

(2) that the number of licenses issued by the department under this subchapter are sufficient to ensure free and unrestricted competition in selling or leasing of commodities to the public; and

(3) that no person should be allowed to operate any mobile business establishment on any public beach in restraint of trade or competition by which the person controls all or substantially all the business establishments on the public beach licensed by the department.

SUBCHAPTER A. GENERAL PROVISIONS

§ 62.001. Applicability

(a) The provisions of this chapter apply to counties that are located or border on the Gulf of Mexico and have within their boundaries beaches that are suitable for park purposes. The suitability of a beach for park purposes is established conclusively when the commissioners court of the county makes a finding that the beach located within its boundaries, but not located within the boundaries of an incorporated city, is suitable for park purposes.

(b) As long as an island or peninsula is not accessible by a public road or common carrier ferry facility, the provisions of this chapter do not apply to that island or peninsula.

(c) The provisions of this chapter do not interfere with, preempt, or in any manner restrict or usurp the authority of the land office over state-owned beaches.

(d) The provisions of this chapter do not prohibit the creation of, or limit the lawful actions of, a beach park board of trustees of a home-rule city as provided in Chapter 33, Acts of the 57th Legislature, 3rd Called Session, 1962, as amended (Article 6081g-1, Vernon's Texas Civil Statutes).

(e) The provisions of this chapter do not permit any interference with the right the public has under the provisions of Subchapter B of Chapter 61 of this code to the free and unrestricted use of, and to ingress and egress to, the area bordering on the Gulf of Mexico from mean low tide to the line of vegetation, as that term is defined in Subsection (2), Section 61.001 of this code. A county, county official, or anyone acting under the authority of this chapter may not exercise any authority, contract out a right to exercise authority, or otherwise delegate authority beyond that specifically granted to it in Sections 61.122 through 61.128 of this code over that area notwithstanding any of the specific provisions of this chapter. The rights established in Subchapters B and D of Chapter 61 of this code are paramount over the rights or interests that might otherwise be created by the provisions of this chapter, and nothing in this chapter encroaches on those rights or upon land, or interests in land, that may ultimately be held subject to those rights.

[Acts 1977, 65th Leg., p. 2492, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

SUBCHAPTER A. GENERAL PROVISIONS

§ 63.001. Findings of Fact

The legislature finds and declares:

(1) that the barrier islands and peninsulas of this state and the adjacent mainland areas contain a significant portion of the state's human, natural, and recreational resources;

(2) that these areas are wholly or in part protected from the action of the water of the Gulf of Mexico and storms on the Gulf by a system of natural or artificially constructed vegetated sand dunes that provide a protective barrier for adjacent land and inland water and land against the action of sand, wind, and water;

(3) that certain persons have from time to time modified or destroyed the effectiveness of the protective barriers in the process of developing the shoreline for various purposes;

(4) that the operation of recreational vehicles over these dunes has destroyed the natural vegetation on them;

(5) that these practices constitute serious threats to the safety of adjacent properties, to public highways, to the taxable basis of adjacent property and constitute a real danger to the health, safety, and welfare of persons living, visiting, or sojourning in the area;

(6) that it is necessary to protect these dunes as provided in this chapter because stabilized, vegetated dunes offer the best natural defense against storms;

(7) that vegetated stabilized dunes help preserve state-owned beaches and shores by protecting against erosion of the shoreline;

(8) that the area bounded on the north by the Mansfield Ship Channel and extending to the southern tip of South Padre Island is an area of irregular dunes, the vast majority of which are unvegetated, unstable, and migratory, and these dunes do not afford significant protection to persons and property inland from this area; and

(9) that the area bounded on the north by the inlet known as Aransas Pass and on the south by the Mansfield Ship Channel is an area of a mixture of irregular dunes as described in Subdivision (8) of this section and dunes that afford protection to persons and property inland.

[Acts 1977, 65th Leg., p. 2499, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

§ 63.002. Definitions.

After notice and hearing, the commissioners court of any county bordering on the Gulf of Mexico that has within its boundaries a barrier island or peninsula located north of the Mansfield Ship Channel may establish a dune protection line on the island or peninsula for the purpose of preserving sand dunes that offer a defense against storm water and erosion of the shoreline.

[Acts 1977, 65th Leg., p. 2500, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

well, if its maximum daily production were artificially curtailed.

(b) As used in Subsection (a), Section 85.121 and Section 85.122 of this code, "gas lift" means gas lift by the use of gas not in solution with oil produced. [Acts 1977, 65th Leg., p. 2520, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

SUBCHAPTER A. GENERAL PROVISIONS

§ 86.001. Declaration of Policy

In recognition of past, present, and imminent evils occurring in the production and use of gas as a result of waste in this production and use of gas in the absence of correlative opportunities of owners of gas in a common reservoir to produce and use the gas, the provisions of this chapter are enacted for the protection of public and private interests against these evils by prohibiting waste and compelling ratable production.

[Acts 1977, 65th Leg., p. 2531, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

§ 86.002. Definitions

In this chapter:

- (1) "Oil" means crude petroleum oil.
- (2) "Gas" means natural gas.
- (3) "Commission" means the Railroad Commission of Texas.
- (4) "Common reservoir" means all or part of any oil or gas field or oil and gas field that comprises and includes any area that is underlaid or that, from geological or other scientific data or experiments or from drilling operations or other evidence, appears to be underlaid by a common pool or accumulation of oil or gas or oil and gas.
- (5) "Gas well" means a well that:
 - (A) produces gas not associated or blended with oil at the time of production;
 - (B) produces more than 100,000 cubic feet of gas to each barrel of oil from the same producing horizon; or
 - (C) produces gas from a formation or producing horizon productive of gas only encountered in a well bore through which oil also is produced through the inside of another string of casing.

(6) "Oil well" means any well that produces one barrel or more of oil to each 100,000 cubic feet of gas.

(7) "Dry gas" means gas produced from a stratum that does not produce oil.

(8) "Sour gas" means gas:

(A) containing more than one and one-half grains of hydrogen sulphide per 100 cubic feet;

(B) containing more than 30 grains of total sulphur per 100 cubic feet; or

(C) which in its natural state is found by the commission to be unfit for use in generating light or fuel for domestic purposes.

(9) "Sweet gas" means all gas except sour gas and casinghead gas.

(10) "Casinghead gas" means any gas or vapor indigenous to an oil stratum and produced from the stratum with oil.

(11) "Natural gasoline" means gasoline manufactured from casinghead gas or from any gas.

(12) "Cubic foot of gas" or "standard cubic foot of gas" means the volume of gas, including natural and casinghead gas, contained in one cubic foot of space at a standard pressure base of 14.65 pounds per square inch absolute and at a standard temperature base of 60 degrees Fahrenheit, and if the conditions of pressure and temperature differ from this standard, conversion of the volume from the differing conditions to the standard conditions shall be made in accordance with the ideal gas laws, corrected for deviation.

[Acts 1977, 65th Leg., p. 2531, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

§ 86.003. Determination of Separate Wells

If oil or gas, or both, is produced through different strings of casing set in the same well bore, the inner string through which oil or gas, or both, is produced shall be regarded as one well, and each successive additional string of casing through which oil or gas, or both, is produced from a different producing horizon through the same well bore shall be regarded as another well.

[Acts 1977, 65th Leg., p. 2532, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

§ 86.004. Applicability

The provisions in this chapter do not impair the authority of the commission to prevent waste under the oil and gas conservation laws of this state and do not repeal, modify, or impair any of the provisions relating to oil and gas conservation in Sections 85.002, 85.041 through 85.055, 85.056 through 85.064, 85.125, 85.201 through 85.207, 85.241 through 85.243, 85.249 through 85.252, and 85.381 through 85.385 of

this code and Subchapters E and J of Chapter 85 of this code.

[Acts 1977, 65th Leg., p. 2532, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

[Sections 86.005 to 86.010 reserved for expansion]

SUBCHAPTER B. WASTE OF GAS

§ 86.011. Prohibition Against Waste

The production, transportation, or use of gas in a manner, in an amount, or under conditions which constitute waste is unlawful and is prohibited.

[Acts 1977, 65th Leg., p. 2532, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

§ 86.012. Definition of Waste

The term "waste" includes:

(1) the operation of an oil well or wells with an inefficient gas-oil ratio;

(2) the drowning with water of a stratum or part of a stratum capable of producing gas in paying quantities;

(3) permitting a gas well to burn wastefully;

(4) the creation of unnecessary fire hazards;

(5) physical waste or loss incident to or resulting from so drilling, equipping, or operating a well or wells as to reduce or tend to reduce the ultimate recovery of gas from any pool;

(6) the escape of gas from a well producing both oil and gas into the open air in excess of the amount that is necessary in the efficient drilling or operation of the well;

(7) the production of gas in excess of transportation or market facilities or reasonable market demand for the type of gas produced;

(8) the use of gas for the manufacture of carbon black without first having extracted the natural gasoline content from the gas, except it shall not be necessary to first extract the natural gasoline content from the gas where it is utilized in a plant producing an average recovery of not less than five pounds of carbon black to each 1,000 cubic feet of gas;

(9) the use of sweet gas produced from a gas well for the manufacture of carbon black unless it is used in a plant producing an average recovery of not less than five pounds of carbon black to each 1,000 cubic feet and unless the sweet gas is produced from a well located in a common reservoir producing both sweet and sour gas;

(10) permitting gas produced from a gas well to escape into the air before or after the gas has been processed for its gasoline content, unless authorized as provided in Section 86.185 of this code;

(11) the production of natural gas from a well producing oil from a stratum other than that in which the oil is found unless the gas is produced in a separate string of casing from that in which the oil is produced;

(12) the production of more than 100,000 cubic feet of gas to each barrel of crude petroleum oil unless the gas is put to one or more of the uses authorized for the type of gas so produced under allocations made by the commission or unless authorized as provided in Section 86.185 of this code; and

(13) underground waste or loss however caused and whether or not defined in other subdivisions of this section.

[Acts 1977, 65th Leg., p. 2532, ch. 871, art. I, § 1, eff. Sept. 1, 1977; Acts 1977, 65th Leg., p. 2695, ch. 871, art. II, § 8, eff. Sept. 1, 1977.]

[Sections 86.013 to 86.040 reserved for expansion]

SUBCHAPTER C. POWERS AND DUTIES OF THE COMMISSION

§ 86.041. In General

The commission has broad discretion in administering the provisions of this chapter and may adopt any rule or order in the manner provided by law that it finds necessary to effectuate the provisions and purposes of this chapter.

[Acts 1977, 65th Leg., p. 2533, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

§ 86.042. Rules and Orders

The commission shall adopt and enforce rules and orders to:

- (1) conserve and prevent the waste of gas;
- (2) prevent the waste of gas in drilling and producing operations and in the piping and distribution of gas;
- (3) require dry or abandoned wells to be plugged in a way that confines gas and water in the strata in which they are found and prevents them from escaping into other strata;
- (4) provide for drilling wells and preserving a record of them;
- (5) require wells to be drilled and operated in a manner that prevents injury to adjoining property;
- (6) prevent gas and water from escaping from the strata in which they are found into other strata;
- (7) require records to be kept and reports made;
- (8) provide for the issuance of permits and other evidences of permission when the issuance

of the permit or permission is necessary or incident to the enforcement of its blanket grant of authority to make any rules necessary to effectuate the law; and

(9) otherwise accomplish the purposes of this chapter.

[Acts 1977, 65th Leg., p. 2533, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

§ 86.043. Determining Gas-Oil Ratio

The commission may fix and determine the gas-oil ratio of all oil wells in the state but none of the provisions of this chapter may be construed to authorize the limitation of the production of marginal wells below the amount fixed by statute. If a restriction imposed by the commission on the production of oil from an oil well operates to increase the gas-oil ratio of the well so as to then classify it as a gas well under the provisions of this chapter, the well nevertheless shall be considered to be an oil well.

[Acts 1977, 65th Leg., p. 2534, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

[Sections 86.044 to 86.080 reserved for expansion]

SUBCHAPTER D. PRODUCTION OF GAS

§ 86.081. Regulation of Production

For the protection of public and private interests, the commission shall prorate and regulate the daily gas well production from each common reservoir to:

- (1) prevent waste; and
- (2) adjust the correlative rights and opportunities of each owner of gas in a common reservoir to produce and use or sell the gas as permitted in this chapter.

[Acts 1977, 65th Leg., p. 2534, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

§ 86.082. Exercise of Authority to Prevent Waste

The commission shall exercise its authority to prevent waste when the presence or imminence of waste is supported by a finding based on the evidence introduced at a hearing after proper notice.

[Acts 1977, 65th Leg., p. 2534, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

§ 86.083. Exercise of Authority to Adjust Correlative Rights and Opportunities

The commission shall exercise its authority to adjust correlative rights and opportunities of each owner of gas in a common reservoir to produce and use or sell the gas when evidence introduced at a hearing after proper notice will support a finding made by the commission that the aggregate lawful volume of the open flow or daily potential capacity

to produce of all gas wells located in a common reservoir is in excess of the daily reasonable market demand for gas from gas wells that may be produced from the common reservoir, to be used as permitted in this chapter.

[Acts 1977, 65th Leg., p. 2534, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

§ 86.084. Determination of Status of Production

(a) The commission shall determine the status of gas production from all reservoirs in the state.

(b) If the commission finds that waste exists or is imminent in the production of gas from a reservoir, or that the capacity of the wells to produce gas from a reservoir exceeds the market demand for gas from the reservoir, the commission by proper order shall prorate and regulate the gas production from the reservoir on a reasonable basis.

[Acts 1977, 65th Leg., p. 2534, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

§ 86.085. Determination of Demand and Volume

On or before the 20th day of each month, the commission, after notice and hearing, shall determine:

(1) the lawful market demand for gas to be produced from each reservoir during the following month; and

(2) the volume of gas that can be produced without waste from the reservoir and each well in the reservoir during the following month.

[Acts 1977, 65th Leg., p. 2534, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

§ 86.086. Monthly Reservoir Allowable

After determining demand and volume of production as provided in Section 86.085 of this code, the commission shall fix the monthly reservoir allowable of gas to be produced from the reservoir at the lawful market demand for the gas or at the volume that can be produced from the reservoir without waste, whichever is the smaller quantity.

[Acts 1977, 65th Leg., p. 2535, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

§ 86.087. Monthly Well Allowable

The monthly reservoir allowable shall be allocated among all wells entitled to produce gas from the reservoir to give each well its fair share of the gas to be produced from the reservoir, but each well is restricted to the amount of gas that can be produced from it without waste. The volume of gas allocated to each well is the monthly allowable for that well.

[Acts 1977, 65th Leg., p. 2535, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

§ 86.088. Daily Allowable

The daily market demand for gas and the daily allowable shall be determined by dividing the monthly demand and the monthly allowable by the number of days in the month.

[Acts 1977, 65th Leg., p. 2535, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

§ 86.089. Factors in Determining Allowable

(a) In determining the daily allowable production for each gas well, the commission shall take into account:

(1) the size of the tract segregated with respect to surface position and common ownership on which the gas well or wells are located;

(2) the relation between the daily producing capacity of each gas well and the aggregate daily capacity of all gas wells producing the same kind of gas in the same common reservoir or zone; and

(3) other factors that are pertinent.

(b) In determining the daily allowable production for each gas well, the commission shall not take into account the size of the tract on which any gas well or wells are located in excess of the efficient drainage area of the well or wells, producing at 25 percent of the daily productive capacity. The drainage area shall be determined by the commission.

(c) In ascertaining the drainage area of a well, the commission shall take into account such factors as are reflected in the productive capacity of a gas well, including formation pressure, the permeability and porosity of the producing formation, and the well bore's structural position, together with all other factors taken into account by a reasonably prudent operator in determining the drainage area for a gas well.

[Acts 1977, 65th Leg., p. 2535, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

§ 86.090. Authorizing Overproduction and Underproduction

(a) In order to adjust the correlative rights and opportunities of each owner to produce, use, and sell gas from a common reservoir from which a portion of the market demand is seasonal or where a portion of the market demand fluctuates from month to month, the commission may permit the wells in the reservoir to be produced in excess of the monthly allowable, in accordance with the conditions and limitations set forth in Subsections (b), (c), and (d) of this section, if no waste is caused.

(b) No well may be permitted in any one month to produce:

(1) at a rate in excess of 25 percent of the daily producing capacity of the well as found by the commission; or

(2) in excess of two times its monthly allowable, except that if on application to the commission there is shown to exist, or there is threatened and unforeseen, an emergency requiring an increase in the demand for the gas from the reservoir which cannot be satisfied otherwise from the reservoir, then the wells under the application may be produced as authorized in this subchapter but not in excess of four times each of the well's monthly allowable.

(c) No well may ever be allowed to produce in excess of twice its allowable for more than two months in any period of six months beginning on the first day of March and September of each year. If a well has produced twice its allowable or more during a period of six months beginning on the first day of March or September, it shall be closed in until its production and allowable are in balance.

(d) On the first day of March and September of each year, the commission shall restrict production from all wells that are then overproduced to the fractional part of their monthly allowable that will bring the accumulated allowables and the accumulated monthly production in balance during the next six months. If the overproduction is not balanced during that six-month period, the overproduced well shall be shut in until its production and allowable are in balance.

(e) The commission by appropriate order may permit a gas well to be underproduced for a period of six consecutive months and may allow the accumulated underproduction to be produced in addition to the regular monthly allowable during the following six-month period.

[Acts 1977, 65th Leg., p. 2535, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

§ 86.091. Minimum Limits on Well Restrictions

(a) None of the provisions of this chapter require that the production from a gas well with a daily natural open flow of 200,000 cubic feet of gas or more be restricted to a quantity less than 50,000 cubic feet of gas daily.

(b) None of the provisions of this chapter require that the production from a gas well with a daily natural open flow of less than 200,000 cubic feet of gas be reduced to a quantity less than 25 percent of its natural open flow.

[Acts 1977, 65th Leg., p. 2536, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

§ 86.092. Maximum Well Production

(a) In a common reservoir producing both sweet and sour gas, no gas well may be permitted to produce in excess of 25 percent of its daily productive capacity except as provided in Subsection (b) of this section.

(b) If the commission finds that reservoir conditions require that the percentage be increased to prevent waste and that the increase will not create a drainage condition between sweet and sour gas land, the commission may authorize an increase in the allowable production.

(c) If the allowable production previously allocated to a well is more than 15 percent of its daily producing capacity and the commission finds that the production of its daily allowable from the well will cause waste due to the intermingling of sweet and sour gas, the commission may order the production from the well restricted to 15 percent of its daily producing capacity. This subsection shall not be construed to militate against the right of the commission to fix the allowable production of a well below 15 percent of its daily producing capacity in carrying out the requirements of Sections 86.089 and 86.090 of this code.

[Acts 1977, 65th Leg., p. 2536, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

§ 86.093. Effect of Oil and Gas Stratum on Gas Only Stratum

If gas is produced from one stratum and oil and gas are produced from another stratum in the same well bore, the commission shall taken into account the amount of gas produced from the oil stratum in determining the amount of gas that may be produced from the stratum producing gas only. The commission may subtract the amount of the casinghead gas produced from the dry gas that would be allocated to the well if it produced dry gas and may restrict the dry gas production accordingly.

[Acts 1977, 65th Leg., p. 2536, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

§ 86.094. Authority to Increase Take Above Allowable

If unforeseen contingencies increase the demand for gas required by a distributor, transporter, or purchaser to an amount in excess of the total allowable production of the wells to which he is connected, the distributor, transporter, or purchaser may increase his take ratably from all these wells in order to supply his demand for gas, provided that notice of the increase and the amount of the increase are given to the commission within five days; and provided further, the commission, at its next hearing, shall adjust the inequality of withdrawals caused by the increase in fixing the allowable production of the various wells in the common reservoir or zone.

[Acts 1977, 65th Leg., p. 2537, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

§ 86.095. Zoning Common Reservoirs

(a) The commission shall zone a common reservoir if, on consideration of the evidence introduced at a hearing, it finds that either the prevention of waste

or adjustment of correlative rights and opportunities, or both, as designated in Section 86.081 of this code, may be accomplished more adequately by zoning the common reservoir.

(b) If the commission zones a common reservoir, each zone shall be regarded as a separate common reservoir in making allocations of daily allowable production as provided in this chapter.

(c) If the commission zones a common reservoir, the commission:

(1) shall allocate to each zone its just proportion of the market demand for gas from the common reservoir;

(2) shall establish appropriate rules applicable to each zone;

(3) may adjust its orders to the practicable conditions that exist; and

(4) may enter any reasonable order necessary to effectuate the purposes of this chapter.

(d) The commission may segregate a sour gas area from a sweet gas area and is not required to restrict the allowable production of the sour gas zone to the same percentages that may be produced from the sweet gas zone.

[Acts 1977, 65th Leg., p. 2537, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

§ 86.096. Failure to Use or Sell Allowable Production

If the commission finds that the owner of a gas well failed or refused to use or sell the allowable production from his well when the owner was offered a connection or market for the gas at a reasonable price, the well shall be excluded from consideration in allocating the daily allowable production from the reservoir or zone in which it is located until the owner of the well signifies to the commission his desire to use or sell the gas. In all other cases, all gas wells shall be taken into account in allocating the allowable production among wells producing the same type of gas.

[Acts 1977, 65th Leg., p. 2537, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

§ 86.097. Production of Gas From Oil Well

No person in possession of or operating an oil well may produce from the oil well gas found in a horizon productive of gas only.

[Acts 1977, 65th Leg., p. 2537, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

(a) Verified reports of the tests to determine pressure shall be filed with the commission on or before the 10th day of each January and July.

(b) The reports shall disclose the name of the representative of the commission who was actually present when the tests were made.

(c) The reports are a permanent public record. They shall be kept on file with the commission and shall be open to the inspection and examination of the public.

[Acts 1977, 65th Leg., p. 2538, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

§ 86.144. Demanding Second Test

A person producing gas from the same common reservoir who is dissatisfied with the test as made and reported may demand that a second test be made in the manner provided in this subchapter and in the presence of the person making the demand or his representative.

[Acts 1977, 65th Leg., p. 2538, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

§ 86.145. Duty to Test Meter

The commission shall require one of its duly authorized agents to inspect, read, or test any meter or meters through which gas is being measured or gauged on the request of a lessor, lessee, operator, or royalty owner from whose land, lease, or royalty interest gas is being produced.

[Acts 1977, 65th Leg., p. 2538, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

§ 86.181. Use of Sweet Gas Produced From Gas Well

No sweet gas produced from a gas well may be used for any purpose except:

- (1) light or fuel;
- (2) efficient chemical manufacture, other than the manufacture of carbon black, provided that sweet gas produced from wells located in a common reservoir producing both sweet and sour gas may be used for the manufacture of carbon black if it is used in a plant producing an average recovery of not less than five pounds of carbon black to each 1,000 cubic feet of gas;
- (3) bona fide introduction of gas into oil or gas bearing horizon in order to maintain or increase the rock pressure, or otherwise increase the ultimate recovery of oil or gas from the horizon; and
- (4) the extraction of natural gasoline when the residue is returned to the horizon from which it is produced.

[Acts 1977, 65th Leg., p. 2538, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

§ 86.182. Use of Sour Gas

In addition to the purposes for which sweet gas produced from a gas well may be used, sour gas may be used for efficient chemical manufacturing purposes including the manufacture of carbon black provided:

- (1) it is utilized in a plant producing a recovery of not less than one pound of carbon black to each 1,000 cubic feet of gas; and
- (2) the gasoline content is removed and saved from the sour gas before the gas is used for carbon black.

[Acts 1977, 65th Leg., p. 2539, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

(a) A producer of either sweet or sour gas or casinghead gas may use the gas as gas lift in the bona fide production of oil if the gas is not used in excess of 10,000 cubic feet per barrel of oil produced.

(b) To prevent waste in a case where the facts in the case warrant it, the commission may permit the use of additional quantities of gas to lift oil provided:

(1) all the gas used in excess of 10,000 cubic feet for each barrel of oil is processed for natural gasoline; and

(2) the residue is burned for carbon black when it is reproduced.

§ 86.185. Prohibition Against Gas in Air

No gas from a gas well may be permitted to escape into the air after the expiration of 10 days from the time the gas is encountered in the gas well, or from the time of perforating the casing opposite a gas-bearing zone if casing is set through the zone, whichever is later, but the commission may permit the escape of gas into the air for an additional time if the operator of a well or other facility presents information to show the necessity for the escape; provided that the amount of gas which is flared under that authority is charged to the operator's allowable production. A necessity includes but is not limited to the following situations:

- (1) cleaning a well of sand or acid or both following stimulation treatment of a well; and
- (2) repairing or modifying a gas-gathering system.

SUBCHAPTER C. PRODUCTION OF SOUR GAS

§ 87.051. Limitation of Sour Gas Production

No person may produce sour gas from any sour gas well in a reservoir producing both sweet and sour gas in excess of the daily allowable production for the gas well as fixed by the orders and schedules of the commission. The rate of production from a sour gas well is considered to be the daily average rate of production for the calendar month.

[Acts 1977, 65th Leg., p. 2542, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

§ 87.052. Maximum Production of Sour Gas for Carbon Black Manufacture

(a) In any common reservoir in the state producing both sweet and sour gas, there shall never be produced from the common reservoir for use in carbon black manufacture a maximum daily volume of sour gas from the gas wells in excess of 750 million cubic feet.

(b) The commission shall prorate the daily volume of sour gas from gas wells among all the sour gas wells in the reservoir to prevent cognizable and preventable drainage of gas from tracts of land in the sour gas producing area segregated as to surface position and common ownership on which the sour gas wells are located.

(a) If the daily demand for sour gas from gas wells for use in carbon black manufacture is less than the daily maximum allowable permitted in Section 87.052 of this code, the total daily volume of gas from gas wells from the sour gas area for use in carbon black manufacture shall be equal to the daily demand.

(b) The commission shall determine the daily demand and prorate it among all the sour gas wells in the area as provided in Section 87.052 of this code.

(a) If a lawful daily demand exists for sour gas from gas wells for purposes of utilization permitted by law, other than the manufacture of carbon black, the additional demand shall be added to the daily demand for carbon black manufacture, and that sum shall constitute the daily volume of sour gas from gas wells that may be withdrawn from the common reservoir for utilization.

(b) The commission shall prorate the daily volume provided for in Subsection (a) of this section among the sour gas wells in the area on the basis set forth in Section 87.052 of this code.

[Acts 1977, 65th Leg., p. 2543, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

§ 87.092. Permit Required

In any common reservoir in this state producing both sweet and sour gas, no person may operate a plant for the extraction of the natural gasoline content of gas in which sweet gas and sour gas are commingled, or plant casinghead gas is commingled with either sweet gas or sour gas or both, until the person secures from the commission a permit authorizing the operation of the plant.

[Acts 1977, 65th Leg., p. 2543, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

§ 87.093. Issuance of Permit

The commission shall issue a permit if it appears that the plant is being operated and the residue gas from the plant is and will be disposed of in accordance with the provisions of this subchapter.

[Acts 1977, 65th Leg., p. 2543, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

§ 87.094. Cancellation of Permit

(a) If it appears to the commission that a plant is operating in violation of any of the provisions of this subchapter, the commission shall cancel the permit issued to the plant.

(b) After the cancellation of the permit, no operator of the plant may commingle either sweet gas and sour gas or casinghead gas with sweet gas or sour gas in the plant for the purpose of extracting the natural gasoline content.

[Acts 1977, 65th Leg., p. 2543, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

§ 87.095. Residue Gas Allowed in Air

(a) Except as provided in Subsection (b) of this section, if a plant operating under this subchapter commingles casinghead gas with sweet gas or sour gas or both, the operator of the plant shall not blow, or permit to be blown, in the air any of the residue gas remaining after the gasoline content of the gas is extracted.

(b) The operator of a plant may blow in the air an amount of residue gas from the plant that is determined by the commission to be necessary to accomplish uninterrupted deliveries in required amounts to carbon black plants for carbon black manufacture.

[Acts 1977, 65th Leg., p. 2543, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

§ 87.096. Residue Gas: Determination by Commission

If a plant operating under this subchapter commingles casinghead gas with sweet gas or sweet gas with sour gas, the commission shall ascertain:

(1) the quantity of residue gas required to be used for fuel purposes in the efficient operation of the plant; and

(2) the quantity of residue gas required to be returned by the operator of the plant to the leases to which the plant is connected for use as fuel in the operation of the leases.

[Acts 1977, 65th Leg., p. 2543, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

§ 87.097. Use of Residue Gas for Other Purposes

(a) The operator of the plant is required to use, or cause to be used, for one or more of the uses provided for sweet gas by law a quantity of the residue gas from the plant equal to the quantity of sweet gas taken into the plant for processing, less the extraction loss from the processing.

(b) The operator shall not be credited with use of residue for plant-fuel or lease-fuel operations in an amount in excess of the quantity of the residue gas found by the commission to be necessary for the efficient operation of the plant and return to the leases for fuel for lease operations.

[Acts 1977, 65th Leg., p. 2544, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

[Sections 87.098 to 87.130 reserved for expansion]

SUBCHAPTER E. USE OF GAS WITHOUT EXTRACTION OF NATURAL GASOLINE

§ 87.131. Use of Sweet Gas for Carbon Black Manufacture

Sweet gas produced from any gas well in this state may be used without the prior extraction of its gasoline content for the manufacture of carbon black if it is used in a plant producing an average recovery of not less than five pounds of carbon black for each 1,000 cubic feet of gas.

[Acts 1977, 65th Leg., p. 2544, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

§ 87.132. Use of Gas From Certain Wells for Carbon Black Manufacture

(a) Gas from any gas well completed on or before September 5, 1947, within a common reservoir producing both sweet and sour gas from which the gas was not sold off the leased premises to an interstate pipeline company during the year immediately preceding September 5, 1947, or gas from any gas well completed after September 5, 1947, within a common reservoir producing both sweet and sour gas, may be used for the manufacture of carbon black without the prior extraction of its natural gasoline content if:

(1) it is used in a plant producing an average recovery of not less than one and one-half pounds of carbon black for each 1,000 cubic feet of gas; and

(2) the royalty rate and market price paid for the gas at the wellhead at least equals the royalty rate and market price paid at the wellhead in the immediate area for gas used for light and fuel purposes.

(b) In arriving at the market price of sour gas, a reduction of not more than one-half cent per 1,000 cubic feet shall be allowed for purifying the gas to render it suitable for light and fuel purposes.

(c) If the gas is used by a producer, any royalty rate paid shall be paid on the same basis.

[Acts 1977, 65th Leg., p. 2544, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

§ 87.133. Determining Market Price

(a) After due notice of hearing, the commission shall hold annual or semiannual hearings, as it considers necessary, for the purpose of determining the market price that is being paid at the wellhead for gas being used and sold for light and fuel purposes.

(b) After the hearing and determination of the market price, the commission shall post and publish the price in its main office in Austin, and its branch office, if any, in the area affected.

(c) All parties contracting for gas under the provisions of this subchapter may accept the posted and published price as the market price to be paid for the gas.

[Acts 1977, 65th Leg., p. 2544, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

§ 87.134. **Effect of Subchapter**

The provisions of this subchapter are cumulative of existing laws relating to the uses of gas and do not restrict or affect the manufacture of carbon black from processed sour gas as authorized by Section 86.182 of this code.

[Acts 1977, 65th Leg., p. 2545, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

SUBCHAPTER F. USE OF GAS DETERMINED BY HYDROCARBON CONTENT

§ 87.171. **Gas Containing Low Hydrocarbon Content**

Any natural gas, including casinghead gas, produced from any gas well or oil well in this state, containing less than one and one-half gallons of propane and heavier hydrocarbons per 1,000 cubic feet, as determined by fractional analysis made of the gas, may be used for the manufacture of carbon black in a plant producing an average recovery of at least one and one-half pounds of carbon black for each 1,000 cubic feet of gas consumed.

[Acts 1977, 65th Leg., p. 2545, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

§ 87.172. **Gas Containing High Hydrocarbon Content**

(a) Except as provided in Subsection (b) of this section, no natural gas, including casinghead gas, produced from any gas well or oil well in this state, containing one and one-half gallons or more of propane and heavier hydrocarbons per 1,000 cubic feet, as determined by fractional analysis made of the gas, may be used for the manufacture of carbon black in a plant producing an average recovery of at least one and one-half pounds of carbon black for each 1,000 cubic feet of gas consumed without the prior extraction of its natural gasoline content.

(b) On the filing of an application and after proper notice and hearing as provided by law, the commission may authorize the use of any natural gas, including casinghead gas, containing one and one-half gallons or more of propane and heavier hydrocarbons per 1,000 cubic feet, as determined by fractional analysis made of the gas, in the manufacture of carbon black in a plant producing an average recovery of at least one and one-half pounds of carbon black for each 1,000 cubic feet of gas consumed if the commission finds it is unprofitable to first extract the natural gasoline content of the gas.

[Acts 1977, 65th Leg., p. 2545, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

§ 87.173. **Additional Extraction to Alleviate Shortage**

If a general shortage of propane or heavier liquid hydrocarbons occurs, the commission, after notice and hearing, may require additional extraction of hydrocarbons from the gas to alleviate the shortage, but additional extraction shall not be required if it is not economically feasible to do so.

[Acts 1977, 65th Leg., p. 2545, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

§ 87.174. **Applicability of This Subchapter**

The provisions of this subchapter shall not apply to:

(1) gas produced from a common reservoir that contains both sweet and sour gas which was being lawfully used for the manufacture of carbon black under the provisions of the source law codified in Subchapters D and E of this chapter at the time of the passage of the source law for this section; or

(2) gas from gas wells located in these reservoirs which were entitled to be so used under the provisions of the source law codified in Subchapters D and E of this chapter at the time of the passage of the source law for this section.

[Acts 1977, 65th Leg., p. 2545, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

[Sections 87.175 to 87.210 reserved for expansion]

SUBCHAPTER G. CARBON BLACK PLANTS

§ 87.211. **Prohibited Location**

Unless adequate precaution is taken to minimize the emission of smoke from the plant, no channel-type carbon black plant shall be erected or constructed closer than five miles to:

(1) the limits of a city, town, or village incorporated at or before the time the erection or construction of the plant is begun; or

(2) a commercially operated citrus fruit orchard planted not less than one year before the time the erection or construction of the plant is commenced.

[Acts 1977, 65th Leg., p. 2546, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

[Sections 87.212 to 87.240 reserved for expansion]

SUBCHAPTER H. ENFORCEMENT

§ 87.241. **Penalty**

(a) A person who violates a provision of this chapter is liable to a penalty of not more than \$1,000 for each offense.

(b) Each day a violation occurs constitutes a separate offense.

(c) The penalty may be recovered by the State of Texas, with costs of suit, in a civil action instituted by the attorney general in Travis County or in the county in which the violation occurred.

[Acts 1977, 65th Leg., p. 2546, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]

§ 87.242. Injunctive Relief

(a) A violation or threatened violation of this chapter may be enjoined by any court of competent jurisdiction in which suit for penalty may be brought.

(b) The court shall issue the writs or prohibitory or mandatory injunctions that the facts justify.
[Acts 1977, 65th Leg., p. 2546, ch. 871, art. I, § 1, eff. Sept. 1, 1977.]
